RECORD OF STATE PRESIDENTIAL PRIMARY **MARCH 7, 2000**

Pursuant to the Warrant, eligible voters met at the established precincts in the Town of Norwell to cast their votes for candidates for the listed offices.

The following election workers were present:

In Precinct I, Ann Valair, WARDEN; Amy Locke, CLERK; Amy Lock, Lois Arnold, Maureen Murphy, Mary Draheim, Dale Fenno, Phyllis Haskell, Michelle Evans, and William O'Leary TELLERS;

In Precinct II, Mark Mederos, WARDEN; Jean Valicenti, CLERK; Elinor Fewkes, Beatrice Griffiths, Arcely French-Nummelin, George Kelley, Mary Lizotte, and Jim Jenkins, TELLERS;

In Precinct III, Dorothy Meehan WARDEN; B. Jean Snow, CLERK; Joan Shea, Gertrude Daneau, Clayton Lewis, Anne Bussiere, Lynne Rose, Jean Himberg and Barbara Meacham, TELLERS.

POLICE OFFICERS on duty were Christopher Nichols, Pricinct One, Neil Connolly, Pricinct Two, Gerard Buckley, and William Pasteris Jr., Precinct Three. CONSTABLES present were: James Calvani, Precinct One, Janet Tulis, Precinct Two and Theodore Baldwin, Precinct Three.

CHIEF WARDEN over all was Town Clerk, Janice M. Lawson.

Polls opened in all precincts at 7:00 A.M. After the 8:00 P.M. closing tallies compiled in each of the three precincts were brought to the office of the Town Clerk where the final tally of all precincts was made and publicly announced. Breakdown of the number of votes cast in each precinct is as follows:

In Precinct I, 354 Democratic votes; 459 Republican votes; 2 Libertarian Party votes.

In Precinct II, 268 Democratic votes, 610 Republican votes, and Libertarian Party votes, none.

In Precinct III, 350 Democratic votes, 567 Republican votes, and Libertarian Party votes, none.

Total number of votes cast in all precincts: 2610. Breakdown by party , 972 Democratic and 1636 Republican and 2 Libertarian.

As of February 16, 2000 there were a total of 6666 registered voters in Norwell. Those participating in the Primary represented 39 % of the electorate.

Tallying in open meeting at Town Clerk's office resulted in the following count of votes cast:

RECORD OF ANNUAL TOWN ELECTION April 8, 2000

Pursuant to the Warrant, eligible voters met at the various precincts in the Town of Norwell to cast their votes for the candidates for town offices.

In Precinct I the following workers present were: WARDEN, Lynne Rose; CLERK, Amy Locke; TELLERS, Lois Arnold, Beatrice Griffiths, Phyllis Haskell, William O'Leary, Jim Jenkins, Barbara Meacham.

In Precinct II were WARDEN, Mark Mederos; CLERK, Carolyn MacLellan; TELLERS, George Kelley, Elinor Fewkes, Arcely French-Nummelin, Jean Valicenti, Susanne Tuttle, George Van Buskirk, Mary Lizotte.

In Precinct III: WARDEN, Dorothy Meehan and CLERK, B. Jean Snow; TELLERS were Joan Shea, Gertrude Daneau, Jean Himberg Lorraine Olsen; Jeanette Simmons and Clayton Lewis.

CHIEF WARDEN over all was Town Clerk, Janice M. Lawson. James Calvani served as Constable in Precinct I, Cole School; Constable Janet Tulis, in Precinct II, Goldman School; and Constable Theodore Baldwin, in Precinct III, Vinal School.

Total votes cast in Precinct I were 736, 38 of which were Absentee ballots; in Precinct II, 833, 84 of which were Absentee ballots; and in Precinct III, 974, 72 of which were Absentee ballots. Total votes cast, all precincts, was 2543. Total number of registered voters in Norwell eligible for this election numbered 6686 which means that 38% of the voters participated.

Tallying the results in an open meeting at Town Clerk's office resulted in the following count of votes cast:

*On Monday morning, April 10, 2000, Town Clerk, Janice M. Lawson, in the presence of the Assistant Town Clerk, Patricia Anderson, discovered a discrepancy in the count for Planning Board on the Precinct II Tally Sheet.

When there are "Write-In" candidates it is necessary to keep a separate block Tally Sheet for each candidate, for each blank, etc. so that the correct total for each candidate can be determined. The optical scanning machine keeps a tape count of the number of voters who fill in the "ovals" but "Write-In" names, which are not programmed into the computer, cannot be determined. Also if a voter neglects to fill in the oval next to the name he/or she writes in, the machine cannot count this. This must be recorded separately and added to the tape totals. To record these votes accurately a block tally sheet is used. From these figures should come the totals for the Precinct Tally Sheets.

On the Precinct II Block Tally Sheet there were 250 "X" for Herb Heidt vs 258 on the Precinct Tally Sheet; There were 188 "X" for Peter Anderson on the Precinct Block Tally Sheet vs 187 on the Precinct Tally Sheet. There were also 12 "Unread Write-In" votes

for Peter Anderson and 27 "Unread Write-In" votes for Herb Heidt in Precinct 2, changing the totals for Precinct 2 to: Peter Anderson, 200 and Herb Heidt 277; thus, a tie vote, 712 to 712.

I called the Secretary of State's office, Election Division and related this to them. I also told them that I had sworn in Herb Heidt on Saturday evening as the winner. I was told that if there was a "tie vote" this was considered "failure to elect" and the swearing in was "moot". I notified both candidates. Each candidate had the right to request a recount of the results of this election, within 10 days. Neither did. A lawsuit was filed by Herb Heidt and as a result of a hearing before Judge Patrick Brady of the Brockton Superior Court, a Recount of the Planning Board office for Precinct 2, only, was held on Thursday, May 18, 2000. The results of that Recount as follows:

TOWN OF NORWELL
RECOUNT FOR OFFICE OF PLANNING BOARD
PRECINCT TWO THURSDAY, MAY 18, 2000
9:00 AM IN THE OSBORN ROOM

At 9:00 am on Thursday, May 18, 2000, the Recount of the Office of Planning Board for Precinct Two, ordered by Judge Patrick Brady of Brockton Superior Court, commenced. Regina T. Giordani, Chairman of the Board of Registrars read the procedures that would be followed. Assistant Town Clerk Patricia M. Anderson swore in the Election Workers and Temporary Board of Registrar, Harold E. Tuttle, Jr. Mrs. Anderson, no relation to candidate Peter Anderson, was also a "runner". Town Counsel Robert E. Galvin was also present. Court Stenographer, AnnMarie Madden, recorded the proceedings

The Board of Registrars consisting of Regina T. Giordani, Chairperson, Rita Turco, Temporary Registrar, Harold E. Tuttle, Jr., Temporary Registrar, and Janice Lawson, Clerk, went down to the vault with Police Officer Dennis Lynch and the candidates' attorneys.

Before the Ballot box was unsealed the Board of Registrars held a hearing on one Escrow Ballot.

Attorney Bowen objected as he stated that he thought that it should be done after the tallying. Town Counsel advised the Board of Registrars to proceed. When the ballot was opened, the voter had not voted for anyone for the Office of Planning Board.

The Registrars unsealed the Ballot box and the ballots were removed. Six election workers: B. Jean Snow, Lorraine Olsen, Carolyn MacLellan, Jean Valicenti, Dorothy Meehan and Jeanette Simmons counted the ballots and put them in blocks of 50. There were sixteen envelopes with 50 ballots each and another envelope with 32 more.

After these were packaged the Election Workers went to their appropriate tables to read and tally the ballots block by block. The observers of both candidates were looking over the shoulders of each Election Worker. Carolyn MacLellan read at one table and Dorothy

Meehan tallied. At the other table, Jean Valicenti read and Jeanette Simmons tallied the votes. At the third table, Lorraine Olsen read and B. Jean Snow tabulated the votes from the Block Tally Sheets.

Candidate Peter Anderson was present and represented by his attorney Brian K. Bowen, Esq., of Winokur, Winokur, Serkey & Rosenberg, P. C. His other agents were Tiffany Soule Anderson, 153 Old Oaken Bucket Road, his daughter; Chad Forman, 58 Bay Path Lane; Donald LeClair, Jr., 271 Winter Street; and Mary Knapp, 32 Winter Street.

Candidate Herbert C. Heidt was represented by his attorney, David L. Klebanoff, Esq., of Gilman, McLaughlin and Hanrahan. His agents were: Pamela Gray-Bennett, 260 Mount Blue Street; Philip Bouffard, 20 Gloria Drive, Bridgewater; Rebecca Z. Freed, 27 Chittenden Lane; Alan McClennen, Jr., 1 Watermill Place, #2, Arlington; Christine Werme, 439 Grove Street; and George L Clemmer, II, 244 Lincoln Street.

There were a total of twenty ballots "Protested" by the candidates' attorneys. Just before 11:00 am the Election Workers had finished the tallying. Before the figures were read, Attorney Brian Bowen requested that he look at the optical scanning machine used in Precinct Two. He wanted to see the inside of it to be sure that no stickers had remained there. I could not open it as it required a Technician to do that. He requested that I call LHS Associates, Inc. and schedule a Technician to come out here and open the machine at a time that he could be present. I told him that I would do that.

The figures the Election Workers tallied at the Recount for the Office of Planning Board in Precinct two are:

Peter Anderson	Herbert C. Heidt
201	287

The figures from Election night, April 8, 2000, for Precinct One and Precinct Three are as follows:

	Peter Anderson	Herbert C. Heidt
PRECINCT ONE:	244	137
PRECINCT THREE:	268	298
TOTAL TALLY	713	722

Herbert C. Heidt was congratulated and sworn in.

A copy of the results of the Recount was posted on the Town Clerk's Bulletin Board.

The Town Clerk sent a copy of the certified vote of the Recount to each candidate as well as to the Secretary of State and Town Counsel, Robert Galvin, Esq., who reported the results to Judge Brady.

The Ballots and the "Protested" Ballots were again sealed in the Ballot Box and returned to the Vault by the Police Officer, the Town Clerk, and Temporary Registrar Harold E. Tuttle, Jr.

On May 25, 2000, at 11:00 am, Jerry Bergeron, the Technician from LHS Associates, Inc., Methuen, the company from which the optical scanning equipment was purchased was present to open the machines as requested at the recount.

The Technician, Herb Heidt, Peter Anderson and myself went down to the vault to retrieve the Precinct II Optical Scanner and carry it to the Osborn Room to open it up. While in the basement, Peter Anderson asked if he could also inspect the Precinct II Ballot Box for stickers. Mr. Bergeron opened all the doors and no stickers were found.

When the Optical Scanner was opened no stickers were found anywhere. Mr. Bergeron performed a diagnostic test on it after he put it back together and these tapes were filed in the Annual Town Election 4/8/2000 file.

A true record, Attest:

Janice M. Lawson, Town Clerk

TOWN OF NORWELL

WARRANT

Special Town Meeting and Annual Town Meeting

Monday, May 15, 2000

At 7:30 o'clock in the evening at Goldman Junior High School

Plymouth, ss

To one of the Constables of the Town of Norwell, in said County of Plymouth, Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Goldman Jr. High School Gym, 344 Main Street, in said Norwell, on Monday, the fifteenth day of May, 2000, at 7:30 p.m.; then and there to act upon the enclosed articles, to wit:

In case all articles in the foregoing Warrant shall not be acted upon at the Meeting called for on Monday, May 15, 2000, to meet in Adjourned Sessions at the Goldman Junior High School, 344 Main Street, at such time and place as the meeting shall determine.

This building is accessible to the handicapped and designated parking is provided at the front of the building. Warrants with large print and phonic ear devices for the hearing impaired will be available. Anyone requiring a Sign Language interpreter should call the Town Clerk's office at least two weeks before the Special Town Meeting and Annual Town Meeting at 781-659-8072.

CAPITAL BUDGET COMMITTEE REPORT	49

April 4, 2000

To the Citizens of Norwell:

On Monday May 15, 2000, the Town of Norwell will convene Town Meeting to establish a Fiscal Year 2001 annual operating budget and to consider 46 Articles. This democratic process continues to shape the future of the Town as we move forward into the new millennium.

As you prepare to participate in the process of Town Meeting, it is important for you to understand the role of the Advisory Board. The Advisory Board in the Town of Norwell serves a dual purpose. First, the Advisory Board serves as the finance committee and is the fiscal watchdog for the Town. The Advisory Board conducts a thorough review of all Town departmental budgets, asks the tough questions, and ultimately reports via this document, a recommended Town Budget. Second, the Advisory Board reviews and recommends on all other Articles contained in the warrant. The role of the Advisory Board requires an understanding of the laws and regulations that can have a significant impact on Norwell's fiscal well being. Often, it is the way in which a town deals with these issues that define what we are as a Town.

Again this year, the Advisory Board sought to achieve a balanced budget for Norwell that remains within the limits of Proposition 2 ½. We utilized a balanced approach to the budget process. Some departments have received what they requested and others have not. Ultimately, Town Meeting is the legislative body that will adopt a budget that each department must operate within the next fiscal year.

In developing a budget, we used estimated revenues and expenditures based upon historical analysis and knowledge of changing conditions that may otherwise have altered historical trends. These estimates are reflected in the proposed budget.

For the fiscal 2000 budget, the following assumptions were made:

1. The Governor's submitted State budget aid to Norwell is up 7.2% to $2,930,881.
2. Use Overlay Surplus of $200,000.
3. Use Free Cash of $400,000.

At the time that the Warrant went to press, the Advisory Board had not recommended spending all of the funds available to the Town for Fiscal Year 2001. The Board is strongly supportive of the Town developing a Master Plan, but is waiting a final report from the Master Plan Sub-Committee on the actual cost of developing such a plan. The Board will recommend a funding figure before Town Meeting and supply that recommendation to you as you arrive on May 15th. This will consume a majority of our available funds. The Board unanimously voted to not recommend spending any available funds over and above those needed for the Master Plan. Until the Legislature and Governor finish the state budget process and issue Cherry Sheet figures for FY01, these are preliminary figures and we should be cautious in appropriating all of our available funds while final figures are unavailable. Should state aid figures rise significantly, we will have the option of returning to a Special Town Meeting in the Fall to dispense those additional funds. Until then, the Board feels that they have prepared recommendations for you that maintain the high level of service that you expect. We urge you to hold the line on spending at the Annual Town Meeting.

So as you prepare for Town Meeting, read the Advisory Board recommendations, contemplate the effects of each vote, and exercise your democratic right to shape our future. The power is in your hands, exercise it.

Glossary of Terms

Appropriation:
An authorization to make expenditures and to incur obligations for specific purposes. An appropriation is granted by a legislative body (Town Meeting) and is usually limited in amount and the time when it may be expended. Any part of the general appropriation not spent or encumbered by June 30 automatically reverts to surplus.
A specific appropriation is carried forward from year to year until spent for the designated purpose or transferred by Town Meeting vote to another account.

Budget:
A plan of financial operation consisting of an estimate of proposed expenditures for a given period and the means of financing them. The budget is voted in the Spring at Town Meeting for the fiscal year that begins the following July 1.

Capital Budget:
A plan of proposed capital outlays, usually for a period of 5 years, and the means of financing them for the current year.

Cherry Sheet:
An annual statement received from the Massachusetts Department of Revenue detailing estimated receipts for the next fiscal year and the estimated state and county government charges payable. These amounts are used by the assessors in setting the tax rate. The actual receipts and charges may vary from the estimates.

Fiscal Year:
A 12 month period, commencing July 1 and ending June 30, to which the annual budget applies. Fiscal years are often denoted Fyxx with the last two numbers representing the calendar year in which it ends, for example FY92 is the fiscal year ended June 30, 1992.

Free Cash:
Free cash is the portion of unreserved fund balance available for appropriation. It is not cash but rather is approximately the total of cash and receivables less current liabilities and earmarked reserves reduced also by reserves for uncollected taxes.

Overlay:
The amount set aside to allow for uncollected property taxes. An amount for overlay is added to the appropriations and other charges.

Overlay Surplus:
The unused amount of the overlay for prior years which may be transferred, by vote of the Town, to the reserve account or used for extraordinary items.

Reserve Fund:
An account to be used for transfers when the Advisory Board feels the requested amount is either "extraordinary or unforeseen".

Stabilization Fund:
A special reserve created for future capital expenditures.

Tax Levy:
The total amount to be raised by taxation of real estate and personal property. This consists of the total amounts appropriated less estimated receipts and transfers from available funds.

Glossary of Terms (continued)

Terms associated with Proposition 2 1/2:

Debt or Capital Exclusion:
The Town can assess taxes in excess of the levy limit by voting a debt exclusion or capital outlay exclusion. This amount does not become a permanent part of the levy limit base, but does allow the Town to assess taxes for a specific period of time in excess of the limit for payment of debt service costs or for payment of capital expenditures.

Excess Levy Capacity:
The difference between the Town's tax levy limit and its actual tax levy for the current year. It is the additional tax levy that could be raised without asking for an override.

New Growth:
The amount of property tax revenue that the Town can add to its allowable tax levy as a result of new construction, alterations, subdivisions or change of use which increases the value of a parcel of land by more than certain amounts.

Override:
An amount, voted by the Town, that is permanently added to the levy limit. A majority vote of the Selectmen allows an override question to be put on the ballot. Override questions must be presented in dollar terms and must specify the purpose of the override. Overrides require a majority vote of approval by the Town.

Tax Levy Limit:
The maximum amount of the tax levy for a period under the restrictions of Proposition 2 1/2. It is calculated as the prior year limit plus new growth plus 2 1/2 of the prior year levy limit.

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT FOR SPECIAL TOWN MEETING

Monday, May 15, 2000

At Seven-Thirty O'clock in the Evening
At the Goldman Jr. High School Gymnasium, Main Street

ARTICLE 1 - To see if the Town will vote to amend the Town of Norwell Personnel By-Law, Section 6, Compensation Plan, subsection (b), Status of New Employees, by striking out the second paragraph and replacing it therein with the following new text: "A new employee shall be paid at the beginning rate on the grade allocated to the class of employment for which he/she has been hired, except that, upon prior request of the Department Head or Town Administrator, the Personnel Board may approve a starting rate for said employee above the beginning rate for said classification, depending upon the qualifications of the employee, or act on anything relative thereto.

Submitted by the Personnel Board

The Advisory Board recommends this Article. This would provide the Town with some flexibility in establishing starting salaries for positions under the Personnel Plan in order to assist the Town in attracting top quality candidates for vacant positions.

ARTICLE 2 - To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for the compensation schedule under the Personnel Plan for Fiscal Year 2000, for changes and adjustments to said plan as recommended by the Personnel Board, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, or act on anything relative thereto.

Requested by the Personnel Board

The Advisory Board will make its recommendation at Town Meeting.

ARTICLE 3 - To see if the Town will vote to transfer the sum of $35,000.00 or any other sum from Water Department surplus revenue to line item 1-13207-6 of the Town reserve fund account or act on anything relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board recommends this article.

ARTICLE 4 - To see if the Town will vote to transfer a certain sum of money from line-item 1-63-120-5110, Planning Board Salaries, to line-item 1-63-224-5496, Planning Board Expenses, or act on anything relative thereto.

Requested by the Planning Board

The Advisory Board recommends this Article.

ARTICLE 5 - To see if the Town will vote to adjust the Personnel Classification Plan by amending the following position,

Position	Present Compensation	Increase to
Fire Chief	Grade 16	Grade 17

Said upgrade to be effective July 1, 1999, or act on anything relative thereto.

Requested by the Personnel Board

The Advisory Board recommends this Article. The Advisory Board considered the responsibilities and workload required for this position to warrant a grade advancement.

ARTICLE 6 - To see if the Town will vote to raise and appropriate or transfer from available funds the sum of $3,378 or any other sum to upgrade the Town Accountant's position to a Grade 15-6, or act on anything relative thereto.

Requested by the Personnel Board

The Advisory Board recommends this Article. The Advisory Board considered the responsibilities and workload required for this position to warrant a grade advancement.

ARTICLE 7 - To see if the Town will vote to raise and appropriate or appropriate from available funds a certain sum of money to be expended under the direction of the Highway Surveyor with the approval of the Veterans Memorial Committee for the construction and installation of the Norwell Veterans Memorial as approved by the Norwell Veterans Memorial Committee, or act on anything relative thereto.

Requested by the Veterans Memorial Committee

The Advisory Board recommends this article in the amount of $7000. This amount should provide sufficient funds for the Norwell Veterans Memorial Committee to bring this meaningful project to completion.

ARTICLE 8 - To see if the Town will raise and appropriate, or appropriate from available funds the following amounts for the payment of unpaid bills from a prior fiscal year, or act on anything relative thereto.

Requested by the Town Accountant

The Advisory Board will make its recommendation at Town Meeting.

ARTICLE 9 – To see if the Town will vote to transfer from available funds or otherwise provide a certain sum of money to be added to the Stabilization Fund as established in accordance with the provisions of Massachusetts General Law, Chapter 40, Section 5B, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting.

531	Recreation			
	Replace Van	$35,000	$0.00	
401	Water Department			
	Vehicles	$27,500	$27,500	Water Revenue/Surplus
Grand Total		$643,350	$407,000	

The Advisory Board recommends this Article in the amounts printed in the "Capital Budget Recommends" column. The Capital Budget Committee has presented a responsible recommendation for Capital outlay, which addresses only the most immediate needs of various town departments.

ARTICLE 4- To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for the compensation schedule under the Personnel Plan for Fiscal Year 2001, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, or act on anything relative thereto.

Requested by the Personnel Board

The Advisory Board recommends this Article. This appropriation allows the town to fund pay raises for non-union employees as recommended by the Personnel Board.

ARTICLE 5 - To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for union and personal contracts for Fiscal Year 2001, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its' recommendation at Town Meeting. As the Warrant goes to press the Town is still negotiating with our union employees.

ARTICLE 6 - To see if the Town will vote to amend the Town By-laws, Article VII – Contracts, Section 4 as follows:

SECTION 4. Invitations or proposals for goods and services shall meet the requirements and guidelines of the Massachusetts General Laws, when and where applicable. All goods and services other than professional services in the interests of the Town, in the amount of $10,000 or more shall be awarded through competitive bidding. Bids and proposals for $10,000 shall be publicly advertised by at least one insertion in at least one newspaper of general circulation in the Town of Norwell, such publication to be at least ten days before the opening of bids. Whenever possible, contracts must be awarded to the lowest responsible bidder. Any determination of the contrary must be made in good faith and the awarding authority shall file with the town Clerk within 15 days a written statement ascribing the relevant and reasonable grounds for selecting other than the lowest bidder, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this Article. This change removes inconsistencies from our Town by-laws and brings them in line with state statute.

ARTICLE 7 - To see if the Town will authorize the Board of Selectmen to sell the old fire station located at 81 Washington Street, Norwell, MA being shown on the Assessor's Map being shown as Block 12, Lot 23. Said sale shall comply with Massachusetts General Laws for the sale of real estate, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this Article. The station is now surplus property and its sale will generate needed income for the town.

ARTICLE 8 – To see if the Town will vote to raise and appropriate, or appropriate from available funds a certain sum of money to be expended under the direction of the Town Administrator, to implement the recommendations of the Computer Study Committee, or act on anything relative thereto.

Requested by the Computer Study Committee

The Advisory Board recommends this article in the amount of $65,000. This money continues the plan that the town has funded for the last two years to update the computing infrastructure. The amount also includes money to continue building a town-wide GIS. GIS is an important part of implementing a master plan and determining the impact of changes to the zoning by-laws.

ARTICLE 9 – To see if the Town will vote to raise and appropriate, or appropriate from available funds a certain sum of money for the maintenance and/or repair of Gaffield Park, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this article in the amount of $10,000.

ARTICLE 10 - To see if the Town will vote to amend the Town of Norwell Personnel By-Law, Section 8, Fringe Benefits, subsection (l), Family Medical Leave Act, by striking out the words "collective bargaining agreement" and replacing them therein with the words "Personnel By-Law" wherever they appear, or act on anything relative thereto.

Submitted by the Personnel Board

The Advisory Board recommends this article. This article represents a technical change to our by-laws by removing the words "Collective Bargaining Unit" which represents union employees and replaces it with "Personnel By-Law" which covers employees who are in the Personnel Plan.

ARTICLE 11 - To see if the Town will vote to amend the Town of Norwell Personnel By-Law, Section 8, Fringe Benefits, subsection (c) Sick Leave, by striking out the last paragraph of said subsection and replacing it therein with the following new paragraph:

Employees may earn up to three (3) personal days in a fiscal year depending on the employee's use of sick leave. An employee who uses no sick leave for six (6) consecutive months shall be eligible for 1.5 personal days. A new six (6) month period will begin to run each time an employee returns to work after using a sick day. Such day should be used within twelve (12) months of being earned, and is not eligible for redemption in lieu of time off. Authorized paid leaves, other than sick leave, shall not be counted against an employee in establishing his/her attendance record, or act on anything relative thereto.

Submitted by the Personnel Board

The Advisory Board recommends this Article. This change will make our Personnel by-laws consistent with recommended changes in Union contracts.

ARTICLE 12 - To see if the Town will vote to accept the provisions of M.G.L. Chapter 127, Section 5K, to allow the Board of Selectmen to establish a senior citizen property tax work-off program. Under this program, participating taxpayers, who must be 60 years of age or over, volunteer their services to the municipality in exchange for a reduction in their tax bills. The program would be in effect from July 1, 2000 through June 30, 2001, or act on anything relative thereto.

Requested by the Council on Aging

The Advisory Board recommends this article. The adoption of this article will provide tax relief for senior citizens whose experience and skills constitute a valuable resource to the community.

ARTICLE 13 - To see if the Town will vote to accept:

Laura's Lane

As a public way and authorize the Board of Selectmen to acquire by gift or by taking of eminent domain in fee simple, the land within the layout of said way accepted thereunder, for the purposes of said way, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting. As this Warrant goes to press the required Public Hearing and legal opinion have not been concluded.

ARTICLE 14 - To see if the Town will vote to accept:

Centennial Waye

As a public way and authorize the Board of Selectmen to acquire by gift or by taking of eminent domain in fee simple, the land within the layout of said way accepted thereunder, for the purposes of said way, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting. As this Warrant goes to press the required Public Hearing and legal opinion have not been concluded.

ARTICLE 15 - To see if the Town will vote to raise and appropriate, or appropriate from available funds $150,000, or any other sum, to be expended under the direction of the Highway Surveyor for resurfacing sections of Town Ways, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this Article. This sum represents an ongoing commitment to rectify the consequences of deferred maintenance on our roads in previous years.

ARTICLE 16 - To see if the Town will vote to raise and appropriate from available funds $25,000, or any other sum to be expended under the direction of the Permanent Drainage Committee and the Highway Surveyor for engineering, installation and or maintenance of Town drainage, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this Article. Every year we determine a dollar amount that fits within the annual budget to address the town's many drainage problems.

ARTICLE 17 - To see if the Town will vote to appropriate a sum of money to be expended under the direction of the Highway Surveyor for the purpose of repair and other related work to the Bridge Street/Union Street bridge, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board does not recommend this Article. The Bridge Street Bridge is half within Norwell and half within Marshfield. To date, Marshfield has not been willing to budget funds to address repairs to the bridge. We believe that Norwell and Marshfield should jointly fund the bridge repairs and do not recommend Norwell making repairs to half the bridge or to the whole bridge.

ARTICLE 18 - To see if the Town will vote to appropriate $119,275.61 in anticipation of full (100%) reimbursement by the Commonwealth of Massachusetts of Chapter 127, Acts of 1999, total apportionment of the Transportation Enhancement Project, for State and Highway purposes under the provisions of General Laws Chapter 90, Section 34, Clause 2(A), work on highways, to be expended under the direction of the Highway Surveyor, or meet the appropriation by taxation, by transfer or by borrowing, or any combination of the foregoing, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this article. This is a procedural article which requires that the town appropriate money for highway work before the state can reimburse us 100%

ARTICLE 19 - To see if the Town will vote to appropriate $119,275.61 in anticipation of full (100%) reimbursement by the Commonwealth of Massachusetts of Chapter 53, Acts of 1999, total apportionment of the Transportation Enhancement Project, for State and Highway purposes under the provisions of General Laws Chapter 90, Section 34, Clause 2(A), work on highways, to be expended under the direction of the Highway Surveyor, or meet the appropriation by taxation, by transfer or by borrowing, or any combination of the foregoing, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this article. This is a procedural article which requires that the town appropriate money for highway work before the state can reimburse us 100%

ARTICLE 20 – To see if the Town will vote to raise and appropriate or transfer from available funds in the treasury the sum of $300,000 to be expended for the purchase of a certain parcel of land in the Brantwood Road neighborhood at the end of Beers Avenue, behind the Farrar Farm

Road subdivision and shown on the Town of Norwell Assessors' Map 12B as Lot 9, Block 24, being 15 acres, more or less, said land to be held in the care and custody of the Conservation Commission in accordance with MGL Chapter 40, Section 8C for conservation purposes and passive recreation and to authorize the Conservation Commission with the approval of the Board of Selectmen to enter into all agreements and to execute all instruments as may be necessary, and further to authorize the Conservation Commission to apply for a matching grant from the Division of Conservation Services of the Executive Office of Environmental Affairs under the Self Help Act, in accordance with MGL Chapter 132A, Section 11, for a portion of the purchase price, or take any action relative thereto.

Requested by the Norwell Conservation Commission

The Advisory Board does not recommend this Article.

ARTICLE 21 - To see if the Town will vote to adopt the Water Restriction By-law as follows or act on anything relative thereto.

WATER USE RESTRICTION BYLAW

Section 1 **Authority**

This Bylaw is adopted by the Town under its police powers to protect public health and welfare and its powers under M.G.L. c.40, Sections 21 et seq. and implements the Town's authority to regulate water use pursuant to M.G.L. c. 41, Section 69B. This bylaw also implements the Town's authority under M.G.L. c. 40, Section 41A, conditioned upon a declaration of water supply emergency issued by the Department of Environmental Protection.

Section 2 **Purpose**

The purpose of this bylaw is to protect, preserve and maintain the public health, safety and welfare whenever there is in force a State of Water Supply Conservation or State of Water Supply Emergency by providing for enforcement of any duly imposed restrictions, requirements, provisions or conditions imposed by the Town or by the Department of Environmental Protection.

Section 3 **Definitions**

Person shall mean any individual, corporation trust, partnership or association, or other entity.

State of Water Supply Emergency shall mean a State of Water Supply Emergency declared by the Department of Environmental Protection under M.G.L. c.21G, Section 15-27.

State of Water Supply Conservation shall mean a State of Water Supply Conservation declared by the Town pursuant to section 4 of this bylaw.

Water Users or Water Consumers shall mean all public and private users of the Town's public water system, irrespective of any person's responsibility for billing purposes for water used at any particular facility.

Section 4 **Declaration of a State of Water Supply Conservation**

The Town, through its Board of Water Commissioners, may declare a State of Water Supply Conservation upon a determination by a majority vote of the Board that a shortage of water exists and conservation measures are appropriate to ensure an adequate supply of water to all water consumers. Public notice of a State of Water Conservation shall be given under section 6 of this bylaw before it may be enforced.

Section 5 **Restricted Water Uses**

A declaration of a State of Water Supply Conservation shall include one or more of the following restrictions, conditions, or requirements limiting the use of water as necessary to protect the water supply. The applicable restrictions, conditions or requirements shall be included in the public notice required under section 6.

a) Odd/Even Day Outdoor Watering. Outdoor watering by water users with odd numbered addresses is restricted to odd numbered days. Outdoor watering by users with even numbered addresses is restricted to even numbered days.

b) Outdoor Watering Ban. Outdoor watering is prohibited.

c) Outdoor Watering Hours. Outdoor watering is permitted only during daily periods of low demand, to be specified in the declaration of a State of Water Supply Conservation and public notice thereof.

d) Filling Swimming Pools. Filling of swimming pools is prohibited.

e) Automatic Sprinkler Use. The use of automatic sprinkler systems is prohibited.

Section 6 **Public Notification of a State of Water Supply Conservation; Notification of DEP**

Notification of any provision, restriction, requirement or condition imposed by the Town as part of a State of Water Supply Conservation shall be published in a newspaper of general circulation within the Town, or by such other means reasonable calculated to reach and inform all users of water of the State of Water Supply Conservation. Any restriction imposed under section 5 shall not be effective until such notification is provided. Notification of the State of Water Supply Conservation shall also be simultaneously provided to the Massachusetts Department of Environmental Protection.

Section 7 **Termination of a State of Water Supply Conservation; Notice**

A State of Water Supply Conservation may be terminated by a majority vote of the Board of Water Commissioners, upon a determination that the water supply shortage no longer exists. Public notification of the termination of a State of Water Supply Conservation shall be given in the same manner required by section 6.

Section 8 **State of Water Supply Emergency; Compliance with DEP Orders**

Upon notification to the public that a declaration of a State of Water Supply Emergency has been issued by the Department of Environmental Protection, no person shall violate any provision, restriction, requirement, condition of any order approved or issued by the Department intended to bring about an end to the State of Emergency.

Section 9 **Penalties**

Any person violating this bylaw shall be issued a warning for the first violation; shall be liable to the Town in the amount of $50.00 for the second violation and $100.00 for each subsequent violation which shall inure to the Town for such uses as the Town may direct. Fines shall be recovered by indictment or on complaint before the District Court, or by non-criminal disposition in accordance with section 21D of chapter 40 of the general laws. Each day of violation shall constitute a separate offense.

Section 10 **Severability**

The invalidity of any portion or provision of this bylaw shall not invalidate any other portion or provision thereof.

Or act on anything relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board recommends this Article. It provides a financial penalty for those who ignore the communities need to conserve limited water resources.

ARTICLE 22 - To see if the Town will vote to rescind $246,275 of the borrowing authorization voted under Article 3 in the Warrant for the April 24, 1995 Annual Town Meeting, or act on anything relative thereto.

Requested by the Treasurer/Collector

The Advisory Board recommends this article. This sum was authorized, but never borrowed. The projects have been completed and the account(s) have been closed out.

ARTICLE 23 - To see if the Town will vote to raise and appropriate or transfer from available funds the sum of $5,000 to be expended under the direction of the Cemetery Committee for preliminary engineering, and/or improvements of the Town Cemetery on Wildcat Lane, or act on anything relative thereto.

Requested by the Cemetery Committee

The Advisory Board does not recommend this Article.

ARTICLE 24 – To see if the Town will vote to raise and appropriate, appropriate from available funds or otherwise provide the sum of $100,000, or any other sum, to be expended by or under the direction of the Planning Board for the purpose of creating a town-wide Master Plan in accordance with Massachusetts General Laws Chapter 41, section 81D, or act on anything relative thereto.

Requested by the Planning Board

The Advisory Board will make its recommendation at Town Meeting.

ARTICLE 25 - To see if the Town will vote to amend the Town of Norwell Zoning Bylaws, Section 2450(d) to read "No dwelling may be erected or placed unless within a circle 150 feet in diameter inscribed within the lines of the lot upon which it is to be constructed. The circle shall not contain any wetland area or easements." or act on anything relative thereto.

Requested by the Planning Board

The Advisory Board does not recommend this article. The Board feels that wetlands are controlled by the Wetlands Protection Act, and that no easements are an unreasonable requirement. This issue should be addressed comprehensively in a Master Plan.

ARTICLE 26 - To see if the Town will vote to amend the Town of Norwell Zoning Bylaws, Section 2400 to read "Route 3 Buffer Zone. In all districts, all natural vegetation will remain undisturbed within 100 feet of the way line of the State Highway (Route 3)," or act on anything relative thereto.

Requested by the Planning Board

The Advisory Board does not recommend this Article. A Route 3 Buffer Zone should be addressed comprehensively in a Master Plan.

ARTICLE 27 - To see if the Town will vote to accept a revised plan entitled "Donovan Farm, Property Boundary Plan, Circuit Street, Norwell, Mass. ", dated February 1, 2000, prepared for Modern Continental, Cambridge, Mass. This revised plan includes a recreation easement along the west side of the Donovan Farm Village Housing parcel, or act on anything relative thereto.

Requested by the Planning Board.

The Advisory Board recommends this article.

ARTICLE 28 - To see if the Town will vote to amend the Personnel Plan to create the position of Planning Board Administrator, which position shall meet the criteria established by the Planning

Board, responsible for the operation and management of the Planning Department; or act on anything relative thereto.

Requested by the Planning Board

The Advisory Board does not recommend this article. The position considered by this article is subject to union negotiations.

ARTICLE 29 - To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of $45,000 or any other sum to fund the salary for the position of Planning Board Administrator created by Article 29 of this Annual Town Meeting, or act on anything relative thereto.

Requested by the Planning Board

The Advisory Board does not recommend this article. The funding for this position is subject to union negotiations.

ARTICLE 30 - To see if the Town will vote to amend the Town Bylaws Article XV, Section 15, General Regulations, "Restrictions on Smoking in Public Places and Workplaces," as follows, or act on anything relative thereto

PROHIBITION OF SMOKING IN PUBLIC PLACES AND WORKPLACES

SECTION 15.1 FINDING AND PURPOSE

There exists substantial evidence that tobacco smoke has a direct causal relationship to various cancers, heart diseases and lung disorders. Increasing evidence further demonstrates that the harmful effects of tobacco are not confined to smokers but also cause severe discomfort and in some cases illnesses to non-smokers. Therefore, the purpose of this bylaw is for the protection and promotion of public health. The successful implementation of this bylaw requires a cooperative effort and mutual respect on the part of smokers and non-smokers.

SECTION 15.2 DEFINITIONS

For the purpose of this bylaw, the following words shall have the following meaning:

A. SMOKING means the lighting of or having in one's possession or control any lighted cigar, cigarette, pipe or other tobacco product.

B. PUBLIC PLACE means any enclosed area or portion thereof when such an area is open to the general public.

C. WORKPLACE means any enclosed area or portion thereof in which employees perform services.

D. RESTAURANT means any business, which holds a Common Victualer's license and where food is prepared or served to the general public for consumption on the premises.

E. ENCLOSED means a space bounded by walls and under a roof.

F. EMPLOYEE means any person, including but not limited to any contractor, who performs services for an individual, partnership, association, corporation, trust or other organized group.

~~G. APPROVED AIR FILTRATION SYSTEM means an air filtration system which, as certified by an HVAC engineer and/or the manufacturer:~~

~~1. shall be capable of filtering down to 0.3 microns at ninety percent efficiency~~

~~2. shall be capable of a minimum of twelve air changes per hour for the equivalent of the area in which smoking is permitted; and~~

~~3. shall be installed so as to guarantee maximum efficiency of the unit(s)~~

~~H. APPROVED AIR VENTILATION SYSTEMS means an air handling system separate and distinct from the air handling system utilized in the non-smoking system, which, as certified by an HVAC engineer and/or the manufacturer~~

G. APPROVED MECHANICAL AIR VENTILATION SYSTEMS means a mechanical air handling system separate and distinct from the air handling system utilized in the non-smoking section, which shall be certified by a certified Industrial Hygienist and

~~1. meets or exceeds ASHRAE standard 62-1989~~

1. meets or exceeds the BOCA National Mechanical Code/1993 – the standards set forth in Chapter 16, Table M-1604.3, for the Required Mechanical Ventilation Air for Smoking Lounges; which states that a maximum occupant load of 70 persons per 1000 square feet be allowed, with 60 cubic feet per minute (CFM) per person provided.

2. maintains a constant pressure differential between the designated smoking area and the non-smoking area sufficient to direct air flow from the non-smoking area to the designated smoking area and prevent the flow of smoke into the non-smoking area;

3. The mechanical exhaust system cannot recirculate any indoor air. Exhaust vents should be over smoking sections and fresh air coming into all areas from outdoors.

H. DESIGNATED SMOKING AREA means an area within a restaurant or workplace where smoking is permitted pursuant to this bylaw.

I. BAR means an area with seating, which is devoted to the serving of alcoholic beverages for consumption by patrons on the premises and in which the serving of food is only incidental to the consumption of such beverages. Although a restaurant may contain a bar, the term "bar" shall not include the restaurant dining area.

SECTION 15.3 RESTRICTIONS TO SMOKING

It shall be unlawful for any person to smoke in any public place or workplace except (1) in those designated smoking areas which are authorized by this bylaw and allowed by permits which may be granted by the Board of Health or (2) as otherwise authorized by this bylaw. In no case shall smoking be permitted in any restroom.

Any person or entity in control of an area in which smoking is prohibited shall conspicuously display signs upon the premises in appropriate locations and numbers indicating that smoking is prohibited.

SECTON 15.4 **EXCEPTIONS**

A. The provisions of this bylaw shall not apply to:

1. Private Events: Smoking may be allowed in an enclosed area within a public place which is not located in a municipal building when that entire area is being used for a private event. ~~For the purposes of this exception the Cushing Center shall not be considered a municipal building.~~

2. In-Home Businesses.

3. Workplaces of businesses which employ a total of two employees or less. This exception shall not apply to any workplace which shares a common ventilation system with an unaffiliated individual or entity.

4. Nursing Homes.

~~B. Smoking may be permitted within:~~

~~1. Restaurants, provided that the designated smoking area, which shall not exceed twenty-five percent of the seating capacity of the restaurant including any bar area, is separated from the non-smoking area by floor to ceiling tangible and non-permeable barriers and the restaurant maintains an approved air ventilation system. Doors between these areas shall be self-closing.~~

~~In restaurants with dining areas of less than 400 square feet the designated smoking area need not be separated from the non-smoking area by such barriers nor must the restaurant maintain an approved air ventilation system, provided that the designated smoking area is equipped with an approved air filtration system and the seating capacity of the designated smoking area does not exceed thirty percent of the total seating capacity of the restaurant including any bar area.~~

~~In order to avoid financial hardship caused by extensive physical renovations required to comply with this bylaw, a designated smoking area in a restaurant built and open to the public prior to May 1, 1994 with a dining area of greater than 400 square feet, may comprise up to forty percent of the seating capacity of the restaurant including any bar area.~~

~~2. Bars, provided that the bar is (1) within a designated smoking area or (2) is equipped with an approved air filtration system. Provided further, however, that smoking shall be permitted in a bar built and open to the public on or after May 1, 1994 only if the bar is located within a designated smoking area.~~

B. Smoking may be permitted within eating establishments that currently hold smoking permits and meet the following criteria as of July 1, 2000, as certified by a Certified Industrial Hygienist:

1. The Industrial Hygienist must inspect, evaluate, test and certify that the mechanical air ventilation system was installed and is operating according to the standards defined in Section 15.2 Section G of this code.

2. The certification submitted to the Board of Health each year must include a seating plot plan which defines the designated smoking area. Under no circumstances shall the seating capacity of the smoking area exceed the percentage of the original smoking permit.

C. **Smoking is allowed in** workplaces, provided that the designated smoking area is separated from the non-smoking area by floor to ceiling tangible and non-permeable barriers and that the ~~workplace~~

~~maintains an approved~~ **designated smoking area be equipped with a separate approved mechanical air** ventilation system. Employees may, but shall not be required to, perform services within the designated smoking area. ~~For purposes of this exception, a municipal building shall not be considered a workplace except for any part of such building leased for a private purpose.~~

Establishments, which do not meet these criteria, shall be 100% smoke- free. These exceptions are non-transferable. Establishments, which are sold or change ownership after July 1, 2000 shall be required to be 100% smoke-free. Any food-eating establishment that currently holds a smoking permit that fails to comply with these revised regulations will automatically have their smoking permit revoked.

Any restaurant with a waiting area within a designated smoking area shall also provide a waiting area within a non-smoking area.

Any person or entity in control of a designated smoking area shall conspicuously display within the area in appropriate locations and numbers, signs indicating that smoking is permitted.

Any person or entity in control of a restaurant, bar or workplace containing an approved ~~air filtration system or~~ air ventilation system shall provide unit maintenance records **and recertification** to the Board of Health ~~upon request~~ **annually by June 1** and shall insure that the system is operating when smoke is present.

In the event of a breakdown or malfunction, in whole or in part, of a barrier, air ventilation system ~~or air filtration system,~~ smoking shall not be permitted until the barrier or system is fully repaired.

~~C. Provisional Permits:~~

~~In the event that the Board of Health determines that a circumstance exists which has not been addressed by this bylaw, the Board may, after a public hearing, grant a provisional permit allowing smoking in a designated smoking area, provided that such permit is consistent with the spirit and intent of this bylaw. The person or entity granted the permit or the Board of Health may propose an amendment to this bylaw consistent with the permit at the next town meeting at which such amendment can be considered. The permit will remain valid until such town meeting.~~

SECTION 15.5 IMPLEMENTATION

Any person or entity in control of a public place, **restaurant** or workplace shall implement this bylaw by:

1. providing proper signage in smoking and non-smoking areas;

2. informing any person who is smoking in the public place, **restaurant** or workplace in other than a designated smoking area that he or she is smoking in violation of law and requesting that the person either refrain from smoking or move to a designated smoking area; and

3. promptly notifying a Board of Health member in the event that any person continues to smoke within the public place or workplace in other than a designated smoking area after being informed that his or her smoking is in violation of law.

SECTION 15.6 VIOLATIONS

Any person or entity in control of a public place, **restaurant** or workplace that ~~knowingly~~ fails to implement the provisions of this bylaw shall be considered to have violated this bylaw.

Any person who smokes in a public place or workplace in other than a designated smoking area in ~~knowing~~ violation of this bylaw shall be considered to have violated this bylaw.

SECTION 15.7 COMPLAINTS

Any person who has reason to believe that a person or entity has violated this bylaw may notify an appropriate law enforcement authority or file a complaint with the Board of Health or both. A complaint filed with the Board of Health shall be in writing, signed by the complainant, and shall set forth the time, place and details of the alleged violation.

SECTION 15.8 HEARING

Any person or entity against whom a complaint has been filed with the Board of Health shall be informed or the complaint and his or her right to dispute the complaint. Any person or entity choosing to dispute a complain shall, within ten days after receiving notice, request a hearing before the Board of Health. After a hearing, a majority of the Board of Health shall either sustain or dismiss the complaint based on a preponderance of the evidence presented. If a complaint is not disputed or is sustained after hearing, the Board of Health shall issue a citation assessing a penalty in accordance with this bylaw or take any other appropriate action authorized by law.

SECTION 15.9 ENFORCEMENT

The Board of Health may issue a citation assessing a penalty in accordance with this bylaw whenever the Board determines that a person or entity has violated this bylaw.

SECTION 15.10 PENALTIES

Any person or entity that violates this bylaw shall be subject to a fine of twenty dollars for a first offense, fifty dollars for second offense and two hundred dollars for a third and each subsequent offense.

In addition to any other penalty, the Board of Health may, after hearing, suspend or rescind a permit granted under this bylaw, or take any other action permitted by law. In determining the severity of the action to be taken, the Board of Health shall consider, among other things, the flagrancy of the violation and the expressed willingness of the violator to implement the bylaw in the future.

SECTION 15.11 CONFORMITY

Any construction modifications or changes to the premises necessary to come into compliance with this bylaw must also comply with all other Federal, State and Town permits and requirements. The Building Department and the Fire Department should be consulted before any designs are finalized.

SECTION 15.12 SEVERABILITY

If any provision of this bylaw is declared invalid, the other provisions thereof shall not be affected.

Or act on anything relative thereto.

Requested by the Board of Health

The Advisory Board will makes its recommendation at Town Meeting.

ARTICLE 31 - To see if the Town will vote to amend the Town Bylaws Article XV, Section 16, General Regulations, "Regulations for the Sale of Tobacco Products," as follows, or act on anything relative thereto.

Section 1 Non-Criminal Civil Disposition

A. Whoever violates any provision of these bylaws may be penalized by a non-criminal disposition as provided in M.G.L., Chapter 40, Section 21 D. The non-criminal method of disposition may be used for violations of any rule or regulation of the Board of Health, which is subject to a specific penalty. Without intending to limit the foregoing, it is the intention of this section that the following rules and regulations be included within the scope of the subsection, that the specific penalties, as listed here, shall apply in such cases and that, the municipal personnel listed for each section, if any, shall be enforcing persons for such section.

B. A violation of the following listed regulatory provisions may be dealt with in a non-criminal manner as provided by subsection (A) of this section. Each day on which any violations exist shall be deemed to be a separate offense.

Board of Health regulations regarding the Sale and Distribution of Tobacco in the Town of Norwell:

A. Fine allowed: Three Hundred Dollars ($300.00)

B. Enforcement Agent: Board of Health, Director of Public Health or authorized Board of Health Representative.

C. Fine Schedule for C,D,E,F, and G: First offense, one hundred dollars ($100.00); second offense, two hundred dollars ($200.00); third and subsequent offenses, three hundred dollars ($300.00).

D. Fine Schedule for B: Twenty-five dollars ($25.00) for violating the posting of the State Law Provision and ten dollars ($10.00) for removing State Law signs from premises.

YOUTH ACCESS TO TOBACCO PRODUCTS REGULATIONS

SECTION 1 DEFINITIONS

The following words and phrases, whenever used in this article, shall be construed as defined in this section:

A. BOARD OF HEALTH means the Norwell Board of Health

B. BUSINESS means any sole proprietorship, partnership, joint venture, corporation or other business entity formed for profit making purposes, including retail establishments where goods and services are sold as well as professional corporations and other entities where legal, medical, dental, engineering, architectural or other professional and commercial services are delivered.

C. EMPLOYEE means any individual who performs services for an employer in return for wages or profit.

D. EMPLOYER means any individual, partnership, association, corporation, trust, or other organized group of individuals, including the Town of Norwell or any agency thereof, which regularly uses the services of two (2) or more employees.

E. PUBLIC PLACE means an enclosed, indoor area when open to and used by the general public, including but not limited to the following facilities: licensed child care locations; elevators accessible to the public; clinics

and nursing homes; inns, hotel and motel lobbies, stairwells, halls, entrance ways, and public restrooms; libraries; schools; municipal buildings; museums; retail stores; retail food establishments; indoor sports arenas, theaters; auditoriums; public transit facilities; and any rooms or halls when used for public meetings. A room or hall used for a private social function in which the sponsor of the private function and not the owner or proprietor has control over the seating arrangements shall not be construed as a public place. A private residence is not a public place unless it is used as a child care or health care facility.

F. SELF-SERVICE DISPLAY (also known as: free standing display) means a display from which individual packets or cartons of tobacco products may be selected by a customer.

G. TOBACCO VENDING MACHINE means any machine or device designated for or used for the vending of cigarettes, cigars, tobacco products upon the insertion of coins, trade checks or slips.

SECTION II TOBACCO SALES TO MINORS PROHIBITED

A. Sale to Minors

In conformance with Massachusetts General Laws, Chapter 270, Section 6, whoever sells a cigarette, chewing tobacco, snuff, or any tobacco in any of its forms to any person under the age of eighteen (18), shall be punished by a fine of ~~not less than~~ one hundred dollars ($100.00) for the first offense, ~~not less than~~ two hundred dollars ($200.00) for the second offense, and ~~not less than~~ three hundred dollars ($300.00) for any third or subsequent offense.

B. Posting State Law

In conformance with Massachusetts General Laws, Chapter 270, Section 7, a copy of Massachusetts General Laws, Chapter 270, Section 6, shall be posted conspicuously by the owner or other person in charge thereof in the shop or other place used to sell cigarettes at retail. The notice to be posted shall be provided by the Massachusetts Department of Public Health. Such notice shall be at least 48 square inches and shall be posted at the cash register which receives the greatest volume of single cigarette package sales in such a manner so that it may be readily seen by a person standing at or approaching the cash register. Such notice shall directly face the purchaser and shall not be obstructed from view or placed at a height of less than four (4) feet or greater than nine (9) feet from the floor. For all other cash registers that sell cigarettes, a notice shall be attached which is no smaller than nine (9) square inches, which is the size of the sign provided by the Massachusetts Department of Public Health or the Norwell Board of Health.

Such notice must be posted in a manner so that it may be readily seen by a person standing at or approaching the cash register. Such notice shall directly face the purchaser and shall not be obstructed from view or placed at a height of no less than four (4) feet or more than nine (9) feet from the floor.

- The Board of Health or its enforcement officer(s) shall enforce this regulation.

- Whoever violates this provision shall be punished by a fine of ~~not less than~~ twenty-five dollars ($25.00). Any person unlawfully removing a copy so posted while said premises are used for the sale of cigarettes shall be punished by a fine of ten dollars ($10.00).

C. Identification Required

No retailer shall sell or permit to be sold cigarettes or other tobacco products to an individual without requesting an examining identification establishing the purchaser's age as eighteen (18) years or greater unless the seller has some other conclusive basis for determining the buyer's age.

D. Permit for Tobacco Sales

- After August 1, 1996, the Norwell Board of Health will issue a Permit for Tobacco Sales that will specify the name, address, and approved location per the Norwell Board of Health or their designated agent(s) for retailers who sell tobacco products.

- Beginning August 1, 1996, the Norwell Board of Health will issue a permit for tobacco sales to all retailers who sell cigarettes or other tobacco products for each location at which tobacco products are sold.

- After receiving the permit, the merchant will receive signage that states "Sales of cigarettes or any tobacco product to persons under age eighteen (18) is illegal, M.G.L., Chapter 270, Section 6 and 7." Any merchant not posting said signage will be in non-compliance of this regulation and subject to penalties per Section VII, B, of this regulation.

- All tobacco permits will be renewed annually no later than January 1st of each year.

- The term of the permit shall be one year if the licensee complies with the provisions of this regulation.

- The fee for the annual tobacco sales permit is twenty dollars ($20.00) for each tobacco retail location. After thirty (30) days a late fee of an additional twenty dollars ($20.00) will be added to the permit fee.

- A permit for tobacco sales is non-transferable. A new permit will be issued to a tobacco retailer who changes locations and has shown compliance pertaining to the provisions of this regulation.

E. Vending Machines

- After August 1, 1996, cigarette vending machines or any other mechanical device used in the sale or distribution of tobacco products will be prohibited in all locations within the Town of Norwell.

F. Out-Package-Sales Prohibited

It is contrary to public health to remove and commercially sell single cigarettes from the manufacturer's package which states the federally required health warnings. Commercial sale and/or distribution of tobacco products in any form other than an original factory-wrapped package is prohibited.

G. Free Distribution/Free Samples Prohibited

No person or commercial entity shall distribute or furnish without charge, or cause to be furnished or distributed without charge, cigarettes or other tobacco products in any public place or any event open to the public.

H. Self-Service Displays

After July 1, 1977, self-service displays of all tobacco products are prohibited in the Town of Norwell.

I. Sales by Employees

No person or commercial entity selling tobacco products shall allow any employee to sell cigarettes or other tobacco products until such employee reads the Norwell Health Department's regulations and state laws regarding the sale of tobacco and signs a sworn statement, a copy of which will be placed on file in the office of the employer, that he/she understands and will uphold the regulations.

J. Penalties, Fines, Suspension and/or Revocation of Permit for Sections C,D,E,F,G,H and I

Violations of this regulation, Sections C,D,E,F,G,H and I, and penalties listed may be subject to the non-criminal disposition statute, M.G.L., Chapter 40, Section 21D.

It shall be the responsibility of the permit holder and/or individual in charge of the area where tobacco products are being sold to ensure compliance with all sections of this regulation pertaining to their place of business. The permit holder and/or individual in charge of the area permitted for tobacco sales, or other persons in violation of any of the provisions of this regulation shall be subject to:

- In the case of any violation of Sections C,D,E,F,G,H, or I, the permit holder and/or individual in charge of the area permitted for tobacco sales, or other persons in violation of the provisions of the above named sections of this regulation shall receive a fine of one hundred dollars ($100.00) per section violated and/or a written warning.

- In the case of a second violation within one (1) year, the permit holder and/or individual in charge of the area permitted for tobacco sales, or other persons in violation of the provisions of this regulation shall receive a fine of two hundred dollars ($200.00) per violation and/or the permit may be suspended for not less than one (1) business day or not more than seven (7) consecutive business days.

- In the case of three or more violations within one (1) year, the permit holder and/or individual in charge of the area permitted for tobacco sales, or other persons in violation of the provisions of this regulation shall receive a fine of three hundred ($300.00) per violation and/or the permit may be suspended not less than seven (7) consecutive business days or not more than thirty (30) consecutive calendar days from the date of suspension.

- Whenever there is a suspension of the tobacco permit, all tobacco products must be removed from the premises during the period of suspension. **Sale of tobacco products during time of suspension period shall result in a $300.00 fine. Each day will be considered a separate offense.**

SECTION III ENFORCEMENT

Enforcement of this regulation shall be implemented by the Town of Norwell Board of Health or its designated agent(s).

Any citizen who desires to register a complaint of non-compliance under this Chapter may do so in writing to the Town of Norwell Board of Health or its designated agent(s).

Any owner, manager, operator, employee or individual may inform person(s) violating this regulation of the appropriate provisions, thereof.

~~SECTION IV VARIANCE~~

~~**The Board of Health may, after a public hearing, vary the application of any provision or these regulations for a period of one (1) year with respect to any particular case when the Board of Health finds the enforcement thereof would do manifest injustice.**~~

~~**Every request for a variance shall be made in writing on a form provided by the Board of Health and shall state the specific variance sought and the reasons thereof. The fee for a variance request shall be determined by the Board of Health. Notice of a variance request must be published in a local newspaper at least two (2) weeks before the schedules date of the public hearing at the applicant's expense.**~~

~~**Any variance granted must be in writing with a copy available to the public at all reasonable hours in the office of the Town Clerk and in the office of the Board of Health. Any variance granted must be posted on the premises in a prominent location for the duration that the variance is in effect.**~~

SECTION V OTHER APPLICABLE LAWS

These regulations shall not be interpreted or construed to permit smoking where it is otherwise restricted by other applicable health, safety or fire codes, regulations or statutes.

SECTION VI PUBLIC EDUCATION

The Board of Health shall engage in a continuing program to explain and clarify the purposes and requirements of the regulations to citizens affected by it, and to guide owners, operators and managers in their compliance with it. Such program may include publication of a brochure for affected businesses and individuals explaining the provisions of this regulation. The Board of Health shall respond to any requests from tobacco retailers for assistance in training sales personnel.

SECTION VII SEVERABILITY

If any provision, clause, sentence or paragraph of this Article or the application thereof to any person or circumstances shall be held invalid, such invalidity shall not affect the other provisions of this article which can be given effect without the invalid provision or application, and to this end the provisions of this Article are declared to be severable.

Or act on anything relative thereto.

Requested by the Board of Health

The Advisory Board recommends this Article. It is an important step toward curbing youth access to tobacco products.

ARTICLE 32 - To see if the Town will vote to raise and appropriate, or appropriate from available funds the sum of $45,000, to provide irrigation and improvements to the Osborn, Pine Street, East and Little League Fields, said funds to be expended under the direction of the Tree and Grounds Director and the Highway Surveyor upon recommendation of the Athletic Field Committee, or act on anything relative thereto

Requested by the Recreation Commission and
The Athletic Field Committee

The Advisory Board recommends this article. As Norwell 2001 plans move forward with speed and efficiency, it is important to irrigate and improve the fields left that will be used on a daily basis.

ARTICLE 33 - To see if the Town will vote to authorize the Board of Selectmen to sign the amended Intermunicipal Agreement relative to the South Shore Recycling Cooperative, to which changes have been proposed for the purpose of clarification, or act on anything relative thereto.

Requested by the South Shore Recycling Cooperative

The Advisory Board recommends this Article.

ARTICLE 34 – To see if the Town will vote to raise and appropriate, transfer from available funds, the sum of $4,000.00 to contract with the South Shore Women's Center for domestic violence intervention and prevention services to its residents, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board recommends this Article.

ARTICLE 35 - To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of $3000 for the Womansplace Crisis Center in lieu of services provided to victims/survivors of sexual assault, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board recommends this Article in the amount of $2000.

ARTICLE 36 - To see if the Town will vote to transfer twenty acres of land located at Stetson Meadows, so-called, under the control of the Recreation Commission, from the Recreation Commission to the Norwell Cemetery Committee for the purpose of constructing a Town Cemetery, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board does not recommend this Article at this time. The Cemetery Committee received 20 acres of land from the Donovan Estate at last year's Town Meeting. They are just starting their work and will report back to Town Meeting if the land is not suitable for their needs.

ARTICLE 37 - To see if the Town will vote to authorize the Board of Selectmen to sell twenty acres of town land, more or less, located on Wildcat Lane on the Donovan property, so-called, currently set aside for the construction of a Town Cemetery, for the purpose of no-more than ten (10) house lots, with the funds from said sale being used to reimburse the Norwell Cemetery Committee for any expenses incurred to date on the development of the Cemetery on Wildcat

Lane with the balance of said proceeds being placed in an account for use by the Recreation Commission to fund Recreation projects, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board does not recommend this Article at this time.

ARTICLE 38 - To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of $50,000, to be expended under the direction of the Veteran's Agent for the purpose of creating a monument and making needed improvements to the Town Common, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board recommends this Article in the amount of $20,000. This amount is sufficient to place curbing around both islands and provide appropriate landscaping for the Veterans Memorial.

ARTICLE 39 - To see if the Town will vote to raise and appropriate, appropriate from available funds or otherwise provide the sum of $100,000, to conduct a Comprehensive Master Planning Process as required by Massachusetts General Laws Chapter 41, section 81D, to be expended under the jurisdiction of the Board of Selectmen, who shall appoint a Norwell Citizen's Action Planning Committee to oversee the Comprehensive Master Planning process, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board does not recommend this article. It is our understanding that it would not be legal to have the Master Plan done under the direct supervision of the Selectmen. We believe that the Planning Board is the appropriate place for this planning function to reside.

ARTICLE 40 - To see if the Town will vote to create the position of Planning Director and vote to appropriate the sum of $50,000 to fund the position, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board does not recommend this article. The Planning Board and the Master Plan Sub-Committee have begun a process that will develop a Master Plan for the town. At this point in time, it is far too early to make a commitment to another town position when there is no determined need for this position.

ARTICLE 41 - To see if the Town will vote to amend the Town of Norwell Zoning Bylaws from one (1) acre zoning to two (2) acre zoning for residential property in section 2421 as follows: "The minimum size for all residential lots shall be two (2) acres in all districts" or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board does not recommend this article. This issue should be addressed comprehensively in a Master Plan.

ARTICLE 42 - To see if the Town will vote to raise and appropriate or transfer from available funds the sum of $5000, or any other sum, to be used by the Planning Board to incorporate two (2) acre zoning into the Town's current rules and regulations, and into any other relevant bylaws and regulations, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board does not recommend this article. Again, this type of issue should be addressed comprehensively in a Master Plan.

ARTICLE 43 - To see if the Town will vote to accept as a Town way all portions of Hoop Pole Lane which currently cross over Town owned land or over which the Town of Norwell has access rights. In addition the Town of Norwell will assume the responsibility to make Hoop Pole Lane of suitable width and grade as to allow for safe, two way vehicular traffic at all times on said way, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board does not recommend this article. The Board shares the concerns of the Hoop Pole Lane residents, but feels that this is not the proper vehicle necessary for a solution.

ARTICLE 44 - To see if the Town will vote to raise and appropriate or transfer from available funds the sum of $10,000, or any other sum, to be used by the Planning Board and Conservation Commission, and any Boards or consultants designated by the aforementioned Boards, to initiate the process of upgrading existing Town Maps, Wetlands Zoning Maps and overlays, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board does not recommend this article. The Town has already begun the process of digitizing and updating Town maps. Part of the funds contained in Article 8 of this Town Meeting for the Computer Study Committee will complete this process leaving the Town with updated and digitized maps.

ARTICLE 45 – To see if the Town will vote to transfer from available funds or otherwise provide a certain sum of money to be added to the Stabilization Fund as established in accordance with the provisions of Massachusetts General Law, Chapter 40, Section 5B, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting.

ARTICLE 46 – To see if the Town will appropriate a sum of money from available funds and authorize the Assessors to use this sum to decrease the tax Rate for FY 2001, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting.

INSTRUCTIONS TO ELECTED OFFICIALS

SALE OF FISH RIGHTS

You are hereby required to notify and warn said inhabitants of Norwell qualified to vote in Town affairs, in case all the articles in the foregoing Warrant shall not be acted upon at the Meeting called for Monday, 15th day of May, 2000, to meet in adjourned session at the Goldman Jr. High School Gym, 344 Main Street, Tuesday, the 16th day of May, 2000 at 7:30 p.m., or act upon such Articles in said Warrant as the Meeting may deem advisable.

You are directed to serve this Warrant by posting a copy thereof attested to by you in writing in each of five public places in the Town fourteen days at least before the time for holding and meeting called for in the Warrant. Hereof, fail not and make due return of the Warrant with your doings thereon to the Town Clerk of said Town on or before the first day of May, 2000.

Given under our hands at Norwell this _____day of April in the year of our Lord, 2000.

BOARD OF SELECTMEN:
Norwell, MA

TOWN OF NORWELL CAPITAL OUTLAY SUMMARY OF RECOMMENDATIONS FOR FY 2001

	DEPARTMENT	REQUESTED	RECOMMENDED	COMMENTS
	FIRE DEPARTMENT			
3•1	RESCUE PUMPER	$205,000.00	$205,000.00	**The Capital Budget Committe recommends this request** *This request effectively replaces 2 peices of apparatus within the Fire Department.* *The current front line rescue truck will be replaced with a larger, heavy duty apparatus which will allow improooved storage of heavy rescue equipment, greater pumping capablities and allow a full compliment of personal to ride safely and efficiently within the vehicle.* *The current rescue truck will be used to replace E 6, housed at the Churchill Station which has reached the limit of it's survicable life.*
3•2	THERMAL IMAGING CAMERA	$16,500.00	$16,500.00	**The Capital Budget Committe recommends this request** *This will provide Firefighters with state of the art capabilities in search and rescue efforts.* *Additionally this tool may be used in fire detection operations*
	HIGHWAY			
3•3	1 TON DUMP WITH SANDER AND PLOW	$51,000.00	$51,000.00	**The Capital Budget Committee recommends this request.** *This will replace an existing vehicle that is used by the Highway Department daily in all operations*
3•4	6 WHEEL DUMP w/ SANDER AND PLOW	$85,000.00	$0.00	**The Capital Budget Committe does not recommend this request in this budget.** *The current vehicle, although old still appears to meet the needs of the Highway Department.* *The Capital Budget Committe is working to implement a fiscally prudent vehicle rotation program for this dept.*
3•5	FUEL CANOPY	$12,850.00	$0.00	**The Capital Budget Committe does not recommend this request in this budget.** *It is our recommendation that the installation of Fire Surpression sytems be researched with this request for our review, and resubmitted next year.*
	TRENCH SHORING BOX	$15,000.00	$15,000.00	**The Capital Budget Committe recommends this request.** *This is an important piece of safety equipment that can be used by all our Public Works Employees.* *This allows the town to meet OSHA requirements when performing work below street level.*
	TREE AND GROUNDS			
3•5	BUCKET TRUCK	$100,000.00	$0.00	**The Capital Budget Committe does not recommend this request in this budget.** *This would be a new piece of equipment to be used to trim trees and overhead branches on town roads.* *Currently, this service is provided at no cost to the town by Eastern Utilities on a major portions of our roadways. While there is some concern that Eastern Utilities may not continue this practice, at this time there is no firm evidence that they will not continue to do so.* *Additionaly the Capital Budget Committe would like to review comparison costs for short term equipment rental to perform this operation.* *We recommend this request be re-submitted for review in the FY 2003 budget.*
3•6	LINE PAINTING MACHINE	$10,000.00	$18,000.00	**The Capital Budget Committe recommends this request in the amount of $18,000.00.** *Currently there are two machines that serve the Tree and Grounds Department, one that applies the paint lines to the Athletic Fields and one that prepares the baseball fields for play.* *Both machines are 28 years old and in need of replacement.* *The Capital Budget Committe recommends $18,000.00 to purchase a new "Gator" type sport field maitainance tractor including line painting, field scarifier and related attachments.* *This one machine will do the work of both existing units, as well serve many other useful functions within the Tree and Grounds Dept.*
3•7	INFIELD RAKE SCARIFIER	$11,500.00	$0.00	**The Capital Budget Committe recommends this request be combined with 3•7 / Line Painter**
	PAGE TOTAL	$506,850.00	$305,500.00

TOWN OF NORWELL CAPITAL OUTLEY SUMMARY OF RECOMMENDATIONS CONTINUED

	DEPARTMENT	REQUESTED	RECOMMENDED	
	SCHOOL DEPARTMENT			
3•8	INSTRUCTIONAL TECHNOLGY UPGRADE	$19,000.00	$19,000.00	**The Capital Budget Committee recommends this request.** *This is the final year of a computor lease that allowed the implementation of a Technology Upgrade program for all our Schools.*
3•9	REPLACE VEHICLES	$25,000.00	$25,000.00	**The Capital Budget Committe recommends this request.** *This will replace two vehicles with one. This vehicle will be used to move equipment between buildings, as well as assist in clearing snow from walkways on school properties. Currently, both vehicles have exceeded their servicable life.*
3•10	SPARRELL PAINTING AND REPAIRS	$30,000.00	$30,000.00	**The Capitol Budget Committe recommends this request.** *Although in the near future the Sparrell Building will no longer function as a school building for Norwell it is clear that the property will continue in use by the Town. Painting and repairs will protect the facility against further damage until such time as the next use for the property is determined.*
	RECREATION			
3•9	REPLACE VAN	$35,000.00	$0.00	**The Capital Budget Committe recommends this request be postponed.** *The current van remains in good operating condition, and is serving the needs of both the Schools and Recreation Departments adequately.*
	SUB - TOTAL CAPITAL IMPROVEMENTS : ARTICLE 3	*$615,850.00*	***$379,500.00***	
	WATER DEPT.			
3•10	VEHICLES	$27,500.00	$27,500.00	**The Capital Budget Committe recommends this request.** *This is part of a scheduled replacement program for Water Department vehicles.*
	TOTAL CAPITAL IMPROVEMENTS FY2001	$643,350.00	**$407,000.00**

MINUTES OF SPECIAL/ANNUAL TOWN MEETING – MONDAY, MAY 15, 2000 AND TUESDAY, MAY 16, 2000

ATTENDANCE:

Monday, May 15, 2000

Precinct One	70
Precinct Two	105
Precinct Three	81
TOTAL	256

Tuesday, May 16, 2000

Precinct One	32
Precinct Two	86
Precinct Three	63
TOTAL	181

On Monday evening, May 15, 2000, at 7:30 PM, in the gymnasium of the Goldman School, 344 Main Street, Moderator Roger E. Hughes, Jr. called the Meeting to Order.

The Constable's Return of Service of the Warrant was read by Town Clerk Janice M. Lawson. Rev. Richard M. Fewkes, who will be retiring in June as minister of First Parish Church, gave the Invocation.

The Pledge of Allegiance to the Flag was led by Patrick F. Lenaghan, Veterans' Agent.

The Moderator introduced himself and the following participants to the assembly:

Board of Selectmen:
David W. Truesdell, Chair
Richard A. Merritt, Vice Chair
John G. Mariano, Clerk

Town Counsel: Robert E. Galvin
Town Administrator: James Boudreau

Advisory Board:
J. Richard Hartigan, Chair
Elaine Reardon, Vice Chair
Joseph M. Burke
Mary L. Cole
Paul Gaynor
Spencer A. Joseph
John A. Lumbard
Kenneth E. Hogeland

Jasmine Heffernan, Admin. Ass't

Town Clerk:
Janice M. Lawson

Assistant Town Clerk:
Patricia M. Anderson

Town Accountant:
CarolAnn Amado

Assistant Town Accountant:
Rita Turco

Moderator Hughes reviewed the Rules of the Meeting:

1. **The procedure to be followed will be "Roberts Rules of Order" and the Bylaws of the Town.**

2. **Speak to the issues and not to personalities.**

3. **Before speaking, please come toward the microphone. Upon being recognized by the Moderator, identify yourself and give your address.**

4. **Main motion may be different that what is printed in the Warrant.**

Anyone can amend an article but they must do so in writing.

5. An amendment will be discussed and voted on before any other amendment will be allowed. We will then turn to the Main motion and vote.

6. Reconsideration: Traditionally, Reconsideration may occur the same night an article is voted, or the following night.

7. Color of the Authority Cards to be used for Voting purposes are: for the Special Town Meeting: GOLD; and for the Annual Town Meeting: RED.

A motion was made, seconded, and unanimously voted, to suspend the action of the Annual Town Meeting to take up the business of the Special Town Meeting.

ARTICLE 1: UNANIMOUSLY VOTED to amend the Town of Norwell Personnel Bylaw, Section 6, Compensation Plan, subsection (b), Status of New Employees, by striking out the second paragraph and replacing it therein with the following new text: "A new employee shall be paid at the beginning rate of the grade allocated to the class of employment for which he/she has been hired, except that, upon prior request of the Department Head or Town Administrator, the Personnel Board may approve a starting rate for said employee above the beginning rate for said classification, depending upon the qualifications of the employee."

ARTICLE 2: UNANIMOUSLY VOTED to adjust the Personnel Classification Plan by amending the following position:

Position	Present Compensa.	Increase To
Treasurer/ Collector	Grade 15	Grade 16

And to fund said article the sum of $4,830.01 be transferred from Article 2 of the Special Town Meeting of October 18, 1999.

ARTICLE 3: UNANIMOUSLY VOTED to transfer $35,000.00 from Water Department Surplus Revenue to Line Item No. 1-13-207-6 of the Town Reserve Fund Account.

ARTICLE 4: UNANIMOUSLY VOTED to transfer the sum of $6,200.00 from Line Item 1-63-120-5110 to Line Item No. 1-63-224-5496, Planning Board Expenses.

ARTICLE 5: UNANIMOUSLY VOTED to adjust the Personnel Classification Plan by amending the following position:

Position	Present Compensa.	Increase To
Fire Chief	Grade 16	Grade 17

Said upgrade to be effective July 1, 1999 and to fund said Article by transferring $5,334.05 from Article 2 of the Special Town Meeting of October 18, 1999.

ARTICLE 6: UNANIMOUSLY VOTED to transfer from

AVAILABLE FUNDS the sum of $3,378.00 to upgrade the Town Accountant's position to a Grade 15-6 from Article 2 of the Special Town Meeting of October 18, 1999, said upgrade to be effective July 1, 1999.

ARTICLE 7: UNANIMOUSLY VOTED to transfer from FREE CASH the sum of $7,000.00 to be expended under the direction of the Highway Surveyor with the approval of the Veterans Memorial Committee for construction and installation of the Norwell Veterans Memorial as approved by the Norwell Veterans Memorial Committee.

ARTICLE 8: UNANIMOUSLY VOTED to INDEFINITELY POSTPONE Article 8. (To pay unpaid bills from a prior fiscal year..)

ARTICLE 9: UNANIMOUSLY VOTED to INDEFINITELY POSTPONE Article 9. (A sum to be added to Stabilization Fund....)

A motion was made, seconded, and it was UNANIMOUSLY VOTED to dissolve the Special Town Meeting and to reconvene the Annual Town Meeting, at approximately 8:00 pm.

Richard Merritt, Board of Selectmen spoke and told the assembly that he would like to recognize the upcoming retirement of Police Chief David Nichols. A hearty round of applause ensued.

Richard Hartigan,Chairman of the Advisory Board, related the role of the Advisory Board in reviewing the budgets of all Departments. At least one hearing was held on each of the 46 articles contained in the Warrant.

ARTICLE 1: UNANIMOUSLY VOTED to accept the reports of its Officers, Boards, Departments, Committees and Commissions, as printed in the 1999 Annual Report.

ARTICLE 2: UNANIMOUSLY VOTED to RAISE AND APPROPRIATE from AVAILABLE FUNDS, sums of money set forth in the "Advisory Board Recommends" Column under Article 2 in the transcript of Articles in the Warrant for the FY2001 Annual Town Meeting, except for those items being "held": 2-120, 2-138, and 2-289, to defray any charges, expenses, and salary obligations of the Town, including debt and interest for the ensuing year; to provide for a Reserve Fund, and to fix salaries and compensation for all Elected Officers of the Town; and to meet said appropriations, transfer from Water Grants the sum of $114,000.00; from Water Surplus, the sum of $10,893.00; from Water Revenues the sum of $1,016,531.00, and transfer from Free Cash the sum of $250,000.00 to be applied to the Reserve Fund; and further fund all other appropriations by taxation.

ARTICLE 2: The following items of Article 2 were "HELD", discussed and voted on individually as follows:

Article No. Am't Voted Vote

2-120 Planning Bd Clerical, $35,470.00, as printed in the Warrant, MAJORITY VOTE.

2-138 Building/Zoning Clerical $53,020.00, as Amended; MAJORITY VOTE.

2-289 Library General Exp., $125,250.00, as Amended; MAJORITY VOTE.

ARTICLE 3: UNANIMOUSLY VOTED to RAISE AND APPROPRIATE the sum of $379,500.00 for Capital Outlay as set forth in the "Capital Budget Recommendations" and further to transfer the sum of $27,500.00 from WATER SURPLUS to purchase the vehicle for the Water Department, and further fund all other appropriations by taxation.

Instruc. Techn. Upgrade, $19,000.00, R&A
Replace Vehicles, $25,000.00, R&A
Sparrell Painting & Repairs, $30,000.00, R&A

Dept. No. 401, WATER DEPT.
Vehicles, $27,500.00, WATER DEPT. SURPLUS

TOTAL ARTICLE 3: $407,000.00

ARTICLE 4: UNANIMOUSLY VOTED to transfer funds from OVERLAY SURPLUS in the amount of $50,000.00 to meet obligations for the Compensation Schedule under the Personnel Plan for Fiscal Year 2001, 3% increase for Grades 1 – 12; 4% increase for Grades 13 – 17, and an increase for the Sealer and Veterans Agent to $3,250.00 each; said sums to be apportioned by the Town Accountant to the Applicable line items in Article 2.

ARTICLE 5: UNANIMOUSLY VOTED to transfer from OVERLAY SURPLUS the sum of $30,000.00 to meet obligations for union and personnel contracts for Fiscal Year 2001; said sum to be apportioned by the Town Accountant to the applicable items in Article 2.

ARTICLE 6: UNANIMOUSLY VOTED to amend the Town Bylaws, Article VII, Contracts, Section 4, as follows:

Section 4: Invitations or proposals for goods and services shall meet the requirements and guidelines of the MGL, when and where applicable. All goods and services other than professional services in the interests of the Town, in the amount of $10,000.00 or more shall be awarded through competitive bidding. Bids and proposals for $10,000.00 shall be public advertised by at least one insertion in at least one newspaper of general circulation in the Town of Norwell, such publication to be at least ten (10) days before the opening of bids. Whenever possible, contracts

must be awarded to the lowest responsible bidder. Any determination of the contrary must be made in good faith and the Awarding authority shall file with the Town Clerk within fifteen (15) days a written statement ascribing the relevant and reasonable grounds for selecting other than the lowest bidder.

ARTICLE 7: MAJORITY VOTED to authorize the Board of Selectmen to lease the property at 81 Washington Street, formerly known as the Old Ridge Hill Fire Station, to the Norwell Antique Firetruck Association. The lease to be negotiated between the Board of Selectmen and the Board of Directors of the Norwell Antique Firetruck Association. Terms of the lease to include, but not limited to, length of lease, financial agreement for the lease, insurance, care, maintenance and management of the property.

ARTICLE 8: UNANIMOUSLY VOTED to transfer from OVERLAY SURPLUS the sum of $65,000.00 to be expended under the direction of the Town Administrator, to implement the recommendations of the Computer Study Committee.

ARTICLE 9: UNANIMOUSLY VOTED to transfer from OVERLAY SURPLUS the sum of $10,000.00 to be used for the maintenance and/or repair of Gaffield Park, to be expended under the direction of the Board of Selectmen.

ARTICLE 10: UNANIMOUSLY VOTED to amend the Town of Norwell Personnel Bylaw, Section 8, Fringe Benefits, subsection (1), Family Medical Leave Act, by striking out the words "Collective Bargaining Agreement: and replacing them therein with the words "Personnel Bylaw, whereever they appear.

ARTICLE 11: UNANIMOUSLY VOTED to amend the Town of Norwell Personnel Bylaw, Section 8, Fringe Benefits, subsection ©, Sick Leave by striking out the last paragraph of said subsection and replacing it therein with the following new paragraph:

"Employees may earn up to three (3) personal days in a fiscal year depending on the employee's use of sick leave. An employee who uses no sick leave for six (6) consecutive months shall be eligible for 1.5 personal days. A new six (6) month period will begin to run each time an employee returns to work after using a sick day. Such day should be used within twelve (12) months of being earned and is not eligible for redemption in lieu of time off. Authorized paid leaves, other than sick leave, shall not be counted against an employee in establishing his/her attendance record."

ARTICLE 12: UNANIMOUSLY VOTED to accept the provisions of Massachusetts General Laws, Chapter 127, Section 59 of the Acts of 1999 (Adding G.L. Ch 59, Section 5K) to allow the Board of Selectmen to establish a senior citizen property tax work-off program. Under this program, participating taxpayers who must be 60 years of age or older, volunteer their services to their municipality in exchange for a reduction in their tax bills. The

program would be in effect from July 1, 2000 through June 30, 2001 and that the sum of $10,000.00 be transferred from Article 28 of the ANNUAL TOWN MEETING of May 5, 1997, to Provision 2001 Account.

ARTICLE 13: UNANIMOUSLY VOTED to INDEFINITELP POSTPONE Article 13. (To vote to accept Laura's Lane as a Town Way.)

ARTICLE 14: UNANIMOUSLY VOTED to INDEFINITELY POSTPONE Article 14. (To vote to accept Centennial Waye as a Town Way.)

ARTICLE 15: UNANIMOUSLY VOTED to transfer from FREE CASH the sum of $150,000.00 to be expended under the direction of the Highway Surveyor for resurfacing sections of Town Ways.

ARTICLE 16: UNANIMOUSLY VOTED to transfer from OVERLAY SURPLUS the sum of $25,000.00 to be expended under the direction of the Permanent Drainage Study Committee and the Highway Surveyor for engineering, installation, and/or maintenance of Town drainage.

ARTICLE 17: UNANIMOUSLY VOTED to INDEFINITELY POSTPONE Article 17. (Repair and other related work to the Bridge Street/Union Street bridge.)

ARTICLE 18: UNANIMOUSLY VOTED to RAISE AND APPROPRIATE THE SUM OF $119,275.61 in anticipation of full (100%) reimbursement by the Commonwealth of Massachusetts of Chapter 127, Acts of 1999, Total apportionment of the Transportation Enhancement Project, for State and Highway purposes under the provisions of General Laws Chapter 90, Section 34, Clause 2(A), Work on Highways, to be expended under the direction of the Highway Surveyor.

ARTICLE 19: UNANIMOUSLY VOTED to RAISE AND APPROPRIATE the sum of $119,275.61 in anticipation of full (100%) reimbursement by the Commonwealth of Massachusetts of Chapter 53, Acts of 1999, total apportionment of the Transportation Enhancement Project, for State and Highway purposes under the provisions of General Laws Chapter 90, Section 34, Clause 2(A), Work on Highways, to be expended under the direction of the Highway Surveyor

ARTICLE 20: UNANIMOUSLY VOTED to INDEFINITELY POSTPONE Article 20. (To purchase a certain parcel of land in the Brantwood Road neighborhood at the end of Beers Avenue, behind the Farrar Farm Road subdivision and shown on the Town of Norwell Assessors' Map 12B, as Lot 9, Block 24, being 15 acres more or less....)

ARTICLE 21: UNANIMOUSLY VOTED to adopt the WATER RESTRICTION Bylaw as printed on Pages 29, 30, and 31 of the Transcript of Articles in the Warrant for the Special and Annual Town Meeting held on May 15, 2000 and May 16, 2000 ,which precedes these Minutes.

ARTICLE 22: UNANIMOUSLY VOTED to rescind $246,275.00 of the

borrowing authorization voted under Article 3 in the Warrant for the April 24, 1995 Annual Town Meeting.

ARTICLE 23: UNANIMOUSLY VOTED to INDEFINITELY POSTPONE Article 23. (Preliminary engineering, and/or improvements of the Town Cemetery on Wildcat Lane.)

ARTICLE 24: UNANIMOUSLY VOTED to RAISE AND APPROPRIATE the sum of $70,000 to be expended by or under the direction of the Planning Board for the purpose of creating a Town-wide Master Plan in accordance with Massachusetts General Laws Chapter 41, Section 81D.

ARTICLE 25: MAJORITY VOTED TO INDEFINITELY POSTPONE Article 25. (To amend Norwell zoning Bylaws, Section 2450(d) to read: "No dwelling may be erected or placed unless within a circle 150 feet in diameter inscribed within the lines of the lot upon which it is to be constructed. The circle shall not contain any wetland area or easements."

ARTICLE 26: 2/3 vote necessary. 2/3 VOTE CALLED BY MODERATOR. Voted to amend the Town of Norwell Zoning Bylaws, Section 2400, by adding Section 2444 as follows:

"Section 2444:

Route 3 Buffer Zone. In all districts, all natural vegetation will remain undisturbed within 100 feet of the way line of the State Highway (Route 3) from the Third Herring Brook to the North River."

ARTICLE 27: UNANIMOUSLY VOTED TO ACCEPT A REVISED PLAN ENTITLED "Donovan Farm, Property Boundary Plan, Circuit Street, Norwell, MA." Dated February 1, 2000, prepared for Modern Continental, Cambridge, Mass. This revised plan includes a recreation easement along the west side of the Donovan Farm Village Housing parcel.

ARTICLE 28: UNANIMOUSLY VOTED to INDEFINITELY POSTPONE Article 28. (To amend Personnel Plan to create the position of Planning Board Administrator....).

ARTICLE 29: FAILED TO CARRY.

(To raise and appropriate the sum of $22,000 to fund the salary of the existing Planning Board aide position presently set at Grade 8.)

ARTICLE 30: MAJORITY VOTED to amend the Town Bylaws, Articles XV, Section 15, General Regulations, "Restrictions on Smoking in Public Places and Workplaces" as printed in the Transcripts of the Warrant for the Special and Annual Town Meeting dated May 15 and May 16, 2000 on pages 33, 34, 35, 36, and 37, which precedes these Minutes.

ARTICLE 31: UNANIMOUSLY VOTED to amend the Town Bylaws Article XV, Section 16, General Regulations, "Regulations for the Sale of Tobacco Products," as printed in the Transcript of the Articles of the Warrant for the Special and Annual Town Meeting dated May 15, 2000

and May 16, 2000, on pages 38 to 42, just previous to these Minutes.

ARTICLE 32: MAJORITY VOTED to RAISE AND APPROPRIATE the sum of $45,000.00 to provide irrigation and improvements to the Osborn, Pine Street, East and Little League fields; said funds to be expended under the direction of the Tree and Grounds Director and the Highway Surveyor upon recommen—dation of the Athletic Field Committee.

ARTICLE 33: UNANIMOUSLY VOTED to authorize the Board of Selectmen to sign the amended Intermunicipal Agreement relative to the South Shore Recycling Cooperative, to which changes have been proposed for the purpose of clarification.

ARTICLE 34: UNANIMOUSLY VOTED to RAISE AND APPROPRIATE the sum of $4,000.00 to contract with the South Shore Women's Center for domestic violence intervention and prevention services to its residents.

ARTICLE 35: UNANIMOUSLY VOTED to RAISE AND APPROPRIATE the sum of $2,000.00 for the Womansplace Crisis Center in lieu of services provided to victims/survivors of sexual assault.

ARTICLE 36: FAILED TO CARRY. (To transfer twenty acres of land located at Stetson Meadows....from Recreation Commission to the Norwell Cemetery Committee for the purpose of constructing a Town Cemetery.)

ARTICLE 37: UNANIMOUSLY VOTED to INDEFINITELY POSTPONE Article 37. (To authorize the Board of Selectmen to sell up to five Form A lots located on Wildcat Lane on the Donovan property, so called, currently set aside for the construction of a Town Cemetery, with the funds of said sale being used to reimburse the Norwell Cemetery Committee for any expenses incurred to date on the development of the Cemetery on Wildcat land...)

ARTICLE 38: MAJORITY VOTED to transfer from OVERLAY SURPLUS the sum of $20,000.00 to be expended under the direction of the Veterans Agent for the purpose of creating a monument and making needed improvements to the Town Common.

ARTICLE 39: UNANIMOUSLY VOTED to INDEFINITELY POSTPONE Article 39. ($100,000.00 to conduct a Comprehensive Master Planning Process as required by MGL Chapter 41, Section 81D....)

ARTICLE 40: UNANIMOUSLY VOTED to INDEFINITELY POSTPONE Article 40. (To create the position of Planning Director and to raise and appropriate the sum of $50,000.00 to fund the position.)

ARTICLE 45: UNANIMOUSLY VOTED to INDEFINITELY POSTPONE Article 45. (To transfer money to the Stabilization Fund.....)

ARTICLE 46: UNANIMOUSLY VOTED to INDEFINITELY POSTPONE Article 46. (....A sum of money from Available Funds to authorize the Board of Assessors to decrease the tax rate for FY2001...)

INSTRUCTIONS TO TOWN OFFICIALS:

1. **MAJORITY VOTED that the Board of Selectmen be instructed to present to the next Town Meeting a Bylaw making it a punishable offense for the operator of a motor vehicle to make use of a telephone while the vehicle is in motion.**

   Peter Kates, 16 Forest Street

2. **MAJORITY VOTED that the Board of Selectmen either appoint a separate committee or ask the Permanent Drainage Committee to address the upcoming requirements of a Town-wide storm water management program designed to prevent harmful pollutants from being washed by storm water runoff into wetland resources.**

   Steve Ivas, 315 Winter Street

   SALE OF FISH RIGHTS:

   1. **Janet Tulis, 15 Gendarme Place, $125.00**

3. **Paul Crowley, 4 Bowker St. $100.00**

There being no further business to discuss, a motion was made, seconded and it was UNANIMOUSLY VOTED to adjourn this Town Meeting at 9:05 PM.

Respectfully Submitted,

Janice M. Lawson,
TOWN CLERK

A true record, ATTEST:

Janice M. Lawson
Town Clerk
ART23CER.DOC

RECORD OF STATE PRIMARY **SEPTEMBER 19,2000**

Pursuant to the Warrant, eligible voters met at established precincts in the Town of Norwell to cast their votes for candidates for the listed offices. Due to Vinal School construction Precinct III was held at the Town Hall in the Osborn Room.

The following election workers were present:

In Precinct I, Ann Valair, WARDEN; Amy Locke, CLERK; Phyllis Haskell, Cheryl Cecchini, Dale Fenno, Jean Himberg, Lorraine Winn and Jim Jenkins, TELLERS;

In Precinct II, Mark Mederos, WARDEN; Lorraine Olsen, CLERK; Jean Valicenti, Arcely French-Nummelin, Ann Cogliano, George Kelley, Maureen Murphy and Joan Griffin, TELLERS.

In Precinct III, Joan Shea: WARDEN; Jean Snow: CLERK; Susanne Tuttle, Jeanette Simmons, Anne Bussiere, Gertrude Daneau, Lynn Rose and Barbara Meachum, TELLERS.

CONSTABLES on duty were James Calvani, Precinct I, Janet Tulis, Precinct II ,Dennis Lynch and Urpo Nurmenniemi at Precinct III.

CHIEF WARDEN OVER ALL WAS Town Clerk, Janice M. Lawson.

Polls opened in all precincts at 7:00 A.M. After the 8:00 P.M. closing, tallies compiled in each of the three precincts were brought to the office of the Town Clerk where the final tally of all precincts was made and publicly announced. Breakdown of the number of votes cast in each precinct is as follows:

In Precinct I, there were 127 Democratic votes cast including 7 absentee; 28 Republican votes including 1 absentee and 2 Libertarian votes cast.

In Precinct II, there were 78 Democratic votes cast including 7 absentee; 39 Republican votes including 1 absentee and Libertarian party, no votes.

In precinct III, there were 141 Democratic votes cast including 6 absentee; 81 Republican votes including 7 absentee and 2 Libertarian votes cast.

Total number of votes cast in all precincts was 498 including 29 absentee.

As of September 19, 2000 there were a total of 6665 registered voters in Norwell. Those participating in the Primary represented 7% of the electorate.

Tallying in open meeting at Town Clerk's office resulted in the following count of votes cast:

RECORD OF STATE ELECTION
NOVEMBER 7, 2000

Pursuant to the Warrant, eligible voters met at the established precincts in the town of Norwell to cast their votes for candidates for the listed offices.

The following election workers were present:

In Precinct I, Ann Valair, WARDEN Amy Locke, CLERK:
Jeanette Simmons, Marlene O'Leary, William O'Leary, Arceley French-Nummelin, Dale Fenno, Cheryl Cecchini, Susanne Tuttle and Anne Bussiere.

In Precinct II, George Kelley, WARDEN; Jean Valicenti, Clerk
Maureen Murphy, Ann Cogliano, Jim Jenkins, Pam McLeod, Althea Dickman, Lois Arnold Susan Springer and Joan Griffin.

In Precinct III, Joan Shea, WARDEN, B. Jean Snow, Clerk
Gertrude Daneau, Robert Rizzi, Daune Haskell, Jean Himberg, Barbara Meacham, Fay Joseph and Annette Sexton.

Polls opened in all precincts at 7A.M. and closed at 8P.M. Tallies compiled in each of the three precincts were brought to the office of the Town Clerk where the final tally was made and publicly announced.

The number of votes cast in each precinct is as follows:

Precinct 1, 1840 votes were cast including 141 returned absentees,
Precinct II 1857 votes were cast including 136 returned absentees,
Precinct III 1918 votes were cast including 157 returned absentees.
Total votes cast in all precincts was 5615 including 434 absentee.

Out of a population of 10141, 6854 are registered voters and of those 82% participated in the election process.

Tallying during open meeting at the Town Clerk's office resulted in the following count:

No	**968**	**1059**	**1015**	**3042**
Blanks	**87**	**80**	**67**	**234**

REPORT OF THE BOARD OF REGISTRARS

This was "the PRESIDENTIAL YEAR". It will not be forgotten. Also, not to be forgotten was Norwell's recount of ballots for the Planning Board for Precinct Two at the Annual Town Election, as noted in the Town Clerk's Annual Town Election Report.

Throughout the year, many Nomination papers were certified for State candidates as well as petitions for State ballot questions

Special Voter Registration hours were held before each Special Town Meeting, Annual Town Meeting, Annual Town Election, Presidential Primary, State Primary and the State Election. During this time, the Town Clerk's office was open from 8 am to 8 pm to receive new voter registrations.

The number of registered voters fluctuates from month to month. As of December 31, 2000, the breakdown was:

Democrats	1666
Republicans	1541
Unenrolled	3632
Inter 3rd Party	5
Libertarian	27
Reform	1

TOTAL VOTERS: 6872

In this Presidential Year, 2000, seven hundred and ninety-nine new people registered to vote. Fifty-six were moved to the "Inactive Voter List" due to: not responding to the Annual Town Census; having a family member cross off his/her name, receiving written notice that a voter has moved out of Town; or, notice that a voter is deceased.

After notifying each of these persons with a "Confirmation Mailing Notice", these "Inactive Voters" are kept on the list through the next two State Elections. Then, with proper notice, they will be permanently removed from the "Inactive List".

This year, E. Lorraine MacLeod, our very dedicated Registrar, resigned after twenty-two years of service. We will miss you, Lorraine; thank you very much.

We were deeply saddened by the death of William H. White, a Registrar since 1996.

The Board of Selectmen appointed Harold E. Tuttle to replace William White. Welcome, Harold.

A replacement for E. Lorriane MacLeod has not as yet been found.

Respectfully submitted,
Regina T. Giordani, Chair
Harold E. Tuttle
Janice M. Lawson, Clerk

REPORT OF THE BURIAL AGENT

The issuing of Burial Permits is one of the responsibilities of the Town Clerk, who is appointed annually to this position by the Board of Selectmen.

A Funeral Director may not bury or make any other disposition of a decedent without a Burial Permit. Therefore, it is a necessity for the Burial Agent to be accessible. The

Town Clerk's office is open Monday through Friday from 8:00 am until 4:00 pm. During July and August of each year this schedule may change due to summer hours at Town Offices. (781-659-8072/8073).

Arrangements have been made with the Communications Center at the Norwell Police Station, 40 River Street, for a Funeral Director to obtain a Burial Permit on a holiday or a weekend if a satisfactory Death Certificate is received and retained. The fee for a Burial Permit is $5.00.

Respectfully submitted,
Janice M. Lawson
BURIAL AGENT

JURY LIST INFORMATION

Since 1986, Plymouth County towns have been included in the "one day/one trial" jury system. Selectmen no longer draw the names of prospective jurors.

The current procedure, now that the Central Voter Registry/VRIS system is in place, requires the Secretary of State's office, with the permission of each Town or City Clerk, to send a diskette and a printout of the data of all residents seventeen years of age and older to the Office of the Jury Commissioner before June 1, of each year. (Chapter 234A, MGL)

From this list, which includes dates of birth and occupations of all those included, the Jury Commissioner prepares a randomly selected list of jurors and mails this list to the Town Clerk's office where it is posted for inspection during the latter part of the year.
Names on this list are subject to call for jury duty after January 1st of the succeeding year.

Respectfully submitted,
Janice M. Lawson
TOWN CLERK

REPORT OF THE SUPERINTENDENT

The 2000-2001 school year has been a year of firsts. Of course it is the first school year of the 21st century and the new millennium. It is the first time since 1983 that our school enrollment exceeds 2,000 students. Construction has begun on the first new school building, Norwell Middle School, since the opening of Norwell High School in 1973, and renovations to Vinal School and Norwell High School represent the first school renovations since those at Sparrell in 1974. As part of our first Strategic Plan, the first round of our curriculum adoption cycle will be completed by year end, with new English, mathematics, science, and social studies textbooks in all grades. The first class required to take and pass the MCAS test, the Class of 2003, will be taking those examinations this spring.

The first of what we hope will be many major capital donations to Norwell Public Schools was received during 2000-01. Mark and Elizabeth Hanson have set a generous example by donating over 130 new computers for our schools. Another first and example of community support was the new Robotics Team at Norwell High School and the generous assistance provided by many including the Norwell Education Foundation, inventor Steve Forti, Don Messinger, Bob Nadeau, Don Spradlin, Jim Trenz, and teacher Mark Herman. In only their first year of competition, the Robotics Team qualified for their first appropriately named F.I.R.S.T. (For Inspiration and Recognition of Science and Technology) competition in Florida where they finished 69th out of 321 schools from across the nation.

The 2000-01 school year has also been a year of lasts. It marks the final year of teaching for 12 teachers who will be retiring in June after a total of 377 years of dedicated service to Norwell. It is the last year that the Goldman School will be used as a junior high school. Although this building will be used for one more year as the temporary location of the Cole School, it marks the end of an important era in Norwell education – one superbly headed for many years by the building's namesake Henry E. Goldman. Speaking of eras coming to a close, 2000-01 marks the final year in office for two veteran school committee members. After 24 years of dedicated service to Norwell's youth, Betsy Gordon is stepping down from the School Committee, as is Chip Ennis after nine years of outstanding support for our schools. Betsy and Chip are also the last school committee members with whom both my esteemed predecessor Bob Bunnell and I had the privilege of working.

Alpha and *Omega*; beginning and end; first and last: Regardless of vantage point, one thing about Norwell Public Schools remains and will remain unchanged -- our commitment to providing *Pathways of Success for All Students*. While 2000-01 was a year of firsts and lasts, it was also a year linking our strong past traditions with the bright future we envision for each and every one of our students.

Respectfully submitted,
Donald J. Beaudette, Ed.D.
Superintendent of Schools

SOUTH SHORE REGIONAL VOCATIONAL TECHNICAL HIGH SCHOOL
NORWELL REPORT

Never a More Important Time for Relevant Career Skills Development and Life-long Learning

Public Education in Massachusetts and throughout the nation is certainly in a state of transition and close examination. Higher standards, broad based learning and accountability are among the targets for improvement. At South Shore Vocational Technical High School, much of the same is taking place. While our primary mission remains career skills preparedness, what goes into achieving this objective and how we get there is experiencing quite a metamorphosis.

While South Shore has long championed the integration and relevant interaction of the academic and technical instruction provided, never has the importance been more real. Whether driven by MCAS testing outcomes, or the very real needs of the workplace and society, an emphasis is being placed, at all fronts, on the need for accountability and results. Competition is fierce, and students can and should be beneficiaries, not victims. We have stressed the critical importance of partnership involving school, students and parents at home. Add to that our working relationship with business and industry, as well as post-secondary institutions, and a winning formula exists.

Presently, 11 of the total enrollment of 515 are from Norwell. June of 2000 celebrated the graduation of the following students from the town: Brian Hunter and Lauren Kelly.

An interesting graduate component activity is finding incredible interest, as a relatively newly formed South Shore Vo-Tech Alumni Association celebrated an "All Class" (1965-1995) Alumni Reunion at Rockland's Sons of Italy over Thanksgiving weekend. Hundreds of graduates and friends shared success stories and networked for the future, both at work and at play. A growing legion of graduates

serving as owners, managers and business operatives are serving as a growing resource for placement and cooperative work experience for current students. Alumni, too, are participating in the movement toward constant upgrading of technical skills through both post-secondary and workplace sponsored venues and opportunities.

Returning to some of the current in-school initiatives at Vo-Tech, we would be remiss not to bring to the communities' attention some of what is currently going on at South Shore. These initiatives include:

- Expanded parental involvement through the efforts of the Parents Association, Freshmen parents orientation nights and periodic newsletters.
- An active School Council with input that has already made a difference in support of facilities upgrades, instructional support and administrative collaboration.
- Project 550 → a whole school staff initiative examining all areas of the South Shore Vo-Tech community.
- Academic support for students in need through after-school, summer and Saturday programming.
- Continued Curriculum revision, married not only to the Curriculum Frameworks, but to Industry Standards.
- A focus on providing students with co-curricular and extra curricular activities that are "just like the high schools." They deserve it. Our award winning Drama Club productions, twice defending champion Basketball team and state and national participation in technical skills competitions are just examples.
- Scheduling modifications to accommodate increased instructional time, particularly in Math and Science.
- Participation in "High Schools that Work," a state supported and nationally recognized program targeting school by school reform, particularly in vocational-technical education.

South Shore is the oldest of the twenty-six regional vocational technical schools across the Commonwealth. We are systematically attempting to address facility issues as they arise, to provide the best possible learning environment, equipped with state-of-the-art tools and equipment. While accomplishing this is expensive, we strive to maintain a high level of efficiency and accountability to you our member town community. We welcome the opportunity to partner with our towns through community service projects, our work with senior citizen groups, the expansion of our Evening School, off campus construction and civic organizational cooperation. Working together, we can make it work. We are thankful for the support demonstrated by the town of Norwell and pledge to continue working to earn it.

Respectfully submitted,
South Shore Regional School Committee
Mr. Robert Molla, Jr.
Norwell Representative

SCHOOL BUILDING COMMITTEE

During the past year, Construction began in earnest on three of the four **NORWELL 2001** projects: the Vinal School addition/renovation project, the new Norwell Middle School, and the Norwell High School renovation project.

The complexities involved in converting school sites into active construction areas quickly became apparent. The safety and educational needs of students became the paramount priority, as phased construction schedules were revised to accommodate inevitable construction delays. Despite many obstacles, the Committee's goal remains the same: to ensure that quality school facilities are delivered to the Town of Norwell within established time frames and approved budget amounts. In addition to weekly meetings, members of the School Building Committee have spent countless hours in subcommittee meetings, construction meetings, walk throughs, and inspections of the facilities under construction.

All documentation required to complete the Norwell Public Schools application for School Building Assistance grants for the Norwell High School renovation project and the Cole School addition/renovation project were submitted to the Massachusetts Department of Education in the spring of 2000. In June, the Department of Education notified the Norwell School Department that its applications meet the requirements for School Building Assistance project approval.

In order to keep project costs within budget, the Committee also reviewed value engineering options presented by the Architect and Project Manager. Specific components of each building were identified as possible items to be deleted, substituted, or, prior to bidding, designated as bid alternates.

The first project to break ground was the Vinal School in December of 1999. As J&J/Congress proceeded with construction, it was anticipated that the two new additions, the two-story classroom wing and the new gymnasium, would be ready for students returning to school in September of 2000. Out of phase construction and coordination issues subsequently delayed the actual opening of the classroom wing until October 30, 2000. With the patience and forbearance of many of the townspeople, the entire student body of the Vinal School was housed in school and Town facilities during the months of September and October. When the new classroom wing opened, the cafetorium, library, administration area, and new gymnasium were not completed and had not yet been completed by year's end.

In addition, contaminated soils were discovered in the area of the new gymnasium addition when the old underground oil tank was removed. This resulted in an unanticipated expense for cleanup in excess of $300.0000. Currently, the completion of the Vinal renovations is scheduled during the summer of 2001.

The construction contract for the new Norwell Middle School was signed on January12, 2000 and the Notice to Proceed was issued to Alexandra Construction on January 19, 2000. Groundbreaking ceremonies occurred on January 26, 2000. During the year preparatory earthwork was completed, foundations and slabs were poured, and steelwork was erected. Installation of exterior sheathing and veneer block is ongoing to close the building in for the winter. Steel and roofing issues have caused some delay in the project schedule, but completion is still scheduled during the summer of 2001

The School Building Committee awarded the construction contract for the Norwell High School renovation project to J. T. Callahan and Sons. This was the lowest bid received by the Town on May 10, 2000. A request for an injunction, made by the second lowest bidder, was not granted by the Court. This bid protest did, however, cause delays that resulted in a rephasing of the Norwell High School project. As a result, the substantial completion milestone for the project was extended from September 2001 until December 2001. The construction contract was signed on August 11, 2000. Temporary classroom spaces and handicapped access ramps were constructed immediately; and, with the assistance and cooperation of Town regulatory officials, emergency egress issues were resolved prior to the on time opening of school on September 11, 2000.

The "Blue" classroom wing was cordoned off when construction started. Interior demolition then occurred and was followed by electrical and plumbing rough in. Work is ongoing in this wing with completion scheduled for April of 2001. Work is also continuing in the cafeteria (formerly the Technical Education area), the spine, and the plaza adjacent to the new cafeteria area.

The Construction Document estimate has been completed for the Cole School addition/renovation project. Value engineering options were developed and acted upon by the Committee in order to maintain the approved program budget for the project. At year's end, a bidding schedule had not yet been established.

The committee appreciates the cooperation and assistance of the Town and its residents, which has enabled the **NORWELL 2001** projects to move forward toward the historic goal of providing 21st Century schools for 21st Century students.

NORWELL PUBLIC LIBRARY

This year the library celebrated its 25th anniversary in October. The Friends of the library sponsored an open house with wonderful refreshments and delightful music by high school students. The staff demonstrated many new services including e-books, internet sites, and the library's home page.

The library continues to be the busiest building in town. Each week about 2000 people enter and use the services of the library. We are open 2568 hours per year and circulate over 120,000 items per year. We offered 68 children's programs this year with a total attendance of 1159 and 97 adult programs with an attendance of 1319. Over half the population in town are registered borrowers-6156.

If you haven't visited the library recently you will be surprised by the variety of materials and services, In addition to books and magazines, the library has video cassettes, books on both audio tape and cd, dvd's, music on cd, computer software for loan, puppets, and reading kits. The library was the

first in the state to have circulating e-books bought for us by the Friends. We have two notary publics at the library and provide the service for no charge.

The staff is pleased to serve you and welcome your comments, compliments, and criticisms.

Respectfully submitted,
Diane Gordon Kadanoff
Library Director

NORWELL POLICE DEPARTMENT

I herby submit my first annual report to the town as Chief of Police. The year 2000 was one of significant change for the Norwell Police Department. On May 4, Chief of Police David H. Nichols retired after 37 years of service to the town. Chief Nichols began his career with the town as an Emergency Communications dispatcher in August 1963. He was appointed to the Norwell Police Department in 1967. He was promoted to Sergeant on July 10, 1970 and then to the position of Chief of Police on May 4, 1981. Chief Nichols guided the department through two decades in which the town experienced unprecedented growth. The members of the Norwell Police Department wish Chief Nichols a long and healthy retirement.

The police department was fortunate to welcome two Norwell residents to the ranks of patrol officer in 2000. Francis Molla and John Carnes have hit the street with enthusiasm. It is a pleasure to have both men working in Norwell.

I began my tenure as police chief on June 12, 2000. One of my first acts was the establishment of a professional development program for members of the department. Each officer will have the opportunity to attend specialized training sessions dealing with subject areas that will enhance their ability to perform their duties. Officers have attended training sessions in interview and interrogation, traffic accident investigation, firearms law, self-defense for women, and Internet crime. It is my plan to expand the professional development program in the future. The Norwell Police Department website norwellpolice.com, went on-line in August. A very generous Norwell resident created this site. Our website allows us to make volumes of information available to residents from their homes. We will continue to improve and expand the site next year. The members of the department will continue to offer new programs and services intended to enhance community spirit.

I wish to thank the members of the department for their support during my first six months as Chief of Police. Additionally, I wish to thank the members of the different departments, boards and committees in Norwell that have made my transition as successful as it has been.

Respectfully,
Robert M. Galvin
Chief of Police

FIRE AND AMBULANCE REPORT

I would like to start my report by thanking all of the residents and businesses in town for their continued support during the year 2000.

The year was very busy and extremely productive for the Norwell Fire Department and our Ambulance Service. We witnessed a marked increase in demands for our emergency medical services. Our ambulance responded to 964 medical aid calls with 671 patients transported to area hospitals. The paramedic unit from the South Shore Hospital continues to be an important tool and useful resource assisting our personnel with 201 patients last year.

We are in our third and final stages of advancing our personnel to an intermediate level of certification. This will allow us to deliver an advanced level of services related to airway and circulatory maintenance, including endotracheal tube airway, intravenous therapy, anti shock pressure suit, and defibrillation under the medical control direction from the local hospital's emergency room physicians . We are a community based service and I believe we are providing the best possible service in the most safe and effective manner.

During the year we were the recipients of several very generous donations. I would like to publicly thank Charles and Marie Anderson of Washington St. for their donation of an Ice Rescue Sled and the Tri Town Rotary for their donation towards a Thermal Imaging Camera.

We also received our sixth annual S.A.F.E. Grant from the Commonwealth. These funds allow our personnel to spend many hours in the schools with our youth and time with our elderly on fire prevention and safety in the home.

Elizabeth L. Collins and Eric S. Peterson were appointed as Career Firefighters, congratulations to both.

As in the past the men and women of the Fire and Ambulance Service have risen to every occasion and are a credit to the community. In closing I would like to thank all of our personnel, our Administrative Secretary, Emergency Dispatchers, the Norwell Police Department , and all other Town Departments for their quality service, support, and assistance throughout the year.

The following is an overview of our responses in 2000

Structure Fires	12
Vehicle Fires	18
Brush Fires	27
Motor Vehicle Accidents	250
Emergency Medical Responses	712
Hazardous Materials Incidents	30
Power Lines Down	36
Public Assists	86
Lock Outs	183
Assist Police	4
Smoke Removals	109
Systems Malfunctions	122
CO Activation	5
Mutual Aid Fire	38
Mutual Aid Ambulance	201

Respectively Submitted,
Paul W. Rosebach
Chief of Department

EMERGENCY COMMUNICATIONS CENTER

THE NORWELL EMERGENCY COMMUNICATIONS CENTER, LOCATED IN THE NORWELL POLICE STATION, 40 RIVER STREET, NORWELL IS CURRENTLY STAFFED WITH 5 FULL TIME AND 2 PART TIME DISPATCHERS. WE ARE ANTICIPATING THE HIRING OF ANOTHER PART TIME DISPATCHER AND A SUBSTITUTE DISPATCHER IN THE NEAR FUTURE.

OVER THE COURSE OF THE YEAR, SEVERAL OF THE DISPATCHERS ATTENDED DISPATCHER IN-SERVICE TRAINING CLASSES, WHICH INCLUDED A SUICIDE CALL HANDLING SEMINAR, CRISIS INTERVENTION TRAINING, AND COMMUNICATIONS TRAINING OFFICER CERTIFICATION. OUR GOAL IS TO ATTEND AS MANY DISPATCHER IN-SERVICE TRAINING CLASSES AS POSSIBLE IN ORDER TO PROVIDE THE TOWN WITH THE EFFICIENT SERVICE THEY EXPECT.

911 FOR EMERGENCIES ONLY
SAVE A LIFE
STOP A CRIME
REPORT A FIRE

I WOULD LIKE TO REMIND ALL RESIDENTS THAT THEY DO HAVE ACCESS TO ENHANCED 911. ALTHOUGH A NAME, ADDRESS, AND PHONE NUMBER WILL BE SHOWN TO THE DISPATCHER ANSWERING THE CALL, IT IS STILL IMPORTANT TO CONFIRM THAT THE INFORMATION SHOWING IS ACCURATE. IF AT ALL POSSIBLE, THE DISPATCHER WILL STILL ASK YOUR NAME, ADDRESS, AND PHONE NUMBER. PLEASE DO NOT HANG UP IF YOU DIAL 911 ACCIDENTALLY. AN OFFICER WILL HAVE TO BE DISPATCHED TO CONFIRM THAT THERE IS NO EMERGENCY. IF YOU DO HANG UP, AN OFFICER WILL STILL BE DISPATCHED. IT IS RECOMMENDED THAT 911 IS NOT PRE-PROGRAMMED INTO YOUR TELEPHONE. THIS CAUSES ACCIDENTAL DIALING.

POLICE/FIRE NON-EMERGENCY NUMBER	659-2211
POLICE BUSINESS NUMBER	659-7979

MARY MERRITT
LINDA WHITCOMB

PERMANENT DRAINAGE STUDY COMMITTEE

The Permanent Drainage Study Committee in conjunction with the Highway Department has begun stream cleaning & Drainage easement clearing with the utilization of a rented mini excavator. Beginning on October 2000, four (4) weeks were spent clearing 2,330 feet of easements, clogged to the point of total flow restriction with sand & debris in the areas of Washington Park, Jacobs Lake Shores, River Street, and the High School athletic field complex.

What is known as the Phase II, Storm Water Regulations are approaching quickly. These Regulations mandate the reduction of pollutants and debris from our recharge areas. Although these measures are designed to protect our natural resources, the financial burden must be overcome. This Committee will be investigating any and all grants to assist in this endeavor.

We are fortunate that two (2) qualified individuals Thomas Meehan and James Donovan P.E., have joined our Committee bringing this Board up to a full compliment after 6 years and their expertise and devotion is greatly appreciated. Our appreciation goes out to Jasmine Heffernan for her untiring efforts in going through the Towns archives pulling together and categorizing drainage easement information to be utilized by all departments. To Jennifer McKenny who worked part time for the Committee before obtaining a full time position in the Building Department, and to Mrs. Jean Scully, who through the efforts of the Council On Aging Tax Relief Program was a great help in putting together the Committee's minutes. We would also like to thank the many Boards, Committees, Commissions and Departments for their continued dedication to the Town.

Respectfully submitted,
Arthur Tolman, Chairman
Paul Foulsham
Mark Aigen
Thomas Meehan
James Donovan, P.E.

HIGHWAY DEPARTMENT

The South Shore region of Massachusetts is the fastest growing area in the State. Massachusetts voters "Reduce tax level to 5%, President Bush vows to cut Federal taxes by 1 trillion 600 billion dollars, Route 3 traffic delays 2 hours minimum during rush hour commutes, local road funds reduced by one third, Big Dig out of control, potholes eating vehicles everywhere, Massachusetts bridges are falling apart" sound familiar?

These are the headlines and local newspaper reports from the past 12 months that disturb me as well as most local officials on a daily basis. In what direction are we heading? I ask this question to you the reader, not as a prelude to doom & gloom, but to awaken the process in which we think and react to local issues, simply being, if we want it, who is going to pay for it?

In the early 90's, I applied for state funding for much needed repairs to Route 123. The price tag at that time was $225,000. After time, I was informed that the money had "dried up". My next exercise that I was assured would secure funding was to expend in the vicinity of $100,000 for engineering & design work, which has secured me a set of plans but, no roadwork forcing me to look in the direction of Chapter 90 money and Town funds for maintenance of Route 123 which will severely impact our local roads program.

That being said, the highway department continues to use its limited resources to maintain the Towns infrastructure. Most recently, Longwater Drive, Longwater Circle, and Philip Drive were repaired utilizing recent technology known as Hot-in-Place Recycling & Micro-Surfacing. This process super heats the existing pavement to a pliable consistency, scarified, re-graded and rolled bringing the roadway back to acceptable shape. The road is then resurfaced with two (2) lifts of a tough & durable thin overlay with a chemical formulation of asphalt cement, emulsifiers, adhesives, and latex restoring the original service properties to worn but structurally sound pavements. The total quantities used in this process were as follows: Longwater Drive Hot-in-Place Recycling 23,378 square yards, Micro-Surface 24,924 square yards, Longwater Circle Hot-in-Place Recycling 3,744 square yards, Micro-Surface 3,939 square yards, and Philip Drive Hot-in-Place Recycling 2,355 square yards, Micro-Surface 2,884 square yards for a total cost of $106,000.

In December of 2000, work began to finalize plans for the re-construction of High Street, Oak Street, and Parker Street during the Spring & Summer months of 2001. This work will include grinding down the existing asphalt, installing drainage, reconstruction of the sidewalks, and resurfacing.

The department continues to carry out its mandatory duties of street sweeping, catch basin cleaning & repairs, street sign maintenance, road repairs, vehicle & equipment repairs, etc.

The winter seasons of late have been warmer due to climatic abnormalities but even with less snowfall the sanders are frequently called upon during night time hours to keep our roads safe for the early commuter and school buses.

I would like to thank my crew Chris Cowden Foreman, Steve MacInnis, Mark Walther, Mark Allegra, Andrew Snow, Linda Murphy, William Gunderway Recycling Coordinator and Harold Tuttle. I would also like to thank the many Boards, Committees, and Commissions for the continued support of making Norwell what it is today.

Respectfully submitted,
Paul M. Foulsham
Highway Surveyor

DEPARTMENT OF LANDS & NATURAL RESOURCES

Starting in June of 2000, the Tree Department personnel concentrated efforts on mending equipment for the upcoming season.

In late December and early January, a new chip box was made to replace the worn out box on vehicle #22 the 1-ton chip truck. A landscape trailer was created from existing parts obtained from recycling. Mowers were welded and worn items replaced i.e. belts, pulleys, blades, bearings, seals, castor wheels, etc. The aerator was welded up and new coring plugs installed. The over seeder blades replaced, and new fingers installed on the field sweeper. Wheel bearings replaced on all vehicles and tune-ups done on the trucks as needed. Trash barrels used at outdoor recreational fields were brought in to be repainted and/or retired for next years use. Twenty benches were repaired, repainted, and four new ones added. In addition, during this 1st quarter the department helped the highway department 16 day's with snow removal & sanding. Five days were spent cutting & splitting the many cords of wood brought in from trees taken down over the past year. The split wood is piled at the Recycling area for the Citizens of Norwell, free for the taking.

From January to April, there were 3 burials and 23 trees taken down. Jacobs Lane was trimmed and flailed. Around Town 86 stumps were ground, the debris removed and holes filled with loam then seeded. There were 2 days of high winds followed by the crew picking up branches throughout Town.

As spring came, maintenance on the athletic fields around Town encompassed 10 days along with another 19 days of sweeping, aerating, over-seeding and fertilizing. The use of over 4 tons of fertilizer, ½ ton of lime, and 1200 pounds of grass seed was used thru May of 2000. In addition, the Tree

department flailed and leveled off 120'x100' area to house the High Schools new batting cage. We also installed 3" of stone-dust and two pitcher's mounds. Five new Sweet Gum tree's were planted at the new Fire Station, set up for the Annual Memorial Day Parade & the Men's Club Town Fair Parade routes.

Site prep work was performed at the Town Hall for the installation of a new Town Hall sign and worked on the War Memorial at the Center of Town. 19 day's of mowing, 13 days of laying out athletic fields & marking them out.

The Tree Department/Washington Street Cemetery employee spent 35 day's working at the cemetery along with Stockbridge Cemetery & 2nd Parish Cemetery sprucing up and adding flowers as Memorial Day approached.

As the end of the 2nd quarter came, five more burials were added. Tree work increased to 55 more hazardous trees removed, 20 tree's trimmed, 43 stumps ground down, loamed & seeded, 8 more tree's were planted, and five more days of high winds with limb pickup.

Summer came, and two more burials. The weather was wetter than normal and kept the mowers out 29 more days. The roadside flailing program had the crew 35 days cutting back brush & high grass throughout Town.

Field maintenance continued over 13 day's. Unfortunately, the 12-year-old Kubota mower suffered over $1,200 of repair to its clutch and downtime of 6 weeks. Later in the mowing season, the 14-year-old Toro mower required over $1,000 and 3 weeks down time to get it up and running again.

Construction began on the new Osborn Field in August and was ready for hydro seeding in September.

The Tree/Cemetery employee spent 29 days in the care and grooming of the grounds at Washington Street Cemetery.

Overall, this Summer 3,000 pounds of fertilizer with trimec for weed control was put down, 3,750 pounds of fertilizer with merit for grub control, 350 gallons of mixed liquid fertilizer on the football field and Pine Street soccer fields. Sixteen requests for poison ivy spraying were done. As fall approached, fields for fall sports were laid out and painted that encompassed 4 days.

Due to the introduction of the West Nile Virus, a larvicide's program was initiated with the help of Plymouth County Mosquito Control. The State supplied a mosquito larvicide's pellet which enabled a pesticide licensed Town employee to treat 1,229 catch basins in Town in the course of one week in mid September.

From September on, another 15 day's of field maintenance was needed to put down four separate applications (1,200 lbs) of fertilizer on the Osborn field. The remaining fields required 5,400 lbs. of fall fertilizer, 5,200 lbs. of winter fertilizer, 400 lbs. of lime, 1,500 lbs. of grass seed, another 20 days of mowing followed by an aggressive aeration and application of 2 tons of gypsum on Pine Street soccer fields. Five more days of flailing, 41 days at the Cemetery, 15 days lining fields, and 15 more burials.

The Tree Department rented an aerial bucket truck for tree removal for the month of October and in that period, 113 dead or hazardous trees were removed, 281 trees trimmed and 13 trees planted around Town.

Two days in December, 21 more trees came down due to high winds, bringing the departments total of downed trees to 245, 317 trees trimmed, 129 stumps ground loamed & seeded, 12 days of high winds, and 34 trees planted.

As the year wound down, the crew installed 150 snow stakes in preparation of winter, and modifications were made to vehicle #21. The modifications to this truck enabled the Town to be equipped with another sander during the winter months. I would like to add that all vehicles in the Tree department are utilized in plowing and sanding the roads in Norwell.

In closing, I would like to thank my crew Mark Smith Foreman, James Murphy, William Lavery, Mark Kaloshis, and the Tree/Cemetery's new employee George Horne for their continued strive to get the job done in a timely manner. I would also like to thank the Boards, Committees, and Commissions for their continued support in making Norwell what it is today.

Respectfully submitted,
Paul M. Foulsham
Director of Lands & Natural Resources

REPORT OF THE CEMETERY COMMITTEE

During the calendar year 2000,there were thirty-one (31) burials in the town cemetery, including seven (7) veterans. During the past year the Committee has accomplished the following:

1. Finished the hedge row planting at the rear of the cemetery.
2. Installed "No Parking on the Grass" signs throughout the cemetery.
3. New section markers were installed.
4. Researched and had experts meet with the Committee to get information relative to the steps in laying out and constructing the new cemetery.
5. Completed the setting of the boundaries at the new cemetery.

In the coming year, the committee hopes to accomplish the following:

1. Complete research and begin the layout of the roads, building and other facilities necessary for the new cemetery.
2. Explore the fees paid for burials, burial rites and witness remuneration to see if they need adjustment.
3. Plant trees to replace those that had to be cut down.

The current price of a cemetery lot is $450.00 with an accompanying $10.00 recording fee. Lots are still available to town residents ONLY, for the burial of immediate family members. Lots are NOT TRANSFERABLE, but will be re-purchased by the Town. The Rules and Regulations pertaining to the cemetery are on file in the Town Clerk's office and may be examined on request.

Norwell Cemetery Committee
Theodore Baldwin
Gertrude Daneau, Chairperson
Charles Dirk
Francis Nagle
Mary Lizotte, Clerk

PERMANENT BUILDING & MAINTENANCE COMMITTEE

The PBMC has been busy fine-tuning and completing some miscellaneous items at the new Fire Station located at 300 Washington Street. We are pleased to report that we continue to get positive feedback from various groups and Norwell citizens on this project.

The next immediate project will be working with Police Chief Galvin in overseeing structural repairs in the garage area of the police station.

A future project, we suspect, will be involvement in the Sparrell School renovations.

We have had two resignations and two new members added to our committee this past year.

As usual, the PBMC looks forward to working for the citizens of Norwell and looking after their best interests.

Respectfully submitted,
Manny Schembari-Chairman
Marty Sullivan-Clerk
Harry Merritt
Steven Waitakatis
Glenn Ferguson
George Williams Jr.
Spencer Joseph

BOARD OF WATER COMMISSIONERS

The Norwell Water Department was pleased to serve 3,125 residential, commercial, municipal and industrial accounts during 2000. There were 38 new customers. The total amount of water pumped from all sources was 366,707,990 gallons, an increase of two percent from the previous year's production. The average demand was just over 1 million gallons per day. Maximum day was June 25, 1.85 million gallons.

We made over 400 service calls for various reasons, 62 road excavations for new services and repairs, had 4 water main breaks and replaced 4 hydrants. Incidence of leaking services has been dramatically reduced since corrosion control (pH adjustment) was implemented in 1996. Unaccounted

water during the year was approximately seven percent of the total produced. This is far better than most communities. The Massachusetts Department of Environmental Protection (DEP) considers 15 percent acceptable. The Water Department monitors 40 selected residences and the public schools for lead and copper, to measure the effectiveness of our water treatment relative to corrosion products from household plumbing. Sampling shows negligible or zero lead and copper, proving the treatment effective.

We are developing a new water source (Municipal Well #11) located in the Old Pond Meadows aquifer off South St. This year we acquired 75 acres of back land there to provide the required four hundred foot (Zone I) protective radius and additional buffer for wellhead protection. We employed the civil engineering firm Fay Spofford & Thorndike to evaluate various treatment techniques, and decided to pilot test the most promising of these in the spring of 2001. Based on results, the Water Commission plans to ask the Town for funds for engineering and design of the new well and treatment facilities.

The Norwell Water Department received a Public Water System Award, and was honored in a ceremony at the Massachusetts State House on National Drinking Water Day, May 11, 2000. We were one of only 20 systems (from a total of 522 public water suppliers in the state) to be recognized for overall excellence in key areas of operation. The Board of Water Commissioners is extremely proud and thanks Superintendent Jack McInnis and his superb staff.

Water Commissioner Donald E. Reed resigned from the Board at the end of the year, after over ten years of service. We could fill this book listing Don's contributions. Don is a renowned groundwater hydrologist, and literally took the department from dousing for water to technology - based exploration. The new Well #11 is a result of Don's efforts, and has the potential to be the highest producing well ever found in Norwell. Peter Dillon was appointed to fill the remainder of Don's term. Jim Regan and Dave Hamblen left the department to pursue other careers. They were replaced by Scott O'Keefe and Robin Salvati.

Al Gunderway served Norwell in many ways, including Water Commissioner from 1976 to 1987. He died this year at age 90. We will miss his selfless dedication and wonderful sense of humor.

Respectfully submitted,
Frederick H. St. Ours, Chairman
Steve Ivas
Donald E. Reed
Peter Dillon

BOARD OF HEALTH REPORT

The year 2000 has been a productive one. After a bid process and much negotiation, we now have a signed three-year contract with Waste Management, Inc. for curbside pick up of trash and recycling. As is the case when you change vendors, you encounter problems. Hopefully, they will be minimal while Waste Management becomes familiar with the streets in town. As of this writing the Board is in discussion with SEMASS, the facility where we incinerate our trash, for a portion of grant monies to be disbursed to member cities and towns.

The School construction and renovation projects are progressing. The Vinal School presented very few problems. The renovation project at the high school is underway and proceeding quite nicely and the construction of the new middle school is a work in progress.

At the annual town meeting our smoking by law changes were unanimously voted. The Norwell Board of Health, in conjunction with the South Shore Boards of Health Collaborative Tobacco Control, instituted more stringent regulations for restaurants that are permitted to have smoking. Some restaurants have complied with the changes; others have opted to be "smoke-free".

The spring of 2000 brought yet another health issue when West Nile Virus started appearing. The Board will be working closely with Department of Public Health and Plymouth County Mosquito Control in the spring of 2001 and we are in the process of putting together an informational flyer for the residents of Norwell.

In the year 2000 Brian Flynn, Health Agent and Jim Jenkins, were kept extremely busy doing percolation testing under Title 5 for what would end up to be the most number of permits ever taken out in one year for new or repair of septic systems in town. There is a lot of work that goes into making a system that will not affect the environment adversely.

The Board would like to thank the VNA, who work in conjunction with the Board of Health, for all their hard work with public health care issues. The Board is grateful for their assistance throughout the year.

Thanks to our hard working staff, Health Agent Brian Flynn and Administrative Assistant Pat Cummings. Thanks also to all Boards, Commissions, Committees and Department Heads and the citizens of Norwell.

HEALTH DEPARTMENT ACTIVITIES

Complaints	153
Swimming pool/jacuzzi inspections	7
Percolation tests/groundwater observ.	177
Septic System final inspections	150
Plan Review (Septic,Planning,ZBA)	156
Food Service Inspections	155
School Inspections	12
Municipal building inspections	0
Communicable diseases recorded	11
Water samples for lab analysis	5
On site/office consultation	235

PERMITS ISSUED IN 2000

Tobacco sale permits	11
Milk & Cream Permits	47
Food service establishment permits	38
Retail food store permits	30
Catering function permits	19
Catering establishment permits	4
Massage facilities permits	7
Therapeutic massage permits	25
Public/semi public pool permits	6
Public/semi public hot tub/jacuzzi	1
Swimming pool installation permits	27
Municipal disposal works permits	1
New commercial disposal work permits	3
Commercial disposal works permits	6
New residential disposal work permits & Revisions	99
Residential disposal works permits & Revisions	103
Sun tanning bed permits	0
Funeral director permits	2
Motel permits	3
Overnight camp/trailer park permit	1
Recreation camp permits	4
Mobile Home park permits	2
Disposal works installer's permits	92
Septic hauler's permits	20
Medical waste hauler's permits	1

Also: Monthly fees for two-(2) mobile home park spaces

A total of $81,603.00 for permits, fees etc. were turned into the Treasurer/Collector.

Respectfully submitted,
George Cavanagh, Chairman
John O. Litchfield
Peter M. Dillon

COUNCIL ON AGING

The Council on Aging has been in existence as a town department by way of unanimous vote since the 1964 Annual Town Meeting. Its main function remains the same today as it did 36 years ago - to provide information, advocacy and resources to the older adults of Norwell. It continues to be the community focal point for services and programs that can assist, support and supplement the concerns and needs of our older residents, their families and friends.

The primary responsibilities of the Council on Aging focus on five pertinent areas; information & referral, advocacy, outreach, transportation and education. During 2000, the Council on Aging met these responsibilities by the development and implementation of pertinent programs and services both here at the COA Center and via the successful cooperation of community agencies and organizations. At the end of the 2000 fiscal year, we provided services and/or programs to over 600 individuals with over 43000 units of service given via the aging network and support system.

The Outreach Program continues to be one of our top priority programs. Outreach is defined as a support service that aids in providing an avenue for the provision of services for the older adult to include their spouse, caregiver and/or family member. Outreach works with those older adults who may need support with fuel assistance, housing concerns or may be in an "at-risk" situation. The Outreach Coordinator works with families, agencies and local resources to insure all is being done to assist and support the older individual. In 2000, Marion McLaughlin retired after over 13 years of service to the community. Her commitment and dedication to the seniors and to the COA will always be remembered and we thank Marion for her time and efforts. In November of 2000, we hired a new Outreach Coordinator, Deborah Bastoni, and look forward to working with her in the new year.

Volunteers continue to be the backbone of our department. In 2000 we were most fortunate to receive over 5200 hours in volunteer service from over 85 different individuals. Examples of this dedication and commitment range from providing medical transportation; program instruction and support; assisting in the office; or delivering meals to homebound elders. This dedication from so many has saved the community over $79,000 per year!

Transportation is another responsibility and necessary asset to the COA operation. With the expertise of 2 part-time drivers, we provide over 30 hours of transportation services weekly encompassing over 5800 trips per year. In addition to the transportation program with the COA van, we have special transportation services for medical appointments that cannot be served through our own van and a back-up system of volunteer drivers that allow us to provide the best service possible. In 2000 we added another grant program called the MTB5 that takes seniors into Boston 2 days/week for medical appointments. This program, in conjunction with another medical access program called MAP5, works within a consortium of 5 towns, Norwell, Cohasset, Hingham, Hull and Scituate. These programs allow us to give appropriate and better access for medical appointments outside of the South Shore area. Both are grant funded via the Older Americans Act and the Executive Office of Elder Affairs.

The Council initiated a new program in 2000 to help seniors in the community with their property tax bill(s). The "Senior Workoff Program" started in September 2000 and was extremely successful in its first year. Residents can volunteer their time and efforts within a municipal department for an abatement of up to $500 off their property tax bill. This program not only helps the older resident, but also the participating department with their workload. Sixteen residents participated in the program for 2000 and we look forward to increasing that number in 2001.

We would like to take this opportunity to express our appreciation to the volunteers who are the mainstay of operations, the "Friends of the Norwell Council on Aging" for their program and financial support, the support and dedication of our staff, other Town Departments and the residents of Norwell.

MEMORIAL DAY 2000 REPORT

Once again with the help of members of the Samuel Turner, Jr. Post 192 and the Cub Scouts, all veterans graves were decorated prior to Memorial Day. Each year the count of deceased veterans increases.

Memorial Day dawned bright and clear and the parade led by the Norwell Police cruiser proceeded down Main Street to Norwell Center. The marchers, which included the Samuel Turner, Jr. Post 192 Color Guard, the Norwell Fire Department Color Guard, the members of the Board of Selectmen, members of Post 192 and other veterans, Sons of the American Legion, Detachment 192, Boy Scouts and Girl Scouts and Cub Scouts and Brownies marched to the music provided by the Norwell High School Band, under the direction of Mr. Anthony.

The ceremonies were opened with invocation by Rev. Richard Fewkes of the First Parish Church, followed by the Pledge of Allegiance. Virginia Kulka sang the Star Spangled Banner. Chairman of the Board of Selectmen David Truesdell brought the greetings and thanked all for taking time out to honor our veterans.

Our first Junior High speaker, Rupsha Biswas recited the Gettysburg Address and this was followed by a selection from the band. The second speaker, Karen Fitzgerald read a personal essay on Memorial Day and what it meant to her.

Our principal speaker was Captain Peter Kulka who spoke on the life of a serviceman or woman in these modern times. He told us he would be serving in Kosovo in April, 2001.

The Firing Squad gave a Salute to the Dead which was followed by Taps. Rev. Fewkes gave the invocation and the ceremonies were closed. All marchers then proceeded to the Central Fire Station where they were served a collation by the Fire Department and Ladies of the Auxiliary.

Thank you to all who made this day such a success.

Herbert N. Fredrickson
Memorial Day Chairman

REPORT OF THE PLYMOUTH COUNTY MOSQUITO CONTROL PROJECT

The Commissioners of the Plymouth County Mosquito Control Project are pleased to submit the following report of our activities during 2000.

The Project is a special district created by the State Legislature in 1957, and is now composed of 25 Plymouth County towns, the City of Brockton, and the Town of Cohasset in Norfolk County. The Project is a regional response to a regional problem, and provides a way of organizing specialized equipment, specially trained employees, and mosquito control professionals into a single agency with a broad geographical area of responsibility.

The 2000 season began with an average water table for the region. Efforts were directed at larval mosquitoes starting with the spring brood. Ground and aerial larviciding was accomplished using B.t.i., an environmentally selective bacterial agent. Upon emergence of the spring brood of adult mosquitoes, ultra-low volume adulticiding began. The Project responded to 10,146 complaints, a 63% increase over 1999.

Eastern Equine Encephalitis Virus isolations obtained by the Massachusetts Department of Public Health increased in 2000. The first EEE isolate was found in collections from Easton on July 23, 2000. Three isolates were collected in Plymouth County from *Culiseta melanura,* a bird biting species, on the following dates: Hanover (9/2), Brockton (9/9) and Halifax (9/16). A four-year-old girl from Rockland tested positive on September 15 for EEE, resulting in the first human EEE case in Massachusetts since 1997. The recurring problem of EEE and the introduction of West Nile Virus to the Northeast continues to ensure cooperation between this Project and the Massachusetts Department of Public Health.

On July 22, the first crow infected with West Nile Virus was found in Massachusetts, at Willow Pond in Jamaica Plain. Plymouth County's first infected bird was found in Middleboro on August 13, 2000. As of October 24, eighty-eight infected birds had been found in 19 of the 27 communities serviced by the Project. To ascertain the risk to human health, Plymouth County Mosquito Control placed mosquito traps in the areas where infected birds were found. The mosquitoes collected were tested at the Massachusetts Department of Public Health for West Nile Virus, but none were infected.

In the last several years, two exotic mosquito species *(Aedes albopictus and Ae. japonicus)* have been found in Connecticut and New Jersey. The larvae of these mosquitoes are found in man-made

containers such as tires and buckets. These mosquitoes are probably capable of transmitting Eastern Equine Encephalitis and West Nile Virus to people. We at Plymouth County Mosquito Control are concerned about this new threat to the Northeast U.S. In an effort to be proactive, we have begun to monitor containers for these new mosquitoes, but neither has yet been found within Plymouth County.

During the winter of 2000, Plymouth County Mosquito Control Project created a web site designed to provide information about mosquito biology, mosquito borne diseases, repellents, and the Project. The web site also provides current information on West Nile Virus activity within the Project area. The web site has been well received by the public and is a featured site at Study Web® (www.studyweb.com) as one of the best educational resources on mosquitoes for students and teachers. Since May, the web site has received over 6,000 visits, and we hope you will also find it a valuable tool. The web site address is www.plymouthmosquito.com.

The figures specific to the Town of Norwell are given below. While mosquitoes do not respect town lines the information given below does provide a tally of the activities, which have had the greatest impact on the health, and comfort of Norwell residents.

Insecticide Application. 7,840 acres were treated using truck mounted sprayers for control of adult mosquitoes. More than one application was made to the same site if mosquitoes reinvaded the area. The first treatments were made in May and the last in September.

In cooperation with this Project supplying insecticide, Norwell town employees treated 1,227 catch basins to prevent the emergence of *Culex pipiens,* a known mosquito vector in West Nile Virus transmission. This application was conducted in mid-September.

Our greatest effort has been targeted at mosquitoes in the larval stage, which can be found in woodland pools, swamps, marshes and other standing water areas. Inspectors continually gather data on these sites and treat with highly specific larvicides when immature mosquitoes are present. Last year a total of 45 inspections were made to 99 catalogued breeding sites.

Water Management. During 2000 crews removed blockages, brush and other obstructions from 600 linear feet of ditches and streams to prevent overflows or stagnation that can result in mosquito breeding. This work, together with machine reclamation, is most often carried out in the fall and winter.

Finally, we have been tracking response time, that is the time between notice of a mosquito problem and response by one of our inspectors. The complaint response time in the Town of Norwell was less than two days with more than 382 complaints answered.

Mosquito Survey. A systematic sampling for the mosquitoes in Norwell indicates that *Culiseta melanura* was the most abundant species. Other important species collected include *Aedes vexans* and *Culex pipiens.*

We encourage citizens or municipal officials to call our office for information about mosquitoes, mosquito-borne diseases, control practices, or any other matters of concern.

Kenneth W. Ludlam, Ph.D.
Superintendent

Commissioners:
Carolyn Brennan, *Chairman*

Leighton F. Peck, Jr., *Secretary*
William J. Mara
Michael J. Pieroni

NORWELL RECREATION COMMISSION

Norwell Recreation offered over 200 program opportunities to all ages and interests in 2000. There were over 10,746 program participants, which was a 5.3% decrease over 1999. One contributing factor has been the cancellation of some programs because the school construction projects resulted in fewer facilities available for community recreation.

NEW PROGRAMS 2000		Sewing
Ceramics	Dance for Exercise (Tap, Salsa, Swing)	Summer Lacrosse
Computers-Open Lab Nights	Plaster Play	Summer Computer Fun
Cooking	Sailing Lessons for Adults	Ultimate Frisbee

New programs always meet with varying degrees of success and these were no exception -- some were hits and some were flops!

Other programs with a longer history continue. For youth we offered playgroups for toddlers and preschoolers, youth basketball, ski and snowboard lessons, gymnastics, afterschool arts, theater, science, fun activities, fitness programs, a variety of sports programs, school vacation activities, the Egg Hunt, April Vacation Baseball/Softball, field trips, summer recreation playground programs for ages 3-grade 8, crafts, watercolors, golf, tennis, kayaking and lots of field trips. Some programs are cooperative efforts with local organizations or businesses like the baby sitting and parent's helper courses provided by the Norwell Visiting Nurses Association, fitness opportunities at Webb's Pro Fitness Center, discount tickets for the Company Theatre, the Women's Club Bunny Breakfast, the youth dances brought to the town by the Women's Club or the 4-H Horsearounds, the Fishing Derby cosponsored by Village Green Real Estate and other area business and SummerStage (concerts) with Victory Markets and many more local businesses helping to sponsor two summer concerts. At the Men's Club popular Town Fair event we tried a wacky water balloon event that was fun for those who found us. For adults and teens we offer many activities such as workreation - a teen volunteer program, dog training, C.P.R., first aid, golf, coed volleyball, field trips, skiing trips, yoga, gardening, dance lessons, and a variety of workshops and seminars. The Job Bank provides a list of teens willing to child sit, do yard work, and odd jobs which gives residents a valuable resource. We will look into any program suggestion because others may like your ideas! You can see our imaginations (and resources) only limit the variety. So keep those ideas and suggestions coming.

The value and quality we offer seems supported by our high participant numbers. Budget moneys cover the administrative costs of providing recreation services and the staffing for the three general summer playground programs. In 2000, $16,725 was deposited into the general fund, which offsets our budget request so the bottom line for recreation was $89,534. In addition, more than $116,464 was spent on activities totally supported by participant fees. All other activities and services (95% of the programs) have continued because the participants pay all costs with fees. It is our hope that Norwell voters continue to recognize the importance of recreation through public support and not just by one's ability to pay!

Program scholarships totaling $880 were offered and used by many families and we welcome contributions to cover those costs! It becomes clear that fees do impact families who can continue to benefit by recreational services. The Workreation program is where teens volunteer to assist in various capacities in exchange for credit toward recreation activities. We had 13 teens volunteer 205 hours! There were more than 1543 hours that adults volunteered with coaching, teaching, supervising field trips; conducting special events, program assistants, commission members, maintenance projects, etc. That certainly deserves a huge thank you!

Norwell is fortunate to have commission members dedicated to public recreation programs and facilities. After 19 years of dedicated service and a yeoman's effort in all our projects and special events, Paul Crowley resigned in August. During his tenure he served as Chair, Vice-Chair, representative on the Athletic Field Committee and was always there when we needed him. Chair, Norma Tosney, and members Mike Hnatkovich, Ginnie Maree, and Pat Richardson contribute time, energy, and various areas of expertise. Our newest member, Mike Hnatkovich, joins with years of experience with the Norwell Youth Soccer program. Pam Manning, past member, returned again this year to assist as coordinator for the Fishing Derby. We wish to thank all members for their interest, their support and their time!

Leadership quality is perhaps our best asset. Through recreation director, Dale Connor; program-coordinator, Judy Volpe, and the many excellent program instructors' and leaders' efforts, knowledge, dedication, concern, and enthusiasm, Norwell is provided with recreational services envied by many neighboring communities. We extend our appreciation for all their exceptional efforts.

The Recreation Commission thanks the School Department for their support through the usage of facilities -- gyms and fields, and also recognizes Paul Foulsham and the Tree and Grounds Department for their field maintenance and improvements. Without these cooperative efforts, our programs would be more limited and/or costly. Each year the Town relies more and more upon other organizations within town such as Little League, Girls Softball, Youth Soccer, and Youth Lacrosse to help with the maintenance expenses of the facilities they use.

We mail our seasonal brochure four times a year to every Norwell postal customer. Our challenge continues to be funding support and improved recreational facilities. Participant feedback and numbers show support for services with continual requests for more. 2000 saw some improvements in

the area of recreational facilities for the town. The new playing field at the Osborne farm was constructed over the summer and will see it's first games in the fall of 2001 after the required two growing seasons. The Athletic Field Committee hopes to continue that site's development with a softball and a practice or youth field. The Recreation Commission also supports the concept of a community center at either the Sparrell or Goldman schools when the school department no longer needs them. Are you interested? We take pride in our response to your interests and needs and hope to hear your ideas! We have programs for all ages, all interest levels. Take a look at one and join us in a future program! *This is your recreation department!*

Submitted by Dale Connor, Director and the Recreation Commission: Chair Norma Tosney, Mike Hnatkovich, Ginnie Maree, and Pat Richardson.

RECYCLING COMMITTEE

In 1989, a recycling committee was formed and the program has flourished ever since. In the 2000 fiscal year that ended June 30, 2000, Norwell recycled 859.62 tons of mixed paper, 57.44 tons of scrap metal, 244 units of white goods and 216.86 tons of commingled containers (glass/plastics numbers 1-7). While we are proud of these statistics, we are not satisfied, and want to encourage more understanding of and involvement in recycling. Therefore, the committee applied for 3 grants this year through the Department of Environmental Protection and received all 3 totaling $11,977. One of the grants was for recycling educational material, from which you will receive a mailing shortly. Another of the grants was for recycling outreach assistance.

The committee continues to work on an incentive recycling program, which is in it's 4th year. With the help of residents the committee has been awarded from this program over $5,000 for phase 1, which translates into $10.00 per ton for 514 tons of recyclables. If we had sent this tonnage to SEMASS, it would have cost the town $12,000 more, because SEMASS charges $24.20 per ton. For every additional ton recycled, compared with last year, Norwell is paid at a higher bonus rate of $20.00 per ton.

Norwell is a member of the South Shore Recycling Cooperative which is a group of 13 towns that work together to maximize their solid waste programs. The South Shore Recycling Cooperative does cooperative contracting for solid waste related services such as regional household hazardous product collections, construction waste disposal and brush grinding. This results in better pricing due to economy of scale and reduced administrative time in bidding and servicing the contracts. Through the household hazardous contract, residents in Norwell may bring their hazardous material to other town collection sites through an arrangement that is administered by the South Shore Recycling Cooperative. As a group, the South Shore Recycling Cooperative advocates for laws, regulations, and funding sources that will assist our solid waste managers in providing service to their citizens at the lowest cost.

The next time you recycle, remember you will be helping earn money to support your community's recycling program.

Respectfully Submitted,
Recycling Committee

Joanne M. Dirk, Chair	Scott Birmingham
Anne Fridgen-Traft	Judy Enright
Carole McCarthy	

SOUTH SHORE RECYCLING COOPERATIVE

According to the IMA, the mission of the SSRC is as follows: "... to provide a forum of cooperative management of solid waste by members, to assist each member Town to improve the cost-effectiveness of their recycling efforts by providing economy of scale while maintaining full control over solid waste management; to assist members to improve programs to divert waste materials from the waste stream and to reduce the amount and toxicity of wastes; and to provide such assistance on an individual basis to each member Town and cooperatively in joint programs with other Towns."

The mission has been fulfilled to the Town of Norwell this year in the following ways:

1. By using the regional contract negotiated by the SSRC with Safety Kleen for the collection and disposal of household hazardous products, Norwell paid less than 80% of what it would if it used the State contract, and avoids the administrative time required to bid. At this year's

collection, which was attended by 130 residents, savings amounted to approximately $1,233 for this service. In addition, the Planner publicized the event with flyers delivered to the town hall and library and ongoing press releases in all local papers, on cable TV and the radio. The Planner helped open the collection day, provided proper signage, and calculated the proper billing for the vendor to ensure that discounts and allowances were credited. The contract also allowed for residents to attend the other fifteen collections in the region during the year. This year, seven Norwell residents were served by this reciprocal arrangement.

2. The SSRC bid, awarded, and administered contracts for brush grinding and trommel screening for the processing of compost, which gave Norwell favorable rates.
3. As a group, the SSRC lobbied successfully for changes in the requirements for receiving grants under the MRIP program which increased the benefit to Norwell by over $1,000 in the coming year. The SSRC also engaged in a letter-writing campaign for passage of solid waste legislation aimed at making manufacturers and retailers of products such as tires, motor oil and fluorescent tubes responsible for providing money or collection service for proper disposal of these products. This would ease some of the burden the towns bear for these services.
4. The SSRC publishes a monthly newsletter filled with information of immediate interest to the South Shore solid waste community, including local solid waste news, meetings, and seminars.
5. The Planner provided public outreach by writing articles promoting waste reduction and recycling.
6. The SSRC Planner attended and presented at forums and conferences hosted by the DEP, South Shore Health Officers Assoc., Solid Waste Assoc. of North America, The Northeast Recycling Council, Council of SEMASS Communities, the Mass. Recycling Coalition, and the New England EnviroExpo. She is a member of the Mass. Solid Waste Advisory Committee, which is updating the Solid Waste Master Plan, and is on the Source Reduction Subcommittee. The Planner conducts market research to advise managers of their best options for disposal and recycling and provides technical assistance and referrals to town solid waste managers in any other way possible. The Planner shares all information with the Managers, and shares the Managers' concerns with the professional and State organizations.

The SSRC exists to serve its member towns by facilitating their solid waste disposal and recycling functions. Suggestions on other ways it can better serve Norwell are always welcome.

Respectfully submitted,
Joanne M. Dirk
Norwell's Representative to the SSRC
Treasurer of the SSRC

REPORT OF THE BEAUTIFICATION COMMITTEE

The Beautification Committee sponsors five programs to improve and to beautify the town's streets, buildings and environs:

1. **ADOPT-A-STREET.** Continuing the goal of a litter-free Norwell, over 100 townspeople volunteers regularly pick up and remove litter and debris from along the town streets.
2. **TRIANGLE.** The street intersections, monuments, police station and town center have plants, flowers, shrubs and trees planted and maintained by over 50 townspeople who volunteer their time and talent to add to the beauty of the town.
3. **LIBRARY.** Twice a year the library grounds are cleaned and groomed by the Beautification Committee. Additional daffodils are planted and the Japanese Garden at the rear of the library is cleaned, pruned, fertilized and improved.
4. **ELM TREE.** As part of the 2000 daffodil program, six additional elm trees were planted by townspeople.
5. **DAFFODIL.** This past year, hundreds of townspeople planted 34,700 daffodils. To date, nearly 360,000 daffodils have been planted along our streets. We all enjoy their beauty in the Spring!

This year we were able to provide additional landscaping in front of the Norwell town offices. Also, we were successful in providing a new and very nice lighted sign for the town offices. With the help of our Fire Chief, Paul Rosebach, and with support from Paul Foulsham and the Tree and Grounds

Department, we were able to plant 5 sweet gum trees at the new fire station and headquarters on Washington Street. We were also successful in arranging the installation of lighting and landscaping for the fire station sign.

None of this would be possible without the continuing help and support of the good people of Norwell. We thank you very much.

REPORT OF THE PLANNING BOARD

The Planning Board was both ***proactive*** and ***reactive*** on several fronts during 2000.

Proactively, the Planning Board undertook a number of projects:

1. The beginning of work on a new Master Plan is very important for the future of Norwell. It will provide a forum for conscious thinking about how we, the Town's residents, wish the Town to look and grow in years to come. The Planning Board appointed a Master Plan Study Committee to formulate an article requesting funding for a Master Plan for the 2000 Annual Town Meeting. The proposal for $70,000, presented by Study Committee Chairman Mark Devine, was approved unanimously. The Study Committee was then reformed as the Master Plan Steering Committee, and worked for several months to develop a Request for Proposals (RFP), seeking a consulting firm to assist the Planning Board and the Steering Committee in the Master Plan process. The RFP was issued in December.
2. A Pedestrian Travel Improvement Fund was established under M.G.L. Chapter 44, Section 53A, to receive donations for the construction and maintenance of walking paths, sidewalks, and other pedestrian travel enhancements where needed in Town. In some cases, the Planning Board may waive the construction of sidewalks in small subdivisions for practical or aesthetic reasons, in return for an in lieu donation to the Pathway Fund.
3. An amendment to the Zoning Bylaws was approved by the May Town Meeting, delineating a 100' no-disturb buffer zone along the Route 3 right-of-way from Third Herring Brook (Hanover Mall) south to the North River. This will provide some visual screening, as well as light and noise abatement, a benefit not only for those properties directly adjacent to the highway, but for all parcels nearby.
4. A new Planning Administrator position was created and approved the Union. We were very pleased to appoint Mary Coyle, formerly Planning Board Aide, to this new post. She began her duties in November, and continues to bring a wealth of knowledge and experience to the administration of the Planning Board Office.

Reactively, the Planning Board was involved with at least 20 Subdivisions in various stages of review or construction.

1. Two subdivisions were approved in 2000: Hawthorne Park (10 lots), and Heritage Estates at the corner of River Street and Stetson Road (3 lots). In addition, 13 Form A plans were approved.
2. Subdivisions previously approved and under construction during 2000 were Autumn Lane (5 lots); Black Pond Brook Estates (Clapp Brook Road, 5 lots); Journey's End (Edgewood Park, 9 lots); Laurelwood (21 lots in Norwell, plus 3 in Scituate); 96 Parker Street (Pinson Lane, 3 lots); Walnut Tree Hill (4 future lots in Norwell, plus 56 in Scituate); and Wildwood (4 lots). Construction of roadways is closely monitored by the Planning Board through its engineer.
3. Two subdivisions previously approved have not yet started construction: Bramblewoods (Brattle Road, 5 lots), and Masthead Drive Extension (2 lots).
4. Subdivisions under review during the year were Birchwood Farms (12 lots); Field's Landing (5 lots); Prairie Farm Estates (4 lots); and Simon Hill (18 lots).
5. Three subdivisions were denied, and three were in litigation.

Finally, the Board experienced some personnel changes this year. Longtime member Matthew Cronin resigned and his seat was filled after a contested election, by Herb Heidt. Longtime member Avril Forest was elected chair, but resigned in July to pursue a new job opportunity in Phoenix, Arizona. Bruce Graham was then appointed to fill that vacancy, and Sally Turner was elected chair. Whew, what a year.

The Planning Board meets on Monday evenings at the Town Hall. Appointments are necessary, and can be arranged by calling the Office at 659-8021.

Respectfully submitted,
Sally I. Turner, Chair
Mark Bailey, Vice-Chair
Herb Heidt, Clerk
Bruce Graham, Alternate Clerk
Richard W. Twigg, Jr.

REPORT OF THE FENCE-VIEWER

GOOD FENCES MAKE GOOD NEIGHBORS, so says Robert Frost, but it is equally true that neighborly disagreements may make bad fences, and it is the duty of the fence-viewer to intervene on occasion and try to restore a tolerable accommodation. A chain-link fence is the offensive weapon most often, and it is erected before I am called. I plan to ask Town Meeting for a Regulation prohibiting chain link fences in residential areas unless a permit is given. I could then talk with the parties concerned and be of some help before the fence goes up.

People often ask how I choose the Fence of the Year. I use these criteria. It must be on a well-traveled road and visible to the passer-by. (The most beautiful fence, located on a cul-de-sac will not make it.) It must appear right for its location and right for its purpose. It must have a certain Beauty by virtue of its proportions, its elegance or its association with flowers or other plantings.

The Fence of the year for 2000 is the triple split-rail on Circuit and Pleasant Streets, the old Donovan property. It is also an honor and a pleasure to name the Fence of the Millennium, which is at 370. This elegant fence stands comparison with any fence in Eastern Massachusetts.

Some of you will remember that I expected to be promoted, in a routine fashion, to President of the Association Internationale des Cloture-Voyeurs in the year 2000. But the allies of President Etienne L'Escargot raised an uproar, denouncing me as being insensitive to the fencing needs of developing countries, women, and people of color, a particularly galling charge to me who you all know as a liberal Democrat. I lost the election, and without the support of my friends from Latin America and the Quebecois, I would also have lost my Vice-Presidency. So, at present, an uneasy truce exists between our factions. Better luck in 2001.

Arthur J. Garceau, Fence-Viewer

REPORT OF THE CONSERVATION COMMISSION

During 2000 the Norwell Conservation Commission continued to manage Norwell's conservation land and administer the State Wetlands Protection Act and the Town of Norwell Wetland Protection Bylaw. The Conservation Commission was also responsible for conserving additional open space for the town.

The Commission became the stewards of two parcels of land thanks to donations. Mr. and Mrs. Alfred MacKenzie donated a one-acre parcel off Parker Street. This land has conservation value for resource area protection and is adjacent to other town-owned land. Jacobs Pond Estate, proponents of the assisted living complex, donated almost four acres of land along the shores of Jacobs Pond. They also presented the town with a gift of $5,000 to establish the Jacobs Pond Gift Fund for pond maintenance. This gracious monetary gift will be repeated annually.

At Special Town Meeting in November, townspeople overwhelmingly voted in favor of the Commission's Article to purchase the Betzold property, 15 acres of open space located within the aquifer protection district at the end of Beers Avenue. The purchase preserves access to undeveloped land in a densely developed section of town, safeguards endangered species, and helps protect the town's water supply. The citizens of Norwell clearly recognize the importance of preserving open space to maintain Norwell's rural character and continue to support conservation efforts.

Before year's end, Norwell was awarded a $162,000 Self-Help Grant from the state's Executive Office of Environmental Affairs to help pay for the acquisition of the Betzold Property. The grant covers 54 percent of the purchase price of $300,000. The portion of the purchase price not covered by the grant was paid for with profits from the sale of a 45-acre parcel of the Donovan Property.

The Conservation Commission worked with many local groups to promote the use of conservation land. In partnership with the South Shore Natural Science Center, the Commission

sponsored the third annual Jacobs Pond Clean Up Day. This project involved many volunteers and reflects the Commission's dedication to maintaining the pond and surrounding area.

We approved a new five-year Open Space Management Plan for Stetson Meadows this year and remain committed to achieving the goals set forth in the plan. This action plan is an important part of the town's total Open Space Plan. One of the goals, clearing the view field at Stetson Meadows, was implemented this year under the forestry management plan to promote use of the area, at the same time preserving it's natural function and beauty.

Eagle Scout candidates are a valuable resource for the entire community. Mike Boutross, a senior at NHS, blazed a new walking trail at Stetson Meadows. Dan Blaney, also a senior, built a pristine trail and sturdy footbridges connecting the new middle school to the Donovan Property. Ryan Siu completed his project to re-establish the Hatch Lot conservation trail between Grove and Prospect Streets. The Conservation Commission thanks the Scouts for their tireless commitment to enhancing passive recreation in Norwell.

Another great source of energy and enthusiasm came from a group of Norwell's retired seniors. Wes Osborne, Miriam Allen and Ralph Knowles, participating in the Senior Work Program, spent 15 weeks improving conservation land at Stetson Meadows and clearing trails around Jacobs Pond and Fogg Forest. In October a surprise ceremony was held for Wes Osborne to thank him for his decades long commitment to the town. A two-mile trail around Jacobs Pond was dedicated in his name.

Chairman Gregg McBride, in his first year at the helm, steered the Commission through a record ***one-hundred*** public hearings under the Massachusetts Wetlands Protection Act and the Town of Norwell Wetlands Bylaw. The Commission meets on the first and third Tuesday of the month at 7:30 p.m. Meetings are open to the public.

Respectfully submitted, *Norwell Conservation Commission*
Gregg McBride, Chairman, Burton Bryan, Vice-Chairman; Members: Herbert Heidt, Kathryn Mudgett, W. Clifford Prentiss, A. Gail Storm, Christine E. Werme; Judith Salter, Agent and Debbie McClelland, Administrative Aide.

NORWELL HISTORICAL COMMISSION

At the start of 2000, Norwell lost one of its most colorful and well known historians.-Jon C *Haskins.* A Norwell native, Jon brought the joy of -the land and its animals to our town. He was a good friend and vigilant caretaker of the Jacobs Farmhouse on Main Street. He and his wife, Joan, were also the tenant/caretakers of Norwell's historical *Stetson Ford House on* Farm Meadows Way. We mourn the loss of this true and faithful man.

In May', *Jon W. Haskins* and his family assumed the responsibilities that once. were his father's. Animals are once again at the farmhouse, fields are mowed, sheep are shorn, stonewalls are being repaired, -and the laughter of children once again falls the Stetson-Ford farmhouse.

The Commission is pleased to announce that the organization of the *Historical Commissions of the South Shore ,* that was initiated by this Commission four years ago, continues to include twelve local towns, from Plymouth to Weymouth. The HCSS has provided material, workshops and speakers that have assisted it's members in their continuing attempt to maintain the historical character of the South Shore. Our Commission member, and founder of this *HCSS, Carol E. Mesheau,* continues to serve as its' Chairman.

Joan Vermette, our Secretary, is presently serving on the *Sparrell School* reuse committee. *Patricia Rice and Scott MacEwen* continue to be our liaisons to the Historical Society and *Larry McDonough* is the Commission's contact with the Haskins family at the Stetson-Ford farmhouse. *Robert Babcock* is our organizer and chairman for Norwell's historical buildings' inventory and *Joseph Carty,* our long time Chairman, continues to be the *glue* that keeps us together, organized and productive.

Mr. Brian Tedeschi met with us several times and assured us that the colonial slate mile markers and granite 'stonewall' would be replaced in their original spots once the new Stop and Shop was built in Assinippi on Rt. 53. He also informed us the historical 1800 Jacob's house at 483 Washington Street, across from the proposed store entrance, would not be demolished. We found Mr. Tedeschi's cooperation both refreshing and encouraging.

Our first annual report required by the new Demolition Regulation bylaw was presented to the respective boards. We presented to the Selectmen at one of their meetings, an update and review of the work the Commission has accomplished and plans for the coming year, including the continuation of the inventory and recording of historical properties in town.

In the spring, the *Scituate Federal Savings and Loan Association* purchased our former *South Scituate Savings Bank* building in the Center. At our request, its president, Mr. Joseph Hayes graciously agreed to retain the SSSB vintage sign over the front door. We- appreciate- such considerations from our business community in our on-going attempt to retain Norwell's historical atmosphere.

During the year, approval was granted to the First Parish Church for a new fence around their cemetery in Norwell Center; approval was granted for the demolition of the Sparrell wing; there was continued general maintenance at the Jacob and Stetson farmhouses.; a new wooden walkway was constructed to the front door of the Jacobs Farmhouse to be used during inclement weather in order to protect the carpets and the floors; trellises were repaired, new doors we-re made for the farmhouse sheep shed and we continued to replace roofing.

There are three major projects in process. First, testing of the water by the State continues to show a- high bacterial count at the town owned Stetson-Ford House. The new tenants and caretaker family of Jon W. Haskin still are not able to use it for drinking or cooking even though the septic system replacement was initiated in April, with funding, voted in October. We continue to urge the Town officials to resolve this situation as soon as possible.

Secondly, the brush removal and repair of the cemetery plots, plus the placement of a new granite/iron link fence around the *Jacobs-Collamore Cemetery* on Jacob's Trail. This is being undertaken as an Eagle Scout project by David Krueger. An engraved 'native rock, selected by the Commission and professionally engraved, is waiting to be put in place when David's project is completed in the summer of 2001.

Thirdly, is the continuation of the inventory and listing of Norwell's historical properties. This is being carried out through the efforts of our newest Commission member, Robert Babcock, a registered engineer, and expert on antique buildings.

We are fully cognizant that we may be only as effective as our townwide support. Our sincere appreciation therefore, to all of those individuals who continue to support our preservation efforts.

Joseph R. Carty, Chairman
Carol E. Mesheau, Vice Chairman
Joan F. Vermette, Secretary
Robert A. Babcock
N. Scott MacEwen
Patricia A. Rice
Lawrence J. McDonough

METROPOLITAN AREA PLANNING COUNCIL

The Metropolitan Area Planning Council (MAPC) is the regional planning agency representing 101 cities and towns in the metropolitan Boston area. Created by an act of the Legislature in 1963, it serves as a forum for state and local officials to address issues of regional importance. As one of 14 members of the Boston Metropolitan Planning Organization (MPO), MAPC has oversight responsibility for the region's federally funded transportation program. Council membership consists of community representatives, gubernatorial appointees and city and state agencies who collaborate in the development of comprehensive plans and recommendations in areas of population and employment, transportation, economic development, housing, regional growth and the environment. The 25 member elected Executive Committee meets 11 times a year. The full Council meets three times a year. Meetings are held at various localities throughout the region.

MAPC works with its 101 member cities and towns through eight subregional organizations. Each subregion has members appointed by the chief elected officials and planning boards of the member communities and is coordinated by an MAPC staff planner. The MAPC subregions meet on a regular basis to discuss and work on issues of local concern. Cohasset, Duxbury, Hanover, Hingham, Hull, Marshfield, Norwell, Pembroke, Rockland, Scituate, and Weymouth are members of the South Shore Coalition (SSC), which is MAPC's second oldest subregion. The community representatives of the SSC subregion consist primarily of elected officials, town planners, and community representatives from the eleven neighboring towns.

This year, the South Shore Coalition

- participated in the development of the new Regional Transportation Plan, the main document that will determine transportation investments and funding until 2025, by reviewing the region's existing conditions, policies, and growth management options;
- discussed the implications of potential growth as shown by buildout analyses completed by MAPC; and

- hosted a workshop on Conservation Subdivision Design, a model study completed by MAPC on an innovative land use technique to preserve land while accommodating development.

In the past year MAPC staff worked with South Shore Coalition communities on the South Shore Pilot Project, an EOEA funded project that analyzed local master plans, open space plans and water consumption. A draft of the study has been completed, and the final report should be finished by the spring of 2001. MAPC also

- worked on an Atlas of Tidal Restrictions for South Shore communities;
- worked with coastal communities through the South Shore Local Governance Committee of the MassBays program;
- continues to participate in the development of the Route 3 South Land Development Task Force; and
- continues to work on the "Fish Study" which is studying the vitality of the Massachusetts Fishing Industry by comparing the harvesting sector of the seafood industry and information by port and subregions with the data collected in 1993. MAPC hopes to evaluate the condition of the fishing industry under the past seven years of federal management.

Redevelopment of the South Weymouth Naval Airstation

MAPC participated on committees discussing & reviewing redevelopment plans submitted by South Shore Tri-Town Development Corporation for SWNAS. MAPC staff reviewed & commented on regional issues and impacts associated with the project's EOEA / MEPA submitted ENF.

Southeastern Massachusetts Vision 2020

MAPC is continuing its work with the Old Colony Planning Council (OCPC) and the Southeastern Regional Planning and Economic Development District (SRPEDD) on the Vision 2020 initiative to address uncontrolled sprawl and improve management of the rapid changes occurring in southeastern region of the Commonwealth. The project recognizes that important choices lie ahead for the communities of southeastern Massachusetts and that a clear vision for the future will lead to more effective decision-making.

In the spring of 1999, the task force prepared a report: Vision 2020: An Agenda for the Future. The report covered facts, trends, and issues confronting the region, and included a strategy for action. That action plan was developed over the past year into the *New Mayflower Compact.* This past October, one hundred public officials, citizens and organization representatives from throughout southeastern Massachusetts gathered on board the Mayflower II to sign and support the *New Mayflower Compact.* Led by Congressman William Delahunt, local officials from across the region signed the voluntary regional growth management agreement. They agreed to: *"voluntarily join together to implement a growth management program that preserves the interests of each town and city yet profits from unified regional; actions. This program will be organized by the Regional Planning Agencies, acting together through local representation. The undersigned endorse this approach to growth management and commit to working collaboratively.... "* Forty two cities and towns have agreed to endorse the Compact. Forty additional signatures were added to support the communities' efforts.

Secretary Bob Durand of the Massachusetts Executive Office of Environmental Affairs praised the initiative and announced a grant for Vision 2020 of $125,000. State Senator Marc Pacheco represented the Southeastern Massachusetts Legislative Caucus. Donald L. Connors, Chair of the Vision 2020 Task Force was the Master of Ceremonies. The strong response to the Compact is an affirmation of a consensus that the region's inevitable growth can be accommodated with good planning.

Legislative

Working with state legislators, MAPC defined the parameters of a statewide road and bridge construction program under Chapter 87 of the Acts of 2000. The legislation will help to secure a .more stable funding source and insure an annual $400 million statewide road and bridge construction program. MAPC also played a key role in shaping and insuring the passage of legislation that reformed the funding of the Massachusetts Bay Transportation Authority. Similar efforts this year led to the passage of the Community Preservation Act and reform of the Commonwealth's Zoning Enabling Act.

Buildout Analysis Projects

MAPC is continuing its work with local communities on Buildout Analyses throughout the region. The Executive Office of Environmental Affairs has funded this two-year long effort and has contracted with MAPC to complete a buildout analysis for every city and town in the metropolitan region. The purpose of the study is to create an approximate "vision" in quantitative terms of the potential future growth permitted and encouraged by a community's bylaws. If the level or type of potential future development shown in the buildout analysis is not consistent with the community's goals or vision for the future, the residents may choose to make appropriate changes to the regulations. All of the communities in the South Shore Coalition have had their buildout analysis completed. They were presented at a "Super Summit" by EOEA last year, and will be presented individually, to each city and town, by the end of June 2001.

TRAFFIC STUDY COMMITTEE

The paramount concern of the Traffic Study Committee is the safety of residents and travelers, both pedestrian and vehicular, on the streets plus efficient movement of traffic on all streets in the Town of Norwell. In addition, the Board of Selectmen appointed the committee to investigate and make recommendations on the issues raised by residents of the town or other town boards regarding traffic problems or concerns. The Traffic Study Committee always welcomes any and all questions or concerns of a citizen regarding traffic matters.

During 2000 the committee dealt with various areas of concern to the citizens of Norwell.

The committee looks forward to serving the town during 2001.

Respectfully submitted,

John A. Micek

REPORT OF THE INSPECTOR OF BUILDINGS/ZONING OFFICER

Residential:

New Dwellings	38
Alterations/Renovations	153
Barn	5
Demolish Building	10
Garage	11
Pools	24
Re-roof	42
Tent	5
Woodstove	7

Commercial:

New Buildings	1
Alterations/Renovations	21
Demolitions	3
Re-roof	2
Shed	0
Signs	44
Tent	10

The permit fees paid to the Town of Norwell for calendar year 2000 was $238,540.19.

Number of Building Inspections	960
Zoning Issues	94
Meetings – re: School Projects	16
Meetings w/Handicap Comm	0
PBMC Meetings	24
Scheduled Inspections w/Fire Chief	33
Meetings w/Town Counsel	14
Scheduled Meetings in Office	92

The year 2000 brought more growth to the town in all areas. While new commercial buildings were down, there were more new homes, more additions and three schools were started - one new and two renovations. The building inspector receives no inspection fees for school projects and this is reflected in the total revenue collected. Fees on commercial projects of this size would generate somewhere around $400,000.

Zoning decisions have become complex as the amount of available land diminishes. We are grateful to the town for adding a new position in the department. This has helped greatly with the volume increase in work. We are working toward making the department more efficient with the anticipated computer programs which would link all departments.

REPORT OF THE ZONING BOARD OF APPEALS

There were 28 petitions to the Board of Appeals during 2000. A breakdown follows:

Type of Petition:	
Site Plan	1
Site Plan Modification	4
Site Plan, Special Permit, Variance	1
Site Plan & Special Permit	4
Special Permit	3
Special Permit (in-law apartments)	2
Special Permit (non-conforming structures)	3
Special Permit (Business District C)	3
Special Permit (private boat landings)	3
Variance	1
Sign Variance	2
Appeal of B I decision	1

The Board of Appeals meets on the first and third Wednesday of the month. All hearings are public and abutters within a 300-foot radius of the subject petition are notified. The office phone number is (781) 659-8018.

Jeffrey Volpe resigned this past September and Mr. W. L. Garside became a full member. Thank you Jeff for your commitment, concern and knowledge.

Respectfully submitted,
G. Bernard Gardner, Chair
Earl S. Opdyke, III, Clerk
W. L. Garside

Alternate:
Abigail Childs

REPORT OF THE WIRE INSPECTOR

The following list is for electrical permits for the year 2000.

New Commercial Buildings:.....4
Commercial Renovations.....38
Commercial Additions.....4

New Residential Buildings.....26
Residential Renovations..... 80
Residential Additions.....48

Appliances.....46
Pools.....23
Security/Alarms.....55
Voice data..... 9
Generators.....5
Signs.....4
Temporary Services.....18
Upgrade Services.....71
Septic Systems.....12

Trailers..... 2
Garages..... 5
Tents.....3

Inspections to the Vinal School, High School and Middle School are being done as an on-going process as well as meeting with the electrical contractors and others involved with the projects so they can continue the work and comply with the electrical codes of Massachusetts.

Respectively submitted,
John F. Moore, Wire Inspector
Charles Palmieri, Alternate

REPORT OF THE PLUMBING & GAS INSPECTOR

There were 227 plumbing permits, 148 gas permits and 30 hot water heater permits issued in 2000. The inspector and his alternate are part-time with most inspections done in the early morning or late afternoon.

Respectfully submitted,
Edward J. Geswell, Plumbing & Gas Inspector
John Hoadley, Alternate

REPORT OF THE SEALER OF WEIGHTS & MEASURES

This is an update of work done from January 2000 through December 2000.

Tests of all gas station fuel dispensers in Norwell have been completed [130 dispensers, 1300 gallons]. Dispensers were adjusted as needed and sealed. Revenue received was $1087.

Testing of 69 scales [apothecary, delicatessen, coffee shop, food shop, supermarket, propane tanks and school equipment] was completed. Revenue received was $618.

Testing of reverse vending and scanners was completed and sealed as necessary. Revenue received $425.

Total revenue received was $2130.

All town owned sealer equipment has been tested and sealed by the Commonwealth of Massachusetts Weights and Measures Laboratory and found to be correct.

Massachusetts State Division of Standards Sealer Certification has been completed. Monthly classes continue to keep all sealers up to date with the latest changes and requirements as mandated by the state.

The annual report, as required by state law, will be filed before January 31. A copy of this report will be on file at the town hall.

The Commonwealth of Massachusetts General Law Chapter 98 sections 41 and 42, covering annual public notice to all persons having or using weighing or measuring devices in Norwell, has been legally posted.

Respectfully submitted,
Harold Tuttle
Sealer of Weights and Measures

BOARD OF ASSESSORS

The Board of Assessors reports the following values for taxable property established as of January 1, 2000 (Fiscal Year 2001):

CLASS	VALUES	PERCENTAGE
Residential	$1,034,839,457	82.0255%
Commercial	$ 166,863,443	13.2263%
Industrial	$ 43,352,400	3.4363%
Personal Property	$ 16,551,200	1.3119%
Total	$1,261,606,500	100.0000%

The Board notes that property values in the Town continue to increase at a substantial rate as all of our homes appreciate in value. The State approved these assessment figures and the new tax rate of $15.45 was certified in the fall of 2000.

In the summer of 2000, the Board adopted a new policy of increasing the estimated tax bills issued in the first two quarters of the fiscal year by the amount the levy has increased as voted by Town Meeting. The result is that the assessments are "smoothed", and the third quarter assessment does not have a "bump" where the entire annual levy increase must be paid in the last two quarters of the year. The feedback from this change has been overwhelmingly positive.

The Board continues to seek ways to assist those in the Town on fixed incomes. In particular, we worked with the Council on Aging to implement the Senior Work Credit program. We have also proposed that various exemption levels be raised by the Town via a local option vote at Town Meeting. We thank the Selectmen for opening the warrant.

The Board is proud of our new assessment information system. As part of our commitment to the Town, Ed Dunford has represented the Board in working with other Town departments to implement information sharing across a computerized network. Charles Markham represented the Board (along with other Town departments) on the Community Preservation Act Study Committee.

In closing, the Board wants to thank our Assistant Assessor, Barbara Gingras, in her management of the office over the last couple of years. The demands from the Board and the Town have been in a constant state of flux, and she has responded well to all of them.

The staff and Board are at your service to explain valuation practices in Town.

Respectfully submitted,
Charles R Markham, Chairman
Edward J. Dunford
Rosemary Durica, Clerk

INSURANCE ADVISORY COMMITTEE

Working with the Board of Selectmen and Town Administrator, the committee has refined its claim reporting manual and procedures to be used by the various town boards and departments. As a result, the claim reporting process has been streamlined and claim information is generally communicated directly to the Selectmen's office.

The town's partially self-funded workers' compensation program continues to yield significant savings compared with traditional "first dollar" guaranteed cost coverage that the town had purchased in the past. The committee is working with the town's insurance agent, Jeff Helm, to explore the feasibility of expanding the use of partially self-funded plans to include the town's group medical insurance plan. We hope to realize additional savings by moving to such a plan.

The property/liability insurance market continues to harden and we expect higher renewal premiums when the town's insurance renews on July 1, 2001. We are working with Jeff Helm to develop competitive options to minimize the financial impact of higher rates.

The committee meets on a monthly basis and meetings are open to the public.

Respectfully submitted,
Bruce Burgess
David DeGhetto
Bruce Graham
Dennis Hurley
Tom Cain

REPORT OF THE BOARD OF SELECTMEN

The year 2000 was a year of new beginnings and new challenges for the Town of Norwell and the Board of Selectmen as we continue to work to ensure that Norwell remains the type of community in which we all wish to live and work.

At the Annual Town Election in April, Advisory Board Chairman John Mariano defeated incumbent Selectmen Jean Eckner to win his first term on the Board. Jean brought a unique perspective to the Board and we thank her for her service to the Town. John served on the Advisory Board for six (6) years prior to his election and has been a valuable addition to the Board. Subsequent to the Town Election, the Board elected David Truesdell to serve as Chairman for the ensuing year.

Also at the Town Election, a dispute in the Planning Board race led to a court challenge and re-count before Herb Heidt was declared the winner in a tight vote. Following the election, we said good-bye to long time Planning Board member Avril Forest, who resigned to take a position out of state. The Board met jointly with the Planning Board and appointed Bruce Graham to fill the vacancy.

The Board and Town also bid farewell to long-time Police Chief David Nichols in the spring after many, many years of service to the Town of Norwell. We would like to take this opportunity to thank David Nichols for his countless contributions to Norwell during his tenure. After an exhaustive and comprehensive six-month search process, the Board appointed Norwell resident and Milton Police Lieutenant Robert Galvin as the new Chief of Police. In the six months he has been on the job it is clear to the Board that he was an outstanding choice and will be an asset to the Town for years to come.

Shortly after the appointment of a new Police Chief, other long-time Town employees/volunteers took their leave. Treasurer/Collector Pat Crowley and her husband Paul both decided that it was time to retire. Pat left the Office of Treasurer/Collector after 18 years of service. Paul resigned from the Recreation Commission and Athletic Field Committee after 21 years of volunteer service. They both will be missed. The Board appointed long-time town employee, Norwell resident and Assistant Treasurer/Collector Susan Mills to the position of Treasurer/Collector.

The Norwell 2001 projects continued to progress and the results of the construction are already being seen. After a few glitches and construction delays, the new wing at the Vinal Elementary School opened for business to the rave reviews of students, parents, teachers and administration. The spacious, bright new addition is only a harbinger of things to come for all the Town's students in the years ahead. Construction of the new Middle School and renovations to the High School also got under way, with the new Middle School scheduled to be ready for class in the fall of 2001. The Board of Selectmen remains committed to working closely with the School Building Committee and the School Department to make sure that these projects proceed in a timely and cost-effective manner.

The Board has the responsibility, with the Treasurer, to finance the school construction. Our first step in that process was to borrow $20 million and invest the funds to earn interest income until the funds were needed to pay for the ongoing construction. By the end of the Fiscal Year in June 2000, we had earned $393,000 in interest income. This money has been segregated in the Stabilization Fund to be used to offset the tax impact of the borrowing when the full impact of the project hits the tax rate. The Board interviewed several financial advisors to assist in planning for the permanent financing and voted to continue the relationship with State Street Bank. In conjunction with the advisors, the Board began the process of seeking an upgrade in the Town's bond rating.

The Board accepted a check in the amount of $4 million from Modern Continental for a portion of the Donovan property. This culminated several years of hard work on the part of numerous town boards and committees, including but not limited to the Conservation Commission, the Planning Board, and the Board of Health. Construction has started on the project and it will stand as an example of what can be accomplished when we all work together. Jacob Pond Estates was dedicated this fall and is another shining example of that cooperation. . The Zoning Board of Appeals and others deserve kudos for working closely with the developer to bring that project to such a successful conclusion.

At a Special Town Meeting in November the Board put forth a plan to dispose of the remaining proceeds from the Donovan project. After lengthy debate, the plan was approved and $300,000 was used to purchase the Betzold property off of Beers Avenue for conservation purposes, $550,000 was used to pay for the Osborne property purchased at an previous Town Meeting and the balance of $600,000 was placed in a fund to be used for the renovations of the Sparrell School Building when Norwell 2001 is complete.

Another notable event in 2000 was the long awaited dedication of the Veterans' Memorial in Norwell Center. The Monument honors Norwell residents who served their Country in conflicts from World War II to the present. It was a privilege and honor for the Board to take part in the dedication ceremony.

The year 2000 was a busy and challenging one for the Board of Selectmen and we look forward to continuing to work with the residents of the Town in 2001. The Board would like to thank our hard working staff, Assistant Town Administrator Peg Renaud and Administrative Assistant Jackie Cole for all their hard work and dedication to the Town. Finally, we would like to thank Town Administrator Jim Boudreau for the job he has done for the community. Jim's tireless efforts on behalf of the Board help us to ensure that Norwell remains the type of community that we wish it to be.

Respectfully submitted,
David Truesdell, Chairman
Richard Merritt
John Mariano

REPORT OF THE TOWN ADMINISTRATOR

The Office of the Town Administrator and the Board of Selectmen had a busy and productive 2000, one that saw the departure of many familiar faces and welcomed several new ones to the fold. The staff continues to discharge the policies and directives of the Board of Selectmen, Town Meeting and Town Bylaws.

The Annual Town Election in April brought a new face to the Board as long-time Advisory Board member John Mariano was chosen by the voters over incumbent Jean Eckner. I would like to thank Jean for her support during her tenure on the Board and extend best wishes to her on her future endeavors. John went right to work, helping the Board prepare for the Annual Town Meeting.

Town Meeting convened in May to consider 46 Articles including the Town's FY2001 budget totaling over $25 million. Among the highlights of the Meeting was an appropriation of $70,000 for the creation of a town wide Master Plan under the direction of the Planning Board. The Town also continued to aggressively provide funds for the maintenance and repair of the Town roads and authorized the commencement of the Senior Citizen Tax program for our older residents. The budget passed with a minimum of debate as the Advisory Board once again did an outstanding job of working with the various Town Departments. Boards, Committees and Commissions to ensure that the major priorities of the community were met.

The School Building project continued apace as 2000 progressed with the delayed opening of the Vinal School. Town Hall was pressed into service as a classroom for kindergarten students in the basement meeting space. The children were moved back into the Vinal with the completion of the new addition, much to the dismay of many of the Town Hall staff who had come to enjoy the company of so many happy faces. Construction on the Vinal continued, as the foundation and steel on the new Middle School began taking shape. The High School renovation also began in 2000, with various wings of the school being taken out of service as construction commenced. These projects will continue in the new year and the Selectmen's Office will continue to provide what ever assistance we can to ensure timely completion of the various building projects.

Town Hall entered the internet age in 2000 as the building was finally connected to the internet and the World Wide Web. Through the generosity of Town Meeting, the Computer Study Committee finished the hardware installation and provided each Town Hall employee with internet access and email capability. As the year ended, the construction of the Town web site was underway and work had commenced on tying the Police and Fire Station onto the Town Hall network.

During 2000 agreement was reached between the Town and the American Federation of State, County and Municipal Employees, Local 1700, representing the employees of the Highway, Tree & Grounds and Water Departments for a new three year contract. The agreement recognizes the dedication, hard work and long hours put in by these employees. I would like to thank the representatives of Local 1700 for the long hours spent in negotiations with the Board to iron out a mutually beneficial collective bargaining agreement.

At the Special Town Meeting in November, the Town agreed with a financial plan put forth by the Board to appropriate monies earned from the sale of a portion of the Donovan Property to Modern Continental for over 55 housing. The $1.4 million balance from the sale was used to purchase the Betzold property for conservation purposes for $300,000; $550,000 was used to pay off temporary debt issued for the purchase of the Osborne property and the balance was set aside in a fund for the renovations and repairs to the Sparrell School Building when the Norwell 2001 School construction project is complete.

I was privileged and honored to be invited to and present at the dedication of the long awaited Veterans' Memorial in Norwell Center. The dedication culminated years of waiting, followed by a town-wide fundraising effort by the veterans and their supporters. The Monument honors Town residents who answered the call of their country, left Norwell and placed themselves in harms way for our benefit. The Monument is a small, yet fitting tribute to their sacrifices.

2000 also saw the retirement of two long-time town employees, Treasurer/Collector Pat Crowley and Police Chief David Nichols. Both gave unselfishly to the Town during their tenures and their list of accomplishments are far too many to be listed. They will be missed on both a professional and personal basis and I would like to wish them luck in their retirement. After an extensive and exhausting six-month search, the Board appointed Norwell resident and Milton Police Lieutenant Robert Galvin as Chief of Police. Bob has done a superb job in his first six months, validating the trust placed him by the Selectmen upon his appointment. Bob's appointment was followed shortly by the appointment of Susan Mills as Treasurer/Collector. Sue is a Norwell resident and a long-time Town employee and had served as Assistant Treasurer/Collector under Pat prior to her appointment. Sue has hit the ground running and begun to place her own stamp on the office.

Town Hall continues to be a popular spot for community meetings and community groups to hold their events. The building is open in excess of 80 hours per week, hosting among others the ever popular teen dances, the Norwell Food Pantry and a local Cub Scout Troop in addition to the various town Boards, Committees and Commissions. The job of keeping the building open and sparkling falls on the capable shoulders of our custodians William Gunderway and Brian Melanson. Through their tireless efforts, the Town Hall remains clean, bright and cheerful despite the heavy and continuous use.

Thanks once again go out to our dedicated cable broadcast crew, Ray Henderson and Rollin Bailey. Each week they take the time out of their lives to man the cable equipment and televise the Selectmen's Meetings to the Town. Without them, we would be without television capability and a vitally important conduit to the public would be closed.

No office runs without dedicated and hard-working employees. The Board is fortunate to have the services of Assistant Town Administrator Peg Renaud and Administrative Assistant Jackie Cole. They make the Office go on a daily basis and provide invaluable assistance to anyone and everyone who requests it. I am grateful for their assistance. Thanks also goes out to our "floaters", Jasmine Heffernan, Linda Allen, and Ann Doherty. These employees are assigned by the Selectmen's office to other departments on an as needed basis and provide invaluable support and assistance to departments in need.

Finally, I would be remiss if I did not thank the Board of Selectmen for their support over the past year, as well as the Advisory Board, the Department Heads, Boards, Committees and Commissions who make this Town what it is.

Respectfully submitted,
James M. Boudreau
Town Administrator

REPORT OF TOWN COUNSEL

I am pleased to submit the following annual report to the residents of Norwell and the town officials who serve on Norwell boards, commissions and departments.

My office is staffed by myself and an associate Robert W. Galvin who acts as assistant town counsel. I take particular pride in knowing that each year the town's legal expenditures are consistently amongst the most reasonable on the South Shore and in the other towns in southeastern Massachusetts despite this age of ever increasing litigation and contentiousness. A material factor in the consistently low legal expense is the dedication and professionalism exhibited by each of the personnel, boards and commissions in particular the Board of Selectmen, Town Administrator, Planning Board, Conservation Commission, Board of Assessors and Zoning Boards of Appeals. The thoughtful decision-making and careful application of recognized principles of law by each of these boards, commissions and departments averts many of the common problems which leads elsewhere to expensive and time-consuming litigation.

During the past year there were several new and a few continuing lawsuits commenced against the town the vast majority of which involved land use, planning and zoning issues. Also in the past year, the town has also had disputes involving assessments, contracts, insurance coverages and elections. Many matters have been resolved either through the trial process or otherwise through mutual agreement. A complete listing of all pending and concluded litigation is available independently from the Selectmen's Office. Independent of lawsuits, this office frequently responds to questions from the various town officials, boards, commissions and departments on practice, procedure and interpretation of laws and by-laws of the town and provides, upon request, advice concerning ethics. I will endeavor to continue to provide this service and advice in a timely and professional manner.

I wish to conclude by thanking the various town officials, boards, commissions and departments for their support and cooperation. It is a privilege to be of assistance with your legal matters.

Respectfully Submitted
Robert E. Galvin, Town Counsel
Robert W. Galvin, Asst. Town Counsel

REPORT OF THE BOARD OF SELECTMEN

2001 was a challenging year for your Board of Selectmen. We were challenged fiscally as the revenue growth we have enjoyed in recent years came to a halt. We were challenged culturally as an adult "sex shop" opened on Route 53. And we were challenged emotionally as we endured the tragic loss of one of our residents in the terrorist attacks on the World Trade Center in New York City.

In the March Town Elections, Advisory Board member Paul Gaynor defeated fellow Advisory Board member Joseph Burke to become the second new face on the Board in as many years. Mr. Gaynor filled the seat vacated by David Truesdell who, after serving one term, decided not to seek re-election. The Board wishes to thank David for his service to the Town and for the many hours he spent as a Board member. The Board reorganized and Richard Merritt was elected to serve as Chairman of the Board.

Norwell has always been a community that rises to the occasion. The year 2001 was no exception. In rising to the fiscal challenge, your Board finished the multi year process of positioning our finances for a bond rating review by Standard and Poors. The end result was a two grade increase in our rating. This new higher rating will save the Town hundreds of thousands of dollars in interest costs as we finish 54 million dollars in school building projects and issue the bonds to pay for them. In rising to the cultural challenge, your Board acted quickly when word reached us that an adult sex shop had opened. The Board seized on technical issues regarding occupancy and the shop was closed within a few days. Subsequently, the Selectmen called a Special Town Meeting and worked together with the Planning Board to pass an Adult Entertainment bylaw to regulate such businesses. And finally, the Board dealt locally with the effects of the terrorist attacks on our nation on September 11th. It is with much sadness that we acknowledge the loss of resident Jay Corcoran in the World Trade Center attack. The Board led and participated in numerous events relating to the terrorist attacks. There was a vigil on our common in Norwell Center on the Friday evening after the attacks. Several hundred residents gathered in a candlelight vigil. Remarks that evening by the Selectmen and by local residents and clergy were both very moving and yet comforting at the same time. On Veterans Day, two months to the day after the attacks, a new flagpole was dedicated at the Council on Aging property on Pine Street. The Board of Selectmen were honored and proud to participate in this ceremony.

During the year the Board appointed John Suurhans and Theodore Ross as Sergeants in the Norwell Police Department. Additionally, three new patrolmen were appointed by the Board, bringing the Police Department to full compliment for the first time in many years. Also in public safety, the Fire Department saw its emergency response status upgraded to the EMT-I level.

The Board of Selectmen remained vigilant in the pursuit of traffic solutions on Route 53. The Board met with Massachusetts Highway Department Commissioner Matthew Amarillo at Town Hall and received a grant of $25,000 on the spot to finish the design work on the section of Route 53 between Queen Anne Corner and Grove/High Streets. We hope to go out to bid for improvements to this section in the Spring of 2003 after 17 years of planning, designing and waiting. At the other end of Route 53, plans approved for the new Stop and Shop supermarket called for significant traffic improvements to be paid for by the developer. At this writing this project is well underway and occupancy is expected sometime later in 2002.

As we look forward to the challenges that lie ahead, the Board would like to thank our hard working staff, Assistant Town Administrator Margaret Renaud Cantwell and Administrative Assistant, Lynda Allen who is new to our office this year. Our Town Administrator Jim Boudreau continues to be all that we had hoped he would be and more. We thank Jim for his tireless efforts and fro the fine work he has done for this great Town. Finally, we thank the residents for their support and for the confidence they place in us to do their business each day.

Respectfully submitted,

Richard A. Merritt, Chairman

John G. Mariano

Paul D. Gayonr

REPORT OF THE TOWN ADMINISTRATOR

The year 2001 was one of profound change in Norwell and across the country as our sense of invulnerability was ripped away for ever by the events of September 11, 2001. Norwell suffered a personal loss on that day with the death of Jay Corcoran, a resident flying on one of the hijacked planes. The entire community rallied around the Corcoran family and it was tremendously uplifting to see the way Norwell came together to help in this time of tragedy and loss. It is unfortunate that it takes an event of this magnitude to show us how fortunate we are to live in this great country and that Norwell is a caring, loving, concerned community that is a great place to live and work. At the beginning of my report, I would like to thank all those people who came together in the face of this national tragedy to help those in need.

2001 once again was a busy year in the Office of the Town Administrator and the Board of Selectmen. The staff continues to discharge the policies and directives of the Board of Selectmen, Town Meeting and Town Bylaws.

The Annual Town Election in April brought a new face to the Board for the second year in a row as Advisory Board member Paul Gaynor was elected to the seat being vacated by David Truesdell after a spirited and hard fought campaign against fellow Advisory Board member Joseph Burke. I would like to take this opportunity to thank David for his support during his tenure on the Board and extend best wishes to him on his future endeavors. David played a key role in helping the Town receive a new bond rating and his financial knowledge will be missed. Paul went right to work, helping the Board prepare for the Annual Town Meeting and becoming the Board's liaison to the Master Plan Sub-Committee.

Town Meeting convened in May to consider 37 Articles including the Town's FY2003 budget totaling over $27 million. Among the highlights of the Meeting was an additional appropriation of $30,000 for the creation of the town wide Master Plan under the direction of the Planning Board. The Town also continued to aggressively provide funds for the maintenance and repair of the Town roads and authorized the purchase of a new ladder truck for the Fire Department. Town Meeting also authorized $750,000 in spending for the Water Department for the development of a new water supply and for the maintenance of the Town water storage tanks. The budget passed with a minimum of debate as the Advisory Board once again did an outstanding job of working with the various Town Departments. Boards, Committees and Commissions to ensure that the major priorities of the community were met.

The School Building project picked up speed in 2001 with the new Middle School reaching completion as the year ended and construction continuing on Norwell High School and commencing on the Cole School. Town Hall was once again pressed into service as a classroom, this time for students of the South Shore Collaborative who made their home in the gymnasium of the building. The children were moved into the new Middle School at the end of the year. The High School and Cole School projects will continue in the New Year and the Selectmen's Office will continue to provide whatever assistance we can to ensure timely completion of the various building projects.

During 2001 agreement was reached between the Town and the Norwell Police Patrolman's Association, representing the uniformed employees of the Norwell Police Department for a new three-year contract. The agreement recognizes the dedication, hard work and long hours put in by these employees. I would like to thank the representatives of the Association for the long hours spent in negotiations with the Board to iron out a mutually beneficial collective bargaining agreement.

At the Special Town Meeting in December, the Town passed an Adult Entertainment by-law establishing an Adult Entertainment District inside the Accord Park Industrial Park. This became necessary after Ozone, an adult entertainment store opened up without warning on

Washington Street in October. As the year drew to a close, the store remained closed as the Town pursued its legal remedies.

2001 saw movement on some long dormant projects in Town as work began on the reconstruction of High, Oak, and Parker Streets and a light was seen at the end of the tunnel for the long stalled Queen Anne's Corner project. After meeting with the Commissioner of Mass HighWay, the Board was pleased to announce that work should commence on this vital needed project in 2003. At the other end of Route 53, construction began on the new Stop & Shop at Assinnippi, with construction on the store and intersection improvements scheduled to be completed in 2002.

Town Hall continues to be a popular spot for community meetings and community groups to hold their events. The building is open in excess of 80 hours per week, hosting among others the ever-popular teen dances, the Norwell Food Pantry, a local Cub Scout Troop, and a local Girl Scout Troop in addition to the various town Boards, Committees and Commissions. The job of keeping the building open and sparkling falls on the capable shoulders of our custodians William Gunderway and Bryan Melanson. Through their tireless efforts, the Town Hall remains clean, bright and cheerful despite the heavy and continuous use.

Thanks once again go out to our dedicated and cable broadcast crew, Ray Henderson and Rollin Bailey. Each week they take the time out of their lives to man the cable equipment and televise the Selectmen's Meetings to the Town. Without them, we would be without television capability and a vitally important conduit to the public would be closed.

No office runs without dedicated and hard-working employees. The Board is fortunate to have the services of Assistant Town Administrator Peg Renaud-Cantwell and Administrative Assistant Lynda Allen. They make the Office go on a daily basis and provide invaluable assistance to anyone and everyone who requests it. I am grateful for their assistance. Thanks also goes out to our "floaters", Jasmine Heffernan, Maureen Clarke, and Ann Doherty. These employees are assigned by the Selectmen's office to other departments on an as needed basis and provide invaluable support and assistant to departments in need.

Finally, I would be remiss if I did not thank the Board of Selectmen for their support over the past year, as well as the Advisory Board, the Department Heads, Boards, Committees and Commissions who make this Town what it is.

Respectfully submitted,
James M. Boudreau
Town Administrator

REPORT OF TOWN COUNSEL

Again, we are delighted to submit a report to the citizens of the Town of Norwell. We have worked diligently with the various Boards and Commissions of the Town of Norwell, especially the Conservation Commission and the Zoning Board of Appeals. Those Boards and their actions constitute the majority of cases pending against the Town arising out of approvals, disapprovals and grants of variances, site plans and special permits by the respective Boards.

The Town is aware of an attempt to open an adult entertainment business and as of this writing, we are pleased to report that this issue has been resolved favorably for the Town. This was accomplished by Court action on behalf of the Town and also with the cooperation and assistance of the landlord at the place of business. The Town has adopted an adult entertainment district which should preclude an attempt to open an adult entertainment facility other than in the prescribed zoning district which approval is pending before the Attorney General.

We have had the full cooperation of all the Boards and Commissions in rendering decisions and opinions to them as issues arise and we wish to express our appreciation to the Board of Selectmen and their staff for their assistance to us in the pending year.

We have worked with the Water Department and the Board of Health on issues involving failed septic systems and options for remedy and have assisted the School Committee and School Department with requirements relative to the pending school project.

Respectfully submitted,

Robert E. Galvin, Town Counsel
Robert W. Galvin, Assistant Town Counsel

REPORT OF THE INSPECTOR OF BUILDINGS/ZONING OFFICER

The Inspections Department has been very busy during the year, with a variety of issues from new and renovated schools to adult shops. The residential wheel has not slowed and there are many houses scheduled for the next several years.

Residential:

New Dwellings	31
Alterations/Renovations	138
Barn	1
Demolish Building	10
Garage	10
Pools	20
Re-roof	59
Tent	5
Woodstove	9

Commercial:

New Buildings	1
Alterations/Renovations	13
Demolitions	3
Re-roof	2
Shed	0
Signs	37
Tent	7

The permit fees paid to the Town of Norwell for calendar year 2001 was $235,764.39.

Number of Building Inspections	970
Zoning Issues	215
Meetings – re: School Projects	12
Meetings w/Handicap Comm	8
PBMC Meetings	21
Scheduled Inspections w/Fire Dept	32
Meetings w/Town Counsel	16
Scheduled Meetings in Office	96

Respectively submitted,
Timothy J. FitzGerald, Building Inspector
Don Robbins, Alternate

REPORT OF THE WIRE INSPECTOR

The following list is for Electrical permit applications received in the year 2001.

Commercial Buildings:	2
Commercial Additions	1
Commercial Renovations	39
Residential Buildings	54
Residential Additions	51
Residential Renovations	71
Appliances	57
Garages	3
Generators	2
Pools	17
Security/Fire	89
Septic	28
Services	50
Sheds	2
Signs	2
Temporary Service	17
Tents	3
Traffic Signals	1
Trailers	8
Voice/Date	9

Inspections have been by myself or by Charlie Palimieri for the work in progress or completed.

Respectfully submitted,
John F. Moore, Inspector of Wires
Charles Palimieri, Alternate

REPORT OF THE PLUMBING & GAS INSPECTOR

There were 194 plumbing permits, 153 gas permits and 20 hot water heater permits issued in 2001. The inspector and his alternate are part-time with most inspections done in the early morning or late afternoon or by appointment.

Respectfully submitted,
Edward J. Geswell, Plumbing & Gas Inspector
John Hoadley, Alternate

REPORT OF THE ZONING BOARD OF APPEALS

There were 23 petitions to the Board of Appeals during 2001. A breakdown follows:

Type of Petition:

Site Plan Modification	4
Site Plan/Special Permit/Variance	1
Site Plan/Special Permit	3
Special Permit (in-law)	3
Special Permit (non-conforming)	2
Special Permit (Business C)	5
Special Permit (Business B)	1
Variance	1
Appeal	2
(Review of Condition #65)	1
Comprehensive Permit	

Hearings are held in the Norwell Town Offices the first and third Wednesday of the month or at the call of the chairman and are open to the public. Abutters within a 300-foot radius of the subject petition are notified in accordance with Massachusetts General Laws Chapter 40A and 40B. The office phone number is (781) 659-8018.

G. Bernard Gardner resigned this past year after serving on the board for 13 years. His expertise in the zoning process will be missed. Mr. W. L. Garside also resigned with his decision to retire to a warmer climate. Abigail R. Childs became a full member. The Board filled a vacancy for associate members with the appointment of Lois S. Barbour, Philip Y. Brown and Jim Roche.

Respectfully submitted,
Earl S. Opdyke, III, Chair
Abigail R. Childs, Clerk
G. Brian Shontz
Alternate members:
Lois S. Barbour
Philip Y. Brown
Jim Roche

REPORT OF THE SEALER OF WEIGHTS AND MEASURES 2002

This is an update of work done from January 2001 through December 2001.
Tests of all gas station fuel dispensers in Norwell have been completed [123 dispensers, 1260 gallons]. Dispensers were adjusted as needed and sealed. Revenue received $1380.
Testing of scales [apothecary, delicatessen, coffee shop, food shop, supermarket, propane tanks, school equipment] was completed. Revenue received $845.
Testing of reverse vending and scanners was completed and sealed as necessary. Revenue received $230.
Total revenue received $2455.
All town owned sealer equipment has been tested and sealed by the Commonwealth of Massachusetts Weights and Measures Laboratory and found to be correct.
Massachusetts State Division of Sealer Certification credits have been completed. Monthly classes continue to keep all sealers up to date with the latest changes and requirements as mandated by the state.
The annual report, as required by state law, will be filed before January 31, 2002. A copy of this report will be on file at the town hall.
The Commonwealth of Massachusetts General Law Chapter 98 sections 41 and 42, covering annual public notice to all persons having or using weighing or measuring devices in Norwell, has been legally posted.

Respectfully submitted,
Harold Tuttle
Sealer of Weights and Measures

Pursuant to the Warrant, eligible voters met at the various precincts in the Town of Norwell to cast their votes for the candidates for town offices.

In Precinct I the following workers present were: WARDEN; Ann Valair; CLERK, Amy Locke; TELLERS, Mary Draheim, Tilda Baldwin, Phyllis Haskell, Lynda Allen, Susan Springer and Jim Jenkins.

In Precinct II were WARDEN, Carolyn MacLellan; CLERK, Jean Valicenti; TELLERS, George Kelley, Eleanor Bailey, Mary Ellen Wetzel, Maureen Murphy, Mary Lizotte and Beatrice Griffiths.

In Precinct III: WARDEN, Dorothy Meehan and CLERK, B. Jean Snow; TELLERS were Fay Joseph, Gertrude Daneau, Lynne Rose, Paula Young, Jeanette Simmons and Barbara Meacham.

CHIEF WARDEN over all was Town Clerk, Janice M. Lawson. Christopher Nichols served as Police Officer in Precinct I, Cole School; Police Officer John Melvin, in Precinct II, Goldman School; and Constable Theodore Baldwin, in Precinct III, Vinal School.

Total votes cast in Precinct I were 630, 31 of which were Absentee ballots; in Precinct II, 714, 58 of which were Absentee ballots; and in Precinct III, 853, 83 of which were Absentee ballots. Total votes cast, all precincts, was 2197. Total number of registered voters in Norwell eligible for this election numbered 6545 which means that 34% of the voters participated.

Tallying the results in an open meeting at Town Clerk's office resulted in the following count of votes cast:

TOWN OF NORWELL

WARRANT

Special Town Meeting and Annual Town Meeting

Monday, May 14, 2001

At 7:30 o'clock in the evening at Norwell High School Gymnasium

Plymouth, ss

To one of the Constables of the Town of Norwell, in said County of Plymouth, Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Norwell High School Gymnasium, 18 South Street, in said Norwell, on Monday, the fourteenth day of May, 2001, at 7:30 p.m.; then and there to act upon the enclosed articles, to wit:

In case all articles in the foregoing Warrant shall not be acted upon at the Meeting called for on Monday, May 14, 2001, to meet in Adjourned Sessions at such time and place as the meeting shall determine.

This building is accessible to the handicapped and designated parking is provided. Warrants with large print and phonic ear devices for the hearing impaired will be available. Anyone requiring a Sign Language Interpreter should call the Town Clerk's office at least two weeks before the Special/Annual Town Meeting at 781-659-8072.

CAPITAL BUDGET COMMITTEE REPORT	37-38

Town Of Norwell
Advisory Board
345 Main Street
Norwell, Massachusetts 02061

April 1, 2001

To the Citizens of Norwell:

On May 14, 2001, we shall hold our Annual Town Meeting, preceded by the Special Town Meeting, at the High School at 7:30 p.m. You are all encouraged to attend.

The Advisory Board's job is to provide financial guidance to the citizens of Norwell, a duty we do not take lightly. Before reaching our recommendations we consider the needs and requests presented by all Boards, Commissions and Departments while also considering a variety of other factors such as anticipated revenues.

The Fiscal Year 2002 budget that will be presented in Article 2 is a balanced budget. It is balanced from both a financial and a community interest perspective.

As taxpayers we need to understand that two main factors, Proposition 2½ and the community's new growth, control the size of our annual budget expansion. If the budget recommended or approved at Town Meeting exceeds the potential revenue from these sources it is necessary to ask the voters to approve a Proposition 2½ override.

Norwell has a diverse population with many competing interests, yet we are one community. Over the last several years we have all made significant investments in our schools, cultural centers, infrastructure, public safety and in preservation of our natural habitat. The budget being presented continues this investment strategy and provides resources to maintain our standards.

The $27.5 million-dollar budget reflects a careful inclusion of all concerns. There can be no question regarding our commitment to the children of Norwell and their education. We must continue to support our schools while maintaining a reasonable approach to funding other responsibilities such as good roads, quality public safety, and support for our elders and cultural environment.

The Advisory Board wishes to thank all the elected and appointed officials, the committee volunteers, and professional staff for all their work they put in on this year's budget.

Please plan to attend Town meeting on May 14, 2001

Respectfully submitted,

Elaine P. Reardon, Chairman
Kenneth Hogeland
Mary Cole
Joseph M. Burke

Glossary of Terms

Appropriation:
An authorization to make expenditures and to incur obligations for specific purposes. An appropriation is granted by a legislative body (Town Meeting) and is usually limited in amount and the time when it may be expended. Any part of the general appropriation not spent or encumbered by June 30 automatically reverts to surplus.
A specific appropriation is carried forward from year to year until spent for the designated purpose or transferred by Town Meeting vote to another account.

Budget:
A plan of financial operation consisting of an estimate of proposed expenditures for a given period and the means of financing them. The budget is voted in the Spring at Town Meeting for the fiscal year that begins the following July 1.

Capital Budget:
A plan of proposed capital outlays, usually for a period of 5 years, and the means of financing them for the current year.

Cherry Sheet:
An annual statement received from the Massachusetts Department of Revenue detailing estimated receipts for the next fiscal year and the estimated state and county government charges payable. These amounts are used by the assessors in setting the tax rate. The actual receipts and charges may vary from the estimates.

Fiscal Year:
A 12 month period, commencing July 1 and ending June 30, to which the annual budget applies. Fiscal years are often denoted Fyxx with the last two numbers representing the calendar year in which it ends, for example FY92 is the fiscal year ended June 30, 1992.

Free Cash:
Free cash is the portion of unreserved fund balance available for appropriation. It is not cash but rather is approximately the total of cash and receivables less current liabilities and earmarked reserves reduced also by reserves for uncollected taxes.

Overlay:
The amount set aside to allow for uncollected property taxes. An amount for overlay is added to the appropriations and other charges.

Overlay Surplus:
The unused amount of the overlay for prior years which may be transferred, by vote of the Town, to the reserve account or used for extraordinary items.

Reserve Fund:
An account to be used for transfers when the Advisory Board feels the requested amount is either "extraordinary or unforeseen".

Stabilization Fund:
A special reserve created for future capital expenditures.

Tax Levy:
The total amount to be raised by taxation of real estate and personal property. This consists of the total amounts appropriated less estimated receipts and transfers from available funds.

Glossary of Terms (continued)

Terms associated with Proposition 2 1/2:

Debt or Capital Exclusion:
The Town can assess taxes in excess of the levy limit by voting a debt exclusion or capital outlay exclusion. This amount does not become a permanent part of the levy limit base, but does allow the Town to assess taxes for a specific period of time in excess of the limit for payment of debt service costs or for payment of capital expenditures.

Excess Levy Capacity:
The difference between the Town's tax levy limit and its actual tax levy for the current year. It is the additional tax levy that could be raised without asking for an override.

New Growth:
The amount of property tax revenue that the Town can add to its allowable tax levy as a result of new construction, alterations, subdivisions or change of use which increases the value of a parcel of land by more than certain amounts.

Override:
An amount, voted by the Town, that is permanently added to the levy limit. A majority vote of the Selectmen allows an override question to be put on the ballot. Override questions must be presented in dollar terms and must specify the purpose of the override. Overrides require a majority vote of approval by the Town.

Tax Levy Limit:
The maximum amount of the tax levy for a period under the restrictions of Proposition 2 1/2. It is calculated as the prior year limit plus new growth plus 2 1/2 of the prior year levy limit.

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT FOR SPECIAL TOWN MEETING

Monday, May 14, 2001

At Seven-Thirty O'clock in the Evening
At the Norwell High School Gymnasium, South Street

ARTICLE 1 - To see if the Town will vote to transfer a certain sum of money from line-item 1-104-132-5110, Call Fire Payroll and from line item 1-105-133-5110, Ambulance Service Payroll, to line-item 1-103-130-5110, Permanent Firefighters' Payroll, or act on anything relative thereto.

Requested by the Fire Chief

The Advisory Board will make a recommendation on this Article at Town Meeting.

ARTICLE 2 - To see if the Town will raise and appropriate, or appropriate from available funds the following amounts for the payment of unpaid bills from a prior fiscal year:

Coler & Colantonio	1,999.93
Bay State Gas	6,773.87
Hudson – RPM Distributors	305.73
Total	9,079.53

Or act on anything relative thereto.

Requested by the Town Accountant

The Advisory Board recommends this Article.

ARTICLE 3 - To see if the Town will vote to raise and appropriate, or appropriate from available funds a certain sum of money to be added to line item 01-300-268-5532, Snow Removal and Sanding, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board will make a recommendation on this Article at Town Meeting.

ARTICLE 4 - To see if the Town will vote to transfer the sum of $20,137.43, or any other sum, from Fiscal Year 1998 Overlay Surplus to Overlay Accounts for years 1993 through 1997, as specified to the Town Accountant by the Board of Assessors, to cover real estate tax abatements necessitated by the Town's acceptance of certain land, or act on anything relative thereto.

Requested by the Board of Assessors

The Advisory Board recommends this Article.

401	Water Department			
	Vehicles	$29,500	$29,500	Water Revenue/Surplus
Grand Total		$494,600	$260,600	

ARTICLE 4 - To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for the compensation schedule under the Personnel Plan for Fiscal Year 2002, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, or act on anything relative thereto.

Requested by the Personnel Board

The Advisory Board recommends this article. This money covers negotiated and contractual amounts that the town must figure into the next year's budget. The Personnel Board has reviewed salaries in Norwell compared to surrounding communities and is attempting to keep us competitive in our wage schedules.

ARTICLE 5 - To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for union and personal contracts for Fiscal Year 2002, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting.

ARTICLE 6 - To see if the Town will vote to amend the Town By-laws, Article VII – Contracts, Section 4 as follows:

SECTION 4. Invitations or proposals for goods and services shall meet the requirements and guidelines of the Massachusetts General Laws, when and where applicable. All goods and services other than professional services in the interests of the Town, shall be awarded through competitive bidding as required by state statute. Bids and proposals for said competitive bidding shall be publicly advertised by at least one insertion in at least one newspaper of general circulation in the Town of Norwell, such publication to be at least ten days before the opening of bids. Whenever possible, contracts must be awarded to the lowest responsible bidder. Any determination of the contrary must be made in good faith and the awarding authority shall file with the town Clerk within 15 days a written statement ascribing the relevant and reasonable grounds for selecting other than the lowest bidder, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this article. This article allows the Town to follow new State Guidelines for bidding procedures.

ARTICLE 7 - To see if the Town will vote to accept:

Centennial Waye

As a public way and authorize the Board of Selectmen to acquire by gift or by taking of eminent domain in fee simple, the land within the layout of said way accepted thereunder, for the purposes of said way, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this article.

ARTICLE 8 - To see if the Town will vote to amend the Town of Norwell By-Laws, Article IV – Town Meetings, Section 3, in the first sentence, by striking out the word "March" and replacing it therein with the following: "May, or as deemed necessary by the Board of Selectmen", or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this article. According to the current Town By-Laws, Town meeting should be held in March. This article sets the Town Meeting date, as the second Monday in May or as the Selectmen deem necessary.

ARTICLE 9 - To see if the Town will vote to amend the Town of Norwell By-Laws, Article IV – Town Meetings, Section 9, by striking the first paragraph of said section 9 and replacing it with the following:

SECTION 9. A meeting shall be held on the second Saturday in March and shall be conducted as prescribe by law, with polling hours set by the Board of Selectmen before each Annual Town Election and/or Special Town Election, for the determination of such matters as shall properly be placed on the official ballot and for the election of Town Officers, in accordance with and as required by law and these By-Laws, as follows:

Requested by the Board of Selectmen

The Advisory Board recommends this article. This change is necessary so that Town elections will still be held in March.

ARTICLE 10 - To see if the Town will vote to accept the provisions of Massachusetts General Laws Chapter 32, section 4(o ½), or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this Article.

ARTICLE 11 - To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide the sum of twenty thousand dollars ($20,000.00) to be expended by the Town Accountant for the purpose of providing an inventory and accounting of the Town's fixed assests as required by GASB34, so-called, said fixed asset to be defined as an item with a value in excess of $10,000, or act on anything relative thereto.

Requested by the Town Accountant

The Advisory Board recommends this article. This is a new requirement mandated by the state.

ARTICLE 12 - To see if the Town will vote to raise and appropriate, or appropriate from available funds the sum of $150,000.00, or any other sum, to be expended under the direction of the Highway Surveyor for resurfacing sections of Town Ways, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this article. This article funds an ongoing commitment to provide the community with well-maintained, safe roads.

ARTICLE 13 - To see if the Town will vote to raise and appropriate, or appropriate from available funds the sum of $50,000. or any other sum to be expended under the Direction of the Permanent Drainage Study Committee and the Highway Surveyor for engineering, installation, and or maintenance of Town drainage, or act on anything relative thereto.

Requested by the Permanent Drainage Study Committee

The Advisory Board does not recommend this article. There currently is a balance of approximately $ 140,000.00 from drainage articles from prior Town Meetings which should be expended before additional funds are appropriated for the same purpose.

ARTICLE 14 - To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide the sum of $50,000.00 to provide irrigation and improvements to the Osborne, Pine Street, East and Little League Fields, said funds to be expended under the direction of the Tree and Grounds Director and the Highway Surveyor upon recommendation of the Athletic Field Committee, or act on anything relative thereto.

The Athletic Field Committee

The Advisory Board recommends this Article in the amount of $25,000. At this time, we believe that this revised amount coupled with unspent funds remaining from field improvement Articles of the past will meet the current proposed field improvement needs.

ARTICLE 15 – To see if the Town will vote to accept the provisions of Massachusetts General Laws Chapter 59, sections 5, subsections (17E) and (41D), that would allow cities and towns to increase the income and asset limits that apply to surviving spouses, surviving minors or elderly persons seeking a personal real estate tax exemption, or act on anything relative thereto.

Requested by the Board of Assessors

The Advisory Board recommends this article. This will allow an increase in asset limitations for those applying for a tax abatement

ARTICLE 16 - To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide the sum of $58,000.00, or any other sum, to be expended under the Direction of the Board of Assessors for professional services to perform a revaluation of real and personal property as January 1, 2002, including any defense of said values, or act anything relative thereto.

Requested by the Board of Assessors

The Advisory Board recommends this article.

ARTICLE 17 - To see if the Town will vote to accept the provisions of General Laws Chapter 59 Section 5(54) as enacted by Chapter 159, Section 488 of the Acts of 2000 which allows the Town to establish a minimum fair cash value required for personal property accounts to be taxed. Said minimum cash value shall be established at $10,000 commencing in Fiscal Year 2002, or act on anything relative thereto.

Requested by the Board of Assessors

The Advisory Board recommends this article.

ARTICLE 18 – To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide a certain sum for the purpose of purchasing a ladder truck, so-called; for the Norwell Fire Department that to meet this appropriation, the Treasurer, with the approval of the Board of Selectmen, is authorized to borrow the appropriated sum, said funds to be spent under the direction of the Fire Chief, or act on anything relative thereto.

Requested by the Board of Selectmen and
The Fire Chief

The Advisory Board recommends this article. The ladder truck is a key piece of our Fire Department Equipment that has been on our replacement schedule for several years. The availability of an adequate ladder truck affects the ability of our Fire Department to safeguard the residents of Norwell and to assist in surrounding towns during serious fires.

ARTICLE 19 - To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide the sum of $350,000.00, or any other sum for the purpose of the continued development of new sources of water supply; the design of a new municipal well/pumping station and the design of a new municipal water treatment facility; that to meet this appropriation, the Treasurer, with the approval of the Board of Selectmen, is authorized to borrow the appropriated sum under MGL, Chapter 44, Paragraph 8, to be spent under the direction of the Board of Water Commissioner, or act on anything relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board recommends this article. This capital expense is required to continue development of our newest water field in the Southwest area of town.

ARTICLE 20 - To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide the sum of $400,000.00, or any other sum for the purpose of refurbishing and resurfacing water storage tanks; that to meet this appropriation, the Treasurer, with the approval of the Board of Selectmen, is authorized to borrow the appropriated sum under MGL, Chapter 44, Paragraph 8, to be spent under the direction of the Board of Water Commissioner, or act on anything relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board recommends this article. These two water tanks have reached a point where they need structural maintenance and repainting inside and out.

ARTICLE 21 - To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide the sum of $60,000.00 for the purchase of hardware, software and associated training for the purpose of automating Town Departments.

Requested by the Mapping Commission and the Computer Study Committee

The Advisory Board does not recommend this article. After a review of the information provided by the Mapping Commission and the Computer Study Committee, the Board has determined that due to the financial constraints on the Town at this time and the fact that $50,000.00 was allocated to the Computer Study Committee last fiscal year that has not yet been expended.

ARTICLE 22 - To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide the sum of $30,000 for the renovation of the Sparrell School, so-called, said funds to be transferred from Article 3 of the Annual Town Meeting of May 15, 2000, Sparrell Painting & Repairs, or act on anything relative thereto.

Requested by the Sparrell Re-Use Committee

The Advisory Board recommends this article. The voters have mandated that the Town preserve the Sparrell School Building for future uses. The building is in great need of basic paint and repairs while its future is decided. The money to fund these basic repairs was approved in Article 3 of the May 15, 2000 Annual Town Meeting and, therefore, only has to be transferred.

ARTICLE 23 - To see if the Town will vote to adjust the Personnel Classification Plan by amending the following position,

Position	Present Compensation	Increase to
COA Outreach Worker	Grade 8	Grade 10

And further to change the job title from "COA Outreach Worker" to "COA Outreach Coordinator".

or act on anything relative thereto.

Requested by the Personnel Board

The Advisory Board recommends this article. The Personnel Board reviewed the duties and requirements for the COA Outreach Worker and found that they exceed the current personnel grade classification.

ARTICLE 24 – To see if the Town will vote to approve in accordance with Massachusetts General Laws Chapter 98, section 37 the following Sealer of Weights and Measures fees, or act on anything relative thereto:

DEVICE	Legal Sealing fees	DEVICE	Legal Sealing fees
BALANCES & SCALES		**LIQUID MEASURING METERS**	
Over 10,000 lbs.	$75.00	Inlet more than 1"	$40.00
1,000 to 5,000 lbs.	$50.00	Vehicle Tank Pump	$40.00
100 – 1000 lbs.	$25.00	Vehicle Tank Gravity	$40.00
10 – 100 lbs.	$10.00	Bulk Storage	$40.00
10 lbs. Or less	$10.00	Company Supplies Prover	$30.00
Apothecary scales	$25.00		
		Pumps (Gasoline & Diesel)	
Weights		Each Dispenser	$12.00
Avoirdupois (each)	$1.00		
Metric (each)	$1.00	**Linear Measures**	
Apothecary (each)	$1.00	Yard Sticks	$5.00
Troy (each)	$1.00	Tapes	$5.00
		Fabric Measure	$10.00
Capacity Measures		Wire, Rope, Cordage	$8.00
Vehicle Tanks			
Each Indicator	$6.00	**Other Devices**	
Each 100 gal. (or fraction thereof)	$6.00	Reserve Vending	$10.00
Liquid		Taxi Meters	$20.00
1 gallon or less	$3.00	Odometer, Hubodometer	$8.00
More than 1 gallon	$3.00	Leather Measures	$8.00
		Scanners (3 or less)	$75.00
Liquid Measuring Meters		Scanners (4-11)	$150.00
Inlet ½" or less:		Scanners (more than 11)	$250.00
Oil, Grease	$10.00		
Inlet more than 1/2"' to 1"		**Adjusting Fees**	
Gasoline	$12.00	½ of legal sealing fee	

Requested by the Sealer of Weights and Measures

The Advisory Board recommends this Article. The Town Sealer of Weights and Measures has informed the Board that Norwell's sealer fees are substantially lower than surrounding towns and have not been increased since 1994.

ARTICLE 25 - To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide the sum of $30,000, to be expended by and under the direction of the Planning Board for additional funding to be added to the funds appropriated by Article 24 of the Annual Town Meeting of May 2000 for the creation of a Town-wide Master Plan in accordance with Massachusetts General Laws, Chapter 41, Section 81D, or act on anything relative thereto.

Requested by the Planning Board

The Advisory Board recommends this article in the amount of $20,000.

ARTICLE 26 - To see if the Town will vote to amend the Zoning By-laws of the Town of Norwell as follows:

Amend **Section 2317 – Prohibited Home Occupations**

The following uses shall be prohibited:
By adding:
#11. Body Art Establishments or Establishment (see Article V- definitions)

Add **to Article V- Definitions**

After the definition of "Accessory Use" add the following definitions

Body Art- means the practice of physical body adornment by permitted establishments and practitioners using the following techniques: body piercing, tattooing and cosmetic tattooing. Extreme forms of body art, such as, but not limited to, branding, cutting, braiding and scarification shall not be permitted. This definition does not include practices that are considered medical procedures by the Board of Registration in Medicine, such as implants under the skin, which are prohibited.

Body Art Establishments or Establishment-means a specified location, place or business where the practices of body art are performed.

Add **a new** Section 2327 Prohibited Uses in Business District A

The following use shall be prohibited:
1. Body Art Establishments (See Article V- definitions)

Amend-**Business District B- Section 2334- Uses Allowed by Special Permit from the Board of Appeals.**

Add-(g) Body Art Establishments- (see Article V- Definitions)

Requested by the Planning Board

The Advisory Board will make its recommendation at Town Meeting as the necessary public hearings on this article had not been completed before the warrant went to press

ARTICLE 27 - Shall the Town of Norwell vote to accept sections 3 to 7, inclusive of Chapter 44B, the Community Preservation Act, and establish a 3% surcharge to be added to property tax bills commencing in fiscal year 2002 while exempting the first $100,000 of residential valuation and low to moderate income residents and certain moderate income senior citizens from the surcharge. This surcharge shall terminate after five years unless re-authorized by a vote of Town Meeting and a further referendum. The Town also hereby incorporates a "Circuit Breaker" provision that instructs the Board of Assessors to automatically reduce the surcharge to 1% if the state funding match falls below 50% in any given year or Free Cash as certified by the Massachusetts Department of Revenue falls below $700,000. Exemptions shall be handled in the same manner as other clause exemptions (veterans, blind, etc.) under Chapter 59. The components of this question are legally severable, or act on anything relative thereto.

Requested Community Preservation Act Study Committee

The Advisory Board does not recommend this article. The provisions for incorporating the Community Preservation Act as defined in this article are not consistent with the legislative act and would be rejected by the Commonwealth of Massachusetts.

ARTICLE 28 - To see if the Town will vote to place a question on the ballot for the next regularly scheduled election, pertaining to the acceptance of the Community Preservation Act, Chapter 44B of the Massachusetts General Laws to read as follows:

Shall the Town of Norwell vote to accept sections 3 to 7, inclusive, of Chapter 44B of the Massachusetts General Laws, known as the Community Preservation Act, and establish a surcharge on real property of three percent of the real estate tax levy against real property as determined annually by the board of assessors commencing in fiscal year 2003, exempting $100,000 of the value of each taxable parcel of residential real property and exempting property owned and occupied as a domicile by a person who would qualify for low income housing, or low to moderate income senior housing. Exemptions shall be handled in the same manner as other clause exemptions under Chapter 59.

Requested by the Planning Board

The Advisory Board does not recommend this article. This act is a means of bypassing Proposition 2-1/2 by adding a surcharge on the property tax. This will result in increased taxes on top of the significant tax increased coming from the Norwell School Building Projects. The benefits of matching funds diminish as more towns and municipalities sign on to the act. There is no guarantee of funds being matched in whole or partially in coming years. Once adopted, the town is locked in for a minimum of five years. Norwell has minimal opportunity to benefit from "historical" site preservation or "affordable Housing". There are no significant historical sites that are not already identified and being preserved. Developers, not the town, will accomplish affordable housing. Conservation projects can still apply for and receive grants as it has in the past.

ARTICLE 29 - To see if the Town will vote to amend the Zoning By-Laws of the Town of Norwell by inserting a new section – Section 1650C to read as follows:

1644. Nonconforming Single and Two Family Residential Structures. Nonconforming single and two family residential structures may be extended, altered, or structurally changed upon a determination by the Inspector of Buildings that such proposed extension, alteration, or change does not increase the nonconforming nature of said structure, and the issuance of a building permit where applicable. The following circumstances shall be deemed not to increase the nonconforming nature of said structure.

a) extension, alteration or change to a structure which complies with all current setback, yard, building location, and building height requirements but is located on a lot with insufficient area, where the extension, alteration or change will also comply with all of said current requirements.

b) extension, alteration or change to a structure which complies with all current setback, yard, building location, and building height requirements but is located on a lot with insufficient frontage, where the extension, alteration or change will also comply with all of said current requirements.

c) extension, alteration or change to a structure which encroaches upon one or more required current yard or setback areas, or which is not in compliance with current building location requirements or which exceeds current building height requirements, where the extension, alteration or change will comply with all current setback, yard, building location and building height requirements, whether or not the existing encroachment, or the existing location or height non-compliance is eliminated. (The provisions of this clause shall apply regardless of whether the lot complies with current area and frontage requirements.)

d) extension, alteration or change to a nonconforming structure which will not increase the footprint of the existing structure provided that existing height restrictions shall not be exceeded.

Requested by the Planning Board

The Advisory Board will make its recommendation at Town Meeting as the necessary public hearings on this article had not been completed before the warrant went to press

ARTICLE 30 - To see if the Town will vote to raise and appropriate or transfer from available funds the amount of $3,242.21, to the Norwell Conservation Commission for land management goals at Stetson Meadows Conservation Area, or act on anything relative thereto.

Requested by the Conservation Commission

The Advisory Board does not recommend this article. The amount of $3242.21 was obtained from the harvesting of trees from Town owned land and should be retained by the Town. There was no plan presented to the Advisory Board for the expenditure of these funds.

ARTICLE 31 - To see if the Town will vote to raise and appropriate, borrow or transfer from available funds or otherwise provide the sum of $20,000.00 to be expended under the direction of the Conservation Commission for the removal of weeds at Jacobs Pond, or act on anything relative thereto.

Requested by the Conservation Commission

The Advisory Board recommends this article in the amount of $13,000.

ARTICLE 32 - To see if the Town will vote to establish a revolving fund for the Conservation Commission under the provisions of Massachusetts General Laws Chapter 44, section 53E ½, to retain any proceeds generated from projects on conservation lands to enable the Conservation Commission to use the funds to maintain and manage town lands in town, or act on anything relative thereto.

Requested by the Conservation Commission

The Advisory Board does not recommend this Article. The article, as drafted, does not comport with the provisions of M.G.L Ch. 44 section 53E ½. The Advisory Board does not support revolving funds as they remove spending decisions from the hands of Town Meeting.

ARTICLE 33 - To see if the Town will vote to approve the following regulation:

"No chain link fence shall be erected in residential areas except upon receiving a permit from the Fence Viewer. Application for the permit shall include a plot plan or sketch of the property showing boundaries, buildings, location of the proposed fence and the abuttors. The purpose of the fence is to be clearly stated, or act on anything relative thereto.

Requested by the Fence Viewer

The Advisory Board does not recommend this article. Ever since someone first said, "good fences make good neighbors" the debate has raged as to what constitutes a "good" fence. Unfortunately, not all fences are comely or erected in good intent. It is beyond the scope of the town to decide which is a "good" fence based on an individual Town Officials individual taste or insert itself between issues best settled between two neighbors.

ARTICLE 34 - To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of $3000 for the Womansplace Crisis Center in lieu of services provided to victims/survivors of sexual assault, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board recommends this article.

ARTICLE 35 - To see if the Town will vote to amend the Zoning By-Law by adding thereto the following provision or take any other action relative thereto:

4341 – Appeals of Aquifer Protection District Boundary Lines

In the event that an owner of land presently located in the Aquifer Protection District desires to appeal the determination of a zone or district boundary line, an application shall be filed with the Zoning Board of Appeals accompanied by sufficient data, in twelve (12) copies, to prove to the satisfaction of the Zoning Board of Appeals that ground water from the land does not reach the Town of Norwell wells. The Zoning Board of Appeals shall transmit copies of the data to the Board of Water Commissioners and the Board of Health, each of which shall report to the Zoning Board of Appeals in the accuracy of the data provided by the applicant within thirty-five (35) days of receipt of the reports. The Zoning Board of Appeals shall make no independent decision on the application until such reports are received or until the expiration of the thirty-five (35) day period following transmittal, whichever occurs first. If the Zoning Board of Appeals determines that the data provided is accurate, it may grant the owner/applicant an exemption in whole or in part from the requirements of this Section, and it shall propose a revision of the Aquifer Protection District to the next appropriate Town Meeting. No Exemption

Shall be granted until a public hearing is held as required by Section 1330 of this By-Law,

Or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board does not recommend this article. We believe that the Master Plan should be completed and accepted before we consider any further changes to our town zoning. There already exists an adequate appeals mechanism for any land owner to petition for a variant use of land within the Aquifer Protection District if that use will not conflict with the town's need to protect our water supply.

ARTICLE 36 – To see if the Town will vote to transfer from available funds or otherwise provide a certain sum of money to be added to the Stabilization Fund as established in accordance with the provisions of Massachusetts General Law, Chapter 40, Section 5B, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting.

ARTICLE 37 – To see if the Town will appropriate a sum of money from available funds and authorize the Assessors to use this sum to decrease the tax Rate for FY 2002, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting.

INSTRUCTIONS TO ELECTED OFFICIALS

SALE OF FISH RIGHTS

You are directed to serve this Warrant by posting a copy thereof attested to by you in writing in each of five public places in the Town fourteen days at least before the time for holding and meeting called for in the Warrant. Hereof, fail not and make due return of the Warrant with your doings thereon to the Town Clerk of said Town on or before the thirtieth day of April, 2001.

Given under our hands at Norwell this _____day of April in the year of our Lord, 2001.

BOARD OF SELECTMEN:

TOWN OF NORWELL CAPITAL OUTLAY SUMMARY OF RECOMMENDATIONS FOR FY 2002

	DEPARTMENT	REQUESTED	RECOMMENDED	COMMENTS
	POLICE DEPARTMENT			
3•1	RADIO COMMUNICATIONS UPGRADE	$60,000.00	$50,000.00	**The Capital Budget Committe recommends this request** *This request will replace the existing entire police communications systems, including all cruiser and portable radios as well as the station base system and repeater network.* *Currently Norwell utilizes a system shared with the Town of Marshfield and works through a repeater located in that town. Currently radio communinication for our officers is insufficent, particularly in the "West End" of town.* *The new system as proposed will provide reliable radio communication for our Officers throughout the entire town.*
	EMERGENCY COMMUNICATIONS			
3•2	PHONE SYSTEM UPGRADE	$25,000.00	$25,000.00	**The Capital Budget Committee recommends this request.** *This request will replace the current phone system at the communication center.* *Newer technolgy will allow consolidation of several phone lines, and implement features such as caller ID. Additionally new equipment will assist our dispatch operators in "multi - task" operations.*
	HIGHWAY DEPARTMENT			
3•3	FUEL CANOPY	$23,600.00	$23,600.00	**The Capital Budget Committee recommends this request.** *This request will protect our fuel storage facility against undue damage from the elements and prolong it's life. Additionally this will provide a safe enviroment for our employees during refueling operations.*
3•4	1 TON DUMP W/SANDER AND PLOW	$51,000.00	$51,000.00	**The Capital Budget Committe recommends this request.** *This will replace an older piece of equipment that has reached the limit of it's servicable life.*
3•5	4WD SERVICE TRUCK W/PLOW	$30,000.00	$30,000.00	**The Capital Budget Committe recommends this request.** *This will replace an older piece of equipment that has reached the limit of it's servicable life.*
	TREE AND GROUNDS			
3•6	GROUNDS MAINTAINANCE MOWER	$20,000.00	$20,000.00	**The Capital Budget Committe recommends this request.** *This replaces an older piece of equipment that has reached the limit of it's servicable life.*
3•7	4 WD PICK UP W/PLOW	$30,000.00	$0.00	**The Capital Budget Committe does not recommend this request.** *Although it is recognized that the current vehicle is nearing the end of it's servicable life, in consideration of budget restraints it appears prudent to postpone this request for 1 year.*
	PAGE TOTAL	$239,600.00	$199,600.00	

Continued next page

Continued from previous page

TOWN OF NORWELL CAPITAL OUTLEY SUMMARY OF RECOMMENDATIONS CONTINUED

	DEPARTMENT	REQUESTED	RECOMMENDED	
	SCHOOL DEPARTMENT			
3•8	HIGH SCHOOL BLEACHERS	$143,000.00	$0.00	**The Capital Budget Committe does not recommend this request.** *This request is to replace the stadium bleachers at the High School Football / Track Field. Although we recognize a need for replacement of the bleachers it is our feeling that this request should be combined with other improvements that will be required at our High School and reviewed at a later date.*
3•9	HIGH SCHOOL BLEACHERS / VISITORS SIDE	$16,000.00	$0.00	**The Capital Budget Committe does not recommend this request.** *For the same reasons as detailed above.*
3•10	COPY MACHINE LEASE	$14,000.00	$14,000.00	**The Capital Budget Committe recommends this request.** *This is part of a lease / purchase agreement to update office systems in the Schools*
	RECREATION			
3•11	REPLACE VAN	$35,000.00	$0.00	**The Capital Budget Committe recommends this request be postponed.** *The current van remains in fair operating condition, and is serving the needs of both the Schools and Recreation Departments adequately.*
	COUNCIL ON AGING			
3•12	RETAINING WALL AND STEPS	$17,500.00	$17,500.00	**The Capital Budget Committe recommends this request.** *The steps and retaining wall at the Council on Aging building on Pine Street have deteriorated from age and should be replaced before they become a safety concern.*
	SUB - TOTAL CAPITAL IMPROVEMENTS : ARTICLE 3	*$465,100.00*	***$231,100.00***	
	WATER DEPT.			
3•10	VEHICLES	$29,500.00	$29,500.00	**The Capital Budget Committe recommends this request.** *This is part of a scheduled replacement program for Water Department vehicles.*
	TOTAL CAPITAL IMPROVEMENTS FY2002	$494,600.00	**$260,600.00**

MINUTES OF THE SPECIAL/ANNUAL TOWN MEETING MONDAY, MAY 14, 2001 AND TUESDAY, MAY 15, 2001

ATTENDANCE: (NO QUORUM REQUIRED)

Monday, May 14, 2001

PRECINCT ONE:	**55**
PRECINCT TWO:	**95**
PRECINCT THREE:	**93**
	243

Tuesday, May 15, 2001

PRECINCT ONE:	**34**
PRECINCT TWO:	**61**
PRECINCT THREE:	**50**
	145

On Monday evening, May 14, 2001, in the gymnasium of the High School, Roger E. Hughes, Jr., Moderator, called the meeting to order, promptly at 7:30 pm.

Town Clerk, Janice M. Lawson read the Service of the Warrant for the Special/ Annual Town Meeting attested by the Constable.

The Invocation was given by Rev. Jan Knost, minister of First Parish Church. Patrick Lenaghan , Veterans' Agent led The "Pledge of Allegiance".

Moderator Hughes introduced the following participants:

BOARD OF SELECTMEN:
Richard A. Merritt, Chairman
John G. Mariano, Vice Chairman
Paul D. Gaynor, Clerk

TOWN COUNSEL:
Robert E. Galvin, Esquire

TOWN ADMINISTRATOR:
James M. Boudreau

TOWN ACCOUNTANT:
Carol Ann Amado
And her Assistant, Rita Turco

TOWN CLERK:
Janice M Lawson
And her Assistant, Patricia M. Anderson

ADVISORY BOARD:
Elaine P. Reardon, Chairman
Kenneth Hogeland
Mary Cole
Joseph M. Burke
Charles Dirk
Chester J. Flynn
Annette P. Sexton
Hubert V. Spurway
Jason Pithie
And their Administrative Assistant, Jasmine Heffernon

Moderator Hughes advised the citizenry of the rules of the meeting.

1. The procedure to be followed will be "Roberts Rules of Order" and the Bylaws of the Town.

2. Before speaking, please come toward the microphone.

3. After being recognized by the Moderator, identify yourself and give your address.

4. Speak only to the issues and not to personalities.

5. The main motion may be different than what is printed in the Warrant.

6. Anyone can amend an article, but he/she must do so in writing and present a copy to the Moderator and Town Clerk.

7. An amendment will be discussed and voted on before any other amendment will be allowed. Then, we will turn to the main motion and vote.

7. Reconsideration: Traditionally, reconsideration may occur the same night an article is voted, or the following night.

Moderator Hughes explained that if a hand count is necessary, the "blue/turquoise" card that you received when you checked in is to be held up if necessary for the articles of the Special Town Meeting; for the Annual Town Meeting, the card to hold up is "red".

The voters had also received three Secret Ballot cards (yellow, green, and blue). It will be necessary to use one of these for Article 18, Article 19, and Article 20. These are borrowing articles which require a "Secret Ballot" vote for monies over $200,000.00. When the time comes, Moderator Hughes will specify which color ballot he will use for each of the three articles.

At this time, Moderator Hughes made a motion, which was seconded, and it was UNANIMOUSLY VOTED to suspend the Annual Town Meeting, to take up the business of the Special Town Meeting.

Advisory Board Chairperson, Elaine Reardon, spoke and explained to the citizenry the role of the Advisory Board. "The Advisory Board's job is to provide financial guidance to the citizens of Norwell, a duty we do not take lightly. Before reaching our recommendations, we consider the needs and requests presented by all Boards, Commissions, and Departments, while also considering a variety of other factors such as anticipated revenues."

SPECIAL TOWN MEETING:

ARTICLE NO. 1: A motion was read by Fire Chief Paul Rosebach, which was seconded, and UNANIMOUSLY VOTED to transfer the sum of $21,000.00 from line item 1-104-132-5110, Call Fire Payroll, and the sum of $14,900.00 from line item 1-105-133-5110, Ambulance Service Payroll to line-item 1-103-130-5110, Permanent Firefighters' Payroll.

ARTICLE NO. 2: A motion was presented by John G. Mariano, Selectman, seconded, and it was UNANIMOUSLY VOTED to transfer from free cash the following amounts for the payment of unpaid bills from a prior fiscal year:

Coler & Colantonio	$1,999.93
Bay State Gas	$6,773.87
Hudson – RPM Distrib.	$ 305.73
TOTAL:	$9,079.53

ARTICLE 3: A motion was read by Highway Surveyor Paul Foulsham, which was seconded, and it was UNANIMOUSLY VOTED to INDEFINITELY POSTPONE ARTICLE 3. (To add a certain sum of money to line item 01-300-268-5532, Snow Removal and Sanding).

ARTICLE NO. 4: A motion was presented by Charles Markham, Assessor, seconded, and it was UNANIMOUSLY VOTED to transfer the sum of $20,137.43 from Fiscal Year 1998 Overlay Surplus to Overlay Accounts for Fiscal Years 1993 through 1997, to cover real estate tax abatements necessitated by the Town's acceptance of certain land, as follows:

TRANSFER AMOUNTS FROM FY 98 TO:

FY 93	$4,520.91
FY 94	$4,107.20
FY 95	$3,726.00
FY 96	$3,608.91
FY 97	$4,174.41

At this time, a motion was made to dissolve the Special Town Meeting, which was seconded. It was UNANIMOUSLY VOTED to convene the business of the Annual Town Meeting, at 7:50 PM

Sally Turner, Chairperson of the Planning Board, presented a motion which was seconded, and the MAJORITY VOTED to take Article 25 out of order and prior to Article 2, so that Larissa Brown, of Community Design Partnership, the firm that will be doing the MASTER PLAN, could address the assembly and explain what her firm will be doing.

ARTICLE NO. 1: Richard A. Merritt, Chairman of the Board of Selectmen, presented a motion, which was seconded and it was UNANIMOUSLY VOTED to accept the reports of its Officers, Boards, Departments, Committees and Commissions, as printed in the 2000 Annual Report.

ARTICLE NO. 25: Mark Devine, 232 Circuit St., presented a motion, which was seconded. The MAJORITY VOTED to transfer the sum of $18,900.00 from free cash and the sum of $1,100.00 from Article 4 of the Annual Town Meeting of May 4, 1998 for a total of $20,000,00, to be expended by and under the direction of the Planning Board for additional funding to be added to the funds appropriated by Article 24 of the Annual Town Meeting of May, 2000 for the creation of a Town-wide Master Plan in accordance with M.G.L., Chapter 41, Section 81D.

ARTICLE NO. 2: Elaine Reardon, Chairperson of the Advisory Board, presented a motion, which was seconded, and it was UNANIMOUSLY VOTED to raise and appropriate and transfer from available funds, the sums of money set forth in the "ADVISORY BOARD RECOMMENDS" column of the Transcript of the Warrant of the Annual Town Meeting for FY2002, WITH THE EXCEPTION OF THOSE ITEMS WHICH WERE "HELD" (2-103, 2-121, AND 2-200), to defray the charges, expenses and salary obligations of the Town, including debt and interest, for the ensuing year, to provide for a Reserve Fund, and to fix salaries and compensation for all Elected Officers of the Town, and to meet said appropriations, transfer from Water Grant the sum of $114,000.00; from Water Surplus, the sum of $116,391.00; from Water Revenues the sum of $944,394.00, and transfer from Free Cash, the sum of $250,000.00 to be applied to the Reserve Fund; and further fund all other appropriations by taxation.

ARTICLE NO. 2: The following items of Article 2 were "HELD", discussed, and voted on individually, as follows:

2-103 Clerical Salaries/ADA (Board of Selectmen) MAJORITY VOTED $122,997.00, as printed in the Warrant. An amendment by Sally Turner of the Planning Board to change this figure to $110, 310.00 failed to carry.

2-121 Planning Work Supervisor - MAJORITY VOTED $0.00, as printed in the Warrant. An amendment to change the description from "Planning Board Work Supervisor" to "Planning Board Clerical" in the amount of $12,687.00 failed to carry.

2-200 School Department - MAJORITY VOTED $14,384,105.00, as printed in the Warrant. An amendment by Margaret O'Connor, School Committee, to change the figure to $14,468,825.00 failed to carry. YES: 96; NO: 121

ARTICLE NO. 3 Jeff Fitzgerald, Chairman of the Capital Budget Committee, presented a motion, which was seconded, and it was UNANIMOUSLY VOTED to transfer from FREE CASH the

sum of $231,100.00 for Capital Outlay as set forth in the "Capital Budget Recommendations"column of Article No. 3, and further to transfer the sum of $29,500.00 from WATER SURPLUS to purchase a vehicle for the Water Department, and further fund all other appropriations by taxation.

ARTICLE NO. 4: Paul D. Gaynor, Selectman, presented a motion, which was seconded, and UNANIMOUSLY VOTED to transfer the sum of $50,000.00 from Overlay Surplus to meet obligations for the Compensation Schedule under the Personnel Plan for Fiscal Year 2002; said sum to be apportioned by the Town Accountant to the applicable line items in Article 2.

ARTICLE NO. 5: Richard A. Merritt, Chairman of the Board of Selectmen, presented a motion, which was seconded, and it was UNANIMOUSLY VOTED to raise and appropriate the sum of $5,000.00, to meet the obligations for Union and personal contracts for Fiscal Year 2002; said sum to be apportioned by the Town Accountant to the applicable line items in Article 2.

ARTICLE NO. 6. John Mariano, Selectman, presented a motion, which was seconded, and it was UNANIMOUSLY VOTED to amend the Town Bylaws, Article VII – Contracts, Section 4, as follows:

SECTION 4: Invitations or proposals for goods and services shall meet the requirements and guidelines of the Massachusetts General Laws, when and where applicable. All goods and services other than professional services in the interests of the Town, shall be awarded through competitive bidding as required by state statute. Bids and proposals for said competitive bidding shall be publicly advertised by at least one insertion in at least one newspaper of general circulation in the Town of Norwell, such publication to be at least ten (10) days before the opening of bids. Whenever possible, contracts must be awarded to the lowest responsible bidder. Any determination of the contrary must be made in good faith and the awarding authority shall file with the Town Clerk within fifteen (15) days a written statement ascribing the relevant and reasonable grounds for selecting other than the lowest bidder.

ARTICLE NO. 7: Selectman Paul D. Gaynor presented the motion, which was seconded, and it was UNANIMOUSLY VOTED to accept CENTENNIAL WAYE

as a public way and authorize the Board of Selectmen to acquire by gift or by taking of eminent domain in fee simple, the land within the layout of said way accepted thereunder, for the purposes of said way.

ARTICLE NO. 8: Selectman John G. Mariano presented the article, which was seconded, and it was UNANIMOUSLY VOTED to amend the Town of Norwell Bylaws, Article IV – TOWN MEETINGS, Section 3, in the first sentence by striking out the word "MARCH" and replacing it therein with the following: "MAY, or as deemed necessary by the Board of Selectmen."

ARTICLE NO. 9: This article was INDEFINITELY POSTPONED.

Selectmen, John Mariano presented a motion to amend Norwell Bylaws, Article IV, TOWN MEETINGS, Section 9, by striking the first paragraph of said Section 9 and replacing it with the following:

SECTION 9: An election shall be held on the second Saturday in March and shall be conducted as prescribed by law, with polling hours set by the Board of Selectmen before each Annual Town Election and/or Special Town Election, for the determination of such matters as shall properly be placed on the official ballot and for the election of Town officers, in accordance with and as required by law and these Bylaws.

An amendment by Peter Kates, Forest St., to change the date of the election to the Saturday following the completion of the Annual Town Meeting in May passed 104 to 95. There were many questions by Town Counsel and others regarding the legality of this change. Election dates are set by M.G.L. If the Town Clerk had to wait until the completion of the Town Meeting to set its date, none of the requirements for Elections would be met.

Robert Carson, Prospect St, attempted to change the confusion with an amendment to replace the "second Saturday in March" with the "third Saturday in May". This was voted down 99 NO's to 84 YES's.

Finally, a motion by Fred Levin, R. F. Higgins to rescind the vote taken and to INDEFINITELY POSTPONE this article was UNANIMOUSLY VOTED.

ARTICLE NO. 10: A motion presented by Selectman Paul D. Gaynor, was seconded, and it was UNANIMOUSLY VOTED to accept the provisions of Massachusetts General Laws, Chapter 32, section 4 (o - 1/2). (Allows Elected Library Trustees to buy back time towards their retirement.)

ARTICLE NO. 11: Selectmen Richard A. Merritt presented a motion to transfer $16,149.50 from Article 18 of the Annual Town Meeting of April 22, 1996 and $3,850.50 from Article 4 of the Annual Town Meeting of May 4, 1998, for a total of $20,000.00, to be expended by the Town Accountant for the purpose of providing an inventory and accounting of the Town's fixed assets as required by GASB34, so called, said fixed asset to be defined as an item with a value in excess of $10,000.00. It was UNANIMOUSLY VOTED to do so.

ARTICLE NO. 12: A motion to transfer the sum of $150,000.00 from Overlay Surplus to be expended under the direction of the Highway Surveyor for resurfacing sections of Town Ways was made by Highway Surveyor Paul Foulsham, seconded, and UNANIMOUSLY VOTED.

ARTICLE NO. 13: A motion was made and seconded, by Highway Surveyor Paul Foulsham, and it was UNANIMOUSLY VOTED to INDEFINITELY POSTPONE this article. ($50,000 to be expended under the direction of the Permanent Drainage Study Committee and Highway Surveyor

for engineering, installation, and or maintenance of Town drainage.....)

ARTICLE NO. 14: A motion was made by Gerald P. Good, Jr., 18 Edgewood Park, which was seconded, and the MAJORITY VOTED to transfer the sum of $13,177.00 from Article 15 of the Annual town Meeting of April 22, 1996; $4,000.00 from Article 2 of the Special Town Meeting of October 18, 1999; $3,586.00 from Article 17 of the Annual Town Meeting of April 27, 1987; $263.00 from Article 11 of the Annual Town Meeting of May 5, 1997; $2,111.00 from Article 16 of the Special Town Meeting of October 24, 1988; $750 from Article 12 of the Annual Town Meeting of April 29, 199l; and $1,113.00 from Article 15 of the Annual Town Meeting of April 29, 1991, to provide irrigation and improvements to the Osborne, Pine Street, East and Little League Fields; said funds to be expended under the direction of the Tree and Grounds Director and the Highway Surveyor upon recommendation of the Athletic Field Committee.

ARTICLE NO. 15: Assessor Charles Markham presented a motion, which was seconded, and UNANIMOUSLY VOTED to accept the provisions of M.G.L. Chapter 59, Section 5, subsections (17E and 41D), that would allow cities and towns to increase the income and asset limits that apply to surviving spouses, surviving minors or elderly persons seeking a personal real estate tax exemption.

ARTICLE NO. 16: Assessor Charles Markham presented a motion, which was seconded, and the MAJORITY VOTED to raise and appropriate the sum of $58,000.00 to be expended under the direction of the Board of Assessors for professional services to perform a revaluation of real and personal property as of January 1, 2002, including any defense of said values.

ARTICLE NO. 17: Assessor Charles Markham, presented a motion, which was seconded, and UNINIMOUSLY VOTED, to accept the provisions of General Laws, Chapter 59, Section 5, subsection 54, as enacted by Chapter 159, Section 488 of the Acts of 2000, which allows the Town to establish a minimum fair cash value required for personal property accounts to be taxed. Said minimum cash value shall be established at $10,000.00 commencing in Fiscal Year 2002.

ARTICLE NO. 18: Fire Chief Paul Rosebach presented a motion, which was seconded, that the Town vote a sum of money not to exceed $500,000.00 for the purpose of purchasing and equipping a new ladder truck, so-called, for the Norwell Fire Department, and that to meet this appropriation, the Treasurer, with the approval of the Board of Selectmen, is authorized to BORROW the appropriated sum; said funds to be spent under the direction of the Fire Chief.

It was voted by SECRET BALLOT: YES: 128; NO: 39. (2/3 vote required.) Passed.

ARTICLE NO. 21: George Cooper, 102 Hemlock Drive, presented an article, which was seconded, and UNANIMOUSLY VOTED to INDEFINITELY POSTPONE this Article. (To appropriate the sum of $60,000.00 for the purchase of hardware, software and associated training for the purpose of automating Town Departments.

ARTICLE NO. 22: Jacquelyn McLean, 142 Central Street, Sparrell Re-Use Committee, presented a motion, which was seconded, and UNANIMOUSLY VOTED to transfer the sum of $30,000.00 from Article 3 of the Annual Town Meeting of May 15, 2000, Sparrell Painting and Repair, for the repair, renovation and/or restoration of the Sparrell School Building, including, but not limited to, necessary

engineering, architectural and other design services; said funds to be expended under the direction of the Board of Selectmen and the Permanent Building and Maintenance Committee upon recommendation of the Sparrell Re-Use Committee.

ARTICLE NO. 23: A motion was made by Selectmen Paul D. Gaynor, which was seconded, and it was UNANIMOUSLY VOTED to adjust the Personnel Classification Plan by amending the following position:

POSITION	PRESENT	
INCREASE	COMPEN.	TO
COA Outreach Worker	Grade 8	Grade 10

For an increase of $4,720.00, and to raise and appropriate said sum for fiscal year 2002, and further, to change the job title from "COA OUTREACH WORKER" to COA OUTREACH COORDINATOR".

ARTICLE NO. 24: Harold E. Tuttle, Sealer of Weights and Measures, presented a motion, which was seconded, and UNANIMOUSLY VOTED to approve the fees as printed in the "Transcript of the Warrant for the Annual Town Meeting of Monday, May 14, 2001", Article 24, which precedes these Minutes.

As it was close to 11:00 pm, Moderator Hughes made a motion to adjourn, it was seconded, and UNANIMOUSLY CARRIED to adjourn the meeting until 7:30 PM on Tuesday evening, May 15, 2001, right here in the gymnasium.

ANNUAL TOWN MEETING
TUESDAY, MAY 15, 2001

At 7:30 PM on Tuesday, May 15, 2001, in the gymnasium of the Norwell High School, Moderator Roger Hughes called the adjourned session of the Annual Town Meeting to order.

He quickly reviewed the rules of the meeting and what had transpired on Monday evening.

The next two articles to be taken up were Article 19 and Article 20 which are borrowing articles requiring a Secret Ballot. He gave instructions as to how the voters would proceed to the front of the room to the ballot boxes which were manned by Tellers. Voters were told to insert their vote into the boxes and to discard the other half into the waste basket next to the ballot box.

ARTICLE NO. 19: Water Commissioner Steven Ivas presented a motion, which was seconded, that the Town vote the sum of $350,000.00 for the purpose of the continued development of new sources of water supply; the design of a new municipal well/pumping station and the design of a new municipal water treatment facility; that to meet this appropriation, the Treasurer, with the approval of the Board of Selectmen, is authorized to BORROW the appropriated sum under M.G.L., Chapter 44, paragraph 8, to be spent under the direction of the Board of Water Commissioners.

It was VOTED via SECRET BALLOT: YES: 99; NO: 4. (2/3 vote required.) Passed.

ARTICLE NO. 20: Water Commissioner Fred St. Ours presented a motion, which was seconded, that the Town vote the sum of $400,000.00 for the purpose of refurbishing and resurfacing water storage tanks; that to meet this appropriation, the Treasurer, with the approval of the Board of Selectmen, is authorized to BORROW the appropriated sum under M.G.L., Chapter 44, Paragraph 8, to be spent under

the direction of the Board of Water Commissioners.

It was VOTED via SECRET BALLOT. YES: 131; NO: 7. (2/3 vote required.) Passed.

ARTICLE NO. 25: It was voted on Monday evening , May 14, 2001, to take this article out of order and before Article No. 2 of the Annual Town Meeting.

ARTICLE NO. 26: A motion was read by Herbert C. Heidt, Planning Board, to amend the Zoning Bylaws of the Town of Norwell, as printed in the warrant. An amendment to the original motion made by Selectman John Mariano to make several changes in Article 26 as printed in the Warrant, was voted by a MAJORITY. The article as amended was VOTED as follows:

Amend Section 2317 – Prohibited Home Occupations:

The following uses shall be prohibited: By adding:

#11. Body Art Establishments or Establishment (See Article V – Definitions)

Add to Article V – Definitions:

After the definition of "Accessory Use", add the following definitions:

Body Art : means the practice of physical body adornment by permitted establishments and practitioners using the following techniques: body piercing, tattooing and cosmetic tattooing. Extreme forms of body art, such as, but not limited to, branding, cutting, braiding and scarification shall not be permitted. This definition does not include practices that are considered medical procedures by the Board of Registration in Medicine, such as implants under the skin, which are prohibited.

Body Art Establishments or Establishment: means a business where the practices of body art are performed.

Add a new Section 2327, Prohibited Uses in Business District A.

The following use shall be prohibited:

1. Body Art Establishments (See Article V – Definitions)

Amend Business District B, Section 2334: Uses Allowed by Special Permit from the Board of Appeals.

Add: (g) Body Art Establishments – (See Article V – Definitions) provided that no Body Art Establishment be located within three hundred (300) feet of a place of worship, school or day care center.

2/3 Vote Required. When the vote was taken there were several dissenters. Per the Bylaws, the Moderator declared a 2/3 vote.

ARTICLE NO. 27: Assessor Charles Markham presented a motion, which was seconded, and it was UNANIMOUSLY VOTED to INDEFINITELY POSTPONE this Article. (Community Preservation Act with Circuit Breaker provision.....)

ARTICLE NO. 28: Bruce Graham, Planning Board Member, presented a motion which was seconded, and the MAJORITY VOTED to place a question on the ballot for the next regularly scheduled election, pertaining to the acceptance of the Community Preservation Act, Chapter 44B, of the Massachusetts General Laws, to read as follows:

Shall the Town of Norwell vote to accept Sections 3 to 7, inclusive, of Chapter 44B of the Massachusetts General Laws, known as the Community Preservation Act, and establish a surcharge on real property of three percent (3%) of the real estate levy against real property as determined annually by the Board of Assessors commencing in Fiscal Year 2003, exempting $100,000.00 of the value of each taxable parcel of residential real property and exempting property owned and occupied as a domicile by a person who would qualify for low income housing, or low to moderate income senior housing; such exemptions to be handled in the same manner as other clause exemptions under Chapter 59?

ARTICLE NO. 29: Mark Bailey, Planning Board Member, presented a motion, which was seconded, and it was UNANIMOUSLY VOTED to INDEFINITELY POSTPONE this article. (to add a new section, Nonconforming Single and Two-Family Residential Structures.)

ARTICLE NO. 30: Gregg McBride, Chairman of the Conservation Commission, presented the motion, it was seconded, and the MAJORITY VOTED to RAISE AND APPROPRIATE the sum of $3,242.21 to the Norwell Conservation Commission for land management goals at Stetson Meadows Conservation Area.

ARTICLE NO. 31: A motion was made by Gregg McBride, Chairman of the Conservation Commission, which was seconded, and the MAJORITY VOTED to raise and appropriate the sum of $10,000.00 and transfer the sum of $3,000.00 from Article 2 of the Special Town Meeting of October 18, 1999, for a total of $13,000.00, to be expended under the direction of the Conservation Commission for the removal of weeds at Jacobs Pond.

ARTICLE NO. 32: A motion was made by Gregg McBride, Chairman of the Conservation Commission, which was seconded, and UNANIMOUSLY VOTED to INDEFINITELY POSTPONE this article. (to establish a revolving fund for the Conservation Commission.....)

ARTICLE NO. 33: Arthur Garceau, Fence Viewer, presented the motion, which was seconded, and the MAJORITY VOTED NOT TO APPROVE the following regulation: "No chain link fence shall be erected in residential area except upon receiving a permit from the Fence Viewer. Application for the permit shall include a plot plan or sketch of the property showing boundaries, buildings, location of the proposed fence and the abutters. The purpose of the fence is to be clearly stated."

ARTICLE NO. 34: Ruth Marie Rizzi, 155 Summer Street, presented a motion, which was seconded, and it was UNANIMOUSLY VOTED to transfer the sum of $3,000.00 from Article 16 of the Special Town Meeting of October, 1988 for the Womansplace Crisis Center in lieu of services provided to victims/survivors of sexual assault.

ARTICLE NO. 35: Thomas Meehan, 64 Old Oaken Bucket Road, presented a motion, which was seconded, and it was UNANIMOUSLY VOTED to INDEFINITELY POSTPONE this article. (To amend the Zoning Bylaws by adding thereto the following provision, 4341: Appeals of Aquifer Protection District Boundary Lines)

ARTICLE NO. 36: Selectman John Mariano presented a motion, which was seconded, and it was UNANIMOUSLY VOTED to INDEFINITELY POSTPONE this article. (to add a certain sum of money to the Stabilization Fund.....)

ARTICLE NO. 37: Selectman John Mariano presented a motion, which was seconded, and it was UNANIMOUSLY VOTED to INDEFINITELY POSTPONE this article. (To appropriate a sum of money from available funds and authorize the Assessors to use this sum to decrease the tax rate for FY 2002…)

INSTRUCTIONS TO ELECTED OFFICIALS:

1. Instructions to the Board of Selectmen:

A motion was made by Margaret Etzel, 355 Grove Street, presented a motion, which was seconded and it was UNANIMOUSLY VOTED that the Selectmen be instructed to appoint a committee to review Articles 2 and 3 of the Norwell Home Rule Charter, and Article IV of the Town Bylaws, pertinent to the timing of the Annual Town Meeting and the Annual Town Election, with the findings of this committee to be presented at the next Annual Town Meeting.

FISH RIGHTS:

1. **Anna R. Walsh, 36 Stony Brook Lane $100.00**

2. **Paul D. Gaynor, 70 First Parish Road $85.00**

There being no further business to discuss, a motion was made by the Moderator which was seconded, and it was UNANIMOUSLY VOTED to dissolve the Annual Town Meeting, at 9:30 p.m.

Respectfully submitted,
Janice M. Lawson, TOWN CLERK

TOWN OF NORWELL

WARRANT

Special Town Meeting

Monday, December 17, 2001

At 7:30 o'clock in the evening at Norwell High School Gymnasium

Plymouth, ss

To one of the Constables of the Town of Norwell, in said County of Plymouth, Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Norwell High School Gymnasium, 18 South Street, in said Norwell, on Monday, the seventeenth day of December, 2001, at 7:30 p.m.; then and there to act upon the enclosed articles, to wit:

In case all articles in the foregoing Warrant shall not be acted upon at the Meeting called for on Monday, December 17, 2001, to meet in Adjourned Sessions at such time and place as the meeting shall determine.

This building is accessible to the handicapped and designated parking is provided. Warrants with large print will be available. Anyone requiring a Sign Language Interpreter should call the Town Clerk's office at least two weeks before the Special Town Meeting at 781-659-8072.

Town of Norwell
Advisory Board
345 Main Street
Norwell, Massachusetts 02061

Dear Citizens and Fellow Taxpayers:

On December 17, 2001 we shall hold a Special Town Meeting at the Norwell High School Gymnasium at 7:30 p.m., your participation is needed.

The main topic of discussion will be a proposal for a change in our zoning by-laws to create an adult entertainment zone.

Norwell has always respected individual rights; however, we feel those rights must be exercised with a level of maturity and discretion. As a community we cannot prohibit businesses which specialize in adult entertainment; however, we can zone where this type of business will be conducted.

In addition to the zoning by-law change we will also address some housekeeping articles.

Fairness and respect for others is what makes Norwell the community so many of us proudly call home. We appreciate that all are busy during the holiday season, however your involvement is essential. Please join us at the Special Town Meeting.

Respectfully submitted,

Elaine P. Reardon, Chairman
Annette Sexton, Vice-Chairman
Kenneth Hogeland
Mary Cole
Chet Flynn
Hugh Spurway
Jason Pithie
Charles Dirk

TOWN BUDGET

Glossary of Terms

Appropriation:
An authorization to make expenditures and to incur obligations for specific purposes. An appropriation is granted by a legislative body (Town Meeting) and is usually limited in amount and the time when it may be expended. Any part of the general appropriation not spent or encumbered by June 30 automatically reverts to surplus.
A specific appropriation is carried forward from year to year until spent for the designated purpose or transferred by Town Meeting vote to another account.

Budget:
A plan of financial operation consisting of an estimate of proposed expenditures for a given period and the means of financing them. The budget is voted in the Spring at Town Meeting for the fiscal year that begins the following July 1.

Capital Budget:
A plan of proposed capital outlays, usually for a period of 5 years, and the means of financing them for the current year.

Cherry Sheet:
An annual statement received from the Massachusetts Department of Revenue detailing estimated receipts for the next fiscal year and the estimated state and county government charges payable. These amounts are used by the assessors in setting the tax rate. The actual receipts and charges may vary from the estimates.

Fiscal Year:
A 12 month period, commencing July 1 and ending June 30, to which the annual budget applies. Fiscal years are often denoted Fyxx with the last two numbers representing the calendar year in which it ends, for example FY92 is the fiscal year ended June 30, 1992.

Free Cash:
Free cash is the portion of unreserved fund balance available for appropriation. It is not cash but rather is approximately the total of cash and receivables less current liabilities and earmarked reserves reduced also by reserves for uncollected taxes.

Overlay:
The amount set aside to allow for uncollected property taxes. An amount for overlay is added to the appropriations and other charges.

Overlay Surplus:
The unused amount of the overlay for prior years which may be transferred, by vote of the Town, to the reserve account or used for extraordinary items.

Reserve Fund:
An account to be used for transfers when the Advisory Board feels the requested amount is either "extraordinary or unforeseen".

Stabilization Fund:
A special reserve created for future capital expenditures.

Glossary of Terms (continued)

Tax Levy:
The total amount to be raised by taxation of real estate and personal property. This consists of the total amounts appropriated less estimated receipts and transfers from available funds.

Terms associated with Proposition 2 1/2:

Debt or Capital Exclusion:
The Town can assess taxes in excess of the levy limit by voting a debt exclusion or capital outlay exclusion. This amount does not become a permanent part of the levy limit base, but does allow the Town to assess taxes for a specific period of time in excess of the limit for payment of debt service costs or for payment of capital expenditures.

Excess Levy Capacity:
The difference between the Town's tax levy limit and its actual tax levy for the current year. It is the additional tax levy that could be raised without asking for an override.

New Growth:
The amount of property tax revenue that the Town can add to its allowable tax levy as a result of new construction, alterations, subdivisions or change of use which increases the value of a parcel of land by more than certain amounts.

Override:
An amount, voted by the Town, that is permanently added to the levy limit. A majority vote of the Selectmen allows an override question to be put on the ballot. Override questions must be presented in dollar terms and must specify the purpose of the override. Overrides require a majority vote of approval by the Town.

Tax Levy Limit:
The maximum amount of the tax levy for a period under the restrictions of Proposition 2 1/2. It is calculated as the prior year limit plus new growth plus 2 1/2 of the prior year levy limit.

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT FOR SPECIAL TOWN MEETING
Monday, December 17, 2001

At Seven-Thirty O'clock in the Evening
At the Norwell High School Gymnasium, South Street

ARTICLE 1: To see if the Town will amend the Zoning By-laws of the Town of Norwell as follows:

AMEND Section 2100 - Establishment of Districts by adding "Adult Entertainment Overlay District (AEOD)" to the listing of Districts.

ADD to Article V – Definitions- the following definitions:

ADULT BOOKSTORE: an establishment having as a substantial or significant portion of its stock in trade, books, magazines, and other matter which are distinguished or characterized by their emphasis depicting, describing, or relating to sexual conduct or sexual excitement as defined in G.L. c. 272, § 31.

ADULT MOTION PICTURE THEATRE: an enclosed building used for presenting material distinguished by an emphasis on matter depicting, describing, or relating to sexual conduct or sexual excitement as defined in G.L. c. 272, § 31.

ADULT PARAPHERNALIA STORE: an establishment having as a substantial or significant portion of its stock devices, objects, tools, or toys which are distinguished or characterized by their association with sexual activity, including sexual conduct or sexual excitement as defined in G.L. c. 272, § 31.

ADULT VIDEO STORE: an establishment having as a substantial or significant portion of its stock in trade, videos, movies, or other film material which are distinguished or characterized by their emphasis depicting, describing, or relating to sexual conduct or sexual excitement as defined G.L c. 272, § 31.

ESTABLISHMENT WHICH DISPLAYS LIVE NUDITY: any establishment which provides live entertainment for its patrons, which includes the display of nudity, as that term is defined in G.L. c. 272, § 31.

ADD to Article IV following sections:

Section 4900 Adult Entertainment Overlay District

Section 4910 Purpose. It is the purpose and intent of this by-law to address and mitigate the secondary effects of the adult uses referenced herein, which include but are not limited to increased crime, adverse impacts on public health, safety and welfare, decreased property values and neighborhood blight, all of which have been relied upon in considering the enactment of this by-law.

The provisions of this by-law have neither the purpose nor intent of imposing a limitation on the content of any communicative matter or materials, including sexually oriented matter or materials unless such matter is prohibited by state or federal law. Similarly, it is not the purpose or intent of this by-law to restrict or deny access by adults to adult entertainment establishments or to sexually oriented matter or materials that are protected by the Constitutions of the United States or of the Commonwealth of Massachusetts, nor to restrict or deny rights that distributors or exhibitors of such matter or materials may have to sell, rent, distribute or exhibit such matter or materials. Neither is it the purpose or intent of this by-law to legalize the sale, rental, distribution or exhibition of obscene or other illegal matter or materials.

Section 4920 There is hereby created an ADULT ENTERTAINMENT OVERLAY DISTRICT (AEOD):

Adult Bookstores,
Adult Motion Picture Theatres,
Adult Paraphernalia Stores,
Adult Video Stores and
Establishments Which Display Live Nudity,

as those terms are defined in G.L. c. 40A, § 9A, as amended, and sexually-oriented businesses, hereinafter referred to as "adult entertainment establishments," are prohibited in ALL zoning districts except as allowed in the ADULT ENTERTAINMENT OVERLAY DISTRICT (AEOD) upon the grant of a special permit by the Board of Appeals, in accordance with Section 1400, as modified by this Section 4900, following Site Plan Review in accordance with Section 1500.

Section 4930 Applicability

The AEOD shall be construed as an overlay district. All requirements of the underlying district(s) shall remain in full force and effect, except where the requirements of the AEOD are more restrictive or provide for uses or structures not otherwise available in the underlying district. In such cases, the requirements of the AEOD shall supersede the underlying zoning regulations upon the issuance of a Special Permit from the Board of Appeals.

Section 4940 Adult Entertainment Overlay District.

The AEOD shall include that portion of the land within Business District C-1, described in Section 6510, which is situated between a line which runs 200 feet from, and parallel to, the southeasterly side of Pond Street and an easterly boundary line which runs 1000 feet from, and parallel to, the boundary line between Residence "B" and Business "C-1," aforesaid, shown as the AEOD Overlay District (as designated on the town zoning map), and made a part hereof.

Section 4950 Special Permit Requirements & Conditions.

A. Special Permit. No adult entertainment establishment shall commence operations without first applying for and receiving a Special Permit from the Board of Appeals.

B. Conditions. The following conditions shall be attached to any special permit for adult entertainment establishments:

1. Special Permits granted under Section 4900 shall remain exclusively with the applicant, who shall be the owner or lessee of the premises described in the application. The Special Permit shall terminate automatically on the date the applicant alienates that title or leasehold interest in the premises.

2. A Special Permit issued under Section 4900 shall be for a period of three (3) years from the date of the decision. It shall be renewed for successive three-year periods provided that a written request for renewal is made to the Board of Appeals not less than three (3) months prior to the expiration of the then-existing three-year period.

Publication of notice of said request shall be made in the same manner as would be required for an original application for a Special Permit. Said notice shall state that the renewal request will be granted unless, prior to the expiration of the then-existing permit, a written objection to the renewal, stating reasons, is received by the Board of Appeals. In the event of such an objection, a hearing on the renewal shall be held and shall proceed in a manner identical to the course of proceedings in connection with an original permit application.

The Special Permit shall remain in effect until the conclusion of the public hearing and decision of the Board of Appeals either granting or denying the Special Permit renewal. In granting the renewal, the Board of Appeals may impose additional conditions, including, without limiting the foregoing, time limits to correct violations, hours of operation and

additional screening, upon which a specified lapse of time without correction or compliance shall result in a revocation of the permit.

3. No adult entertainment establishment shall be located within 150 feet of a place of worship, school, or day care center.

4. No adult entertainment establishment shall be located within 500 feet of another adult entertainment establishment.

5. With the exception of an adult motion picture theater, adult entertainment establishments may not exceed 3,000 square feet of usable floor area.

6. Hours of operation for any adult entertainment establishment shall be established by the Board of Appeals.

7. All exterior building openings, entries and windows shall be screened in such a manner as to prevent the public's view of the interior from any public or private right of way or abutting property.

8. No adult entertainment establishment may have any flashing lights visible from the exterior of the premises.

9. Appearance of buildings for adult uses shall be consistent with the appearance of buildings in similar (but not specifically "adult") use in Norwell, not employing unusual color or building design, which would attract attention to the premises.

10. Exterior signs shall identify the name of the establishment but shall not contain any other advertisement or information.

11. Special Permits shall be granted only after a determination by the Board of Appeals that the location and design of the facility are in harmony with its surroundings, and that adequate safeguards exist through licensing or other means to assure on a continuing basis that activities therein will not be patently contrary to prevailing standards of adults in the community and will not, in any way, involve minors.

C. Procedural requirements for Special Permits.

1. Special Permits shall only be issued following public hearings held within 65 days after filing of an application with the Board of Appeals, a copy of which shall forthwith be given to the Town Clerk by the applicant.

2. The Board of Appeals shall act within 90 days following a public hearing for which notice has been given by publication or posting and by

mailing to all parties in interest. Failure by the Board of Appeals to take final action upon an application for a Special Permit within said 90 days following the date of public hearing shall be deemed to be a grant of the permit applied for.

3. A Special Permit granted under this section shall lapse within two years, including such time required to pursue or await the determination of an appeal as referred to in G.L. c. 40A, §17, from the grant thereof, if a substantial use thereof has not sooner commenced except for good cause, or, in the case of a permit for construction, if construction has not begun by such date except for good cause.

4. Any Adult Entertainment Establishment Special Permit issued under this section shall require that the owner of such business shall supply on a continuing basis to the Building Inspector and Zoning Enforcement Officer any change in the name of the record owner of address or any change in the name of the current manager; and that failure to comply with this provision shall result in the immediate revocation of such special permit. If anyone so identified is or has been convicted of violating G.L. c. 119, § 63, or G.L. c. 272, §28 or §31, or is listed on the Sex Offender Registry, such Special Permit shall be immediately null and void.

5. Any existing adult entertainment establishment shall apply for such a Special Permit within 90 days following the adoption of this Section 4900.

6. No Adult Entertainment Establishment Special Permit shall be issued under this section, become valid or in full force and effect until and unless the owner of the property containing such adult entertainment establishment shall supply to Board of Appeals a notarized statement agreeing to all terms and conditions of said adult entertainment establishment special permit.

7. No Adult Entertainment Establishment Special Permit shall be effective until the expiration of any applicable appeal period under G.L. c. 40A, § 17.

D. Statutory prohibition. No Special Permit under Section 4900 shall be issued to any person convicted of any violation under G.L. c.. 119, §63, or G.L. c. 272, § 28 or §31.

Section 4960 Application Information.

A. Name and address of the legal owner of the establishment;

B. Name and address of all persons having lawful equity or security interests in the establishment;

C. Name and address of the manager;

D. Number of employees;

E. Proposed provisions for security within and without the establishment;

F. The physical layout of the interior of the establishment;

G. Design of proposed signs;

H. Proposed design of building exterior;

I. Plan of proposed parking and exterior lighting;

J. Plan of proposed screening.

Section 4970 Severability.

The invalidity of any part, section or provision of this Section 4900 shall not invalidate any other part, section or provision therein.

ADD to Article VI - Description of Districts

-Adult Entertainment Overlay District (AEOD)–as defined in Section 4940.

or act on anything relative thereto.

Requested by the Board of Selectmen and
The Planning Board

The Advisory Board will make its recommendation at Town Meeting. The required public hearing had not been held when the warrant went to print.

ARTICLE 2: To see if the Town will vote to amend the Zoning Map, Town of Norwell, to show an Adult Entertainment Overlay District(AEOD) as defined in Section–4940 of the Town of Norwell Zoning By-Laws.

Requested by the Planning Board and the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting. The required public hearing had not been held when the warrant went to print.

ARTICLE 3: To see if the Town will raise and appropriate, or appropriate from available funds the following amounts for the payment of unpaid bills from a prior fiscal year:

Patriot Ledger	124.08
Rockland Cement Block	608.70
WB Mason	433.88
Emergency Equipment	148.85
Gail Marsden	59.98
Galls Incorporated	149.88
Total	1,525.37

Or act on anything relative thereto.

Requested by the Town Accountant

The Advisory Board recommends this article.

ARTICLE 4: To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for union and personal contracts for Fiscal Year 2002, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting. We anticipate that the Selectmen will settle all outstanding contracts by Town Meeting and will be able to provide you with the exact figure at Town Meeting.

ARTICLE 5: To see if the Town will vote to appropriate $118,079.75 in anticipation of full (100%) reimbursement by the Commonwealth of Massachusetts of Chapter 53B, Acts of 1999, total apportionment of the Transportation Enhancement Project, for State and Highway purposes under the provisions of General Laws Chapter 90, Section 34, Clause 2(A), work on highways,

to be expended under the direction of the Highway Surveyor, or meet the appropriation by taxation, by transfer or by borrowing, or any combination of the foregoing, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this article. This money allows us to continue improving our infrastructure.

ARTICLE 6: To see if the Town will vote to appropriate $118,079.75 in anticipation of full (100%) reimbursement by the Commonwealth of Massachusetts of Chapter 150, Acts of 1999, total apportionment of the Transportation Enhancement Project, for State and Highway purposes under the provisions of General Laws Chapter 90, Section 34, Clause 2(A), work on highways, to be expended under the direction of the Highway Surveyor, or meet the appropriation by taxation, by transfer or by borrowing, or any combination of the foregoing, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this article. This money allows us to continue improving our infrastructure.

ARTICLE 7: To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide the sum of $5000.00, or any other sum, to be expended under the direction of the Highway Surveyor/Director for the purpose of implementing a Highway /Tree Department Environmental Audit, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this article. This money will be expended to conduct a self-audit of our Highway and Tree & Ground barns and improve our handling of hazardous materials to meet mandatory EPA guidelines.

ARTICLE 8: To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide a sum of money for the purpose of finishing the design and engineering work on the Queen Anne's corner reconstruction project, so-called, said funds to be spent in anticipation of 100% reimbursement from the Commonwealth of Massachusetts, or act on anything relative thereto.

Requested by the Board of Selectmen and the Planning Board

The Advisory Board will make its recommendation at Town Meeting.

You are directed to serve this Warrant by posting a copy thereof attested to by you in writing in each of five public places in the Town fourteen days at least before the time for holding and meeting called for in the Warrant. Hereof, fail not and make due return of the Warrant with your doings thereon to the Town Clerk of said Town on or before the third day of December 2001.

Given under our hands at Norwell this _____ day of November in the year of our Lord, 2001.

BOARD OF SELECTMEN:

MINUTES OF THE SPECIAL TOWN MEETING, MONDAY, DECEMBER 17, 2001

ATTENDANCE: (No Quorum Required)

Registered Voters: 6688

Precinct One:	**100**
Precinct Two:	**57**
Precinct Three:	**95**
TOTAL.....	**252**

Moderator Roger E. Hughes, Jr. call the meeting held at the Norwell High School Gymnasium, 18 South Street, to order at 7:35 pm.

Return of the Warrant as posted by Constable Kevin J. Dalton was read by Town Clerk, Janice M. Lawson.

Rev. Father Thomas H. Maguire, St. Helen's Church, led the assembly in the Invocation. The "Salute to the Flag" was led by Patrick Lenaghan, Veterans' Agent.

Moderator Hughes introduced himself and the members of the Board of Selectmen: Richard A. Merritt, Chairman; John G. Mariano, Vice Chairman; and Paul D. Gaynor, Clerk; Town Counsel: Robert E. Galvin, Esquire; Town Administrator: James M. Boudreau; the Advisory Board Members: Elaine P. Reardon, Chair; Annette Sexton, Vice Chair; Kenneth Hogeland, Mary Cole, Chet Flynn, Jason Pithie, and Charles Dirk. Town Clerk: Janice M. Lawson; Assistant Town Clerk: Patricia M. Anderson; Town Accountant: Carol Ann Amado; Assistant Town Accountant: Rita A. Turco.

The Moderator reviewed the rules of the meeting with the assembly:

1. **Meeting conducted according to *Roberts Rules or Order* and the Town Bylaws.**

2. **Speakers should come forward to the microphone and identify themselves before speaking.**

3. **Warrant gives substantial and intelligent notice of what will be voted. Motion does not have to be precisely as written in the Warrant.**

4. **Only one amendment will be allowed on the floor at one time for discussion. All amendments must be made in writing.**

5. **A red authority card which voters received at the "Check-In" desk will be used for vote-count when required.**

6. **Reconsideration – traditionally will be allowed once. Motion must be made to reconsider on the same night vote is taken or the following night.**

7. **There are three methods of voting: The voice vote; the chair will determine the voice vote; seven voters may question the count. Standing vote; and Secret Ballot used for Borrowing articles over $200,000.**

The Moderator appointed Brian Shontz, Paul Rosebach, and Jeff Fitzgerald to take a standing count if it was necessary.

ARTICLE NO. 1: Requires a 2/3 Vote. Sally Turner, Chairperson of the Planning Board, 50 Turner's Way, moved that the Town vote to amend the Zoning Bylaws as printed in the Special Town Meeting Warrant which precedes these Minutes.

This motion was seconded. Mrs. Turner reported that the Planning Board voted on this article on November 20, 2001,

there was a quorum of members present and the vote was unanimous.

John Mariano, Vice Chairman of the Board of Selectmen, did a presentation of why we need this bylaw; how it was decided to place it where they did; why an overlay district; what is an overlay district; and where the proposed overlay district is actually located.

Moderator Hughes told the assembly that he is a Tenant at 46 Accord Park Drive if any of the citizens wished to discuss this with him we would defer to them. No one wished to discuss this.

Thirteen to fourteen citizens had questions and comments to make regarding this Overlay District article.

When the vote was taken there were a few dissenters. Moderator Hughes declared this article carried by a 2/3 vote.

ARTICLE NO. 2: 2/3 VOTE REQUIRED: A motion was made by Sally Turner, 50 Turner's Way, that the Town vote to amend the Zoning Map of the Town of Norwell to adopt an Adult Entertainment Overlay District (AEOD) as defined in Section 4940 of the Zoning Bylaws, as printed in the Warrant. (Precedes these Minutes.) Mrs. Turner reported that the Planning Board held a Public Hearing on this article and at a Planning Board meeting on November 20, 2001 they unanimously voted for this Article.

There were a few dissenters when the vote was taken. The Moderator declared this article carried by a 2/3 vote.

ARTICLE 3: 9/10 Vote Required. A motion to TRANSFER FROM FREE CASH the sum of $1,525.37 for the payment of unpaid bills for the prior Fiscal Year, as printed in the warrant, was made by Paul D. Gaynor, Clerk of the Board of Selectmen, 70 First Parish Road. It was seconded and UNANIMOUSLY VOTED.

ARTICLE 4: Majority Vote Required. A motion was made that the Town vote to TRANSFER FROM FREE CASH the sum of $56,000.00 to meet the obligations for union and personal contracts for Fiscal Year, 2002; said sum to be apportioned by the Town Accountant to the applicable line Items in Article 2 by Richard A. Merritt, 363 Cross Street, Chairman of the Board of Selectmen. It was seconded and UNANIMOUSLY VOTED.

ARTICLE NO. 5: Majority Vote Required. Paul Foulsham, 719 Grove Street, Highway Surveyor/Director moved that the Town vote to TRANSFER OR BORROW OR A COMBINATION OF THE FOREGOING, the sum of $118,079.75 in anticipation of full (100%) reimbursement by the Commonwealth of Massachusetts of Chapter 53B, Act of 1999, total apportionment of the Transportation Enhancement Project, for State and Highway purposes under the Provisions of General Laws Chapter 90, Section 34, Clause 2(A), Work on Highways, to be expended under the direction of the Highway Surveyor, or meet the appropriation by taxation, by transfer or by borrowing, or any combination of the foregoing. This motion was seconded and it was UNANIMOUSLY VOTED.

ARTICLE NO. 6: Majority Vote Required. A motion was made that the Town vote to TRANSFER OR BORROW OR A COMBINATION OF THE FOREGOING, the sum of $118,079.75, in anticipation of full (100%) reimbursement by the Commonwealth of Massachusetts of Chapter 150, Acts of 2000, total apportionment of the Transportation Enhancement Project, for State and Highway purposes under the

provision of General Laws Chapter 90, Section 34, Clause 2(A), Work on Highways, to be expended under the direction of the Highway Surveyor, or meet the appropriation by taxation, by transfer or by borrowing, or any combination of the foregoing. This motion was seconded and it was UNANIMOUSLY VOTED.

ARTICLE NO. 7: Majority Vote Required. A motion was made by Paul Foulsham, Highway Surveyor/Director, that the Town vote to TRANSFER FROM FREE CASH the sum of $5,000.00 to be expended under the direction of the Highway Surveyor/Director for the purpose of implementing a Highway/Tree Department Environmental Audit. This motion was seconded.

Gregg McBridge, Conservation Commission, 351 Mount Blue Street, presented an amendment to be added to the end of the motion: "The audit will be conducted under the direction of an Audit Committee appointed by the Selectmen and chaired by the Highway Supervisor." It was seconded and it was UNANIMOUSLY VOTED.

ARTICLE NO. 8: Majority Vote Required. Richard A. Merritt, Chairman of the Board of Selectmen, moved that the Town vote to TRANSFER FROM FREE CASH the sum of $25,000.00 for the purpose of finishing the design and engineering work on the Queen Anne's Corner reconstruction project, so-called; said funds to be spent in anticipation of 100% reimbursement from the Commonwealth of Massachusetts. This motion was seconded and it was UNANIMOUSLY VOTED.

There being no further business to come before the assembly, a motion was made by Moderator Hughes to dissolve this Special Town Meeting. This motion was seconded, and UNANIMOUSLY VOTED, at 8:50 PM.

Respectfully submitted,
Janice M. Lawson
TOWN CLERK

STM121701MINUTES.DOC

REPORT OF THE BOARD OF REGISTRARS

On January 1, 2001, the population of Norwell was 10,031.

The number of registered voters fluctuates from month to month. As of December 31, 2001, the breakdown was:

DEMOCRATS	1616
REPUBLICANS	1490
UNENROLLED	3541
INTER 3RD PARTY	4
LIBERTARIAN	36
REFORM	1
GREEN	1
TOTAL VOTERS	6689

Special Voter Registration hours were held before each Special Town Meeting, Annual Town Meeting and Annual Town Election.

During this time, the Town Clerk's office was open from 8 am to 8 pm to receive new voter registrations.

From January 1, 2001 to December 31, 2001, there were a total of three hundred (300) new voter registrations received.

Throughout the year nomination papers were certified for State candidates as well as Town Candidates, along with petitions for State Ballot questions.

This was a relatively quiet year. Twenty-six (26) voters were moved to the "Inactive Voter List" due to: (1) not responding to the Annual Town Census; (2) having a family member cross off a voter's name; or (3) receiving notice that a voter has moved out of Town.

After notifying each of these persons with a "Confirmation Mailing Notice, these "Inactive Voters" are kept on the list through the next two State Elections. Then, with proper notice, they will be permanently removed from the "Inactive Voter List."

The requirements for registering to vote in Massachusetts are:

One must be a U.S. Citizen; a resident of the Town; and at least 18 years of age on or before the next election.

One may register to vote or change one's address or party affiliation at the Registry of Motor Vehicles or any other State Agency; they may also obtain a Mail-In Voter Registration form at the Norwell Post Office or the Norwell Public Library.

The Board of Selectmen appointed David A. Mayers, Jr. as the fourth Registrar to replace E. Lorraine MacLeod who had retired last year.

Respectfully submitted,
BOARD OF REGISTRARS
Regina T. Giordani, Chair
Janice M. Lawson, Clerk
David A. Mayers, Jr.
Harold E. Tuttle

REPORT OF THE BURIAL AGENT

The issuing of Burial Permits is one of the responsibilities of the Town Clerk, who is appointed annually as "Burial Agent" by the Board of Selectmen.

A Funeral Director may not bury or make any other disposition of a decedent without a Burial Permit. Therefore, it is a necessity for the Burial Agent to be accessible. The Town Clerk's office is open Monday through Friday from 8 am to 4 pm. (Summer hours may differ.)

Arrangements have been made with the Communications Center at the Norwell Police Station, 40 River Street, for a Funeral Director to obtain a Burial Permit, for a fee of $5.00 payable to the Town of Norwell, on a holiday or a weekend, if a satisfactory Death Certificate is received and retained.

Respectfully submitted,
Janice M. Lawson
BURIAL AGENT

JURY LIST INFORMATION

Since 1986, Plymouth County towns have been included in the 'ONE DAY/ONE TRIAL" jury system.

Selectmen no longer draw the names of prospective Jurors. The current procedure requires the Town Clerk/Board of Registrars to update the residents of the Town from the annual Census. After notification to the Town Clerk, the Jury Commissioner requests the names of every resident--whether or not a voter--seventeen years and older from the office of the Secretary of State, on or before June 1 of each year.

From this list, which includes dates of births and occupations of all those names included, the Jury Commissioner prepares a randomly selected list of Jurors. A copy of this list is mailed to the Town Clerk's office where it is posted for inspection during the latter part of the year. Names on this list are subject to call for Jury Duty after January 1st of the succeeding year. (MGL, Ch 234A)

Respectfully submitted,
Janice M. Lawson
TOWN CLERK

(2001townreportinfo.doc)

REPORT OF THE SUPERINTENDENT

For chronological purists, the new millennium actually began in 2001. In terms of facilities, instruction, and personnel, 2001 also represents one of the most transformational periods in the history of Norwell schools.

For the first time since it opened in 1936, Sparrell School ceased operating as a school, and its classroom addition was demolished. Goldman School, which was originally opened as a high school in 1961 and then became a junior high school, now serves as the temporary location for the Cole School while that facility is undergoing a complete renovation and expansion. The Vinal School project was completed in 2001, more than doubling its size, and Norwell's first new school in over thirty years – Norwell Middle School – was finally finished. Renovations to Norwell High School continued throughout 2001, with the totally renovated Lower House, formerly the Blue House, and the new administration, guidance, and health areas readied for occupancy.

The changes in instruction were nearly as far-reaching. During 2001, Norwell's schools were totally reorganized, going from five schools in a pre-K to grade 4, 5-6, 7-8, and 9-12 grade organization to a four school system: Cole and Vinal now each house approximately 500 students in pre-Kindergarten to grade 5; the new Norwell Middle School has nearly 500 students in grades 6-8; and Norwell High School has approximately 540 students in grades 9-12. Through NORWELL 2001 we added over 300 new computers, more than doubling our instructional technology capacity. In 2001, we also finished the first Curriculum Adoption Cycle: one of our major strategic goals. Begun six years ago, each major curriculum (English language arts, mathematics, science, social studies and foreign languages) has now been totally updated and new textbooks and instructional materials have been purchased. Students in the class of 2003 are the first group required to pass the MCAS tests, which they took in the spring of 2001, in order to graduate from high school.

In addition to new facilities and instructional programs and requirements, 2001 marks the largest influx of new personnel into Norwell schools in memory. Due to retirements, resignations, leaves, and new positions needed because of growing enrollments, forty-five new teachers and administrators were hired this year – more than a quarter of our teaching force! In fact, about half of our teachers and administrators have been hired in the last four years, with many more expected over the next four due to changes in the retirement law and the age of our veteran teachers and administrators.

Yet despite all these changes and disruptions, our students continue to excel in the classroom, in the performing and visual arts, in publications and organizations, and on athletic fields and courts. With both feet now firmly planted in the 21st century, Norwell Public Schools' faculty, staff, administration and School Committee are committed to providing *Pathways to Success* for each and every one of our students. Please visit our schools and attend our concerts, plays and athletic contests to witness this commitment firsthand.

Respectfully submitted,

Donald J. Beaudette, Ed.D.
Superintendent of Schools

SOUTH SHORE REGIONAL VOCATIONAL-TECHNICAL SCHOOL DISTRICT
NORWELL TOWN REPORT
Economic and Career Changes Require Flexibility and
Broad Options for Lifelong Learning

It has been said quite often of late that public education, that education in general, must be more responsive to the global marketplace, to the competitive needs of the business community, to a rapidly changing society. In many ways, Massachusetts Education Reform has been a response to those very demands. Vocational-technical education at South Shore is responding as well.

In three very concrete ways, South Shore Vo-Tech is meeting the challenges confronting Career and Technical Education in the Commonwealth and beyond. The important fundamental integration of basic academic skills with the ever changing curricular expectations in the technical areas we teach makes the alignment with Massachusetts' Curriculum Frameworks and preparation for the Massachusetts Comprehensive Assessment System examination a daunting mission. But it is a mission South Shore enthusiastically takes on and has had success in meeting. Vo-Tech has ranked in the very upper tier of vocational technical delivery systems statewide, and has demonstrated significant gains in the tenth grade scores on MCAS. Curricular alignment, added instructional time, emphasis on writing and a lot of hard work by staff and students have borne fruit in positive ways.

A second very real challenge is in maintaining close advisory ties with industry itself and in keeping up with the career technologies that students must be taught to gain a competitive advantage in the workplace. South Shore continues to serve as an important link to employers through a diversity of efforts including:

- Upgrading of equipment as needed to meet contemporary standards
- Expanding instruction in electronics and electrical to include emerging telecommunication technologies
- Emphasis on technical/work specific competencies
- Third party credentialing to further enhance student "marketability" through certifications, licensure, etc.
- Direct partnering with industry when practical and available
- Expansion of Adult/Career Education in the evening, often in partnership with employers.

A very real and broadening development of multiple option opportunities for students including Cooperative Education, College Articulations and Career/College combinations represents an exciting future for vocational-technical education at South Shore.

Community and parent involvement initiatives signify a third major area of growth at South Shore. As always, the combination of skills acquisition and community partnership can often go hand in hand.

The South Shore Parents Association has become a key component to the school community, providing support for student activities, scholarship awards, and faculty/staff recognition. Among the student activities that have flourished of late are the Drama Club with continued award winning performances, state and national automotive competition excellence and back-to-back winning football seasons highlighted by a first ever MIAA Super Bowl appearance.

The future will bring considerable emphasis on curricular, program, and facilities progress and needs. South Shore is in its second year of involvement in the national "High Schools That Work" initiative, a school improvement model which specifically targets technical school and career program districts. Planning is underway for a state/federally mandated coordinated program audit review as well as the traditional Decennial Accreditation Visit in the Fall of 2003 by the New England Association of Schools and Colleges.

Presently, 15 of the total enrollment of 533 are from Norwell. June of 2001 celebrated the graduation of the following students from the town: Shawn McBrine and Aaron Thornton.

All in all, it is a busy, productive time at South Shore Vocational Technical High School. We cherish the strong working relationship developed with our member towns and look forward to more of the same in the years to come.

Respectfully submitted,

South Shore Regional School Committee

Robert Molla, Jr.
Norwell Representative
South Shore Regional School District

Report of the School Building Committee for the Construction Phase of NORWELL 2001

During the past year, construction continued on three of the four **NORWELL 2001** projects: the Vinal School addition/renovation project, the new Norwell Middle School, and the Norwell High School renovation project.

The first project to break ground, the Vinal School in December 1999, was also the first project to reach substantial completion. While the new classroom wing was opened to students and staff on October 30, 2000, a certificate of occupancy was not issued for the cafetorium, library, administration area, and new gymnasium until January 31, 2001. The renovation of the existing classroom wing was completed over the summer and the Vinal School was ready for students and staff on the first day of school on September 10, 2001.

While steady progress was made throughout the year on the Middle School and High School projects, it became apparent during the summer that the facilities under construction would not be completed by the start of school in September. Since the safety and educational needs of students remain the paramount priority, temporary reassignment of students and facilities were devised by the school department well in advance of the September 10 start of school, avoiding the scramble for classroom space which occurred the previous year because of construction delays.

Anticipating the start of construction at the Cole School, the entire Cole School student body, grades K-5, was moved to the Goldman School, which is slated for demolition once all of the projects are complete. The Cole School was temporarily occupied by middle school students awaiting the completion of the new Middle School.

In December, the Norwell Middle School project reached the point of substantial completion and a temporary certificate of occupancy was issued. As of year-end, the new Norwell Middle School was scheduled to open to grade 6, 7, and 8 students and staff on January 2, 2002.

The Norwell High School renovation project lagged significantly behind schedule throughout 2001. The new cafeteria area was occupied in April of 2001. Occupancy of the renovated former "blue" classroom wing was scheduled for January 14, 2002, as of year-end. The new administration area and renovated kitchen were also scheduled for completion at this time. Demolition and abatement in the former "gold" classroom wing was then scheduled to begin. At this point, the completion of project is scheduled for December of 2002, one year behind schedule.

In August, the School Building Committee awarded the construction contract for the Cole School addition/renovation project to G & R Construction, Inc. This was the lowest bid received by the Town on July 25, 2001. Value engineering options were developed and acted upon by the Committee in order to maintain the approved program budget for the project.

The fourth and final phase of **NORWELL 2001,** the Cole project, commenced on October 1, 2001, with the official groundbreaking ceremony on November 14, 2001. As of December, the installation of foundation walls and footings for the new addition continued. A start date of January 2002 was scheduled for the start of demolition and abatement in the existing building, coinciding with the anticipated occupancy of the new Norwell Middle School. The Cole School project is currently scheduled for completion in August 2002.

Despite inevitable construction delays, the Committee's goal remains the same: to ensure that quality school facilities are delivered to the Town of Norwell within established time frames and approved budget amounts. In addition to regularly scheduled Committee meetings, members of the School Building Committee have spent countless hours in subcommittee meetings, construction meetings, walk throughs, and inspections of the facilities under construction in a continuing effort to reach this goal.

With the ongoing cooperation and assistance of the Town and its residents, the Committee remains hopeful that 2002 will mark the culmination of Norwell's school construction projects, providing 21st Century schools for 21st Century students.

The committee would also like to acknowledge the invaluable contributions of former Committee member and architect emeritus, Bert Speranza, who passed away on December 24, 2001.
Bert was truly a "Renaissance man" who is sorely missed by the Norwell community.

Respectfully submitted,

Ralph D. Gordon, Chairman
Russell Campanelli, Vice-Chairman
Margaret Etzel
Glenn C. Ferguson, School Committee, Permanent Building and Maintenance Committee
Douglas A. Knowles

Spencer A. Joseph, Permanent Building and Maintenance Committee

Donald J. Beaudette, Ed.D., Superintendent of Schools
Richard F. Sulc, Director of Administrative Services

NORWELL PUBLIC LIBRARY

The library remains the busiest building in town. Our circulation is over 120,000 items including books, videos, books on tape and cd, dvd's, puppets, computer programs for loan and reading programs. People are in almost every day to use things like Value Line and Morningstar, to read the Wall Street Journal, or to search the internet.

This year brought several staff changes. Our children's librarian is now Theresa Maturevich and she is capturing the hearts of the children and the parents. Theresa presents a special program sponsored by the Friends of the Norwell Public Library at least once a month. Our technical services librarian is Alan Pochi. Alan is ensuring a steady stream of books and other materials so you always have something new to consider. Alan also staffs the reference desk when our regular reference librarian Jeanne Ryer is away from the desk.

The Trustees and I have begun to study the problem of enlarging the library. A building committee has been formed and a study questionnaire will be sent to every household very soon.

Respectfully submitted,

Diane Gordon Kadanoff
Library Director

NORWELL POLICE DEPARTMENT

I herby submit my second annual report to the town as Chief of Police. The year 2001 brought many changes in the Norwell Police Department. Three veteran officers concluded their careers during the year. Sergeant John Matchett retired after 32 years of service to the town. Sergeant Matchett served the department in several capacities to include Sergeant Detective, Patrol Supervisor and Court Prosecutor. Patrol Officer Neil Connolly retired after 30 years of faithful service to Norwell. Neil's distinguished law enforcement career epitomized the meaning of *Community Policing.* Neil led by example each time he put the uniform on. Patrol Officer David Zwicker retired after 32 years in law enforcement, 22 of those years in service to the town of Norwell. David spent many years in the patrol division and also served the department as Court Prosecutor. These officers represent over 84 years of service to our community. Although they will be missed we wish them a long and healthy retirement.

The department is fortunate to welcome three Norwell residents as Patrol Officers to replace our retirees. The Board of Selectmen hired John McDevitt, Timothy O'Brien and Brenden O'Donnell. They are presently enrolled in the Massachusetts Criminal Justice Training Council Recruit Academy at Weymouth. They will graduate on February 22, 2002. We look forward to adding these men to our patrol force.

Two Patrol Officers were promoted to the rank of Sergeant during the year. The Selectmen promoted John Suurhans and Theodore Ross to the rank of Sergeant. This will enable the department to have a supervisor on duty on most shifts.

The year 2001 saw the department graduate our first Citizen Police Academy class. Sergeant Bill Lynch and Officer Bob Meagher coordinated the class. The reviews received from the participants were tremendous. We are planning a second class in 2002. We continue to expand our Community Policing Program and invite suggestions from our residents. Many of our officers have worked with the schools to present lectures on different areas of law enforcement. Officer Gerard Buckley is working with the director of the Council on Aging as the department Senior Response Officer. We hope to continue the expansion of our Community Policing efforts.

The events of September 11 have placed a tremendous strain on the community and the police department. I am proud of the manner the members of this department and the dispatchers in the Emergency Communications Department have responded to incidents that have occurred. The Norwell Police Department will continue to work closely with the Norwell Fire Department and state and federal agencies in our effort to ensure the safety of our community.

I wish to thank the members of the police department, and the members of the various boards and committees in the town that made the year 2001 a successful one for the Norwell Police Department.

Respectfully submitted,

Robert M. Galvin
Chief of Police

FIRE AND AMBULANCE REPORT

I would like to start my annual report by thanking all of the residents and businesses in the town for their continued support during the year 2001.

The year was very busy, extremely productive, and we achieved several of our long-term goals. Once again we saw a marked increase (13%) in our demands for emergency medical services. Our ambulance responded to 1091 medical aid calls with 760 patients transported to area hospitals. The paramedic unit from the South Shore Hospital continues to be an important tool and useful resource assisting our personnel with 260 patients last year.

On May 22nd the Town of Norwell received our first Advanced Life Support license. With our personnel trained and certified by the Commonwealth we are now providing a much advanced level of service relating to airway and circulatory maintenance, including endotracheal tube airway, intravenous therapy, anti shock pressure suit, and defibrillation under the medical control direction from the local hospital's emergency room physicians. Everyone involved has worked hard to bring this program to fruition and I am proud to say several patients quality of life has been directly affected by this improvement in service. It is our intention to continue to advance our level of training and in the near future provide paramedic service to the Town. We are a community based service of cross trained personnel and I believe we are providing the best possible service in the most safe, effective, and efficient manner possible.

During the year we were the recipients of a very generous private donation and two grants from the Commonwealth. The MF & T Insurance Company of Accord Park Dr. donated funding which enabled us to purchase our second Thermal Imaging Camera. We applied for and received our seventh S.A.F.E. Grant from the Commonwealth. These funds allow our personnel to spend time in the schools with our youth and with our elderly on fire prevention and safety in the home. We also received a firefighter safety grant, which allowed us to completely upgrade our radio network. The new radios allow us to communicate with the police, area towns, hospital emergency room doctors and have an internal integrated paging device should a firefighter need emergency assistance.

In the spring of the year the department was reorganized and a promotional exam for two Captain positions was held. Firefighters Jeffery Simpson and Stephen Sweeney topped the list and were promoted to the rank of Captain. Scott D. Johnston and Scott F. Duffey were appointed as career firefighters to fill their positions, congratulations to all.

Over the last several years the number and severity of structure fires were gradually decreasing, however 2001 interrupted that trend with six Norwell homes severely damaged by fire. Please remember working smoke detectors save lives.

Although we all enjoy life in a small town, our freedom and security were tested on September 11th by the horrific tragedies bestowed on our nation. As a town and a country we will eventually return to the routine of every day life, however, never forgetting those brave public safety personnel who have lost their lives. Our thoughts and prayers will always be with the families of these heroic public servants.

As in the past the men and women of the Fire Department and Ambulance Service have risen to every occasion and are a credit to the community. In closing I would like to thank all of our personnel, our Administrative Secretary, Emergency Dispatchers, the Norwell Police Department, and all other Town Departments for their quality service, support, and assistance throughout the year.

The following is an overview of our responses in 2001

Structure Fires	12
Vehicle Fires	18
Brush Fires	38
Motor Vehicle Accidents	358
Emergency Medical responses	743
Hazard Material Incidents	28
Power Lines Down	20
Public Assists	88
Lock Outs	149

Assist Police	4
Smoke Removals	124
System Malfunctions	89
CO Activation	4
Mutual Aid Fire	30
Mutual Aid Ambulance	193

Respectively Submitted,
Paul W. Rosebach
Chief of Department

EMERGENCY COMMUNICATIONS CENTER

THE NORWELL EMERGENCY COMMUNICATIONS CENTER IS LOCATED IN THE NORWELL POLICE STATION, 40 RIVER STREET. AS ANTICIPATED LAST YEAR WE INCREASED OUR STAFF BY ADDING 1 MORE PART TIME DISPATCHER, ALONG WITH 2 SUBSTITUTE DISPATCHERS. THIS BRINGS OUR STAFFING TO 5 FULL TIME, 3 PART TIME, AND 2 SUBSTITUTE DISPATCHERS. I DISPATCHER COVERS THE 12-8 SHIFT, 2 DISPATCHERS COVER THE 8-4 & THE 4-12 SHIFTS.

SEVERAL OF THE DISPATCHERS HAVE ATTENDED DISPATCHER IN-SERVICE TRAINING CLASSES WHICH INCLUDE POWERPHONE LAW ENFORCEMENT, MEDFLIGHT, MASS CASUALTY, DISPATCHER LIABILITY, AND 911 REFRESHER. AGAIN THIS YEAR, OUR GOAL IS TO ATTEND AS MANY IN-SERVICE TRAINING CLASSES AS POSSIBLE.

THE NUMBER OF CALLS DIRECTED THROUGH DISPATCH FOR THE YEAR IS AS FOLLOWS:

POLICE & PUBLIC SERVICE CALLS	13,101
FIRE AND EMERGENCY MEDICAL SERVICES	2,072
ESTIMATED BURN PERMITS ISSUED	3,000

911 FOR EMERGENCIES ONLY
SAVE A LIFE
STOP A CRIME
REPORT A FIRE

ANY CALLS THAT COME INTO THE DISPATCH CENTER ON 911 WILL BE FOLLOWED UP WITH A RESPONSE FROM POLICE OR FIRE. PLEASE DO NOT HANG UP IF YOU DL4,L ACCIDENTALLY. DISPATCH WILL STILL CALL YOU BACK TO CONFIRM YOUR INFORMATION AND A CRUISER WILL STILL BE DISPATCHED TO CONFIRM THAT THERE IS NOT A PROBLEM. WHEN AT ALL POSSIBLE, THE DISPATCHER WILL ASK FOR YOUR NAME, ADDRESS, AND PHONE NUMBER TO CONFIRM THAT THE INFORMATION ON THEIR 911 SCREEN IS CORRECT. IF THE INFORMATION IS NOT CORRECT, DISPATCH WILL FOLLOW UP WITH THE TELEPHONE COMPANY TO BE SURE THAT THE INFORMATION IS CORRECTED IN THE 911 DATABASE.

POLICE & FIRE NON-EMERGENCY NUMBER	659-2211
POLICE DEPARTMENT BUSINESS NUMBER	659-7979
POLICE RECORDS DEPARTMENT	659-8161
FIRE DEPARTMENT BURN PERMIT LINE	659-8160
FIRE DEPARTMENT BUSINESS NUMBER	659-8158

RESPECTFULLY SUBMITTED,
LAURIE CROKE, LEAD DISPATCHER PAUL W. ROSEBACH, FIRE CHIEF ROBERT M. GALVIN, POLICE CHIEF

PERMANENT DRAINAGE STUDY COMMITTEE

Last summer the Permanent Drainage Study Committee unexpectedly lost its long standing Chairman Arthur Tolman. Arthur was a life long resident and long term employee of the Town of Norwell. The years Arthur had spent working for the Town's Highway Department was an invaluable asset to the Committee. Arthur's knowledge of the streets, lanes, cart paths, driveways, pipes, culverts, open ditches, swamps, streams, easements was far better than any plan or atlas. No plan or atlas could include the small pieces of "history" that Arthur added to each. Arthur Tolman will be missed.

By renting a small "mini" excavator again this year, The Permanent Drainage Study Committee in conjunction with the Highway Department completed cleaning drainage easements in the Washington Park, Forest Street (Gaffield Park), High School, and Stetson Road areas. The Committee is continuing to research easements within the Town and hopes to continue cleaning them with funding.

Major drainage work in High Street (1500') and Parker Street (1300') was completed this year in conjunction with street reconstruction.

The Drainage Committee along with other town department participated in the aerial photographing of the Town, and is now looking forward to the completion of the digitizing of the photographs.

In September, William B. Early was added to the Committee, bringing it to full membership again. The other Committee members would like to extend our welcome to Bill and look forward to working with him.

In the upcoming year the Committee has plans to address some long standing drainage problems that have been brought to its attention by Town residents. It also has undertaken the review of the Town's drainage regulations as they apply to the mandated Phase II Stormwater Regulations.

Finally I would like to thank the Norwell Highway Department and the Town Hall clerical staff for all their assistance.

The Committee continues to meet on the third Thursday of the month and review drainage plans as they are submitted to the Town and to make site visits as needed.

Respectively Submitted,
Mark Aigen, Chairman
Paul Foulsham
Thomas Meehan
James Donovan, P.E.
William Early

TOWN REPORT FOR THE HIGHWAY DEPARTMENT

The Highway Department started the year of 2001 in a very active snow & ice season. Our time was spent clearing and maintaining Town roads to make them safe for travel 24-7 and at times, this was a difficult task. This winter the department assisted by the Tree & Water departments received over 100" of snow to combat throughout the season. Over the course of the winter, we sent our sanding crews out over 60 times to treat the roads. When this was no longer effective, we would call in contractors to help in our efforts in snow removal. The wintry conditions we dealt with, the freezing and melting of snow and ice were detrimental for road conditions. It not only creates frost heaves, but worse potholes, and this year was one of the worst we have seen in some time. Especially Main Street.

While we are still pursuing for Grant money from the State to re-construct Main Street, its condition is rapidly deteriorating. Over the course of the winter, the department was sent out many times to fill potholes, but they continued to get worse. To help in our efforts we had two different contractors assist the department in the repairing of these potholes. Felix A. Marino Company, Inc., performed Infra-Red patching, and The Pothole Medic utilized a high pressure asphalt injection method. Because this department lacks the equipment needed to use hot asphalt in the winter, these contractors were called in and the procedures were effective.

Besides repairing the roads, our time was also spent on maintaining and repairing our equipment, which is not getting any younger. We did however receive a new 1-ton dump truck this year, which is greatly appreciated and helped, tremendously in our snow removal procedures. After a long winter of patching potholes, it was time to put the plows and sanders away and break out the brooms and rakes.

Our spring cleanup begins as soon as the weather allows and we had a lot to do. The first chance we got we sent out the street sweeper and catch basin cleaning truck. These trucks go none stop until all streets have been swept and all catch basins have been cleaned, usually lasting several months. At the same time, we clean up any damage done by the plows. This involves raking broken asphalt off lawns, loaming & seeding areas scraped by plows and sweeping off sidewalks for the street sweeper. During this time, we also replace any cement pylons knocked down over the winter from accidents, as well as signs, which are either fixed or replaced.

After spring cleanup, we started to take care of some drainage issues we noticed over the winter months. On Tiffany Road, we installed a drop inlet and 47' of pipe to try to relieve the problem of water running across the road. On Winter Street, we replaced 53' of drainage, which was washing out a driveway, and another drop inlet was installed at Stetson Road & Barstow Ave. Throughout the summer & fall, other drainage issues were addressed to help solve flooding problems. On Simon Hill Road, over 250' of pipe was cleaned out using our rodding machine because of roots growing in the pipes. A mini excavator was rented to help with drainage problems on Stetson Road, Parker Street, River Street, and at Gaffield Park. We also rebuilt 13 catch basins which were caving in or in danger of doing so. After these catch basins are rebuilt, they are given time to settle and then we asphalt around them.

When using asphalt, the areas are usually prepared first by either, compacting, settling, sweeping or grinding. This year we also rented a cold planer (mini grinder) to help us with the pothole problems on Main Street as well as other areas to be paved. These areas include the 13 catch basins we repaired, 18 water services from the Water Department, berms, aprons, sinkholes, and potholes. All totaled, we spread 125 tons of asphalt. During excavations of any sort, catch basin repair, water services, etc., there is debris left over. This debris is brought back to the Highway yard and stored until it can be ground up. This summer, we contracted a portable crusher from Fastrack Crushing to grind up this pile turning it into a reusable process that is used to build up the sides of the road to keep the edges from breaking away.

This department was also involved in the Osborne Field project. In co-operation with the Water Department, wells were dug and we installed over 400' of irrigation pipe for the irrigation system as well as a shed to house the pump and related appurtenances for this system.

In the fall, we started work on the Veterans War Memorial, installing over 200' of granite curbing around the memorial. Next, we started work on High Street & Oak Street in preparation of the road re-construction. Box cuts were made, material was removed, and a better compactable material was

brought in for where the roads would be brought to uniform width. The drainage was installed shortly after and construction will resume on High, Oak and Parker Street in the spring of 2002.

Winter was once again approaching and it was time to prepare. The salt shed was filled and the plows & sanders were repaired and ready to go. This year the department attended the 2001 Plymouth County Snow Plow Rally in October put on by Plymouth County Highway Association & MIIA. This is an event where highway departments from the Plymouth County area compete against each other in several categories. I am very pleased to say, this year, Norwell Highway Department won 1st place in three out of 5 events including the Overall Champion Award beating out eighteen other teams. This event is intended to promote public safety and employee driving skills.

In closing, I would like to thank my crew Chris Cowden (Foreman), Steve MacInnis, Mark Walther, Mark Allegra, and Andrew Snow, for their hard work and commitment throughout the year. I would also like to thank Linda Murphy, William Gunderway, Harold Tuttle, all the contractors, and the many Boards, Committees, and Commissions who help in maintaining Norwell's character.

Respectfully submitted,
Paul M. Foulsham
Highway Surveyor
Christopher Cowden
Highway Department Foreman

DEPARTMENT OF LANDS & NATURAL RESOURCES

As the first of the year began, we, at the Tree & Grounds Department focus on repairing equipment, mowers, trucks, tractors & tow behind implements. The department will spend some 27 days getting everything up and running including 5 days of bench repair & painting, and 2 days of repainting the 50 or so 55-gallon drums we use as trash barrels around Town.

Thirty days of plowing and sanding with the Highway Department, 15 days of picking up branches around Town from high winds and another 10 days of chipping larger debris that fell around Town.

The Department spent 5 days on shop maintenance, 10 days splitting the many cords of wood at the Recycling Center. This wood is stock piled for the residents of Norwell to help themselves to.

Between January 1st and June 30th, there were 21 burials at the Washington Street Cemetery.

As winter left, and a wet spring began, we commenced with 17 days of field maintenance, 20 days of laying out and painting fields for the spring sports season at the High School. Six days were spent each for aerating and over-seeding. During April School vacation, we put down 2,000 lbs. of spring fertilizer on our secondary fields, 1,300 lbs. of fertilizer with siduron for crabgrass control and the ability to over-seed these area, 4,500 lbs. of fertilizer with dimention for crabgrass control on areas not needing over-seeding plus, 2,600 lbs. of pelletized lime.

During the first half of the year, we leased an aerial bucket truck for one month. This enabled the department to remove 60 dead or hazardous trees and trim 230 more, many in the Norwell Homes area. Six Detail Officers were employed for the more heavily traveled roadways around Town. This departments personnel also assists in road detail for the Memorial Day Parade and the Men's Day Parade.

Mowing of the School, Public Buildings, Little League Fields, Parks & Traffic Islands took 29 days with grass so thick 5 days of sweeping were needed. Eighteen days of watering the High School field complex, the Osborne field, the Little League fields (which have their own well) were done before the watering ban went into effect.

A good week was needed to get the grounds at the High School looking great for Graduation.

Roadside mowing suffered a minor setback when after only 7 days out, the cutting head was damaged due to metal fatigue, and replacement parts took 6 weeks to come in.

During the summer, six poison ivy requests for spraying were completed. This year, with the help of Plymouth County Mosquito Control, this department assisted in treating 1,359 catch basins around town for the West Nile Mosquito. The crew went out 11 days chipping brush along the roadside and Jacobs Pond area. Mowing through the fall took 32 more days and with the roadside flail, another 24 days were logged in.

Fall sports took 18 more days of marking out. Fields were de-thatched three (3) more times aeration took another 8 days and 11 days of over-seeding.

The Tree department hired Village Green to use a large tree spade, which lifted the spruce on the War Memorial up 18". The island was roto-tilled and hydro-seeded. Two areas at the High School were also tilled and hydro-seeded at the same time.

Thirteen days of high winds and branch pickup were followed by the fall leasing of an aerial bucket truck. 130 hazardous trees were taken down, along with 85 trees trimmed. We hired a police detail for 23 days for the department had contracted the crane to come in to take down 7 large trees that the crew removed the debris. The crew also took down 7 large trees without the assistance of any contractor.

Leaf cleanup this year took 7 days. Unfortunately, due to the age of this piece of equipment, which is in excess of 30 years, brake downs are more prevalent.

The second half of the year also brought on 15 more burials at the Washington Street Cemetery. Two days were spent roto-tilling and building a raised mound for the Cemetery Committee. Two trees' and ground cover will be planted next spring.

As for the fall fertilizing plan, in late August before School sports resumed, 2,500 lbs. of fertilizer with millennium was spread to treat broad leaf weeds and clover. 4,700 lbs. of fall fertilizer was put down at the end of September. 2,000 lbs. of starter fertilizer was put down in two applications to the Vinal School newly hydro-seeded field, and to the newly seeded areas at the High School that were worn out from fall sports. At the end of November, 5,500 lbs. of a winterizing fertilizer was applied, and a total of 6,100 lbs. of grass seed was planted over the past year.

At the end of November, the crew removed the benches and barrels from the fields and worked two more days on them. Three days were spent assisting the Highway Department install an irrigation system on the Osborne Soccer Field. Three more days were spent scraping and hauling 100 truckloads of topsoil from what will be a softball field at the Osborne property to be stored at the Highway department for future use.

Seminars on Pesticides, Child & Family Protection Act, Airbrake and Supervisory Skills were attended for a total of 12 days.

Due to scheduling problems, the stump grinder came in only once this year to grind out 33 stumps, which the crew loamed & seeded.

As the year drew to a close, the crew made and installed 150 snow stakes on Town owned property & Schools. Added to all this an average of 30 barrels of trash are picked up and emptied every Friday at the Tree Department.

The Tree/Cemetery employee spent 116 days mainly at Washington Street Cemetery but also mowing, trimming & maintaining Stockbridge Cemetery, Bowker Street Cemetery, 2nd Parish Cemetery, and Jacobs Cemetery. There were a total of 36 burials and cremations.

As for tree plantings, 13 Pines & Spruces were planted at the Vinal School entrance, 6 trees & bushes at Washington Street Cemetery, and 12 trees were planted at various locations where tree removal was necessary.

All information for this report is compiled from the daily job cards, time cards, the tree removal & trimming log book, the chemical & fertilizer log book, and the completed resident request forms.

In Closing, I would like to thank my crew, Mark Smith (Foreman), James Murphy, William Lavery, Mark Kaloshis, and George Horne for their continued efforts in getting the job done. I would also like to thank the many Boards, Committees, and Commissions for their continued support.

Respectfully submitted
Paul M. Foulsham
Director of Lands & Natural Resources
Mark E. Smith, Foreman

REPORT OF THE CEMETERY COMMITTEE

During the calendar year 2001, there were 35 burials in the Washington Street Cemetery, including 9 veterans. A total of 44 lots were sold. The sum of $30,825.00 was turned in to the Treasurer/Collector.

Our part-time employee from the Trees and Grounds Department continues to keep our cemetery in excellent condition. Working for the Cemetery Committee only three and one half days a week April through October, he cuts and trims the grass, installs footings and flat gravestones, digs the graves, trims the shrubs, plants flowers for Memorial Day and does whatever else is necessary to keep the grounds looking so well. Time is also spent on the care of the Stockbridge Cemetery on Mt. Blue Street and at the Bowker Cemetery on Bowker Street.

This year several trees were removed and others trimmed of deadwood. Three new trees were planted, along with 4 rhododendrons. A new planted area is in the process of being developed at the center rear of the cemetery under the direction of Mary Lizotte. It should be completed in the spring.

This past summer part of the rear cemetery was re-measured and grave lots were marked out. We can now offer a wider choice of locations for sale. The price of each lot is $500-00 plus a $10.00 recording fee. Sales are limited to town residents only. Complete rules and regulations are available at the Town Clerk's office.

The Committee is looking for one new member, especially someone who is interested in helping with the design and development of the new cemetery on Wildcat Lane. Please contact the Selectmen's office for further information and/or an application.

Respectfully submitted,

Gertrude Daneau, Chairperson
Mary Lizotte, Clerk
Theodore Baldwin
Francis Nagle

PERMANENT BUILDING AND MAINTENANCE COMMITTEE

The PBMC continues to operate with three of its seven members assigned to the School Building Committee, resulting in several of our regular meetings being cancelled due to insufficient attendance.

In December, our Chairman, Manny Schembari move to Florida and we miss his dedicated service.

We have however completed a couple of projects most notable as follows.

1. Norwell Police Station structural repairs.
2. Council on Aging Retaining wall installation.

The present Board consists of the following members:

Harry Merritt
Marty Sullivan
Steven Waitakatis
*Glenn Ferguson
*George Williams Jr.
*Spencer Joseph
James L. McKenney

*Denotes PBMC members assigned to School Building Committee.

Respectfully submitted,
Harry A. Merritt, Chairman

BOARD OF WATER COMMISSIONERS

The Norwell Water Department (The Department) was pleased to serve 3,271 residential, commercial, municipal and industrial accounts during calendar 2001. This number represents an additional 56 accounts (2%) served over the previous year. The total volume of water pumped from our ten groundwater sources was 391,730,199 gallons; an increase of 7% over the past year's production. The average daily demand in 2001was 1.07 million gallons per day with maximum demand of 2.34 million gallons occurring on May 14th. The average daily demand figure also represents an increase of 7% from 2000. It is evident that new development, in conjunction with changing consumption patterns, is increasing the demand for water on both a daily basis and during periods of peak demand.

The Department of Environmental Protection (DEP) approved Well No.11 for development as a new municipal supply in 1999. Well No. 11 is an 800 gallon per minute source located off of South Street. Water from this well contains high levels of iron, manganese and color. As a result, the Department piloted (tested) two different treatment techniques to determine which was more effective and efficient in removing these constituents from Well No. 11. The pilot study, of 3 months duration, was conducted during the spring of 2001. This study confirmed that high quality finished water can be produced from Well No. 11 with the proper treatment technique employed. The Department can now begin the design of a new well pumping station and treatment facility based upon pilot study design criteria. Construction monies will be requested upon completion of final design.

The Department conducted over 450 service calls during the year. This included the installation of new metering equipment and service valves; marking underground utilities and responding to customer inquires regarding water quality and water pressure. Road excavations required a major commitment of Department resources with 82 road openings. These road openings were required to renew 18 existing water services, replace 4 hydrants and repair 4 water main breaks in addition to installing 56 new water services.

The Department will be refurbishing 3 water storage tanks this year. The Paradise Drive and Judge's Hill tanks will receive some minor structural work and have existing paint coatings removed and new paint systems applied. The Phillips Drive Tank, which entered service in 1990, will require less maintenance (exterior coatings only) due to its shorter service life. Regular renewals of surface coatings ensure the longevity of welded steel tanks. Many tanks of similar construction provide communities with over 100 years of service if properly maintained.

For the second consecutive year the Department received a Public Water System Award and was honored in a ceremony at the Massachusetts State House on National Drinking Water Day, May 8, 2001. The Department was one of 20 systems (from a total of 522 Public Water Suppliers in the Commonwealth) to be recognized for overall excellence in key areas of operation.

In order to monitor the effectiveness of our corrosion control treatment process, the Department continues to test for lead and copper in select homes within the Town. As in 2000, sample results for 2001 continue to show negligible or zero levels of lead and copper in residential household plumbing. Additionally, the Department's corrosion control process continues to minimize the number of service leaks throughout the Town.

The Department mourns the passing of Donald E. Reed who served as Water Commissioner from 1989 to 2000. Don was a groundwater hydrologist who, among his many other contributions, conducted a 10-year well exploration effort that culminated in the discovery of Well No. 11; the deepest, highest-yielding, most sustainable source of water ever discovered in Norwell. Don performed all the required tests, studies, and reports necessary for the well to be approved as a new source of water supply for the community by DEP. Residents will be assured of an adequate supply of water far into the future due to his diligent efforts.

Among Don's other accomplishments for the Town and the Department are: serving on the Groundwater Protection Study Committee that established the Aquifer Protection Overlay Districts to protect and preserve water supplies; elevating the Water Department to state-of-the-art technologies (e.g., seismic refraction survey) from other source discovery methods used in the past (e.g., dowsing); and conducting hydro geologic studies of the Town's three main well fields (aquifers). We all owe a huge debt of gratitude

to Commissioner Reed, who donated his formidable expertise and time in order to provide for future generations of Norwell.

A staff change this past year saw Robin Salvati (Meter Reader/Clerk) leave the Department in October of 2001. We thank her for her for her fine work. Her position was filled in November by Nancy Dooley, a lifelong resident of Norwell.

We would like to take this opportunity to thank Water Superintendent John McInnis, Distribution Foreman Steven Gatanti, Treatment Plant Operator Neal Merritt, Administrative Assistant Diane McCarthy, Water System Mechanics Marc Spinella and Scott O'Keefe and Meter Reader / Clerk Nancy Dooley for their fine dedication to task and for their superb ability to communicate and address issues with water customers, contractors, consultants, and other Town offices.

We would also like to thank all the other Town of Norwell boards, commissions and committees who have offered their cooperation, guidance and support during the past year.

Respectfully submitted,
Board of Water Commissioners
Peter Dillon
Steven Ivas
Frederick St. Ours

BOARD OF HEALTH REPORT

2001 was another eventful year at the Board of Health. With the threat of the West Nile Virus around for a second season, several mosquito-breeding swamps around town were sprayed in the early spring. The spraying was deemed a success as no human cases of the virus were reported for the year. A total of seven (7) birds were submitted to the state lab for testing and two (2) tests came back positive for West Nile. The positive cases were picked up in different parts of town so there were no cluster cases to be concerned with as the birds could have flown in from anywhere. Citizens of the town should be aware that the Board of Health office has informational flyers available for West Nile, Lyme disease and other diseases.

With the threat of bioterrorism so prominent, department staff has had training and information presented from state and national organizations such as the Dept. of Public Health and the CDC. The Board would like to commend the excellent performance by Norwell's emergency response units in the Fire and Police Department when suspicious letters have been reported in Norwell. Fortunately, none of these suspicious items have been confirmed as anthrax related.

Several large projects have come through the Board in the year 2001. New septic systems and kitchens were installed at the Vinal, Middle and High School. Plans have been approved to do the same at the Cole School in 2002. Large septic systems featuring nitrogen removal treatment have been approved for the 30-housing unit Silver Brook Farm on South Street and the new Super Stop & Shop on Washington Street.

The Board was pleased to received a $225,000 grant from the Mass. Technology Park Corporation. The purpose of the grant money is to cover increased costs for trash disposal at the SEMASS Waste to Energy Facility in Rochester, MA where Norwell's trash is transported. The increased costs were due to the costs involved with bringing SEMASS into compliance with tougher environmental standards imposed by the EPA and DEP. The grant will be dispersed in three (3) payments over three (3) years.

The Board also participated in a mercury thermometer exchange program. Residents that bring in old mercury thermometers to the Board of Health office receive a digital one in exchange.

The Board would like to express a great deal of gratitude to the Norwell Visiting Nurses for the public health nursing services provided to the community. There was an extraordinary demand for flu shots this year and with a limited supply of vaccine available, the VNA staff worked tirelessly to ensure that everyone's needs were met. The Board cannot thank the VNA enough for their great service over the years.

Long time Board member, John Litchfield, was elected to another 3-year term in 2001.

Thanks also go out to the South Shore Tobacco Control Collaborative for a great job done in tobacco related issues. The Board is proud to report that there were no tobacco sales to minor's violations during compliance checks in 2001. The Board would like to commend the local merchants for a great job checking I.D.'s.

The Board wishes to praise alternate Health Agent, Jim Jenkins and Food Inspector, Bob Griffin for their outstanding work in 2001 as well as in years past.

Thanks to our hard working full time staff, Health Agent Brian Flynn and Administrative Asst. Pat Cummings. Thanks also go out to all Boards, Commissions, Department Heads and the citizens of Norwell.

COUNCIL ON AGING

The Council on Aging has been in existence as a town department by way of unanimous vote since the 1964 Annual Town Meeting. Its main function remains the same today as it did 37 years ago. This is to provide **information, advocacy and resources to the older adults of Norwell.** It continues to be the community focal point for services and programs that can assist, support and supplement the concerns and needs of our residents, their families and friends.

The primary responsibilities of the Council on Aging focus on five pertinent areas; Information & referral, advocacy, outreach, transportation and education. During 2001, the Council on Aging met these responsibilities by the development and implementation of pertinent programs and services both here at the COA Center and in cooperation with numerous community agencies and organizations. At the end of the 2001 fiscal year, we provided services and/or programs to over 600 individuals with over 43000 units of service given via the aging network and support system.

The **Outreach Program** continues to be one of our top priority programs. Outreach is defined as a support service that aids in providing an avenue for the provision of services for the older adult to include their spouse, caregiver and/or family member. Outreach works with those older adults who may need support with fuel assistance, transportation, housing concerns or may be in an "at-risk" situation. The Outreach Coordinator works with families, agencies and local resources to insure all is being done to assist and support the older individual within their home.

Volunteers continue to be the backbone of our department. In 2001 we were most fortunate to receive over 5200 hours in volunteer service from over 90 different individuals. Examples of this dedication and commitment range from providing medical transportation; program instruction and support; assisting in the office; or delivering meals to homebound elders. This dedication from so many has saved the community over $79,000 per year!

Transportation is another responsibility and necessary asset to our operation. With the expertise of 2 part-time drivers we provide over 30 hours of transportation services weekly encompassing over 7900 trips per year. In addition to the transportation program with the COA van, we have special transportation services for medical appointments that cannot be served through our own van and a back-up system of volunteer drivers that allow us to provide the best service possible. Two transportation grant programs allow us to provide appropriate transportation into Boston and other medical facilities outside the South Shore area. Both are funded via competitive grants through the Older Americans' Act and the Executive Office of Elder Affairs.

The Senior Work Program started in 2000 has proved to be a successful program and has helped a number of residents within the community. The eligible resident can volunteer their time and efforts within a municipal department for an abatement up to $500 towards their property tax bill. This program not only helps the older resident, but also the participating department with their workload. In 2001, the number doubled to 35 residents and over 15 departments. The Council thanks all those involved with this successful program. A special thank you to the Board of Assessor's and their staff for working with the COA and getting this program off the ground.

We would like to take this opportunity to express our appreciation to the volunteers who are the mainstay of operations; the "Friends of the Norwell Council on Aging" for their program and financial support; the support and dedication of our staff; other Town Departments and the residents of Norwell.

Ann Valair, Chairperson
Dorothy M. Dickson
Irene Horte

COMMISSION ON DISABILITIES

Awareness of Disability issues within the Town have taken a remarkable turn for the better owing in large part to several items:

- ❖ General public awareness is growing as more and more adaptations are made to our public facilities everywhere.
- ❖ The tireless work and support of the ADA Compliance Officer/Building Inspector Tim Fitzgerald has greatly improved our Town in many ways for the disabled.

It is great to see that varied departments in the Town have included access for the disabled in their planning.

Keep up the good work, Norwell!

CUSHING CENTER BOARD OF DIRECTORS

The Board of Directors is pleased to submit to the Town of Norwell our annual report of activities for The Cushing Center for Fiscal Year 2001.

The start of the new millennium has brought several changes at the Cushing Center. After dedicating themselves as Directors of the Cushing Center since it's renovation from town offices to a beautiful and thriving function and rental facility Sharon Opdyke, and Susan Donahue have chosen to move on to new challenges. Through their efforts your Cushing Center has remained an architectural jewel, as well as a profitable, and pleasurable asset to Norwell. We wish Sharon and Susan all the best in their new challenges. I would like to take this opportunity to remind residents that this is your building. If you don't already know about the Cushing Center, stop by and see our Executive Director, Mrs. Peg Doherty for a tour and details.

Rental of the function space on the second floor remains very strong and the office area is currently rented at full capacity. Once again, through our rentals and user fees we are able to return our additional revenues back to the general fund. An overview of our income and expenditures is as follows:

Appropriated budget		*$44,867.00*
Income received		
Function Hall rental	*$ 29,530.00*	
Office space rental	*$ 23.875.00*	
Sub total income	*$ 53,405.00*	*$8,538.00*
Appropriated returned unused		
Salaries unused	*$ 147.12*	
Expenses unused	*$ 94.92*	
Sub total unused	*$ 242.04*	*$8,780.04*
	TOTAL RETURNED TO TOWN	*$8,780.04*

The North River Gardeners continue to beautify, not only the Cushing Center, but the entire center of Norwell with their wonderful gardens. Thank you so much North River Gardeners!

In closing I have always believed that a large part of what makes Norwell a great town to live in is the dedication of the employees that work here. The Cushing Center is no exception. Through the continued efforts of our executive director, Peg Doherty and our head custodian Bryan Melenson the Cushing Center remains a true asset to the Town. Thanks again Peg and Bryan.

For the Board of Directors

Jeff Fitzgerald

MEMORIAL DAY COMMITTEE

Once again with the help of the members of the Samuel Turner, Jr Post 192 American Legion and the Cub Scouts all the veterans graver were decorated prior to Memorial Day. Each year the count of the deceased veterans increases.

Memorial Day dawned bright and clear The Parade started at the corner of Lincoln street and Main St. The Parade led by the Police cruiser. Proceeded down Main St. to Norwell Center The marchers which included the Samuel Turner Jr. Post 192 Color Guard, the Norwell Fire Dept. Color Guard and the Fire Chief and Firemen This year for the first time in many years the Police Chief and policemen were in the Parade the three Selectmen members of Post 192 and many other veterans Sons Of The American Legion Post l92 Boy Scouts and Girl Scouts Cub Scouts and the Brownies marched to the music provided by the High School Band under the direction of Mr. Anthony.

The ceremonies were opened with the invocation by Rev. Stephen Harvester of the Church Hill United Methodist Church, followed by the Pledge of Allegiance. Virginia Kulka sang the Star Spangled Banner chairman of the board of selectmen Richard Merritt brought the greetings and thanked all for taking the time to honor our veterans.

Our first Junior High speaker was Kristen Ayles To Those Who Fought. This was followed by a selection from the band the second speaker was Jackie Moriarty who recited "The Gettysburg Address"

We had a speaker from our Samuel Turner Jr. American Legion Post 192. William Dale on the Boy Scouts Of America.

our principal speaker was introduced by past State Commander of the American Legion and Past director of the Twenty And Four, The Honor Society Of Women Legionnaires Dorothy Dickson "James Flattes, Jr. Alternate National Executive Committeeman of The American Legion.

The Firing Squad gave salute to the dead which was followed by Taps Rev. Harvester gave the invocation and the ceremonies were closed. All marchers then proceeded to the Central Fire Station where they were served a collation by the Fire Dept and the Ladies of the Auxiliary.
Thank you to all who made this day such a success.

Herbert N Fredrickson
Memorial Day Chairman

REPORT OF PLYMOUTH COUNTY MOSQUITO CONTROL PROJECT

The Commissioners of the Plymouth County Mosquito Control Project are pleased to submit the following report of our activities during 2001.

The Project is a special district created by the State Legislature in 1957, and is now composed of 26 Plymouth County towns, the City of Brockton, and the Town of Cohasset in Norfolk County. On July 1, 2001 the Town of Bridgewater rejoined the Project. The Project is a regional response to a regional problem, and provides a way of organizing specialized equipment, specially trained employees, and mosquito control professionals into a single agency with a broad geographical area of responsibility.

The 2001 season began with an average water table for the region. Efforts were directed at larval mosquitoes starting with the spring brood. Ground and aerial larviciding was accomplished using B.t.i., an environmentally selective bacterial agent. Upon emergence of the spring brood of adult mosquitoes, ultra-low volume adulticiding began. The Project responded to 9,673 complaints.

The first Eastern Equine Encephalitis isolate obtained by the Massachusetts Department of Public Health was found in collections from Canton, in Norfolk County, on July 15, 2001. One EEE isolate was collected in Plymouth County from *Culiseta melanura,* a bird biting species, in Halifax on August 18. A three year old girl visiting in Canton tested positive in late August for EEE, resulting in the only human EEE case in Massachusetts for 2001. The recurring problem of EEE and the increase in West Nile Virus to the Northeast continues to ensure cooperation between this Project and the Massachusetts Department of Public Health.

West Nile Virus activity increased in Massachusetts during 2001. Plymouth County's first infected bird was found in Lakeville on July 16, 2001. As of November 30, 257 infected birds had been found in twenty six of the twenty eight communities serviced by the Project. During 2001, Plymouth County became the epicenter for WNV positive horse cases. Thirty of the thirty seven confirmed cases occurred in Plymouth County, with Middleboro having eighteen WNV positive horse cases. To ascertain the risk to human health and horses, this Project placed mosquito traps in the infected areas. The mosquitoes collected were tested at the Massachusetts Department of Public Health for WNV, but none were infected. In an effort to keep the public informed of WNV activity, updates were posted on our web site, www.plymouthmosquito.com and

Ochlerotatusjaponicus was found for the first time in Plymouth County. Oc. *japonicus* is a container breeding mosquito which blood feeds on vertebrates such as Massachusetts Department of Public Health at www.state.ma.us/dph/wnv/wnvl.htm. humans and birds. The mosquito is originally from Japan and was introduced several years ago into the New York City area. The mosquito is of interest because it is believed to be involved in the transmission of West Nile Virus. The mosquito was first found in Lakeville on July 19, 2001, and then spread to Middleboro, Plympton, Brockton, Mattapoisett, Bridgewater and Wareham. We now consider *Oc. japonicus* to be well established in the county. The quick spread of this mosquito emphasizes the need to eliminate water holding containers such as tires, buckets, old swimming pools, and boats from properties.

The figures specific to the Town of Norwell are given below. While mosquitoes do not respect town lines the information given below does provide a tally of the

activities which have had the greatest impact on the health and comfort of Norwell residents.

Insecticide Application. 4,320 acres were treated using truck mounted sprayers for control of adult mosquitoes. More than one application was made to the same site if mosquitoes reinvaded the area. The first treatments were made in May and the last in September.

During the summer 1,580 catch basins were treated to prevent the emergence of *Culex pipiens,* a known mosquito vector in West Nile Virus transmission.

Aerial Application. Larviciding woodland swamps by helicopter before, the leaves come out on the trees continues to be very effective. In Norwell this year we aerially larvicided 360 acres.

Our greatest effort has been targeted at mosquitoes in the larval stage, which can be found in woodland pools, swamps, marshes and other standing water areas. Inspectors continually gather data on these sites and treat with highly specific larvicides when immature mosquitoes are present

Water Management. During 2001 crews removed blockages, brush and other obstructions from 425 linear feet of ditches and streams to prevent overflows or stagnation that can result in mosquito breeding. This work, together with machine reclamation, is most often carried out in the fall and winter.

Finally, we have been tracking response time, that is the time between notice of a mosquito problem and response by one of our inspectors. The complaint response time in the Town of Norwell was less than two days with more than 261 complaints answered.

Mosquito Survey. A systematic sampling for the mosquitoes in Norwell indicates *that Aedes vexans* was the most abundant species. Other important species collected include *Culiseta melanura and Coquillettidia perturbans.*

We encourage citizens or municipal officials to call our office for information about mosquitoes, mosquito-borne diseases, control practices, or any other matters of concern.

Kenneth W. Ludlam, Ph.D.
Superintendent

Commissioners:

Robert A. Thomdike, *Vice Chairman* Leighton F. Peck, Jr., *Secretary*
William J. Mara
Michael J. Pieroni

NORWELL RECREATION COMMISSION

Norwell Recreation offered over 200 program opportunities to all ages and interests in 2001. There were over 12255 program participants, which was a 8.9% increase over 2000.

NEW PROGRAMS 2001		
Field Hockey	Kick n Muscle	Quilting
Field Trips	Little People's Stories & Art	Youth Volleyball
Kickboxing	Magic	Summer Band

New programs always meet with varying degrees of success and these were no exception -- some were hits and some were not.

Other programs with a longer history continue. For youth we offered playgroups for toddlers and preschoolers, youth basketball, ski and snowboard lessons, gymnastics, afterschool arts, theater, science, fun activities, fitness programs, a variety of sports programs, school vacation activities, the Egg Hunt, April Vacation Baseball/Softball, field trips, summer recreation playground programs for ages 3-grade 8, crafts, watercolors, golf, tennis, kayaking and lots of field trips. Some programs are cooperative efforts with local organizations or businesses like the baby sitting and parent's helper courses provided by the Norwell Visiting Nurses Association, Sunday Open Gym with South Shore ARC, fitness opportunities at Webb's Pro Fitness Center, discount tickets for the Company Theatre, the Women's Club Bunny Breakfast, the youth dances brought to the town by the Women's Club or the 4-H Horsearounds, the Fishing Derby cosponsored by Village Green Real Estate and other area business and SummerStage (concerts) with many more local businesses helping to sponsor the summer concert fest. For adults and teens we offer many activities such as workreation - a teen volunteer program, dog training, drawing, C.P.R., first aid, golf, coed volleyball, field trips, oil painting, skiing trips, yoga, financial planning, and a variety of workshops and seminars. The Job Bank provides a list of teens willing to child sit, do yard work, and odd jobs which gives residents a valuable resource. We will look into any program suggestion because others may like your ideas! You can see our imaginations (and resources) only limit the variety. So keep those ideas and suggestions coming.

The value and quality we offer seems supported by our high participant numbers. Budget moneys cover the administrative costs of providing recreation services and the staffing for the three general summer playground programs. In 2001, $16,725 was deposited into the general fund, which offsets our budget request so the bottom line for recreation was $109,842. In addition, more than $114,660 was spent on activities totally supported by participant fees. All other activities and services (95% of the programs) have continued because the participants pay all costs with fees. It is our hope that Norwell voters continue to recognize the importance of recreation through public support and not just by one's ability to pay!

Program scholarships totaling $335 were offered and used by many families and we welcome contributions to cover those costs! It becomes clear that fees do impact families who can continue to benefit by recreational services. The Workreation program is where teens volunteer to assist in various capacities in exchange for credit toward recreation activities. We had 15 teens volunteer 316 hours! There were more than 1199 hours that adults volunteered with coaching, teaching, supervising field trips; conducting special events, program assistants, commission members, maintenance projects, etc. That certainly deserves a huge thank you!

Norwell is fortunate to have commission members dedicated to public recreation programs and facilities. We gained a new member mid-year, Jill O'Loughlin, who brings in new ideas and a youthful outlook. Chair, Norma Tosney, and members Mike Hnatkovich, Ginny Maree, and Pat Richardson contribute time, energy, and various areas of expertise. We wish to thank all members for their interest, their support and their time!

Leadership quality is perhaps our best asset. Through recreation director, Dale Connor; program-coordinator, Judy Volpe, and the many excellent program instructors' and leaders' efforts, knowledge, dedication, concern, and enthusiasm, Norwell is provided with recreational services envied by many neighboring communities. We extend our appreciation for all their exceptional efforts.

The Recreation Commission thanks the School Department for their support through the usage of facilities -- gyms and fields, and also recognizes Paul Foulsham and the Tree and Grounds Department for their field maintenance and improvements. Without these cooperative efforts, our programs would be more limited and/or costly. Each year the Town relies more and more upon other organizations within town such as Little League, Girls Softball, Youth Soccer, and Youth Lacrosse to help with the maintenance expenses of the facilities they use.

We mail our seasonal brochure four times a year to every Norwell postal customer. Our challenge continues to be funding support and improved recreational facilities. Participant feedback and numbers show support for services with continual requests for more. 2001 saw some improvements in the area of recreational facilities for the town. The new playing field at the Osborne farm was continued with an additional growing season before play will be allowed in 2002. The Athletic Field Committee continues that site's development with a softball and a practice or youth field. The Recreation Commission also supports the concept of a community center at either the Goldman or Sparrell schools when the school department no longer needs them. Are you interested? We take pride in our response to your interests and needs and hope to hear your ideas! We have programs for all ages, all interest levels. Take a look at one and join us in a future program! *This is your recreation department!*

Submitted by Dale Connor, Director and the Recreation Commission: Chair-Ginny Maree, Mike Hnatkovich, Jill O'Loughlin, Pat Richardson, and Norma Tosney.

RECYCLING COMMITTEE

In 1989, a recycling committee was formed and the program has flourished ever since. In the 2001 fiscal year that ended June 30, 2000, Norwell recycled 687.82 tons of mixed paper, 90.42 tons of scrap metal, 199 units of white goods, 191.49 tons of commingled containers (glass/plastics numbers 1-7), 50 units of CRTs, 98 Propane tanks, 800 gallons of waste oil, and 9 cubic yard boxes of paint. While we are proud of these statistics, we are not satisfied, and want to encourage more understanding of and involvement in recycling. Therefore, the committee applied for an $8000 grant this year through the Department of Environmental Protection and was awarded the money. Part of the money was used for circulars and advertising what Norwell recycles and the services the Recycling Center provides. The Committee ran a contest for six weeks with a winner of $100 each week and at the end a $1000 grand prizewinner. A Norwell Recycling brochure outlining what is recycled curbside, what is recycled at the Recycling Center, a street list schedule of pickups, etc. is being compiled and will be mailed shortly. This is also part of the grant money. The Committee has used some of the grant money to purchase Norwell Recycling produce and grocery bags for residents to use instead of paper or plastic when shopping. These will be on display in various locations and will soon be available for purchase.

The committee continues to work on an incentive recycling program, which is in its 5th year. With the help of residents the committee has been awarded from this program $4,970 for phase 1, which translates into $10.00 per ton for 497 tons of recyclables. If Norwell had sent this tonnage to SEMASS, it would have cost the town $17,156.44 more, because SEMASS charges $34.52 per ton. For every additional ton recycled, compared with last year, Norwell is paid at a higher bonus rate of $20.00 per ton. Norwell recycled 60 tons less this year than last and so cost the town more money in waste disposal costs.

The Recycling Committee hopes to offer more services to the residents by continuing to apply for grants to help defray the cost of recycling to the taxpayers. The Committee will continue to offer recycling stickers free of charge and will hold "tire day" to celebrate Earth Day this spring "free of charge" using grant monies we have applied for and received.

Look for the Norwell Recycling Website in the future with tips and ideas on recycling as well as information on how to obtain composting bins.

Norwell is a member of the South Shore Recycling Cooperative, which is a group of 15 towns that work together to maximize their solid waste programs. The South Shore Recycling Cooperative does cooperative contracting for solid waste related services such as regional household hazardous product collections, construction waste disposal and brush grinding. This results in better pricing due to economy of scale and reduced administrative time in bidding and servicing the contracts. Through the household hazardous contract, residents in Norwell may bring their hazardous material to other town collection sites through an arrangement that is administered by the South Shore Recycling Cooperative. As a group, the South Shore Recycling Cooperative advocates for laws, regulations, and funding sources that will assist our solid waste managers in providing service to their citizens at the lowest cost.

The next time you recycle, remember you will be helping earn money to support your community's recycling program. It is a well-known fact that the more you recycle the more you save on your tax dollar. Recycling saves you money and saves the environment – TRASH DOES NOT.

SOUTH SHORE RECYCLING COOPERATIVE

According to the IMA, the mission of the SSRC is as follows: "... to provide a forum of cooperative management of solid waste by members, to assist each member Town to improve the cost-effectiveness of their recycling efforts by providing economy of scale while maintaining full control over solid waste management; to assist members to improve programs to divert waste materials from the waste-stream and to reduce the amount and toxicity of wastes; and to provide such assistance on an individual basis to each member Town and cooperatively in joint programs with other Towns."

The mission has been fulfilled to the Town of Cohasset in this fiscal year in the following ways:

QUANTIFIABLE BENEFITS

1. By using the regional contract negotiated by the SSRC - with **Safety Kleen** for the collection and disposal of **household hazardous products,** Norwell saved over 20% of what it would have paid using the State contract, and avoided the administrative time required to bid it out on its own. At the September 2000 collection, which was attended by **121 residents,** savings amounted to approximately $900 for this service. The contract also enabled **8 residents** to attend other collections in the region that year by the **reciprocal arrangement,** which is administered by the Planner. In addition, the Planner publicized the events with several hundred **flyers** she delivered to the town hall and library and ongoing press releases in all **local papers, on cable TV and the radio.** She attended and helped run twelve of the collections, including Cohasset's, handed out paint stirrers with cost saving instructions on latex paint disposal, provided a large sign and calculated the **proper billing** for the vendor to ensure that discounts and allowances were credited and visitors billed properly. The Planner spent **16 hours** renegotiating and rewriting the contract, **42 hours** publicizing the events and **130 hours** administering the contract and attending most of the fifteen collections.

2. Norwell benefited from an SSRC **Market Services Grant** for the recycling of **CRTS,** which are now banned from disposal by the State. From July through December, this regional DEP grant paid **$2,068** for, the processing of residents' TVs and computer monitors. The grant did not cover shipping and handling, for which services the two State grant contractors charged $240/ton. The SSRC solicited proposals for collection service from other vendors and negotiated an arrangement with CRT Recycling in which they provided collection trailers, pickup and delivery service to our towns for $90/month during the grant period, which saved Norwell a net total of **$1,740.** In addition, our vendor didn't require that the materials be shrink wrapped and palletized, as did the State contractors, saving significant labor and material costs. The Planner spent **18 hours** on publicity and administration for the grant program.

3. At the end of the grant period, our vendor, CRT Recycling, continued to provide favorable regional pricing, providing containers and pickup service at no charge. (their fee for non-SSRC towns is $60/month.) Members also receive a $ 1 /unit discount off processing costs. These considerations saved Norwell an estimated **$930** for storing, shipping and handling of these items. As with the grant, our contractor saved our towns labor and material costs by taking the material loose. The cost of disposal for all the other electronic equipment CRTR takes at no charge was also avoided, and estimated at $100 for the fiscal year.

4. The SSRC bid out and awarded contracts for **brush grinding and trommel screening** for the processing of compost in FY00. Norwell utilized the grinding contract in FY01.

FY01 COST OF MEMBERSHIP: $4,000 **FY0I BENEFIT OF MEMBERSHIP: $5,641**

INTANGIBLE BENEFITS

1. The Planner provided **advice and assistance** to Norwell solid waste managers on at least twelve occasions in PYO 1, including help with CRT billing, a school chemical cleanout, brush grinding, book recycling, container delivery for fluorescent tubes, how to obtain a free Universal Waste Shed and Renewable Energy Trust grants. She continuously researches recycling alternatives.

2. The SSRC negotiated a regional contract with the **Bourne ISWMIF** at a disposal rate of $47.74/ton for **bulky waste.** The gate fee is $70/ton. The $10 surcharge for the first fifteen mattresses per load is also waived under our agreement.

3. The SSRC provides **networking opportunities** and information sharing at **monthly Solid Waste Manager meetings,** at which solid waste collection, disposal and recycling service and pricing are discussed among member towns. The meetings often feature speakers and subjects of interest to the local MSW community, including special waste disposal, regulatory compliance, grant assistance and regional recycling collections. The SSRC also hosted **tours of CRT Recycling** and **Nantucket's co-compost facility.**

1. The Planner did **public - outreach** by writing articles for and being the **subject** of interviews with the local press promoting waste reduction, recycling and the proper disposal of mercury-bearing waste.
She also fielded at least **6** calls from Norwell residents in FY01 to answer questions, related mostly to HHP
and CRT disposal.

2. The SSRC published a **monthly newsletter** filled with information of immediate interest to the South Shore
solid waste community, including local solid waste news, meetings and seminars. The newsletter is circulated to over 200 town officials, legislators, regulators and volunteers.

3. The SSRC advocated for **passage of solid waste legislation** aimed at shifting some of the burden of disposal
costs onto manufacturers and retailers of products such as tires, motor oil and mercury' products, and
increasing funding of municipal recycling programs through the Clean Environment Fund. The Planner
testified at three legislative hearings, and several of the supported bills were reported favorably out of
committee. Legislators have sought our advice on other bills since then.

4. The SSRC Planner **attended policy meetings, forums and conferences** hosted by the DEP, Solid Waste
Association of North America, The Northeast Resource Recycling Association, the Council of SEMASS
Communities, the Mass. Recycling Coalition, NAHMMA and the New England EnviroExpo. She is a
member of the Mass. DEP Solid Waste Advisory Committee, and testified on the Solid Waste Master Plan.
She gave a presentation to the MMA Environmental Policy Committee. She shares what she learns with the
Managers, and relays the Managers' concerns to the professional and State organizations.

5. The Planner assisted Norwell in obtaining its fair share of the **Renewable Energy Trust,** which will provide
a reduction of about $3/ton beginning in July 01. She spent **30 hours** participating in the establishment of
the distribution process and keeping the towns apprised of their options.

The SSRC exists to serve its member towns by facilitating their solid waste disposal and recycling functions. It always welcomes suggestions on how it can better serve its Members.

Respectfully submitted,
Claire Sullivan, Solid Waste Planner

ANNUAL REPORT ON COUNTY COOPERATIVE EXTENSION
July 1, 2000 - June 30, 2001

The role of UMass Extension, Plymouth County is to deliver research-based information to specific groups of people through nonformal methods. The local staff work in concert with UMass Amherst faculty and staff on behalf of the United States Department of Agriculture to provide valuable information in Extension's four program areas. The Extension System is supported by County, Federal and State funds, and operates under Federal and State laws and agreements. Educational programs focus on four major program areas: Agroecology; Natural Resources and Environmental Conservation (grantfunds); 4-H youth, volunteer and family development; and federally funded Nutrition Education initiatives. Volunteer advisory groups work with staff on developing specific programs. Programs include: Pruning demonstrations; Pesticide applicator trainings and licensing exams; The Annual UMass Extension Garden Calendar; Educational resource materials; Training and resources for agencies serving youth; Accredited overnight summer camp's; Teacher workshops and resources; and Food Safety Certification Courses. Local citizens, appointed by the County Commissioners, serve as County Extension Trustees, directing the overall program. New research findings are translated into practical applications and shared with people and communities through workshops, conferences, field demonstrations, technical assistance, newspaper articles, radio and television. Publications such as regular newsletters and booklets, fact sheets, and home study courses, bring information directly to those who need it.

In Plymouth County, the Extension outreach office is located on High St. Hanson. There is a satellite office in the City of Brockton, for the grant-funded Family Nutrition Program. In Southeastern Massachusetts regional programs are often conducted. UMass also operates the Cranberry Experiment Research Station, located in Wareham. Currently the Plymouth County field staff consists of two 4-H Youth Development Specialists, and a Landscape/Nursery Specialist. For a more detailed program brochure on Cooperative Extension programs contact the county office at Box 658, Hanson, MA 02341. (781)293-3541 or 447-5946. (also info on the Web http://www.umass.edu/umext/)

Board of Trustees oversees the work of Cooperative Extension. They are as follows:

County Commissioner Robert J. Stone - Whitman (term expires 3/31/02)

Jere Downing - Marion (term exp. 3/31/02)
Claire Jesse - Plymouth (term exp. 3/31/02)
Wayne Smith - Abington (term exp. 3/31/02)
Chris Wicks - Middleboro (term exp.3/31/02)
Joseph Freitas - Plympton (term exp. 3/31/03)
Dominic Marini - E. Bridgewater (term exp. 3/31/04)
Janice Strojny - Middleboro (term exp. 3/31/04)
Phil Wyman - Hanson (term exp. 3/21/03)

Town Directors:

M.G.L. Ch. 128 outlines the Cooperative Extension System functions. It allows for Town Directors to serve in the capacity as a local liaison. These towns contribute additional funds to assist Cooperative Extension programs. Annual Cooperative Extension reports are published in their town documents. Directors are: James Franey, Abington; Richard Wyman, Bridgewater; Dorothy Angley, Carver; Lindsay Blake, Duxbury; Dominic Marini, East Bridgewater; Kozhaya Nessralla, Halifax; Marjorie Mahoney, Hingham; Valerie Dennehy, Kingston; James Archer, Marion; David Blanchard, Middleboro; E. Dana Cashin, Norwell; Edward Kierstead, Plympton; Georgia Chamberlain, Rochester; Jerrilyn Quinlan, Scituate; and Clifford Carlson, West Bridgewater.

Members of the County Staff:

Amy McCune, 4-H Youth and Family Development
Robert 0. Mott, 4-H Youth and Family Development
Deborah C. Swanson, Landscape and Nursery Team
Betty Ann Francis, Executive Assistant

Staff funded by Federal or State Program Grants:

Andrea B. Gulezian, Nutrition Education Program Supervisor
Maria Pique, Nutrition Educator
Joyce Rose, Nutrition Educator
Faith Burbank, Water Quality & Natural Resources
Anita Sprague, Senior Clerk (2 days/wk)

For information on 4-H programs call 1-800-374-4446; to contact the Nutrition Education Program in Brockton call 508427-0008.

Report Submitted January 2002

REPORT OF THE BEAUTIFICATION COMMITTEE

The Beautification Committee continues to sponsor five programs to improve and to beautify Norwell's streets, buildings and environs:

1. DAFFODIL. Since this program began, nearly 400,000 daffodils have been planted along our streets. Because we all enjoy the beauty of the daffodils in the Spring, this program will continue in 2002.

2. ELM TREE. We continue to offer disease resistant elm trees for planting by the townspeople. We want to close out our nursery, however, so 2002 may see an end to the elm tree program, except for our program of fungicide injection of existing trees.

3. LIBRARY. We continue to clean the library grounds and the Japanese Garden twice each year. We plan to provide additional landscaping at the Library entrance in 2002.

4. TRIANGLE. Over 50 townspeople plant and maintain 37 street intersections, monuments, police stations, town buildings and the town center. Flowers, shrubs and trees add to the beauty of our town.

5. ADOPT-A-STREET. Over 100 townspeople volunteer regularly to pick up and remove litter and other debris from along the town streets.

Thousands of hours are spent by all these volunteers in a coordinated effort to beautify Norwell. None of this would be possible without the support of the good people of the town. We thank you very much. Additional volunteers are always welcome!

Respectfully submitted:

Richard P. Barry, Chairman
Dorothy L. Underdown
Nora P. Gunn
Arthur J. Lunny
Elizabeth H. Raymond
Paul D. Tribuna
Patricia Cook

REPORT OF THE CONSERVATION COMMISSION

The year 2001 was another active one for the Norwell Conservation Commission. The Commission held 105 scheduled public hearings under the Massachusetts Wetlands Protection Act and the Town of Norwell Wetlands Protection Bylaw and many informal or informational meetings. In addition, the Commission has stewardship of over 1200 acres of the Town's Conservation Land and over 70 acres of land under water. This year, the Commission continued several initiatives to provide greater access to and encourage greater use by the public.

The Spring Town Meeting approved expenditure of Town funds for treatment of weeds in Jacobs Pond. This is a necessary effort to allow the continued use of this valuable open space in Town for boating and fishing. In future years, we expect that such maintenance will be funded primarily through the Jacobs Pond Gift Fund from the Jacobs Pond Estate assisted living complex. Town Meeting also approved a small sum for maintenance of the field overlooking the North River at Stetson Meadows. This latter effort was a goal of the Open Space Management Plan for Stetson Meadows and was accomplished with the guidance and help of The Friends of Stetson Meadows volunteer group.

In addition to weed treatment, the Commission began several initiatives to enhance public access at Jacobs Pond. These include improvement of a long neglected access ramp with state funds; trail maintenance and boardwalk construction, dock repair, and construction of a footbridge across the northern end of the pond. This latter effort, which is still in the planning phase, was started by receipt of a $10,000 grant from the Department of Environmental Management.

The Commission enjoys much support by active citizens and groups. We are thankful for the efforts of many individuals: participants in the Senior Work Program for their work at Jacobs Pond, Eagle Scout candidates Tim Reardon for trail clearing at Millers Woods and John Moore for bridge construction at the Donovan property, Paul Foulsham and the members of the Tree and Grounds Department for help with the stone walls at Jacobs Farm, The Friends of Stetson Meadows for field clearing, Vinnie Bucca for thinning the wooded area near the parking lot at Jacobs Pond, and Brian Tedeschi for clearing stone walls at Donovan fields. Other activities this year included agreements with local farmers to work the fields and maintain beehives at Jacobs and Donovan Farms.

In the coming year, your Conservation Commission will continue these efforts and prepare the 5-year update the Norwell Open Space Plan as required by the state.

The Conservation Commission meets on the first and third Tuesday of the month at 7:30P.M. Meetings are open to the public.

Respectfully submitted, Norwell Conservation Commission
Gregg McBride, Chairman; Burton Bryon, Vice-Chairman; Members: Herbert Heidt, Kathryn Mudgett, W. Clifford Prentiss, A. Gail Storm, Christine Werme; Judith Salter, Agent and Deborah McClelland, Administrative Aide

REPORT OF THE FENCE VIEWER

After several years of increasing work-load, I am pleased to report that 2001 saw a statistically significant decline in fencing controversies. What does this mean? Is our town attracting a kinder gentler breed of new-comers? Will the Selectman take advantage of this opportunity to slash the Fence-viewer's compensation?

The budget permitting (mine, not the town's), I hope to attend the World Congress of Fence-Viewing in New Zealand this year. This will be the first meeting of this group, recently organized in protest to the nefarious and autocratic rule of Etienne L'Escargot, holdover President of the Association Internatinale des Cloture-Voyeux. I continue to hang on to my position as Vice-President of the A.I.C.V. keeping a foot in both camps.

The Fence of the Year award for 2001 goes to that classically-proportioned white fence protecting Charlie Morgan's front-yard flower garden at the historic old Kent House, 10 River St.

Respectfully,
Arthur J. Garceau

NORWELL HISTORICAL COMMISSION

We are mandated to preserve, rehabilitate or restore whenever possible, buildings, structures and properties which constitute or reflect distinctive features of Norwell's aesthetic, cultural, architectural, and historic resources of the Town. The result must be the preservation of Norwell's historical character.

ANTIQUE BUILDING INVENTORY

We continue to send letters and forms out to antique home owners asking them to assist us in completing an inventory of their home. This will help to establish the style, period and approximate building date whenever possible. Twelve homeowners have replied so far, and we are presently in the process of verifying their information, under the direction of Commissioner, Robert Babcock. The Commission is selecting a design in order to produce date board signs for these homeowners, that are unique, distinctive and fraud-proof.

JACOBS - COLLAMORE CEMETERY on Jacobs Trail

a. David Krueger's Eagle Scout Project is to restore the Jacob-Collamore Cemetery on Jacob's Trail. He has cleared brush and small saplings, and put in place granite posts as a foundation for a chain fence. A 'Norwell' boulder was chosen and has been engraved for placement at the entrance.
b. We did have a lengthy delay in legally having a neighbor of the cemetery remove his shed that was over his property line, in the cemetery.
c. We found two Collamore grave stones in the town vault. They had been placed there for safe keeping by Bill Jacob's of Washington St. Three more are at the Jacob's Farmhouse put there by Bill Vinal.....

SECOND EAGLE SCOUT PROJECT

Commissioner Robert Babcock has assisted and worked with the Historical Society and the Eagle Scout candidate, Sam Freed, in locating antique Norwell houses from a 1830 Scituate map. Mr. Freed's project will be invaluable in assisting our inventory project.

JACOBS' FARMHOUSE on Main Street

a. The original wall paper in an upstairs bedroom was beyond repair, so we hired a an antique wallpaper restorer, Joanne Howard, who replaced it with a paper of a similar design and period.
b. We had a wooden board walk built and placed on the front lawn in order to protect our antique rugs & floors during the fall, winter and spring months.
c. Jon C. Haskins replaced the four left-hand carriage house doors, facia boards, gutters and shingles.
d. The roof of summer kitchen was reshingled
e. We renewed the contract with our long time west- side renters of the farmhouse.

STETSON-FORD HOUSE off Stetson Road

a. The well water was tested for bacterial content, found to be elevated and after a year, a new septic system was installed. Although the property of the town, the tenants were forced to buy water for their personal use during this time.
b. We requested a detailed log be kept by Jon C. Haskins, our caretaker, of the numerous restoration and maintenance projects he personally undertakes.

HEARINGS UNDER DEMOLITION REGULATIONS AND REQUESTS FOR HISTORIC BUILDING ALTERATIONS

a. DONALD MAUCH, the new owner of the Prof. Brooks-Wesley Osborne home on Main Street, has been most cooperative with the Commission, and attentive to details as he

restored this historic Main Street homestead.
b. BRIAN TEDESCHI, head of the proposed new Assinippi Stop and Shop complex on the west side of Washington Street, met with the Commission numerous times concerning the historical significance of Barstow's Hill, the four houses on the hill, (excluding the antique Jones house next to the Universalist Church,) the granite stone walls, the two official Massachusetts mile markers c1888, and the Lambert House on the east side of Washington Street. He graciously agreed to arrange for the restoration of the granite wall and mile markers in his plans. He has purchased the Lambert house.
c. AJIE JONES HOUSE next to the Assinippi Church. Inspection revealed that this house, originally moved from Hanover at Assinippi Corner on Rt. 123, had been neglected to the point of extreme damage due to broken water pipes, in addition to vandilized walls and woodwork. After due consideration, we declared it beyond restoration or repair. It was demolished.
d. UNITARIAN CENTER CHURCH proposed to sell the triangle across from the church for a professional business. Bob Babcock did extensive historical research of the area. That presented the possibility of ancient graves on the property for that was the site of the original Unitarian church. It also is in an Historic District. We voted in the negative on their request. The church elders later voted not to act on the proposed use of the land (Plot 51 Map 58).
e. CELL TOWER hearings scheduled for a Norwell Center tower, were attended by Commission members and we vigorously opposed the erection of same. Our findings and stand on this issue were presented to the State and at the Norwell Board of Appeals public hearings. We also enlisted the assistance of the Massachusetts Historical Commission. The erection of the cell tower in Norwell Center was denied.
f. SCITUATE FEDERAL SAVINGS BANK requested permission for an ATM in Norwell Center. We granted their request with the provision its architecture match that of the present bank
g. GEORGE STRACHAN HOMESTEAD c1700, on Stetson Rd. Following the evaluation and report by member Robert Babcock, we granted permission to Skip Joseph, builder, to demolish this home due to absence of significant original features found within the home; Mr. Joseph offered the Commission the opportunity to see plans of the new house for we are attempting to encourage that the 'replacements' fit the character of the neighborhoods.
h. SPARRELL SCHOOL Advised the Building Inspector, School Building committee and contractor that nothing was to be buried on the historic Brooke' site of the demolition project.
i. TOWN COMMON -We enthusiastically supported and approved the style of the stone benches to be placed on the common by the Beautification Committee

DEMOLITION STILL A MAJOR CONCERN

Letters were sent once again this year to all Norwell departments and boards urging them to be on the alert to the possible demolition of historical vistas, and buildings covered under this act. In 2001, two buildings were demolished without our knowledge or permission. We also got in touch with the Plymouth and South Shore Association of Realtors at their new office in Pembroke and talked to them on the phone and then faxed a copy of our by-law to them. They assured us they would notify their members through their members' newsletter, of Norwell's position of the demolition and/or extreme alteration to noteworthy buildings.
They apparently never followed through as promised. Since the 1999 Town Meeting unanimously approved these Demolition Regulations, five listed, protected houses have been demolished in spite of our combined efforts. We hope to be able to enforce the $25,000 fine in the future.
We wish to thank all of those citizens and businesses, especially the Highway Department and the Selectmen's office, for assisting us in our historical efforts this year.
Respectfully submitted,
Joseph R. Carty, Chairman
Carol E. Mesheau, Vice Chairman
Jody F. Vermette, Secretary
Robert A. Babcock
Larry J. McDonough
N. Scott MacEwen
Patricia A. Rice

REPORT OF THE PLANNING BOARD

Two major projects have been under way during 2001. Thanks to the diligence of the Master Plan Steering Committee and our consultant, Community Design Partnership, the new Master Plan for the Town is progressing well. A draft of the Goals and Policies Report has been completed, and town-wide meetings will be held early in 2002, in order to refine the recommendations that will appear in the final document. The Planning Board is also reviewing a draft of the complete revision of our Rules and Regulations, and will be holding a Public Hearing and adopting them in 2002.

Two additions to the Zoning By-laws were presented to and approved by the Town Meeting. One regulates Body Art establishments within the Town, and the other, sponsored jointly with the Selectmen, provides for a restricted Adult Entertainment district in accordance with State laws. The Planning Board also presented an article to the Annual Town Meeting to place the question of adoption of the Community Preservation Act on the ballot for the 2002 Town election. The Town Meeting approved the article.

As the agency responsible for approval or denial of plans for new subdivisions, and for review of other types of residential and commercial development within Town, the Planning Board has been very busy this year. There were 18 subdivisions in various stages of review or construction, with a total of 107 new or potential lots. In addition, the Board endorsed 23 Form A plans, which created a total of 31 new lots. Two condominium projects are in progress which will eventually add 70 units. An analysis of this activity shows:

under review in 2001	**Number of Lots**	**As of 12/2001 Lots Released**	**Subdivisions**
Forest Ridge		5	0
Prairie Farms		3	0
Simon Hill Extension		19	0
Subdivisions approved in 2001			
Birchwood		10	0
Subdivisions under construction			
Autumn Lane		5	5
Black Pond (Clapp Brook Road)		5	4
Hawthorne Park		10	5
Heritage Estates		3	3
Journey's End (Edgewood Park)		9	7
Laurelwood		21	5
Parker Street (Pinson Lane)		3	3
Parson's Walk		3	3
Walnut Tree Hill (Garrison Drive)		1	0
Wildwood Estates		3	2
Subdivisions previously approved, not started			
Bramblewoods (Brattle Road)		4	0
Masthead Drive Extension		3	0
Subdivisions denied – 2		0	0
Form A Plans – 23 plans endorsed			
Tara Drive		14 new lots	
All others		17 new lots	
	Total new Form A lots	**31**	
Condominiums			
Donovan Farms		40 units, 18 released	
Silverbrook (Comprehensive Permit under ZBA)		30 units, 1 built	
	Total new Condo units	**70**	

In March, the Town elected Bruce Graham to a full term following his appointment to fill a vacancy the previous year. Mary Coyle serves as the Planning Administrator, aided by Ann Doherty.

The Planning Board meets on Monday evenings at 345 Main Street. Appointments are necessary, and can be arranged by calling 781-659-8021.

Respectfully submitted,

Sally I. Turner, Chair
Mark Bailey, Vice-Chair
Bruce Graham, Alternate Clerk
Richard W. Twigg, Jr.
Herbert Heidt, Clerk

TRAFFIC STUDY COMMITTEE

The paramount concern of the Traffic Study Committee is the safety of residents and travelers, both pedestrian and vehicular, on the streets plus efficient movement of traffic on all streets in the Town of Norwell. In addition, the Board of Selectmen appointed the committee to investigate and make recommendations on the issues raised by residents of the town or other town boards regarding traffic problems or concerns. The Traffic Study Committee always welcomes any and all questions or concerns of a citizen regarding traffic matters.

During 2001 the committee dealt with various areas of concern to the citizens of Norwell.

The committee looks forward to serving the town during 2002.

Respectfully submitted,

John A. Micek
Christopher Nichols, Esq.
Maureen Hnatkovich
Gerald Gomez
Robert Foulsham

BOARD OF ASSESSORS

The Board of Assessors reports the following values for taxable property established as of January 1, 2001 (Fiscal Year 2002).

CLASS	VALUES	%
RESIDENTIAL	1,064,252,657	82.35
COMMERCIAL	167,973,843	13.00
INDUSTRIAL	43,252,400	3.35
PERSONAL PROPERTY	16,824.300	1.30
TOTALS	**1,292,303,200**	**100**

We have begun the process of revaluing all of the Real Estate in Norwell. This is the three-year revaluation cycle that we are required to accomplish by the Commonwealth of Mass Department of Revenue. We anticipate significant increases in property values in light of the increasing sale prices of properties throughout the Town.

The Board shares the concern of many citizens with our ever- increasing tax rate. We therefore, strongly recommend your attendance and involvement at Town Meeting so that your voice may be heard.

The staff and Board are at your service to explain Board policies, to answer valuation questions and to assist the taxpayers with any other assessment questions.

Respectfully Submitted
Edward J Dunford, Chairman
Charles Markham, Clerk
Rosemary Durica

CAPITAL BUDGET

The Capital Budget Committee reviewed requests for Capital Expenses in the amount of $494,600.00. After careful review we were able to recommend purchases in the amount of $260,600.00. A Capital Expense is defined as "Any purchase in excess of $5.000.00 that has a useful life expectancy greater than 3 years".

Through the cooperation of all town departments we have been able to design and implement a 6 year Capital Improvement Plan. This has allowed us to review our Capital needs for the town as a whole, rather than as individual departments and develop plans and strategies in advance so that we can get the most out of our tax dollar.

As we look to what may be described as an uncertain fiscal future we should take some comfort in the strong Capital Program Norwell has implemented in the past. The Capital budget Committee will continue our efforts to see that the funds available are expended wisely.

For the Capital Budget Committee

Jeff Fitzgerald

REPORT OF THE BOARD OF SELECTMEN

2002 continued to be a busy and challenging one for the Board of Selectmen as the state's ever worsening fiscal crisis cast an ever-increasing shadow on all of the cities and towns across the Commonwealth.

The Annual Town Election in March did not result in a new member of the Board of Selectmen being elected. Rick Merritt, the Board member with the longest service on the Board, was re-elected to the position he has held for the past 9 years. The continuity of the Board will serve the Town well as we go forward together and face the uncertain times ahead.

Also at the Annual Election the Town voted to adopt the Community Preservation Act (CPA) that allows for the imposition of a surcharge on property taxes of up to 3%. The funds collected are to be used for providing Affordable Housing, Historic Preservation, the purchase and preservation of Open Space and Recreational opportunities. After receiving matching funds from the state, the Town expects to realize between $750,000 and $900,000 to be used in the categories listed. A vote of the Town Meeting is required for the recommendations of the CPA Committee to be funded.

The Board has continued in its tireless pursuit of a resolution of the traffic problems between Queen Anne's Corner and High/Grove Streets. From morning until evening residents and commuters alike are faced with gridlocked traffic conditions and unmoving lines of vehicles. The Board was pleased to announce that the project had been scheduled for funding on the FY2003 TIP sheet and would be going out to bid and, hopefully, beginning construction in 2003. The project, more than 18 years in the making, would construct additional turning lanes at each intersection, new signalization and a dedicated turning lane throughout the length of the corridor. When completed, this project will join with the recently completed intersection improvements at Assinnippi Corner to remove the bottlenecks on either end of Route 53 in Norwell.

The Board was pleased to participate in the grand opening of two schools that were constructed as part of the Norwell 2001 project. The new Norwell Middle School, located behind the Sparrell Building, opened for business in January, while the completed renovated and expanded Cole School welcomed students back in the Fall. Both facilities are first class facilities and will serve the children of Norwell for many years to come. The Building Committee continues to oversee the construction at the High School, the final piece of the School Construction puzzle. After many delays, the High School project is scheduled for completion in the Spring of 2003.

As 2003 dawns and the full weight of the state's fiscal crisis bears down on the Town, we are fortunate to have such dedicated employees working for the Town, particularly those in the Office of the Board of Selectmen. We would like to extend our thanks to Assistant Town Administrator Margaret Renaud Cantwell and Administrative Assistant Lynda Allen who work tirelessly on behalf of the Town's residents. Town Administrator Jim Boudreau continues to log long hours on our behalf and has done an exceptional job of helping to prepare the Town for the fiscal uncertainty ahead. We thank Jim for all that he does on our behalf and for all that he does for the residents of our wonderful community. Finally, we need to thank you, the residents of Norwell, for your support and for the confidence that you have placed in us as we work to do your business each and every day.

Respectively Submitted,
John G. Mariano

Paul D. Gaynor
Richard A. Merritt

REPORT OF THE TOWN ADMINISTRATOR

2002 was a busy one in the Office of the Board of Selectmen and Town Administrator. The staff continues to work hard and to discharge the policies and directives of the Board of Selectmen, Town Meeting and the Town By-laws.

For the first time in my tenure, the Annual Town Election did not result in a new member of the Board of Selectmen being elected. Richard Merritt, the Board member with the longest service on the Board, was re-elected to the position he has held for the past 12 years. Rick's steady influence and long institutional knowledge will be invaluable as the Selectmen prepare to face the challenges that lie ahead.

The Annual Town Meeting convened in May to consider 34 Articles including the Town's FY2003 annual budget totaling slightly more than $28 million. Town Meeting seemed quieter than in recent years as the Town Meeting members were able to dispose of all 34 articles in a single night. The budget passed with a minimum of debate as the Advisory Board once again did an outstanding job of working with the various Town Departments, Boards, Committees and Commissions to ensure that the major priorities of the community were met. Highlights of the meeting were the creation of a position of Deputy Chief of Police that would be exempt from Civil Service, the creation of the position of Treatment Plant Manager in the Water Department under the Personnel Plan and the establishment of a revolving fund for the collection and expenditure of busing fees for the Norwell Public Schools. The Special Town Meeting held within the Annual Town Meeting was even less controversial than the Annual Meeting, with the highlight being the approval for the Council on Aging to purchase a mini-van to augment their larger handicapped accessible vehicle and improve the already high level of service that the Town provides to our seniors.

The Norwell 2001 project reached several milestones in 2002 as the both the new Middle School and the completely renovated Cole Schools were re-opened for business. The new Middle School welcomed the students in January, while the Cole School students moved from their temporary quarters in the Goldman School back to their home on High Street. The High School project continued to progress, although the final completion date has been pushed back several times. Final completion for the High School is now scheduled for the Spring of 2003.

Norwell joined a growing list of communities in passing the Community Preservation Act at the Annual Town Election. The Act allows for the imposition of a surcharge on property taxes of up to 3% to be used for Affordable Housing, Historic Preservation and the purchase and preservation of Open Space and Recreational opportunities. The Town expects to realize between $750,000 and $900,000 annually after matching funds from the state are awarded. A Community Preservation Committee was established at the Annual Town Meeting as required by statute and will be charged with making recommendations to Town Meeting as to the disposition of the Community Preservation Act funds.

2002 also saw the final closure of Ozone, the adult bookstore that attempted to open for business on Washington Street in 2001. A Special Town Meeting in December of 2001 passed an Adult Entertainment By-law, regulating the placement of these types of activities in Norwell. After several court hearings on Ozone, the Town was eventually victorious and the store was forced to close. Assistant Town Counsel Robert Galvin played a pivotal role in representing the Town during the judicial proceedings and through his well-reasoned arguments we were able to prevail.

During 2002 an agreement was reached between the Town of Norwell and SEIU Local 285, representing the Town Hall Clerical staff and Emergency Communications Dispatchers for a new three-year contract. The agreement recognizes the dedication, and hard work of these employees. I would like to thank the representatives of Local 285 for the long hours spent in negotiations with the Board to iron out a mutually beneficial collective bargaining agreement.

Town Hall continues to be a popular spot for community meetings and community groups to hold their events. The Town Hall began its' new hours of operation, remaining open on Wednesday evenings until 7:30 pm, while closing Friday afternoons at 12:00 pm. The change in hours has been well received by the community, providing them with additional access to the services provided by the Town outside of normal business hours. The new hours recognizes the changing face of the community where many residents work outside of the community and are unable to get to Town Hall during the day. The building is open in excess of 80 hours per week, hosting among others the ever-popular teen dances, the Norwell Food Pantry, a local Cub Scout Troop, and a local Girl Scout Troop in addition to the various town Boards, Committees and Commissions. The job of keeping the building open and sparkling falls on the capable shoulders of our custodians William Gunderway and Bryan Melanson. Through their tireless efforts, the Town Hall remains clean, bright and cheerful despite the heavy and continuous use.

Thanks once again go out to our dedicated and cable broadcast crew, Ray Henderson and Rollin Bailey. Each week they take the time out of their lives to man the cable equipment and televise the Selectmen's Meetings to the Town. Without them, we would be without television capability and a vitally important conduit to the public would be closed.

No office runs without dedicated and hard-working employees. The Board is fortunate to have the services of Assistant Town Administrator Peg Renaud-Cantwell and Administrative Assistant Lynda Allen. They make the Office go on a daily basis and provide invaluable assistance to anyone and everyone who requests it. I am grateful for their assistance. Thanks also go out to our "floaters", Arlene Donaghey, Meredith Schmid, Maureen Clarke, and Ann Doherty. These employees are assigned by the Selectmen's office to other departments on an as needed basis and provide invaluable support and assistant to departments in need.

Finally, I would be remiss if I did not thank the Board of Selectmen for their support over the past year, as well as the Advisory Board, the Department Heads, Boards, Committees and Commissions who make this Town what it is.

Respectfully submitted,
James M. Boudreau
Town Administrator

REPORT OF TOWN COUNSEL

Thank you again for the opportunity to submit our Annual Report as Town Counsel to the citizens and officials of the Town of Norwell. Both myself and my son, Robert W. Galvin, Assistant Town Counsel, have appeared on matters both pending before the Zoning Board of Appeals and the Planning Board and subsequently have appeared in Court on appeals taken from decisions relating to requests for special permits, variances and matters dealing with the Planning Board regarding Approval Not Required Plans. These items have constituted the majority of any pending court actions.

There is active litigation involving the Selectmen's decision to order the destruction of a vicious dog which decision was upheld in three instances, at a Clerk Magistrate's Hearing and Judge's Hearing at Hingham District Court and a Judge's Hearing at Plymouth Superior Court. An appeal

was taken to the Court of Appeals resulting in an Order of the Appeals Court to remand the matter back to the Plymouth Superior Court for a Hearing, although no date has been set.

In addition, there is a case involving the Board of Health and the granting of a variance regarding King's Landing and other litigation involving title to a parcel of land acquired by the Town by a Tax Taking which is pending in Land Court.

There is also litigation pending involving drainage and damage occurring to a resident's property arising out to improper street drainage.

We have had the full cooperation of all the boards and Commissions in rendering decision and opinions to them as issues arise and we wish to express our appreciation to the Board of Selectmen and their staff for their assistance to us in the pending year.

Special thanks to Town Administrator, James Boudreau and his assistant, Margaret Renaud Cantwell for all their help in providing information requested. We have reported to the Board of Selectmen the status of all outstanding matters and would provide such information if necessary to any interested Town resident with the approval of the board.

Respectfully submitted,

Robert E. Galvin, Town Counsel
Robert W. Galvin, Assistant Town Counsel

REPORT OF THE INSPECTOR OF BUILDING/ZONING OFFICER

The Inspections Department had its busiest year in quite awhile. The renovations and new school building projects are nearing completion. The town will experience unprecedented growth with the onslaught of 40-B projects before the boards at this time.

Residential:	
New Dwellings:	57
Alterations/Renovations	152
Barn	3
Demolish Building	9
Garage	7
Pools	14
Re-roof	60
Tent	12
Woodstove	5

Commercial:	
New Buildings	2
Alterations/Renovations	18
Demolitions	6
Re-roof	5
Shed	0
Signs	47
Tent	9

The permit fees paid to the Town of Norwell for calendar year 2002 was $279,245.

Number of Building Inspections	1139
Zoning Issues	240
Meetings – re: School Projects	5
Meetings w/Handicap Comm	7
Scheduled Inspections w/Fire Dept	40
Meetings w/Town Counsel	20
Scheduled Meetings in Office	107

Respectively submitted,
Timothy J. FitzGerald, Building Inspector
Jim Aikens, Alternate Building Inspector

REPORT OF THE WIRE INSPECTOR

The following list is for Electrical permit applications received in the year 2002.

Commercial Buildings	2
Commercial Additions	1
Commercial Renovations	41
Residential Buildings	47
Residential Additions	52
Residential Renovations	93
Appliances	28
Garages	2
Generators	3
Park/Parking Lot	2
Pools	23
Security/Fire	64
Septic	20
Services	54
Sheds/Barns	4
Temporary Services	12
Tents	3
Traffic Signals	1
Voice/Data	7

Inspections have been by myself or by Charlie Palimieri for the work in progress or completed.
Respectfully submitted,
John F. Moore, Inspector of Wires
Charles Palimieri, Alternate

REPORT OF THE PLUMBING & GAS INSPECTOR

There were 208 plumbing permits, 184 gas permits and 44 hot water heater permits issued in 2002. The inspector and his alternate are part-time with most inspections done in the early morning or, occasionally, late afternoon or by appointment.

Respectfully submitted,
Edward J. Geswell, Plumbing & Gas Inspector
John Hoadley, Alternate

REPORT OF THE BOARD OF APPEALS

During 2002, the Board of Appeals held public hearings on 46 petitions, which is exactly twice the number heard during the previous year. The petition categories are as follows:

Site Plan	3
Site Plan Modification	2
Site Plan/Special Permit/Variance	2
Site Plan/Special Permit	2
Special Permit/Variance	1
Special Permit	3
Rescind Special Permit	1
Special Permit: In-law	3
Special Permit: Nonconforming lots	9
Special Permit: Business Dist. C	8
Special Permit: Dock	2
Variance	4
Sign Variance	1
Appeal of decision by Building Inspector	4
Comprehensive Permit (Chapter 40B)	1

The Board of Appeals continues to work diligently to uphold the Town's zoning bylaw that helps maintain the character of the Town that its residents desire. In addition to a busy meeting schedule in 2002, the Board is pleased to report that it was able to produce a new set of applications and instructions, as well as revise its Rules and Regulations. The Board has also revised its schedule of application filing fees, effective July 24, 2002, for the first time in ten years. In spite of an increase in the application workload, the Board feels it has streamlined the process for most applicants to a single public hearing.

The Board of Appeals has been maintaining web pages at *www.townofnorwell.net*, the official Town website, since last spring. On these pages are the Town's zoning bylaw, downloadable applications for a public hearing, the schedule of application filing fees, the Board's meeting agenda, recent decisions, and other pertinent information. Our sincere thanks to Maureen Clarke and Arlene Donaghey for helping to bring us into the 21st century!

One of the major demands on the time and energies of the Board of Appeals relates to its responsibilities under M.G.L. c. 40B, the so-called "anti-snob zoning" law that provides a developer with the opportunity to bypass Town zoning and planning regulations in order to build 25% affordable housing in developments with increased density over that normally allowed. The Board is presently in public hearings for a Comprehensive Permit application for a 44-unit project proposed at 239 Washington Street, our first 40B application since approval of the Jacobs Pond Estates and Silver Brook projects.

Since November 2002, we have also reviewed three 40B Project Eligibility Applications, the first step in the M.G.L. c. 40B process. Upon receipt of a Project Eligibility Application, the Town has a thirty-day opportunity to review and develop any comments and concerns it may have regarding

a proposed project. The State then considers the comments made by the Town's Boards and Departments before approving or denying the Project Eligibility Application. Such applications must be approved and a Project Eligibility Letter issued by the State in order for a developer to make application for a Comprehensive Permit to the Town's Board of Appeals.

By early March 2003, the Town will have commented on Project Eligibility Application proposals at locations on Summer Street, Tiffany Road, and Bowker Street. For any application that is approved by the State, we expect the developer to file a Comprehensive Permit application with the Board. Without legislative relief, we can only anticipate that more of these applications are in the offing and are currently exploring alternative ways to deal with the increasing demands on individual member's time.

The Board of Appeals sincerely appreciates the cooperative effort of all Town Boards, Commissions, and Departments to produce meaningful comments for the Town to submit to Mass Housing. We are also grateful for the support and advice we have received to aid us in reaching informed decisions for other applications over the past year.

We wish to thank our secretary, Joanne Laroche, for maintaining her good humor under a strenuous workload and helping us to meet our deadlines. We also wish to acknowledge the Building Inspector, Tim FitzGerald, and Building Department secretary, Jennifer McKenney, for their continuing assistance and cooperation. We are fortunate to have the opportunity to work cooperatively with many of the Town's Boards and Departments to help to make Norwell a better place for all of its citizens. It is our privilege to serve the Town of Norwell.

Respectfully submitted,
Earl S. Opdyke, Chair
Abigail R. Childs
G. Brian Shontz
Lois S. Barbour, Alternate
Philip Y. Brown, Alternate
James E. Roche, Alternate

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

This is an update of work done from January 2002 through December 2002.

Tests of all gas station motor fuel and diesel fuel dispensers in Norwell have been completed [107 dispensers, 1100 gallons]. Dispensers were adjusted as needed and sealed. Revenue received $1278.

Testing of scales [apothecary, delicatessen, coffee shop, food shop, supermarket, propane tanks, school equipment] was completed. Revenue received $1100.

Testing of reverse vending and scanners was completed and sealed as necessary. Revenue received $205.

Total revenue received $2583.

All town owned sealer equipment has been tested and sealed by the Commonwealth of Massachusetts Weights and Measures Laboratory and found to be correct.

Massachusetts State Division of Sealer Certification credits have been completed. Monthly classes continue to keep all sealers up to date with the latest changes and requirements as mandated by the state.

The annual report, as required by state law, will be filed before January 31, 2003. A copy of this report will be on file at the town hall.

The Commonwealth of Massachusetts General Law Chapter 98 sections 41 and 42, covering annual public notice to all persons having or using weighing or measuring devices in Norwell, has been legally posted.

Respectfully submitted;
Harold Tuttle
Sealer of Weights and Measures

Pursuant to the Warrant, eligible voters met at the various precincts in the Town of Norwell to cast their votes for the candidates for town offices.

In Precinct I the following workers present were: WARDEN, Joan Shea; CLERK, Amy Locke; TELLERS, Tilda Baldwin, Phyllis Haskell, Mary Draheim, and Eleanor Bailey.

In Precinct II were WARDEN; Carolyn MacLellan; CLERK; Lynne Rose; TELLERS, Mary Lizotte, Beatrice Griffiths, Susan Springer, and Anne Bussiere.

In Precinct III: WARDEN, Dorothy Meehan; CLERK, B. Jean Snow; TELLERS were Fay Joseph, Gertrude Daneau, Paula Young, and Jeanette Simmons

CHIEF WARDEN over all was Town Clerk, Janice M. Lawson. Rocco Libertine served as Constable in Precinct I, Cole School; Constable Kevin Dalton, in Precinct II, Middle School; and Constable Theodore Baldwin, in Precinct III, Vinal School.

Total votes cast in Precinct I were 310, 18 of which were Absentee ballots; in Precinct II, 600, 55 of which were Absentee ballots; and in Precinct III, 673, 39 of which were Absentee ballots. Total votes cast, all precincts, was 1583. Total number of registered voters in Norwell eligible for this election numbered 6530 which means that 24% of the voters participated.

Tallying the results in an open meeting at Town Clerk's office resulted in the following count of votes cast:

	PREC. I	PREC.II	PREC. III	TOTAL

TOWN OF NORWELL

WARRANT

Special Town Meeting and Annual Town Meeting

Monday, May 13, 2002

At 7:30 o'clock in the evening at Norwell Middle School Gymnasium

Plymouth, ss

To one of the Constables of the Town of Norwell, in said County of Plymouth, Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Norwell Middle School Gymnasium, 328 Main Street, in said Norwell, on Monday, the thirteenth day of May, 2002, at 7:30 p.m.; then and there to act upon the enclosed articles, to wit:

In case all articles in the foregoing Warrant shall not be acted upon at the Meeting called for on Monday, May 13, 2002, to meet in Adjourned Sessions at such time and place as the meeting shall determine.

This building is accessible to the handicapped and designated parking is provided. Warrants with large print will be available. Anyone requiring a Sign Language Interpreter should call the Town Clerk's office at least two weeks before the Special/Annual Town Meeting at 781-659-8072.

CAPITAL BUDGET COMMITTEE REPORT	41

Town of Norwell
Advisory Board

345 Main Street
Norwell, Massachusetts 02061

April 1, 2002

To the Citizens of Norwell:

On Monday May 13, 2002 we shall hold our Annual Town Meeting, preceded by the Special Town Meeting, at the new Norwell Middle School at 7:30 p.m. We encourage you all to attend.

For many of us the past year has been tumultuous. One day we went to work only to return home and find our national, state and personal priorities redefined. The economic boom we had been experiencing seemingly disappeared overnight. The Commonwealth struggled for five months to produce a budget that had to be reexamined as the impact of a deflated economy took hold.

On the local level we too have had to reexamine our needs. The Advisory Board's charge is clear, we must produce a balanced budget. To do that, our vision of our community must also be clear, to meet the needs of all citizens. The budget presented to you in Article 2 of this warrant represents what is important to you, your neighbors and friends.

Not only must we support our youth through solid public education; we must look to the other end of the spectrum and support our elderly who continually teach us life lessons. We need to insure the safety and security of all that live and travel through our town. To do this we must have trained personnel that can respond in minutes, on roads that have been maintained. And in a world that at times appears to have abandoned all hope, we need a home that offers us solitude and beauty, which can be found in abundance through the carefully planned acquisitions of you, the voters.

We believe that all needs can be addressed within the limits of our available resources without overextending ourselves. The services that we enjoyed last year are the same services that we provide to you this year. Many of your dedicated managers came forward with good ideas to expand upon existing programs, and while many are worthy endeavors, with the limitations of the tax levy and the uncertainty faced by the Commonwealth we feel that level service is a prudent approach. Our budget asks that you use a small portion of the stabilization fund to continue forward progress on our capital improvement plan.

The Advisory Board would like to thank all the elected and appointed officials, the volunteers and professional staff for all the work they do. It is the dedication of these individuals, which allows us to make informed decisions that we recommend to you.

We hope that you will read the articles and the recommendations with a vision of what you want Norwell to be. Please join us at Town Meeting. This year it is important that we all participate in what many have died for, democracy.

Respectfully submitted,

Elaine P. Reardon/ Chairman
Kenneth Hogeland
Jason Pithe
Charles Dirk

Annette Sexton, Vice-Chair
Mary Cole
Chet Flynn
Donald Mauch

Total School Committee Budget	**$14,384,105**	**$15,103,310**

The above breakdown of the School Department budget is for informational purposes only.
The School Department budget is a bottom line budget and they have the ability to allocate resources as needed. However, in order to assist taxpayers understand the School Budget, they have agreed to provide this breakdown.

TOWN BUDGET

Glossary of Terms

Appropriation:
An authorization to make expenditures and to incur obligations for specific purposes. An appropriation is granted by a legislative body (Town Meeting) and is usually limited in amount and the time when it may be expended. Any part of the general appropriation not spent or encumbered by June 30 automatically reverts to surplus.
A specific appropriation is carried forward from year to year until spent for the designated purpose or transferred by Town Meeting vote to another account.

Budget:
A plan of financial operation consisting of an estimate of proposed expenditures for a given period and the means of financing them. The budget is voted in the Spring at Town Meeting for the fiscal year that begins the following July 1.

Capital Budget:
A plan of proposed capital outlays, usually for a period of 5 years, and the means of financing them for the current year.

Cherry Sheet:
An annual statement received from the Massachusetts Department of Revenue detailing estimated receipts for the next fiscal year and the estimated state and county government charges payable. These amounts are used by the assessors in setting the tax rate. The actual receipts and charges may vary from the estimates.

Fiscal Year:
A 12 month period, commencing July 1 and ending June 30, to which the annual budget applies. Fiscal years are often denoted Fyxx with the last two numbers representing the calendar year in which it ends, for example FY01 is the fiscal year ended June 30, 2001.

Free Cash:
Free cash is the portion of unreserved fund balance available for appropriation. It is not cash but rather is approximately the total of cash and receivables less current liabilities and earmarked reserves reduced also by reserves for uncollected taxes.

Overlay:
The amount set aside to allow for uncollected property taxes. An amount for overlay is added to the appropriations and other charges.

Overlay Surplus:
The unused amount of the overlay for prior years which may be transferred, by vote of the Town, to the reserve account or used for extraordinary items.

Reserve Fund:
An account to be used for transfers when the Advisory Board feels the requested amount is either "extraordinary or unforeseen".

Stabilization Fund:
A special reserve created for future capital expenditures.

Glossary of Terms (continued)

Tax Levy:
The total amount to be raised by taxation of real estate and personal property. This consists of the total amounts appropriated less estimated receipts and transfers from available funds.

Terms associated with Proposition 2 1/2:

Debt or Capital Exclusion:
The Town can assess taxes in excess of the levy limit by voting a debt exclusion or capital outlay exclusion. This amount does not become a permanent part of the levy limit base, but does allow the Town to assess taxes for a specific period of time in excess of the limit for payment of debt service costs or for payment of capital expenditures.

Excess Levy Capacity:
The difference between the Town's tax levy limit and its actual tax levy for the current year. It is the additional tax levy that could be raised without asking for an override.

New Growth:
The amount of property tax revenue that the Town can add to its allowable tax levy as a result of new construction, alterations, subdivisions or change of use which increases the value of a parcel of land by more than certain amounts.

Override:
An amount, voted by the Town, that is permanently added to the levy limit. A majority vote of the Selectmen allows an override question to be put on the ballot. Override questions must be presented in dollar terms and must specify the purpose of the override. Overrides require a majority vote of approval by the Town.

Tax Levy Limit:
The maximum amount of the tax levy for a period under the restrictions of Proposition 2 1/2. It is calculated as the prior year limit plus new growth plus 2 1/2 of the prior year levy limit.

INDEX OF ARTICLES FOR SPECIAL TOWN MEETING

4 - Appropriate Monies to Purchase a Mini-van	Council on Aging	8

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT FOR SPECIAL TOWN MEETING
Monday, May 13, 2002

At Seven-Thirty O'clock in the Evening
At the Norwell Middle School Gymnasium, Main Street

ARTICLE 1 - To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for the compensation schedule under the Personnel Plan for Fiscal Year 2002, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, or act on anything relative thereto.

Requested by the Personnel Board

The Advisory Board recommends this article.

ARTICLE 2 - To see if the Town will raise and appropriate, or appropriate from available funds the following amounts for the payment of unpaid bills from a prior fiscal year:

Coler & Colantonio	2,677.50
ASAP Software	171.00
Total	2,848.50

Or act on anything relative thereto.

Requested by the Town Accountant

The Advisory Board recommends this article. These are bills that arrived late.

ARTICLE 3 - To see if the Town will vote to transfer the sum of $15,070.97 from line-item 1-105-133-5110, Ambulance Service Payroll, and the sum of $20,000 from line item 1-104-132-5110, Call Fire Payroll to line-item 1-103-130-5110, Permanent Firefighters' Payroll, or act on anything relative thereto.

Requested by the Fire Chief

The Advisory Board recommends this article.

ARTICLE 4 – To see if the Town will vote to raise and appropriate, or appropriate from available funds a certain sum of money for the purchase of a mini-van, so-called, for use by the Council on Aging, or act on anything relative thereto.

Requested by the Council on Aging

The Advisory Board does not recommend this article. Members of the Advisory Board appreciate the services provided by the Council on Aging and understand the benefits that may be derived from having a mini-van for transporting individuals and small groups without wheelchair requirements rather than using the large van with handicap capabilities for this purpose. The Town recently replaced the large van with handicap capabilities, and there is concern that the Town will be faced with replacing two vehicles at the same time in the future.

	Vinal School Playground	***$50,000***	***$0.00***	
Grand Total		***$854,150***	***$249,400***	

The Advisory Board recommends this Article in the amount of $249,400.

ARTICLE 4 - To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for the compensation schedule under the Personnel Plan for Fiscal Year 2003, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, or act on anything relative thereto.

Requested by the Personnel Board

The Advisory Board will make its recommendation at Town Meeting. The Personnel Board did not make a recommendation before the warrant went to print.

ARTICLE 5 - To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for union and personal contracts for Fiscal Year 2003, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting. The union and personal contracts were not settled before the warrant went to print

ARTICLE 6 - To see if the Town will vote to accept:

Autumn Lane

As a public way and authorize the Board of Selectmen to acquire by gift or by taking of eminent domain in fee simple, the land within the layout of said way accepted thereunder, for the purposes of said way, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this Article. All requirements have been met for adoption of Autumn Lane as a town road.

ARTICLE 7 - To see if the Town will vote to amend the Town of Norwell By-Laws, Article IV Town Meetings, Section 9, by striking the first paragraph of said section 9 and replacing it with the following:

SECTION 9. A meeting shall be held on the second Saturday in March and shall be conducted as prescribe by law, with polling hours set by the Board of Selectmen before each Annual Town Election and/or Special Town Election, for the determination of such matters as shall properly be placed on the official ballot and for the election of Town Officers, in accordance with and as required by law and these By-Laws, as follows:

Requested by the Board of Selectmen

The Advisory Board recommends this Article. This article specifically sets an election date. This article will serve to clarify the town election date.

ARTICLE 8 – To see if the Town will vote to raise and appropriate, or appropriate from available funds or otherwise provide a sum of money to be expended for the purpose of hiring an architect to provide construction drawings for the renovation of the Sparrell School, so-called, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting.

ARTICLE 9 – To see if the Town will vote to accept the provisions of an early retirement incentive (ERI) for members of the Plymouth County Retirement System as passed by the legislature, enacted by the Governor and approved by the Board of Selectmen, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting.

ARTICLE 10 – To see if the Town will vote to appropriate the sum of $117,180.65 in anticipation of full (100%) reimbursement by the Commonwealth of Massachusetts of Chapter 235 of the Acts of 1999, one apportionment, for State and Highway purposes under the provisions of General Laws Chapter 90, Section 34, Clause 2(A), work on highways, to be expended under the direction of the Highway Surveyor, or to meet the appropriation by taxation, by transfer or by borrowing, or any combination of the foregoing, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this Article. This is a procedural article, which requires that the Town appropriate money for Highway work before the state can reimburse us 100%.

ARTICLE 11 - To see if the Town will vote to raise and appropriate, or appropriate from available funds the sum of $150,000.00, or any other sum, to be expended under the direction of the Highway Surveyor for resurfacing sections of Town Ways, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this Article in the amount of $100,000. This allows us to continue improvements to Town roads within the constraints of this years Budget.

ARTICLE 12 – To see if the Town will vote to raise and appropriate, or appropriate from available funds a certain sum of money to be expended under the direction of the Highway Surveyor, to be used for the maintenance/road repairs as outlined in the Street Inventory Report, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board does not recommend this article. Due to the current financial situation there is simply not enough money available to pay for this substantial undertaking.

ARTICLE 13 – To see if the Town will vote to raise and appropriate, or appropriate from available funds a certain sum of money to be expended under the direction of the Highway Surveyor for Engineering/Implementation of Storm Water Phase II Regulations, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board does not recommend this article. Due to the current financial situation there is simply not enough money available to pay for this substantial undertaking.

ARTICLE 14 – To see if the Town will vote to raise and appropriate, or appropriate from available funds a certain sum of money to be expended under the direction of the Highway Surveyor/Director of Lands & Natural Resources to bring the Highway/Tree Department Facilities into EPA compliance, or act on anything relative thereto.

Requested by the Highway Surveyor/Director of Lands and Natural Resources

The Advisory Board does not recommend this article. A substantial amount of this article is being addressed through the Capital budget.

ARTICLE 15 - To see if the Town will vote to raise and appropriate, or appropriate from available funds the sum of $50,000, or any other sum to be expended under the Direction of the Permanent Drainage Study Committee and the Highway Surveyor for engineering, installation, and or maintenance of Town drainage, or act on anything relative thereto.

Requested by the Permanent Drainage Study Committee

The Advisory Board does not recommend this article. A less costly alternative in which the granting of an easement could rectify an existing drainage condition awaits further evaluation by the Permanent Drainage Study Committee and the Highway Surveyor.

ARTICLE 16 - To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide the sum of $167,500.00 to provide irrigation and improvements to the Osborne League Fields, said funds to be expended under the direction of the Tree and Grounds Director and the Highway Surveyor upon recommendation of the Athletic Field Committee, or act on anything relative thereto.

Requested Recreation Commission and The Athletic Field Committee

The Advisory Board recommends this article in the amount of $100,000. The additional fields that this money will build are vitally important in order to meet the growing demands for fields, due to the continuing growth of our youth sports programs, the field damage that has resulted from overuse and the fact that, the ongoing school building projects have caused a reduction in the number of fields available.

ARTICLE 17 – To see if the Town will vote to amend the salary classification plan, Grade 15, to include the position of Town Clerk for information purposes only, or act on anything relative thereto.

Requested by the Personnel Board

The Advisory Board recommends this Article. Although the Town Clerk is an elected office and, therefore, the Electorate at Town Meeting can set the salary of the Town Clerk at any value, a guideline for Town Meeting is provided by amending the salary classification plan to Grade 15 for the Town Clerk position. The Personnel Board has reviewed the duties and responsibilities of this position in determining that Grade 15 is appropriate.

ARTICLE 18 – To see if the Town will vote to authorize and empower the Board of Selectmen to file a Petition with the General Court in substantially the following form:

Section 1. The position of Deputy Chief of Police in the Town of Norwell shall be exempt from the provisions of Chapter 31 of the General Laws.

Section 2. The provisions of this act shall not impair the civil service status of the person holding the position of Deputy Chief of Police in the Town of Norwell on the effective date of this act.

Section 3. This act shall take effect upon its passage.

Or act on anything relative thereto.

Requested by the Police Chief

The Advisory Board recommends this Article.

ARTICLE 19 – To see if the Town will vote that the Town of Norwell adopt mandatory air quality testing for all municipal buildings subject to public assembly. This list to include, but not limited to: Norwell High School, Cole School, Vinal School, Middle School, Sparrell Building, Town Hall, Norwell Public Library, Cushing Center, Council on Aging. Mandatory testing will follow Board of Health protocol included herein. Move that the town appropriate a certain sum of money to be added to the Board of Health budget for purpose of air quality testing.

Board of Health protocol regarding Air Quality Testing:

1. The Norwell Board of Health will administer all air quality tests.

2. The Norwell Board of Health will be financially responsible for initial testing of all facilities each year.

3. Any facility not meeting minimal requirements will be responsible for correcting problem and for payment to re-test air quality.

4. Air quality testing will include, but not limited to: Radon, Air Borne Dust, Carbon Monoxide, TVOC (Total Volatile Organic Compounds), Air Borne Molds.

5. Testing schedule will be as follows:

1. All schools will be tested prior to opening in September and a second test administered prior to opening after Christmas recess.

2. All other municipal buildings subject to this regulation will be tested in January.

It will be the responsibility of the facility manager to correct any air quality problems. If problem is not corrected in accordance with Board of Health regulation, building may be subject to closure.

These protocols subject to change.

Or act on anything relative thereto.

Requested by the Board of Health

The Advisory Board does not recommend this article. The Board of Health already has the necessary authority to require air quality testing in all municipal buildings subject to public assembly. The term "mandatory" is a misnomer in that there are no mandatory federal or state air quality requirements other than those imposed on a municipality by itself.

ARTICLE 20 – To see if the Town will vote to amend the Town By-laws by striking ARTICLE XVI-a, WETLANDS PROTECTION, in its entirety and replacing it therein with the following new text:

ARTICLE XVI-a
WETLANDS PROTECTION

SECTION 1. This article is adopted under authority of Section 6, Article 89 of the Amendments to the Massachusetts Constitution, known as the Home Rule Amendment, and General Laws Chapter 40, Section 21. The purpose of this bylaw is to protect the floodplains, wetlands and related water resources, riverfront areas and adjoining land areas of the Town of Norwell by controlling any activities in or near wetlands and riverfront areas deemed to have a significant effect upon wetland values, including, but not limited to, the following: public or private water supply, groundwater and groundwater quality, flood control, sedimentation and erosion control, storm damage prevention, water pollution prevention, wildlife and wildlife habitats, recreation, aesthetics, fisheries, fish and shellfish habitats, rare plant and animal species, and riverfront areas.

SECTION 2.

A. Except as permitted by the Norwell Conservation Commission ("Conservation Commission") or as otherwise provided in this by-law, no person shall remove, fill, dredge, alter or build upon or within one hundred (100') feet of any bank, fresh water wetland, including without limitation, isolated vegetated wetlands, flat, marsh, meadow, bog, swamp, creek, river, stream, pond or lake, any land under said waters, any land subject to flooding or inundation by groundwater, surface water or tidal action other than in the course of maintaining, repairing or replacing, but not substantially changing or enlarging an existing and lawfully located structure or facility used in the service of the public and used to provide electric, gas, water, sanitary sewer, storm drainage, public roadway, telephone, telegraph, and other telecommunication services, without filing written Notice of this intention to so remove, fill, dredge, alter or build upon or within one hundred (100') feet of said wetland resources and without receiving and complying with an Order of Conditions and provided all appeal periods have elapsed. Such Notice shall be sent by certified mail to the Norwell Conservation Commission, including such plans as may be necessary to describe such proposed activity and its effect on the environment.

B. Except as authorized by the Norwell Conservation Commission, no activity or alteration shall be permitted within a fifty (50') foot buffer strip ("buffer strip") between any wetland resource area, bordering vegetated wetland, and/or isolated vegetated wetland and any proposed site disturbance. Prohibited activities shall include, but are not limited to, the following: (1) new construction of any buildings, sheds, and/or driveways of any nature and type (excepting water dependent structures expressly approved by the Commission), (2) alteration, reconstruction or relocation of existing buildings, sheds and/or driveways of any nature or type; and (3) activities which involve or result in the removal, filling or altering of land within the buffer strip. Nothing herein shall preclude the maintenance of an existing structure located within the buffer strip. The Conservation Commission may allow the prohibited activities upon an express determination that the applicant has made a clear and convincing showing that the proposed work in the buffer strip and its natural and consequential impacts and effects will not adversely affect the wetland values of this bylaw.

SECTION 3. Any person desiring to know whether or not a proposed activity or an area is subject to this bylaw may request a determination from the Conservation Commission in writing. The Conservation Commission shall issue its determination, in writing, within twenty-one (21) days from the receipt of such request. The Commission, its agent, officers and employers, may enter upon the land upon which the proposed work is to be done in response to a request for a prior determination or for the purpose of carrying out its duties under this Bylaw and may make or cause to be made such examination or survey as deemed necessary.

SECTION 4. The same Notice of Intent, plans and specifications required to be filed by an applicant under Massachusetts General Laws, Chapter 131, Section 40, will be accepted as fulfilling the filing requirements of the bylaw. Within twenty-one days after receiving a Notice of Intent, the Conservation Commission shall hold a public hearing on the proposed activity. Notice of the date, time and place of said hearing shall be given by the Commission at the expense of the applicant not less than five days prior to such hearing by publication in a

newspaper of general circulation in the town and by mailing a notice to the applicant by mail. The applicant may be present at said hearing and may be represented by counsel and shall be entitled to present evidence, call witnesses, and question any witnesses appearing at the hearing. The Commission shall make and keep a record of its proceedings and, upon request, shall furnish copies at reasonable cost. Said hearing shall be conducted simultaneously with the public hearing required to be held under the provisions of said Chapter 131, Section 40, and in conformity with said regulations promulgated by the Department of Environmental Protection.

SECTION 5. Unless otherwise set forth in a regulation hereinafter adopted by the Conservation Commission, the term set forth herein shall have the following meanings. The term "applicant", as used in this bylaw, shall mean the person giving notice of intention to remove, fill, dredge, or alter wetlands or to perform any regulated activity within the area of jurisdiction defined by this bylaw. The term "person" as used in this bylaw, shall include any individual, group of individuals, association, partnership, corporation, company, business organization, trust, estate, the Commonwealth, or any political subdivision of the Commonwealth, administrative agency, public or quasi-public corporation or body, or any other legal entity or its legal representative, agents, or assigns.

SECTION 6. The Conservation Commission is empowered to deny permission for any removal, dredging, filling, or altering of subject lands within the Town if, in its judgment, such denial is necessary for the protection of public or private water supply, groundwater, flood control, storm damage prevention, and the prevention of pollution or any of the wetland values protected hereunder. Due consideration shall be given to possible effects of the proposal on all values to be protected under this bylaw.

SECTION 7. The Conservation Commission may, as an alternative to a denial, impose such conditions, as it deems necessary to contribute to the protection and preservation of the subject lands in accordance with the purpose of this bylaw. An order of conditions issued under this Bylaw may be identical to such an order issued by the Norwell Conservation Commission under the provisions of M.G.L. c. 131, sec. 40.

SECTION 8. The Notice required by Section 2 of this bylaw shall not apply to emergency projects necessary for the protection of the health and safety of the citizens of Norwell and to be performed or, ordered to be performed, by an administrative agency of the Commonwealth or by the Town. Emergency projects shall mean any projects certified to be an emergency by the Commissioner of the Department of Environmental Protection and Conservation Commission if this bylaw and Massachusetts General Laws Chapter 131, Section 40, as amended, are both applicable or by the Conservation Commission if only the bylaw is applicable. In no case shall any removal, filling, dredging or altering authorized by such certification extend beyond the time necessary to abate the emergency.

The provisions of this bylaw shall not apply to any mosquito control work done under the provisions of clause (36) of section five of Chapter 40, or Chapter two hundred and fifty-two (252) or to work performed for normal maintenance or improvement of lands in agricultural use as of the effective date of this By-Law.

SECTION 9. The Conservation Commission is authorized to establish filing fees to defray costs incurred in conducting hearings under the Wetlands Protection Bylaw and to adopt rules and regulations regarding the establishment and collection of such fees. Such rules and regulations may be adopted, or amended at any regularly scheduled meeting of the Conservation Commission subject to the approval of the Board of Selectmen. Upon such approval they shall be published once in a newspaper of general circulation in the Town, shall thereafter be posted for seven consecutive days in five conspicuous places, and shall become effective upon the expiration of said seven days.

SECTION 10. In addition to the fees authorized by Section 9, Notices of Intent filed for business, commercial, industrial and/or subdivision projects shall reimburse the Town for certain costs incurred by the Town in processing the application, inclusive of consulting and expert fees incurred in reviewing any such proposals. The applicant shall, with submission of a Notice of Intent, deposit with the Treasurer of the Town funds equal to one percent (1%) of the estimated cost of the project or five hundred dollars ($500.00) whichever is greater. For business, commercial and industrial filings "estimated cost" shall mean the estimated cost of the entire project, including building construction. For subdivisions "estimated cost" shall mean the estimated cost of land preparation, grading, placement of utilities, and construction of roads and drainage systems. The Conservation Commission shall direct the Treasurer to expend such funds to pay for all reasonable design review by its consulting engineer, or by other professional persons required to assist the Conservation Commission to determine the adequacy of the submitted plan(s) with regard to MGL C.131, s.40 and this Bylaw. However, no such payment shall be directed until 14 days after a photocopy of the bill purporting to represent charges for such services and review has been sent, by first class mail, to the applicant. If the applicant disputes the amount, the bill shall be reconsidered by the Conservation Commission, and the Commission's decision will prevail. The balance of this account shall at no time be less than one half the initial deposit; upon notice from the Commission by first class mail, the applicant shall deposit with the Treasurer such additional funds as are required to restore the account to the amount of the initial deposit. Within 21 days of issuance of a Certificate of Compliance, all remaining funds shall be returned to the applicant. The Conservation Commission may require similar deposits for filings by persons other than businesses if the submitted plan(s) require design review by its consulting engineer or other professional persons. If a deposit is required for a Request for Determination of Applicability, all remaining funds shall be returned to the applicant within 21 days of the issuance of an Occupancy Permit by the Building Inspector.

SECTION 11. The Commission, its agents, officers and employees shall have the authority to enter upon privately owned land pursuant to warrant, court procedure, or other appropriate administrative order for the purpose of performing their duties under this Bylaw and may make or cause to be made such examinations, surveys or sampling as the Commission deems necessary.

SECTION 12. The Commission shall have the authority to enforce this Bylaw, its regulations, and permits issued thereunder by violation notices, administrative orders, and civil and criminal court actions. Upon request of the Commission to the Board of Selectmen, the Town Counsel may take legal action for enforcement under civil law. Upon request of the Commission, the

Chief of Police may take legal action for enforcement under criminal law. Any person who violates any provision of this Bylaw, regulations or permits issued thereunder, shall be punished by a fine set by the Conservation Commission. Each day or portion thereof during which a violation continues shall constitute a separate offense, and each provision of the Bylaw, regulations or permit violated shall constitute a separate offense. In addition to the procedure or enforcement as described above, the provision of this bylaw may also be enforced by the Commission or its agent, by non-criminal complaint pursuant to the provisions of M.G.L. Chapter 40, Section 21D. The penalty for violation of any provision of this Bylaw shall be $100.00 for the first offense; $200.00 for the second offense; $300.00 for the third offense and each subsequent offense.

SECTION 13. The Conservation Commission may require the posting of a bond with or without surety, running to the municipality, and sufficient as to form and surety in the opinion of the Commission's Counsel, to secure faithful and satisfactory performance of work required by any Order of Conditions, in such sum and upon such conditions as the Conservation Commission may require. Other evidence of financial responsibility which is satisfactory to the Conservation Commission may be accepted in lieu of bonding. Notwithstanding the above, the amount of such bond shall not exceed the estimated cost of the work required or the restoration of affected lands and properties if the work is not performed as required, whichever is greater. Forfeiture of any such bond or other security shall be recoverable in an action in any court of competent jurisdiction. Such bond or other security shall be released upon issuance of a Certificate of Compliance.

The Commission may also consider a conservation restriction, easement, or other covenant enforceable in a court of law as a way to secure adherence to conditions imposed by the Commission. Such covenant shall be executed and duly recorded by the owner of record, running with the land to the benefit of this municipality whereby the permit conditions shall be performed and observed before any lot may be conveyed other than by mortgage deed. This method shall be used only with the consent of the applicant.

SECTION 14. The Norwell Conservation Commission may, from time to time, adopt such other and further definitions, regulations, fees and performance standards as it may deem necessary to protect the interest and/or intent of this bylaw. Said definitions, regulations, fees and performance standards shall become effective upon publication following a public hearing.

SECTION 15. The invalidity of any section of provision of the bylaw shall not invalidate any other section or provision thereof.

Or act on anything relative thereto.

Requested by the Conservation Commission

The Advisory Board recommends this Article. This article will improve and strengthen our local Wetlands Protection regulations.

ARTICLE 21 – To see if the Town will vote to amend the Town of Norwell By-Laws, Article XV, Section 11, Animal Control, as follows:

I. Delete the first sentence of subsection k(3).

II. Add new subsection ("l"):

"l. Non-Criminal Disposition of Violations of Animal Control Bylaw. In addition to any of the penalties and/or remedies set forth in this bylaw, pursuant to General Laws Chapter 40, Section 21D, the penalties for violations of the aforementioned Animal Control Bylaw and any rules or regulations promulgated thereunder shall be $25.00 for the first offense, $50.00 for the second offense, $100.00 for the third offense, and $200.00 for the fourth and subsequent offenses. Each day of any violation shall be considered a separate offense. The Board of Selectmen, acting through its, Animal Control Officer, shall have the authority to dispose of said violations in accordance with the procedures and provisions of General Laws, Chapter 40, Section 21D.

Requested by the Animal Control Officer

The Advisory Board recommends this Article. The proposed subsection decriminalizes violations of the Animal Control Bylaw.

ARTICLE 22 - To see if the Town will vote to amend the Zoning By-laws to add a new subsection (C) under Section 2342 Permitted Uses in Business District C .

Add to Section 2342 Permitted Uses, subsection c)

c) Attorney's Offices less than 5000 gross feet

Amend Section2341 (e)-Uses Allowed by Special Permit from the Board of Appeals to read:

(e) Business or professional offices or banks, **except Attorney's Offices over 5000 gross square feet.**

Or act on anything relative thereto.

Requested by the Planning Board

The Advisory Board will make its recommendation at Town Meeting. The Planning Board had not held its public hearing before the warrant went to print.

ARTICLE 23 – To see if the Town will vote to amend the Town of Norwell Zoning By-Laws as follows:

Delete the first sentence of Section 1642 in its entirety and substitute the following therefor:

The Inspector of Buildings may authorize an alteration to a single or two family nonconforming dwelling under the following circumstances only:

(a) alteration to an existing structure which is located on a lot with insufficient area, where such alteration complies with all current setback, yard, building coverage, and building height requirements.

b) alteration to an existing structure which is located on a lot with insufficient frontage where such alteration complies with all current setback, yard, building coverage, and building height requirements.

Or act on anything relative thereto.

Requested by the Planning Board and the Master Plan Steering Committee

The Advisory Board will make its recommendation at Town Meeting. The Planning Board had not held its required public hearing before the warrant went to print.

ARTICLE 24 – To see if the Town will vote to amend the Norwell Zoning By-laws by making the following changes:

Add new Section 2423.

No part or portion of any lot which contains a surface or subsurface detention or retention basin, or swales that form part of a Stormwater Management System, shall be used in determining minimum lot size as required herein, except that this paragraph shall not apply to any lot lawfully laid out by plan or deed duly recorded, as defined in G.L. c.41, s.81L, prior to the effective date of this paragraph, to any lot shown on a plan endorsed, prior to the effective date of this paragraph, with the words, "Approval under the Subdivision Control Law not required", or words of similar import, pursuant to G.L. c.41,s.81P, or to any lot shown on a Definitive Plan endorsed with the words "Approved under the Subdivision Control Law" or words of similar import, pursuant to G.L.c.41, s.81U, which complied at the time of such recording or endorsement whichever is earlier, with all of the minimum area requirements set forth in the Zoning Bylaw, except for this paragraph, provided, however, that this paragraph shall apply to any subdivision under Subdivision Control Law, aforesaid, submitted to the Planning Board on or after the effective date of this paragraph.

Or act on anything relative thereto.

Requested by the Planning Board

The Advisory Board will make its recommendation at Town Meeting. The Planning Board had not held its required public hearing before the warrant went to print.

ARTICLE 25 – To see if the Town will vote to amend the Norwell Zoning Bylaws by making the following changes:

Amend Section 2444: Route 3 Buffer Zone

Delete the words "from the Third Herring Brook to the North River".

Section 2444 to read:

Route 3 Buffer Zone- In all districts, all natural vegetation will remain undisturbed within 100 feet of the way line of the State Highway (Route 3).

Or act on anything relative thereto.

Requested by the Planning Board

The Advisory Board will make its recommendation at Town Meeting. The Planning Board had not held its required public hearing before the warrant went to print.

ARTICLE 26 – To see if the Town will vote to appropriate from available funds (Water Department Surplus and/or Water Department Operating Revenue) $30,000 or any other sum to be expended under the direction of the Board of Water Commissioners for the purpose of conducting Hydro geologic Studies, Well Exploration and associated work, or act on anything relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board recommends this article. This article allows the Water Department to continue its search for new water supplies.

ARTICLE 27 – To see if the Town will approve the placement of a Treatment Facilities Manager position in the Personnel Classification and Compensation Plan at Grade 13, or act on anything relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board recommends this article. The Norwell Water Department has been expanding its capacity to provide high quality potable water to the residences and businesses of the Town. The quality of water from new wells presents a challenge in water treatment and has required the up-grading and addition of state-of-the-art water treatment facilities. The placement of Treatment Facilities Manager position in the Personnel and Compensation Plan at Grade 13 will assure that this position can be filled when the increased requirements for operation and maintenance of these facilities occurs.

ARTICLE 28 – To see if the Town will vote to amend sections 6430, 6440 and 6450 of Article VI of the Zoning By-laws and shown on sheets 11B and 5D of the Atlas of the Town of Norwell by:

1. Shifting the line marked Business B-3 on the east and Residence B on the west to the easterly line of lot #24, then westerly along the borders of lots #23 and #24, then northerly along the easterly lot lines of lots #17, #14, #11, and #9, then westerly for a distance of 102.5 feet on the northerly lot line of lot #9, then northwesterly following the easterly lot line of lot #7, then turning westerly and following the northwesterly border of lot #7 and ending at the juncture of this line and High Street.
2. Eliminating the line marked "Business B-4/Residence B" that runs from the northwest juncture of a line marked "Residence B/Business C-1" southeast through lots #16, #17, #18 and #19 ending at the westerly side of High Street. Thus said line marked "Residence B/Residence C-1" running north to south would become the dividing line between the residential area to the westerly side of High Street and the area zoned for business in said area.
3. Extending the line marked "Residence B/Business B-5" running north to south along the westerly borders of lots #39, #40, #41 and #42 to include the westerly border of lot #43, ending said line at the juncture of Grove Street.

Or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board will make its recommendation at Town Meeting. The Planning Board had not held its public hearing before the warrant went to print.

ARTICLE 29 - To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of $3000 for the Womansplace Crisis Center in lieu of services provided to victims/survivors of sexual assault, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board recommends this article in the amount of $1,500. Support for a single woman's crisis center activity has been provided by Town Meeting in prior years at the recommendation of the Advisory Board. This year, there are two requests for support (see Article 29). Since the Advisory Board has requested all Town Departments to stay within the strict funding limits of level services for FY 2003, we request that Town Meeting apply the same limits to this activity. By approving $1500 for this article and for Article 29, the Town is providing the same level of funding as in prior fiscal year.

ARTICLE 30 - To see if the Town will vote to raise and appropriate, or appropriate from available funds the sum of $4,000 to contract with the South Shore Women's Center for domestic violence intervention and prevention services to its residents, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board recommends this article in the amount of $1,500.

ARTICLE 31 – Will the Town vote to amend its bylaw by adding a new section _____ to establish a Community Preservation Committee pursuant to M.G.L. Chapter 44B

1: Establishment

There is hereby established a Community Preservation Committee, consisting of seven (7) voting members pursuant to MGL Chapter 44B. The composition of the Committee, the appointment authority and the term of office for the Committee members shall be as follows:

One member of the Conservation Commission as designated by the Commission for a term of three years.
One member of the Historical Commission as designated by the Commission for a term of three years.
One member of the Planning Board as designated by the Board for a term of three years.
One member of the Recreation Commission as designated by the Commission for a term of three years.
One member of the Housing Authority as designated by the Authority for a term of three years.

Two members to be appointed by the Board of Selectmen, one member to be appointed for a term of one year and thereafter for a term of three years and one member to be appointed for a term of two years and thereafter for a term of three years.

Should any of the Commissions, Boards, Authorities or Committees who have appointment authority under this section of the bylaw be no longer in existence for what ever reason or for what ever reason fail to appoint an individual to the committee, the appointment authority for that Commission, Board, Authority or Committee shall become the responsibility of the Board of Selectmen.

2: Duties

(1). The Community Preservation Committee shall study the needs, possibilities and resources of the town regarding community preservation. The Committee shall consult with existing municipal boards, including the Conservation Commission, the Historical Commission, the Planning Board, the Recreation Commission and the Housing Authority, or persons acting in those capacities or performing like duties, in conducting such studies. As part of its study, the Committee shall hold one or more public informational hearings on the needs, possibilities and resources of the town regarding community preservation possibilities and resources, notice of which shall be posted publicly and published for each of two weeks preceding a hearing in a newspaper of general circulation in the town.

(2). The Community Preservation Committee shall make recommendations to the Town Meeting for the acquisition, creation and preservation of open space, for the acquisition and preservation of historic resources, for the acquisition, creation and preservation of land for recreational use, for the creation, preservation and support of community housing and for rehabilitation or restoration of such open space, historic resources, land for recreational use and community housing that is acquired or created as provided in this section. With respect to community housing, the Community Preservation Committee shall recommend, wherever possible, the reuse of existing buildings or construction of new buildings on previously developed sites.

(3). The Community Preservation Committee may include in its recommendation to the Town Meeting a recommendation to set aside for later spending funds for specific purposes that are consistent with community preservation but for which sufficient revenues are not then available in the Community Preservation Fund to accomplish that specific purpose or to set aside for later spending funds for general purposes that are consistent with community preservation.

3: Requirement for a quorum and cost estimates

The Community Preservation Committee shall not meet or conduct business without the presence of a quorum. A majority of the members of the Community Preservation Committee shall constitute a quorum. The Community Preservation Committee shall approve its actions by majority vote. Recommendations to the Town Meeting shall include their anticipated costs.

4: Amendments

This section of the bylaw may be amended from time to time by a majority vote of the Town Meeting, provided that the amendments would not cause a conflict to occur with MGL, Chapter 44B.

5: Severability

In case any section, paragraph or part of this section of the bylaw be for any reason declared invalid or unconstitutional by any court of last resort, every other section, paragraph or part shall continue in full force and effect.

6: Effective Date

Following Town Meeting approval, this Bylaw Section shall take effect immediately upon approval by the Attorney General of the Commonwealth. Each appointing authority shall have ten days after approval by the Attorney General to make their initial appointments. Should any appointing authority fail to make their appointment within that allotted time, the Selectmen shall make the appointment.

Or act on anything relative thereto

Requested by Citizen Petition

The Advisory Board recommends this Article. The Community Preservation Act (CPA) was passed by Norwell residents at the March 16, 2002 annual town election. M.G.L. Chapter 44B requires that an enabling committee be established through the bylaws of the Town to oversee the operation and make recommendations to Town Meeting relative to the revenues that will accumulate in a fund created as a result of the CPA.

ARTICLE 32 – To see if the Town will vote pursuant to the authority granted under MGL Chapter 44, Section 53E ½ to establish a revolving fund for the purpose of receiving fees and making disbursements in connection with the duties of the School Department in the provision of Student Transportation. No more than $60,000 shall be expended from this fund during the Fiscal Year 2003. The School Committee or their designees shall be authorized to expend from this fund, or act on anything relative thereto.

Requested by the School Committee

The Advisory Board will make its recommendation at Town Meeting.

ARTICLE 33 – To see if the Town will vote to transfer from available funds or otherwise provide a certain sum of money to be added to the Stabilization Fund as established in accordance with the provisions of Massachusetts General Law, Chapter 40, Section 5B, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this article in the amount of $880,000.00. This money is interest earned from investments the Town made with School Building funds. It is important that we not spend this until all projects are completed

ARTICLE 34 – To see if the Town will appropriate a sum of money from available funds and authorize the Assessors to use this sum to decrease the tax Rate for FY 2003, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting.

INSTRUCTIONS TO ELECTED OFFICIALS

SALE OF FISH RIGHTS

You are directed to serve this Warrant by posting a copy thereof attested to by you in writing in each of five public places in the Town fourteen days at least before the time for holding and meeting called for in the Warrant. Hereof, fail not and make due return of the Warrant with your doings thereon to the Town Clerk of said Town on or before the twenty-ninth day of April, 2002.

Given under our hands at Norwell this _____day of April in the year of our Lord, 2002.

BOARD OF SELECTMEN:

TOWN OF NORWELL CAPITAL OUTLAY SUMMARY OF RECOMMENDATIONS FOR FY 2003

	DEPARTMENT	REQUESTED	RECOMMENDED	COMMENTS
	FIRE DEPARTMENT			
3•1	REPLACE FOREST FIRE / SERVICE VEHICLE	$42,400.00	$42,400.00	**The Capital Budget Committe recommends this request** *This request will replace and older vehicle that has reached the limit of it's servicable life.* *The new replacement vehicle will serve as a combination Forest Fire truck, and Serice/Administrative vehicle* *This multi-purpose vehicle will provide the additional benifit of decreased were and tear on the current larger apparatus*
3•2	REPLACE ADMINISTRATIVE VEHICLE	$31,000.00	$0.00	**The Capital Budget Committe does not recommend this request** *We recommend this replacement be postponed until next fiscal year.*
	HIGHWAY			
3•3	6 WHEEL DUMP TRUCK	$90,000.00	$90,000.00	**The Capital Budget Committee recommends this request.** *This will replace an older Sander Dump truck that has reached the limit of it's servicable life.*
3•4	FLOOR DRAIN / TIGHT TANK	$62,000.00	$62,000.00	**The Capital Budget Committe recommends this request.** *As a result of an enviromental review of the Highway Garage Maintainance area it has been determined that the Town is required to provide interior floor drains to a secure holding tank in the garage area.* *This expence will allow us to meet this Enviromental Protection Agency requirement in this facility*
3•5	EQUIPMENT WASH AREA	$50,000.00	$0.00	**The Capital Budget Committe does not recommend this request as part of Article 3** *Although we recognize the need to meet this EPA requirement, funding constraints do not allow us to fulfill this under Article 3. We would support this improvement through other funding sources.*
3•6	PROTECTIVE CANOPY	$48,000.00	$0.00	**The Capital Budget Committe does not recommend this request.** *Although the Capital Budget Committe originally supported this request, the continued escalating costs for this project render it unreasonably expensive, particularly given the recently mandated enviromental improvements we are required to complete elsewere at the Highway facility.*
	TREE AND GROUNDS			
3•7	4 WHEEL MOWER	$20,000.00	$0.00	**The Capital Budget Committe does not recommend this request in this budget.** *Although we recognize that the current mower is nearing the end of it's servicable life budget restraints do not allow us to support this purchase this year.*
3•8	4 WD PICKUP	$35,000.00	$35,000.00	**The Capital Budget Committe recommends this purchase** *This vehicle will replace an existing pick up truck that has reached the limit of it's servicable life.* *This vehicle was sceduled for replacement last year, however budget restraints forced postponemnt to this year*
3•9	4 WHEEL DUMP TRUCK	$55,000.00	$0.00	**The Capital Budget Committe does not recommend this request** *Although this vehicle is beginning to reach the limit of it's servicable life, budget restraints do not allow us to support this purchase this fiscal year*
3•10	FLOOR DRAIN TIGHT TANK	$62,000.00	$0.00	**The Capital Budget Committe does not recommend this request** *This request is the result of the same Enviromental Protection Agency review that was completed at the Highway Garage, however budget constraints do not allow us to address this item at this time*
	PAGE TOTAL	$495,400.00	$229,400.00

TOWN OF NORWELL CAPITAL OUTLEY SUMMARY OF RECOMMENDATIONS CONTINUED

	DEPARTMENT	REQUESTED	RECOMMENDED	
	LIBRARY			
3•11	HANDICAP ENTRANCE WORK	$6,000.00	$6,000.00	**The Capital Budget Committee recommends this request.** *This funding will provide improved access to our Public Library to persons with disabilities.*
3•12	**SELECTMAN** STEAM TRAP REPLACEMENT	$16,750.00	$0.00	**The Capital Budget Committee does not recommend this request.** *Although we do recognize the potential value of this project, we feel it would not be prudent to expend this type of funds until such time as a determination has been made with respect to the Sparrell building renovation and the potential relocation of the Town Offices in that location*
	SCHOOL DEPARTMENT			
3•12	FLAT BED TRUCK	$28,000.00	$0.00	**The Capital Budget Committe recommends this request be postponed.** *Budget restraints do not allow us to support this purchase at this time.* *We will recommend that a surplus vehicle be transfered from another department to provide temporary service.*
3•13	HIGH SCHOOL BLEACHERS	$168,000.00	$0.00	**The Capital Budget Committe recommends this request be postponed.** *Although we recognize the need for work to the High School bleachers it is our recommendation that all such projects be postponed until the completion of the "2001" School renovations project.* *At that time all work that has not been completed should be reviewed and a plan for implementaion and funding may be established.*
3•14	HIGH SCHOOL VISITORS BLEACHERS	$16,000.00	$0.00	**The Capital Budget Committe recommends this request be postponed.** *For the reasons as stated above.....*
3•15	COLE SCHOOL PLAYGROUND	$50,000.00	$0.00	**The Capital Budget Committe recommends this request be postponed.** *For the reasons as stated above.....*
3•16	VINAL SCHOOL PLAYGROUND	$50,000.00	$0.00	**The Capital Budget Committe recommends this request be postponed.** *For the reasons as stated above....*
3•18	COPY MACHINE LEASE PROGRAM	$14,000.00	$14,000.00	**The Capital Budget Committe recommends this request.** *This is the second year of a lease program for school copiers*
	CUSHING CENTER			
3•19	PAVE LOT	$10,000.00	$0.00	**The Capital Budget Committe recommends this request be postponed.** *Budget restraints do not allow us to support this project at this time.*

MINUTES OF SPECIAL/ANNUAL TOWN MEETING – MONDAY, MAY 13, 2002 – 7:30 PM – NORWELL MIDDLE SCHOOL GYM 328 MAIN STREET, NORWELL, MA

ATTENDANCE:

Precinct One:	**86**
Precinct Two:	**100**
Precinct Three:	**86**
TOTAL:	**272**

NO QUORUM REQUIRED.

On Monday evening, May 13, 2002, promptly at 7:30 PM, Moderator, Roger E. Hughes, Jr., brought the meeting to order.

Janice M. Lawson, Town Clerk, read the "Return of Service of the Warrant. Rev. Steven Harvester, Minister of Church Hill Methodist Church lead the assembly in prayer. The "Pledge of Allegiance" to the Flag was led by Veterans' Agent, Richard Caldwell.

Moderator Hughes introduced himself and the other participants of the Town, as follows:

BOARD OF SELECTMEN:
John G. Mariano, Chair
Paul D. Gaynor, Vice Chair
Richard A. Merritt, Clerk

TOWN COUNSEL: Robert E. Galvin, Esq.
TOWN ADMINISTRATOR: James M. Boudreau

ADVISORY BOARD:
Elaine Reardon: Chair
Annette Sexton: Vice Chair
Mary Cole
Charles Dirk
Chet Flynn
Kenneth Hogeland
Donald Mauch
Jason Pithie
Jasmine Heffernan, Admin. Ass't

TOWN CLERK: Janice M. Lawson
ASS'T TOWN CLERK: Patricia M. Anderson

TOWN ACCOUNTANT: Carol Ann Amado
ASS'T TOWN ACCOUNTANT: Rita Turco

Moderator Hughes reviewed the rules of the meeting, as follows:

1. **The procedure to be followed will be "Roberts Rules of Order" and the Bylaws of the Town.**

2. **If you wish to speak, come forward to the microphone, to save time, before you plan to speak.**

3. **After being recognized by the Moderator, identify yourself by giving your full name and address.**

4. **Speak only to the issues and not to personalities.**

5. **The main motion may be different than what is printed in the Warrant.**

6. **Any voter can amend an article, but he/she must do so in writing and present a copy to the Moderator and Town Clerk.**

7. **An amendment will be discussed and voted on before any other amendment will be allowed. Then, we will turn to the main motion and vote.**

8. **Traditionally, reconsideration may occur the same night an article is voted, or the following night.**

Moderator Hughes explained that if a hand count is necessary, the GREEN CARD which you received when you checked in is to be held up if necessary for

the articles of the Special Town Meeting: for the Annual Town Meeting, the card to hold up is "RED".

The voters also receive a Secret Ballot slip which is "GREEN". It may be necessary to use this slip for Article 12. This could be a borrowing article which requires a "Secret Ballot" vote for monies over $200,000.00. When the time comes, Moderator Hughes will specify how the voting will proceed.

At this time the Moderator made a motion, which was seconded, and it was UNANIMOUSLY VOTED to suspend the business of the Annual Town Meeting to take up the business of the Special Town Meeting.

SPECIAL TOWN MEETING:

Article No. 1: (Majority Vote Required.) A motion was made by John Mariano, Chairman of the Board of Selectmen, it was seconded, and it was UNANIMOUSLY VOTED to approve a new Compensation Schedule under the Personnel Plan for Fiscal Year 2002.

Article No. 2: (.9 Vote Required) A motion was made by Paul Gaynor, Vice Chair of the Board of Selectmen, which was seconded, and it was UNANIMOUSLY VOTED to TRANSFER from FREE CASH the sum of $,2,848.50 for the payment of unpaid bills from prior fiscal year as follows:

Coler & Colantonio	**$2,677.50**
ASAP Software	**171.00**
TOTAL	**$2,848.50**

Article No. 3: (Majority Vote Required) A motion was made by Fire Chief Paul Rosebach, which was seconded, and it was UNANIMOUSLY VOTED to TRANSFER the sum of $15,070.97 from line-item 1-105-133-5110, Ambulance Service payroll, and the sum of $20,000.00 from line-item 1-104-132-5110, Call Fire Payroll, to line-item 1-103-130-5110, Permanent Firefighters' Payroll.

Article No. 4: (Majority Vote Required) A motion was made by Ann Valair, Chair of the Housing Authority, which was seconded, and THE MAJORITY VOTED to TRANSFER from Account No. 1-531-299-5887, the amount of $25,568.17, for the purchase of a mini-van for use by the Council on Aging.

There being no more business to discuss, a motion was made by the Moderator, it was seconded, and UNANIMOUSLY VOTED to dissolve the Special Town Meeting and commence the Annual Town Meeting, at 8:00 pm.

ANNUAL TOWN MEETING:

Chairman of the Board of Selectmen, John Mariano gave a brief overview of the finances of the Town.

Elaine Reardon, Advisory Board Chairman explained the workings of her Board stating that their "charge is to produce a balanced budget. To do that, our vision of our community must also be clear, to meet the needs of all citizens." Mrs Reardon urged citziens to come to Town Meeting and vote. "This year it is important that we all participate in what many have died for, democracy."

Article No. 1: (Majority Vote Required.) A motion was made by John Mariano, Chairman of the Board of Selectmen, which was seconded, and UNANIMOUSLY VOTED to accept the reports of its Officers, Boards, Departments, Committees and Commissions, as printed in the 2001 Annual Report.

Article No. 2 (Majority Vote Required) A motion was made by Elaine Reardon, which was seconded, and it was UNANIMOUSLY VOTED to RAISE AND APPROPRIATE from

AVAILABLE FUNDS the sums of money set forth in the "ADVISORY BOARD RECOMMENDS" COLUMN under Article No. 2 of the "transcript of Articles in the Warrant for the Fiscal Year 2003 ANNUAL TOWN MEETING", WITH THE EXCEPTION OF THOSE ITEMS WHICH WERE 'HELD' (2-222, 2-230, 2-126, AND 2-130), to defray the charges, expenses and salary obligations of the Town, including debt and interest, for the ensuing year; to provide for a Reserve Fund, and to fix salaries and compensation for all Elected Officers of the Town; and to meet said appropriations, TRANSFER from WATER GRANT the sum of $114,000.00; from WATER SURPLUS, the sum of $130,144.00; from WATER REVENUES, the sum of $968,531.00, to be applied to the Water Operating Budget; and TRANSFER from FREE CASH the sum of $800,000.00; and TRANSFER from 1999 OVERLAY SURPLUS the sum of $174,402.59, and 2000 OVERLAY SURPLUS, the sum of $125,597.41, to be applied to the Police Department Operating Budget.

Article No. 2: The following items of Article 2 were "HELD", discussed and voted on individually, as follows:

2-222 Central Computer Expenses MAJORITY VOTED $80,000.00, as printed in the Warrant.

2-230 Group Insurance UNANIMOUSLY VOTED $1,818,284.00 as printed in the Warrant

2-126 Police Officers Payroll UNANIMOUSLY VOTED $1,375,606.00 as printed in the Warrant

2-130 Perm. Firefighters' Payroll UNANIMOUSLY VOTED $1,078,729.00 as printed in the Warrant

Article No. 3: (2/3 Vote Required) Jeff Fitzgerald, Chairman of the Capital Budget Committee, moved that the Town vote to TRANSFER from the STABILIZATION FUND the sum of $249,400.00, as set forth in the schedule of "CAPITAL BUDGET RECOMMENDATIONS", as printed below. It was seconded, and UNANIMOUSLY VOTED.

Dept.	Purpose/Agency	Amt Voted
103	Fire Department	$42,400.00
Replace Forest Fire Truck		
300	Highway Dept.	*$90,000.00
6-Wheel Dump Truck		
Floor Drain/Tight Tank		$62,000.00
109	Tree & Grounds	*$35,000.00
4WD Pickup Truck		
601	Library	$ 6,000.00
HP Entrance Work		
200	School Dept.	$14,000.00
Copy Machine Lease Program		
TOTAL:		$249,400.00

***These items were held, discussed, and UNANIMOUSLY VOTED as printed.**

Article No. 4: (Majority Vote Required) A motion was made by Paul Gaynor, Vice Chair of the Board of Selectmen, which was seconded, and it was UNANIMOUSLY VOTED to RAISE AND APPROPRIATE the sum of $40,000.00 to meet the obligations for the Compensation Schedule under the Personnel Plan for Fiscal Year 2003; said sum to be apportioned by the Town Accountant to the applicable line items in Article No. 2.

Article No. 5: (Majority Vote Required) A motion was made by John Mariano, Chair of the Board of Selectmen, which was seconded, and UNINIMOUSLY VOTED to RAISE AND APPROPRIATE the sum of $50,000.00 to meet the

obligations for union and personnel contracts for Fiscal Year 2003; said sum to be apportioned by the Town Accountant to the applicable line items in Article No. 2.

Article No. 6 (2/3 Vote Required) A motion was made by Richard A Merritt, Clerk of the Board of Selectmen, which was seconded, and it was UNANIMOUSLY VOTED to accept AUTUMN LANE as a public way, and authorize the Board of Selectmen to acquire by gift or by taking of eminent domain in fee simple, the land within the layout of said way accepted thereunder for the purpose of said way.

Article No. 7: (Majority Vote Required) A motion was made by Paul Gaynor, Vice Chair of the Board of Selectmen, which was seconded, to amend the Town of Norwell Bylaws, Article IV, TOWN MEETINGS, Section 9, by striking the first paragraph of said Section 9 and replacing it with the following:

Section 9. A meeting shall be held on the SECOND SATURDAY IN MARCH and shall be conducted as prescribed by law, with polling hours set by the Board of Selectmen before each Annual Town Election and/or Special Town Election, for the determination of such matters as shall properly be placed on the official ballot and for the election of Town Officers, in accordance with and as required by law, and these Bylaws, as follows……."

A voice count could not be determined so Moderator Hughes commissioned Phyllis Haskell, Peter Kates, Richard Caldwell, and Sally Turner to take a hand count.

The results were: YES: 87; NO: 127 The motion failed.

Paul Gaynor moved to reconsider Article 7. The MAJORITY voted to RECONSIDER this article. After some discussion, the Moderator took a voice vote and, again, it could not be determined. The Tellers were asked to take a hand count and the results were as follows:

YES: 113; NO: 106. The motion carried as printed.

Article No. 8: (Majority Vote Required.) John Mariano, Chair of the Board of Selectmen, moved to INDEFINITELY POSTPONE Article No. 8. This was seconded and it was UNANIMOUSLY VOTED. (To hire an architect to provide construction drawings for the renovation of the Sparrell School….)

Article No. 9: (Majority Vote Required) A motion was made by Richard A. Merritt, Clerk of the Board of Selectmen, to INDEFINITELY POSTPONE Article No. 9. It was seconded and UNANIMOUSLY VOTED to do so. (To accept the provisions of any early retirement incentive (ERI) for members of the Plymouth County Retirement System…..)

Article No. 10: (Majority Vote Required) A motion was made by Richard A. Merritt, Clerk of the Board of Selectmen, for the Highway Surveyor, Paul Foulsham, who could not be present due to a medical emergency. It was seconded and UNANIMOUSLY VOTED to RAISE AND APPROPRIATE, TRANSFER or BORROW the sum of $117,180.65 in anticipation of full (100%) reimbursement by the Commonwealth of Massachusetts of Chapter 235 of the Acts of 1999; one apportionment, for State and Highway purposes, under the provisions of General Laws Chapter 90, Section 34, Clause 2(A), Work on Highways, to be expended under the direction of the Highway Surveyor.

Article No. 11: (Majority Vote Required) A motion was made by Richard A. Merritt, Clerk of the Board of Selectmen,

for Highway Surveyor Paul Foulsham, to RAISE AND APPROPRIATE the sum of $100,000.00 to be expended under the direction of the Highway Surveyor for resurfacing sections of Town Ways.

Article 12: (Majority Vote Required) A motion was made by the Moderator, and seconded, to defer Article 12 to later in the evening when the Highway Surveyor could present it himself. This was UNANIMOUSLY VOTED. (This Article was taken after Article 27.)

Article No. 13: (Majority Vote Required) A motion was made by Richard A. Merritt, for Highway Surveyor Paul Foulsham, and seconded, to INDEFINITELY POSTPONE Article No. 13. (for Engineering Implementation of Storm Water Phase II Regulations...) This was UNANIMOUSLY VOTED.

Article No. 14: (Majority Vote Required) Again, Richard A. Merritt, acting for Highway Surveyor Paul Foulsham, moved to INDEFINTELY POSTPONE Article No. 14. This was seconded and it was UNANIMOUSLY VOTED to do so. (...to bring Highway/Tree Dept. facilities into EPA compliance....)

Article No. 15: (Majority Vote Required) Mark L. Aigen, Chairman of the Permanent Drainge Study Committee, moved to RAISE AND APPROPRIATE $5,000.00 to be expended under the direction of the permanent Drainage Study Committee and the Highway Surveyor for engineering, installation, and/or maintenance of Town drainage. This was seconded. A voice vote could not be determined. A hand count by the Tellers indicated the following:

YES: 93; NO: 119
THIS MOTION FAILED TO CARRY.

Article No. 16: (2/3 Vote Required) Gerald P. Good, Chairman of the Athletic Field Committee, moved that the Town TRANSFER from the STABILIZATION FUND the sum of $100,000.00 to provide irrigation and improvements to the Osborne League Fields; said funds to be expended under the direction of the Tree and Grounds Director and the Highway Surveyor upon recommendation of the Athletic Field Committee. This was seconded and the Moderator declared a 2/3 vote. MOTION CARRIED.

Article No. 17: (Majority Vote Required) A motion was made my Richard A. Merritt, Clerk of the Board of Selectmen, to amend the salary classification plan, Grade 15, to include the position of Town Clerk for informational purposes only. The MAJORITY VOTED for this article.

Article No. 18: (Majority Vote Required) Police Chief Robert Galvin moved this article, which was seconded, and it was UNANIMOUSLY VOTED to authorize and empower the Board of Selectmen to file a Petition with the General Court in substantially the following form:

Section 1. The position of Deputy Chief of Police in the Town of Norwell shall be exempt from the provisions of Chapter 31 of the General Laws.

Section 2. The provisions of this act shall not impair the civil service status of the person holding the position of Deputy Chief of Police in the Town of Norwell on the effective date of this act.

Section 3. This act shall take effect upon its passage.

Article No. 19: (Majority Vote Required) Majority Vote Required) George Cavanagh, Chairman of the Board of Health moved to INDEFINITELY POSTPONE Article No. 19. This was seconded and it was UNANIMOUSLY VOTED. (...to adopt mandatory air quality testing for all municipal buildings subject to public assembly.....)

Article No. 20: (Majority Vote Required) Greg McBride, Chairman of the Conservation Commission, moved that the Town vote to amend the Town Bylaws by striking out Article XVI-a, WETLANDS PROTECTION, in its entirety and replacing it therein with the text that is printed in the Warrant. (See Article 20 of the Warrant which precedes these Minutes for the entire text.)

This was seconded and the MAJORITY VOTED for this article.

Article No. 21: (Majority Vote Required) Paul Gaynor, Vice Chair of the Board of Selectmen, moved that the Town amend the TOWN BYLAWS, Article XV, Section 11, Animal Control, as follows:

I. Delete the first sentence of subsection k(3).
II. Add new subsection ("l"):

"l. Non-Criminal Disposition of Violations of Animal Control Bylaw

In addition to any of the penalties and/or remedies set forth in this bylaw, pursuant to General Laws Chapter 40, Section 21D, the penalties for violations of the aforementioned Animal Control Bylaw and any rules or regulations promulgated thereunder shall be $25.00 for the first offense; $50.00 for the second offense; $100.00 for the third offense, and $200.00 for the fourth and subsequent offenses. Each day of any violation shall be considered a separate offense. The Board of Selectmen, acting through its Animal Control Officer shall have the authority to dispose of said violations in accordance with the procedures and provisions of General Laws, Chapter 40, Section 21D."

Article No. 22: (2/3 Vote Required) A motion was made by Herbert C. Heidt, Chairman of the Planning Board, which was seconded, and it was UNANIMOUSLY VOTED to amend the Zoning Bylaws to add a new subsection (C) under Section 2342, <u>Permitted Uses in Business District C.</u>

Add to Section 2342, Permitted Uses, subsection c):

c) Attorneys Offices less than, or equal to, 5,000 gross square feet.

Amend Section 2341 (e), <u>Uses Allowed by Special Permit from the Board of Appeals</u> to read:

d) Business or professional offices or banks, and Attorneys offices over 5,000 gross square feet.

Article No. 23: (Majority Vote Required) A motion was made by Herbert C. Heidt, Chairman of the Planning Board, which was seconded, to INDEFINITELY POSTPONE this Article. It was UNANIMOUSLY VOTED. (...to delete Section 1642 of the Norwell Zoning Bylaws and add new wording.....)

Article No. 24: (2/3 vote required) A motion was made by Bruce Graham, Master Plan Study Committee, which was seconded, and it was UNANIMOUSLY VOTED to amend the Norwell Zoning Bylaws to add a new Section 2423 as follows:

"Section 2423 :

No part or portion of any lot which contains a surface or subsurface detention or retention basin, or swales that form part of a Stormwater Management System, shall be used in determining minimum lot size as required herein, except that this paragraph shall not apply to any lot lawfully laid out by plan or deed duly recorded, as defined in G.L. c. 41, s. 81L, prior to the effective date of this paragraph, to any lot shown on a plan endorsed, prior to the effective date of this paragraph, with the words, "Approval under the Subdivision Control

Law not required", or words of similar import, pursuant to G. L. c. 41, s. 81P, or to any lot shown on a Definitive Plan endorsed with the words "Approved under the Subdivision Control Law", or words of similar import, pursuant to G. L. c 41, s. 81U, which complied at the time of such recording or endorsement whichever is earlier, with all of the minimum area requirements set forth in the Zoning Bylaw, except for this paragraph, provided, however, that this paragraph shall apply to any subdivision under Subdivision Control Law, aforesaid, submitted to the Planning Board on or after the effective date of this paragraph."

Article No. 25: (2/3 Vote Required) A motion was made by Herbert C. Heidt, Chairman of the Planning Board, and seconded, to amend the Norwell Zoning Bylaws, Section 2444, Route 3 Buffer Zone, by making the following changes: Delete the words "from Third Herring Brook to the North River".

Section 2444 to read: "<u>Route 3 Buffer Zone:</u> In all districts, all natural vegetation will remain undisturbed within 100 feet of the way line of the State Highway (Route 3)."

An amendment to Article 25 stating: "In all districts except Business C-1 and Business C-2, all natural vegetation will remain undisturbed within 100 feet of the way line of the State Highway (Route 3). In Business C-1 and in Business C-2 all natural vegetation will remain undisturbed within 50 feet of the way line of the State Highway (Route 3)", FAILED TO CARRY.

The main motion of Article 25 ALSO FAILED TO CARRY.

Article No. 26: (Majority Vote Required) A motion was made by Peter Dillon, Water Commissioner, which was seconded, and it was UNANIMOUSLY VOTED to TRANSFER from WATER SURPLUS the sum of $30,000.00 to be expended under the direction of the Board of Water Commissioners for the purpose of conducting hydro-geologic studies, well exploration and associated work.

Article No. 27: (Majority Vote Required) A motion was made by Fred St. Ours, Water Commissioner, which was seconded and UNANIMOUSLY VOTED to approve the placement of a Treatment Facilities Manager position in the Personnel Classification and Compensation Plan at Grade 13.

Article 12: (Majority Vote Required) When it was learned that Highway Surveyor Paul Foulsham could not attend the meeting at all this evening, a motion was made by Moderator Roger Hughes to return Article 12 for action at this time. A majority vote is required. It was UNANIMOUSLY VOTED to do so.

Mark Aigen, Chairman of the Permanent Drainage Committee, moved that the Town RAISE AND APPROPRIATE the sum of $400,000.00 to be expended under the direction of the Highway Surveyor, to be used for the maintenance/road repairs as outlined in the Street Inventory Report. This was seconded.

At this point a motion was made to allow a "non-voter" from Coler & Colantonio, Engineers, to speak and provide a presentation regarding the proposed "Roadway Maintenance Program". It was voted to allow him to make a brief presentation.

When the vote for Article 12 was taken it FAILED TO CARRY.

Article No. 28: (Majority Vote Required) A motion was made by Phyllis Haskell, 34 High Street, which was seconded, and it was UNANIMOUSLY VOTED to INDEFINITELY POSTPONE this

article. (....To amend Sections 6430, 6440, and 6450 of Article VI of the Zoning Bylaws....)

Article No. 29: (Majority Vote Required) A motion was made by Ruth Marie Rizzi, 155 Summer Street, which was seconded and UNANIMOUSLY VOTED to RAISE AND APPROPRIATE the sum of $1,500.00 to contract with the Womansplace Crisis Center in lieu of services provided to victims and survivors of sexual assualt.

Article No. 30: (Majority Vote Required) A motion was made by Ruth Marie Rizzi, 155 Summer Street, which was seconded and it was UNANIMOUSLY VOTED to RAISE AND APPROPRIATE the sum of $1,500.00 from available funds to contract with the South Shore Women's Center for domestic violence intervention and prevention services to its residents.

Article No. 31: (Majority Vote Required) A motion was made by Herbert C. Heidt, 317 Lincoln Street, and seconded, to amend the Town Bylaws, Rules and Regulations, by adding: "Community Preservation Committee" to Article VI – APPOINTED TOWN OFFICERS, Section I, subparagraph (a), after 'Norwell Cemetery Committee", and in the same Section, after the duties and responsibilities of the "Town Collector and Treasurer" adding "Community Preservation Committee" and its duties and responsibilities, as printed in Article 31 of the Warrant.

An amendment was made by Charles Markham, Assessor, which was seconded, to amend Article 31 as follows:

"In the first sentence of Section One where it says "seven (7) members" amend it to say "nine (9) members". After the phrase "one member of the Housing Authority"....add the phrase "one member of the Board of Assessors as designated by the Board for a term of three years." In the paragraph that describes the members appointed by the Selectmen, change "two" to "three" and add "one member to be appointed for a term of three years." This amendment to Article No. 3 which required a Majority vote carried. (See Article 31 of the Warrant which precedes these minutes for the duties and responsibilities of "Community Preservation Committee.")

The main motion as amended was UNANIMOUSLY VOTED.

Article No. 32: (Majority Vote Required) A motion was made by Patricia S. Kelley, Chair of the Norwell School Committee, which was seconded, and the MAJORITY VOTED purusant to the authority granted under MGL Chapter 44, Section 53E-1/2 to establish a revolving fund for the purpose of receiving fees and making disbursements in connection with the duties of the School Department in the provision of Student Transportation. No more than $35,000.00 shall be expended from this fund during Fiscal Year 2003. The School Committee or their designees shall be authorized to expend from this fund.

Article No. 33: (Majority Vote Required) A motion was made by John Mariano, Chairman of the Board of Selectmen, which was seconded, and it was UNANIMOUSLY VOTED to TRANSFER FROM FREE CASH the sum of $880,000.00 to be added to the STABILIZATION FUND as established in accordance with the provisions of MGL, Chapter 40, Section 5B.

Article No. 34: (Majority Vote Required) A motion was made by John Mariano, Chair of the Board of Selectmen, which was seconded, and it was UNANIMOUSLY VOTED TO INDEFINITELY POSTPONE this article. (...to decrease the tax rate for FY 2003....)

INSTRUCTIONS TO TOWN OFFICIALS:

1. **The following motion was made, seconded, and it was UNANIMOUSLY VOTED to instruct the School Committee and the School Administration, as well as the Town Administrator and the Highway Surveyor in his capacity as Tree and Grounds Director to meet at the end of each school year (in the month of June) with the Permanent Building and Maintenance Committee to conduct an inspection of each school and public building in the Town with the purpose of identifying problems that exist with said buildings and their grounds. Recommendations of areas to be repaired and/or corrected will then be reported to the Board of Selectmen who will either authorize appropriate action to be taken or prepare articles to be presented at the Annual Town Meeting for the purpose of correcting said conditions.**

Phyllis Haskell, 34 High Street

2. **A motion was made, seconded, and it was UNANIMOUSLY VOTED to instruct the Board of Selectmen, with the assistance of the Town Administrator and the Insurance Advisory Committee, to pursue all avenues necessary to bring the costs of Employee Health Insurance under the control of the Town. Such avenues should include, but not necessarily be limited to: demanding of Plymouth County specific involvement in the decision making process regarding the cost of the existing plan. Investigation and evaluation of a self-funded or partially self-funded health plan as an alternative to the existing plan. Investigation and evaluation of combining with other municipalities to provide health insurance as an alternative to the existing plan.**

Bruce S. Burgess, 24 Neal Gate Street

FISH RIGHTS:

1. **Gerry Good, 18 Edgewood Park - $100.00**

2. **Glenn Ferguson, 498 Mount Blue Street - $80.00**

There being no more business to come before the assembly, a motion was made, seconded, and it was UNANIMOUSLY VOTED to DISSOLVE the 2002 Annual Town Meeting.

Respectfully submitted,
Janice M. Lawson
TOWN CLERK

TOWN OF NORWELL

WARRANT

Special Town Meeting

Monday, November 18, 2002

At 7:30 o'clock in the evening at Norwell Middle School Gymnasium

Plymouth, ss

To one of the Constables of the Town of Norwell, in said County of Plymouth, Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Norwell Middle School Gymnasium, 328 Main Street, in said Norwell, on Monday, the eighteenth day of November, 2002, at 7:30 p.m.; then and there to act upon the enclosed articles, to wit:

In case all articles in the foregoing Warrant shall not be acted upon at the Meeting called for on Monday, November 18, 2002, to meet in Adjourned Sessions at such time and place as the meeting shall determine.

This building is accessible to the handicapped and designated parking is provided. Warrants with large print will be available. Anyone requiring a Sign Language Interpreter should call the Town Clerk's office at least two weeks before the Special Town Meeting at 781-659-8072

SPECIAL TOWN MEETING ARTICLES	4

TOWN BUDGET

Glossary of Terms

Appropriation:
An authorization to make expenditures and to incur obligations for specific purposes. An appropriation is granted by a legislative body (Town Meeting) and is usually limited in amount and the time when it may be expended. Any part of the general appropriation not spent or encumbered by June 30 automatically reverts to surplus.
A specific appropriation is carried forward from year to year until spent for the designated purpose or transferred by Town Meeting vote to another account.

Budget:
A plan of financial operation consisting of an estimate of proposed expenditures for a given period and the means of financing them. The budget is voted in the Spring at Town Meeting for the fiscal year that begins the following July 1.

Capital Budget:
A plan of proposed capital outlays, usually for a period of 5 years, and the means of financing them for the current year.

Cherry Sheet:
An annual statement received from the Massachusetts Department of Revenue detailing estimated receipts for the next fiscal year and the estimated state and county government charges payable. These amounts are used by the assessors in setting the tax rate. The actual receipts and charges may vary from the estimates.

Fiscal Year:
A 12 month period, commencing July 1 and ending June 30, to which the annual budget applies. Fiscal years are often denoted Fyxx with the last two numbers representing the calendar year in which it ends, for example FY01 is the fiscal year ended June 30, 2001.

Free Cash:
Free cash is the portion of unreserved fund balance available for appropriation. It is not cash but rather is approximately the total of cash and receivables less current liabilities and earmarked reserves reduced also by reserves for uncollected taxes.

Overlay:
The amount set aside to allow for uncollected property taxes. An amount for overlay is added to the appropriations and other charges.

Overlay Surplus:
The unused amount of the overlay for prior years which may be transferred, by vote of the Town, to the reserve account or used for extraordinary items.

Reserve Fund:
An account to be used for transfers when the Advisory Board feels the requested amount is either "extraordinary or unforeseen".

Stabilization Fund:
A special reserve created for future capital expenditures.

Tax Levy:
The total amount to be raised by taxation of real estate and personal property. This consists of the total amounts appropriated less estimated receipts and transfers from available funds.

Terms associated with Proposition 2 1/2:

Debt or Capital Exclusion:
The Town can assess taxes in excess of the levy limit by voting a debt exclusion or capital outlay exclusion. This amount does not become a permanent part of the levy limit base, but does allow the Town to assess taxes for a specific period of time in excess of the limit for payment of debt service costs or for payment of capital expenditures.

Excess Levy Capacity:
The difference between the Town's tax levy limit and its actual tax levy for the current year. It is the additional tax levy that could be raised without asking for an override.

New Growth:
The amount of property tax revenue that the Town can add to its allowable tax levy as a result of new construction, alterations, subdivisions or change of use which increases the value of a parcel of land by more than certain amounts.

Override:
An amount, voted by the Town, that is permanently added to the levy limit. A majority vote of the Selectmen allows an override question to be put on the ballot. Override questions must be presented in dollar terms and must specify the purpose of the override. Overrides require a majority vote of approval by the Town.

Tax Levy Limit:
The maximum amount of the tax levy for a period under the restrictions of Proposition 2 1/2. It is calculated as the prior year limit plus new growth plus 2 1/2 of the prior year levy limit.

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT FOR SPECIAL TOWN MEETING

Monday, November 18, 2002

At Seven-Thirty O'clock in the Evening
At the Norwell Middle School Gymnasium, Main Street

ARTICLE 1: To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for union and personal contracts for Fiscal Year 2003, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting.

ARTICLE 2: To see if the Town will raise and appropriate, or appropriate from available funds the following amounts for the payment of unpaid bills from a prior fiscal year:

Bay State Gas	$13,014.56
Chem Scientific, LLC	478.84
Wright Group	1,913.50
Science K & Boreal Labs	54.48
Hancock Paint	35.31
Total	$15,496.69

Or act on anything relative thereto.

Requested by the Town Accountant

The Advisory Board recommends this article on a vote of 4-3. The Advisory Board recognizes the obligation of the Town to render payment for goods and services received. However, the Advisory Board is deeply concerned over the lack of accounting controls in the School Department that lead to unpaid bills from both FY01 and FY02.

ARTICLE 3: To see if the Town will vote pursuant to the authority granted under MGL Chapter 44, Section 53E ½ to increase to $50,000 the amount to be expended through a revolving fund approved in Article 32 of the May 13, 2002 Annual Town Meeting for the purposes of receiving fees and making disbursements in connection with the duties of the School Department in the provision of Student Transportation and to include the payment of refunds as well as payment of Student Transportation expenditures. No more than $50,000 shall be expended from this fund during the Fiscal Year 2003. The School Committee or their designees shall be authorized to expend from this fund, or act on anything relative thereto.

Requested by the School Committee

The Advisory Board recommends this article. This will allow the School Department to fully utilize the funds collected through the imposition of a bus fee to provide transportation services while providing refunds to parents who signed up for transportation but have decided not to use the service.

ARTICLE 4: To see if the Town will vote to raise and appropriate, transfer from available funds, or otherwise provide a certain sum of money to be added to the amount appropriated at the Annual Town Meeting of May 13, 2002, said sum to be added to line item 1-81-231-5740, Town Insurance, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this article in the amount of $85,000. This increase was caused by changes in the larger insurance market beyond the control of the Town.

ARTICLE 5: To see if the Town will appropriate $115,100.28 in anticipation of full (100%) reimbursement by the Commonwealth of Massachusetts of Chapter 53C, Acts of 1999, third apportionment, for State and Highway purposes under the provisions of General Laws Chapter 90, Section 34, Clause 2(A), work on the highways, to be expended under the direction of the Highway Surveyor, or meet the appropriation through by taxation, by transfer or borrowing, or any combination of the foregoing, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this Article. This is a procedural article, which requires that the Town appropriate money for Highway work before the state can reimburse us 100%.

ARTICLE 6: To see if the Town will appropriate $230,200.55 in anticipation of full (100%) reimbursement by the Commonwealth of Massachusetts of Chapter 246, Acts of 2002, one apportionment, for State and Highway purposes under the provisions of General Laws Chapter 90, Section 34, Clause 2(A), work on the highways, to be expended under the direction of the Highway Surveyor, or meet the appropriation through by taxation, by transfer or borrowing, or any combination of the foregoing, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this Article. This is a procedural article, which requires that the Town appropriate money for Highway work before the state can reimburse us 100%.

ARTICLE 7: To see if the Town would vote to accept an amendment to the Senior Work Abatement program, Chapters 184, & 52 of the Acts of 2002, amending G.L. Ch.59 Section 5K, that would raise the abatement amount from $500 to $750. This would be accepted for FY2004, or act on anything thereto.

Requested by the Board of Assessors and
the Council on Aging

The Advisory Board recommends this article. The Senior Work Program provides valuable service to the Town while allowing contributing senior citizens to earn needed tax relief.

ARTICLE 8: To see if the Town would vote to accept adjustments to the property tax exemption under G.L. Ch 59, Section 5, Clause (41D) by increasing the amount of the exemption to $1000 effective for FY2003, or act on anything relative thereto.

Requested by the Board of Assessors and
the Council on Aging

The Advisory Board recommends this article. By increasing the tax exemption for eligible senior citizens we are providing immediate relief to seniors in need.

ARTICLE 9: To see if the Town will vote to name and designate the Norwell Center Common and the two associated triangles as the Veterans Memorial Common, or act on anything relative thereto.

Requested by the Veterans Memorial Committee

The Advisory Board recommends this article.

ARTICLE 10: To see if the Town will vote to transfer from available funds or otherwise provide a certain sum of money to be added to the Stabilization Fund as established in accordance with the provisions of Massachusetts General Law, Chapter 40, Section 5B, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this article in the amount of $666,764.32. $366,764.32 of this money is interest earned from investments the Town made with School Building funds. It is important that we not spend this until all projects are completed. The remaining $300,000.00 is being returned to the stabilization fund to replace monies used to balance the FY2003 budget.

You are directed to serve this Warrant by posting a copy thereof attested to by you in writing in each of five public places in the Town fourteen days at least before the time for holding and meeting called for in the Warrant. Hereof, fail not and make due return of the Warrant with your doings thereon to the Town Clerk of said Town on or before the fourth day of November, 2002.

Given under our hands at Norwell this _____ day of October in the year of our Lord, 2002.

BOARD OF SELECTMEN:
Norwell, MA

_____
John G. Mariano Chairman

_____
Paul D. Gaynor Vice Chair

_____
Richard A. Merritt Clerk

A TRUE COPY ATTEST_____

Constable_____Date_____

MINUTES OF THE SPECIAL TOWN MEETING, MONDAY, NOV. 18, 2002 MIDDLE SCHOOL GYMNASIUM 7:30 P.M.

ATTENDANCE: (No Quorum Required)

Precinct One:	**51**
Precinct Two:	**82**
Precinct Three:	**69**
TOTAL:	**202**

Promptly at 7:30 pm, on Monday evening, November 18, 2002, in the gymnasium of the Middle School, Moderator, Roger E. Hughes, Jr., called the meeting to order.

Janice M. Lawson, Town Clerk, read the "Service of the Warrant of the Special Town Meeting", copies of which were posted by Constable Theodore Baldwin.

Reverend Chapin Garner of United Church of Christ, Congregational, gave the Invocation.

Veterans Agent, Richard A. Caldwell, was asked to lead the assembly in the "Pledge of Allegiance to the Flag".

Moderator Hughes then introduced himself as well as Town Counsel, Robert E. Galvin, Esq.; Town Administrator James M. Boudreau; John Mariano, Chairman of the Board of Selectmen; Paul D. Gaynor, Vice Chair; and Richard A. Merritt, Clerk.

Also introduced were the following: Advisory Board Members: Annette P. Sexton, Chair; Elaine Reardon, Mary Cole, Charles Dirk, Chester J. Flynn, Donald A. Mauch, Brian S. Noble, and Laurie Sheridan.

Also present and participating were Town Clerk, Janice M. Lawson and Assistant Town Clerk, Patricia M. Anderson.

Constable Theodore Baldwin was present and on duty.

Moderator Hughes reviewed the rules of the meeting.

1. **Speak to the issues only and not to personalities.**

2. **Before speaking, please come to the microphone. You will be recognized by the Moderator. Identify yourself and give your name and address.**

3. **A main motion is made, seconded, and then discussed. The original motion can be amended. However, any motions to amend must be in writing. An amendment will be discussed and voted on before any other amendment will be allowed. We will then turn to the main motion and vote.**

4. **Reconsideration: Traditionally, reconsideration may occur the same night an article is voted or the following night.**

5. **If a stand-up count is necessary, you must rise and hold up the authority card you were given when you checked in. The color is "red".**

ARTICLE NO. 1: (Majority Vote required.) John Mariano, Chairman of the Board of Selectmen moved to INDEFINITELY POSTPONE Article No. 1. His motion was seconded, and it was UNANIMOUSLY VOTED. (...to vote

for a sum of money to meet obligations for Union and Personal contracts for Fiscal Year 2003....)

ARTICLE NO. 2: (9/10 Vote required.) A motion was made by John Mariano, Chairman of the Board of Selectmen, it was seconded, and it was UNANIMOUSLY VOTED to RAISE AND APPROPRIATE the sum of $15,596.69 for the payment of unpaid bills from a prior fiscal year as listed in the Warrant.

Bay State Gas	$13,014.56
Chem Scientific, LLC	478.84
Wright Group	1,913.50
Science K & Boreal Labs	54.48
Hancock Paint	35.31
TOTAL:	$15,496.69

Stacey Schacter, 82 Satuit Meadow Lane, moved to amend the main motion to state that an outside independent accounting firm be appointed by the Board of Selectmen within the next ninety days for the purpose of examining the books and records of the School Department and implementing a procedural audit.

Moderator Hughes stated that this amendment was outside the scope of this article and did not allow it.

Many voters expressed their opinions regarding the paying of these bills. The discussions ensued for approximately one hour before the vote was actually taken.

Richard A. Merritt moved an amendment to Article 2 that the Town raise and appropriate the sum of $15,596.69 for the payment of unpaid bills as printed in the Warrant, and in order to meet said appropriation the sum of $7,748.34 be transferred from Dept. #200, School Department, and the sum of $7,748.35, be raised through taxation. A Majority Vote was required but this motion FAILED to carry.

ARTICLE NO. 3: (Majority Vote required.) A motion was made by Patricia Kelley, Chairperson of the School Committee, that the Town vote pursuant to the authority granted under Mass. General Laws, Chapter 44, Section 53E-1/2 to increase to $50,000.00 the amount to be expended through a revolving fund approved in Article 32 of the May 13, 2002 Annual Town Meeting for the purposes of receiving fees and making disbursements in connection with the duties of the School Department in the provision of Student Transportation and to include the payment of refunds as well as payment of Student Transportation expenditures. No more than $50,000.00 shall be expended from this fund during the Fiscal Year 2003. The School Committee or its designees shall be authorized to expend from this fund. This motion was seconded, and the MAJORITY VOTED for it.

ARTICLE NO. 4: (Majority Vote required.) Paul D. Gaynor, Vice Chair of the Board of Selectmen, moved to raise and appropriate the sum of $85,000.00, in addition to the amount appropriated at the Annual Town Meeting of May 13, 2002, for Town insurance; said sum to be added to Line Item 1-81-231-5740. This motion was seconded and UNANIMOUSLY VOTED.

ARTICLE NO. 5: (Majority Vote required.) Paul Foulsham, Highway Surveyor/Director of Natural Resources, moved to raise and appropriate the sum

of $115,100.28 in anticipation of full (100%) reimbursement by the Commonwealth of Massachusetts of Chapter 53C, Acts of 1999, third apportionment, for State and Highway purposes under the provisions of General Laws Chapter 90, Section 34, Clause 2(A), Work on the Highways, to be expended under the direction of the Highway Surveyor; or meet the appropriation by taxation, by transfer or borrowing, or any combination of the foregoing. This motion was seconded, and it was UNANIMOUSLY VOTED.

ARTICLE NO. 6: (Majority Vote required.) Paul Foulsahm, Highway Surveyor/Director of Natural Resources, moved to raise and appropriate the sum of $230,200.55 in anticipation of full (100%) reimbursement by the Commonwealth of Massachusetts of Chapter 246, Acts of 2002, one apportionment, for State and Highway purposes under the provisions of General Laws Chapter 90, Section 34, Clause 2(A), Work on the Highways, to be expended under the direction of the Highway Surveyor; or meet the appropriation by taxation, by transfer or borrowing, or any combination of the foregoing. The motion was seconded and it was UNANIMOUSLY VOTED.

ARTICLE NO. 7: (Majority Vote required.) A motion was made by Rosemary Durica, Chairperson of the Board of Assessors, to accept an amendment to the Senior Work Tax Reduction Program as provided under Mass. General Laws Chapter 184, Section 52 of the Acts of 2002, amending Mass. General Laws Chapter 59, Section 5K, that would raise the reduction amount from $500 to $750. This would be accepted for FY 2004. This motion was seconded, and it was UNANIMOUSLY VOTED.

ARTICLE NO. 8: (Majority Vote necessary.) A motion was made by Rosemary Durica, Chairperson of the Board of Assessors, that the Town vote to accept adjustments to the property tax exemption under G.L. Chapter 59, Section 5, Clause 41(D) by increasing the amount of the exemption to $1,000, effective for FY 2003. This motion was seconded, and it was UNANIMOUSLY VOTED.

ARTICLE NO. 9: (Majority Vote required.) A motion was made by Veterans Agent Richard A. Caldwell to name and designate the common in the center of Norwell, and the two associated triangles, as the "NORWELL VETERANS MEMORIAL COMMON". This motion was seconded and the article CARRIED.

ARTICLE NO. 10: (Majority Vote required.) A motion was made by Richard A. Merritt, Clerk, of the Board of Selectmen, to transfer from free cash the sum of $666,764.32 to be added to the Stabilization Fund as established in accordance with the provisions of Massachusetts General Laws, Chapter 40, Section 5B. This motion was seconded, and it was UNANIMOUSLY VOTED.

At 8:55 PM, there being no further business to discuss, a motion was made by Moderator Hughes to dissolve this Special Town Meeting. It was seconded, and UNANIMOUSLY VOTED.

A true record, ATTEST:
Janice M. Lawson, TOWN CLERK

STMMINUTES111802.

2002 REPORT OF THE BOARD OF REGISTRARS

On January 1, 2002, the population of Norwell was 10,138. The number of registered voters fluctuates from month to month. As of December, 2002, the breakdown was:

Democrats	1623
Republicans	1478
Unenrolled	3632
Libertarian	33
Mass. Green	6
Green USA	1
Reform	1
Inter 3rd	3
TOTAL VOTERS	6777

Special Voter Registration hours were held twenty days before the Annual Town Election, the State Primary, the State Election and the Annual Town Meeting. At that time, the Town Clerk's office was open from 8 am until 8 pm for this purpose.

Special Registration Hours for the Special Town Meetings were held ten (10) days prior to the meetings; again the Town Clerk's office was open from 8 am until 8 pm.

From January 1 to December 31, 2002, there were a total of five hundred eighty-one (581) new voter registrations received.

Democrats	132
Republicans	129
Unenrolled	310
Libertarians	4
Mass. Green	4
Green USA	1
Inter 3rd	1

Throughout the year, nomination papers were certified for Town candidates as well as State candidates. Many petitions were also certified for State Ballot questions.

This was a relatively quiet year. Twenty-three (23) voters were moved to the "Inactive Voter List", due to: (1) not responding to the Annual Town Census; (2) having a family member cross off a voter's name; or (3) receiving notice that a voter has moved out of town. After notifying each of these persons with a "Confirmation Mailing Notice", these "Inactive Voters" are kept on the list through the next two State Elections. Then, with proper notice, they can be permanently removed from the "Inactive Voter List".

The number of deleted voters was five hundred thirty eight (538). These people were deleted because they moved and registered in another town; we were notified that they moved to another state; or, we were notified that they are now deceased.

The requirements for registering to vote in Massachusetts are: One must be a citizen of the United States, a resident of the Town, and at least 18 years of age on or before the next Election.

This year our Town Clerk was asked to come to Norwell High School to register eligible students to vote. Many were interested and approximately 50 were registered.

One may register to vote or change one's address or party affiliation at the Registry of Motor Vehicles or any other State Agency. Mail-in Voter Registration forms can also be obtained at the Norwell

Post Office and the Norwell Public Library, and of course, the Town Clerk's office.

Respectfully submitted,
BOARD OF REGISTRARS
Regina T. Giordani, Chairman
Janice M. Lawson, Clerk
David A. Mayers, Jr.
Harold E. Tuttle

REPORT OF THE BURIAL AGENT

The issuing of Burial Permits is one of the responsibilities of the Town Clerk, who is appointed annually as "Burial Agent" by the Board of Selectmen.

A Funeral Director may not bury or make any other disposition of a decedent without a Burial Permit. Therefore, it is a necessity for the Burial Agent to be accessible. The Town Clerk's office is open Mondays and Tuesdays from 8 am until 4:15 pm; Wednesdays, 8 am until 7:30 pm; Thursdays, 8 am until 4 pm; and on Fridays, 8 am until noon. (Summer hours may differ.)

Arrangements have been made with the Communications Center at the Norwell Police Station, 40 River Street, (781-659-7979) for a Funeral Director to obtain a Burial Permit for a fee of $10.00, payable to the Town of Norwell, on a holiday or a weekend, if a satisfactory Death Certificate is received and retained.

Respectfully submitted,
Janice M. Lawson
BURIAL AGENT

JURY LIST INFORMATION

Since 1986, Plymouth County towns have been included in the "ONE DAY/ONE TRIAL' jury system.

Selectmen no longer draw the names of prospective Jurors. The current procedure requires the Town Clerk/Board of Registrars to update the residents of the Town from the annual census into the computer which is connected to the Secretary of State's office. After notification to the Town Clerk, the Jury Commissioner requests the names of *every* resident—*whether or not a voter*—seventeen years and older from the office of the Secretary of State, (Central Voter Registry) on or before June 1 of each year.

From this list, which includes dates of births and occupations of all those names included, the Jury Commissioner prepares a randomly selected list of Jurors. A copy of this list is mailed to the Town Clerk's office where it is posted for inspection during the latter part of the year. Names on this list are subject to call for Jury Duty after January of the succeeding year. (MGL, Ch 234A)

Respectfully submitted,
Janice M. Lawson
TOWN CLERK

(2002Report of the Bd of Registrars)

Pursuant to the Warrant, eligible voters met at established precincts in the Town of Norwell to cast their votes for candidates for the listed offices. Due to Cole School construction Precinct I was held at the Town Hall in the Osborn Room.

The following election workers were present:

In Precinct I, Ann Valair, WARDEN; Amy Locke, CLERK; Phyllis Haskell, Cheryl Cecchini, James Daly, Eleanor Bailey, Fay Joseph and Carol Marsh, TELLERS;

In Precinct II, Joan Shea, WARDEN; Mary Lizotte, CLERK; Mary Ellen Wetzel, Arcely French-Nummelin, Ann Cogliano, Maureen Murphy, Lois Arnold and Beatrice Griffiths TELLERS.

In Precinct III, Dorothy Meehan: WARDEN; B. Jean Snow: CLERK; Susanne Tuttle, Jeanette Simmons, Anne Bussiere, Gertrude Daneau, Lynne Rose and Paula Young, TELLERS.

CONSTABLES on duty were Kevin Bullock, Precinct I, Christopher Nichols, Precinct II, Francis Molla and Gerard Buckley at Precinct III.

CHIEF WARDEN over all was Town Clerk, Janice M. Lawson.

Polls opened in all precincts at 7:00 A.M. After the 8:00 P.M. closing, tallies compiled in each of the three precincts were brought to the office of the Town Clerk where the final tally of all precincts was made and publicly announced. Breakdown of the number of votes cast in each precinct is as follows:

In Precinct I, there were 399 Democratic votes cast including 15 absentee; 201 Republican votes including 5 absentee, 1 Libertarian vote cast and Green party no votes.

In Precinct II, there were 381 Democratic votes cast including 7 absentee; 305 Republican votes including 7 absentee and Libertarian party and Green party no votes.

In precinct III, there were 449 Democratic votes cast including 23 absentee 307 Republican votes including 11 absentee 1 Green party absentee vote cast and no Libertarian votes.

Total number of votes cast in all precincts was 2044 including 69 absentee.

As of September 17, 2002 there were a total of 6645 registered voters in Norwell. Those participating in the Primary represented 31% of the electorate.

Tallying in open meeting at Town Clerk's office resulted in the following count of votes cast:

RECORD OF STATE ELECTION
NOVEMBER 5, 2002

Pursuant to the Warrant, eligible voters met at the established precincts in the town of Norwell to cast their votes for candidates for the listed offices.

The following election workers were present:

In Precinct I, Ann Valair, WARDEN Amy Locke, CLERK: Frank Nagle, Cheryl Cecchini, Eleanor Bailey, Anne Bussiere, Phyllis Haskell, Jeanne Scully.

In Precinct II, Carolyn MacLellan, WARDEN; Lois Arnold, Clerk Maureen Murphy, Beatrice Griffiths, Susan Springer, Arcely French-Nummelin, Ann Cogliano, and Eileen DiFiore.

In Precinct III, Dorothy Meehan, WARDEN, B. Jean Snow, Clerk Joan Shea, Lynne Rose, Dale Fenno, Jeanette Simmons, Matilda Baldwin, and Gertrude Daneau.

CHIEF WARDEN over all was Town Clerk, Janice M. Lawson. Kevin Bullock served as Constable in Precinct I, Cole School; Constable Christopher Nichols, in Precinct II, Norwell Middle School; and Constable Theodore Bladwin, in Precinct III, Vinal School.

Polls opened in all precincts at 7A.M. and closed at 8P.M. Tallies compiled in each of the three precincts were brought to the office of the Town Clerk where the final tally was made and publicly announced.

The number of votes cast in each precinct is as follows:

Precinct 1, 1537 votes were cast including 58 returned absentees,

Precinct II 1686 votes were cast including 61 returned absentees,

Precinct III 1695 votes were cast including 80 returned absentees.

Total votes cast in all precincts was 4918 including 199 absentee.

Out of a population of 10092, 6718 are registered voters and of those 73% participated in the election process.

Tallying during open meeting at the Town Clerk's office resulted in the following count:

REPORT OF THE SUPERINTENDENT

From start to finish, forward and backwards, by any standard or objective measure, 2002 was a banner year for Norwell Public Schools. On January 2, calendar year 2002 got off to a rousing start with the opening of Norwell Middle School – Norwell's first new school building in 30 years. This state-of-the-art facility houses Norwell's 510 sixth, seventh and eight grade students. Along with bright classrooms, computer labs, media center, and many other special purpose rooms, Norwell Middle School has a very large gymnasium that is the new venue for Town Meeting which was first held there last spring.

Last spring also marked the official dedication of Norwell Middle School and the dedication of the totally renovated and expanded Vinal School, the latter having been completed the previous summer. These two modern structures represent fully one-half of Norwell's commitment to provide *21st Century Schools for 21st Century Students* through the NORWELL 2001 projects. To date, these projects have also enabled us to quadruple the number of school computers – from 200 to over 800 and counting. Coupled with this greatly expanded technology, Norwell teachers developed our first *K-12 Curriculum Guide for Technology*. Based on the philosophy that technology is not a subject for instruction but rather a tool to enhance the delivery of instruction, this *Guide* is designed to provide teachers and administrators with a framework for integrating technology into the curriculum.

In June we graduated the Class of 2002, and what a class they are! Of the 130 graduates, 44 are members of the highly selective National Honor Society – more than one-third of the class. Ninety-five percent are pursuing post secondary education, 90% at four-year colleges. On the SAT examinations, the Class of 2002 set school records on both the verbal and mathematics tests as well as for combined score. In fact, with an *average* combined score of 1129, the Class of 2002 tops Norwell High School's previous record by 34 points.

Not that the Class of 2003 is far behind. This is the first class that must pass the state's MCAS tests in order to receive a high school diploma. During 2002, the Class of 2003 acquitted themselves superbly, with all graduating seniors having passed this examination.

In the fall of 2002, the "new" Cole School opened its doors. Like its sister school, Vinal, Cole School houses approximately 500 students in pre-kindergarten through grade five. In addition to totally renovated classrooms, Cole has an expanded cafeteria, a large media center in the old gymnasium/auditorium, a community room, and a new gymnasium. In December of 2002, this third of the four NORWELL 2001 projects was officially dedicated.

Thus 2002 ended as it began, on an extremely high note. As our 21st century schools are finally being completed, our 21st century students are doing their part by fulfilling the high expectations we all have for them. Indeed, they are eagerly and successfully pursuing the *Pathways to Success* that Norwell Public Schools has consistently been providing over the years.

Respectfully submitted,
Donald J. Beaudette, Ed.D.
Superintendent of Schools

SOUTH SHORE REGIONAL VOCATIONAL-TECHNICAL SCHOOL DISTRICT

New England Association of Schools and Colleges Self-Study Dominates Year-long Examination at South Shore

Typically one of the most daunting yet beneficial processes for any educational institution is its decennial internal review of all operations, and the subsequent peer review by a visiting team of professionals from similar schools throughout the New England region. The New England Association of Schools and Colleges, through its Commission on Technical and Career Institutions, will conduct such a four-day visiting team accreditation evaluation in the Fall of 2003 at South Shore Vocational Technical High School. Preparation for the visit is already underway. Staff in-service time for the year has been committed to the many hours needed for the school's "self-study," a comprehensive look at everything from curriculum and instruction, facilities, budget, staff and students and governance.

Primary in South Shore Vo-Tech's scrutiny of its full operation is found in the evaluation of how it views itself measured against a comprehensive set of membership standards established by the NEASC. These standards are:

1. School Philosophy and Goals
2. School and Community Relations
3. The Educational Program
4. Educational Media Services
5. Student Services
6. Student Records
7. School Staff
8. Administration
9. Finance and Business Operations
10. School Facilities
11. School Atmosphere

South Shore continues to serve as a valuable regional resource to the eight member communities, and most importantly as a meaningful high school pathway for nearly 550 students presented with a wide array of academic, technical and career preparatory opportunities. To this end, the past year saw South Shore planning, implementing or accomplishing several new initiatives. Among the efforts to provide the best available delivery of curriculum, positive facility and environment and updated technical equipment have been: a new wireless computer lab with internet linking capabilities, a piloted foreign language class (Spanish) for the first time ever in the school, installation of a "Tight Tank" for the cosmetology program to eliminate potential chemical runoff into the aquifer, improved lighting and signage, expansion of the gymnasium facility for weight, conditioning and exercise training, and several improvements to technical equipment school-wide.

Continuing to produce graduates who are equipped with marketable technical skills, ready to face a challenging and ever changing world of work, South Shore Vo-Tech has ranked in the top 10% of state-wide regional technical schools (26 schools across the Commonwealth) in terms of academic and vocational achievement, graduate placement, and performance on the mandated MCAS testing administered to 10th grade students. Equally significant is the positive relationship which has been forged with member towns in serving the best interests and needs of young people and the community at large.

The South Shore Regional School District strives to utilize the feedback from the world of Business and Industry, from the NEASC process, from Advisory, School Council and Parent Association groups to provide the most beneficial and comprehensive delivery of educational services possible. To that end, we value the support of our district member towns and seek to continue, and build upon, the shared mission of providing the best and most comprehensive technical and career experiences we can. When our students are skilled, they truly become productive adults and citizens.

Currently, 15 of the total enrollment of 533 are from Norwell. June of 2002 celebrated the graduation of the following students from the town: Sean Barry, Collin Braley and Benjamin Reed.

While at South Shore our obvious priority this year is the New England Association of Schools and Colleges decennial evaluation, we want to continue to be active partners with all our constituencies. We look forward to the ongoing and positive relationship which has been fostered by so many in the community.
Respectfully submitted,
Robert L. Molla, Jr.
Norwell Representative
South Shore Regional School District Committee

REPORT OF THE SCHOOL BUILDING COMMITTEE
for the Construction Phase of NORWELL 2001

The year 2002 marked a milestone in Norwell's history, as the town's first new school in thirty years, the Norwell Middle School, opened its doors on January 2, 2002 to the elation of grade 6, 7, and 8 students and staff.

The Norwell Middle School was the second **NORWELL 2001** project to reach substantial completion, preceded by the Vinal School addition/renovation project, which was fully occupied in September 2001.

The Town celebrated the dedication of both of these facilities on April 23, 2002. The new Norwell Middle School dedication ceremony was held first, with the entire student body in attendance and entertainment provided by the accomplished Middle School band. The Vinal School re-dedication was held later that morning with the entire elementary school attending the outdoor ceremonies, swaying to the tunes of the Norwell High School band and chorus.

The opening of the new Middle School allowed the addition/renovation project at the Cole School, which started in October of 2001, to proceed full steam ahead once middle school students, temporarily housed at the Cole facility since September of 2001, moved to their new school.

Prior to the start of construction at the Cole School, the entire Cole School student body, grades K-5, was temporarily moved to the Goldman School in September of 2001. The relocation of both the Middle School and Cole School students ensured that the Cole renovation project could take place in an unoccupied building, hastening the renovation process while ensuring the safety of students.

With construction unimpeded at the unoccupied facility, swift progress was achieved on the Cole project. This enabled K-5 students and staff to re-occupy the newly renovated Cole School on October 16, 2002. A jubilant student body celebrated the re-dedication of the Cole School on December 10, 2002.

In the face of continuing construction delays, the Norwell High School renovation project once again lagged significantly behind schedule throughout 2002. On January 14, 2002, students and staff occupied newly renovated classrooms for the first time as the former "blue" classroom wing was opened. On the same day, the administration moved to their new, highly visible quarters located in the main lobby area.

Six months later, on June 14, 2002, the former "gold" classroom wing was opened and new language classrooms were occupied on October 21, 2002. The refurbished gym was re-opened on October 30, 2002, with newly renovated locker rooms open for occupancy on November 27, 2002. As of year's end, construction continued in the library area, auditorium, and new little theater. At this point, the completion of the project, previously rescheduled for December 2002, is anticipated during the spring of 2003.

Having reached substantial completion of three of the four **NORWELL 2001** projects, the Committee's attention turned to Phase V of **NORWELL 2001.** Phase V-A encompasses the demolition of the Goldman School, which once served as the town's High School, and subsequently as the Junior High; and Phase V-B, which covers associated site work, including the driveway, parking, and fields.

In November, the School Building Committee awarded the contract for the demolition of the Goldman School to Francesco Demolition. This was the lowest bid received by the Town on October 16, 2002.

Temporary fencing was erected around the site in December in preparation for the commencement of the demolition. Asbestos abatement was scheduled for January of 2003, to be followed by the actual demolition of the Goldman School, to be completed in March 2003.

Bid documents for Phase V-B were scheduled for completion in January 2003, with an award anticipated in March 2003.

Despite inevitable construction delays, the Committee remains committed to delivering quality school facilities to the Town of Norwell, within approved budget amounts. With their final goal in sight, the Committee continues to monitor punch list progress at all of the facilities, compiling as-builts and owners manuals for reference by future generations, attending to post construction issues, and looking toward the day when all of the projects have finally been closed out.

With the ongoing cooperation and assistance of the Town and its residents, the Committee remains hopeful that 2003 will mark the culmination of Norwell's school construction projects, providing 21st Century schools for 21st Century students.

NORWELL PUBLIC LIBRARY

The library remains the busiest building in town. Our circulation is over 120,000 items including books, videos, books on tape and cd, DVD's, puppets, computer programs for loan and reading programs. People are in almost every day to use things like Value Line and Morningstar, to read the Wall Street Journal, or to search the Internet.

This year brought several staff changes. Our children's librarian is now Theresa Maturevich and she is capturing the hearts of the children and the parents. Theresa presents a special program sponsored by the Friends of the Norwell Public Library at least once a month. Our technical services librarian is Alan Pochi. Alan is ensuring a steady stream of books and other materials so you always have something new to consider. Alan also staffs the reference desk when our regular reference librarian Jeanne Ryer is away from the desk.

The Trustees and I have begun to study the problem of enlarging the library. A building committee has been formed and a study questionnaire will be sent to every household very soon.

Respectfully submitted,
Diane Gordon Kadanoff
Library Director

NORWELL POLICE DEPARTMENT

To the Honorable Board of Selectmen:

I herby submit my third annual report to the town as Chief of Police. The year 2002 saw continued progress for the police department. Our three newest police officers John McDevitt, Timothy O'Brien and Brenden O'Donnell graduated from the police academy and hit the streets in late February. All three young men are excellent officers and have proven to be a superb addition to our patrol force.

The department completed our radio system upgrade in the spring. A new repeater was installed on Judges Hill. All vehicle and portable radios have been replaced and are now operating on a new frequency. The direct result of this upgrade is markedly improved citizen and officer safety. We will continue to seek sources of funding to improve this vital system. Additionally, the department has installed "Mobile Data Computers" in our marked cruisers. The computers provide our officers with the ability to instantaneously access the federal and state criminal justice database. This system was purchased through a grant awarded the town under the "COPS MORE" program administered by the United States Department of Justice.

In January 2002 the Norwell Police Department became a member of the Metropolitan Law Enforcement Council. Metro-LEC is an organization comprised of 40 municipal police agencies. Membership in the organization affords the Norwell Police Department access to personnel and equipment that we could otherwise not afford. Metro-LEC has successfully applied for grant monies for the purchase of equipment and training that will be available to our officers in the near future.

I wish to thank the members of the police department, the members of the Emergency Communications Center and the members of the Norwell Fire Department for their effort and cooperation throughout the year.

Respectfully submitted,
Robert M. Galvin
Chief of Police

FIRE AND AMBULANCE REPORT

I would like to start my annual report by thanking all of the residents and businesses in the town for their continued support during the year 2002.

This year was very busy, extremely productive, and we achieved several of our long-term goals. Once again we saw an increased demand for emergency medical services. Our ambulance responded to 980 emergency medical calls with 717 patients transported to area hospitals. The paramedic unit from the South Shore Hospital continues to be an important tool and useful resource assisting our personnel with 310 patients last year. Five patients required Med Flight and were flown to Boston due to the severity of their injuries.

We have now completed our first full year providing the residents at the Intermediate Advanced Life Support level. This allows us to provide an advanced level of service relating to circulation and airway management including endotracheal tube airway, intravenous therapy, anti shock pressure suit, and defibrillation under the direct medical control from the local hospital's emergency room physicians. This has proven to directly affect the quality of life to several patients over the last year. We are a community based service of cross trained firefighters / EMT'S who are providing the best possible service in the most safe, effective, and efficient manner possible.

We applied for and received our eighth S.A.F.E. grant from the Commonwealth. These funds allow our personnel to spend time in the schools teaching our youth about fire safety and with our elderly on fire prevention and safety in the home. In October we hosted our seventh annual open house, which brought over four hundred residents to the station to view our apparatus and received fire safety literature.

During the year the ISO, Insurance Services Office, completed its analysis of the fire suppression delivery system for our community. I am very pleased to report that the resulting classification is a *Class 4.* This is an improvement from the former classification of *Class 6.* This means our community's fire suppression services are improving in the face of the demands of a changing environment. As this reclassification only occurs every fifteen years, we are extremely excited to have accomplished a double step classification.

The year also saw the replacement of two vehicles. In July we took delivery of a new ladder truck. It is a state of the art piece of equipment that will serve the Town for the next thirty years. It has a reach of one hundred feet, a piped in automatic waterway, and many built in safety features that were not available with our old truck. The second vehicle is a Forestry / pickup truck, which replaces a 1981 Chevrolet utility body.

The department was also fortunate to replace two firefighter who resigned. Congratulations to Michael Ryan of Carver and Scott Nascarella of Whitman who have been appointed as Career Firefighters.

As in the past the men and women of the Fire Department and Ambulance Service have risen to every occasion and are a credit to the community. In closing I would like to thank all of our personnel, our Administrative Secretary, Emergency Dispatchers, the Norwell Police Department, and all other Town Department for their quality service, support, and assistance throughout the year.

The following is an overview of our response in 2002

Structure Fires	18
Cooking / Stoves	21
Vehicle Fires	7
Brush Fires	27
Motor Vehicle Accidents	410
Emergency Medical Responses	697
Medical Assists	40
Hazard Materials Incidents	41
Power Lines Down	32
Electrical Problems	157
Lock Outs	153
Assist Police Dept.	7
Smoke Removals	109
System Malfunctions	222
Mutual Aid Fire	20
Mutual Aid Ambulance	162

Respectively Submitted,
Paul W. Rosebach
Chief of Department

EMERGENCY COMMUNICATION CENTER

The Norwell Emergency Communications Center is located in the Norwell Police Station, 40 River Street. Our current staffing level allows us to provide 2 Dispatchers on the 8-4 shift as well as 2 Dispatchers on the 4-12 shift, and 1 Dispatcher on the 12-8 shift. We have a total of 5 full time Dispatchers, 2 part time Dispatchers, and 3 substitute Dispatchers.

All of the Dispatchers are up to date on their in-service training and will continue to attend in-service training classes.

The following is a break down of calls directed through the Communications Center for the year.

Police & Public Service Calls	13,341
Fire & Emergency Medical Services	1,901
Estimated Burn Permits issued	2,900

All calls that come into the Dispatcher Center on a 911 line will be followed up with a response from Police or Fire. Please do not hang up if you dial 911 accidentally. A Dispatcher will still call you back to confirm your information and an Officer will still be dispatched to confirm that there is not a problem. When possible, the Dispatcher will ask for your name, address, and phone number to confirm that the information that shows in the 911 database has been entered correctly by the telephone company. If the information is not correct, the Dispatcher will follow up with the telephone company to be sure the information is corrected in the 911 database.

Police & Fire Non-Emergency Number	659-2211
Police Department Business Number	659-7979
Police Department Records Number	659-8161
Fire Department Burn Permit Line	659-8160
Fire Department Business Number	659-8158

Respectfully submitted,
Laurie Croke, Lead Dispatcher
Paul W. Rosebach, Fire Chief
Robert M. Galvin, Police Chief

Norwell's Emergency Dispatchers
Michael Brenton
Jodi Hurley
Dawnelle Margro
Gail Marsden
Mary Merritt
Linda Whitcomb
-Substitute Dispatchers –
Nancy Dooley
John Joyce
James Shea

REPORT FOR THE NORWELL HIGHWAY DEPARTMENT

The Highway Department began the 2002 season much like it always does keeping roads cleared of snow & ice for the daily commuters, school buses, and emergency equipment. Although the winter of 2001-2002 was relatively dry, the department sanded 31 times and plowed 3 times for a total of 18"of snow for the season.

Thankfully, a drier winter season means less wear & tear on our infrastructure. The constant freeze thaw cycle culminated by repeated snow plowing causes untold damage to asphalt that then requires constant maintenance in order to provide a safe traveling surface.

Beginning the 1st week of April the street sweeper and the catch basin cleaning trucks are deployed throughout town street by street to clean up all the sand & debris that accumulates along the roadways and in our drainage system. This is not only a necessary function, but is mandated under the Storm Water Phase II Rules & Regulations to protect our water resource areas such as, wetlands and aquifers ensuring cleaner water for drinking and environmental concerns.

In addition, beginning in April was the startup of the High Street, Oak Street, and Parker Street reconstruction project that began the previous Fall with drainage installation on High & Parker Street. The Highway Department working with rented equipment removed approximately 40 stumps along Parker Street in order to facilitate the installation of 1,300' of sub-drain, which was also performed by this department at a savings of $34,000. All prep work and drainage was completed in June.

In May, Northeast Reclamation of W. Bridgewater, MA. ground the asphalt and gravel sub base on High & Oak Street to a depth of 12" in order to re-grade the 36,974 square yards of material and prep for paving. Grinding and grading was completed on these roads May 15, 2002.

Between May 22, 2002 & May 28, 2002, Todesca Corp. of Hyde Park, MA laid 3" of dense binder on High & Oak Street, while the grinding operation was moved to Parker Street where another 5,065 square yards of material was ground, regarded and compacted along with being paved with 3" of dense binder on June 20, 2002.

The months of July and August saw the rebuilding of 1,000' of stonewall along Parker Street by this department. Installation of new sidewalks on High & Oak Streets with 3,325' of new granite curbing and 4,388.66 tons of sidewalk mix asphalt all done by Capone Brothers of Randolph, MA.

Beginning on September 5, 2002, the top coarse of paving these 3 roads had started and completed September 11, 2002. The remainder of the construction season was used to backup the shoulder areas with a processed material to add stability to the newly laid asphalt and top with loam for the hydro-seeding.

Hi-Way Safety Systems of Hanover, MA, put new thermo-plastic traffic markings in place and new high reflectivity signs were installed by the Highway Department personnel.

The total cost thus far for High, Oak, & Parker Street to date is $1,052,354.48 with some minor work to be done in the Spring to complete the project. In the midst of this reconstruction work of which the Highway personnel assisted in all phases of including traffic control, all of our routine maintenance and requests were also completed, recognizing that this was the largest Highway Department reconstruction project undertaking by this department in many years.

Bringing us into the month of November that was used to prepare our snow & ice equipment for the season that began the 12th of November with 4" of snowfall.

In conclusion, I would like to thank the Highway Department personnel: Chris Cowden (Foreman), Steve MacInnis, Mark Allegra, Mark Walther, Andrew Snow, Linda Murphy, and the Town's Recycling employee's William Gunderway & Harold Tuttle. I would also like to express my appreciation to the plowing contractors for helping to keep our roads safe for the traveling commuters, and to the many Boards, Committees, and Commissions, for their continued cooperation and assistance.

Respectfully submitted by
Paul M. Foulsham
Highway Surveyor

DEPARTMENT OF LANDS & NATURAL RESOURCES

January of 2002 this department was split between indoor & outdoor work. Five days were spent fixing and painting 29 benches for athletic fields and forty barrels used for trash around Town. We spent eight days on equipment repair and building maintenance. On January 10th the Town contracted Hansen Tree Company to come into Town and remove stumps. A total of 50 stumps were ground and cleaned up, loamed & seeded. Over the next five days the department split wood at the Recycling Center. There were 10 days of tree work with Asplundh removing dead or dying trees around Town. High winds occurred five times in the month of January requiring branch pickup around town.

Snow & ice had the Tree department crew hook up 10 times to assist with the Highway department for sanding & plowing purposes. As February came in there were three more days of snow removal. Although the temperature was up, so were the winds with nine more days of branch pickup. Another ten days were dedicated to tree removal.

As parts came in to repair and maintain equipment four days were used to take care of mowers. Near the end of the month the flail machine went out for roadside mowing, while the remaining crew went to the High School fields to cut and chip brush encroaching on the fields for two weeks.

Spring came early this year. We used twelve days for athletic field preparation edging, roto-tilling infields, rebuilding pitching mounds, spreading infield mix, grooming, and marking lines for games. Asplundh was back in Town for another six days of tree removal.

The Tree Department Cemetery employee was at Washington Street Cemetery sprucing the grounds and at this point in time, only one interment.

This year an outdoor Integrated Pesticides Management Program went into effect. Co-ordination with the School Department is important for the posting, application times, and notification of all work requiring chemicals to be used in and around athletic fields & public grounds. Our licensed professional, applied 5,300 lbs. of fertilizer with crabgrass control, 2,500 lbs. of regular based fertilizer, 1,300 lbs. of a weed control fertilizer, 180 lbs. of Dylox (grub control), 3.7 lbs. of B.T. (Bacterial Catipillar control) and 1,800 lbs. of grass seed used to over-seed fields around Town.

April brought eleven days of tree removal, eighteen days of field preparations, and nine days of marking out the fields for games. The Washington Street Cemetery employee continued with mowing and trimming with five more interments.

On Arbor Day, a small Japanese Umbrella Pine that was donated by Kennedy Gardens was planted at the new Middle School and three more trees planted around Town. The department worked in conjunction with Conservation Commission on the grounds at the new Cliff Prentiss Bridge Project at Jacobs Pond and the Historical Commission at the Jacobs Cemetery.

Eight more days of tree work in May with another five days of high winds for branch pickup. There were ten days spent on field maintenance and marking out for games. The flail was out for four days of roadside mowing with sixteen days of mowing and trimming around schools and public buildings and two more interments at Washington Street Cemetery.

This department assisted with an irrigation system that was installed at the Osborne Athletic Field complex and the Memorial Day parade.

June had eight days of tree work followed by two days of retrieving limbs due to high winds. A stump grinder was rented for two days to aid in the removal of 43 large stumps ground and cleaned up, loamed & seeded.

The Flail was back out for nine days, field work another four days, three days for marking fields, and fourteen days mowing & trimming around town. Washington Street Cemetery had two more interments, our assistance was given to the Men's Club Fair & parade then we moved onto preparation for High School Graduation. During this month, three more trees were planted around town.

In the month of July, the Tree Department was able to hire a part time summer help employee. With the capability of doing so, he was able to assist this department in field maintenance. There were five more burials at Washington Street Cemetery.

Fertilizing continued with the application of 400lbs. of fertilizer with Delta Guard for insect control, 950 lbs. of fertilizer with merit for grub control, and 150 lbs. of Diazinon for lawn insects. The Tree Departments 1990 Ford pickup was replaced with a new 2001 3/4 ton pick up.

The aerial bucket truck was back in for another 12 days in August for trimming & tree removal. Five burials, two more days of fertilizing with 750 lbs. of starter fertilizer and 1,640 lbs of fertilizer with millennium for weed control. This is the month that the department took care of requests from residents to spray for poison ivy along Town owned property.

September means preparing the grounds for the opening of school. During this month, we assisted the Highway Department with paving/traffic control on Parker Street. The Washington Street Cemetery employee resigned September 6, 2002, but we were able to utilize our part time summer help employee so the cemetery would still be maintained. There were two more burials, and 2,900 lbs. of fall fertilizer was applied to public grounds.

October brought the aerial bucket truck into Town of another 14 days of tree trimming and tree removal. Mowing, field maintenance, and marking out athletic fields continued as necessary. 4,150 lbs of regular fertilizer, 200 lbs. of Delta Guard, and 400 lbs of Dylox for grub control was applied at the Washington Street Cemetery.

This year the Tree Department attended and took 2nd Place in the Plymouth County Snow Plow Rally. A great showing by James Murphy & Mark Kaloshis. This is something the Town should be proud of for last year the Highway Department took 1st Place in the County.

November is fall leaf cleanup, shop & equipment cleanup/maintenance. Marking of the football field for the annual Thanksgiving Day game. There were three more burials and the Cemetery was finished for the season. During this month the Tree Department started sanding & plowing with the Highway Department.

500 lbs. of starter fertilizer and 250 lbs. of Rye grass was also applied to the football field.

This year's hazardous tree removal total was 192 trees, 92 trees trimmed, and 92 stumps removed.

In conclusion, I would like to thank the Tree Department personnel: Mark Smith (Foreman), James Murphy, William Lavery, Mark Kaloshis, George Horne, and Justin Meddaugh. I would also like to express my appreciation to the many Boards, Committees, and Commissions, for their continued cooperation and assistance.

Respectfully submitted,
Paul M. Foulsham, Director of Lands & Natural Resources
Mark E. Smith, Foreman

REPORT OF THE NORWELL CEMETERY COMMITTEE

During the calendar year 2002 there were 37 burials in Washington Street Cemetery. A total of 45 new lots were sold. The sum of $47,184.49 was turned in to the Treasurer / Collector.

A new fee schedule, suggested by the Committee, was approved by the Selectmen. This was the first increase in fees since 1991. Lots are now available to town residents for $500 plus a $10 registration fee. A complete listing of the new fees is available at the Town Clerk's office.

During the summer the rear of the Washington Street Cemetery was examined to determine the possibility of using it for the expansion of burial space. After soil testing, walking the site with an engineer and discussing it with him, it was determined that the land was not suitable for development.

A severe grub infestation caused considerable damage to the grass in the cemetery. Although the Tree and Grounds Department applied chemicals to eradicate the grubs we will not know the extent of recovery until spring when the grass begins its growing season. We anticipate some areas will need to be reseeded.

At the end of the summer our worker at the cemetery resigned. The Tree and Grounds Department had to step in and cut the grass. Fortunately the growing season was almost over. What will happen in the spring is not known. Hopefully a new worker will be hired so that the cemetery can be tended as it has been in the past.

During the coming summer we hope to mark out the lots for the remaining section of the cemetery. It is expected that we will gain at least 200 lots. This is the final piece of Washington Street Cemetery to be utilized for burials. It is anticipated that the new cemetery will be operational before these lots are sold.

Planning continues for the new cemetery on Wildcat Lane. After viewing the acreage and looking at soil testing results, an engineer developed a preliminary plan for us. In order proceed with this plan, town meeting must vote to allow use some of the money in the Cemetery Permanent Fund. An article at Special Town Meeting will ask for this transfer of funds. This should result in a conceptual site plan for the new cemetery. It will then be up to the town to demonstrate its approval by funding the project.

In August we welcomed Joanne Molla Goldman as the newest member of our committee. Her energy and enthusiasm predict she will be a great addition to the committee.

Respectfully submitted,
Gertrude H. Daneau, Chairman
Mary C. Lizotte, Secretary
Theodore Baldwin
Joanne Molla Goldman
Francis J. Nagle

PERMANENT BUILDING AND MAINTENANCE COMMITTEE

The PBMC is currently working with the Architects for the Feasibility of the Sparrell Building to be renovated for Town Hall and School Administration.

A report and presentation will be presented at the Annual Town Meeting.

During the year we have completed the following projects.

1. Renovation of the Police Station Garage.
2. Installation of a Handicap Automatic door at the Public Library.

The present Board consists of the following members:
James L. McKenney
Marty Sullivan
Steven Waitakatis
*George Williams Jr.
*Spencer Joseph
Harry A. Merritt
*Denotes PBMC members assigned to School Building Committee.

Respectfully submitted,
Harry A. Merritt, Chairman

BOARD OF WATER COMMISSIONERS

Water Resources. As all town residents are well aware, Norwell and the region experienced a significant drought in 2002. As a result, the Board of Water Commissioners imposed water restrictions on April 15th, the earliest have ever done this.. Above normal precipitation in the autumn restored our groundwater levels, and the water restrictions lifted. However, this year's drought serves as a reminder of the limitations of our water resources.

In October 2002, the Water Department finished its Water System Master Plan. The study concluded, among other things, that the Town's existing sources of water supply are inadequate in meeting demands projected for even the near future. Because Norwell is seeing an increase in proposed dense development housing projects these projects could increase the Town's population beyond those projected in the Water System Master Plan, increasing our immediate water needs.

The Norwell Water Department currently pumps water from two watersheds, the Boston Harbor River Basin in the northern portion of the town, and the South Coastal River Basin in the southern part of town. The Massachusetts Department of Environmental Management (DEM) considers the Boston Harbor River Basin to be an aquifer under stress and therefore an unlikely source of additional water for us. However, the South Coastal River Basin has the additional capacity to accommodate further water source development.

The Board is continuing with the development of Well No.11, an 800 gallon per minute new source located off South Street. We are also proceeding with the design of a new water treatment facility, to treat water from this well in order to remove high levels of iron, organic color, manganese and hydrogen sulfide.

In anticipation of these new costs, the Water Department applied for low interest (2 percent) funding for water system improvement projects, through the Massachusetts State Revolving Fund This is difficult to get and the criteria are demanding, based on demonstrated need, benefits to the community, watershed management, etc.
On January 21, 2003 the Department of Environmental Protection (DEP) informed us the Norwell Water Department's project ranked 2nd (!!) out of 61 projects statewide. We were granted the low interest provided this year's Annual Town Meeting votes funds for the project.

Vulnerability Assessment. In June President Bush signed into law the Public Health Security and Bioterrorism Preparedness and Response Act of 2002. Under the law Public Water Suppliers must evaluate their systems, conduct a vulnerability assessment, develop an emergency response plan and certify to the Environmental Protection Agency (EPA) that these actions have been taken to insure public safety. Communities such as Norwell, serving populations greater than 3300 but less than 50,000, must accomplish these tasks by June 30, 2004. Norwell relies solely on groundwater sources (wells), which are by their very nature insulated from intentional or unintentional contamination, compared to surface water supplies.

Major Projects Completed. 2002 saw the rehabilitation of the Town's three water storage tanks. The 500,000 gallon Paradise Drive tank received major structural repair as well as a recoating of the interior and exterior surfaces. The 500,000 gallon Judges Hill tank was similarly coated in and out with some minor structural repair. The 1,000,000 gallon Philip Drive tank was in relatively good condition and only required exterior recoating. The project was completed on time and under budget, and the coatings should last 20 years.

In 2002 the Norwell Water Department also upgraded its SCADA (Supervisory Control and Data Acquisition) system from a proprietary source to one that is fully supported by many vendors. SCADA is essentially a computer based system that allows Water Department personnel to control and monitor the entire water system from a computer terminal, either locally or remotely. In addition, the SCADA system provides alarms that alerts Water Department personnel during working and non-working hours regarding possible problems with the system ranging from a defective treatment process to intrusion into Water Department facilities..

General Statistics. The Norwell Water Department was pleased to serve 3328 residential, commercial, municipal and industrial accounts during calendar 2002. This number represents an additional 57 accounts over last year. The total volume of water pumped from our ten wells was 369,406,871 gallons. This was a slight decrease compared to 2001, likely due to water restrictions imposed before the peak demand months of May, June, July, and August. The average daily demand was 1.01 million gallons per day with maximum demand of 1.97 million gallons occurring on August 13th.

The Department wishes to thank the residents of Norwell for their efforts in water conservation through the months when restrictions were in effect. Your cooperation is essential so we don't deplete our supplies, and to maintain adequate pressure and fire protection.

The Department conducted over 500 service calls during the year. These include installing new metering equipment and service valves; marking underground utilities and responding to customer inquiries regarding water quality and pressure. There were 52 road openings, to renew 20 existing water services, replace 6 hydrants, repair a water main break, and install 25 new water services. Independent contractors installed an additional 32 water services.

In order to monitor the effectiveness of our corrosion control treatment process, the Department continues to test for lead and copper in select homes within the Town. As in 2001, sample results continue to show negligible or zero levels of lead and copper in residential household plumbing. Additionally, the Department's corrosion control process continues to minimize the number of service leaks throughout the Town.

The Water Commissioners thank Water Superintendent John McInnis, Distribution Foreman Steven Gatanti, Treatment Plant Operator Neal Merritt, Administrative Assistant Diane McCarthy, Water System Mechanics Marc Spinella and Scott O'Keefe and Meter Reader / Clerk Nancy Dooley for their fine dedication to task and for their superb ability to communicate and address issues with water customers, contractors, consultants, and other Town offices. We would also like to thank all the other Town of Norwell boards, commissions and committees who have offered their cooperation, guidance and support during the past year.

Respectfully submitted,
Board of Water Commissioners
Frederick St. Ours, Chairman
Peter Dillon
Steven Ivas

BOARD OF HEALTH

In 2002 a number of long-term projects began to wind down with respect to Board of Health concerns. This included near completion of the school building project, Donovan Farm, Silverbrook and the new Stop & Shop. As these projects wind down, a number of new low-income housing projects and possible new subdivisions are looming on the horizon.

The continued threat of the West Nile Virus, for a third season required the spraying of mosquito-breeding swamps. Fortunately, no human cases of the virus were reported for the year. Citizens of the town should be aware that the Board of Health office has informational flyers available for West Nile, Lyme disease and other potentially harmful diseases.

The Board would like to express its sincere gratitude to the Norwell Visiting Nurses for the public health nursing services provided to the community with respect to both their normal routine and their new role in preparing to fight bio-terrorism. The demand for their services will only increase in 2003 and they are ready to step up to the plate.

With the threat of bioterrorism so prominent, department staff continues training and preparation with the Massachusetts Dept. of Public Health and the national CDC.

Thanks also go out to the South Shore Tobacco Control Collaborative for a great job done in tobacco related issues, both in monitoring tobacco sales and monitoring facilities for compliance with the smoking by-law. The Board would also like to commend the local merchants for a great job checking I.D.'s

The BOH was pleased to extend the Solid Waste and Recycling contract with Waste Management, Inc. for another year with only a cost of living increase.

Board member, Peter Dillon, was elected to a third 3-year term in 2002.

Great thanks to our hard working full time staff, Health Agent Brian Flynn and Administrative Asst. Pat Cummings, as well as, our alternate Health Agent, Jim Jenkins and food inspector, Bob Griffin for their outstanding work in 2002.

Thanks also go out to all Boards, Commissions, Department Heads and the citizens of Norwell.

COUNCIL ON AGING

The Council on Aging has been in existence as a town department by way of unanimous vote since the 1964 Annual Town Meeting. Its main function remains the same today as it did 38 years ago. This is to provide **information, advocacy and resources to the older adults of Norwell.** It continues to be the community focal point for services and programs that can assist, support and supplement the concerns and needs of our residents, their families and friends.

The primary responsibilities of the Council on Aging focus on five pertinent areas; Information & referral, advocacy, outreach, transportation and education. During 2002, the Council on Aging met these responsibilities by the development and implementation of pertinent programs and services both here at the COA Center and in cooperation with numerous community agencies and organizations. At the end of the 2002 fiscal year, we provided services and/or programs to over 585 individuals with over 42000 units of service given via the aging network and support system.

The **Outreach Program** continues to be one of our top priority programs. Outreach is defined as a support service that aids in providing an avenue for the provision of services for the older adult to include their spouse, caregiver and/or family member. Outreach works with those older adults who may need support with fuel assistance, transportation, and housing concerns or may be in an "at-risk" situation. The Outreach Coordinator works with families, agencies and local resources to insure all is being done to assist and support the older individual within their home.

Volunteers continue to be the backbone of our department. In 2002 we were most fortunate to receive over 4900 hours in volunteer service from over 90 different individuals. Examples of this dedication and commitment range from providing medical transportation; program instruction

and support; assisting in the office; or delivering meals to homebound elders. This dedication from so many has saved the community over $75,000 per year!

Transportation is another responsibility and necessary asset to our operation. With the expertise of 2 part-time drivers we provide over 30 hours of transportation services weekly encompassing over 6900 trips per year. In addition to the transportation program with the COA van, we have special transportation services for medical appointments that cannot be served through our own van and a back-up system of volunteer drivers that allow us to provide the best service possible. Two transportation grant programs allow us to provide appropriate transportation into Boston and other medical facilities outside the South Shore area. Both are funded via competitive grants through the Older Americans' Act and the Executive Office of Elder Affairs.

The Senior Work Program started in 2000 has proved to be a successful program and has helped a number of residents within the community. The eligible resident can volunteer their time and efforts within a municipal department for an abatement up to $500 towards their property tax bill. This program not only helps the older resident, but also the participating department with their workload. In 2002, 35 residents and over 15 departments worked together on the program. The Council thanks all those involved with this successful program. A special thank you to the Board of Assessor's and their staff for working with the COA and getting this program off the ground.

We would like to take this opportunity to express our appreciation to the volunteers who are the mainstay of operations; the "Friends of the Norwell Council on Aging" for their program and financial support; the support and dedication of our staff; other Town Departments and the residents of Norwell.

Ann Valair, Chairperson
Irene Horte
Bonnie Campbell-Dunn
Ann Horrigan
Marion McLaughlin
Dorothy Lynch
Louise Connolly
Rosemary O'Connor, Director
Diane M. McCarthy, Outreach Coordinator

COMMISSION ON DISABILITIES

The Norwell Commission on Disability (NCOD) welcomed two (2) new members to bring our total membership to five (5).

The NCOD was approached by the Norwell Council on Aging (COA) to help with the appropriation of two (2) new tie downs for the COA's new transportation van. The NCOD donated $410.00 for the purchase and installation of the new tie downs.

The NCOD approached the Norwell Public Library about the installation of handicapped accessible doors. The new doors have been installed and are fully functional.

The NCOD made a donation to the Norwell Public Library of two (2) software programs for children with special needs.

The NCOD is working with the new supermarkets in town to ensure that they provide an adequate number of handicapped parking spaces.

The NCOD made a donation of $250.00 to the Norwell Parent Advisory Council (PAC) to help pay for the development of a PAC website that will be tied into the Norwell Public School website.

The NCOD began work on a disability film that will focus on relating to persons with disabilities. The film will provide a general view of the meaning of "disabilities" with a walk-through of some areas of town, a demonstration of parking ramps, access to public buildings, spaces, etc. The film will be approximately 30 minutes in length and will air on the Norwell cable channel.

The NCOD donated $450.00 to the Norwell Public Schools to be used by a citizen of Norwell who is willing to donate his time and labor to build equipment for the physical and occupational therapy departments of the Norwell Public Schools.

CUSHING CENTER BOARD OF DIRECTORS

The Board of Directors is pleased to submit our annual report of activities for 2002 to the residents of Norwell for their review.

The most significant event for this year was the retirement of our executive director, Mrs. Margaret "Peg" Doherty after many years of dedicated service. As Directors we were faced with the seemingly impossible task of replacing such a capable and dedicated employee. After interviewing several very good candidates we selected as our new Executive Director Mrs. Mary Lou O'Leary. Many of you may already know Mary Lou through her involvement in the Norwell Schools. The board has been thrilled with the enthusiasm, and attention to detail that Mary Lou has brought to the Cushing Center as our new Executive Director. Also this year, two new directors were appointed to the board, Mrs. Donna Cunio, And Mrs. Maureen Phillips. Each of these ladies brings special knowledge and skill to the board that will be of tremendous benefits for our future. Welcome aboard all!

Again the Cushing Center is proud to announce another very successful year. We are able to return a cash profit to the Town after paying all our expenses in excess of eight thousand dollars. An overview of our finances is as follows:

Appropriated budget	$45,816.00
Cushing Center Salaries and Expenses	$44,816.61
Unused salaries and expenses returned	$999.39

Income received

Office space rental	$27,000.00	
Function hall rental	$25,985.00	
Sub total income	$52,985.00	$52,985.00

RETURNED PROFIT TO NORWELL $ 8,168.39

Thanks again to Bruce and Bryan, our dedicated custodians for their continued efforts to keep this wonderful old building looking splendid. Thank you to the Tree and Grounds crew for all their efforts keeping the lawns tidy and as always a special thanks goes out to the North River gardeners for the beautiful gardens they maintain in front of the Cushing Center. Over the last few years they have been forced to contend with everything from snowstorms to droughts and continue to provide true beauty to our town center.

For the Board of Directors
Jef Fitzgerald

MEMORIAL DAY COMMITTEE

Once again with the help of the members of the Samuell Turner Jr. American Legion Post 192 and the Cub Scouts all the veterans graves were decorated with the American flag just before Memorial Day. Each year we have more graves to put the American flag on.
Memorial Day was a bright and sunny day. The Parade started at the corner of Lincoln and Main Street. The Parade started at 10 AM. The Norwell Police cruiser was up front with all the flashing. Proceeded down Main street to Norwell Center and ended up at the Norwell Veterans memorial common. The marchers, which included the Samuel Turner Jr. Color Guard Post 192, The Norwell Fire Dept., Color guard. The Fire Chief and all the Firemen. The Police Chief and Policemen. We had the Boy Scouts the Girl Scouts, Cub scouts and the Brownies, the three Selectmen, members of Legion Post 192 and the Sons of the Legion. We all marched to the High School Band under the direction of Mr. Anthony.

The ceremonies were opened with the invocation by the Reverend Stephen Harvester of the Church Hill United Methodist Church followed by the Pledge of Allegiance to the flag of our country. Virginia Kulka sang The Star Spangled Banner, Selectman Paul Gaynor gave everyone the greetings from the Town and thanked everyone for taking the time to honor the Veterans of all the Wars.

Our first speaker from the Jr. High School Scott Kitchen gave "The Gettysburg Address." This was followed by a selection by the High School Band. The second speaker from the Jr. High School was Bailey Sullivan. She gave a talk on "The Meaning Of Memorial Day."

Our new Veterans agent Richard Caldwell gave a short talk. He retired after 24 years in the military. He was in Desert Storm.

Our main speaker was introduced by Dorothy Dickson Past Dept. commander of the American Legion. Lawrence Cornors, Dept commander of the American Legion. He gave a talk on what it is to be an American.

The Firing Squad gave a salute to the dead, which was followed by Taps by a member of the High School Band.

Reverend Harvester gave the invocation and the ceremonies were over. . Everyone was invited to a collation over at the Fire station. Thanks to everyone for making this a great day. Everyone come again next year.

PLYMOUTH COUNTY MOSQUITO CONTROL PROJECT

The Commissioners of the Plymouth County Mosquito Control Project are pleased to submit the following report of our activities during 2002.

The Project is a special district created by the State Legislature in 1957, and is now composed of all Plymouth County towns, the City of Brockton, and the Town of Cohasset in Norfolk County. The Project is a regional response to a regional problem, and provides a way of organizing specialized equipment, specially trained employees, and mosquito control professionals into a single agency with a broad geographical area of responsibility.

The 2002 season began with a below average water table for the region which continued throughout the summer. Efforts were directed at larval mosquitoes starting with the spring brood. Ground and aerial larviciding was accomplished using B.t.i., an environmentally selective bacterial agent. Upon emergence of the spring brood of mosquitoes, ultra-low volume adulticiding began. The Project responded to 5,911 requests for service.

We are happy to report that in 2002 there were no human Eastern Equine Encephalitis or West Nile cases in Plymouth County. The recurring problem of EEE and WNV to the Northeast continues to ensure cooperation between this Project and the Massachusetts Department of Public Health.

West Nile Virus increased during 2002 with 24 human cases with the majority detected in Suffolk and Middlesex Counties. No horse cases occurred in Plymouth County during 2002, possibly due to owners vaccinating their horses with a new WNV Equine vaccine. One llama from Halifax, the first in the Country, tested positive for WNV early in the season. In 2002 only 4 birds tested positive for WNV compared to 257 last year. To ascertain the risk to human health and horses, this Project continued placing mosquito traps in known infected areas from the year prior. The mosquitoes collected were tested at the Massachusetts Department of Public Health for WNV, but none were infected. In an effort to keep the Public informed, WNV activity updates are regularly posted on our web site, *www.plymouthmosquito.com* and Massachusetts Department of Public Health at *www.state.ma.us/dph/wnv/wnv1.htm*.

The figures specific to the Town of Norwell are given below. While mosquitoes do not respect town lines the information given below does provide a tally of the activities which have had the greatest impact on the health and comfort of Norwell residents.

Insecticide Application. 5,568 acres were treated using truck mounted sprayers for control of adult mosquitoes. More than one application was made to the same site if mosquitoes reinvaded the area. The first treatments were made in June and the last in September.

Aerial Application. Larviciding woodland swamps by helicopter before the leaves come out on the trees continues to be very effective. In Norwell this year we aerially larvicided 510 acres.

Our greatest effort has been targeted at mosquitoes in the larval stage, which can be found in woodland pools, swamps, marshes and other standing water areas. Inspectors continually gather data on these sites and treat with highly specific larvicides when immature mosquitoes are present.

Water Management. During 2002 crews removed blockages, brush and other obstructions from 175 linear feet of ditches and streams to prevent overflows or stagnation that can result in mosquito breeding. This work, together with machine reclamation, is most often carried out in the fall and winter.

Finally, we have been tracking response time, that is the time between notice of a mosquito problem and response by one of our inspectors. The complaint response time in the Town of Norwell was less than two days with more than 209 complaints answered.

Mosquito Survey. A systematic sampling for the mosquitoes in Norwell indicates that *Culex species* was the most abundant species. Other important species collected include *Aedes vexans* and *Coquillettidia perturbans*

We encourage citizens or municipal officials to call our office for information about mosquitoes, mosquito-borne diseases, control practices, or any other matters of concern.

Raymond D. Zucker
Superintendent

Commissioners:
Carolyn Brennan, *Chairman*
Leighton F. Peck, Jr., Secretary
William J. Mara
Michael J. Pieroni

NORWELL RECREATION COMMISSION

Norwell Recreation offered over 200 program opportunities to all ages and interests in 2002. There were over 12515 program participants, which was a 2% increase over 2001.

NEW PROGRAMS 2002	FIELD TRIPS – NEW VENUES	PRESCHOOLERS FESTIVITIES
ASIAN COOKING	FLY FISHING & TYING	TODDLER GYMNASTICS
BE A SPORT	FRUIT/VEGGIE CARVING	WINTER CRAFTS
CRANBERRY HARVESTING	PILATES/YOGA COMBO	WOMEN'S BASKETBALL

New programs always meet with varying degrees of success and these were no exception -- some were hits and some were not.

Other programs with a longer history continue. For youth we offered playgroups for toddlers and preschoolers, youth basketball, ski and snowboard lessons, gymnastics, afterschool arts, theater, science, fun activities, fitness programs, a variety of sports programs such as basketball, field hockey, golf, archery, cheerleading, lacrosse, tennis, baseball, and school vacation activities, the Egg Hunt, April Vacation Baseball/Softball, field trips, summer recreation playground programs for ages 3-grade 8, crafts, watercolors, golf, tennis, kayaking and lots of field trips. Some programs are cooperative efforts with local organizations or businesses like the baby sitting and parent's helper courses provided by the Norwell Visiting Nurses Association, Sunday Open Gym with South Shore ARC, fitness opportunities at Webb's Pro Fitness Center, discount tickets for the Company Theatre, the Women's Club Bunny Breakfast, the youth dances brought to the town by the Women's Club, the Fishing Derby cosponsored by Village Green Real Estate and other area business and SummerStage (concerts) with many more local businesses helping to sponsor the summer concert fest. For adults and teens we offer many activities such as workreation - a teen volunteer program, dog training, C.P.R., first aid, golf, coed volleyball, field trips, watercolor painting, skiing trips, yoga, and a variety of workshops and seminars. The Job Bank provides a list of teens willing to child sit, do yard work, and odd jobs which gives residents a

valuable resource. We will look into any program suggestion because others may like your ideas! You can see our imaginations (and resources) only limit the variety. So keep those ideas and suggestions coming.

The value and quality we offer seems supported by our high participant numbers. Budget moneys cover the administrative costs of providing recreation services and the staffing for the three general summer playground programs. In 2002, $16,725 was deposited into the general fund, which offsets our budget request of $115,433 so the bottom line for recreation was $98,708. In addition, more than $127,500 was spent on activities totally supported by participant fees. All other activities and services (95% of the programs) have continued because the participants pay all costs with fees. It is our hope that Norwell voters continue to recognize the importance of recreation through public support and not just by one's ability to pay!

Program scholarships totaling $151 was used by a few families and we welcome contributions to cover those costs. The Workreation program is where teens volunteer to assist in various capacities in exchange for credit toward recreation activities. We had 8 teens volunteer 212 hours! There were more than 1200 hours that adults volunteered with coaching, teaching, supervising field trips; conducting special events, program assistants, commission members, maintenance projects, etc. That certainly deserves a huge thank you!

Norwell is fortunate to have commission members dedicated to public recreation programs and facilities. Chair, Ginny Maree, and members Mike Hnatkovich, Jill O'Loughlin, Norma Tosney, and Pat Richardson contribute time, energy, and various areas of expertise. Mike is our representative on the Athletic Field Committee which oversees the very vital task of improving our town's athletic fields. Norma is our representative on the Community Preservation Act Committee. We wish to thank all members for their interest, their support and their time!

Leadership quality is perhaps our best asset. Through recreation director, Dale Connor; program-coordinator, Judy Volpe, and the many excellent program instructors' and leaders' efforts, knowledge, dedication, concern, and enthusiasm, Norwell is provided with recreational services envied by many neighboring communities. We extend our appreciation for all their exceptional efforts.

The Recreation Commission thanks the School Department for their support through the usage of facilities -- gyms and fields, and also recognizes Paul Foulsham and the Tree and Grounds Department for their field maintenance and improvements. Without these cooperative efforts, our programs would be more limited and/or costly. Each year the Town relies more and more upon other organizations within town such as Little League, Girls Softball, Youth Soccer, and Youth Lacrosse to help with the maintenance expenses of the facilities they use.

We mail our seasonal brochure four times a year to every Norwell postal customer. Our challenge continues to be funding support and improved recreational facilities. Participant feedback and numbers show support for services with continual requests for more. 2002 saw some improvements in the area of recreational facilities for the town. The new playing field at the Osborne farm was finally opened for play and is a wonderful playing surface. The Athletic Field Committee continues that site's development with a softball and a practice or youth field. The Recreation Commission also would support the concept of a community center at the Sparrell school although there seems to be a movement to have Town offices there instead.

We take pride in our response to your interests and needs and hope to hear your ideas! We have programs for all ages, all interest levels. Take a look at one and join us in a future program! *This is your recreation department!*

Submitted by Dale Connor, Director and the Recreation Commission: Chair-Ginny Maree, Mike Hnatkovich, Jill O'Loughlin, Pat Richardson, and Norma Tosney.

RECYCLING COMMITTEE

In 1989, a Recycling Committee was formed and the program has flourished ever since. In 2002, Norwell residents recycled 839.21 tons of newsprint and cardboard, 223.15 tons of glass, metal cans, and plastics (1-7), 535 units of white goods, 312 units of CRTs (monitors, televisions), 350 gallons of waste oil, 351 tons of leaves and brush, 400 propane tanks, 2 (55-gallon drums) of spent anti-freeze, 6 cubic yard boxes of surplus latex/oil-based paint. Norwell collected 255 mercury thermometers, 9 mercury thermostats, and 1.3 kg. of elemental mercury for which the town was reimbursed $151.00 for. There were also ½ of a 5-gallon pail of household batteries collected at the Recycling Center. We are very proud of the recycling efforts of the residents in the town and want to encourage more understanding of and involvement in recycling. Therefore, the committee collected tires one Saturday in May at no cost to the residents. Residents dropped off at the Recycling Center 134 tires at no charge. It is a service the committee would like to continue on a yearly basis.

The Committee continues to apply for and receive grants to promote, educate, and defray costs to its residents (i.e. tire day). With the help of residents the committee has been awarded from DEP recycling incentive program over $5,000 for Phase 1 which translates into $10.00 per tone for 524.48 tons of recyclables. If we had sent this tonnage to SEMASS, it would have cost the town $18,105 for SEMASS charges $34.52 per ton. Unfortunately DEP can no longer fund this program. However, every ton the town recycles saves you money.

Norwell is a member of the South Shore Recycling Cooperative, which is a group of 15 towns that work together to maximize their solid waste programs. The SSRC does cooperative contracting for solid waste related services such as household hazardous product collections of which 98 residents participated and 8 residents were able to bring hazardous material to other town collection sites through an arrangement administered by the SSRC. The South Shore Recycling Cooperative also contracted for brush grinding of which Norwell used twice in 2002. As a member of the SSRC, better pricing is shown due to economy of scale and reduced administrative time in bidding and servicing contracts. The SSRC is also looking into cooperative mattress/box springs collection.

The next time you recycle, remember you will be helping to support your community's recycling efforts and saving the environment.

Respectfully submitted;
Recycling Committee
Joanne M. Dirk, Chair
Judy Enright
Marilyn McCourt
Carole McCarthy
Anne Fridgen-Traft

SOUTH SHORE RECYCLING COOPERATIVE

According to the IMA, the mission of the SSRC is: "... to provide a forum of cooperative management of solid waste by members, to assist each member Town to improve the cost-effectiveness of their recycling efforts by providing economy of scale while maintaining full control over solid waste management; to assist members to improve programs to divert waste materials from the waste stream and to reduce the amount and toxicity of wastes; and to provide such assistance on an individual basis to each member Town and cooperatively in joint programs with other Towns."

The SSRC has grown to 15 Member Towns, and its mission has been fulfilled in Calendar Year 2002 as follows:

QUANTIFIABLE BENEFITS

1. By using the regional contract negotiated by the SSRC with Safety Kleen, which was subsequently assumed by Clean Harbors for the collection and disposal of household hazardous products, Norwell saved about 25% plus the $500 setup fee they would have paid on the State contract, and avoided the administrative time required to bid it out on their own. At Norwell's 2002 fall collection, which was attended by 96 residents, savings amounted to approximately $335 for this service. The contract also enabled 8 residents to attend other towns' collections in the region that year using the reciprocal arrangement, which is administered by the Planner. In addition, the Planner publicized the event with flyers she delivered to the town hall and library and ongoing press releases in local papers, on cable TV and the radio. She attended and helped run the collection, handed out junk mail reduction kits, provided signs and calculated the proper billing for the vendor to ensure that discounts and allowances were credited and visitors billed properly. The Planner spent 113 hours preparing, conducting and evaluating an RFP for a new contract, 50 hours publicizing the region's sixteen events and 132 hours administering the contract and attending the collections.
2. The Planner assisted Norwell in maximizing its benefits from the Material Separation Plan (MSP), including the provision by SEMASS of 125 digital thermometers for exchange and reimbursement for mercury disposal costs, valued at $750. The Planner spent 46 hours administering and publicizing these programs throughout the region, which removed 47 kg of mercury from the waste stream.
3. The Planner facilitated a service agreement with CRTRecycling for the collection of electronic equipment, much of which is banned from disposal by state regulation. Under this arrangement, our vendor recycles and reuses the equipment for a rate about 40% less than the State Contract. Collection figures are not available for CY02, but savings over the State contract are estimated to be $3,500. Our contractor also saved our towns labor and material costs by taking the equipment loose. The cost of disposal for the electronic equipment he takes at no charge was also avoided.

CY02 COST OF MEMBERSHIP: $4,000

CY02 BENEFIT OF MEMBERSHIP: $4,585; 395 hours

INTANGIBLE BENEFITS

1. The SSRC bid out and awarded contracts for brush grinding and trommel screening for the processing of compost, which Norwell used. The Planner completed the Supplies and Services Contracting certification seminar in the Mass. Certified Public Purchasing Official program.
2. The SSRC provides valuable networking opportunities and information sharing at our well-attended monthly Solid Waste Manager meetings, at which solid waste collection, disposal and recycling service, pricing and proposed laws and regulations are discussed among Norwell. The meetings often feature speakers on subjects of interest to the local MSW community, including special waste disposal, regulatory compliance, legislative and budget issues, grant assistance and regional recycling collections.
3. The Planner's advice and assistance are frequently sought by and provided to the solid waste managers, both on site and over the phone, on such issues as curbside contracting, disposal of special wastes, alternative vendors for different materials, regulations and accessing grants. She investigated solutions to such problems as alternative markets for glass, propane tank storage and disposal and continuously researches recycling alternatives. At the Board's request, she hosted a tour of Waste Management's new Avon recycling facility.

4. The SSRC published a quarterly newsletter filled with information of immediate interest to the South Shore solid waste community, including local solid waste news, regulatory and legislative proposals, meetings and seminars. The newsletter is circulated to over 300 town officials, legislators, regulators and volunteers.
5. The Planner did public outreach by writing articles for and being the subject of interviews with the local press which promote waste reduction and recycling, and the proper disposal of mercury-bearing waste. She also fielded calls from Norwell residents in CY02 to answer questions, related mostly to HHP and CRT disposal.
6. The SSRC advocated for passage of solid waste legislation aimed at increasing funding of municipal recycling programs through the Clean Environment Fund, extending the Waste to Energy Grant Program, and shifting some of the burden of disposal costs onto electronics manufacturers. The Planner also orchestrated municipal advocacy for State budget items that benefit municipal solid waste programs. Legislators seek our advice on solid waste bills.
7. The SSRC Planner attended policy meetings, forums and conferences hosted by the DEP, Solid Waste Association of North America, the Council of SEMASS Communities, the Mass. Recycling Coalition, the Northeast Recycling Council, and the New England EnviroExpo. She attends most Mass. DEP Solid Waste Advisory Committee and C&D Subcommittee meetings. She shares what she learns with the Managers, and relays the Managers' concerns to the professional and State organizations and regulators.

The SSRC is grateful to Norwell Recycling Committee Chairman Joanne Dirk for serving as Treasurer for the past several years.

The SSRC exists to serve its member towns by facilitating their solid waste disposal and recycling functions. It always welcomes suggestions on how it can better serve its Members.

Respectfully submitted,

Claire Sullivan, Solid Waste Planner

REPORT OF THE BEAUTIFICATION COMMITTEE

The Beautification Committee sponsors and supports several programs and projects to improve and to further beautify our town.

Last Spring we were successful in planting a clump of European Birch, several oakleaf hydrangeas, witch hazel, five winterberry, six patriot hostas and other hostas at the entrance to the Town Library Junior Girl Scout Troop 4440 helped with the Spring library grounds cleanup and also planted hundreds of daffodils around the entrance. We plan additional work at the Library.

A new triangle was begun at Copeland Tannery Drive. The Norwell Garden Club and the Highway Department joined forces to completely redo and to beautify the triangle at the intersection of Jacobs Lane and Main Street. This key location has been completely transformed. There are now 39 road intersections, triangles and other locations being maintained every spring, summer and fall.

As the vehicular traffic in the town increases, so does the roadside litter. Our Adopt-A- Street volunteers continue to pick up and dispose of litter and debris from along our streets.

The Daffodil Program continues with nearly 450,000 daffodils having been planted by our townspeople since the program was started in 1994. Daffodils were provided other groups for planting. Brownie Troop 4460 planted hundreds of daffodils at Vinal School. The Committee takes orders in the spring for distribution and planting in the fall.

This past holiday season we were able to provide poinsettias to the Town Offices and also to provide lights on the Town Hall tree.

The interest and support of the townspeople is truly appreciated. We continue our Annual Beautification Awards Program at a regular December meeting of the Selectmen to recognize and reward the outstanding work done by the various individuals and groups. We ask that you forward ideas for new initiatives to improve the beauty of Norwell to the Committee. As this work is done primarily by volunteers, we also ask interested townspeople to step forward and become part of the Beautification Team!

Respectfully submitted:

Richard P. Barry, Chairman, Dorothy L. Underdown, Arthur J. Lunny, Elizabeth H. Raymond Paul D. Tribuna, and Patricia Cook

REPORT OF THE CONSERVATION COMMISSION

This was a year of great activity and change for the Conservation Commission. In June, our agent of over 24 years, Judy Salter, announced her retirement, and shortly thereafter our very capable administrative assistant, Debby McClelland, also announced her resignation. At about the same time these two valuable employees left, and after many years of almost no turnover on the Commission, two long-term commissioners with over twenty-five years of experience between them, Herb Hiedt and Christine Werme, also left the Commission, leaving us with the task of replacing two employees and two commissioners. Fortunately, during this difficult transition period we were able to avail ourselves of the services of long-retired former agent Wes Osborne, who was invaluable in keeping us abreast of the many filings and other matters requiring the Commission's attention, as well as in assisting our new agent.

After interviewing several promising candidates, the Commission hired Michele Simoneaux, formerly of the Manomet Center for Conservation Sciences, as our new Agent. Michele has extensive knowledge of wetlands and vernal pools, as well as the Wetlands Protection Act and open space plans, and has proven a valuable asset to the Commission's work. Shortly thereafter, we hired Jill Davison of Cohasset as our new administrative assistant. Several candidates expressed an interest in filling the two vacancies on the Commission, and late last summer the selectmen appointed Deborah Hill of Norwell Avenue and Rosanne Joyce of Masthead Drive as our newest members. Deb, a former employee of the Department of Environmental Protection with knowledge of wetland issues, and Rosanne, a Licensed Site Practitioner employed at Massport, bring valuable expertise and a sense of dedication to the Commission.

This year the Commission has held may public hearings under the Wetland Protections Act and the town's Wetland Protection Bylaw, and continued to manage over 1200 acres of conservation land and over 70 acres of land under water. A major accomplishment during the past year was the completion of the Cliff Prentiss Bridge, linking Duncan Drive in the Jacobs Lake Shore

neighborhood with the trail system on the north and west sides of Jacobs Pond, and providing a canoe launching area. The bridge, which was dedicated in May, is named for long-time Conservation Commissioner Cliff Prentiss, who, in addition to his many other services to the Town over the years, was instrumental in securing the funding and the contractor for building this very impressive structure.

The Conservation Commission meets on the first and third Tuesday of the month a 7:30 p.m. Meetings are open to the public.

Respectfully submitted, Norwell Conservation Commission.

Deborah Hill
Rosanne Joyce

REPORT OF THE FENCE VIEWER

The past year has been an average fence-viewer year with four new controversies, of which one, only one, has been satisfactorily resolved. One additional controversy of several years duration disappeared when the fence in question fell down and was not rebuilt.

I have been invited to enter a fence-viewing contest in Cuba (of all places!) and, never one to decline a challenge, will definitely attend and hope to show a level of expertise that will make the Town proud of me.

The fence of the year is at 793 Main Street at the corner of Winter Street.

Because the town is facing a fiscal shortfall, the Selectmen asked me to work for 50% of the usual remuneration. I agreed to do this for one year. It will hurt me no more than Mitt Romney's salary giveback hurts him.

Respectfully submitted;
Arthur J. Garceau

REPORT OF THE NORWELL HISTORICAL COMMISSION

We are mandated to preserve, rehabilitate or restore whenever possible, buildings, structures and properties which constitute or reflect distinctive features of Norwell's aesthetic, cultural, architectural, and historical resources of the Town. The result must be the preservation of Norwell's historical character.

CORRECTION

In the annual report of 2001 under Unitarian Church, we reported that the church had proposed to sell the triangle across from the church for a professional business. The proposal was not to sell

but lease the land for fifty years. The facility was to establish respite care for developmentally disabled individuals. The church members (we related that church elders of which there are none) voted on the proposal and it was defeated. The NHC apologizes for the inaccuracies.

DATE BOARDS

The Commission had been for some time researching for the proper procedure to issue Date Boards. We have approximately nearly 500 homes that fit the criteria for being listed according to our mandate. These homes do not have to obtain a Date Board but with the background search of some of the homes on file, we are placing Date Boards for a small fee to these so interested. We have utilized the services of Donald Mauch of New England Historical Markings in preparing, painting and placing boards on historical dwellings. With Don's appetite for things historical, this is a favorable situation for all concerned. There is brochure available on how to obtain information on historical homes over seventy years old. There will be a service hopefully that in the near future can be contacted for a fee to obtain the information needed for a Date Board or Plaque. Please write to the Commission for information or telephone Don Mauch. We are very excited and pleased to be doing this service as well as filling our mandate.

JACOBS - COLLAMORE CEMETERY on Jacobs Trail

The Eagle Scout project of David Krueger was completed by July first. The final outcome is a simple and decorative remembrance of the earlier settlers in Norwell. We thank David for his endeavors and the support of his Dad, Andy and fellow scouts. Drop by, as the cemetery is located just down the hill across from the Stop & Shop lights. The efforts of Brian Tedeschi and his crew helped to make this cemetery a reality.

JACOB'S FARMHOUSE on Main Street

a. The front roof was re-shingled as age wore out the shingles. The appearance is markedly improved.
b. A lease was renewed for two years with the west-side renters.
c. Once the weather breaks there will be a new sanitation system as the old cesspool ran out of steam. This will be borne by the Jacobs Farm Trust set up for events such as this one.

STETSON FORD HOUSE off Stetson Road

a. Renewed a two-year lease with the Haskins.
b. Expect to paint the dwelling this year.
c. The Haskins are responsible for the upkeep of the home and are doing will in their responsibilities.

MASTER PLAN

Our group with the representation of Carol Mesheau helped evaluate, educate and draw expectations for the town. This process has been a timely and exhausting program and the Master Plan Committee is to be applauded for their perseverance in making this PLAN a reality. We believe the proposal will be accepted at the annual town meeting.

THE COMMUNITY PRESERVATION ACT (CPA)

The Town ofNorwell adopted the CPA in the annual meeting 2002. This Act provides that a 3% surcharge, with certain exemptions, be added to property tax bills, and the funds be segregated and used for specific purposes. A minimum of 10% is to be used for three categories: conservation, historical preservation and affordable housing. The balance of the receipts must be used for projects falling within the range of these categories. The NHC will use the proceeds to initiate a complete inventory of historical houses, cemeteries and other properties of historical significant. We hope to commence this inventory once the funds are received and voted at town meeting. This information will help us to have most of the information for Date Boards.

DEMOLITION BY LAW

The enforcement of this by law is being met with the support of the Building Inspector, Tim FitzGerald, who refers any demolition for dwellings over seventy years old. The procedure is slowly taken hold and its existence has deterred some possibilities of demolition. In some cases the dwellings are not worth saving but the barn may be. In this case we request the person seeking the permit to utilize the barn in building or sell intact to one that will use said structure. The realtors are seeking advice on the validity of house having historical value and their responsibility under this by-law. An attempt to tighten the by-law will be made at town meeting.

We also announce the resignations of N. Scott MacEwen a long time member and Larry J. McDonough both of whose expertise is missed.

We thank the Highway Department, the Assessor's Office especially Barbara Gringas who has a wealth of knowledge to share with us, Tim FitzGerald a mentioned and the ladies at the Selectmen's office for assisting us in our efforts.

We thank our fellow board members Pamela Bower-Basso our newest me Robert Babcock for their unrelenting research in pursuing our mandate.

Historically submitted.

Joseph R. Carty, Chairman
Carol E. Mesheau, Vice Chairman
Jody Vermette, Secretary
Robert A. Babcock, Historian
Patricia A. Rice
Pamela Bower-Basso, Historian

REPORT OF THE PLANNING BOARD

2002 was another busy year for the Planning Board. The Master Plan Steering Committee and the Town's consultant, Community Design Partnership, augmented by citizens' comments gathered at the Town-wide Visioning sessions, Neighborhood Visioning sessions and Working Group meetings, made progress on the Master Plan. Their combined efforts have produced the following documents to date: Master Plan Survey; Working Draft of Executive Summary; Interim Reports; Existing Conditions, Trends and Challenges; Vision, Goals and Policies Statement; Implementation and Action Plan (draft); plus numerous supporting reports.

We anticipate finishing the process and presenting a final Master Plan to the community during the next year.

The Planning Board is reviewing a third draft of the department's Rules and Regulations and will hold a Public Hearing prior to adopting the new Rules in 2003.

Two additions to the Zoning By-laws were approved by the Town Meeting in May. A new Section 2423 prohibits the area "which contains a surface or subsurface detention or retention basin, or swales that form part of a Stormwater Management System" from being used in determining minimum lot size for new lots. A second Town Meeting article added wording to Section 2342 of the By-law spelling out the allowed uses in Business District C.

The Planning Department continues to execute its stewardship of land use issues in general, and its responsibility to review and act on applications for new subdivisions and Form A's. A major activity this year has been reviewing the Project Eligibility Applications for an unusually large number of new proposed 40B projects.

In 2002, there were 19 subdivisions in various stages of review or construction, with a total of 95 new or potential lots. In addition, the Board endorsed 30 Form A plans. Construction of a 32-unit 40B project is on-going. An analysis of this activity shows:

Subdivision Name	Number of Lots	Lots Released
Under review in 2002		
John Neil Drive Extension	3	0
Laurie Lane	3	0
Simon Hill Extension	5	0
Subdivisions approved in 2002		
Forest Ridge	5	0
Prairie Farms	3	0
Subdivisions under construction		
Birchwood	10	0
Black Pond (Clapp Brook Road)	5	4
Hawthorne Park	10	8
Heritage Estates	3	3
Journey's End (Edgewood Park)	9	8
Laurelwood	21	19
Parker Street (Pinson Lane)	3	3
Walnut Tree Hill	5	5
Wildwood Estates	3	2

Subdivision Name	Number of Lots	Lots Released
Subdivisions previously approved, not started		
Bramblewoods	4	0
Masthead Drive Extension	3	0
Subdivisions withdrawn – 2		
Form A Plans (30 plans endorsed)	**?**	
Condominiums under review		
Summer Street (40B) ZBA	59	0
239 Washington Street (40B) ZBA	44	0

REPORT OF THE BOARD OF ASSESSORS

In November 2002 we completed a 100% revaluation of all residential and commercial properties. This resulted in an increase in property values of over 429 million dollars with new values now totaling over 1.7 billion dollars. The major portion of this work was done by employees of this office resulting in a lesser cost to the town. Due to the continuing significant increase in residential property values we plan to accomplish another 100% revaluation in the current calendar year.

The Department of Revenue requires that an interior and exterior inspection be accomplished of all residential and commercial properties on a 10-year cycle or alternately 10% of the properties each year. The purpose of these inspections is to insure our property records are correct. Our 100% inspection program was completed two years ago using contract employees. In lieu of the 10-year cycle, last year we adopted a policy of inspecting 10% of all properties, by our staff with a substantial savings to the Town. Dependent on staff availability we plan to accomplish the 10% inspection program again this year.

Together with the Council on Aging Board we sponsored two articles at the November 18, 2002 Special Town Meeting to the benefit of eligible senior citizens. The first increased the amount of the property tax exemption from $500 to $1000 for low-income property owners. The second increased the property tax reduction from $500 to $750 for seniors who work for the Town for 111 hours per year. Both articles passed unanimously.

The Board shares the concern of many citizens with our ever-increasing tax levy. We therefore, strongly recommend your attendance and involvement at Town Meeting so that your voice may be heard.

The staff and Board are at your service to explain Board policies to answer valuation questions and to assist the taxpayers with any other assessment questions.
Respectfully submitted
Rosemary Durica, Chairman
Edward J Dunford, Clerk
Charles Markham

REPORT OF THE CAPITAL BUDGET COMMITTEE

The Capital Budget Committee is pleased to submit a report of our activities for 2002.

The Capital Budget Committee reviewed requests for capital expenses in Norwell in a total amount of $854,150.00. Of those we were able to support expenditures in the amount of $249,400.00. For the last several years the town has been in a position to provide strong support to our capital improvement program. However, as we look to the future it appears there may be difficult times ahead. Hopefully through a combination of the careful cooperation and planning that have been done in the past, and thoughtful requests and review now and in future we are poised to weather the trying times. Maintaining the infrastructure of our town is of vital importance however we full recognize that it is the people: the residents, the volunteers and the employees that make Norwell what it is today. We are committed to a review of capital requests that keeps this axiom foremost in our minds.

For the Capital Budget Committee
Jef Fitzgerald

REPORT OF THE BOARD OF SELECTMEN

2003 was another busy and challenging year for the Board of Selectmen. Several important events occurred during 2003:

Selectman John Mariano was re-elected to a second three year term. This marks the second year in a row that the incumbent Selectman has been elected without any opposition. Before serving as a Selectman, Mr. Mariano was a member of Advisory Board for six years. Mr. Mariano possesses an intimate knowledge of the budget which is invaluable during our current financial hardship.

May 12, 2003 was the date of our Annual Town Meeting. The 2003 budget totaled almost $ 32 million dollars. Norwell also considered 31 Articles. It is a testament to the intelligence and character of the member of Town Meeting that the process was completed in two nights. Some of the decisions were particularly difficult because of the reductions in aid from the state.

The Advisory Board worked closely and effectively with all Town Departments, Board, Committees and Commissions to meet two conflicting goals, maintenance of services and balance the budget. Even with the cooperation of every Town department that voluntarily reduced their budget requests, the Town was still forced to eliminate three clerical positions in the Town Hall.

A Special Town Meeting was held on December 1, 2003 at the Middle School. The main issues of interest here were spending funds collected from the Community Preservation Act. The Town chose to fun a number of important expenditures but chose not to support an affordable housing article that would have studied the feasibility of locating 12 units of affordable housing on Route 53 at Norwell Gardens.

Pressures for additional housing in Norwell caused the Town to continually defend itself against development proposals that would have a permanent adverse affect on the community. Over the last several years, we have experienced dramatic increases in property values. This has provided developers with a climate that is ripe for the use of Massachusetts General Law C.40B, the Affordable Housing Statute. 40B allows developers to bypass our local zoning regulations and build developments that are out of character for Norwell and are an assault on our Town.

Town departments worked hard to look critically at four (4) 40B applications. The state housing agency agreed with the Town in two (2) cases and rejected those proposed developments before they reached the Zoning Board of Appeals. However, the state gave preliminary approval to the remaining two (2) projects against our objection. The Zoning Board of Appeals is working hard to defend the Towns rights and ensure that these projects will be positive for Norwell.

The Board of Selectmen is working on a policy to provide residents and developers with guidelines for 40B developments that the Town finds acceptable. It is our hope that this will help the Town to receive more acceptable proposals. If the trend continues, we will see and be asked to support more 40Bs and affordable housing proposals.

The Board reached an agreement with the members of Local 2700 which represents the Norwell Fire Fighters for a new three-year contract. One of the key components of this contract is an agreement to upgrade the ambulance service to the Paramedic level of service from EMT-Intermediate. During 2004, South Shore Hospital will phase out our existing Paramedic service, forcing the Town to fill the gap and provide our own Paramedic service to residents. The upgrade in service for the Fire Department and improved response time for the higher level of care will literally save lives. We extend our thanks to the Norwell Fire Fighters for their dedication, hard work to the people of Norwell and for their assistance in reaching this agreement.

We anticipate that the long awaited re-construction of Queen Anne's corner will being this spring. The plan includes rebuilding the intersections of Route 228 and 53 and Route 53 and Grove and High Streets. In the corridor between these intersections, a third turning lane will be added to ease turning into and out of the businesses along that strip while improving traffic flow.. The project will go along ways towards alleviating one of the worst traffic problems in Norwell.

The Community Preservation Committee is actively pursuing its goals as established by state law. We can expect to continue to see articles for the Town to consider for the preservation of Open Space and Historic Sites, the creation of Affordable Housing and the improvement of Recreation opportunities in Norwell. We have collected more than $500,000 and that state has matched that amount.

The Norwell 2001 project is close to completion. Students, Faculty and residents are using and enjoying our new facilities. There are only punch list items left to complete at the Vinal, Cole and Middle Schools. The High School remains problematic. We anticipate completion of the High School in 2004. The entire School Building Committee under the leadership of Ralph Gordon has done an outstanding job bringing this project to completion within the original $54 million budget.

The future contains many challenges. With the capable and hard working we have serving our Town we are certain to succeed. We would like to take this opportunity to thank our hard working staff, Assistant town Administrator Margaret Renaud-Cantwell and Administrative Assistant Lynda Allen. James Boudreau, our Town Administrator, is an outstanding Town Administrator. He works tirelessly and has done a superlative job of preparing the Town of the fiscal uncertainties ahead.

Finally, we thank you, the residents of Norwell for your support and confidence as we work to do your business each and every day.

Respectfully Submitted,

Paul D. Gaynor, Chairman
Richard A. Merritt, Vice-Chairman
John G. Mariano, Clerk

REPORT OF THE TOWN ADMINISTRATOR

2003 continued to be a busy and challenging year in the Office of the Board of Selectmen and Town Administrator as the full impacts' of the state's fiscal crisis began to hit home and have a major impact on the Town. Through it all, the staff continues to discharge the policies and directives of the Board of Selectmen, Town Meeting and the Town of Norwell By-laws.

For the second time in as many years, the incumbent member of the Board of Selectmen was re-elected to the Board without opposition. John Mariano was re-elected to his second three-year term on the Board after serving six years on the Advisory Board. John brings a unique perspective to the Board and his intimate knowledge of the Town budget will be invaluable in the years ahead.

The Annual Town Meeting convened on May 12, 2003 to consider 31 Articles and an annual budget of almost $32 million. Once again Town Meeting members did an excellent job of preparing for Town Meeting and the budget and entire warrant were dispensed with-in two nights. The budget passed

with a minimum of debate and controversy as the Advisory Board continued to do an outstanding job of presenting the budget to Town Meeting after working closely with all of the Town Departments, Boards, Committees and Commissions to prioritize the spending of dwindling resources. The FY2004 budget contained real cuts in services to the Town as three clerical positions in the Town Hall were eliminated. These positions were available to all Town Departments to assist with increasing work loads and cover vacancies caused by sick and vacation leave. The most contentious debate of the evening revolved around the placement of cell towers within the community, pitting neighborhood versus neighborhood as residents tried to prevent the placement of these facilities in their neighborhood. The Special Town Meeting was a quiet one with only routine business matters needing attention.

Second only to the budget for its impact and importance to the community in 2003 was the continued assault on Norwell by developers looking to take advantage of state law and force unpalatable developments proposals on the Town through MGL C.40B, the Affordable Housing statute. Norwell, through the Zoning Board of Appeals, has permitted all three 40B proposals that have completed the hearing process. Jacobs Pond in completed, Silver Brook on South Street is under construction and the application for an affordable housing complex on Washington Street at the Norwell Campgrounds has been approved. Despite these gains, the Town has been forced to defend itself in court from developments that we believe are not only not in the best interest of the Town, but have received preliminary approval from the Commonwealth in spite of the Town's position that the developments in question did not meet the state's minimum requirements for approval. The Board continues to work to develop a policy to provide the developers and residents a framework to understand the type of development that the Town would like to see. 2004 looks to be even more active than 2003 on the issue of affordable housing.

Norwell 2001 began to wind down as most of the major milestones have been reached and the students and faculty have been enjoying their new facilities. Punch list items at the Vinal, Cole and Middle Schools are being addressed, with only the High School still facing significant obstacles to completion. Despite the best efforts of the School Building Committee, the High School project remains problematic and final completion will drag into 2004. Notwithstanding the problems at the High School, the School Building Committee under the capable Chairmanship of Ralph Gordon is owed a debt of gratitude and thanks from the Town for keeping Norwell 2001 on budget. While other Towns have been forced to return to the voters on numerous occasions for additional funding, Norwell 2001 will be completed within the $54 million budget approved by the voters in 1999. This is an amazing accomplishment.

During 2003 an agreement was reached on a new three-year contract with the members of Local 2700 representing the Norwell Fire Fighters. A key component of the agreement is the upgrading of the Town's ambulance service from the EMT-Intermediate level to the Paramedic level. Paramedic services are currently provided by South Shore Hospital, but that service will be phased out in 2004. The upgrade in service can literally be the difference between life and death for people in need of a higher level of care than can be provided by an EMT-I. I would like to thank the representatives of Local 2700 for their hard work and dedication in coming to this agreement and recognize the members of our Fire Department who provide outstanding service to the residents and businesses of Norwell everyday.

Town Hall has become even busier in 2003 as new groups and activities take advantage of the facilities. Along with the normal business of the Town, Town Hall continues to play host to the popular Middle School dances, the Norwell food pantry, Boy and Girl Scout meetings and, for the first time this year, welcomed a yoga class to the group. This activity is on top of the numerous Boards, Committees and Commissions that use the Town Hall for their meetings. It is a rare week when there is a night that someone is not meeting in the Town Hall. The task of keeping the building clean and running falls to our capable and dedicated custodian staff of William Gunderway and Bryan Melanson, who keep the building

sparkling clean and cheerful in spite of the more than 80 hours per week of use. Without their efforts the building would not be able to be as available as it is.

Thanks once again go out to our dedicated cable television broadcast team of Rollin Bailey and Ray Henderson. Each week they take time out of their lives to set up the cable equipment and televise the Selectmen's meeting to the Town. Without them this vitally important conduit to the public would be closed.

No office can run without hard-working and dedicated employees. The Board is fortunate to have the services of Assistant Town Administrative Peg Renaud-Cantwell and Administrative Assistant Lynda Allen. They make the office run on a daily basis and provide invaluable assistant to anyone and everyone who requests it. I am grateful for their assistance.

Finally, I would be remiss if I did not thank the Board of Selectmen for their support over the past year, as well as the Advisory Board, the Department Heads, Boards, Committees and Commissions who make this Town what it is.

Respectfully submitted,
James M. Boudreau
Town Administrator

REPORT OF TOWN COUNSEL

The duties of a Town Counsel are often not well known to the public. In general, the office of Town Counsel provides three types of services for Norwell: (a) prosecution of claims and defenses on behalf of the town; (b) advisory services designed to guide officials and boards through the intricacies of legal system and legal requirements in order to prevent litigation and, (c) review of policies, procedures and bylaws.

In this past year, the Town of Norwell was faced with several new legal challenges; however, the most visible new challenge is the increased number of filings under General Laws Chapter 40B the so-called Comprehensive Permit Statute. As residents are learning, this statute permits developers to seek waivers from local zoning and land use regulations in order to facilitate the construction of projects which maintain the required percentage affordable housing units provided also that developer agrees to limit profits in accordance with state guidelines.

In the past year, the Zoning Board of Appeals concluded hearings and approved with conditions a multi-unit project along Washington Street at the site of the former Norwell Campsites. The Board of Appeals also received two additional filings at Summer Street and Tiffany Road for which hearings are being conducted. In addition to these projects two other projects have been proposed but have failed to demonstrate to the satisfaction of the state's affordable housing bank that they are "fundable". The office of Town Counsel provides advice to the Board of Appeals and to the Town in general at each stage of these proceedings. The Town of Norwell has also taken the unique step of attempting through litigation to force the state's affordable housing bank to listen and seriously consider our responses when we spend hours identifying issues with these projects. The effect of this litigation has already paid significant dividends regardless of its outcome.

This office will continue to support the Town of Norwell's efforts to obligate these developers to consider and incorporate local needs and concerns in these projects.

Another challenge facing Norwell during the past year was the various suits and proceedings involving primarily decisions of the Planning Board and Zoning Board of Appeals and Conservation Commission. Fortunately, these Boards are replete with elected and appointed officials who spend countless hours of their own time educating themselves concerning the legal requirements and the factual issues before them before making decision. As a result thereof, the ability of Town Counsel to defend decisions is greatly eased and the costs to the town are minimized. During the past year the Town of Norwell settled a case involving a cellular tower at Forest Street and in doing so forced concessions designed to limit the number future cellular towers in the area and minimize their intrusiveness. A complete listing of all pending litigation is available through the Board of Selectmen.

Lastly, the office of Town Counsel prepares and reviews many legal documents effecting the business of the town, its boards and officials. The careful review of these documents is essential to preventing the town from doing things the wrong way and ensuring financial success for the town.

In conclusion, I wish to express my gratitude to the Board of Selectmen, Town Administrator, Zoning Board of Appeals, Planning Board, Board of Health and Inspector of Buildings and their staffs for their support, as well as the various other town officials and employees who support the office of Town Counsel.

Robert E. Galvin, Town Counsel
Robert W. Galvin, Asst. Town Counsel

REPORT OF THE INSPECTOR OF BUILDING/ZONING OFFICER

The Inspections Department is very busy with an increase of almost 100% on new dwellings over prior years. The slow down in the economy has not affected building projects in Norwell. The inspection load has lessened a bit with the completion of the school projects. There are several 40-B projects in progress and several potential that will put a heavy load on our department, if all are permitted.

Residential:

New Dwellings	74
Alterations/Renovations	159
Barns	3
Demolition Permits	6
Garage	3
Pools	24
Re-roofs	77
Tents	18

Building Inspector Assistance	5

Respectfully submitted,
John F. Moore, Inspector of Wires
Charles Palimieri, Alternate

BOARD OF APPEALS

During 2003, the Board of Appeals held public hearings on twenty-one meeting nights to review fifty-nine (59) petitions, an increase of thirteen (13) from 2002. The Board also continued its review of a Comprehensive Permit application begun in early 2002; one of the Site Plan applications that was originally filed in 2002 was withdrawn and a new application filed so that the Board's total caseload in 2003 was sixty-one (61) separate applications reviewed. In addition, the Board held five informal hearings and reconsidered two decisions remanded by the Superior Court.

Site Plan	1
Site Plan/Special Permit	3
Special Permit/Variance	1
Special Permit: In-law	2
Special Permit: Nonconforming lots	35
Special Permit: Business Dist. C	11
Special Permit: Dock	1
Variance (including 1 withdrawn)	2
Telecommunications	1
Appeal of decision by Building Inspector	1
Comprehensive Permits (Chapter 40B) new	2
Comprehensive Permits (Chapter 40B) closed	1
Remands	2
Informal hearings	5

In spite of a 33% increase in the application caseload, the Board feels the public hearing process has attained a high level of efficiency with forty-six (46) applications closed in a single public hearing. Of the remaining cases, four were Site Plan Reviews and three were 40B applications, which would normally take multiple meetings to adequately hear.

In addition to a busy meeting schedule dictated by the large number of new applications filed in 2003, the Board reviewed and made minor changes in its application forms and Rules and Regulations, which had undergone a complete overhaul the previous year. In order to better protect the interests of the Town, the 40B section of the Rules and Regulations was expanded significantly. The Board made no change in its application filing fees that were established in 2002.

The Board of Appeals continues to maintain webpages at *www.townofnorwell.net*, the official Town website. The latest version of the Town's zoning bylaw is posted., as are are downloadable applications for a public hearing and a schedule of application filing fees. The meeting agenda, recent decisions, and

other pertinent information are also available on line. Hard copies of all applications are available in the Building Department, while copies of the Zoning Bylaw may be purchased at the Office of the Town Clerk in both paper and CD format.

One of the more visible activities of the Board of Appeals is its role as the permitting authority under M.G.L. c. 40B, the so-called "anti-snob zoning" law that affords a developer the opportunity to bypass Town zoning and planning regulations in order to build 25% affordable housing in developments with increased density over that normally allowed. In October 2003, almost eighteen months after the opening public hearing, the Board filed its decision permitting the 239 Washington Street project at thirty-nine (39) units.

Two new Comprehensive Permit applications for projects located off of Tiffany Road and Summer Street are currently in the public hearing process. The Tiffany Road application submitted is for sixty-six (66) townhouse condominium units, while the Summer Street application proposes fifty-nine (59) townhouse condominium units. The Board is especially fortunate to enjoy the experience and expertise of Rosemary Durica on the Tiffany Road case and of Ralph J. Rivkind on the Summer Street case, who were appointed by the Board of Selectmen as special alternates at the request of the Board.

This report would not be complete without noting with regret the resignations of Earl S.Opdyke III, Abigail R. Childs, and G. Brian Shontz, who collectively set a high standard for the current Board. Mr. Opdyke was originally appointed to the Board of Appeals in 1983, serving most recently as its Chair at the time of his resignation. The Town especially owes Mr. Opdyke a debt of gratitude for countless hours spent upholding the Town's zoning bylaw to make it a better place for its residents. The Board wishes all of its former members a happy and healthy retirement!

Two of the Board's alternates, Lois S. Barbour and Philip Y. Brown, were appointed by the Board of Selectmen to full membership, and the Board welcomed its third and newest member, David L. Turner, who has a long and generous history of public service to the Town in many capacities, including as a former Selectman. Mr. Turner brings with him a wealth of experience and is a welcome addition to the Board. We continue to rely on the thoughtful participation and support of our one alternate member, James E. Roche. There are currently two openings for alternate members on the Board, which have remained unfilled since July.

The Board of Appeals sincerely appreciates the cooperation of all Town Boards, Commissions, and Departments during the past year, especially the Planning Board and Conservation Commission with which it works closely on many applications. The Board also wishes to acknowledge and express its gratitude to the Board of Selectmen for its continuing support. Thanks also to the Town Administrator, Jim Boudreau, who has patiently answered questions and provided assistance whenever needed.

Special thanks to our secretary, Joanne LaRoche, for her patience and gracious manner in dealing with all applicants, including those who can sometimes be difficult. We are grateful for her assistance in helping us to meet our deadlines. We also wish to note the continuing support and cooperation of the Town's knowledgeable and gregarious Building Inspector and Zoning Enforcement Officer, Tim FitzGerald, and the ever cheerful Building Department secretary, Jennifer McKenney.

The Board appreciates the opportunity to work cooperatively with the Town's Boards and Departments to help make Norwell a better place for all of its citizens. It is indeed our privilege to serve the Town of Norwell.

Respectfully submitted,

Lois S. Barbour, Chair
Philip Y. Brown
David L. Turner
James E. Roche, Associate
Rosemary Durica, Special 40B Alternate – Tiffany Road
Ralph J. Rivkind, Special 40B Alternate – Summer Street

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

This is an update of work done from January 2003 through December 2003.

Tests of all gas station motor fuel and diesel fuel dispensers in Norwell have been completed [103 dispensers, 1180 gallons]. Dispensers were adjusted as needed and sealed. Revenue received $1434.00.

Testing of scales [apothecary, delicatessen, coffee shop, food shop, supermarket, propane tanks, school equipment] was completed. Revenue received $1015.00.
Testing of reverse vending and scanners was completed and sealed as necessary. Revenue received $130.00.

Total revenue received $2579.00.

All town owned sealer equipment has been tested and sealed by the Commonwealth of Massachusetts Weights and Measures Laboratory and found to be correct.
Massachusetts State Division of Sealer Certification credits have been completed. Monthly classes continue to keep all sealers up to date with the latest changes and requirements as mandated by the state.

The annual report, as required by state law, will be filed before January 31, 2004. A copy of this report will be on file at the town hall.

The Commonwealth of Massachusetts General Law Chapter 98 sections 41 and 42, covering annual public notice to all persons having or using weighing or measuring devices in Norwell, has been legally posted.
Respectfully submitted,
Harold Tuttle
Sealer of Weights and Measures

RECORD OF ANNUAL TOWN ELECTION March 8, 2003

Pursuant to the Warrant, eligible voters met at the various precincts in the Town of Norwell to cast their votes for the candidates for town offices .

In Precinct I the following workers present were: WARDEN, Ann Valair; CLERK, Amy Locke; TELLERS, Jeanne Scully, Phyllis Haskell, Rita Staples, Eleanor Bailey, Anne Fridgen, and Sheila Stanton.

In Precinct II were WARDEN; Carolyn MacLellan; CLERK; Jean Valicenti; TELLERS, George Kelley, Beatrice Griffiths, Susan Springer, Mary Ellen Wetzel, Peter Kates and Dale Fenno.

In Precinct III: WARDEN, Dorothy Meehan; CLERK, B. Jean Snow; TELLERS were Jeanette Simmons, Gertrude Daneau, Matilda Baldwin, Anne Bussiere and Susanne Tuttle and Joan Shea.

CHIEF WARDEN over all was Town Clerk, Janice M. Lawson. Kevin Bullock served as Constable in Precinct I, Cole School; Constable Jerry Loomis, in Precinct II, Middle School; and Constable Theodore Baldwin, in Precinct III, Vinal School.

Total votes cast in Precinct I were 177, 5 of which were Absentee ballots; in Precinct II, 245, 14 of which were Absentee ballots; and in Precinct III, 270, 15 of which were Absentee ballots. Total votes cast, all precincts, was 692. Total number of registered voters in Norwell eligible for this election numbered 6700 which means that 10% of the voters participated.

Tallying the results in an open meeting at Town Clerk's office resulted in the following count of votes cast:

TOWN OF NORWELL

WARRANT

Special Town Meeting and Annual Town Meeting

Monday, May 12, 2003

At 7:30 o'clock in the evening at Norwell Middle School Henry E. Goldman Gymnasium

Plymouth, ss

To one of the Constables of the Town of Norwell, in said County of Plymouth, Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Norwell Middle School Henry E. Goldman Gymnasium, 328 Main Street, in said Norwell, on Monday, the twelfth day of May, 2003 at 7:30 p.m.; then and there to act upon the enclosed articles, to wit:

In case all articles in the foregoing Warrant shall not be acted upon at the Meeting called for on Monday, May 12, 2003, to meet in Adjourned Sessions at such time and place as the meeting shall determine.

This building is accessible to the handicapped and designated parking is provided. Warrants with large print can be available. Anyone requiring a Sign Language Interpreter or other aid, should call the Town Clerk's office at least two weeks before the Special/Annual Town Meeting at 781-659-8072.

CAPITAL BUDGET COMMITTEE REPORT	34

To The Citizens of Norwell:

On Monday, May 12, 2003, we will hold our Annual Town Meeting, preceded by a Special Town Meeting, at the Middle School, starting at 7:30 p.m. Your attendance is encouraged as your votes determine the future of our town services.

This year our country, our state, and our town are in a recessionary economy. This is a challenge to our ability to produce a balanced budget. To achieve a balanced budget we have had to weigh the community's needs against our resources.

Norwell is targeted by the state government as having above average means compared to the rest of Massachusetts. This has resulted in a roughly 15% cut in state local aid so far. The Advisory Board and Town Officials have labored together to bring our budget in line with our expected revenues from all sources.

The voters of Norwell have come to expect the Advisory Board and Town Officials to present a conservative and balanced budget reflecting level town services. The past several years we have been successful in doing this while managing to set aside monies in the stabilization fund. The stabilization fund is designed to help us through difficult times; we expect to draw upon it this year and next year.

The budget presented for your approval is a balanced budget, with some services being affected. Article 2 recommendations from the Advisory Board reflect necessary reductions. We are also recommending minimal capital budget expenditures in Article 3 and very few other articles which require funding.

Please be aware that any vote at Town Meeting which would approve any expense the Advisory Board does not recommend will be a problem. If the budget does not balance, Town Meeting will have to remain in session to agree upon additional economies. Your vote is important and it will have an impact.

The Advisory Board would like to thank all Departments, Town Officials and Employees for their cooperation in helping achieve a balanced budget. This would not have been possible without departments reviewing their budgets and volunteering reductions. Many sacrifices have been made by Departments and individual town employees, and many of our goals have been deferred. The decisions were not easy and we cannot say things will improve next year. However, with the cooperation and willingness that has been shown by all town departments, and the patience of our town citizens, we will weather this storm.

NORWELL ADVISORY BOARD

Annette Sexton, Chairman

TOWN BUDGET

Glossary of Terms

Appropriation:
An authorization to make expenditures and to incur obligations for specific purposes. An appropriation is granted by a legislative body (Town Meeting) and is usually limited in amount and the time when it may be expended. Any part of the general appropriation not spent or encumbered by June 30 automatically reverts to surplus.
A specific appropriation is carried forward from year to year until spent for the designated purpose or transferred by Town Meeting vote to another account.

Budget:
A plan of financial operation consisting of an estimate of proposed expenditures for a given period and the means of financing them. The budget is voted in the Spring at Town Meeting for the fiscal year that begins the following July 1.

Capital Budget:
A plan of proposed capital outlays, usually for a period of 5 years, and the means of financing them for the current year.

Cherry Sheet:
An annual statement received from the Massachusetts Department of Revenue detailing estimated receipts for the next fiscal year and the estimated state and county government charges payable. These amounts are used by the assessors in setting the tax rate. The actual receipts and charges may vary from the estimates.

Fiscal Year:
A 12 month period, commencing July 1 and ending June 30, to which the annual budget applies. Fiscal years are often denoted Fyxx with the last two numbers representing the calendar year in which it ends, for example FY01 is the fiscal year ended June 30, 2001.

Free Cash:
Free cash is the portion of unreserved fund balance available for appropriation. It is not cash but rather is approximately the total of cash and receivables less current liabilities and earmarked reserves reduced also by reserves for uncollected taxes.

Overlay:
The amount set aside to allow for uncollected property taxes. An amount for overlay is added to the appropriations and other charges.

Overlay Surplus:
The unused amount of the overlay for prior years which may be transferred, by vote of the Town, to the reserve account or used for extraordinary items.

Reserve Fund:
An account to be used for transfers when the Advisory Board feels the requested amount is either "extraordinary or unforeseen".

Stabilization Fund:
A special reserve created for future capital expenditures.

Glossary of Terms (continued)

Tax Levy:
The total amount to be raised by taxation of real estate and personal property. This consists of the total amounts appropriated less estimated receipts and transfers from available funds.

Terms associated with Proposition 2 1/2:

Debt or Capital Exclusion:
The Town can assess taxes in excess of the levy limit by voting a debt exclusion or capital outlay exclusion. This amount does not become a permanent part of the levy limit base, but does allow the Town to assess taxes for a specific period of time in excess of the limit for payment of debt service costs or for payment of capital expenditures.

Excess Levy Capacity:
The difference between the Town's tax levy limit and its actual tax levy for the current year. It is the additional tax levy that could be raised without asking for an override.

New Growth:
The amount of property tax revenue that the Town can add to its allowable tax levy as a result of new construction, alterations, subdivisions or change of use which increases the value of a parcel of land by more than certain amounts.

Override:
An amount, voted by the Town, that is permanently added to the levy limit. A majority vote of the Selectmen allows an override question to be put on the ballot. Override questions must be presented in dollar terms and must specify the purpose of the override. Overrides require a majority vote of approval by the Town.

Tax Levy Limit:
The maximum amount of the tax levy for a period under the restrictions of Proposition 2 1/2. It is calculated as the prior year limit plus new growth plus 2 1/2 of the prior year levy limit.

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT FOR SPECIAL TOWN MEETING

Monday, May, 12, 2003

At Seven-Thirty O'clock in the Evening
At the Norwell Middle School, Henry E. Goldman Gymnasium, Main Street

ARTICLE 1: To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for union and personal contracts for Fiscal Year 2003, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, or act on anything relative thereto.

Requested by the Board of Selectmen

Advisory Board will make its recommendation at Town Meeting

ARTICLE 2 - To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for the compensation schedule under the Personnel Plan for Fiscal Year 2003, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, or act on anything relative thereto.

Requested by the Personnel Board

Advisory Board will make its recommendation at Town Meeting

ARTICLE 3 - To see if the Town will vote to transfer a certain sum of money from line item 1-104-132-5110, Call Fire Payroll to line-item 1-103-130-5110, Permanent Firefighters' Payroll, or act on anything relative thereto.

Requested by the Fire Chief

The Advisory Board recommends this article in the amount of $22,000

ARTICLE 4 - To see if the Town will vote to change the name of the Washington Street Cemetery Permanent Fund to the Norwell Cemetery Permanent Fund, or act on anything relative thereto.

Requested by the Norwell Cemetery Committee

The Advisory Board recommends this article. The change reflects the fact that the Cemetery Committee deals with more than one cemetery in Town.

ARTICLE 5 - To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide a certain sum of money to be used for the purpose of providing professional engineering and land surveying services including but not limited to wetland, topographic and detail survey, existing condition plan and site planning for the proposed Norwell Town Cemetery on Wildcat Lane, or act on anything relative thereto.

Requested by the Norwell Cemetery Committee

Advisory Board recommends this article in the amount of $27,000. The funds are available from existing Cemetery Committee funds.

ARTICLE 6 - To see if the Town will vote to raise and appropriate, or appropriate from available funds a certain sum of money to be added to line item 01-300-268-5532, Snow Removal and Sanding, or act on anything relative thereto.

Requested by the Highway Surveyor

Advisory Board will make its recommendation at Town Meeting

30. Transfer Money to the Stabilization Fund	Board of Selectmen	32
31. Decrease of Tax Rate for FY2004	Board of Selectmen	32

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT FOR ANNUAL TOWN MEETING
Monday, May 12, 2003

At Seven-Thirty O'clock in the Evening
At the Norwell Middle School, Henry E. Goldman Gymnasium, Main Street

ARTICLE 1 – To see if the Town will accept the reports of its Officers, Boards, Departments, Committees and Commissions, as printed in the 2002 Annual Report, or act on anything relative thereto.

The Advisory Board recommends this Article

ARTICLE 2 – To see if the Town will raise and appropriate, or appropriate from available funds, sums of money to defray the charges, expenses and salary obligations of the Town, including debt and interest, and out of state travel for the ensuing year, to provide for a Reserve Fund and to fix salaries and compensation for all Elected Officers of the Town, or act on anything relative thereto.

The Advisory Board recommends this article

ARTICLE 3 – To see if the Town will appropriate the sums recommended, or any other sum or sums, for Capital Outlay, as set forth in the following schedule, and determine whether such sums will be provided by taxation or by transfer or by a combination of the foregoing, or act on anything relative thereto.

Dept #	Purpose & Agency Authorized to Make Expenditure	Department Requests	Capital Budget Recommendation	Funding Source
101	***Police Department***			
	Replace Roof	***$30,000***	***$0.00***	
103	***Fire Department***			
	Replace Tri-Town Ambulance	***$40,000***	***$40,000***	***Stabilization***
	Replace Administrative Vehicle	***$31,000***	***$0.00***	
	Cushing Center			
	Paving Rear Parking Lot	***$10,000***	***$0.00***	
300	***Highway Department***			
	Replace Backhoe	***$90,000***	***$0.00***	
109	***Tree and Grounds***			
	4 Wheel Dump Truck	***$55,000***	***$45,000***	***Stabilization***
200	***School Department***			
	Copy Machine Lease Program	***$14,000***	***$14,000***	***Stabilization***
Grand Total		***$270,000***	***$99,000***	

The Advisory Board recommends this Article in the amount of $99,000

ARTICLE 4 - To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for the compensation schedule under the Personnel Plan for Fiscal Year 2004, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, or act on anything relative thereto.

Requested by the Personnel Board

The Advisory Board recommends this article in the amount of $25,000.

ARTICLE 5 - To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for union and personal contracts for Fiscal Year 2004, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting. The Union and personal contracts were not settled before the Warrant went to print.

ARTICLE 6 - To see if the Town will vote to authorize the Board of Selectmen to expend a sum of money from the Sparrell School Fund to prepare plans and specifications for the reconstruction of the Sparrell School Building as a joint municipal building to be occupied by the Town Offices and the Offices of the School Department, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting.

ARTICLE 7 - To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide the sum of $20,000 for the purpose of hiring a certified public accounting firm to conduct a procedural audit of the School Department and various Town Departments under the direction of the Board of Selectmen, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this Article. A procedural audit is a necessary, proper and prudent action and will provide the Town with a management tool that will enable us to be more efficient and cost effective.

ARTICLE 8 – To see if the Town will vote to accept the provisions of an early retirement incentive (ERI) for members of the Plymouth County Retirement System as passed by the legislature, enacted by the Governor and approved by the Board of Selectmen, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting.

ARTICLE 9 - To see if the Town will vote to amend the Zoning By-laws of the Town by inserting a new section - Section 1650C to read as follows:

"Any structure that is being used as a single-family dwelling or a two family dwelling, may be increased in size or otherwise altered without a special permit or other ruling from the Zoning Board of Appeals provided the Inspector of Buildings determines, prior to issuance of a building permit for such addition or alteration, that the addition or alteration will not intensify any existing non-conformities or create any new non-conformities.", or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting. The Planning Board had not held its public hearing before the warrant went to print.

ARTICLE 10 - To see if the Town will vote pursuant to the authority granted under MGL Chapter 44, Section 53E ½ to continue (reauthorize) the revolving fund approved in Article 32 of the May 13, 2002 Annual Town Meeting for the purpose of receiving fees and making disbursements in connection with the duties of the School Department in the provision of Student Transportation, to include the payment of refunds as well as Student Transportation expenditures. No more than $100,000 shall be expended from this fund during the Fiscal Year 2004. The School Committee or their designees shall be authorized to expend from this fund, or act on anything relative thereto.

Requested by the School Committee

The Advisory Board recommends this Article. This year the state of Massachusetts cut $100,000 of funding we have received in the past and expected to receive this year to underwrite our student transportation program. Last year Town Meeting authorized the School Department to administer a revolving fund up to $35,000 for student transportation. This year the School Department has requested an increase to the fund size to permit their use of funds raised in excess of the original $35,000 and enabling them to raise additional funds. We encourage the School Department in their attempt to manage transportation funding.

ARTICLE 11 - To see if the Town will vote to amend the Town of Norwell By-Laws, Article XV – General Regulations by striking Section 6 and replacing it therein with the following new section:

SECTION 6: "No person in charge of any real estate within a residential zone of the town whether as owner, tenant, occupant, lessee or otherwise shall park, store, maintain or leave any unregistered motor vehicle whether assembled or disassembled for a period in excess of 30 days unless a special permit has been obtained from the Board of Selectmen, unless said vehicle is stored within a building. In granting such permit the Selectmen shall consider the effect on the neighborhood and any nuisances or hazards caused by said vehicle or vehicles. Each day of any violation shall be considered a separate offense. The Board of Selectmen shall have the authority to dispose of said violations in accordance with the procedures and provisions of General Laws, Chapter 40, Section 21D." or act on anything relative thereto.

Requested by the Chief of Police

The Advisory Board recommends this Article.

ARTICLE 12 - To see if the Town will vote to amend the Town of Norwell By-Laws, Article XII - Town Rules and Regulations, by deleting the following section: "Norwell Police Department Rules and Regulations", or act on anything relative thereto.

Requested by the Chief of Police

The Advisory Board recommends this Article.

ARTICLE 13 - To see if the Town will raise and appropriate, or appropriate from available funds, $450,000, or any other sum, to be expended under the direction of the Highway Surveyor for resurfacing sections of Town Ways, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this Article in the amount of $150,000. The Advisory Board concurs with the Highway Surveyor but due to budget constraints must limit its enthusiasm and therefore recommends a lesser amount.

ARTICLE 14 - To see if the Town will raise and appropriate, or appropriate from available funds $50,000, or any other sum to be expended under the direction of the Permanent Drainage Study Committee and the Highway Surveyor for engineering, installation and or maintenance of Town drainage.

Requested by the Permanent Drainage Study Committee

The Advisory Board does not recommend this Article. The Advisory Board recognizes the serious nature of drainage problems throughout Norwell. In the past we have made modest annual efforts at improving specific drainage problems. This year our drainage issues have fallen victim to our overall budget shortfall. The Town will work with existing funds to resolve some of the most pressing problems this year.

ARTICLE 15 - To see if the Town will vote to raise and appropriate, or appropriate from available funds the sum of $28,000, to be expended under the direction of the Highway Surveyor/Director of Lands & Natural Resources, to implement a Storm Water Management Program as required by the Environmental Protection Agency and the Department of Environmental Protection, Phase II, Natural Pollutant Discharge Elimination System General Permit.

Requested by the Storm Water Phase II Committee

The Advisory Board will make its recommendation at Town Meeting.

ARTICLE 16 – To see if the Town will vote to raise and appropriate $247,500, or any other sum, for the design of new wells, treatment systems, water mains, appurtenances and ancillary work; to meet this appropriation, the Treasurer, with the approval of the Board of Selectmen, is authorized to borrow the appropriated sum under MGL, Chapter 44, to be spent under the direction of the Board of Water Commissioners, or act on anything relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board recommends this article.

ARTICLE 17 - To see if the Town will vote to appropriate $7,204,000, or any other sum, to be expended under the direction of the Board of Water Commissioners, for the construction of new municipal wells, treatment systems, water mains, appurtenances and ancillary work; to determine whether this appropriation shall be raised by borrowing from the Massachusetts Water Pollution Abatement Trust or otherwise; and to take any other action relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board recommends this Article.

ARTICLE 18 - To see if the Town will vote to set aside certain funds raised through the Community Preservation Act, Massachusetts General Laws Chapter 44B, Section 3-7, into four accounts. The four accounts are to be allocated as follows: 1) $50,000 or 10% for the Open Space Fund, 2) $50,000 or 10% for the Historical Fund, 3) $50,000 or 10% for the Affordable Housing Fund, and the balance or 70% for CPC Open Fund. These funds are to be set aside and spent in FY2004 or later years, as determined by Town Meeting vote, or act on anything relative thereto.

Requested by the Community Preservation Act Committee

The Advisory Board recommends this article as written. The allocation of monies into the designated funds is required by state statute.

ARTICLE 19 - To see if the Town will vote to authorize the Board of Selectmen to sign an amendment, a copy of which is on file in the Office of the Town Clerk, to the existing intermunicipal agreement for regional cooperation in the provision of solid waste and recycling services and further see if the Town will vote to extend the term of the amended agreement for an additional five year term, or act on anything relative thereto.

Requested by the Recycling Committee

The Advisory Board recommends this Article. This is a procedural article that provides for the continuation of solid waste and recycling services provided to the Town.

ARTICLE 20 - To see if the Town will vote to amend the Town of Norwell Zoning By-Laws, ARTICLE III, section 3400, Demolition of Historically Significant Buildings, Structures and Properties,

ARTICLE III, SECTION 3400, BUILDING DEMOLITION

TEXT OF THE BYLAW REGULATING DEMOLITION OF HISTORICALLY SIGNIFICANT BUILDINGS, STRUCTURES OR PROPERTIES.

(A) INTENT AND PURPOSE

THIS BYLAW IS ADOPTED FOR THE PURPOSE OF IDENTIFYING AND PROTECTING THE HISTORIC AND AESTHETIC QUALITIES OF THE TOWN BY, PRESERVING, RE-HABILITATING OR RESTORING WHENEVER POSSIBLE, BUILDINGS, STRUCTURES OR PROPERTIES WHICH CONSTITUTUTE OR REFLECT DISTINCTIVE FEATURES OF THE ARCHITECTURAL, AESTHETIC OR HISTORIC RESOURCES OF THE TOWN, THEREBY PROMOTING THE PUBLIC WELFARE AND PRESERVING THE CULTURAL HERITAGE OF THE TOWN.

(B) DEFINITIONS

FOR THE PURPOSE OF THIS SECTION, THE FOLLOWING WORDS AND PHRASES HAVE THE FOLLOWING MEANINGS:

COMMISSION: the Norwell Historical Commission

INSPECTOR: the Norwell Building Inspector/Zoning Officer

DEMOLITION PERMIT: the permit issued by the Inspector as required by the State Building Code for the demolition, partial demolition or removal of a building or structure.

HISTORICALLY SIGNIFICANT BUILDING, STRUCTURE OR PROPERTY: any building, structure or property which is (1) importantly associated with one or more historic persons or events, or with the architectural, cultural, political, economic or social history of the Town, the Commonwealth of Massachusetts or the United States of America; or (2) historically or architecturally important by reason of period, style, method of building construction or association with a particular architect or builder, either by itself or in content of a group of buildings or structures; or (3) vista, bridge, stone wall, tree, road marker or sign, or any other property identified as of aesthetic, architectural, cultural, political or historical significance, by the Commission.

PERMIT – building permit to demolish, alter, renovate, remodel, rebuild, or move or add on to a structure.

(C) REGULATED BUILDINGS, STRUCTURES AND PROPERTIES

The provisions of this Section 3400 Article III shall apply only to the following buildings, structures or properties: (1) a building, structure or property listed on the National Register of Historic Places, or the subject of a pending application for listing on either of said Registers; or (2) a building, structure or property located within 200 feet of the boundary line of any federal, state or local historic district; or (3) a building, structure or property included in the Inventory of the Historic and Prehistoric Assets of the Commonwealth, or designated by the Commission for inclusion in said Inventory. **(4) any building over seventy five years old.**

Notwithstanding the preceding sentence, the provisions of this section shall not apply to any building, structure or property located in a local historic district and subject to regulation under the provisions of Chapter 40C of the Massachusetts General Laws.

(D) PROCEDURE

(1) The Inspector shall forward a copy of each demolition permit application for a building, structure or property identified in paragraph c of this section to the Commission within seven (7) days after the filing of such application.

(2) Within thirty (30) days after its receipt of such application, the Commission shall determine whether the building, structure or property is historically significant. The applicant for the permit shall be entitled to make a presentation to the Commission if he or she makes a timely request in writing to the Commission.

(A) The Inspector shall notify or cause the applicant to notify the Commission of any work to include: altering, renovating, remodeling, demolition, rebuilding or reconstructing of any building or structure in Norwell that is over seventy five (75) years or older.

(3) If the Commission determines that the building, structure or property is not historically significant, it shall so notify the Inspector and the applicant in writing and the Inspector may issue a demolition permit. If the Commission determines that the building, structure or property is historically significant, it shall notify the Inspector and the applicant in writing that a **building** plan review must be made prior to the issuance of a **building** permit. If the Commission fails to notify the Inspector and the applicant of its determination within thirty (30) days after its receipt of the application, then the building, structure or property shall be deemed not historically significant and the Inspector may issue a **building** permit.

(4) Within sixty (60) days after the applicant is notified that the Commission has determined that a building, structure or property is historically significant, the applicant for the permit shall submit to the Commission ten (10) copies of a **building** plan which will include the following information: (a) map showing the location of the building, structure or property to be **worked on** with reference to lot lines and to neighboring buildings and structures; (b) photographs of all street façade elevations; (c) a description of the building structure or property, or part thereof, to be demolished; (d) the reason for the proposed demolition and data supporting said reason, including, where applicable, data sufficient to establish any economic justification for demolition; and (e) a brief description of the proposed reuse of the parcel on which the building, structure or property to be **permitted** is located.

(5) The Commission shall hold a public hearing with respect to the application for a **building** permit and shall give public notice of the time, place, and purposes thereof at least fourteen (14) days before said hearing in such a manner as it may determine, and by mailing, postage prepaid a copy of said notice to the to the applicant, to the owners of all adjoining property and other property deemed by the Commission to be materially affected thereby as they appear on the most

recent real estate tax list of the Board of Assessors, to the Planning Board, to any person filing written request for notice hearings, such request to be renewed yearly in December, and to such other persons as the Commission shall deem entitled to notice. Within sixty (60) days after its receipt of the **building** plan, the Commission shall file a written report with the Inspector on the **building** plan which shall include the following: (a) a description of the age, architectural style, historic association and importance of the building or structure; (b) a determination as to whether or not the building, structure or property should preferably be preserved.

The Commission shall determine that a building, structure or property should preferably be preserved only if it finds that the building, structure or property is a historically significant building, structure or property which, because of the important contribution made by such building, structure or property to the Town's historical and/or architectural resources, it is in the public interest to preserve, rehabilitate or restore.

(6) If, following the **building** plan review, the Commission does not determine that the building, structure or property should preferably be preserved, or if the Commission fails to file a report with the Inspector within the time limit set out in subparagraph (5) next above, then the Inspector may issue a **building** permit.

(7) If, following the **building** plan review, the Commission determines that the building, structure or property should preferably be preserved, then the Inspector shall not issue a **building** permit for a period of six (6) months from the date of the filing of the Commission's report unless the Commission informs the Inspector prior to the expiration of such six (6) month period that it is satisfied that the applicant for the **building** permit has made a bona fide, reasonable and unsuccessful effort to locate a purchaser for the building, structure or property who is willing to preserve, rehabilitate or restore the building, structure or property, or has agreed to accept a **building** permit on specified conditions approved by the Commission.

(E) EMERGENCY DEMOLITION

If the condition of a building, structure or property poses a serious and imminent threat to public health or safety due to its deteriorated condition, the owner of such building, structure or property may request the issuance of an emergency demolition permit from the Inspector. As soon as practicable after the receipt of such a request, the Inspector shall arrange to have the property inspected by a Board consisting of the Inspector, the Chairman of the Commission and the Board of Health, and the Chief of the Fire Department , or their respective designees. After inspection of the building, structure or property and consultation with this Board, the Inspector shall determine whether the condition of the building, structure or property represents a serious and imminent threat to public health or safety and whether there is any reasonable alternative to the immediate demolition of the building, structure or property which would protect the public health or safety.

If the Inspector finds that the condition of the building, structure or property poses a serious and imminent threat to public health or safety, and that there is no reasonable alternative to the immediate demolition permit under the provisions of this paragraph (E), the Inspector shall

prepare a written report describing the condition of the building, structure or property and the basis for the decision to issue an emergency demolition permit with the Commission. Nothing in this paragraph (E) shall be inconsistent with the procedures for the demolition and/or securing of the building and structures established by Chapter 143, Sections 6-10, of the Massachusetts General Laws. In the event that a Board of Survey is convened under the provisions of Section 8 of said Chapter 143 with regard to any building, structure or property identified in paragraph (c) of this section , the Inspector shall request the Chairman of the Commission or the Chairman's designee to accompany the Board of Survey during its inspection. A copy of the written report prepared as a result of such inspection shall be filed with the Commission.

(F) NON COMPLIANCE

Anyone who demolishes a building, structure or property **or portion thereof** identified in paragraph © of this section without first obtaining , and complying fully with the provisions of a **building** permit, shall be subject to a fine of not less than one thousand ($1,000) dollars or not more than twenty-five thousand ($25,000) dollars. In addition, unless a **building** permit was obtained for such demolition, and unless such permit was fully complied with the Inspector shall not issue a building permit pertaining to any parcel on which a building, structure or property identified in paragraph (c) of this section has been demolished for a period of three (3) years after the date of demolition.

(G) APPEALS TO SUPERIOR COURT

Any person aggrieved by a determination of the Commission may, within twenty (20) days after the filing of the notice of such determination with the Inspector, appeal to the Superior Court for Plymouth County. The court shall hear all pertinent evidence and shall annul the determination of the Commission if it finds the decision of the Commission to be unsupported by the evidence or to exceed the authority of the Commission or may remand the case for further action by the Commission or make such other decree as justice and equity shall require.

(H) SEVERABILITY

In case any section, paragraph or part of this bylaw is declared invalid or unconstitutional by any court of competent jurisdiction, every other section, paragraph, and part of this bylaw shall continue in full force and effect.

(I) NOTIFICATION

The Commission shall be required to present a written Annual Report by January first of each calendar year to the Inspector, the Planning Board and the Highway Department. This report shall include but is not limited to the following: (1) an inventory of any and all buildings, structures and properties that have been designated and registered as being covered by this bylaw; (2) a list of any and all buildings, structures and properties covered by this bylaw that are under consideration and study by the Commission or the Massachusetts Historical Commission; (3) a copy of this report shall be available to the Selectmen, Town Public Library and the Massachusetts Historical Commission.

Or act on anything relative thereto.

Requested by the Historic Commission

The Advisory Board will make its recommendation at Town Meeting. The Planning Board had not held its public hearing before the warrant went to print.

ARTICLE 21 - To see if the Town will vote to raise and appropriate or transfer from available funds, or otherwise provide a sum of money to repair and upgrade the road serving Norwell High School, the Norwell Public Library and the Tree and Grounds Department, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting.

ARTICLE 22 - To see if the Town will vote to raise and appropriate, or appropriate from available funds the sum of $715,000 to replace the Football Field with a multi use "Field Turf" style synthetic playing field. Said funds to be spent under the direction of the Highway Surveyor and the Tree & Grounds Director upon the recommendation of the Athletic Fields Committee, or act on anything relative thereto

Requested by the Athletic Fields Committee

The Advisory Board does not recommend this Article. Although there is an acknowledged need for additional playing fields as well as improvements to existing facilities there are no available funds in this year's budget for this project.

ARTICLE 23 - To see if the Town will vote to raise and appropriate, or appropriate from available funds the sum of $210,000 to provide irrigation and improvements to the Cole School. Said funds to be expended under the direction of the Highway Surveyor and the Tree & Grounds Director upon the recommendation of the Athletic Fields Committee, or act on anything relative thereto.

Requested by the Athletic Fields Committee

The Advisory Board does not recommend this Article. Although there is an acknowledged need for additional playing fields as well as improvements to existing facilities there are no available funds in this year's budget for this project.

ARTICLE 24 - To see if the Town will vote to raise and appropriate, borrow or transfer from available funds or otherwise provide the sum of $20,000 to be expended under the direction of the Norwell Veterans Memorial Committee for the renovation and repair of the WWII, Korean and Vietnam Memorial on Norwell's Veterans Memorial Common in the center of town or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board will make its recommendation at Town Meeting.

ARTICLE 25 - To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase, eminent domain under G.L c. 79, or G.L. c. 80A, or otherwise, an easement across a parcel of land described below in this article, for the purpose of providing access for the Town, and any licenses thereof , to the Town water tower and land owned by the Town of Norwell. Among other things, the purpose of this taking is to facilitate use of the Town water tower for wireless telecommunications antennae and service facilities, so as to ensure that the Town obtains the benefit of any fees from such providers, to allow the location of antennae for public and emergency services on the water tower, and to provide an appropriate location for such wireless service facilities that will have the least adverse environmental and aesthetic impacts on the Town, or take any other action relative thereto.

The location of the easement to be taken is shown on a plan of land entitled "Plan of land on Paradise Drive, Norwell, March 14, 1956, Loring H. Jacobs," and a metes and bound description of it is contained in an easement from Balthasar Cugnasca and Maurina A Cugnasca to the Town of Norwell, recorded at the Plymouth County Registry of Deeds at Book 2421, p. 305.

Requested by Citizens Petition

The Advisory Board does not recommend this Article. The Selectmen already have the authority to take property by eminent domain when there is a public interest. A land taking of this magnitude involving this many homeowners would be costly and time consuming. There is no compelling public interest to take this land. There is no agreement

from the Water Commissioners that would enable the placing of cellular antennae on this water tower. Considering the time involved to clear the legal obstacles, it is doubtful that there would be a wireless telecommunications company interested in the lease. Finally, any revenue realized would be offset by the costs of the land taking.

ARTICLE 26 - To see if the Town will vote to raise and appropriate or transfer from available funds, the sum of $4,000 to contract with South Shore Women's Center for domestic violence intervention and prevention services to its residents, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board recommends this Article in the amount of $2000. Support for the Woman's Crisis Center activity has been provided by Town Meeting in prior years at the recommendation of the Advisory Board. This year, since the Advisory Board has requested all Town Departments to stay within strict funding limits of level services for FY2004, we request that Town Meeting apply the same limits to this activity. By approving $2000 for this article the Town is providing the same level of funding as in prior fiscal years.

ARTICLE 27 - To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide the sum of $5000 to be expended under the direction of the Permanent Drainage Study Committee and the Highway Surveyor for engineering, installation, and/or maintenance of Town drainage on Walnut Road, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board does not recommend this Article. Using available funds the Highway Surveyor can work with citizens to affect mitigation of their drainage problems.

ARTICLE 28 - To see if the Town will vote to raise and appropriate from available funds or otherwise provide the sum of $40,000 to be expended for the purpose of hiring an independent, certified public accounting firm to perform a forensic type, financial audit of the Norwell School Department, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board will make its recommendation at Town Meeting.

ARTICLE 29 - To see if the Town will vote to raise and appropriate from available funds or otherwise provide a sum of money to be expended for the purpose of hiring an independent, certified public accounting firm to perform a forensic type, financial audit of the Norwell School Department, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board does not recommend this Article.

ARTICLE 30 – To see if the Town will vote to transfer from available funds or otherwise provide a certain sum of money to be added to the Stabilization Fund as established in accordance with the provisions of Massachusetts General Law, Chapter 40, Section 5B, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting.

ARTICLE 31 – To see if the Town will appropriate a sum of money from available funds and authorize the Assessors to use this sum to decrease the tax Rate for FY 2004, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting.

INSTRUCTIONS TO ELECTED OFFICIALS

SALE OF FISH RIGHTS

You are directed to serve this Warrant by posting a copy thereof attested to by you in writing in each of five public places in the Town fourteen days at least before the time for holding and meeting called for in the Warrant. Hereof, fail not and make due return of the Warrant with your doings thereon to the Town Clerk of said Town on or before the twenty-eighth day of April, 2003.

Given under our hands at Norwell this _____day of April in the year of our Lord, 2003.

BOARD OF SELECTMEN:
Norwell, MA

TOWN OF NORWELL CAPITAL OUTLAY SUMMARY OF RECOMMENDATIONS FOR FY 2004

	DEPARTMENT	REQUESTED	RECOMMENDED	COMMENTS
	FIRE DEPARTMENT			
3•1	REPLACE TRI-TOWN AMBULANCE	$40,000.00	$40,000.00	**The Capital Budget Committee recommends this request.** *This request will replace a 1988 vehicle that has reached the limit of it's serviceable life.* *This piece of equipment will be shared between the Towns of Norwell, Scituate, and Cohasset.* *The purpose of this vehicle is to provide a temporary replacement for the participating towns in the event that the primary ambulance becomes disabled for any reason.*
3•2	REPLACE ADMINISTRATIVE VEHICLE	$31,000.00	$0.00	**The Capital Budget Committee does not recommend this request** *Although this request was postponed from last year as well, it appears that the current vehicle will continue to provide adequate service, given the current fiscal restraints.*
	HIGHWAY			
3•3	REPLACE BACKHOE	$90,000.00	$0.00	**The Capital Budget Committee does not recommend this request.** *Although the current machine is beginning to show signs of wear, current budget restaints do not allow support for a replacement purchase.*
	TREE AND GROUNDS			
3•4	4 WHEEL DUMP TRUCK	$55,000.00	$45,000.00	**The Capital Budget Committee recommends this request.** *This will replace an older peice of equipment that has exceeded it's serviceable life.* *This will allow us to continue with our scheduled vehicle rotation / replacement program that has been established with the Highway / Tree Departments.* *After careful review, the Tree and Grounds Director has agreed that he will be able to provide an adequate replacement vehicle for the lower recommended budget amount.*
	SCHOOL DEPARTMENT			
3•5	COPY MACHINE LEASE PROGRAM	$14,000.00	$14,000.00	**The Capital Budget Committee recommends this request.** *This is the final year for a lease program for copy machines for the school department*
	POLICE DEPARTMENT REPLACE ROOF	$30,000.00	$0.00	**The Capital Budget Committe does not recommend this item at this time.** *The roof at the Police Station located at 40 River Street is in excess of 30 years old.* *A field survey of the roof indicates that it is shows signs of deterioration and should be replaced within the next few years so as not to incur structural or interior damage.* *However, because of current budget restraints it would be our recommendation that this item be postponed.*
	CUSHING CENTER			
3•19	PAVE LOT	$10,000.00	$0.00	**The Capital Budget Committee recommends this request be postponed.** *Budget restraints do not allow us to support this project at this time.* *It should be noted that this request has been postponed for 3 years, and will soon become a priority issue.*
	SUB - TOTAL CAPITAL IMPROVEMENTS : ARTICLE 3	***$270,000.00***	***$99,000.00***	
	TOTAL CAPITAL IMPROVEMENTS FY2004	***$270,000.00***	***$99,000.00***

MINUTES OF THE SPECIAL/ ANNUAL TOWN MEETING
Monday, May 12, 2003 and Adjourned Session on Tuesday, May 13, 2003

QUORUM: None Required.

ATTENDANCE:

Monday, May 12, 2003

Precinct One:	**100**
Precinct Two:	**172**
Precinct Three:	**178**
TOTAL.....	**450**

Tuesday, May 13, 2003

Precinct One:	**26**
Precinct Two:	**78**
Precinct Three:	**59**
TOTAL.....	**163**

On Monday evening, May 12, 2003, at the new Henry E. Goldman Middle School gymnasium, 328 Main Street, the Moderator, Roger E. Hughes, Jr., called the Meeting to order promptly at 7:30 PM.

The Service of the Warrant by the Constable was read by Town Clerk, Janice M. Lawson.

Rev. Thomas H. Maguire, of St. Helen's Church, offered the Invocation.

Retired Veterans' Agent, Dorothy M. Dickson, was called upon by the Moderator to lead the assembly in the "Pledge of Allegiance". Richard Caldwell, our present Veterans' Agent had emergency surgery the prior week and was in fact still hospitalized.

Moderator Hughes requested a moment of silence for all of the troops presently serving our country and for the tragic loss of Brendan MacDonald, a recent Norwell High School graduate.

The following introductions were made by Moderator Hughes:

BOARD OF SELECTMEN:
Paul D. Gaynor, Chair
Richard A. Merritt, Vice Chair
John G. Mariano, Clerk

TOWN ADMINISTRATOR: James M. Boudreau
TOWN COUNSEL: Robert E. Galvin, Esq.

ADVISORY BOARD:

Annette P. Sexton, Chair
Mary Cole
Charles Dirk
Chester J. Flynn
Donald Mauch
Brian S. Noble

TOWN CLERK:
Janice M. Lawson
ASSISTANT TOWN CLERK:
Patricia M. Anderson

ASSISTANT TOWN ACCOUNTANT:
Rita Turco

The rules of the meeting were then explained to all present.

1. **Speak only to the issues and not to personalities.**

2. **If you wish to speak, come forward to the microphone to save time before you plan to speak.**

3. **After being recognized by the Moderator, identify yourself by giving your full name and address.**

4. **The main motion may be different than what is printed in the Warrant.**

5. **Any voter can amend an article, but he/she must do so in writing and present a copy to the Moderator and the Town Clerk.**

6. **An amendment will be discussed and voted on before any other amendment will be allowed. Then, we will turn to the main motion and vote.**

7. **Traditionally, reconsideration may occur the same night an article is voted, or the following night.**

8. **Moderator Hughes explained that if a hand count was necessary, the Yellow authority card which you were given would be held up for the Special Town Meeting and the pink authority card, would be held up for the Annual Town Meeting.**

9. **The voters also received two Secret Ballot slips (gold and green) to be used for the two borrowing articles 16 and 17. Any monies over $200,000 to be borrowed, require a secret ballot 2/3 vote. When the time comes, Moderator Hughes will specify how the voting will proceed.**

At 7:50 pm, a motion was made, seconded, and it was UNANIMOUSLY VOTED to suspend the business of the Annual Town Meeting to take up the business of the Special Town Meeting.

Our State Representative, Robert J. Nyman, was introduced by Moderator Hughes to the assembly.

SPECIAL TOWN MEETING:

Article No. 1: A motion was made by Selectmen Chair, Paul D. Gaynor, which was seconded, and the MAJORITY VOTED to appropriate the sum of $40,000.00 to meet obligations for Union contracts for Fiscal Year 2003, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2; in order to meet said appropriation the sum of $40,000.00 shall be transferred from FREE CASH.

Article No. 2: Richard A. Merritt, Vice Chair of the Board of Selectmen, moved to INDEFINITELY POSTPONE Article No. 2. This was seconded and UNANIMOUSLY VOTED. (...To meet obligations for the Compensation Schedule under the Personnel Plan for Fiscal Year 2003...)

Article No. 3: Fire Chief, Paul Rosebach moved that the Town vote to TRANSFER the sum of $22,000.00 from line item 1-104-132-5110, Call Fire Payroll, to line item 1-103-130-5110, Permanent Firefighters' Payroll. This motion was seconded, and UNANIMOUSLY VOTED.

Article No. 4: Gertrude Daneau, Chair, of the Norwell Cemetery Committee, moved to change the name of the Washington Street

Cemetery Permanent Fund to the Norwell Cemetery Permanent Fund. This motion was seconded, and UNANIMOUSLY VOTED.

Article No. 5: Gertrude Daneau, Chair, Norwell Cemetery Committee, moved to TRANSFER from the Cemetery Committee Funds the sum of $27,000.00 for the Norwell Town Cemetery on Wildcat Lane to be used for the purpose of providing professional engineering and land surveying services including but not limited to wetland, topographic and detail survey, existing condition plan and site planning. This motion was seconded and UNANIMOUSLY VOTED.

Article No. 6: Highway Surveyor Paul Foulsham moved to TRANSFER the sum of $20,000.00 from line item 1-109-248-5110, Tree Department Cemetery Care Worker, the sum of $35,000.00 from line item 1-77-230-5179, Social Security, and the sum of $25,000 from line item 1-77-230-5175, Health Insurance, to be added to line item 1-300-268-5532, Snow Removal and Sanding. This motion was seconded and UNANIMOUSLY VOTED.

A motion was made to dissolve the Special Town Meeting and to take up the business of the Annual Town Meeting at 7:50 PM.

Paul Gaynor, Chairman of the Board of Selectmen, made a brief presentation on the financial situation of the Town and how the proposed budget was arrived at.

He thanked all the boards, departments, committees, and commissions who cooperated in reducing their budgets to prevent as many layoffs as possible.

ANNUAL TOWN MEETING:

Article No. 1: Paul Gaynor, Chairman of the Board of Selectmen, moved that the Town vote to accept the reports of its Officers, Boards, Departments, Committees and Commissions, as printed in the 2002 Annual Report. This article was seconded and UNANIMOUSLY VOTED.

Article No. 2: Annette Sexton, Chair of the Advisory Board moved that the town RAISE AND APPROPRIATE and TRANSFER from AVAILABLE FUNDS, the sums of money set forth in the "ADVISORY BOARD RECOMMENDS" column under Article No. 2 in the "Transcript of Articles in the Warrant for Fiscal year 2004 Annual Town Meeting", with the exception of those items which were "held" (Line Items Nos. 2-101, 2-294, 2-207, 2-109, 2-136, 2-244, 2-301, 2-264, 2-151, 2-156, and 2-164) discussed, and voted on individually; to defray the charges, expenses and salary obligations of the Town, including debt and interest, for the ensuing year; to provide for a RESERVE FUND, and to fix salaries and compensation for all Elected Officers of the Town; and to meet said appropriations, TRANSFER from WATER GRANT the sum of $114,667.42; from WATER SURPLUS, the sum of $206,075.11; from WATER REVENUES, the sum of $791,812.97, to be applied to the

WATER OPERATING BUDGET; and TRANSFER from FREE CASH, the sum of $730,000.00; and TRANSFER from OVERLAY SURPLUS, the sum of $115,000.00, and TRANSFER from STABILIZATION, $401,000.00; TRANSFER the sum of $327,276.00, from Serial Premium to the Debt. Also, TRANSFER the sum of $27,011.00 from COMMUNITY PRESERVATION REVENUE to Department 5-237, Salaries, and 5-305, Expenses, for Community Preservation operating budget. This motion was seconded and UNANIMOUSLY VOTED.

A 2/3 vote was required for 1-13-207, RESERVE FUND, in the amount of $200,000.00. The Moderator declared a 2/3 vote for this article.

A 2/3 vote was required for 1-700-292, TOWN DEBT PRINCIPAL, in the amount of $201,000.00. This line item was UNANIMOUSLY VOTED.

The following line items of Article 2 were "HELD", discussed, and voted on individually, as follows:

2-101, Bd of Sel. Sal., $6,500, Maj. Vote
2-294, Comm. on Dis., $2,700*, Maj. Vote
2-207, Reserve Fund, $200,000, 2/3 Vote declared by Moderator
2-109, Bd Assess. Sal., $4,150, Unanimous Vote**

2-156, Bd of Health Sal., $1,050, Unanimous Vote**
2-164, Library Dir. Sal. $60,200* Unanimous Vote

***Amended Figure Voted**
****Held and "Hold" Withdrawn**

At this point, Elaine Reardon, 620 Main Street, School Committee Member, moved to reconsider Article No. 2. It takes a Majority Vote to reconsider and this motion FAILED TO CARRY.

Article No. 3: (2/3 Vote Required) Jeff Fitzgerald, Chair, Capital Budget Committee, moved to TRANSFER from the STABILIZATION FUND the sum of $99,000.00, as set forth in the schedule of "Capital Budget Recommendations" except for Dept. 200, School Dept. Copy Machine Lease Program, in the amount of $14,000.00, which was "held" and voted on separately. This motion was seconded and UNANIMOUSLY VOTED.

Dept. No. 103 – FIRE DEPT, Replace Tri-Town Ambulance - $40,000.00

Dept. 109 – TREE AND GROUNDS, 4-Wheel Dump Truck - $45,000.00

Dept. No. 200 – SCHOOL DEPT. - Copy Machine Lease Program - $14,000.00 was discussed and voted. The moderator declared a 2/3 vote on this line item.

Article No. 4: (Maj. Vote Required.)

John Mariano, Clerk of the Board of Selectmen moved to TRANSFER from FREE CASH the sum of $25,000.00 to meet obligations for the Compensation Schedule under the Personnel Plan for Fiscal Year 2004; said sum to be apportioned by the Town Accountant to the applicable line items in Article 2. This was seconded and the MOTION CARRIED.

Article No. 5: (Maj. Vote Required) Richard Merritt, Vice Chair of the Board of Selectmen, moved to RAISE AND APPROPRIATE the sum of $75,000.00, TRANSFER the sum of $25,000.00 from FREE CASH, and from WATER REVENUE, the sum of $10,000 to meet obligations for union and personal contracts for Fiscal Year 2004; said sum to be apportioned by the Town Accountant to the applicable line items in Article No. 2. This motion was seconded and the MOTION CARRIED.

David Turner, 50 Turner's Way, moved that Article No. 24 be taken up at this time so that he could report the vote to the Veterans' Agent, Richard Caldwell, who is hospitalized. This motion was seconded and the MOTION CARRIED.

Article No. 24: (Majority Vote Required)

A motion was made by Frances Molla, of the Veterans' Memorial Committee, to appropriate and TRANSFER $10,000.00 from Line Item 1-2-902-6796, May 14, 2001, Non-Union Salaries, and RAISE AND APPROPRIATE $10,000.00 to be expended under the direction of the Veterans Memorial Committee, together with other existing project funding, to complete the memorial to Norwell Veterans of the Second World War, the Korean Conflict, and the War in Vietnam. This motion was seconded, and UNANIMOUSLY VOTED.

Article No. 6: (Majority Vote Required) Selectmen Chair, Paul D. Gaynor, moved to INDEFINITELY POSTPONE Article No. 6. This motion was seconded and the MOTION CARRIED. (...To expend a sum of money from the Sparrell School Fund to prepare plans and specifications for the reconstruction of the Sparrell School Building as a joint municipal building to be occupied by the Town Offices and the offices of the School Department...)

A motion to discuss Articles 7, 28 and 29 together was made. It was seconded and it carried UNANIMOUSLY.

Article No. 7: (Majority Vote Required) Paul Gaynor, Chairman of the Board of Selectmen moved to TRANSFER from FREE CASH the sum of $20,000.00 for the purpose of hiring a certified public accounting firm to conduct a procedural audit of the School Department and various Town Departments under the direction of the Board of Selectmen. This motion was seconded and the MOTION CARRIED.

Article No. 28: (Majority Vote Required.) Kimberly Richards, 212 Tiffany Road, moved to RAISE AND APPROPRIATE the sum of $40,000.00 to be expended for the purpose of hiring an independent, certified public accounting firm to perform a financial audit of the Norwell School Department. This motion was seconded and after a very lengthy discussion this MOTION FAILED TO CARRY.

Bruce Burgess, 24 Neal Gate Street, moved to reconsider Articles 7 and 28.

A majority vote is required to do so, the motion to reconsider FAILED TO CARRY.

Article No. 29: (Majority Vote Required) As this article was the same as the preceding article except there was no money amount requested, the Moderator believed it was out of order. However, a motion was made anyway, seconded and the MAJORITY VOTED to INDEFINITELY POSTPONE Article No. 29.

Article No. 8: (Majority Vote Required) Richard Merritt, Board of Selectmen Vice Chair, moved to INDEFINITELY POSTPONE Article No. 8. This motion was seconded and it was UNANIMOUSLY VOTED. (...To accept the provisions of an early retirement incentive (ERI) for members of the Plymouth County Retirement System....)

Article No. 9: (Majority Vote Required) Richard Merritt, Vice Chair of the Board of Selectmen, moved to INDEFINITELY POSTPONE Article No. 9. This motion was seconded, and UNANIMOUSLY VOTED. (...To see if the Town will vote to amend Zoning Bylaws of the Town by inserting a new section/amending Section 1642/1650C...)

Article No. 10: (Majority Vote Required) Jacquelyn McClean, School Committee Member, moved to accept Article No. 10 as written in the Warrant, as follows: "To see if the Town will vote pursuant to the authority granted under MGL Chapter 44, section 53E ½ to continue (reauthorize) the revolving fund approved in Article 32 of the May 13, 2002 Annual Town Meeting for the purpose of receiving fees and making disbursements in connection with the duties of the School Department in the provision of Student Transportation, to include the payment of refunds as well as Student Transportation expenditures. No more than $100,000.00 shall be expended from this fund during the Fiscal year 2004. The School Committee or their designees shall be authorized to expend from this fund. This motion was seconded and the MOTION CARRIED.

Article No. 11: (Majority Vote Required) Police Chief Robert M. Galvin moved to amend the Town of Norwell Bylaws, Article XV, General Regulations, by striking Section 6 and replacing it therein with the following new section:

SECTION 6: "No person in charge of any real estate within a residential zone of the town whether as owner, tenant, occupant, lessee or otherwise shall park, store, maintain or leave any unregistered motor vehicle whether assembled or disassembled for a period in excess of thirty (30) days unless a special permit has been obtained from the Board of Selectmen, unless said vehicle is stored within a building. In granting such permit the Selectmen shall consider the effect on the neighborhood and any nuisances or hazards caused by said vehicle or vehicles. Each day of any violation shall be considered a separate offense. The Board of Selectmen shall have the authority to dispose of said violations in accordance with the procedures and provisions of General Laws, Chapter 40, Section 21D". This motion was seconded and THE MOTION CARRIED.

Article No. 12: (Majority Vote Required) Police Chief Robert M. Galvin moved to amend the Town of Norwell Bylaws, Article XII, Town Rules and Regulations,

by deleting the following section: "Norwell Police Department Rules and Regulations". This motion was seconded, and the MOTION CARRIED.

Article No. 13: (Majority Vote Required) Highway Surveyor, Paul Foulsham moved to RAISE AND APPROPRIATE the sum of $150,000.00 to be expended under the direction of the Highway Surveyor for resurfacing sections of Town Ways. This motion was seconded and UNANIMOUSLY VOTED.

Article No. 14: (Majority Vote Required) A motion was made by Highway Surveyor Paul Foulsham to RAISE AND APPROPRIATE the sum of $50,000.00 to be expended under the direction of the Permanent Drainage Study Committee and the Highway Surveyor for engineering, installation and/or maintenance of Town drainage. The motion was seconded and the MOTION CARRIED.

Mark Aigen, Permanent Drainage Study Committee, moved to reconsider Article No. 14. MAJORITY VOTED to allow reconsideration and this time Article No. 14 FAILED TO CARRY.

Article No. 15: (Majority Vote Required) Paul Foulsham, Highway Surveyor, moved to INDEFINITELY POSTPONE Article No. 15. The motion was seconded and the MAJORITY VOTED to INDEFINITELY POSTPONE THIS ARTICLE. (...To implement a Storm Water Management Program as required by the Environmental Protection Agency and the Department of Environmental Portection, Phase II, Natural Pollutant Discharge Elimination System General Permit...)

As the next two articles were secret ballot articles which will take a little time to count the votes, the Moderator moved to adjourn the meeting at this point, 10:45 pm, and continue the meeting, tomorrow, Tuesday evening, at 7:30 pm, here in the Henry E. Goldman Middle School gymnasium. It was seconded, and unanimously voted.

TUESDAY, MAY 13, 2003:

The Moderator, Roger E. Hughes, Jr. commenced the adjourned session of the Annual Town Meeting promptly at 7:30 PM in the Henry E. Goldman Middle School gymnasium, 328 Main Street.

A motion was made to discuss Articles 16 and 17 together and to take them out of order so that the vote on Article No. 17 would be taken first. MAJORTITY VOTED to allow this.

ARTICLE NO. 17: (2/3 Secret Ballot Vote Required) Steven Ivas, Water Commissioner, moved that the Town vote to appropriate the sum of $7,204,000.00 for the purpose of financing the construction of new municipal wells, treatment systems, water mains, appurtenances and ancillary work, including without limitation all costs thereof as defined in Section 1 of Chapter 29C of the General Laws, as most recently amended by St. 1998, c.78; that to meet this appropriation the Treasurer, with the approval of the Selectmen, is authorized to borrow $7,204,000.00 and issue bonds or notes therefore under Chapter 44 and/or Chapter 29C of the Generals Laws, as most recently amended by St. 1998, c.78; that such bonds or notes shall be general obligations of the Town unless the Treasurer, with the approval of the Selectmen, determines that they should be

issued as limited obligations and may be secured by local system revenues as defined in Section 1 of Chapter 29C, as most recently amended by St. 1998, c.78; that the Treasurer, with the approval of the Selectmen, is authorized to borrow all or a portion of such amount from the Massachusetts Water Pollution Abatement Trust established pursuant to Chapter 29C, as most recently amended by St. 1998, c.78; and in connection therewith to enter into a loan agreement and/or security agreement with the Trust and otherwise to contract with the Trust and the Department of Environmental Protection with respect to such loan and for any federal or state aid available for the project or for the financing thereof; that the Board of Water Commissioners is authorized to enter into a project regulatory agreement with the Department of Environmental Protection to expend all funds available for the project and to take any other action necessary to carry out the project.
The motion was seconded.
YES: 126; NO: 14 MOTION CARRIED by 2/3.

ARTICLE NO. 16: (2/3 Vote by Secret Ballot) Steven Ivas, Water Commissioner, moved to authorize the Treasurer to borrow the sum of $247, 500.00 for the design of new wells, treatment systems, water mains, appurtenances and ancillary work; to meet this appropriation, the Treasurer, with the approval of the Board of Selectmen, is authorized to borrow the appropriated sum under MGL, Chapter 44, to be spent under the direction of the Board of Water Commissioners.
This motion was seconded and discussed.

Because it requires a "Secret Ballot vote and the Tellers had the voting boxes in the Community Room with the Constable, counting the ballots from Article 17, a motion was made to lay Article 16 on the table and take up Article No. 18, in the mean time. A Majority Vote was necessary to do this. This MOTION CARRIED.

ARTICLE NO. 18: (Majority Vote Required) Rebecca Freed, Chair, of the Community Preservation Act, moved that the Town vote to set aside as of June 30, 2003, thirty (30%) percent of the funds collected from the annual receipts for FY2003 from the Community Preservation Act, Massachusetts General Laws Chapter 44B Section 3-7, into three accounts. The three accounts are to be allocated as follows: 1) ten (10%) for the Open Space Fund; 2) ten (10%) percent for the Historical Fund; 3) ten (10%) percent for the Affordable Housing Fund, and the balance will remain in the Community Preservation Open Fund. These funds are to be set aside in interest bearing accounts. Any matching funds shall be allocated into the same accounts by the Town Accountant. These funds are to be set aside and allocated in Fiscal Year 2004 or later years, as determined by Town Meeting vote. The motion was seconded and it was UNANIMOUSLY VOTED.

A motion to take Article No. 16 off the table was made, seconded, and the MAJORITY VOTED to do so, now that the ballot boxes were ready for this secret ballot vote. The results of the vote for Article No. 16 were: YES: 136; NO: 10 MOTION CARRIED by 2/3.

ARTICLE NO. 19: (Majority Vote Required) A motion was made by Joanne Dirk, Recycling Committee, that the Town authorize the Board of Selectmen to

sign an amendment, a copy of which is on file in the Office of the Town Clerk, to the existing inter-municipal agreement for regional cooperation in the provision of solid waster and recycling services and further see if the Town will vote to extend the term of the amended agreement for an additional five (5) year term. The motion was seconded and UNANIMOUSLY VOTED.

ARTICLE NO. 20: (Majority Vote Required) Joe Carty, Chairman of the Historical Commission, moved to INDEFINITELY POSTPONE Article No. 20. The motion was seconded and the MOTION CARRIED. (...To see if the Town will vote to amend the Town of Norwell Zoning Bylaws, Article III, Section 3400, Demolition of Historically Significant Buildings, Structures and Properties.....)

ARTICLE NO. 21: (Majority Vote Required) Paul Gaynor, Chairman of the Board of Selectmen, moved to INDEFINITELY POSTPONE Article No. 21. The motion was seconded and it was UNANIMOUSLY VOTED to do so. (...To provide a sum of money to repair and upgrade the road serving Norwell High School, the Norwell Public Library, and the Tree and Grounds Dept....)

ARTICLE NO. 22: (Majority Vote Required) Gerald Good, Athletic Fields Committee, moved to INDEFINITELY POSTPONE this article. This was seconded and the MAJORITY VOTED to do so. (...To see if the Town will replace the Football Field with a multi use "Field Turf" style synthetic playing field....)

ARTICLE NO. 23: (Majority Vote Required) Gerald Good, Athletic Fields Committee, moved to INDEFINITELY POSTPONE this article. This was seconded and the MAJORITY VOTED to do so. (...To provide irrigation and improvements to the Cole School....)

ARTICLE NO. 24: This article was advanced and taken after Article No. 5.

ARTICLE NO. 25: (2/3 Vote Required) John A. Ritsher, 119 Forest Street, moved to authorize the Board of Selectmen to acquire by purchase, eminent domain under G.L. c.79, or G.L. c.80A, or otherwise, an easement across a parcel of land described below in this article, for the purpose of providing access for the Town, and any licenses thereof, to the Town Water Tower and land owned by the Town of Norwell. Among other things, the purpose of this taking is to facilitate use of the Town water tower for wireless telecommunications antennae and service facilities, so as to ensure that the Town obtains the benefit of any fees from such providers, to allow the location of antennae for public and emergency services on the water tower, and to provide an appropriate location for such wireless service facilities that will have the least adverse environmental and aesthetic impacts on the Town.

The location of the easement to be taken is shown on a plan of land entitled "Plan of Land on Paradise Drive, Norwell, March 14, 1956, Loring H. Jacobs", and a metes and bound description of it is contained in an easement from Balthasar Cugnasca and Maurina A. Cugnasca to the Town of Norwell, recorded at the Plymouth County Registry of Deeds at Book 2421, p. 305. The motion was seconded and after a quite lengthy debate the vote was taken. The Moderator declared that the MOTION FAILED by 2/3 vote.

ARTICLE NO. 26: (Majority Vote Required) Police Chief Robert M. Galvin moved that the Town vote to TRANSFER from Line Item 1-2-801-6796 approved by the Town Meeting on May 15, 2000, the sum of $2,000.00 to contract with South Shore Women's Center for domestic violence intervention services to its residents. The motion was seconded and it was UNANIMOUSLY VOTED to do so.

ARTICLE NO. 27: (Majority Vote Required) Dan Durgin, 29 Walnut Road, moved to INDEFINITELY POSTPONE this Article. It was seconded, and the MOTION CARRIED. (....To expend funds under the direction of the Permanent Drainage Study Committee and the Highway Surveyor for engineering, installation and/or maintenance of Town drainage on Walnut Road.....)

ARTICLE NO. 28: Advanced after Article No. 7.

ARTICLE NO. 29: Advanced after Article No. 7 and No. 28.

ARTICLE NO. 30: (Majority Vote Required) Paul Gaynor, Chairman of the Board of Selectmen moved to INDEFINITELY POSTPONE this article. The motion was seconded, and the MAJORITY VOTED to do so. (...To add a certain sum of money to the Stabilization Fund....)

ARTICLE NO. 31: (Majority Vote Required) Paul Gaynor, Chairman of the Board of Selectmen, moved to INDEFINITELY POSTPONE this article. (...To authorize the Assessors to use a certain sum of money to decrease the tax rate for FY 2004...)

At this time a motion was made and seconded to reconsider Article No. 11. A majority vote is necessary. The MOTION FAILED TO CARRY.

INSTRUCTIONS TO ELECTED OFFICIALS:

1. **I move to instruct the Town of Norwell Board of Selectmen to search for and/or facilitate the application for grants to assist in solving infrastructure and management issues in the Town, including but not limited to drainage problems.**

Steven Ivas
315 Winter Street

FISH RIGHTS:

1. **Frederick H. St. Ours, 315 River Street, $90.00**
2. **Richard A. Merritt, 363 Cross Street, $85.00**

There being no further business to discuss, a motion was made, seconded, and it was UNANIMOUSLY VOTED to dissolve this meeting at 8:55 pm.

Respectfully submitted,
Janice M. Lawson, TOWN CLERK

Norwell Middle School Henry E. Goldman Gymnasium

TOWN OF NORWELL

WARRANT

Special Town Meeting

Monday, December 1, 2003

At 7:30 o'clock in the evening at Norwell Middle School
Henry E. Goldman Gymnasium

Plymouth, ss

To one of the Constables of the Town of Norwell, in said County of Plymouth, Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Norwell Middle School, Henry E. Goldman Gymnasium, 328 Main Street, in said Norwell, on Monday, the first day of December 2003 at 7:30 p.m.; then and there to act upon the enclosed articles, to wit:

In case all articles in the foregoing Warrant shall not be acted upon at the Meeting called for on Monday, December 1, 2003, to meet in Adjourned Sessions at such time and place as the meeting shall determine.

This building is accessible to the handicapped and designated parking is provided. If requested, at least one week before the meeting, warrants with large print can be available. Anyone requiring a Sign Language Interpreter should call the Town Clerk's office at least two weeks before the Special Town Meeting at 781-659-8072.

TOWN BUDGET

Glossary of Terms

Appropriation:
An authorization to make expenditures and to incur obligations for specific purposes. An appropriation is granted by a legislative body (Town Meeting) and is usually limited in amount and the time when it may be expended. Any part of the general appropriation not spent or encumbered by June 30 automatically reverts to surplus.
A specific appropriation is carried forward from year to year until spent for the designated purpose or transferred by Town Meeting vote to another account.

Budget:
A plan of financial operation consisting of an estimate of proposed expenditures for a given period and the means of financing them. The budget is voted in the Spring at Town Meeting for the fiscal year that begins the following July 1.

Capital Budget:
A plan of proposed capital outlays, usually for a period of 5 years, and the means of financing them for the current year.

Cherry Sheet:
An annual statement received from the Massachusetts Department of Revenue detailing estimated receipts for the next fiscal year and the estimated state and county government charges payable. These amounts are used by the assessors in setting the tax rate. The actual receipts and charges may vary from the estimates.

Fiscal Year:
A 12 month period, commencing July 1 and ending June 30, to which the annual budget applies. Fiscal years are often denoted Fyxx with the last two numbers representing the calendar year in which it ends, for example FY01 is the fiscal year ended June 30, 2001.

Free Cash:
Free cash is the portion of unreserved fund balance available for appropriation. It is not cash but rather is approximately the total of cash and receivables less current liabilities and earmarked reserves reduced also by reserves for uncollected taxes.

Overlay:
The amount set aside to allow for uncollected property taxes. An amount for overlay is added to the appropriations and other charges.

Overlay Surplus:
The unused amount of the overlay for prior years which may be transferred, by vote of the Town, to the reserve account or used for extraordinary items.

Reserve Fund:
An account to be used for transfers when the Advisory Board feels the requested amount is either "extraordinary or unforeseen".

Stabilization Fund:
A special reserve created for future capital expenditures.

Tax Levy:
The total amount to be raised by taxation of real estate and personal property. This consists of the total amounts appropriated less estimated receipts and transfers from available funds.

Terms associated with Proposition 2 1/2:

Debt or Capital Exclusion:
The Town can assess taxes in excess of the levy limit by voting a debt exclusion or capital outlay exclusion. This amount does not become a permanent part of the levy limit base, but does allow the Town to assess taxes for a specific period of time in excess of the limit for payment of debt service costs or for payment of capital expenditures.

Excess Levy Capacity:
The difference between the Town's tax levy limit and its actual tax levy for the current year. It is the additional tax levy that could be raised without asking for an override.

New Growth:
The amount of property tax revenue that the Town can add to its allowable tax levy as a result of new construction, alterations, subdivisions or change of use which increases the value of a parcel of land by more than certain amounts.

Override:
An amount, voted by the Town, that is permanently added to the levy limit. A majority vote of the Selectmen allows an override question to be put on the ballot. Override questions must be presented in dollar terms and must specify the purpose of the override. Overrides require a majority vote of approval by the Town.

Tax Levy Limit:
The maximum amount of the tax levy for a period under the restrictions of Proposition 2 1/2. It is calculated as the prior year limit plus new growth plus 2 1/2 of the prior year levy limit.

INDEX OF ARTICLES FOR SPECIAL TOWN MEETING

ARTICLE	SUBMITTED BY	PAGE NO.
1 – Appropriate Monies to Fund Union and Personal Contracts FY2004	Board of Selectmen	5
2 – Amend Article 2 of the Annual Town Meeting Held May 12, 2003	Board of Selectmen	5

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT FOR SPECIAL TOWN MEETING
Monday, December 1, 2003

At Seven-Thirty O'clock in the Evening
At the Norwell Middle School, Henry E. Goldman Gymnasium, Main Street

ARTICLE 1: To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for union and personal contracts for Fiscal Year 2003, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, of the Annual Town Meeting, May 12, 2003, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting. The contract was not settled before the Warrant went to print.

ARTICLE 2: To see if the Town will vote to amend Article 2 of the Annual Town Meeting of May 12, 2003, item 1-201-264-5690, by reducing said item from $252,728 to $138,728, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this Article. The assessment for the South Shore Regional Vocational Technical High School was reduced after the Annual Town Meeting. State Aid was also reduced and by adopting this Article the Town Budget remains balanced.

ARTICLE 3: To see if the Town will vote to amend the Town of Norwell Telecommunications By-Law as follows:

Article IV

SPECIAL REGULATIONS

4600 PERSONAL WIRELESS SERVICE FACILITIES

4620 District Regulation

Section 4621 b) Add the following words "(a free-standing personal wireless telecommunications facility)" after the word "ground".

Section 4623 a) Delete the following phrases: "camouflaged" and replace with the word "concealed." Also delete the word "flagpole" from this paragraph.

Article V

DEFINITIONS

Delete the existing definition of the word "CAMOUFLAGED" and replace with the following definition:

CAMOUFLAGED: A personal wireless telecommunications facility is considered "camouflaged" if it is disguised, hidden, or made to appear as an architectural component of an existing or proposed structure, the use of which is otherwise permitted under the zoning bylaws of the Town of Norwell. No personal wireless telecommunications facility attached to an existing structure shall be deemed "camouflaged" for the purposes of this bylaw where it extends more than ten feet above the height of a structure nor horizontally more than ten feet beyond the face of any exterior sidewall or the exterior of any surface of a structure with no sidewalls. Antennas or other components of a personal wireless telecommunications facility situated within a freestanding personal wireless telecommunications facility shall not be considered "camouflaged" for the purpose of this zoning bylaw.

Add the following definitions:

CONCEALED: A personal wireless telecommunications facility is considered "concealed" if it is entirely contained within the architectural features of an existing or proposed structure, the use of which is otherwise permitted under the zoning bylaws of the Town of Norwell. Antennas or other components of a personal wireless telecommunications facility situated within a freestanding personal wireless telecommunications facility shall not be considered "concealed" for the purpose of this zoning bylaw.

FREE-STANDING PERSONAL WIRELESS TELECOMMUNICATIONS FACILITY: Any structure that is designed primarily to support one or more antennas including without limitation self-supporting lattice towers, guy towers or monopole towers, cellular and personal communications service towers.

Or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting. At the time the Warrant went to print the Planning Board had not completed the Public Hearing process.

ARTICLE 4: To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide a sum of money to purchase equipment and supplies necessary for upgrading the Town's ambulance service from EMT-Intermediate to the Paramedic level, or act on anything relative thereto.

Requested by the Fire Chief

The Advisory Board recommends this Article in the amount of $28,000. The South Shore Hospital will discontinue Paramedic Services shortly and the Town must upgrade its current level of services to retain this life-saving service to and for the community.

ARTICLE 5: To see if the Town will vote to appropriate $231,140 in anticipation of full (100%) reimbursement by the Commonwealth of Massachusetts of Chapter 246B, Acts of 2002, second apportionment, for State and Highway purposes under the provisions of General Laws, Chapter 90, Section 34, Clause 2(A), work on highways, to be expended under the direction of the Highway Surveyor, or meet the appropriation by taxation, by transfer or by borrowing, or any combination of the foregoing, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this Article. This is a procedural article, which requires that the Town appropriate money for Highway work before the state can reimburse us 100%.

ARTICLE 6: To see if the Town will vote to accept the provisions of Massachusetts General Laws Chapter 41, Section 19K relative to the compensation of the Town Clerk and, in order to meet the obligations of said Section 19K, vote to raise and appropriate, transfer from available funds or otherwise provide the sum of $1,000.00 to be added to line item 1-39-113-5110, Town Clerk Salary, as voted at the Annual Town Meeting of May 12, 2003, or act on anything relative thereto.

Requested by the Town Clerk

The Advisory Board recommends this Article.

ARTICLE 7: To see if the Town will vote to accept, effective January 1, 2004, the provisions of Section 40 of Chapter 653 of the Acts of 1989, which permit cities and towns to assess new buildings, structures, or other physical improvements added to real property between January 2, 2004 and June 30, 2004, for the fiscal year beginning on July 1, 2004, or act on anything relative thereto.

Requested by the Board of Assessors

The Advisory Board does not recommend this Article. State law was recently changed to require the issuance of "preliminary bills" on newly constructed property. This article would change the way the Town implements this law by reducing the number of preliminary bills on new construction built between January 1 and June 30 of any given year. The intent of the proposed change in procedure is laudable, but the change is not near-term revenue neutral. The Advisory Board does not wish to experiment with revenue numbers at this time and requests further information relative to the impact of this proposed change.

ARTICLE 8: To see if the Town will vote to appropriate the sum of $129,640 for permitting, site analysis, feasibility studies and preliminary plans for up to 12 units of affordable housing pursuant to Massachusetts General Law, Chapter 44B, from the Community Preservation FY2004 revenues for the purpose of affordable housing. Expenditures under this article are to be administered by the Norwell Housing Authority subject to the approval of the Community Preservation Committee, or act on anything relative thereto.

Requested by the Community Preservation Committee

The Advisory Board recommends this Article as it is consistent with the intent of the Community Preservation Act in providing funding for affordable housing projects.

ARTICLE 9: To see if the Town will vote to transfer the sum of $150,000 to the Open Space Reserve Account from Community Preservation FY2004 revenues, pursuant to Massachusetts General Law, Chapter 44B, or act on anything relative thereto.

Requested by the Community Preservation Committee

The Advisory Board recommends this Article. The Community Preservation Committee is following the enabling legislation in properly reserving portions of Community Preservation Funds for the purchase of Open Space.

ARTICLE 10: To see if the Town will vote to appropriate the sum of $37,500 for the construction of the Gaffield Park Playground, pursuant to Massachusetts General Law, Chapter 44B, from the Community Preservation FY2004 revenues for the purpose of recreational use. Said appropriation to be made under the discretion of the Board of Selectmen and may be in the form of a grant to the Norwell Men's Club, Inc., or act on anything relative thereto.

Requested by the Community Preservation Committee

The Advisory Board recommends this Article.

ARTICLE 11: To see if the Town will vote to appropriate the sum of $80,000 for the design and construction of a Skate Board Park, pursuant to Massachusetts General Law, Chapter 44B, from the Community Preservation FY2004 revenues for the purpose of recreational use. Said funds are to be expended under the direction of the Board of Selectmen. Any amounts appropriated to this article and not expended by June 30, 2005, shall be transferred to the Community Preservation Fund, or act on anything relative thereto.

Requested by the Community Preservation Committee

The Advisory Board recommends this Article.

ARTICLE 12: To see if the Town will vote to appropriate the sum of $9,720, for a Nature Center at the Vinal School, pursuant to Massachusetts General Law, Chapter 44B, from the Community Preservation FY2004 revenues for the purpose of recreation. These funds are to be expended by the Vinal PTO subject to the review and approval of the Community Preservation Committee, or act on anything relative thereto.

Requested by the Community Preservation Committee

The Advisory Board recommends this Article.

ARTICLE 13: To see if the Town will vote to appropriate the sum of $37,500, for the cataloguing and listing of up to 500 historic Norwell homes, pursuant to Massachusetts General Law, Chapter 44B, from the Community Preservation FY2004 revenues for the purpose of historic preservation. These funds will be expended under the direction of the Norwell Historical Commission subject to the approval of the Community Preservation Committee, or act on anything relative thereto.

Requested by the Community Preservation Committee

The Advisory Board recommends this Article.

ARTICLE 14: To see if the Town will vote to transfer the sum of $60,900 or a lesser amount, for the purchase of 1.8 acres on River Street, Parcel 27, as shown on the Norwell Assessors Map 77, pursuant to Massachusetts General Law, Chapter 44B, from the Community Preservation Open Space Reserve Account and to authorize the Board of Selectmen to purchase said parcel for the purpose of conservation land.

This land will be under the jurisdiction of the Conservation Commission. Any funds not expended under this article by June 30, 2005, shall be transferred to the Community Preservation Open Space Reserve Account, or act on anything relative thereto.

Requested by the Community Preservation Committee

The Advisory Board does not recommend this Article as it purchases land that may never be buildable property and should not be removed from the tax roles. The Advisory Board believes that Community Preservation Funds designated for the purchase of open space acquisition should be carefully planned and of considerable and defined value to the community.

ARTICLE 15: To see if the Town will vote to appropriate the sum of $20,800 for the renovation and refurbishing of the Norwell Grange Hall, pursuant to Massachusetts General Law, Chapter 44B, from the Community Preservation FY2004 revenues for the purpose of historic preservation.

Such appropriation may be made in the form of a grant to a non-profit organization under the direction of the Community Preservation Committee; and further to see if the Town will authorize the Community Preservation Committee to enter into a grant agreement and a deed restriction with the project sponsors. The Community Preservation Committee may establish further operating procedures to administer this grant. Furthermore, any amount appropriated pursuant to this Article and not expended by June 30, 2005, shall be transferred to the Community Preservation Historical Reserve Account, or act on anything relative thereto.

Requested by the Community Preservation Committee

The Advisory Board recommends this Article

ARTICLE 16: To see if the Town will vote to appropriate the sum of $25,000, pursuant to Massachusetts General Laws, Chapter 44B, from the Community Preservation Historic Reserve Account for the preservation and moving of a c1850 barn from Grove Street to the South Shore Natural Science Center, for the purpose of historic preservation.

Such appropriation may be made in the form of a grant to The South Shore Natural Science Center, Inc., under the direction of the Community Preservation Committee; and further to see if the Town will authorize the Community Preservation Committee to enter into grant agreements and deed restrictions with the project sponsors. The Community Preservation Committee may establish further operating procedures to administer this grant. Furthermore, any amount appropriated pursuant to this Article and not expended by June 30, 2005, may be declared surplus by the Community Preservation Committee and shall be returned to the Community Preservation Historical Reserve Account and be available for future appropriation by the Town. In addition, this appropriation shall not occur unless this property has a historical conservation easement in place to the satisfaction of the Norwell Historical Commission, or act on anything relative thereto.

Requested by the Community Preservation Committee

The Advisory Board recommends this Article.

You are directed to serve this Warrant by posting a copy thereof attested to by you in writing in each of five public places in the Town fourteen days at least before the time for holding and meeting called for in the Warrant. Hereof, fail not and make due return of the Warrant with your doings thereon to the Town Clerk of said Town on or before the seventeenth day of November, 2003.

Given under our hands at Norwell this _____day of November in the year of our Lord, 2003.

BOARD OF SELECTMEN:
Norwell, MA

_____
Paul D. Gaynor, Chairman

_____
Richard A. Merritt

MINUTES OF SPECIAL TOWN MEETING, Monday, December 1, 2003

ATTENDANCE: (No Quorum Required.)

Precinct One:	**124**
Precinct Two:	**101**
Precinct Three:	**82**
TOTAL.....	**307**

At 7:30 pm, on Monday, December 1, 2003, Moderator Roger E. Hughes, Jr. called to order the Special Town Meeting, which was held in the Norwell Middle School, Henry E. Goldman Gymnasium.

Town Clerk Janice M. Lawson read the "Constable's Return of Service of the Warrant" which was attested to and posted by Constable Theodore A. Baldwin.

Rev. Victoria Weinstein, minister of First Parish Church, led the assembly in the Invocation. Veterans' Agent Richard Caldwell led the "Pledge of Allegiance to the Flag".

At this time, Moderator Hughes introduced himself and the other Town officials, as follows:

BOARD OF SELECTMEN:
Paul D. Gaynor, Chairman
Richard A. Merritt, Vice Chair
John G. Mariano, Clerk

TOWN ADMINISTRATOR: James M. Boudreau

TOWN COUNSEL: Robert E. Galvin, Esq. and ASSISTANT TOWN COUNSEL Robert W. Galvin, Esq.

ADVISORY BOARD:
Brian S. Noble, Chairman
Charles R. Dirk
Chester J. Flynn
Patrick J. Haraden
Spencer A. Joseph
Annette P. Sexton
Mary L. Cole
Jasmine Heffernan, Secretary

TOWN CLERK: Janice M. Lawson
ASS'T TOWN CLERK: Patricia M. Anderson

Moderator Hughes explained the rules of the meeting, as follows:

1. The procedure to be followed will be "Roberts Rules of Order" and the Bylaws of the Town.

2. If you wish to speak, come forward to the microphone, to save time, before you plan to speak.

3. After being recognized by the Moderator, identify yourself by giving your full name and address.

4. Speak only to the issues and not to personalities.

5. The main motion may be worded somewhat differently than what is printed in the Warrant.

6. Any voter can amend an article, but he/she must do so in writing and present a copy to the Moderator and Town Clerk.

7. An amendment will be discussed and voted on before any other amendment will be allowed. Then, we will turn to the main motion and vote.

MINUTES OF THE SPECIAL TOWN MEETING – Monday, December 1, 2003

8. Traditionally, reconsideration may occur the same night an article is voted, or the following night if the Town Meeting is continued.

9. Voice votes are taken for most Articles. If the vote is in doubt and it is necessary to take a hand count, counters, who are appointed by the Moderator, will do so. If this is the case, each voter must hold up the authority card given to each voter when checking in ("bright green", this evening) when requested to do so by the Moderator.

10. This evening, the Community Preservation Committee Articles will be voted only as "YES" or "NO". An amendment to the motion can only be made by the Community Preservation Committee.

Paul D. Gaynor, Chairman of the Board of Selectmen, thanked everyone for coming this evening and related to them that the money to be voted for the Community Preservation Committee articles has already been raised, and the state has matched those funds.

ARTICLE NO: 1: (Majority Vote Required) A motion was made by Richard A. Merritt, Selectman, seconded, and UNANIMOUSLY VOTED to RAISE AND APPROPRIATE the sum of $4,950.00 to meet obligations for union and personal contracts for Fiscal Year 2004; said sum to be apportioned by the Town Accountant to the applicable line items in Article No. 2 of the Annual Town Meeting, May 12, 2003.

ARTICLE NO. 2: (Majority Vote Required) A motion was made by John G. Mariano, Selectman, seconded, and it was UNANIMOUSLY VOTED to amend Article No. 2 of the Annual Town Meeting of May 12, 2003, Item No. 1-201-264-5690, by reducing said item from $252,728.00 to $138,728.00.

ARTICLE NO. 3 (2/3 Vote Required) MODERATOR DECLARED 2/3 VOTE as there were several vociferous dissenters.

A motion was made by Paul D. Gaynor, Chairman of the Board of Selectmen, seconded, and it was VOTED to amend the Telecommunications Bylaw of the Town of Norwell per the handout that each voter was given when he/she checked in, as follows:

ARTICLE IV - SPECIAL REGULATIONS

4600 PERSONAL WIRELESS SERVICE FACILITIES

Amend Section 4623 "<u>Dimensional Requirements</u>" (a) to read as follows:

4623 <u>Dimensional Requirements</u>: Personal wireless facilities shall comply with the following requirements:

(a) Height, General. The height of a personal wireless service facility shall not exceed by more than ten (10) feet the height limits of the zoning district in which the facility is proposed to be located, unless the facility is completely camouflaged or concealed such as within a steeple, chimney, or similar structure. Personal wireless service facilities may

provided that the facilities do not project above the existing building height.

ARTICLE V DEFINITIONS

Amend Article V – "DEFINITIONS" by deleting the existing definition of the word "CAMOUFLAGED" on page 72 of the Norwell Zoning Bylaws and replacing it with the following definition:

CAMOUFLAGED: A personal wireless telecommunications facility is considered "camouflaged" if it is disguised, hidden, or made to appear as an architectural component of an existing or proposed structure, the use of which is otherwise permitted under the zoning bylaws of the Town of Norwell. No personal wireless telecommunications facility attached to an existing structure shall be deemed "camouflaged" for the purposes of this bylaw where it extends more than ten (10) feet above the height of a structure nor horizontally more than ten (10) feet beyond the face of any exterior sidewall or the exterior of any surface of a structure with no sidewalls. Antennas or other components of a personal wireless telecommunications facility situated within a free-standing personal wireless telecommunications facility shall not be considered "camouflaged" for the purpose of this zoning bylaw.

Add the word "CONCEALED" and the definition thereof to read, as follows:

CONCEALED: A personal wireless telecommunications facility is considered "concealed" if it is entirely contained within the architectural features of an existing or proposed structure the use of which is otherwise permitted under the zoning bylaws of the Town of Norwell.

Sally I. Turner, Chairperson of the Planning Board made a motion, which was seconded, to postpone Article No. 3 and refer the Bylaw amendment proposal back to the Planning Board and the Bylaws Study Committee for further review, and to report back to a future Town Meeting.

A lengthy discussion ensued but when the vote was taken on this amendment it FAILED TO CARRY.

ARTICLE NO. 4: (Majority Vote Required) A motion was made by Paul Rosebach, Fire Chief, it was seconded, and it was UNANIMOUSLY VOTED to RAISE AND APPROPRIATE the sum of $28,000.00 to purchase equipment and supplies necessary for up-grading the Town's ambulance service from EMT-Intermediate to the Paramedic level.

ARTICLE NO 5: (Majority Vote Required) Paul Foulsham, Highway Surveyor/Director, moved to raise and appropriate by taxation, by transfer or borrowing, or any combination of the foregoing, the sum of $231,140.00 in anticipation of full (100%) reimbursement by the Commonwealth of Massachusetts Chapter 246B, Acts of 2002, second apportionment, for State and Highway purposes under the provisions of General Laws Chapter 90, Section 34, Clause 2(A), Work on the Highways, to be expended under the direction of the Highway Surveyor.

ARTICLE NO. 6: (Majority Vote Required) A motion was made by Paul D. Gaynor, Chairman of the Board of

Selectmen, seconded, and UNANIMOUSLY VOTED to accept the provisions of Mass. General Laws Chapter 41, Section 19K, relative to the compensation of the Town Clerk; and, in order to meet the obligations of said Section 19K, vote to RAISE AND APPROPRIATE the sum of $1,000.00 to be added to line item No. 1-39-113-5110, Town Clerk Salary, as voted at the Annual Town Meeting of May 12, 2003.

ARTICLE NO. 7: (Majority Vote Required) A motion was made by Charles Markham, member of Board of Assessors, which was seconded, and it was UNANIMOUSLY VOTED to INDEFINITELY POSTPONE Article No. 7.

(To accept, effective January 1, 2004, the provisions of Section 40 of Chapter 653 of the Acts of 1989, which permit cities and towns to access new buildings, structures, or other physical improvements added to real property between January 2, 2004 and June 30, 2004, for the fiscal year beginning on July 2, 2004.)

Rebecca Freed, Chairperson of the Community Preservation Committee, gave an overview and an explanation of the articles to follow which were drafted by her committee.

ARTICLE NO. 8: MOTION FAILED TO CARRY. YES: 113; NO: 154

A motion was made by Charles Markham, Member of Community Preservation Committee, and seconded, to TRANSFER the sum of $129,640 for permitting, site analysis, feasibility studies and preliminary plans for up to twelve (12) units of affordable housing pursuant to Mass. General Laws, Chapter 44B, from the Community Preservations' FY 2004 revenues for the purpose of affordable housing. Expenditures under this article are to be administered by the Norwell Housing Authority subject to the approval of the Community Preservation Committee.)

ARTICLE NO. 9: (Majority Vote Required) A motion was made by James Ianiri, member of the Community Preservation Committee, seconded, and it was UNANIMOUSLY VOTED to TRANSFER the sum of $150,000.00 to the Open Space Reserve Account from Community Preservation FY2004 revenues, pursuant to Mass. General Laws, Chapter 44B.

ARTICLE NO. 10: (Majority Vote Required) A motion was made by James Ianiri, Member of the Community preservation Commission, seconded, and the MAJORITY VOTED to TRANSFER the sum of $37,500 for the construction of the Gaffield Park playground, pursuant to Mass. General Laws, Chapter 44B, from the Community Preservations FY 2004 revenues for the purpose of recreational use. Said appropriation to be made under the discretion of the Board of Selectmen and may be in the form of a grant to the Norwell Men's Club, Inc.

ARTICLE NO. 11: (Majority Vote Required) A motion was made by Rebecca Freed, Chairperson of the

Community Preservation Committee, which was seconded, and the MAJORITY VOTED to TRANSFER the sum of

$80,000.00 for the design and construction of a Skate Board Park, pursuant to Mass. General Laws, Chapter 44B, from the Community Preservation

FY 2004 revenues for the purpose of recreational use. Said funds are to be expended under the direction of the Board of Selectmen. Any amounts appropriated to this article and not expended by June 30, 2005 shall be transferred to the Community Preservation fund.

ARTICLE NO. 12: (Majority Vote Required) A motion was made by Sally Turner, Community Preservation Committee member, which was seconded, and it was UNANIMOUSLY VOTED to TRANSFER the sum of $9,720.00 for a Nature Center at the Vinal School, pursuant to Mass. General Laws, Chapter 44B, from the Community Preservation FY 2004 revenues for the purpose of recreation. These funds are to be expended by the Vinal PTO subject to the review and approval of the Community Preservation Committee.

ARTICLE NO. 13: (Majority Vote Required) A motion was made by Joseph Carty, Community Preservation Committee, seconded, and the MAJORITY VOTED to TRANSFER the sum of $37,500.00 for the cataloguing and listing of up to five hundred (500) historic Norwell homes, pursuant to Massachusetts General Laws, Chapter 44B, from the Community Preservation FY 2004 revenues for the purpose of historic preservation. These funds will be expended under the direction of the Norwell Historical Commission subject to the approval of the Community Preservation Committee.

ARTICLE NO. 14: (Majority Vote Required) A motion was made by Gregg McBride, Community Preservation Committee, seconded and the MAJORITY VOTED to TRANSFER the sum of $50,000.00 for the purchase of 1.8 acres on River Street, Parcel 27, as shown on the Norwell Assessors Map 77, pursuant to Mass. General Laws, Chapter 44B, from the Community Preservation Open Space Reserve Account, and to authorize the Board of Selectmen to purchase said parcel for the purpose of Conservation land.

This land will be under the jurisdiction of the Conservation Commission. Any funds not expended under this article by June 30, 2005, shall be transferred to the Community Preservation Open Space Reserve Account.

ARTICLE NO. 15: (Majority Vote Required) A motion was made by Joseph Carty, Community Preservation Committee, seconded and the MAJORITY VOTED to TRANSFER the sum of $20,800.00 for the renovation and refurbishing of the Norwell Grange Hall, pursuant to Mass. General Laws, Chapter 44B, from the Community Preservation FY 2004 revenues for the purpose of historic preservation. These funds are to be expended under the direction of the Norwell Historical Commission, subject to the review and approval of the Community Preservation Committee.

ARTICLE NO. 16: (Majority Vote Required) A motion was made by Gregg McBride, Conservation Commission and CPC, seconded, and it was
MINUTES OF THE SPECIAL TOWN MEETING, Monday, December 1, 2003

UNANIMOUSLY VOTED to INDEFINITELY POSTPONE this Article.

(To transfer the sum of $25,000.00 from the Community Preservation Committee's Historic Reserve Account for the preservation and moving of a c 1850 barn from Grove Street to South Shore Natural Science Center……)

There being no further business to discuss, at 10:30 PM., a motion to dissolve this Special Town Meeting was made by the Moderator, seconded, and UNANIMOUSLY VOTED to do so.

2003 REPORT OF THE BOARD OF REGISTRARS

On January 1, 2003, the population of Norwell was 10,116. The number of residents/voters fluctuates from month to month. As of December, 2003, the breakdown of voters was:

Democrat	1,595
Republican	1,486
Unenrolled	3,642
Libertarian	36
Green-Rainbow	8
Interdependent 3rd	1
TOTAL VOTERS	6,758

Special Voter Registration hours were held twenty days before the Annual Town Election and the Annual Town Meeting. At that time the Town Clerk's office was open from 8 am until 8 pm for this purpose.

Special Voter Registration hours for the Special Town Meetings were held ten days before the meeting; again, the Town Clerk's office was open from 8 am to 8 pm.

From January 1 to December 31, 2003, a total of 92 new voter registrations were received:

Democrat	27
Republican	17
Unenrolled	48

As a result of 1) not responding to the Annual Town Census; 2) having a family member cross off a voter's name on a Census; 3) or receiving notice from the post office that a voter has moved out of Town, 79 voters were made "Inactive". A "Confirmation Mailing Notice" is mailed to each of these voters. If we do not hear from them, they are left on the "Inactive" list through the next two State elections. Then, with proper notice, their names can be permanently removed from the list.

The Board of Registrars will miss one of our members, Harold E. Tuttle, who resigned in the fall because he and his wife Susanne, who was an Election Worker for many years, moved to Scituate. Thank you Harold for all your help and expertise and for always being available for the Special Voter registration sessions.

The requirements for registering to vote in Massachusetts are: one must be a citizen of the United States of America, a resident of the Town, and at least 18 years of age on or before the next election.

One may register to vote or change one's party affiliation at the Registry of Motor Vehicles or any other State Agency. Mail-In Registration forms can also be obtained at the Norwell Post Office and the Norwell Public Library, and of course, the Town Clerk's office.

The Board of Registrars and the Town Clerk can always use more people to work at the polls. If you are interested, kindly call the Town Clerk's office at 781-659-8072. Not only will you be paid an hourly wage ($8.91/hr), you will receive hot/cold beverages and a snack in the morning, lunch, provided by the School, and if it is a State Election, supper as well. In the afternoon, cold drinks and ice cream are available. It is a long day but the workers enjoy meeting all their friends and neighbors.

Respectfully submitted,
BOARD OF REGISTRARS
Regina T. Giordani, Chairman
George P. Kelly
Janice M. Lawson, Clerk
David A. Mayers, Jr.

REPORT OF THE BURIAL AGENT

The issuing of Burial Permits is one of the responsibilities of the Town Clerk, who is appointed annually as "Burial Agent" by the Board of Selectmen.

A Funeral Director may not bury or make any other disposition of a decedent without a Burial Permit. Therefore, it is a necessity for the Burial Agent to be accessible. The Town Clerk's office is open Mondays and Tuesdays from 8 am until 4:15 pm; Wednesdays, 8 am until 7:30 pm; Thursdays, 8 am until 4 pm; and on Fridays, 8 am until Noon.

Arrangements have been made with the Communications Center at the Norwell Police Station, 40 River Street, (781-659-7979) for a Funeral Director to obtain a Burial Permit for a fee of $10.00, payable to the Town of Norwell, on a holiday or a weekend, if a satisfactory Death Certificate is received.

Respectfully submitted,
Janice M. Lawson
BURIAL AGENT

JURY LIST INFORMATION

Since 1986, Plymouth County towns have been included in the "ONE DAY/ONE TRIAL" jury system.

Selectmen no longer draw the names of prospective Jurors. The current procedure requires the Town Clerk/Board of Registrars to update the residents of the Town from the annual census into the computer which is connected to the Secretary of State's office. After notification to the Town Clerk, the Jury Commissioner requests the names and occupations of *every* resident—*whether or not a voter*—seventeen years and older from the office of the Secretary of State, (Central Voter Registry) on or before June 1 of each year.

From this list, which includes dates of births and occupations of all those names included, the Jury Commissioner prepares a randomly selected list of Jurors. A copy of this list is mailed to the Town Clerk's office where it is posted for inspection during the latter part of the year. Names on this list are subject to call for Jury Duty after January of the next year. (MGL, Ch 234A)

Respectfully submitted,
Janice M. Lawson
Town Clerk

(2003ReportofBdofRegistrars/TownClerk)

REPORT OF THE SUPERINTENDENT

There were several notable accomplishments in 2003, not the least of which was the completion of the fourth and final NORWELL 2001 project: the renovation of Norwell High School. Thanks to NORWELL 2001, the School Building Committee and the farsightedness of the voters, Norwell now has four state-of-the-art schools. Renovations to Norwell High School included totally upgrading all the electrical, mechanical, and plumbing systems, adding new windows, and new furniture, fixtures, and finishes. In addition, the educational facility has been thoroughly modernized to reflect changes in educational programs.

The old Blue and Gold houses have been transformed into the Lower House and the Upper House. The former primarily houses classes for 9th and 10th grade students, while the latter is for 11th and 12th grade classes. Accordingly, the Lower House's academic program focuses on providing all freshmen and sophomores with the basic skills and knowledge needed in high school and prepares them for the state's MCAS examinations. Due in large measure to the accelerated nature of our elementary, middle, and secondary educational programs, completion of studies in the Lower House is, in many respects, comparable to finishing a basic high school course of study just a few decades ago.

The Upper House is designed to prepare juniors and seniors for the post secondary world they will be entering, be it university, community college, employment, or the military. The basic skills learned in the Lower House are refined, and independent research, critical thinking, and collaborative problem solving are emphasized. Twelve different Advanced Placement courses are available to Upper House students, as well as a wide array of electives for seniors. Writing and research skills are stressed throughout, as are science and mathematics since four years of these subjects are now required, along with four years each of English and social studies, and three years of a foreign language.

State-of-the-art science laboratories, computer labs, and modern classrooms wired to the Internet can be found in each house. And, as is the case for many other professionals, all teachers now have an office area within their own classrooms equipped with a telephone, computer, printer, and scanner. Other changes at the high school include a Little Theater which seats approximately 300, totally refurbished auditorium and gymnasium, a foreign language wing with a digital language lab, a pre-engineering suite of rooms for graphic arts, computer repair, robotics and fabrication, and two new art rooms. Those who recall lunch trays rumbling along the length of the spine to the cafeterias will be happy to learn that a brand new cafeteria is now adjacent to the kitchen and, at a time when school security is of paramount importance, the administrative offices have been moved from the second floor to the first floor next to the main entrances.

What hasn't changed, however, is the teachers' strong commitment to students. Such commitment transcends improvements to facilities and innovations in curriculum. From the elementary schools, through the middle school, to the high school, our faculty's challenging yet caring approach to their students is second to none. Emblematic of this is the fact that the Class of 2003 accomplished a significant milestone. This is the first class that was required to pass the grade 10 MCAS examinations in English and mathematics in order to graduate. I am pleased to report that all students in the Class of 2003 who were scheduled to graduate did so.

Veteran School Committee member and Chair Pat Kelley stepped down from office in 2003 after six years of faithful service to Norwell and our students. Tom Evans also retired in 2003 following a highly successful seven-year tenure as principal of Vinal School. New mathematics series at the elementary and middle school levels were adopted in 2003. Both programs emphasize problem solving and higher level mathematics skills, while the elementary series addresses shortcomings in computation found in the earlier program. The final deployment of new computers acquired through the NORWELL

2001 project was also made in 2003, bringing the total number of computers in Norwell schools to just over one thousand.

Yes, 2003 was certainly another year of significant accomplishments, yet those accomplishments would not have been possible without the cooperation and support of the entire school community: teachers, students, parents, support staff, administrators, school and town officials, and citizens. Working together, you have helped to provide all of our students with the *Pathways to Success* for which our schools are so well known.

Respectfully submitted,

Donald J. Beaudette, Ed.D.
Superintendent of Schools

SOUTH SHORE REGIONAL VOCATIONAL-TECHNICAL SCHOOL DISTRICT

Budget Cuts Result in Staffing and Program Reduction

Like all of our District member communities and school systems, South Shore Vo-Tech was dramatically impacted by the Fiscal Year 2004 State Budget losses, even more so in some respects, as regional school districts across the Commonwealth were among the most severely affected entities. Lost regional transportation aid alone has resulted in significant service adjustments for Vo-Tech students. In summary, South Shore has been forced to eliminate an English position, eliminate the reading teacher position and program, reduce the Special Needs staff, cut sports program offerings, reduce staffing in two vocational programs, begin phasing out the school's Industrial Technology program, cut Physical Education and cut back clerical positions and instructional classroom aide support. Just as importantly, in addition to personnel losses, supply budgets were slashed and Capital and Equipment budgets totally eliminated. These line items constitute a critical lifeline in a vocational technical school, the means by which an institution stays current with rapidly changing technologies. Needless to say, the hopes are for better financial days.

Extremely responsive to community needs and expectations, South Shore's originally submitted budget and assessments passed unanimously in the District's eight towns. The eventual compromise State Budget legislatively required a recalculation of assessments, resulting in a re-shifting of member town responsibilities, some dramatic in their change, but eventually resolved. Fiscal year 2005 most certainly looks to present new challenges.

Despite the financial thunderstorms, the past year has represented one of tremendous accomplishment at Vo-Tech. Continued progress by students in the State's MCAS Assessment program saw ninety-nine (99%) percent of South Shore's Class of 2003 reach the mandated competency determination criteria necessary for graduation. This represented the strongest performance by any of Massachusetts' twenty-six (26) regional vocational technical schools. Similarly, the students in the classes of 2004 and 2005 are demonstrating strong skills acquisition and remediation successes, also comparing favorably with students in like school environments. Of particular accomplishment, South Shore's math scores on MCAS are improving impressively, with increasing numbers of students scoring in the proficient and advanced categories.

While last year witnessed the school's year long self-study within the framework of accreditation review by the New England Association of Schools and Colleges – Commission on Technical and Career Institutions, Fall 2003 will have experienced the arrival of a twenty-five member peer visiting team/committee for a four day evaluation process. All phases of South Shore's educational and operational mission and status will be examined and a report generated for Spring 2004 action by the NEASC.

South Shore Viking athletics had a particularly memorable year as the 2002 Football squad returned to the Division VII Super Bowl stage and emerged victorious with a resounding 34-0 victory over previously undefeated Charlestown. The other Viking teams, Drama Club, Student Government and activities, Skills USA/VICA, Ford/AAA Competition, Parents Association and community service efforts all generated successes and growth by students over the last twelve months.

Wherever possible, South Shore's long range plans for continued facility upgrades also made progress. Completion of a small exercise and training area in the gymnasium, computer lab troubleshooting upgrades in the Electronics program, completion of the building's intranet network wiring, a desktop publishing lab in Graphic Arts and a replacement of the facility's 40+ year old emergency generator headed a busy year in terms of the regional school's infrastructure.

Very positively, Vo-Tech Three Year Project 550 plan has witnessed enrollment growth to near maximum levels. More and more students, parents and community at large citizens are seeing the very real potential of a strong vocational technical school experience on the educational lives of young men and women.

Currently, 18 of the total enrollment of 556 are from Norwell. June of 2003 celebrated the graduation of the following students from the town: Sarah Daly, Heather Frattasio, Alison Hunter and Andrew Ormsby.

Whether it is the interaction with member town committees over budgetary realities, continued MCAS growth, the NEASC accreditation process or a community service project, South Shore Vocational Technical High School stands ready to continue a strong regional partnership with the area town communities.

South Shore looks forward to another dynamic year of service to students and our community constituencies, and to providing the very best career and technical education resources possible.

Respectfully submitted,

Robert L. Molla, Jr.

NORWELL PUBLIC LIBRARY

This has been a year of transition for the library. After twenty-three years of service, the director, Diane Kadanoff, retired. During her tenure she created one of the most well respected library collections on the South Shore, and we thank her for her many years of distinguished service to the citizens of Norwell. Rebecca Freer, former library director in Halifax and assistant director in Pembroke, became director in August.

Circulation of library materials for FY 2003 was 127,569. There were 133 sessions of juvenile programs, with attendance of 3,140, and 133 sessions of adult programs, with attendance of 2131. Children's programs, many sponsored by the Friends of the Library, included Books for Babies, Story Hour, summer reading activities, Middle School Murder Mystery, a read-a-thon, puppeteer, science and storytelling programs. New adult programs instituted this year include an adult book discussion group, Scrabble night and visits from authors. A program was established with the cooperation of the Council on Aging, by which books are provided to the homebound according to a reader profile submitted by the client. Books are delivered by volunteers.

Passes are available to the Museum of Science, the Children's Museum, the Isabella Stewart Gardner Museum, the New England Aquarium, Plimoth Plantation and the Roger Williams Zoo in Providence.

Eagle Scout Erik Jarva added a walkway and benches this past winter to a reading area at the library entrance. This additional seating area provides solitude and peace in a lovely wooded setting.

We were awarded a grant of $8,200 from the Board of Library Commissioners to purchase materials, provide lecture series and create an electronic newsletter. The grant will target issues related to the future.

We thank all our volunteers for their many hours of service.

Respectfully submitted,
Rebecca Consolo Freer, Director

NORWELL POLICE DEPARTMENT

I herby submit my fourth annual report to the town as Chief of Police. The year 2003 saw continual change at the Norwell Police Department. The department continues to progress in meeting the policing needs of the 21st century. We continue to seek training opportunities that will prepare our staff to address the challenges they will face.

Patrol Officer Robert Hurley resigned from the department on November 21st in order to pursue a career with the Boston Police Department. Officer Hurley began his service to the town of Norwell in May 1998. We wish Rob the best in his new career. The department continues to work closely with the Norwell School Department. Officer John Melvin is in the middle school throughout the year acting as an instructor in the "LifeSkills" program. In addition several officers have visited the elementary schools to interact with the students. Police Prosecutor Chris Nichols lectured at Norwell High School informing the student about the court process in a criminal prosecution. In 2003 department hosted a student from Norwell High School as part of the new internship program. The program allows the student-intern to experience the day-to-day activities that occur in the Norwell Police Department. The intern is required to

prepare a report on his experience throughout the internship. We will continue to participate in this valuable program.

The Norwell Police joined departments from Hingham and Scituate together with the Plymouth County District attorney's Office and the South Shore Women's Center in a successful grant application to better address the problem of Domestic Violence. Through the grant, we have access to a domestic violence advocate who will provide confidential services to victims of domestic violence. In addition we are working together with the District Attorney's office in a program of "Vertical Prosecution" of all domestic violence cases. This program will help insure that each D.V. case will be prosecuted in a swift and effective manner.

Traffic persists to be a concern for the department. All complaints from residents are responded to as quickly as possible. We have added new, updated radar units as a result of a grant from the Governor's Highway Safety Bureau. We plan to continue our enforcement program throughout the town adding specialized directed enforcement patrols during high volume periods.

I wish to thank the members of the police department, the members of the Emergency Communications Center and the members of the Norwell Fire Department for their continued effort throughout the year.

Respectfully submitted,

Robert M. Galvin
Chief of Police

Norwell Police Department
Report for 2003

Part 2 Crimes

Burglary Residence	18
Burglary Non-residence	9
Shoplifting	17
Larceny	85
Stolen M/V	2
Total Part 2 Crimes	**131**

FIRE & AMBULANCE REPORT

I would like to start my annual report by thanking all of the residents and businesses in town for their continued support of the Norwell Fire Department during the year 2003.

The year was very productive and we achieved the goals set in our long range-planning schedule. Once again we saw an increased demand for emergency medical services. Our ambulance responded to 949 emergency medical calls with 710 patients transported to local area hospitals. The paramedic unit from the South Shore Hospital assisted our personnel with 343 patients last year. Two patients required Med Flight and were flown to a Boston Hospital Trauma Center due to the severity of their injuries.

During the year we upgraded the level of emergency medical services we provide to the paramedic level. This is the highest level of service available and with the South Shore Hospital phasing out their paramedic program, the town has been able to provide uninterrupted paramedic service. Presently we have six paramedics on staff and three of the current firefighters have volunteered to become paramedics. This will allow for two paramedics to be assigned to the ambulance at all times. We are a community based service of cross- trained Firefighters / EMS personnel who are providing the best service possible in the most safe, effective, and efficient manner. This service has proven to directly affect the quality of life to several patients over the past year.

Over the summer months we spent several weeks with a compliance officer from the State Fire Marshall's Office ensuring that all gasoline service stations were in compliance with the current regulations, permits, and licensing information required.

Once again we applied for, and received, our ninth S.A.F.E. grant from the Commonwealth. These funds allow our personnel to spend time in the schools instructing our youth about fire safety and with our elderly on fire prevention and safety in the home. In October we hosted our eighth annual open house, which brought over three hundred and fifty residents to the station to view our apparatus and receive fire safety literature.

The department was very fortunate to replace one firefighter who resigned. Congratulations to George Doucette who was appointed as a Career Firefighter / Paramedic.

As in the past the men and women of the Norwell Fire Department have risen to every challenge and situation presented. They are a credit to the community and have gone above and beyond what has been expected of them on several occasions. In closing I would like to thank all of our personnel, Mrs. Davis our Administrative Secretary, the Emergency Communications Center Dispatchers, who are the lifeline between the residents and the fire service, the Norwell Police Department, and all other Town Departments for their quality service, support, and assistance throughout the year.

The following is an overview of our responses in 2003

Structure Fires	18
Cooking / Stove	8
Vehicle Fires	13
Brush Fires / Outside Fires	37
Motor Vehicle Accidents	443
Emergency Medical Responses	773
Medical Assists	15
Hazard Material Incidents	33
Power Lines Down	56

Electrical Problems	54
Lock Outs	143
Assist Police Dept.	12
Smoke Removals	110
System Malfunctions	204
Public Service	65
Mutual Aid / Fire	36
Mutual Aid / Ambulance	248

Respectively Submitted,
Paul W. Rosebach
Chief of Department

ANIMAL CONTROL DEPARTMENT

Animal Control is a part-time town service designed to assist residents that are experiencing problems or have questions about domestic pets and/or wildlife. This Department is allowed only 15 hours per week due to budgetary restrictions, but every effort is made to assist and resolve most problems that homeowners might encounter.

In the year 2003, the Department received 868 incoming telephone calls from residents requesting service or problem resolution. The Department received 259 service requests from the Police Department. Twenty-one complaint applications from residents were received and investigated.

The Animal Control office is located at Norwell Town Hall on the third floor. Appointments must be made to see the Animal Control Officer. The Department telephone number is 781-659-8012. All calls are returned within a reasonable period of time.

The biggest concern that was expressed during 2003 was the vast number of coyote sightings. Coyotes are abundant on the South Shore, and Norwell residents have close encounters with these animals on a daily basis. Please call for the Department's Standard Operating Procedure concerning coyotes if you feel threatened. The Standard Operating Procedure was issued by the Massachusetts Department of Fish and Wildlife Services.

Please contact the Animal Control Officer if you have concerns or questions, or a sensitive neighborhood issue with domestic pets, barnyard livestock, or wildlife. I will assist you in every way possible within the guidelines of the federal, state, county and town law.

Respectfully Submitted,
Paul W. Murphy

NORWELL HIGHWAY DEPARTMENT

The 2003 season for the Highway Department begins much the same as each and every year clearing snow & ice from our public ways and parking lots for commuters, schools buses, and emergency equipment. The winter of 2002-2003 was an above average winter with the crews sanding 78 times and

plowed 16 times for a total snowfall of 111 inches.

The constant weather changes here in the North East corner of the region keeps road crews busy making repairs to roadway surfaces to keep them free from defects such as potholes and shoulder failure providing safe traveling surfaces.

As soon as the weather breaks in the spring, cleanup begins by street & sidewalk sweeping, catch basin cleaning, sign repair, and sod repair from plow damage. Maintaining & clearing the streets of road sand & debris not only keeps the drainage system clear and functioning properly, but it also keeps the Town in compliance with the Storm Water Phase II Rules & Regulations which helps us to protect our water resources areas such as wetlands and aquifers ensuring cleaner water for drinking, recreation and environmental concerns.

In April, the Highway Department in conjunction with P. A. Landers, Inc. patched portions of Main Street using 741.6 tons of asphalt at a cost of $23,694.12 and rented from Nations Rental an asphalt grinder for a week to grind out defective areas & patch Main Street, Circuit Street, and Wildcat Lane at a cost of $2,336.50.

Beginning in May the mowing of roadsides is done to prevent brush from growing up and taking over the shoulder areas making it easier to pull off the road in the event of an emergency and to accommodate walkers.

Throughout the summer months and into the fall, maintenance lists are endless. Drainage structures & pipes are repaired and replaced, roadside shoulders are filled in with process material to prevent asphalt damage and provide a safer area for pull-offs, bikes, and walkers. Pothole repairs and repaired water services are dug out and patched with hot asphalt mix. Sign repairs and replacements are done as needed, along with the numerous requests from the citizens.

In October, the asphalt grinder was rented to prepare the necessary key way cuts for the department to apply a base coat on Common Street, Pine Street, Circuit Street, Grove Street to Prospect Street, and Walnut Road for a total of 4,720.11 tons of asphalt at a cost of $150,807.52. A top coarse will be applied in the Spring of 2004. A new drainage system was installed on Walnut Road to alleviate the constant flooding problems at that location for many years. The grinder was then used to repair defective areas on Grove Street, Norwell Ave., Mt. Blue Street, Old Oaken Bucket Road, May Elm Lane, Winter Street, South Street, and Circuit Street.

The fall months bring us back full circle making last minute repairs, clearing the open drainage ditches of leaves to allow proper flow, going through the snow removal & de-icing equipment to make any necessary repairs and stocking up on supplies such as sand, salt, liquid calcium, plow cutting edges, etc. to make ready for the long days and nights of snow & ice removal.

In conclusion, I would like to thank the Highway Department personnel: Chris Cowden (Foreman), Steve MacInnis, Mark Allegra, Mark Walther, Andrew Snow, Linda Murphy, and the Town's Recycling employee's William Gunderway & Harold Tuttle. I would also like to express my appreciation to the plowing contractors for helping to keep Norwell's roads safe for the traveling commuters, and to the many Boards, Committees, and Commissions, for their continued cooperation and assistance.

Respectfully submitted,
Paul M. Foulsham, Highway Surveyor

DEPARTMENT OF LANDS & NATURAL RESOURCES

As is the norm for this time of year our time is split between indoor and outdoor work. The grounds equipment used throughout the year such as, mowers, tow behind equipment, tractors, saws, etc. are inspected and repaired for next seasons use. Bench repair, and trash barrels are also repaired and painted.

When weather permits, and when not out plowing with the Highway Department, outdoor work consists of tree removal & trimming, wood splitting at the Recycling center, branch clean up and burials at the Washington Street Cemetery.

As soon as the weather breaks, this year the last week of March, work began on the Athletic Fields with turning & drying the baseball infields, lining for events, de-thatching, aerating, seeding etc. The Varsity football field was rebuilt by adding 200 yards of loam to reform the crown, and re-seeding with 400 lbs. of athletic blend seed along with being hydro-seeded. The remainder of the athletic fields were treated with 5,200 lbs. of fertilizer and 1,000 lbs. of grass seed.

The Washington Street Cemetery was also cleaned up & swept while performing five interments.

The month of May was spent on continued athletic field maintenance with another 4,000 lbs. of fertilizer and 2,000 lbs. of grass seed applied. Two more weeks were spent getting the cemetery up to par with two more interments.

As school activities slowed down in June, so did the field marking but, not mowing and maintaining. When school closed for the summer, 4,700 lbs. of fertilizer with grub control was applied to the fields along with 1,800 lbs. of pelletized lime.

July was the beginning of a wet summer. 83 stumps that were left from previous removals were ground down and the area loamed & seeded. Mowing of fields and public buildings was practically non-stop. The roadside flail mower also went out as much as possible. There were three more interments at Washington Street Cemetery.

August was wetter than normal keeping the mowers busy and preparing for the beginning of school sports. All the athletic fields used in the fall had to be layed out & painted with another 5,000 lbs. of fertilizer applied to the various playing fields.

September found the department mowing, marking, & performing field maintenance for most of the month. The two vacant positions on the Department were filled bringing the department back up to its full compliment of five fulltime employees.

The flail mower continued roadside mowing and 15 hazardous trees were removed.

In October the 1st half of the month was utilized in maintaining, mowing, and marking out fields. On the 15th of this month a windstorm hit which brought down about a half dozen large trees in a matter of minutes one tree exceeded over 45" in diameter. For the next week, the department cleared and chipped brush & hauled the logs to the Recycling center at the highway yard.

8,550 lbs. of winter fertilizer and 2 tons of lime was applied to the High School complex, Washington Street Cemetery, the Middle School, Cole School, Vinal School, Pine Street Soccer field, Little League complex, Osborne field Complex and public buildings.

Cold weather in November brought the mowing & field maintenance to a close. An aerial bucket truck was rented for 2 weeks in which this department removed 29 hazardous trees & trimmed 18 additional trees around town. There were four more interments & ten days spent at the cemetery performing maintenance. The last part of November the department spent cleaning and raking leaves and installing snow stakes around public buildings and schools leaving us to make ready for the winter months ahead.

In December, 23 more tree stumps were ground out, loamed and seeded along with the aerial bucket truck being used for four more days of hazardous tree removal & trimming. On the night of the 5th, a snowstorm hit and this department assisted the Highway Department in plowing & sanding efforts along with the clean up of numerous small trees and branches that were damaged during this storm.

This year, with the department back up to full compliment, 133 dead or hazardous trees were removed, 106 stumps were ground out loamed, seeded with numerous trees trimmed throughout town. The athletic fields and public grounds were maintained throughout the year to ensure the safest possible playing conditions along with the Washington Street Cemetery looking its best.

In conclusion, I would like to thank the Tree & Grounds Department personnel: Mark Smith (Foreman), James Murphy, William Lavery, Eugene Fasoli, & George Brazil. I would also like to express my appreciation to the many Boards, Committees, and Commissions, for their continued cooperation and assistance.

Respectfully submitted,

Paul M. Foulsham, Director or Lands & Natural Resources
Mark E. Smith, Foreman

NORWELL CEMETERY COMMITTEE

During the calendar year 2003 there were 33 burials at Washington Street Cemetery. A total of 34 new lots were sold. The sum of $31,956.25 was turned in to the Treasurer/Collector.

A new storage building was constructed at the rear of the cemetery, providing ample space for storage of cemetery equipment and for light repair work. This building replaces the old stone one which was no longer adequate for cemetery maintenance needs.

Because of a town-wide hiring freeze, our cemetery worker was not replaced in the spring. The Tree and Grounds Department was called upon to cut the grass but other work on the grounds could not be accomplished. However, in September, Eugene Fasoli was hired to fill the vacant cemetery position. He then worked tirelessly to catch up on some of the projects that had been placed on hold.

One of the projects involved the circle and monument at the entrance to the cemetery. Old stones and weeds were removed from the walkways and replaced with new stone dust. The overgrown lilacs were removed from the center of the circle. New plantings will be done in the spring.

Another project was the removal of some of the overgrown shrubs on various lots and the trimming of others. Lot owners are reminded that shrubs should be kept small. Those deemed by the committee to be

overgrown will be removed. Anyone who wishes to have their overgrown shrubs removed should speak to the cemetery worker.

The remainder of available lots at Washington Street Cemetery have been marked for future sales. There are approximately 200 lots in this last section. Lots continue to be available to town residents at $500.00 each. Call the Town Clerk for more information regarding sales.

With the transfer of funds at last year's town meeting, it is expected that engineering and land surveying services should be started this spring at the new cemetery site on Wildcat Lane. Then an article can be presented at another town meeting for the actual development of the cemetery on part of the 20 acres of cemetery land.

The Cemetery Committee meets on the fourth Wednesday of each month at the Town Office Building at 7:00 p.m. Visitors are always welcome.

Respectfully submitted,
Gertrude H. Daneau, Chairman
Mary C. Lizotte, Secretary
Theodore H. Baldwin
Joanne Molla Goldman
Francis J. Nagle

BOARD OF WATER COMMISIONERS

Annual Town Meeting in 2003 approved funding for a $7.2 million water facilities project. A two percent interest loan was secured from the Massachusetts Drinking Water State Revolving Fund (DRSF) in a competitive grant round to finance the improvements. This represents a grant of two million dollars for the Town's project, which consists of the following improvements to the South Street Well Field and facilities:

- A new 800 gallon per minute well (Well No. 11);
- A new treatment facility to process water high in iron, manganese, hydrogen sulfide, and organic color from Well No. 11; and
- The construction of a 4,000-foot cross-country water main to distribute a portion of the additional volume of water to residents from the South Street plant complex to Tiffany Road.

The project will enable the Water Department to additionally support water flow to the south-of-Route 3 section of Norwell, improve the pumping capacity of the South Street Well Field, and to better manage pumping during peak demands.

Unanticipated finds of pre-historic artifacts have resulted in both permitting delays and a proposed re-siting of the new Treatment Plant. Additional archaeological investigations are planned for Spring 2004, and initiation of construction is anticipated during the summer of 2004.

The Norwell Water Department (The Department) was pleased to serve 3,391 residential, commercial, municipal and industrial accounts during calendar 2003. This number represents an additional 63 accounts (2%) served over the previous year. The total volume of water pumped from our ten groundwater sources was 388,531,675 gallons; an increase of 5% over the previous year's production.

The average daily demand in 2003 was 1.06 million gallons per day (MGD) which also represents a 5% increase from 2002. In addition, the maximum amount of water pumped in one day rose from 1.97 MGD to 2.57 MGD an increase of 30%. Based on this data it is evident that our current water supply continues to be strained. Our South Street project will address this demand.

In 2003 the Department began a water meter change-out program. Older technology water meters are being replaced with radio transmitter equipped water meters. These new meters use a spread-spectrum technology that ensures data security and provides improved meter reading accuracy. It is the intention of the Department to phase in this new technology over a ten-year period.

Compliance with new EPA regulatory mandates continues to tax Department resources but will ultimately result in a higher quality more secure product being offered to residents. By June 30th 2004 the Department will have completed a Vulnerability Assessment and from that effort will develop an Emergency Response Plan. These tasks are being undertaken to comply with the Bioterrorism and Response Act of 2002 insuring safe and secure drinking water for residents. In addition, a new Disinfection By-Product Rule (DBPR) requires that the Department monitor for certain harmful byproducts

The Department conducted over 500 service calls during the year. This included the installation of new metering equipment and service valves; marking underground utilities and responding to customer inquires regarding water quality and water pressure. Road excavations required a major commitment of Department resources with 51 road openings. These road openings were required to renew 21 existing water services, replace 5 hydrants and repair 3 water main breaks in addition to installing 22 new water services.

The Department continues to monitor the effectiveness of its corrosion control treatment process by testing for lead and copper in select homes within the Town. As in 2002, sample results for 2003 continue to show negligible or zero levels of lead and copper in your drinking water. In addition, the Department's corrosion control process continues to minimize the number of service leaks throughout the Town.

2003 saw the retirement of Diane McCarthy, the Department's Administrative Secretary since 1997. We thank Diane for her excellent service and dedication during her time at the Department. Meter Reader/Clerk Nancy Dooley filled Diane's position. Theresa Graham in turn filled the vacancy at the Meter Reader/Clerk position. Both Nancy and Theresa are proving to be valuable assets to the Department in their new roles.

We would like to take this opportunity to thank Water Superintendent John McInnis, Foreman Steven Gatanti, Treatment Plant Operator Neal Merritt, and Water System Mechanics Marc Spinella and Scott O'Keefe for their fine dedication to task and for their superb ability to communicate and address issues with water customers, contractors, consultants, and Town officials.

We would also like to thank all the other Town of Norwell boards, commissions, and committees who have offered their cooperation, guidance and support during the past year.

Water Commissioners
Steve Ivas, Chairman
Fred St. Ours
Peter Dillon

BOARD OF HEALTH

2003 closed out on a very busy note. With the early onset of flu season, and the severe flu strains reported worldwide, the demand for flu vaccine shots was at an all time high. By the time the vaccine supply was exhausted, the Norwell VNA had administered over 1,000 flu shots and held at least a dozen clinics. The Board would like to express its appreciation for another great year of nursing service provided by the VNA and looks forward to a healthy 2004. Only one (1) confirmed case of the flu was reported to the Board for 2003 and as of this writing on February 12, 2004 only two (2) additional confirmed flu cases have been reported, bringing the total to three (3).

In December the Board revised its Sewerage Disposal Regulations to address the increase in allowable percolation rates to 60 minutes/inch from the former maximum of 30 minutes/inch in Title 5. The Board will require increased lot sizes when the percolation rates exceed 30 minutes/inch for homes with four (4) or more bedrooms. This will allow for additional land to address drainage issues, which have become increasingly problematic as the town is developed.

Emergency preparedness has become a major focus area in Massachusetts and nationwide. Norwell is a member of the Mass. Dept. of Public Health Emergency Preparedness Region 4B, comprised of 27 communities in the metro Boston area. The Board anticipates receiving emergency preparedness funding in 2004 from MDPH. These funds are to be used for emergency preparedness activities as outlined by MDPH.

Tobacco control funding has been significantly reduced and the South Shore Tobacco Control Collaborative has had the majority of its staff eliminated. Compliance checks targeting merchant sales to minors are still conducted and the Board is pleased that the majority of Norwell merchants are strictly adhering to the local and state laws regarding sales to minors. The Board would like to commend Collaborative Director Jim Wells for a job well done with limited means.

The Board has once again extended the curbside Solid Waste and Recycling pickup contracts with Waste Management, Inc. for another year.

Board Chairman George Cavanagh was elected to another three (3) year term in 2003.

In addition to the VNA and Tobacco Control, the Board would like to extend its appreciation to its hard working full time staff consisting of Health Agent Brian Flynn, a Registered Sanitarian and Administrative Assistant Pat Cummings. Also, special thanks go out to long time alternate Health Agent Jim Jenkins, a Registered Professional Engineer and Food Inspector Bob Griffin, a Certified Health Officer for another year of excellent service in 2003.

Thanks also go out to all Boards, Commissions, Department Heads and the citizens of Norwell.

Peter M. Dillon

COUNCIL ON AGING

The Council on Aging has been in existence as a town department by way of unanimous vote since the 1964 Annual Town Meeting. Its main function remains the same today as it did 39 years ago. This is to provide **information, advocacy and resources to the older adults of Norwell.** It continues to be the community focal point for services and programs that can assist, support and supplement the concerns and needs of our residents, their families and friends.

The primary responsibilities of the Council on Aging focus on five pertinent areas; Information & referral, advocacy, outreach, transportation and education. During 2003, the Council on Aging met these responsibilities by the development and implementation of pertinent programs and services both here at the COA Center and in cooperation with numerous community agencies and organizations. At the end of the 2003 fiscal year, we provided services and/or programs to over 600 individuals with over 36000 units of service given via the aging network and support system.

The **Outreach Program** continues to be one of our top priority programs. Outreach is defined as a support service for the older adult. Outreach works with those older adults who may need support and/or assistance with home care, fuel assistance, transportation or may be in an "at-risk" situation. The Outreach Coordinator works with families, agencies and local resources to insure all is being done to assist and support the older individual within their home.

Volunteers continue to be the backbone of our department. In 2003 we were most fortunate to receive over 6000 hours in volunteer service from over 85 different individuals. Examples of this dedication and commitment range from providing medical transportation; program instruction and support; assisting in the office; or delivering meals to homebound elders. This dedication from so many has saved the community over $100,000 per year!

Transportation is another responsibility and necessary asset to our operation. With the expertise of 2 part-time drivers we provide over 30 hours of transportation services weekly encompassing over 6900 trips per year. In addition to the transportation program with the COA van, we have special transportation services for medical appointments that cannot be served through our own van and a back-up system of volunteer drivers that allow us to provide the best service possible. A transportation grant program allows us to provide appropriate transportation into Boston and other medical facilities outside the South Shore area. This is funded via competitive grants through the Older Americans' Act, the Executive Office of Elder Affairs and South Shore Elder Services.

In addition to the above core services, the Council has developed special programs such as a daily Telephone Reassurance Program to elders in the community and a Senior Work program that is now in its 5th year.

We would like to take this opportunity to express our appreciation to the volunteers who are the mainstay of operations; the "Friends of the Norwell Council on Aging" for their program and financial support; the support and dedication of our staff; other Town Departments and the residents of Norwell.

Ann Valair, Chairperson

Rosemary O'Connor, Director
Diane M. McCarthy, Outreach Coordinator

NORWELL CULTURAL COUNCIL

This year, the Cultural Council adopted the state designation replacing the former title of Arts Lottery Council. This made no difference in the modest allocation of $2000 from the Massachusetts Cultural Council for 2004. The forecast for the 2005 budget is just as modest.

In October 2003, the Council members reviewed 31 applications and funded 20 projects, with awards ranging from $100 to $500, which funded only a portion of each project's cost. Preference was given to applications from within the town or from outside the town for performances or activities to take place within the town. Awards totaled $4000 by utilizing previously allocated funds that had not been used because of changes in project plans.

On May 2, 2004, the Council will undertake its first fundraising activity, a day of concerts by the Granite Statesman Barbershop Chorus and Quartets to be held at Norwell High School. This chorus is internationally ranked and was the Champion of the Northeast District for the past five years. The feature quartet is Club NED, which won the district championship in 1999.

Members of the Council hope that the infusion of private funds from this fundraising activity will permit the Council to aggressively encourage art and cultural activities for a cross-section of the community with special attention to the elderly and the cross-cultural populations in the town. We will also be exploring the offering of continuing education courses for town residents or other interested individuals through whatever mechanisms may be available.

Respectfully submitted,

CUSHING CENTER BOARD OF DIRECTORS

The Board of Directors are pleased to submit our annual report of activities for 2003 to the residents of Norwell for review and consideration.

It has long been my personal contention that what makes Norwell a truly great community is the commitment and dedication of those people who have chosen to be employed by our Town. Your Cushing Center is certainly no exception. We are extremely fortunate to have the dedication of our Executive Director, Mary Lou O'Leary and our maintenance staff, Bruce and Bryan Melanson. Mary Lou's enthusiasm is infectious, and Bruce and Bryan continue to quietly and efficiently keep the facility in top notch condition.

Happily the Cushing Center continues to be well used by Norwellians and our neighbors. Our wedding and function rentals remain very strong. As a director of the Cushing Center we have the privilege of receiving many compliments to Norwell for our foresight and good fortune in providing such a unique and wonderful facility. Additionally several Norwell groups such as our Parent Teachers Associations,

the Norwell Men's and Woman's Clubs and various other local associations have been able to utilize the facility through out the year for various functions and benefits.

Looking ahead our function rentals remain strong. The first floor space office space is fully rented. The building is generally in good shape although we are beginning to consider the replacement of the existing windows. Like many things built in "the good old days" they were built well, but time and New England weather are beginning to take a toll on them. It may be the time to install new, energy efficient windows in the hopes of countering our steadily increasing fuel costs as well as improved ventilation during the warmer months. The challenge for our board is to develop a plan for replacement that will not alter the beautiful fenestration that exists today.

Once again the Cushing Center had a financially successful year as well. An overview of our budget is as follows:

Cushing Center Salaries and Expenses		$42,868.31
Income received		
Office space rental	$26,700.00	
Function hall rental	$24,212.50	
Sub total income $52,985.00	$50,912.50	$50,912.50

RETURNED PROFIT TO NORWELL $ 8,044.19

A special thank you is due to the crew from Norwell Tree and Grounds for their extra effort in pruning and cleaning up trees and shrubbery that surrounds the building. Once again we must thank the North River Gardeners for allowing us to provide a backdrop for their beautiful handiwork.

For the Board of Directors
Jef Fitzgerald

METROPOLITAN AREA PLANNING COUNCIL

The Metropolitan Area Planning Council is the regional planning and economic development district representing 101 cities and towns in metropolitan Boston. In addition, the Council shares oversight responsibility for the region's federally funded transportation program as one of 14 members of the Boston Metropolitan Planning Organization. The Council's legislative mandate is to provide technical and professional resources to improve the physical, social and economic condition of its district, and to develop sound responses to issues of regional significance. The Council provides research, studies, publications, facilitation and technical assistance in the areas of land use and the environment, housing, transportation, water resources management, economic development, demographic and socioeconomic data, legislative policy and interlocal partnerships that strengthen the operation of local governments.

The Council is governed by 101 municipal government representatives, 21 gubernatorial appointees, and 10 state and 3 city of Boston officials. An Executive Committee composed of 25 members oversees agency operations and appoints an executive director. The agency employs approximately 30 professional and administrative staff. Funding for Council activities is derived from contracts with government agencies and private entities, foundation grants, and a per-capita assessment charged to municipalities within the district.

In the past year, the Council has focused on initiatives that respond to regional challenges, some of which include:

- **Municipal planning:** working with more than 25 communities under the Executive Order 418 program. EO 418 provides communities with up to $30,000 in state funding to undertake overall visioning on local planning issues, including housing, economic development, natural resources, and transportation.
- **Bringing advanced technology to cities and towns in the region:** a contract with Pictometry International will provide aerial photographic images that municipal departments, including police and fire, can utilize to improve service delivery.
- **Adoption of smart growth principles:** MAPC developed and adopted principles of good planning practice that will encourage sustainable patterns of growth to benefit people living throughout the metro Boston region. MAPC is also a founding member of the Massachusetts Smart Growth Alliance.
- **Metro Data Center:** The Center is an official US Census affiliate, helping to distribute demographic data throughout the region, including demographic, economic, and housing profiles for all 101 communities in metro Boston.
- **Transportation planning:** as vice chair of the Boston Metropolitan Planning Organization, MAPC worked to develop the 25-year Regional Transportation Plan as well as the annual Transportation Improvement Program, including transportation spending priorities for the region. We also spearheaded development of transportation spending criteria, taking into account environmental, economic, and equity considerations.
- **Metropolitan Highway System Advisory Board**: MAPC staffs this board, established in 1997 by the Commonwealth to advise the Massachusetts Turnpike Authority on issues relative to land use, air rights, zoning, and environmental impacts associated with development of land owned by the authority.
- **Regional Services Consortiums:** The four regional consortiums established by MAPC collectively purchased $18 million in office supplies and highway maintenance services for its 31 member municipalities. The project also facilitates collegial forums among members' chief administrative officers focused on collaborative problem solving and resource sharing.
- **Metro Mayors Coalition:** Working with the mayors and city managers of 10 municipalities in the urban core on issues such as group purchasing, employee health insurance, security and emergency coordination, and municipal relief legislation.
- **Homeland security:** addressing homeland security issues by facilitating cross-municipal partnerships between police, fire, and emergency management departments to acquire and share equipment, and more generally to plan for emergencies involving multiple municipalities.
- **Hazard mitigation:** initiating a federally-funded partnership to produce a hazard mitigation plan to protect nine coastal communities in the event of natural disasters, including flood, winter storm, wind, fire, and geologic hazards.

Please visit our website, www.mapc.org, for more details about these and other activities.

Metrofuture: Making A Greater Boston Region

MAPC has launched a new civic process, called MetroFuture, to create an updated regional vision and growth strategy for metropolitan Boston. MetroFuture engages city and town governments, state agencies, non-profits, business, labor and academic groups in this planning process. The outcome will be a vision and growth strategy that puts the region on a sustainable path in terms of land use, economic, environmental and social issues. MAPC will need the support of a broad range of organizations in the

region to help plan, fund and implement this new framework for addressing the challenges facing metropolitan Boston.

The effort to create this new strategy was launched on October 29, 2003 at a Boston College Citizens Seminar. More than 400 citizens from a wide range of local and regional groups attended the event, and expressed their opinions on the region's resources and challenges as well as their own visions for the future. This input will be critical as we move to the next phase of this exciting multi-year project. Please visit the project web site, www.metrofuture.org, for more information.

South Shore Coalition (Cohasset, Duxbury, Hanover, Hingham, Hull, Marshfield, Norwell, Pembroke, Rockland, Scituate, Weymouth)

This year, the representatives of the 11 communities in the South Shore Coalition (SSC) Sub Region met monthly to discuss issues of mutual interest and interlocal significance. The SSC set transportation priorities and ranked projects based upon sub regional goals for input to the State funding organization; provided sub regional input to the Regional Transportation Plan and ongoing proposals for transportation studies for the region; heard presentations relating to Zoning Reform legislation, demographic/employment projections and analyses for the region and Chapter 40B Affordable Housing Planned Production Guidelines; participated in the on going efforts of Vision 2020 a partnership for Southeastern Massachusetts; were provided with information relating to, Pictometry, a new aerial photography available to communities through a Massachusetts Highway Department program; and planned a sub regional Visioning event in conjunction with the MAPC Regional Vision and Growth Strategy. The communities also benefited and learned lessons from each other through monthly discussions pertaining to ongoing activities in communities, such as the redevelopment efforts taking place at the former South Weymouth Naval Air Station.

MAPC Annual Report prepared and submitted by Marc D. Draisen, Executive Director, Metropolitan Area Planning Council.

PLYMOUTH COUNTY COOPERATIVE EXTENSION

The role of Plymouth County Cooperative Extension is to deliver research-based information to Plymouth County residents through non-formal methods. The Plymouth County Extension staff work, in concert with UMass Amherst Faculty and Extension staff on behalf of the United States Department of Agriculture, to provide valuable information in Extension's four major program areas: Agroecology; 4-H Youth and Family Development; Nutrition Education initiatives; and Natural Resources and Environmental Conservation. The Extension System is supported by County, Federal and State funds, and operates under Federal and State laws and agreements. Local citizens, appointed by the Plymouth County Commissioners, serve as Plymouth County Cooperative Extension Trustees, directing the overall program. Volunteer advisory groups work with Extension staff on developing specific programs.

Cooperative Extension resources and programs for Plymouth County include: garden lectures, fruit pruning demonstrations; pesticide applicator training and licensing exams; the annual UMass Extension Garden Calendar; educational resource materials; training and resources for green industry professionals and youth service agencies; accredited overnight 4-H summer camps; and teacher workshops and resources. New research findings are translated into practical applications and shared with people and communities through workshops, conferences, field demonstrations, radio and television, local libraries,

technical assistance, and newspaper articles. Publications such as newsletters, booklets, and fact sheets bring information directly to those who need it. Additional information is delivered through office visits, phone calls, and UMass-Amherst Extension web access – www.umassextension.org .

The Plymouth County Extension office is located at P.O. Box 658, High St. Hanson 02341 (781-293-3541; 781-447-5946). Regional Extension programs are often conducted in Southeastern Massachusetts. UMass Extension also operates the Cranberry Experiment Research Station, located in Wareham.

Members of the Plymouth County Staff:

Michael D. Koski, 4-H Youth and Family Development Program
Amy S. McCune, 4-H Youth and Family Development Program
Deborah C. Swanson, Landscape, Nursery and Urban Forestry Program
Debra L. Corrow, Executive Assistant

Board of Trustees:

Michael Connor, Chairman - Halifax
Joseph Freitas - Plympton
Marjorie Mahoney - Hingham
Dominic Marini - E.Bridgewater
John Peterson - Halifax
Janice Strojny - Middleboro
Chris Wicks - Middleboro
Philip Wyman - Hanson
Plymouth County Commissioner Timothy McMullen – Pembroke

UMass Extension staff funded by Federal or State Program Grants: UMass Nutrition Education Program, 34 School St., Brockton 508-513-3475:

Andrea B. Gulezian, Supervisor
Maria Pique, Nutrition Educator
Joyce Rose, Nutrition Educator
Tammy Short, Nutrition Educator
Jennifer Anderson, Nutrition Ed.
Anita Sprague, Senior Clerk

PLYMOUTH COUNTY MOSQUITO CONTROL PROJECT

The Commissioners of the Plymouth County Mosquito Control Project are pleased to submit the following report of our activities during 2003.

The Project is a special district created by the State Legislature in 1957, and is now composed of all Plymouth County towns, the City of Brockton, and the Town of Cohasset in Norfolk County. The Project is a regional response to a regional problem, and provides a way of organizing specialized equipment, specially trained employees, and mosquito control professionals into a single agency with a broad geographical area of responsibility.

The 2003 season began with an above normal water table, which produced large numbers of spring and summer brood mosquitoes throughout the County. Efforts were directed at larval mosquitoes starting with the spring brood. Ground and aerial larviciding was accomplished using B.t.i., an environmentally selective bacterial agent. Upon emergence of the spring brood of mosquitoes, ultra-low volume adulticiding began. The Project responded to 11, 130 requests for service, the largest number since 1998.

We are again happy to report that in 2003 there were no human Eastern Equine Encephalitis or West Nile Virus cases in Plymouth County. The recurring problem of EEE and WNV to the northeast continues to ensure cooperation between this Project and the Department of Public Health.

West Nile Virus decreased during 2003 with 15 human cases statewide. Two horse cases occurred in Plymouth County during 2003, Rochester (EEE-9/27) and Plympton (WNV – 10/6). In 2003, 18 birds tested positive for WNV. To ascertain the risk to human health and horses, this Project continued placing mosquito traps in known infected areas from the year prior. The mosquitoes collected

were tested at the Massachusetts Department of Public Health for EEE and WNV. WNV was isolated from Culex species collected in Brockton (9/3 and 9/11). EEE virus was first isolated from *Culiseta melanura,* a bird biting species, from collections in Halifax on August 26, 2003. Five additional EEE isolates were collected from a Project New Jersey Trap (8/18, 9/9, 9/16, and two isolates on 9/23) in Pembroke. In an effort to keep the public informed,
EEE and WNV activity updates are regularly posted on our web site, *www.plymouthmosquito.com* and Massachusetts Department of Public Health at *www.state.ma.us/dph/wnv/wnv1.htm.*

The figures specific to the Town of Norwell are given below. While mosquitoes do not respect town lines the information given below does provide a tally of the activities which have had the greatest impact on the health and comfort of Norwell residents.

Insecticide Application. 4,536 acres were treated using truck mounted sprayers for control of adult mosquitoes. More than one application was made to the same site if mosquitoes reinvaded the area. The first treatments were made in June and the last in September.

During the summer 300 catch basins were treated to prevent the emergence of *Culex pipiens*, a known mosquito vector in West Nile Virus transmission. We also conducted a study in which we determined that 77% of all catch basins produced mosquitoes during the summer season. No West Nile Virus was found in our mosquito collections.

Aerial Application. Larviciding woodland swamps by helicopter before the leaves come out on the trees continues to be very effective. In Norwell this year we aerially larvicided 499 acres.

Our greatest effort has been targeted at mosquitoes in the larval stage, which can be found in woodland pools, swamps, marshes and other standing water areas. Inspectors continually gather data on these sites and treat with highly specific larvicides when immature mosquitoes are present.

Water Management. During 2003 crews removed blockages, brush and other obstructions from 2,190 linear feet of ditches and streams to prevent overflows or stagnation that can result in mosquito breeding. This work, together with machine reclamation, is most often carried out in the fall and winter.

Finally, we have been tracking response time, that is the time between notice of a mosquito problem and response by one of our inspectors. The complaint response time in the Town of Norwell was less than two days with more than 355 complaints answered.

Mosquito Survey. A systematic sampling for the mosquitoes in Norwell indicates that *Coquellittidia perturbans* was the most abundant species. Other important species collected include *Culiseta melanura* and *Aedes vexans.*

We encourage citizens or municipal officials to call our office for information about mosquitoes, mosquito-borne diseases, control practices, or any other matters of concern.
Raymond D. Zucker
Superintendent

Commissioners:
Carolyn Brennan, Chairman
Michael J. Pieroni, Vice-Chairman
Leighton F. Peck, Secretary
William J. Mara
Kenneth W. Ludlam, Ph.D.

NORWELL RECREATION COMMISSION

Norwell Recreation offered over 230 program opportunities to all ages and interests in 2003. There were

over 12523 program participants, which was slight increase over 2002.

NEW PROGRAMS 2003		
ADVENTURES IN SPACE	CRAB CATCHING	ICE FISHING
BATIKING	FENCING	KNITTING
BEADING	FIELD TRIPS – NEW VENUES	SCUBA DIVING

New programs always meet with varying degrees of success and these were no exception -- some were hits and some were not.

Other programs with a longer history continue. For youth we offered playgroups for toddlers and preschoolers, youth basketball, ski and snowboard lessons, gymnastics, afterschool arts, theater, science, fun activities, fitness programs, a variety of sports programs such as basketball, field hockey, golf, archery, cheerleading, lacrosse, tennis, baseball, and school vacation activities, the Egg Hunt, April Vacation Baseball/Softball, field trips, summer recreation playground programs for ages 3-grade 8, crafts, watercolors, golf, tennis, kayaking and lots of field trips. Some programs are cooperative efforts with local organizations or businesses like the baby sitting and parent's helper courses provided by the Norwell Visiting Nurses Association, Sunday Open Gym with South Shore ARC, fitness opportunities at Webb's Pro Fitness Center, the Women's Club Bunny Breakfast, the youth dances brought to the town by the Women's Club, the Fishing Derby cosponsored by Village Green Real Estate. For adults and teens we offer many activities such as workreation - a teen volunteer program, dog training, C.P.R., first aid, golf, coed volleyball, field trips, watercolor painting, skiing trips, yoga, and a variety of workshops and seminars. The Job Bank provides a list of teens willing to child sit, do yard work, and odd jobs, which gives residents a valuable resource. We will look into any program suggestion because others may like your ideas! You can see our imaginations (and resources) only limit the variety. So keep those ideas and suggestions coming.

The value and quality we offer seems supported by our high participant numbers. Budget moneys cover the administrative costs of providing recreation services and the staffing for the three general summer playground programs. In 2003, $16,725 was deposited into the general fund, which offsets our budget request of $126,542 so the bottom line for recreation was $109,817. In addition, more than $140, 000 was spent on activities totally supported by participant fees. All other activities and services (95% of the programs) have continued because the participants pay all costs with fees. It is our hope that Norwell voters continue to recognize the importance of recreation through public support and not just by one's ability to pay!

Program scholarships totaling $355 was used by five families and we welcome contributions to cover those costs. The Workreation program is where teens volunteer to assist in various capacities in exchange for credit toward recreation activities. We had 10 teens volunteer 345 hours! There were more than 1998 hours that adults volunteered with coaching, teaching, supervising field trips, conducting special events, program assistants, commission members, maintenance projects, etc. The equivalent cost value is over $16,000 if paid at minimum wage! That certainly deserves a huge thank you!
Norwell is fortunate to have commission members dedicated to public recreation programs and facilities. Chair, Par Richardson, members Ginny Maree, Mike Hnatkovich, Jill O'Loughlin, and Norma Tosney contributed time, energy, and various areas of expertise. Three members, Mike, Jill and Norma, resigned after many years of service and a huge heartfelt thank you is extended to them for their service. In November, David Barcomb became a new member. Ginny became representative on the Athletic Field Committee, which oversees the very vital task of improving our town's athletic fields. Pat is our

representative on the Community Preservation Act Committee. We wish to thank all members for their interest, their support and their time!

Leadership quality is perhaps our best asset. Through recreation director, Dale Connor; program-coordinator, Judy Volpe, and the many excellent program instructors' and leaders' efforts, knowledge, dedication, concern, and enthusiasm, Norwell is provided with recreational services envied by many neighboring communities. We extend our appreciation for all their exceptional efforts.

The Recreation Commission thanks the School Department for their support through the usage of facilities -- gyms and fields, and also recognizes Paul Foulsham and the Tree and Grounds Department for their field maintenance and improvements. Without these cooperative efforts, our programs would be more limited and/or costly. Each year the Town relies more and more upon other organizations within town such as Little League, Girls Softball, Youth Soccer, and Youth Lacrosse to help with the maintenance expenses of the facilities they use.

We mail our seasonal brochure four times a year to every Norwell postal customer. Our challenge continues to be funding support and improved recreational facilities. Participant feedback and numbers show support for services with continual requests for more. 2003 saw some improvements in the area of recreational facilities for the town. The Athletic Field Committee who continues their efforts to improve Norwell's athletic fields finally completed the new softball field at the Osborne.

We take pride in our response to your interests and needs and hope to hear your ideas! We have programs for all ages and all interest levels. Take a look at one and join us in a future program! *This is your recreation department!*
Submitted by Dale Connor, Director and the Recreation Commission: Chair- Pat Richardson, Ginny Maree, David Barcomb, John Rice.

RECYCLING COMMITTEE

Norwell residents, take a bow!
In 2003, you recycled 80.99 more tons of newsprint and cardboard than you did in 2002 and 14.53 more tons of glass, cans, and plastics. That's a huge increase and the Recycling Committee applauds your outstanding efforts. In addition to those figures, the number of white goods recycled by residents more than doubled, from 535 in 2002 to 1157.88 in 2003, and there were 97 more propane tanks brought to the recycling center. In 2002, 400 propane tanks were dropped off and in 2003, there were 497. During 2003, the Recycling Committee instituted an ink cartridge collection program and distributed informational flyers in both elementary schools explaining how to effectively eliminate junk mail. The committee also launched successful fluorescent tube and mercury thermometer collection programs. The committee continued to apply for recycling grants last year to save the town money and promote educational efforts, but the Commonwealth's monies have unfortunately dried up and our efforts went for naught. We will, however, continue to pursue grants and we hope that funding will be available in the near future. In addition to the town's recycling program, Norwell belongs to the South Shore Recycling Cooperative (SSRC), 15 towns that work together to maximize solid waste programs. The SSRC cooperatively contracts for solid waste-related services, such as household hazardous waste collections. More 100 Norwell residents participated in the collection here last year and more than a dozen were able to take their hazardous materials to other town's collection sites thanks to an arrangement with SSRC. The South Shore Recycling Cooperative also contracted for brush grinding. As a member of SSRC, Norwell enjoys better pricing thanks to economy of scale and reduced administrative time in bidding and servicing contracts. It is important to the financial health of this town as well as the future of the environment that residents take recycling seriously. SEMASS, where the town's trash is taken, charges $34.52 per ton dumped. So you can see that every ton that is recycled saves the town money and it all adds up in these

perilous financial times. So, the next time you recycle, remember that you are not only supporting your community's recycling efforts, but you are saving money and working to save the environment. The familiar green recycling bins are available at the Recycling Center, off Main Street in the highway yard behind the Middle School, and the committee urges residents who don't recycle already to please pick up a bin and begin. The Recycling Center is open Wednesdays from noon to 3 p.m. and Saturdays from 9 a.m. to 3 p.m. Since 1989, when the Recycling Committee was founded, the program has flourished in Norwell. We are very proud of the recycling efforts of our residents and encourage more education about and involvement in the recycling process. If you have an hour or two a month to donate to town service, please contact the selectmen's office at 781-659-8000 about appointment to the Recycling Committee. More members are desperately needed in order to continue and expand this successful and worthwhile town program.

Respectfully submitted,
Recycling Committee

Carole McCarthy

SOUTH SHORE RECYCLING COOPERATIVE

The SSRC saves member towns time and money by negotiating, publicizing, and administering regional contracts for such services as household hazardous product collection, brush and stump grinding, and disposal of C & D and difficult to manage waste. The regional population of about 300,000 enables economies of scale. Our C&D/DTM disposal contract with the Bourne ISWMF is at a rate of $20.83/ton below the gate rate, with a generous allowance for mattresses.

Reciprocity at hazardous household product collections is a valuable benefit. In 2003, 3,021 households attended 16 regional household hazardous product collections, of which 126 were residents of member towns who attended other member towns' collections when they couldn't make it to their own. Cost is borne by the town of residence. The Planner also publicizes, attends, and helps out at most collections, administers the reciprocity, and reviews the billing.

The Planner keeps track of current market conditions for many materials handled in municipal solid waste programs, such as CRTs, mattresses, glass, scrap metal and plastic.

Monthly board meetings, usually held on the morning of the second Wednesday of the month, are well attended and provide valuable information and networking opportunities for our municipal Solid Waste Managers. Speakers help members learn about new policies, waste bans, legislation, available grants and programs, and service providers. Knowledge and experience are shared among the managers about landfill closures, solid waste, and recycling contracts and construction of new transfer stations.

Bimonthly newsletters keep member towns apprised of local and regional issues and provides another vehicle for communication among member towns.

The Planner tracks legislation and regulations relevant to the solid waste community, providing a vehicle and voice on bills that are in the interest of our towns and the environment. The Planner also provides input at stakeholder meetings, and attends workshops, seminars and conferences.

The Planner assists towns with grant applications, contact information, advice and other technical assistance. She is currently assisting five towns in completing the phase of the Municipal Recycling Incentive Grant program after the departure of the Coordinator.

To date, fifteen towns have voted to accept the Intermunicipal Agreement and become voting members, and have adopted the Special Legislation that recognizes the SSRC as a body politic, which can raise and disburse its own funds. Towns appoint two members to the SSRC Board of Directors. Each town has one vote. Membership dues are currently $4,000/year.

The SSRC enables member towns and cities in our region to perform many solid waste functions more efficiently and economically as a group than they do separately, which each town maintains its autonomy wherever desired.

Respectfully submitted,

Joanne M. Dirk
Norwell's Representative to the SSRC
Treasurer of the SSRC

NORWELL VETERAN MEMORIAL COMMITTEE

The Norwell Veterans' Memorial Committee has been very active since it first met on March of 2002, following several years of no activity. Present members are Ted Baldwin, Richard Buell, Richard Caldwell Chairman, Herb Fredrickson, George Kelley, Mary Knapp, Harry Merritt, Fran Molla Secretary, Dave Turner.

The committee, in total, has been committed to completing the project of modifying or re-doing the WWII, Korean and Vietnam Memorial, as it now stands on our Common.

Hours of research have gone into creating a new list of Norwell Veterans to be carved into a new Memorial large enough to accommodate all names on the front.

The work was complete by the end of 2003 and bid requests were sent out. The lowest bid received, for the work, was more than $3000.00 greater that the Committee had in its account from the previous town meeting warrant of $20,000.00 and monies left over from the previous year plus donations. An article was prepared by our Secretary and a reporter from the Ledger explaining our problem and within the thirty day deadline, for accepting bids, the Committee had received enough donated monies from Norwell residents and Organizations to accept the low bid. Acceptance was completed early in January of 2004.

The committee also received additional money so that it can accommodate cost overruns and make improvements on the site of the Memorial.

The committee and Norwell Veterans appreciate the support it has received from its residents, its organizations and Town Officials.

Respectfully Submitted;

Richard Caldwell, Chairman

DEPARTMENT OF VETERAN'S SERVICES

The Norwell Selectmen re-appointed Richard Caldwell as Part Time, Temporary Veterans' Service Officer for 2003/2004. As a result of State provided training October 2002 Mr. Caldwell was certified for a three year period. He again attended State Veterans' Service Officer training early in December, 2003 and his association training early in February of 2004.

The Office of Veterans' Services survived the budget cutbacks of last year and is operating with no reduced hours or services. Mr. Caldwell's office hours are Tuesday and Wednesday afternoon and he is available at other times if needed.

As the vast majority of Massachusetts seniors are either veterans or survivors of veterans and many remain unaware of their possible eligibility for either state or federal benefits, many have found time to drop in to the Veteran's Office or call in and receive updated information.

As a result of on-going conflicts around the world there is also a group of young veterans returning to our communities. I am sure that they are given excellent information during mustering out procedures, but they too might want to come by to determine if any new benefits have surfaced.
Respectfully Submitted:
Richard Caldwell, VSO

REPORT OF THE BEAUTIFICATION COMMITTEE

The Beautification Committee sponsors and supports several programs and projects to improve and to further beautify our town.

Last fall we were successful in planting a Saucer magnolia at the entrance to the Town Library. We also conducted our spring and fall library grounds cleanup. Each year we plan further improvements to the library grounds.

Throughout the planting season many hard working volunteers plant and maintain the triangles, monuments and town buildings with beautiful arrays of flowers, plants, shrubs and trees thus transforming Norwell into a gorgeous community. We have several locations in need of additional volunteers!

Our Adopt-A-Street programs continue. However, only about 24% of the town's streets are being patrolled by volunteers regularly picking up and disposing of roadside litter in their neighborhoods. This is an extremely important program as we all benefit from a clean appearance of our town. Here again, we need additional town people to step forward and become members of the Adopt-A-Street Program!

The Daffodil Program continues with 26,800 daffodils having been planted by our townspeople this past fall. Daffodils were provided to other groups for planting. About 480,000 daffodils have been planted in Norwell since the program began in 1994.

This past holiday season we were able to provide Poinsettias to the Town Hall offices, the Council on Aging, Fire Department Headquarters and to the Police Station. We were also able to light the Town Offices tree. In the spring of 2004, we will complete the installation of two granite benches on the Veterans Memorial Common.

We continue to sponsor an annual awards program recognizing outstanding individuals, organizations and businesses who have contributed their time and energy toward the beautification of Norwell over the previous year. This is always a well-received and well-publicized affair and we are very fortunate that our Selectmen allow time on their very busy agenda for the ceremony. 2003 marked the 15th consecutive year of the Norwell Annual Beautification Awards!

We wish to give a very special "thank you" to all our volunteers. We know how hard you work and the importance of each of you to the success of the Norwell Beautification Programs. We do seek additional volunteers for the Triangle Program, the Adopt-A-Street Program and for the Beautification Committee. Any townspeople interested in becoming a part of the Norwell Beautification Program should not hesitate! Please call 781-659-7463!

REPORT OF THE CONSERVATION COMMISSION

The Conservation Commission had another busy year in 2003. Close to 100 public hearings were held under the Wetlands Protection Act and the Norwell Wetland Protection Bylaw, as many projects from subdivisions to single-family houses to repairs and additions to homes and upgrades to septic systems continue to be proposed in proximity to wetlands, requiring the Commission's review.

Of particular concern are Section 40B projects, which because they contain an element of affordable housing, are exempt from many provisions of the Town's bylaws. During 2003 the Commission worked with the developer of a previously approved 40B project, Silver Brook on South Street, to correct problems of encroachment on wetlands by runoff and erosion during site construction. The Commission has thus far withheld approval of another such project at the Norwell Campgrounds at 239 Washington Street as it seeks a plan that will give adequate protection to the adjacent wetlands. The state rejected a third 40B project proposed on Bowker Street in part because of unacceptable impacts on wetlands.

This year the Commission continued to manage over 1200 acres of conservation land and over 70 acres of land under water. We are grateful for the assistance of volunteers in maintaining this property, including the Senior Work Program, the Friends of Stetson Meadows, and Eagle Scout candidates who maintain trails and have built wooden walkways through wet areas, picnic tables, and an information kiosk. The Commission has also continued its agreements with local farmers to work the fields and maintain beehives at Jacobs and Donovan Farms.

During 2003 the Commission added to the lands under its supervision through the acquisition of 2.13 aces on River Street and 8.93 acres on Winter Street. The River Street acquisition was the result of the first

expenditure of Community Preservation Act funds for land preservation, and the Winter Street property was a donation from developer Donald Shute.

Finally, we must acknowledge the hard work of the Recreation and Open Space Plan Committee who are about to send out a draft of the five-year update of this plan for review and public comments.

The Conservation Commission meets on the first and third Tuesday of the month at 7:30 p.m. Meetings are open to the public.

Respectfully submitted, Norwell Conservation Commission.

REPORT OF THE NORWELL HISTORICAL COMMISSION

We are mandated to preserve, rehabilitate or restore whenever possible, buildings, structures and properties which constitute or reflect distinctive features of Norwell's aesthetic, cultural, architectural, and historical resources of the Town. The result must be the preservation of Norwell's historic character.

DATE BOARDS

The Commission had been for some time researching for the proper procedure to issue Date Boards. We have approximately nearly 500 homes that fit the criteria for being listed according to our mandate. These homes do not have to obtain a Date Board but with the background search of some of the homes on file, we are placing Date Boards for a small fee to these so interested. We have utilized the services of Donald Mauch of New England Historical Markings in preparing, painting and placing boards on historical dwellings. Bob Babcock and Pamela Bower-Basso have and continue to send letters to each of the historical homeowners on how to obtain a date board for their home. As of December, over 35 historic homeowners have purchased date boards. We are pleased to be able to assist the historical homeowners of Norwell with this project as well as filling our mandate.

JACOB'S FARMHOUSE on Main Street

a. The newly installed septic system is up and running as planned
b. New shrubbery had been planted during the installation of the septic system and pruning had been done to existing shrubbery in order to maintain the property
c. The Commission plans to have the back roof of the property re-shingled this year as well as some additional roofing.
d. There is a rent increase due this year

STETSON-FORD HOUSE off Stetson Road

a. In order to maintain this property a new coat of paint and some partial re-shingling were needed
b. The tenant continued to maintain, handle and clear brush from the property

THE COMMUNITY PRESERVATION ACT (CPA)

The CPA approved two (2) of the Historical Commissions Projects in 2003. The Historical Commission is part of the CPA, which mandates 10% of all monies received for preservation surveys.

It is the task of the community preservation committee to recommend to town meeting how the money should be divided up, much the same as the regular advisory board does with usual expenditures. Any money not expended could be set aside for building up an account for use in later years.

a. The amount of $37,500 has been appropriated for the Historical Commission to set up a survey of all old homes in town. (Historic Home Survey Inventory)
b. The renovation of the Grange Hall

MASTER PLAN

The Historical Commission is looking forward to working with the new Master Plan.

We sadly announce the resignation of Carol E. Mesheau whose knowledge and expertise will be greatly missed.

We thank the Highway Department, the Assessor's Office, Tim Fitzgerald and the ladies in the Selectmen's office for assisting us in our efforts all year long.

We thank our fellow board members, as well Pamela Bower-Basso and Robert Babcock, our historians, for their unrelenting research in pursuing our mandate. We also welcome our three newest members to the Commission, Paula Gosule, Robert Sayers and Kim Ziyotti.

Historically submitted,
Joseph R. Carty, Chairman
Robert A. Babcock, Historian
Pamela Bower-Basso, Historian
Paula J. Gosule
Patricia A. Rice

Kimberly Ziyotti, Alternate

REPORT OF THE PLANNING BOARD

The calendar year 2003 was a very active one for the Planning Board, involving the review of multiple projects and various planning efforts.

From January 1, 2003 through December 31, 2003, the Planning Board processed the following projects and reviewed the following matters:

I. New Definitive Subdivision Applications.

During 2003, the Planning Board began opened public hearings for and began processing five new definitive subdivision applications.

John Neil Drive Extension (Off John Neil Drive).

As of February 10, 2004, the application for this three-lot subdivision was undergoing plan revisions by the applicant's new engineer. The Planning Board opened the public hearing on April 7, 2003 and continued the public hearing, at the applicant's request, on April 28, 2003, June 30, 2003, September 8, 2003, November 24, 2003, January 26, 2004 and March 8, 2004.

Laurie Lane (Terrapin Road)(Off Grove Street).

The application for this two-lot subdivision was withdrawn on December 8, 2003 after the Planning Board opened a public hearing on April 7, 2003 and then continued the public hearing, at the applicant's request, on June 2, 2003, July 14, 2003, August 11, 2003, August 25, 2003, September 15, 2003, October 6, 2003, November 3, 2003 and November 24, 2003.

Holly Berry Trail (Off Grove Street).

The initial plan set for this six-lot subdivision was received on June 26, 2003. The applicant filed fully revised plan sets on September 15, 2003, November 14, 2003, December 16, 2003, January 5, 2004 and January 28, 2004. As of February 10, 2004, the sixth plan set revision was under review. The Planning Board opened the public hearing on September 22, 2003 and continued the public hearing on October 20, 2003, November 4, 2003 and November 17, 2003, December 22, 2003, January 5, 2004, January 26, 2004, February 9, 2004, and February 23, 2004.

Trunnel Estates (Off Main Street).

The application for this three-lot subdivision was approved on September 17, 2003. The Planning Board opened the public hearing on April 28, 2003 and continued the public hearing, at the applicant's request, on June 16, 2003, July 14, 2003, July 31, 2003 and August 28, 2003. The public hearing was closed on August 28, 2003.

Cedar Point Subdivision Modification.

The application to modify the 1970 Cedar Point Subdivision approval so as to allow roadway improvements for the final lot was approved on October 7, 2003.
The Planning Board opened the public hearing on September 8, 2003 and continued the public hearing, at the applicant's request on September 15, 2003, at which point the public hearing was closed.

II. Pending Subdivision Projects.

During 2003, the Planning Board continued to process a number of ongoing subdivision projects that are in various stages of approval or construction.

Birchwood (Birchwood and Fieldstone);

Black Pond Estates (Clapp Pond Road);
Bramblewood (Brattle);
Hawthorne Lane;
Heritage Estates (Stetson Road)
Journey's End (Edgewood Park)
Laurelwood Drive;
Parson's Walk;
Prarie Farm (Bates Lane);
Simon Hill Drive;
Tara Drive;
Walnut Tree Hill Estates (Greenbriar Lane); and
Wildwood Lane.

III. Approval Not Required Plans.

During 2003, the Planning Board processed 10 Approval Not Required Plan applications.

IV. ZBA Site Plan Approval - Technical Review.

The Planning Board provides technical review assistance to the Board of Appeals for each site plan application received under Zoning By-law §1530. The Planning Board reviewed 9 site plans, including

98 Accord Park (BMW)
109 Accord Park (Coastal Nissan);
Accord Park (Shaw Saub)
Forest Street (Wireless Tower)
95 Longwater Drive (Omnipoint antenna),
101 Longwater Drive (Assinippi Park Associates);
10 Washington Street (Shell Oil Gas Station)
134-136 Washington Street (Greg Webb);
376 Washington Street (Tattoria San Pietro Restaurant);

V. 40B Projects.

The Planning Board reviewed and commented on the following project eligibility applications and comprehensive permit projects:

Autumn Woods
Bowker Street (Village at Essex)
Damon Farm (Two project eligibility applications)
Silverbrook
Tiffany Hill
239 Washington Street

VI. Village Cluster Special Permits.

During 2003, the Planning Board devoted substantial resources to overseeing the implementation of the village cluster special permit issues for Donovan Farm.

VII. Master Plan Development.

The Master Plan Steering Committee continued its work to complete the Town's Master Plan and it is expected that a finalized Master Plan will be finalized before June 2004 and forwarded to the Planning Board for review and acceptance.

VIII. Subdivision Rules and Regulations.

As of February 10, 2004, the Planning Board is in the final stages of revising the Subdivision Rules and Regulations, which have not been comprehensively updated since June of 1986. The Planning Board expects the new regulations to be in place by June 2004.

IX. Zoning By-law Amendments.

During 2003, the Planning Board reviewed one amendment to the telecommunications zoning by-law and is working cooperatively with the By-law Review Committee to develop and review multiple updates to the Zoning By-law for the Spring 2004 Annual Town Meeting.

Respectfully submitted,

Sally I. Turner, Chair
Karen A. Joseph, Vice Chair
Mark P. Bailey, Clerk
Bruce W. Graham
James M. Ianiri, Alternate Clerk
Ilana M. Quirk, Town Planner

REPORT FROM THE COMMUNITY PRESERVATION COMMITTEE

In 2002 Norwell voters approved the passage of the Community Preservation Act (CPA, M.G.L.c.40B). This Act was passed at Town Meeting as well as at the Ballot Box. Essentially, this Act allows the town to levy a surcharge (3%) on it's real estate taxes. By doing so, the Town qualifies for the State's 100% match to that amount. The purpose of the CPA is to assist cities and towns in 3 areas: 1) acquisition and preservation of open space, 2) creation and assistance in building affordable housing and 3) acquisition and preservation of historic properties.

In October, 2003, the State matched Norwell's $504,000 that it had raised through the local property tax surcharge. This marked the first year Norwell had funds to support proposals for the Community Preservation Act.

The Board of Selectmen appointed the nine member CPA Committee in 2002 and throughout 2002 and 2003 the Community Preservation Committee (CPC) constructed the application and guidelines for project submission. A variety of proposals were submitted and a December, 2003 Town Meeting was set to allow the Town Meeting voters the opportunity to decided whether to support the projects. The CPC recommended 9 articles to the Dec. 1, 2003, Special Town Meeting voters. Those articles included: 12 units of affordable housing, $150,000 reserved for Open Space, $37,500 for the construction of the Gaffield Park Playground, $80,000 for the construction of a Skate Board Park, $9,720 for a Nature Center at Vinal School, $37,500 for cataloguing and listing of 500 Historic Homes, $50,000 for the purchase of 1.8 acres of open space on River Street, and $20,800 for renovation of the Norwell Grange Hall. The article to move the c1850 Grove Street Barn was postponed. Norwell voters supported all proposals except the building of 12 units of affordable housing.

The CPC received proposals from the Norwell Fields Committee for building new athletic fields. Those proposals will be considered and submitted to Town Meeting approval in 2004.

The CPC begins accepting applications for the 2004 round of funding on January 15th. All proposals for Open Space will be considered at any time due to the time sensitive nature of land purchases. The Committee encourages all citizens to attend meetings and submit proposals that fall within the guidelines of the Community Preservation Act. The CPC meets on the 2nd and 4th Thursday of every month in the Norwell Town Hall.

BOARD OF ASSESSORS

The Board of Assessors reports the following values for taxable property established as of January 1, 2003 (Fiscal Year 2004):

CLASS	VALUES	PERCENTAGE
Residential	$1,456,774,079	83.0%
Commercial	$ 210,713,121	12.2%
Industrial	$53,016,900	3.0%
Personal Property	$32,728,960	1.8%
Total	$1,753,233,060	100%

The Board notes that property values in the Town continue to increase at a substantial rate as all of our homes appreciate in value. The State approved these assessment figures and the new tax rate of $13.18 was certified in December of 2003. This past year the Board did not make an interim adjustment in values. The Board will be required to adjust values annually in the future pursuant to a new state law.

In the summer of 2000, the Board adopted a new policy of increasing the estimated tax bills issued in the first two quarters of the fiscal year by the amount the levy has increased as voted by Town Meeting. The result is that the assessments are "smoothed", and the third quarter assessment does not have a "bump" where the entire annual levy increase must be paid in the last two quarters of the year. The feedback from this change has been overwhelmingly positive.

A new state law has required that the Board issue "preliminary assessments" on new construction. This has required a cooperative relationship with the Building Department and the Treasurer/Collector's office

to implement this new mandate. We are still developing new procedures and software systems to work with this.

The Board continues to seek ways to assist those in the Town on fixed incomes. In particular, we worked with the Council on Aging to implement the Senior Work Credit program. We are proposing a modification for this program going forward that will result in easier administration of the program for the Treasurer/Collector's office.

The members of the Board of Assessors continue to serve the Town and take part in a number of activities outside the immediate concerns of the department. Ed Dunford serves on the Mapping Commission and is working to develop a Town-wide GIS system that is "connected" to our assessment system. Rosemary Durica has enjoyed serving as an alternate member of the Board of Appeals, and Charles Markham serves on the town's Community Preservation Committee.

The Board wishes to thank the entire assessing staff for fostering a cooperative, professional and pleasant work environment that strives to serve our customers, the taxpayers of Norwell.

Respectfully submitted,

Charles R Markham, Chairman
Edward J. Dunford
Rosemary Durica, Clerk

REPORT OF THE BOARD OF SELECTMEN

The challenges of maintaining services within the parameters of Proposition 2 1/2 rose to the highest levels in 2004. Exponential increases in health insurance costs, continued decline in State aid for the third straight year and the pressing need to address our deteriorating roadways left few, if any, options to address staffing and other needs both on the general side of government and in our school system. Budgets were approved at less than department requests in many cases.

At the annual Town Meeting the Town followed the Selectmen's recommendation to use an additional $500,000 in reserves to balance the budget. We have employed this strategy for the past three years in hopes of the economy recovering and State aid increasing. This plan of using reserves to sustain level services has worked well, but is reaching the end of its life due to the depletion of these reserves. Without significant improvement on the revenue side of the ledger, the Town will likely reach a crossroads next year where taxes will have to be increased beyond the limits of Proposition 2 1/2 to maintain service levels as they are today. It is increasingly more difficult to balance the residents desire to maintain service levels against the rising cost of same. Many of our older residents, often life long residents, are at their limit of what they can pay in property taxes. All that said, Norwell continues to outperform many of our neighboring communities in both fiscal stability and property value levels.

The senior citizen work program continues to be a great success. This program allows seniors 65 and over to work in our Town offices, a fixed number of hours, in exchange for $500 in property tax relief. Many of our seniors have been of great assistance to various Town departments doing jobs that our full time staff are having difficulty getting to. Perhaps this program can be expanded through the legislative process in the years ahead to further assist seniors with their rising tax bills.

In the March Town elections Paul Gaynor was reelected to a second term on the Board. Mr. Gaynor as unopposed in his reelection efforts. After the election, the Board reorganized and Richard Merritt was elected to serve as Chairman of the Board.

The $54,000,000 school building project is nearing completion at this writing. Legislative changes have virtually guaranteed that the Town will receive the entire 65% reimbursement of principal and interest costs from the State on time. The Board of Selectmen is hoping to issue 20 year bonds to cover the Towns share of the costs as soon as possible to take advantage of the lowest interest rates in more than 50 years.

As we face both today's challenges and the challenges that lie ahead, we are fortunate to have the services of veteran Assistant Town Administrator Margaret Renaud Cantwell and Administrative Assistant Lynda Allen. Their hard work and dedication makes the office run smoothly for the Selectmen and for our customers. Also, much credit and praise is due Town Administrator Jim Boudreau who continues to be a great asset to both the Board and to the Town. Finally, we thank you the residents for your support and for the trust and confidence you place in us everyday.

Respectfully Submitted,

Richard A. Merritt, Chairman
John G. Mariano, Vice-Chairman
Paul D. Gaynor, Clerk

REPORT OF THE TOWN ADMINISTRATOR

2004 continued to be a busy and challenging year in the Office of the Board of Selectmen and Town Administrator as the full impacts' of the state's fiscal crisis began to hit home and have a major impact on the Town. Through it all, the staff continues to discharge the policies and directives of the Board of Selectmen, Town Meeting and the Town of Norwell By-laws.

For the third time in as many years, the incumbent member of the Board of Selectmen was re-elected to the Board without opposition. Paul Gaynor was re-elected to his second three-year term on the Board after serving several years on the Advisory Board. Paul brings a unique perspective to the Board and his intimate knowledge of the Town budget will be invaluable in the years ahead.

The Annual Town Meeting convened on May 12, 2003 to consider 46 Articles and an annual budget more than $30 million. Once again Town Meeting members did an excellent job of preparing for Town Meeting and the budget and entire warrant were dispensed with-in two nights. The budget passed with a minimum of debate and controversy as the Advisory Board continued to do an outstanding job of presenting the budget to Town Meeting after working closely with all of the Town Departments, Boards, Committees and Commissions to prioritize the spending of dwindling resources. The FY2005 budget attempted to hold the line in services to the Town after the FY2004 budget in which three clerical positions in the Town Hall were eliminated. The elimination of these positions has had a marked impact on Town Offices as there is no help available to assist staff with increasing work-loads and to cover vacancies caused by sick and vacation leave. The longest debate of the evening revolved around two articles designed to improve the quality of the town roads. Two competing articles, one for $1 million and another for a $2 million override for road repairs were hotly debated with the budget impacts and pros and cons of each discussed. Eventually, the Town voted to borrow $1 million to begin the process of addressing the deteriorating conditions of the pubic ways of the Town. The Special Town Meeting was a quiet one with only routine business matters needing attention.

Norwell 2001 is in the final phases of completion, with punch list items at the High School and Middle School remaining. With the passage of the New School Building Assistance Program by the legislature, the Town was assured that we would receive the promised state reimbursement within the original time frame promised by the state. Under the new program, the state would pay the Town for their share up front, rather than over a 20-year period, leaving the Town to issue only its portion of the required financing. With this is mind, the Board prepared to issue what they hoped would be the final permanent debt for the project. The School Building Committee under the capable Chairmanship of Ralph Gordon is owed a debt of gratitude and thanks from the Town for keeping Norwell 2001 on budget. While other Towns have been forced to return to the voters on numerous occasions for additional funding, Norwell 2001 will be completed within the $54 million budget approved by the voters in 1999. This is an amazing accomplishment.

Town Hall has become even busier in 2004 as new groups and activities take advantage of the facilities. Along with the normal business of the Town, Town Hall continues to play host to the popular Middle School dances, the Norwell food pantry, Boy and Girl Scout meetings and, for the first time this year, welcomed a yoga class to the group. This activity is on top of the numerous Boards, Committees and Commissions that use the Town Hall for their meetings. It is a rare week when there is a night that

someone is not meeting in the Town Hall. The task of keeping the building clean and running falls to our capable and dedicated custodian staff of William Gunderway and Bryan Melanson, who keep the building sparkling clean and cheerful in spite of the more than 80 hours per week of use. Without their efforts the building would not be able to be as available as it is.

Thanks once again go out to our dedicated cable television broadcast team of Rollin Bailey and Ray Henderson. Each week they take time out of their lives to set up the cable equipment and televise the Selectmen's meeting to the Town. Without them this vitally important conduit to the public would be closed.

No office can run without hard-working and dedicated employees. The Board is fortunate to have the services of Assistant Town Administrative Peg Renaud-Cantwell and Administrative Assistant Lynda Allen. They make the office run on a daily basis and provide invaluable assistant to anyone and everyone who requests it. I am grateful for their assistance.

Finally, I would be remiss if I did not thank the Board of Selectmen for their support over the past year, as well as the Advisory Board, the Department Heads, Boards, Committees and Commissions who make this Town what it is.

Respectfully submitted,
James M. Boudreau
Town Administrator

REPORT OF TOWN COUNSEL

I am pleased to submit the following annual report to the residents of Norwell and the town officials who serve on Norwell boards, commissions and departments.

As I have indicated in the past reports, the duties of a Town Counsel are often not well known to the public. Accordingly, I would like to reiterate that generally, the office of Town Counsel provides three types of services for the Town of Norwell: (a) prosecution of claims and defenses on behalf of the town; (b) advisory services designed to guide officials and boards through the intricacies of legal system and legal requirements in order to prevent litigation; (c) review of policies, procedures and bylaws; and, (d) review, approve and generate municipal contracts

In this past year, the office of Town Counsel has continued to perform each of these services for the Town of Norwell.

Occupying a significant portion of this past year litigation-related work has been dealing with proceedings involving so-called "40B" housing projects at the Housing Appeals Committee. Additionally, the town was successful in another matter which went to judgment involving municipal drainage rights. Other legal challenges facing Norwell during the past year were the various suits and proceedings involving primarily decisions of the Zoning Board of Appeals.

These land use boards and commissions are staffed with both elected and appointed residents who spend countless hours of their own time educating themselves concerning the legal requirements and the factual issues before them. Their tireless efforts provide a solid factual and legal foundation for the work of Town Counsel.

A complete listing of all pending litigation is available through the Board of Selectmen.

The office of Town Counsel prepares and reviews many legal documents effecting the business of the town, its boards and officials. The careful review of these documents is essential to preventing the town from doing things the wrong way and ensuring financial success for the town. Additional work relating to the activities of the Community Preservation Committee and its goals and objectives round out the work of this office.

Finally, I wish to express my continuing gratitude to the Board of Selectmen, Town Administrator, Zoning Board of Appeals, Planning Board, Town Planner, Board of Health and Inspector of Buildings, Conservation Commission, Conservation Agent and their staffs for their support, as well as the various other town officials and employees who support the office of Town Counsel.

Robert E. Galvin, Town Counsel
Robert W. Galvin, Asst. Town Counsel

REPORT OF THE INSPECTOR OF BUILDING/ZONING OFFICER

We continue to have a large volume of inspections in the Building Department. As well, we continue to have a significant number of projects on the books with several that will put a heavy load on our department, if all are permitted.

BOARD OF APPEALS

During calendar year 2004, the Board of Appeals held public hearings on twenty-five meeting nights (many of which were devoted solely to Comprehensive Permit hearings) to review thirty-two (32) petitions, a reduction of approximately twenty (20) from 2003, primarily due to fewer non-conforming lot applications. The Board continued public hearings on two Comprehensive Permit applications with an unprecedented daytime marathon session in June to finalize the Tiffany Road 40B decision after the Applicant refused to participate further in the public hearing process. In addition to public hearings, several off-site work sessions have been held for the Comprehensive Permit applications. The Board also held two informal hearings and reconsidered a decision, appealed by the Applicant, and remanded to the Board by the Superior Court.

Comprehensive Permits (Chapter 40B) open	1
Comprehensive Permits (Chapter 40B) closed	1
Remands (including 1 moot and not heard)	2
Informal hearings	2

Although there appears to be a reduction in the number of applications before the Board during the past calendar year, several potential applicants received a pass due to passage at the May 2004 Annual Town Meeting of a change in the applicable zoning bylaw, which was subsequently disallowed by the State Attorney General's Office.

Zoning review of lots not meeting current zoning requirements constitutes a significant number of the Board's applications and has been the source of some recent controversy. Although most of these applications are resolved in one hearing, a few have been continued to a second night.

Due to the unique and difficult soils of Norwell that result in stormwater drainage and septic challenges to the Town's land-use boards, developable land continues to become more scarce. If its residents wish to restrict development of any or much of the Town's remaining open space, the Board of Appeals must continue to perform its duties as stated in the opening *Purpose and Authority* of the Norwell Zoning Bylaw, specifically:

> These regulations are enacted to promote the general welfare of the Town of Norwell, to protect the health and safety of its inhabitants, to encourage the most appropriate use of land throughout the Town, and to increase the amenities of the Town . . .

In its decisions, the Board strives to maintain a balance between the rights of the individual and the community between which, in a healthy society, there will always be a dynamic tension.

The Board of Appeals continues to fulfill its role as the permitting authority under M.G.L. c. 40B, the so-called "anti-snob zoning" law that affords a developer the opportunity to bypass Town zoning and planning regulations in order to build 25% affordable housing in developments with increased density over that normally allowed. The Board is awaiting confirmation that an appeal to the Housing Appeals Committee (HAC) by the Applicant of the 239 Washington Street project, permitted at thirty-nine (39) units, has reached its legal conclusion. Final plan review and approval by the Board is required prior to commencement of construction for all 40B applicants, which will follow in due course.

In June 2004, based upon concerns expressed by neighbors and the recommendations of its consultants, the Board permitted twenty-four (24) units on Tiffany Road, originally submitted as sixty-six townhouse condominium units. The Applicant has appealed the Board's decision to HAC in which case the neighbors have also intervened. No construction is allowed while the case is under appeal and until the requisite final plan review and approval process is completed.

Although the original Summer Street application proposed fifty-nine (59) townhouse condominium units, the Board is currently completing its review of a modified proposal submitted by the Applicant for twenty-four (24) single-family homeownership units. A decision is anticipated to have been filed by the time you read this report.

An anticipated Comprehensive Permit application for a homeownership project for thirty-two single-family units at Queen Anne's Corner, straddling the town line between Hingham and Norwell, was filed early in 2005 and is currently in the early stages of public hearings.

The Board voted unanimously on August 18, 2004, to increase the Site Plan Escrow from $1,500. to $5,000. to coordinate with those required by the Planning Board, which participates in the Site Plan Review process. The Board's application filing fees, established in 2002, netted some $6,350. to be added directly to the general funds of the Town to help off-set zoning review costs.

The Board of Appeals continues to maintain webpages at *www.townofnorwell.net*, the official Town website. Residents will find the latest version of the Town's zoning bylaw, applications for a public hearing, and the schedule of application filing fees. The meeting agenda, recent decisions of the Board, and other pertinent information are also available on line. Hard copies of all applications forms are available in the Building Office, while copies of the Zoning Bylaw may be purchased at the Office of the Town Clerk in both paper and CD formats.

The Board extends a warm welcome to Ralph J. Rivkind, who has now joined the Board as a permanent associate member, having previously served as a special associate member on the Summer Street 40B application. His expertise and experience are a welcomed addition to the Board.

The Board wishes to extend its sincere thanks for a job well done to Rosemary Durica, who sat as a special associate member on the Tiffany Road 40B application. We also wish to note her too brief tenure as a permanent associate member and regret that other obligations now force her into retirement from the Board.

Heartfelt thanks to the Building Inspector and Zoning Enforcement Officer, Tim FitzGerald, and Building Department secretary, Jennifer McKenney, for their support over the past year. The Board acknowledges with special thanks our conscientious and loyal secretary, Joanne LaRoche.

The Board of Appeals further wishes to note with sincere gratitude the cooperation of all Town Boards, Commissions, and Departments during the past year. Special thanks are extended to the Town Administrator, Jim Boudreau; the Town Planner, Ilana Quirk; the Conservation Agent, Michele

Simoneaux; and Brian Flynn, the Health Agent. The Board also thanks the Board of Selectmen for its continuing support.

Respectfully submitted,
Lois S. Barbour, Chair
Philip Y. Brown
David L. Turner
Ralph J. Rivkind, Associate
James E. Roche, Associate

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

This is an update of work done from January 2004 through December 2004.

Tests of all gas station motor fuel and diesel fuel dispensers in Norwell have been completed [102 dispensers]. Dispensers were adjusted as needed and sealed. Revenue received $1236.00.

Testing of scales [apothecary, delicatessen, coffee shop, food shop, supermarket, propane tanks, school equipment] was completed. Revenue received $1310.00.

Testing of reverse vending and scanners was completed and sealed as necessary. Revenue received $605.00.

Total revenue received $3151.00.

All town owned sealer equipment has been tested and sealed by the Commonwealth of Massachusetts Weights and Measures Laboratory and found to be correct. Massachusetts State Division of Sealer Certification credits have been completed. Monthly classes continue to keep all sealers up to date with the latest changes and requirements as mandated by the state.

The annual report, as required by state law, will be filed before January 31, 2005. A copy of this report will be on file at the town hall.

The Commonwealth of Massachusetts General Law Chapter 98 sections 41 and 42, covering annual public notice to all persons having or using weighing or measuring devices in Norwell, has been legally posted.

Respectfully submitted,
Harold Tuttle
Sealer of Weights and Measures

RECORD OF PRESIDENTIAL PRIMARY MARCH 2, 2004

Pursuant to the Warrant, eligible voters met at the established precincts in the Town of Norwell to cast their votes for the listed offices.

The following election workers were present:

In Precinct I, Ann Valair, WARDEN; Amy Locke, CLERK; Ellen Torrey, Jeanne Scully, Eleanor (Deb) Bailey, Anne Fridgen, Frank Nagle and Dianne Sylvester TELLERS:

In Precinct II, Carolyn MacLellan WARDEN; Jean Valicenti, CLERK; Mary Ellen Wetzel, Lorraine Olsen, Beatrice Griffiths, Elvoid Mayers, Peter Kates, and Louise Shkliew TELLERS;

Precinct III B. Jean Snow WARDEN; Jeanette Simmons, CLERK; Annette Sexton, Lynne Rose, Gertrude Daneau, Joan Shea, Dale Fenno and Anne Bussiere, TELLERS.

CONSTABLES present were: Kevin Bullock, Precinct One, Special Police Officer, Sean Sutton, Precinct Two and Constable Theodore Baldwin, Precinct Three.

CHIEF WARDEN over all precincts was Janice M. Lawson, Town Clerk.

Polls opened in all precincts at 7:00 A.M. After the 8:00 P.M. closing, tallies complied in each of the three precincts were brought to the office of the Town Clerk where the final tally of all precincts was made and publicly announced. Breakdown of the number of votes cast in each precinct is as follows:

In Precinct I 324 Democratic votes; were cast including 11 absentee; 70 Republican votes including 3 absentee; 1 (one) Libertarian vote, and no votes cast for Green-Rainbow.

In Precinct II 300 Democratic votes including 15 absentee were cast, 113 Republican votes including 6 absentee; no Libertarian vote, and no votes cast for Green-Rainbow.

In Precinst III 347 Democratic votes including 9 absentee were cast, 104 Republican votes including 5 absentee, one Libertarian an no votes cast for Green-Rainbow. Breakdown of TOTAL VOTES cast in all precincts is as follows: Democratic,; Republican,; and Libertarian, 1 (one).

As of March 2, 2004 there were a total of 6621 registered voters in Norwell. A total of 1258 excercised their right as citizens which represents a 19% turnout.

Tallying in open meeting at the Town Clerk's office resulted in the following count of votes:

REPUBLICAN PARTY

A TRUE RECORD ATTEST

Pursuant to the Warrant, eligible voters met at the various precincts in the Town of Norwell to cast their votes for the candidates for town offices .

In Precinct I the following workers present were: WARDEN, Lorraine Olsen; CLERK, Amy Locke; TELLERS, Jeanne Scully, Anne Fridgen, Frank Nagle and Dianne Sylvester.

In Precinct II were WARDEN; Eleanor (Deb) Bailey; CLERK; Jean Valicenti; TELLERS, Beatrice Griffiths, Susan Springer, Joan Shea, and Mary Lizotte.

In Precinct III: WARDEN, B. Jean Snow; CLERK, Jeanette Simmons; TELLERS were Matilda Baldwin, Anne Bussiere, Lynne Rose and Patricia Leary.

CHIEF WARDEN over all was Town Clerk, Janice M. Lawson. Kevin Bullock served as Constable in Precinct I, Cole School; Constable Jerry Loomis, in Precinct II, Middle School; and Constable Theodore Baldwin, in Precinct III, Vinal School.

Total votes cast in Precinct I were 143, 8 of which were Absentee ballots; in Precinct II, 118, 10 of which were Absentee ballots; and in Precinct III, 160, 16 of which were Absentee ballots. Total votes cast, all precincts, was 421. Total number of registered voters in Norwell eligible for this election numbered 6670 which means that 7% of the voters participated.

Tallying the results in an open meeting at Town Clerk's office resulted in the following count of votes cast:

TOWN OF NORWELL

WARRANT

Special Town Meeting and Annual Town Meeting

Monday, May 10, 2004

At 7:30 o'clock in the evening at Norwell Middle School Henry E. Goldman Gymnasium

Plymouth, ss

To one of the Constables of the Town of Norwell, in said County of Plymouth, Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Norwell Middle School, Henry E. Goldman Gymnasium, 328 Main Street, in said Norwell, on Monday, the tenth day of May 2004 at 7:30 p.m.; then and there to act upon the enclosed articles, to wit:

In case all articles in the foregoing Warrant shall not be acted upon at the Meeting called for on Monday, May 10, 2004, to meet in Adjourned Sessions at such time and place as the meeting shall determine.

This building is accessible to the handicapped and designated parking is provided. If requested, at least one week before the meeting, warrants with large print can be available. Anyone requiring a Sign Language Interpreter should call the Town Clerk's office at least two weeks before the Special Town Meeting at 781-659-8072.

TOWN OF NORWELL
REPORT OF THE ADVISORY BOARD
MAY 10, 2004

Fellow Taxpayers:

All of the Town Departments and Committees have worked diligently to prepare a budget for Fiscal Year 2005 and to bring to the attention of Town Meeting fifty-two articles for our consideration.

The Advisory Board has been working since January to bring to Town Meeting both a balanced budget and sincere, well considered recommendations on each of the Articles. The budget is always a challenging project and particularly this year. The Town has endured cuts in Local Aid since FY01 in excess of 37%. These cuts have been formidable for a Town our size to absorb. Budgeting is an exercise in establishing and ordering our priorities and often, by its very nature, requiring sacrifices.

The Advisory Board believes that the process has produced a good, tight, and workable budget. The Budget is neither too conservative in its revenue forecasts, nor too liberal in its spending projections. It presents our best recommendations for the coming fiscal year. It provides a 3% increase for the Schools and does not call for the elimination of any current services, or the elimination of any staff. The Advisory Board notes that there is no elasticity in the numbers presented and expresses caution for the future.

The Advisory Board notes the extraordinary efforts of the By-Law Review Committee and the Planning Board in proposing several articles relating to our Zoning By-Laws. The By-Law Review Committee studied a number of issues and brought forward to the Planning Board recommendations for changes and clarifications. The Planning Board held hearings on each of the recommendations and as a result of the public hearing process made additional suggestions for improvements to the By-Law Review Committee. The product of their labor is presented in Articles 23 through 33 this evening. The Planning Board and the By-Law Review Committee made presentations to us. The Advisory Board in turn recommends to Town Meeting that all of their proposals be accepted and congratulates them on a job well done.

The Advisory Board wishes to thank the Board of Selectmen and Town Administrator James M. Boudreau in particular, for their assistance, advice, and continuing support in the process of fulfilling our obligations to the Town.

We submit our work to the citizens of Norwell for their review and approval.

Sincerely,

THE NORWELL ADVISORY BOARD

Brian S. Noble, ***Chairman***
Mary L. Cole
Spencer A. Joseph
Jason Brown
Chester Flynn, ***Vice Chairman***
Charles R. Dirk
Patrick J. Haraden
Jasmine Heffernan, ***Secretary***

TOWN BUDGET

Glossary of Terms

Appropriation:
An authorization to make expenditures and to incur obligations for specific purposes. An appropriation is granted by a legislative body (Town Meeting) and is usually limited in amount and the time when it may be expended. Any part of the general appropriation not spent or encumbered by June 30 automatically reverts to surplus.
A specific appropriation is carried forward from year to year until spent for the designated purpose or transferred by Town Meeting vote to another account.

Budget:
A plan of financial operation consisting of an estimate of proposed expenditures for a given period and
the means of financing them. The budget is voted in the Spring at Town Meeting for the fiscal year that
begins the following July 1.

Capital Budget:
A plan of proposed capital outlays, usually for a period of 5 years, and the means of financing them for
the current year.

Cherry Sheet:
An annual statement received from the Massachusetts Department of Revenue detailing estimated receipts for the next fiscal year and the estimated state and county government charges payable. These amounts are used by the assessors in setting the tax rate. The actual receipts and charges may vary from the estimates.

Fiscal Year:
A 12 month period, commencing July 1 and ending June 30, to which the annual budget applies. Fiscal years are often denoted Fyxx with the last two numbers representing the calendar year in which it ends, for example FY01 is the fiscal year ended June 30, 2001.

Free Cash:
Free cash is the portion of unreserved fund balance available for appropriation. It is not cash but rather is approximately the total of cash and receivables less current liabilities and earmarked reserves reduced also by reserves for uncollected taxes.

Overlay:
The amount set aside to allow for uncollected property taxes. An amount for overlay is added to the appropriations and other charges.

Overlay Surplus:
The unused amount of the overlay for prior years which may be transferred, by vote of the Town, to the reserve account or used for extraordinary items.

Reserve Fund:
An account to be used for transfers when the Advisory Board feels the requested amount is either "extraordinary or unforeseen".

Stabilization Fund:
A special reserve created for future capital expenditures.
Glossary of Terms **(continued)**

Tax Levy:
The total amount to be raised by taxation of real estate and personal property. This consists of the total amounts appropriated less estimated receipts and transfers from available funds.

Terms associated with Proposition 2 1/2:

Debt or Capital Exclusion:
The Town can assess taxes in excess of the levy limit by voting a debt exclusion or capital outlay exclusion. This amount does not become a permanent part of the levy limit base, but does allow the Town to assess taxes for a specific period of time in excess of the limit for payment of debt service costs or for payment of capital expenditures.

Excess Levy Capacity:
The difference between the Town's tax levy limit and its actual tax levy for the current year. It is the additional tax levy that could be raised without asking for an override.

New Growth:
The amount of property tax revenue that the Town can add to its allowable tax levy as a result of new construction, alterations, subdivisions or change of use which increases the value of a parcel of land by more than certain amounts.

Override:
An amount, voted by the Town, that is permanently added to the levy limit. A majority vote of the Selectmen allows an override question to be put on the ballot. Override questions must be presented in dollar terms and must specify the purpose of the override. Overrides require a majority vote of approval by the Town.

Tax Levy Limit:
The maximum amount of the tax levy for a period under the restrictions of Proposition 2 1/2. It is calculated as the prior year limit plus new growth plus 2 1/2 of the prior year levy limit.

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT FOR SPECIAL TOWN MEETING

Monday, May 10, 2004

At Seven-Thirty O'clock in the Evening
At the Norwell Middle School, Henry E. Goldman Gymnasium, Main Street

ARTICLE 1 - To see if the Town will vote to transfer a certain sum of money from line item 1-104-132-5110, Call Fire Payroll to line-item 1-103-130-5110, Permanent Firefighters' Payroll, or act on anything relative thereto.

Requested by the Fire Chief

The Advisory Board recommends this Article in the amount of $6,000.

ARTICLE 2 - To see if the Town will vote to transfer the balance of Article 3, item 531-299-5790 in the amount of $3,037 to a separate article to supplement an FY2005 Capital request for new exterior doors and hardware and to repair/replace the chimney at the Council on Aging Center, or act on anything relative thereto.

Requested by the Council on Aging

The Advisory Board recommends this Article. This transfer and the Capital Budget request will provide sufficient funds for the necessary repairs to the Council on Aging Center.

ARTICLE 3 - To see if the Town will transfer a sum of money, for open space purposes, pursuant to Massachusetts General Law, Chapter 44B from the Community Preservation Fund to purchase a parcel of land on the Town of Norwell and to authorize the Selectmen to execute a purchase and sale agreement, or act on anything relative thereto.

Requested by the Community Preservation Committee.

The Advisory Board will make its recommendation at Town Meeting. At the time of the printing of the Warrant, the Community Preservation Committee had not completed its work on this Article.

ARTICLE 4 – To see if the Town will transfer a sum of money, for recreational purposes, pursuant to Massachusetts General Law, Chapter 44B from the Community Preservation Fund to provide irrigation, construction and improvements to Pine Street, East, Little League, Cole and/or Vinal Fields or any other Town athletic fields. Said funds are to be expended under the direction of the Athletic Fields Committee, subject to the approval of the Community Preservation Committee. Any amounts appropriated under this article and not expended by June 30, 2005, shall be transferred back to the Community Preservation fund, or act on anything relative thereto.

Requested by the Community Preservation Committee

The Advisory Board will make its recommendation at Town Meeting. At the time of the printing of the Warrant, the Community Preservation Committee had not completed its work on this Article.

ARTICLE 5 - To see if the Town will vote to raise and appropriate, or appropriate from available funds a certain sum of money to be added to line item 01-300-268-5532, Snow Removal and Sanding, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this Article in the amount of $75,000.

ARTICLE 6 - To see if the Town will raise and appropriate, or appropriate from available funds the following amounts for the payment of unpaid bills from a prior fiscal year:

Commonwealth of Massachusetts	$3,900

Or act on anything relative thereto.

Requested by the Town Accountant

The Advisory Board recommends this Article.

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT FOR ANNUAL TOWN MEETING
Monday, May 10, 2004

At Seven-Thirty O'clock in the Evening
At the Norwell Middle School, Henry E. Goldman Gymnasium, Main Street

ARTICLE 1 – To see if the Town will accept the reports of its Officers, Boards, Departments, Committees and Commissions, as printed in the 2003 Annual Report, or act on anything relative thereto.

The Advisory Board recommends this Article.

ARTICLE 2 – To see if the Town will raise and appropriate, or appropriate from available funds, sums of money to defray the charges, expenses and salary obligations of the Town, including debt and interest, and out of state travel for the ensuing year, to provide for a Reserve Fund and to fix salaries and compensation for all Elected Officers of the Town, or act on anything relative thereto.

The Advisory Board recommends this Article in the amounts printed in the "Advisory Board Recommends" column.

ARTICLE 3 – To see if the Town will appropriate the sums recommended, or any other sum or sums, for Capital Outlay, as set forth in the following schedule, and determine whether such sums will be provided by taxation or by transfer or by a combination of the foregoing, or act on anything relative thereto.

Dept #	Purpose & Agency Authorized to Make Expenditure	Department Requests	Capital Budget Recommendation	Funding Source
65	Town Hall			
	Roof Repair/Replacement	$35,000.00	$67,000.00	Cash
	Door Repair	$1,000.00	$0.00	
101	Police Department			
	Roof Repair/Replacement	$35,000.00	$0.00	
103	Fire Department			
	Generator Replacement	$22,000.00	$21,000.00	Cash
	Chief's Vehicle Replacement	$30,000.00	$29,000.00	Cash
109	Tree and Grounds			
	Hydraulic Seeder	$8,500.00	$0.00	
	Wide Area Mower Replacement	$65,000.00	$0.00	
	Tractor with Flail Mower	$65,000.00	$0.00	
300	Highway Department			
	Trackless Sidewalk Plow/Mower	$92,000.00	$92,000.00	Cash
	Backhoe Replacement	$96,400.00	$0.00	
531	Council on Aging			
	Outside Door Replacement	$8,250.00	$5,500.00	Cash
601	Library			
	Replace all PC's	$20,000.00	$12,000.00	Cash
Grand Total		$478,150.00	$226,500.00	

The Advisory Board recommends this Article in the amount of $226,500.

ARTICLE 4 - To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for the compensation schedule under the Personnel Plan for Fiscal Year 2005, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, or act on anything relative thereto.

Requested by the Personnel Board

The Advisory Board recommends this Article in the amount of $30,000.

ARTICLE 5 - To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for union and personal contracts for Fiscal Year 2005, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting. The contract(s) in question were not completed prior to the warrant going to press.

ARTICLE: 6 – To see if the Town will vote to authorize the Board of Selectmen to take all necessary steps to file in the Massachusetts Legislature a Home Rule Petition relative to a use of a portion of the Wampatuck State Park for the purposes of the Town providing needed Affordable Housing., or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this Article.

ARTICLE 7 - To see if the Town will vote to authorize the Board of Selectmen to make available certain parcels of Town owned land for affordable housing, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this Article.

ARTICLE 8 - To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide a sum of money for the renovation and reconstruction of the Sparrell School Building, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this article in the amount of $102,098.74. The Selectmen have identified existing sources of funds for this work. The Advisory Board strongly recommends that the town maintain the Sparrell building while we determine its future use. This is one of the beautiful, landmark buildings in Norwell. We are committed to extending its life and usefulness for the town.

ARTICLE 9: To see if the Town will vote to amend the Town of Norwell By-Laws, in Article VI, Advisory Board, by deleting Section 8 contained therein and replacing it with the following: "Section 8: A majority of the members appointed and sworn of said Board shall constitute a quorum." Or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board understands that this Article will be indefinitely postponed and accordingly expresses no opinion.

ARTICLE 10 – To see if the Town will vote to appropriate the sum of $1,000,000 for road repair during Fiscal 2005 and further authorize the Treasurer, with the approval of the Board of Selectmen, to borrow said sum of money under Massachusetts General Laws Chapter 44, as amended and authorize the Board of Selectmen and its agents on behalf of the Town to apply for and receive any available grants, aid, reimbursements or any other funding therein from State or Federal Governments, or take any action related thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting. As of the publication date of the Warrant the discussions on this Article had not been completed.

ARTICLE 11 –To see if the Town will vote to appropriate the sum of $2,000,000 for the purpose of road repair during Fiscal Year 2005 and further authorize the Treasurer, with the approval of the Board of Selectmen, to borrow said sum of money under Massachusetts General Laws Chapter 44 as amended, and authorize the Board of Selectmen and its agents on behalf of the Town to apply for and receive any available grants, aid, reimbursements or any other funding therein from State or Federal Governments, and to file on behalf of the Town any and all applications deemed necessary for grants and/or reimbursements from the Commonwealth of Massachusetts and further to direct that any reimbursements or funding received by the Town be applied to the payment of indebtedness, if any incurred, under this vote.

Provided, however, that this vote shall not take effect until the Town votes to exempt from the limitation on total taxes imposed by Massachusetts General Laws Chapter 59, Section 21C (Proposition 2 ½) amounts required to pay the principal and interest on the borrowing authorized by this vote, or take any other action related thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting. As of the publication date of the Warrant, the discussions on this Article had not been completed.

ARTICLE 12 - To see if the Town will vote to amend the Town of Norwell Personnel Classification and Compensation Plan as follows:

Section 6. Compensation Plan

Subsection (f) Longevity Pay by striking the current longevity rates and replacing with the following:

Length of Service Completed	Annual Amount
5 years	$250
10 years	$350
15 years	$450
20 years	$550
25 years	$650

Section 8. Fringe Benefits

Section (c) Sick Leave

By striking in the fifth paragraph the text "fifty (50)" and replacing it with the following: "forty-five (45)".

Or act on anything relative thereto.

Requested by the Personnel Board

The Advisory Board recommends this Article. This is an effort by the Personnel Board to keep some parity between employees covered under union contracts with those covered under the Personnel Plan.

ARTICLE 13 - To see if the Town will vote to amend the Town of Norwell Personnel Plan by adding at the end thereof the following new section:

Small Necessities Leave Act

Section 1.

Employees who are eligible for twenty-four (24) hours leave pursuant to the Small Necessities Leave Act (G.L. Chapter 149, Section 52D) must substitute any accrued paid vacation leave, personal leave for any of the leave provided under the Act.

Section 2.

To be entitled to leave employees must provide notice to the Town Administrator as follows:

(i) if the need for leave is foreseeable the employee must request the leave not later than seven (7) days in advance;

(ii) if the need is not foreseeable the employee must notify the employer as soon as practicable under the particular circumstances of the individual case;

(iii) Employees must complete the attached certificate form.

SMALL NECESSITIES LEAVE ACT CERTIFICATE

Employee's Certification

I certify that on _____ I will/did take _____ hours of leave for the following purpose:

☐ to participate in school activities directly related to the education advancement of a son or daughter

☐ to accompany the son or daughter of the employee to routine medical or dental appointments such as check-ups or vaccinations

☐ to accompany an elderly relative to routine medical or dental appointments or appointments for other professional services related to the elder's case

Employee's Name:_____
Date:_____

Or act on anything relative thereto.

Requested by the Personnel Board

The Advisory Board recommends this Article. The Article will clarify the Town of Norwell's Personnel Plan and provide a clear, set procedure for Town employees to notify the Town Administrator of an intention to take a short leave of absence pursuant to the Small Necessities Leave Act (MGL Chapter 149, Section 52D)

ARTICLE 14 - To see if the Town will vote pursuant to the authority granted under MGL Chapter 44, Section 53E ½ to continue (reauthorize) the revolving fund approved in Article 10 of the May 12, 2003 Annual Town Meeting for the purpose of receiving fees and making disbursements in connection with the duties of the School Department in the provision of Student Transportation, to include the payment of refunds as well as Student Transportation expenditures. No more than $100,000 shall be expended from this fund during the Fiscal Year 2005. The School Committee or their designees shall be authorized to expend from this fund, or act on anything relative thereto.

Requested by the School Committee

The Massachusetts Department of Revenue has ruled that this revolving account can be incorporated into the School Department's budget and therefore a vote of Town Meeting is no longer required. It is the Advisory Board's understanding, as of the publication date of the Warrant, that the School Department will handle this account under MGL Chapter 71; Section 47 and accordingly this Article shall be indefinitely postponed.

ARTICLE 15 - To see if the Town will vote to raise and appropriate, transfer from available funds (Article 8 Special Town Meeting, November 13, 1995 – 1,716.43, School Tennis Court and Track; Article 11 Special Town Meeting, December 8, 1997 - $17,656.76, High School football field lights, et. al; Article 14 Annual Town Meeting, May 4, 1998 - $17,964.87, construction of handicapped restrooms at High School athletic field) the sum of $37,338.06 to be expended under the direction of the Norwell School Committee for repairs, maintenance and improvements of outdoor athletic facilities at the High School, or act on anything relative thereto.

Requested by the School Committee

The Advisory Board recommends this Article in the amount of $37,338.06. This amount(s) to be transferred from the remaining balances of old Town Meeting Articles originally intended for athletic facilities at the High School.

ARTICLE 16 - To see if the Town will raise and appropriate, or appropriate from available funds, $450,000, or any other sum, to be expended under the direction of the Highway Surveyor for resurfacing sections of Town Ways, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this Article in the amount of $250,000. Additional road work beyond this amount is required to maintain our current infrastructure. This amount is the most we can fit into this year's budget. Articles 10 and 11 offer additional ways for the Town to fund needed road maintenance. At the Town Meeting there will be explanations and discussions of the Norwell roadways, state and local funding, the cost of maintaining our roads, and the future cost of not maintaining our roads. This amount is a key component of maintaining our roads.

ARTICLE 17 - To see if the Town will vote to raise and appropriate, or appropriate from available funds the sum of $15,000, to be expended under the direction of the Highway Surveyor/Director of Lands & Natural Resources, to bring both the Highway/Tree Department facilities into EPA Compliance, or act on anything relative thereto.

Requested by the
Highway Surveyor/Director

The Advisory Board recommends this article in the amount of $15,000. This Article brings our Highway Department and Tree & Grounds Department facilities into compliance with EPA requirements. Not doing so may subject the town to future fines and penalties.

ARTICLE 18 - To see if the Town will transfer the sum of $58,000, or any other sum, from the FY03 Overlay Surplus Account to be expended under the direction of the Board of Assessors for professional and contracted services in order to perform a triennial revaluation of real and personal property in the Town as of January 1, 2005, including any defense of said values, or act on anything relative thereto.

Requested by the Board of Assessors

The Advisory Board recommends this Article. It is required that the Board of Assessors perform a triennial revaluation.

ARTICLE 19 - To see if the Town will vote to transfer the sum of $35,000, or any other sum of money, from the Overlay Surplus Account for the purpose of providing a Senior Real Estate Tax Work-Off Program for older citizens in the Town funded directly by the Town. This program will be established pursuant to an agreement between the Council on Aging, the Board of Selectmen and the Board of Assessors and, to see if the Town will vote to revoke its acceptance of Section 5K of Massachusetts General Laws Chapter 59, the Senior Citizen Property Tax Work-Off Abatement Program, pursuant to MGL Chapter 4, Section 4B, or act on anything relative thereto.

Board of Assessors and
the Council on Aging

The Advisory Board recommends this Article in the amount of $35,000. This article is necessary due to a change in the way the program will be administered through the various town departments and to comply with IRS regulations. The amount of the real estate tax credit available through this program is unchanged by this Article.

ARTICLE 20 - To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide the sum of $20,000 to conduct a space needs assessment for the Norwell Police Department, or act on anything relative thereto.

Requested by the Chief of Police

The Advisory Board recommends this Article. Our town police station is inadequate for our needs and current safety standards. Over the years the police department has done their own renovations and improvements where possible. They are now faced with a leaking roof, seriously inadequate booking, holding and fingerprint area, and other deficiencies. It is time to evaluate the town's needs for our police department in keeping with best practices. This $20,000 does not commit us to any further expenditure at this time.

ARTICLE 21 – To see if the Town will vote to authorize the Board of Selectmen to enter into an agreement with another town or towns pursuant to G.L. c.40, sec. 4A, to share the cost of purchasing, equipping and maintaining an unmanned ambulance for a period not to exceed twenty-five years, and upon such other terms and conditions as the parties may agree, or act on anything relative thereto.

Requested by the Fire Chief

The Advisory Board recommends this article. Norwell's financial commitment to this ambulance gives us a backup when our ambulance is unavailable and has the additional advantage of currently being garaged in Norwell.

ARTICLE 22 - To see if the Town will raise and appropriate, or appropriate from available funds $100,000, or any other sum to be expended under the direction of the Permanent Drainage Study Committee and the Highway Surveyor for engineering, installation and or maintenance of Town drainage.

Requested by the Permanent Drainage Study Committee

The Advisory Board recommends this article in the amount of $50,000. While the Advisory Board would like to fund this account to a higher number, this is the most that we can devote at this time.

ARTICLE 23 - To see if the Town will vote to amend the Norwell Zoning Bylaws by deleting Section 1100 in its entirety and by substituting therefore the following:

ARTICLE I

Administration and Procedure

1100. Purpose and Authority

These regulations are enacted to promote the general welfare of the Town of Norwell, to protect the health and safety of its inhabitants, to encourage the most appropriate use of land throughout the town, and to increase the amenities of the town, all as authorized by, but not limited to, the provisions of the Zoning Act, G.L. c. 40A, as amended, and Section 2A of 1975 Mass. Acts 808. This Zoning By-Law is enacted in accordance with the provisions of the General Laws, Chapter 40A, any and all amendments thereto, and by Article 89 of the Amendments to the Constitution of the Commonwealth of Massachusetts.

Requested by the By-Law Review Committee and Planning Board

The Advisory Board recommends this Article.

ARTICLE 24 - To see if the Town will vote to amend the Norwell Zoning Bylaws by amending Section 1230, Paragraph 7 by deleting the words "to $100.00" and by adding the highlighted language as follows:

ARTICLE I

Administration and Procedure

1200. Administration

1230. Complaints and Fines

7. Failure of the party named in the complaint to eliminate the violation within the time defined in Paragraph six shall result in the imposition of

fines running from **$50.00 to $300.00** per day for each such day or portion thereof which the violation continues to exist as defined in paragraph six, **in accordance with the following schedule: Day #1: $50.00; Day #2; $100.00; Day #3: $200.00; Day #4 and each day thereafter:$300.00.**

OR TO TAKE ANY ACTION RELATIVE THERETO

Requested by the By-Law Review
Committee and Planning Board

The Advisory Board recommends this article. This Article is recommended in order to increase violation fines, as pertaining to the Zoning By-Law.

ARTICLE 25 - To see if the Town will vote to amend the Norwell Zoning Bylaws Section 1230 by adding Paragraph 10 as follows:

ARTICLE I

Administration and Procedure

1200. Administration

1230. Complaints and Fines

10. Non-Criminal Disposition of Violations of Zoning Bylaw. The Inspector of Buildings/Zoning Officer shall have the duty to enforce the town's zoning bylaw and may institute appropriate civil or criminal proceedings or both in the fulfillment of such duty. In addition, and as an alternative to such methods of enforcement, the Inspector of Buildings/Zoning Officer may, at his discretion, enforce the provisions of this bylaw in the manner provided in Massachusetts General Laws, Chapter 40, section 21D.

OR TO TAKE ANY ACTION RELATIVE THERETO

Requested by the By-Law Review
Committee and Planning Board

The Advisory Board recommends this article. This Article will enable the Inspector of Building/Zoning Officer to further enforce the Zoning By-Law.

ARTICLE 26 - To see if the Town will vote to amend the Norwell Zoning Bylaws by amending Section 1322 by adding the highlighted language as follows:

ARTICLE I

Administration and Purpose

1300. Board of Appeals

1322. To hear and decide appeals or petitions for variances from the terms of this Bylaw with respect to particular land or structures **but not uses**. Such variance shall be granted only in cases where the Board of Appeals finds all of the following:

a) A literal enforcement of the provisions of this Bylaw would involve a substantial hardship, financial or otherwise, to the petitioner or appellant.

b) The hardship is owing to circumstances relating to the soil conditions, shape or topography of such land or structures and especially affecting such land or structures but not affecting generally the zoning district in which it is located.

c) Desirable relief may be granted without either: (1) substantial detriment to the public good; or (2) nullifying or substantially derogating from the intent or purpose of this Bylaw.

Requested by the By-Law Review
Committee and Planning Board

The Advisory Board recommends this Article. This Article clarifies the authority of the Zoning Board of Appeals.

ARTICLE 27 - To see if the Town will vote to amend the Norwell Zoning Bylaws by deleting Section 1420 in its entirety and by substituting therefore the following:

ARTICLE I

Administration and Purpose

1400. Special Permits

1420. Criteria for approval. Special permits shall be granted by the special Permit Granting authority only upon a written determination that the adverse effects of the proposed use or activity will not outweigh its beneficial impacts to the town or the neighborhood, taking into account the particular characteristics of the site. In addition to any specific factors that may be set forth in this By-law, the determination shall include consideration of each of the following:

a) Social, economic, or community needs which are served by the proposal;

b) Traffic flow and safety, including parking and loading;

c) Adequacy of utilities and public services;

d) Neighborhood character and social structures;

e) Impacts on the natural environment including, without limitation, the Aquifer Protection District; and

f) Potential fiscal impact, including impact on town services, tax base, and employment.

Requested by the By-Law Review
Committee and Planning Board

The Advisory Board will make its recommendation at Town Meeting. The Zoning Board of Appeals had not completed its deliberations prior to the Warrant going to press.

ARTICLE 28 - To see if the Town will vote to amend Norwell Zoning By-law §1530 by deleting the first sentence thereof and substituting therefore the following new language:

ARTICLE I

Administration and Purpose

1500. Site Plan Review

1530. Procedure. Any person desiring approval of a site plan under this paragraph shall submit said site plan to the Board of Appeals for action and, either simultaneously or forthwith thereafter, shall submit said plan (together with seven copies) to the Planning Board. The Planning Board shall review the plan and, as appropriate, obtain technical review of the plan at the applicant's sole cost. The Planning Board shall prepare its report and recommendations regarding said plan and submit same to the Board of Appeals. The Board of Appeals shall not approve said plan unless and until it either has reviewed the Planning Board's report and recommendations or the applicant has provided evidence that 45 days have elapsed from the date that the plan first was submitted to the Planning Board without issuance of a report and recommendations. No building permit shall issue until the Board of Appeals has approved the plan. Furthermore, no building permit shall issue if the Planning Board has not provided the Board of Appeals

with the Planning Board's report and recommendations and fewer than 45 days have elapsed after the plan was first submitted to the Planning Board.

Requested by the By-Law Review
Committee and Planning Board

The Advisory Board recommends this Article. This Article will streamline the process of Site Plan Review.

ARTICLE 29 - To see if the Town will vote to amend the Norwell Zoning Bylaws by adding the highlighted language to Section 1550 and by adding a new Section 1570 as follows:

ARTICLE I

Administration and Purpose

1500. Site Plan Review

1550. Implementation and Expiration. Within fifteen days after approval of any site plan, the Board of Appeals shall file an endorsed copy of said plan in the office of the Town Clerk. Within one year of the date of site plan approval, the applicant shall have completed the work described on the plans as **approved and substantial use thereof shall have commenced** unless the Board of Appeals grants an extension of the time as it shall deem necessary to carry the site plan into effect. In each such instance where an extension is granted, the Board of Appeals shall certify to the Town Clerk that it has granted an extension of time and the date on which the extension is to lapse.

1570. Regulations; Fees. The Zoning Board may adopt and from time to time amend reasonable regulations, including reasonable administrative fees and technical review fees, for the administration of site plan review.

Requested by the By-Law Review
Committee and Planning Board

The Advisory Board recommends this Article.

ARTICLE 30 - To see if the Town will vote to amend the Norwell Zoning Bylaws by deleting Section 1642 in its entirety and by substituting therefore the following:

ARTICLE I

Administration and Purpose

1600. Applicability.

1642: Alteration, Reconstruction, Extension or Structural Changes to Lawfully Pre-existing Nonconforming Structures and Uses.

A. Single or Two-Family Residential Structures.

The Inspector of Buildings, in accordance with G.L. c.40A, §6, ¶1, may issue a building permit to allow an alteration, reconstruction, extension or structural change to a lawfully pre-existing, nonconforming single or two family residential structure, provided that:

(1) The alteration, reconstruction, extension or structural change shall not increase the nonconforming nature of the lawfully pre-existing nonconforming structure; and

(2) Said alteration, reconstruction, extension or structural change shall itself comply with all current setback, yard, building coverage, and building height requirements.

In any instance in which the Inspector of Buildings determines that a proposed alteration, reconstruction, extension or structural change to a lawfully pre-existing nonconforming single or two family residential structure would increase the nonconforming nature of the structure, the Inspector shall refuse to issue a building permit therefore and shall refer the applicant to the Board of Appeals for a special permit determination as to whether the proposed alteration, reconstruction, extension or structural change would be substantially more detrimental than the lawfully pre-existing nonconformity.

B. Other Structures and Uses.

Lawfully pre-existing, nonconforming structures and uses (other than single or two-family residential structures) may be extended, altered or changed, but only upon issuance of a special permit determination by the Board of Appeals that the structure or use at issue has been proven to the Board's satisfaction to be lawfully pre-existing nonconforming and that the proposed extension, alteration or change shall not be substantially more detrimental than the existing nonconformity.

C. Cessation of Nonconformity.

Once a nonconforming structure or use is changed so as to become conforming, it shall not be permitted to revert so as to become nonconforming again.

Requested by the By-Law Review Committee and Planning Board

The Advisory Board recommends this Article. This will streamline the issuance of Building Permits that fall under Section 1642.

ARTICLE 31 - To see if the Town will vote to amend the Norwell Zoning Bylaws by changing the heading to Section 1730 and by substituting therefore the following heading:

ARTICLE I

Administration and Purpose

1700. General

1730. Severability. In the event . . . .

Requested by the By-Law Review Committee and Planning Board

The Advisory Board recommends this Article. This changes the word "separability" to "severability."

ARTICLE 32 - To see if the Town will vote to amend the Norwell Zoning Bylaws by adding the deleting the word "operatives" and adding the highlighted language to Section 2313 a) as follows:

ARTICLE II

District Regulations

2300. District Use Regulations

2313. Permitted Accessory Uses.

a) An office of either a doctor, or a dentist, or a lawyer, provided that the principle use is residential and the business is conducted in the dwelling by the person residing on the premises and involves not more than two **agents, servants or employees, excluding the resident doctor, dentist or lawyer.**

Or act on anything relative thereto.

Requested by the By-Law Review Committee and Planning Board

The Advisory Board recommends this Article. This Article clarifies the number of employees allowed in Section 2313a.

ARTICLE 33 - To see if the Town will vote to amend the Town of Norwell Bylaws, Article XV, General Regulations, by adding the words ", commercial or industrial" after the word "residential" in the first line of Section 6. Or take any action relative thereto.

Requested by the By-Law Review Committee and the Board of Selectmen

The Advisory Board recommends this Article. The added words broaden the definitions of the regulation.

ARTICLE 34 - To see if the Town will vote to amend the Town of Norwell By-Laws, Article XV – General Regulations Section 6 by adding at the end thereof the following new text:

"Each day of any violation shall be considered a separate offense punishable by a fine of not more than $50.00." or act on anything relative thereto.

Requested by the Chief of Police

The Advisory Board recommends this Article. This corrects the wording of this regulation in accordance with guidance from the Massachusetts Attorney General's Office.

ARTICLE 35 - To see if the T own will vote to appropriate from available funds (Water Department Surplus Revenue or Water Department Revenue) the sum of $200,000 or any other sum to be expended under the direction of the Board of Water Commissioners for the purpose of laying/relaying and mechanically cleaning water mains of not less than six inches in diameter but not more than sixteen inches in diameter, or act on anything relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board recommends this Article in the amount of $200,000. As part of an on-going water system maintenance plan, this article funds work to improve the flow of water in areas where there is either inadequate existing piping or where the existing pipes have suffered from mineral deposits narrowing the pipes and damaging the water flow dynamics.

ARTICLE 36 - To see if the Town will vote to set aside certain sums of money raised through the Community Preservation Act, Massachusetts General Laws Chapter 44B, Section 3-7 from the main Community Preservation Fund into the three Community Preservation Fund Reserve Accounts. The three Reserve Accounts are to be allocated additional funds as follows: $100,000, or any other sum, into the Open Space Reserve Account, $100,000, or any other sum, into the Affordable Housing Reserve Account, and $100,000, or any other sum, into the Historic Preservation Reserve Account, or act on anything relative thereto.

Requested by the
Community Preservation Committee

The Advisory Board recommends this article in the amounts specified. This Article designates these amounts for the specified purposes as required under the Community Preservation Act.

ARTICLE 37 - To see if the Town will vote to raise and appropriate, or appropriate from available funds the sum of $200,000 to provide irrigation and improvements to the Vinal, Cole, Middle or High School fields. Said funds to be expended under the direction of the Highway Surveyor and the Tree & Grounds Director upon the recommendation of the Athletic Fields Committee, or act on anything relative thereto.

Requested by the Athletic Fields Committee

The Advisory Board does not recommend this article. Although worthwhile, at this time we do not have the financial resources to support this Article.

ARTICLE 38 - To see if the Town will vote to amend the Town of Norwell By-Laws, Article XV-General Regulations, Section 11, by adding the following new section:

> SECTION 11 (l): "No domestic animals shall be permitted on any Athletic Field within the Town of Norwell at anytime. Any person in violation of this bylaw shall be liable to the Town in the amount of $25.00 for first offense, and each subsequent violation in the amount of $50.00. The Board of Selectmen shall have the authority to dispose of said violations in accordance with the procedures and provisions of General Laws, Chapter 40, Section 21D."

or act on anything relative thereto.

Requested by the Athletic Field Committee

The Advisory Board does not recommend this Article. Responsible dog owners should not be penalized because of irresponsible pet owners and Canada Geese. Town facilities should be used by all taxpayers.

ARTICLE 39 - To see if the Town will vote to amend the Town of Norwell Zoning By-Laws, ARTICLE III, section 3400, Demolition of Historically Significant Buildings, Structures and Properties,

ARTICLE III, SECTION 3400, BUILDING DEMOLITION

TEXT OF THE BYLAW REGULATING DEMOLITION OF HISTORICALLY SIGNIFICANT BUILDINGS, STRUCTURES OR PROPERTIES.

(A) INTENT AND PURPOSE

THIS BYLAW IS ADOPTED FOR THE PURPOSE OF IDENTIFYING AND PROTECTING THE HISTORIC AND AESTHETIC QUALITIES OF THE TOWN BY, PRESERVING, RE-HABILITATING OR RESTORING WHENEVER POSSIBLE, BUILDINGS, STRUCTURES OR PROPERTIES WHICH CONSTITUTUTE OR REFLECT DISTINCTIVE FEATURES OF THE ARCHITECTURAL, AESTHETIC OR HISTORIC RESOURCES OF THE TOWN, THEREBY PROMOTING THE PUBLIC WELFARE AND PRESERVING THE CULTURAL HERITAGE OF THE TOWN.

(B) DEFINITIONS

FOR THE PURPOSE OF THIS SECTION, THE FOLLOWING WORDS AND PHRASES HAVE THE FOLLOWING MEANINGS:

COMMISSION: the Norwell Historical Commission

INSPECTOR: the Norwell Building Inspector/Zoning Officer

DEMOLITION PERMIT: the permit issued by the Inspector as required by the State Building Code for the demolition, partial demolition or removal of a building or structure.

HISTORICALLY SIGNIFICANT BUILDING, STRUCTURE OR PROPERTY: any building, structure or property which is (1) importantly associated with one or more historic persons or events, or with the architectural, cultural, political, economic or social history of the Town, the Commonwealth of Massachusetts or the United States of America; or (2) historically or architecturally important by reason of period, style, method of building construction or association with a particular architect or builder, either by itself or in content of a group of buildings or structures; or (3) vista, bridge,

stone wall, tree, road marker or sign, or any other property identified as of aesthetic, architectural, cultural, political or historical significance, by the Commission.

PERMIT – building permit to demolish, alter, renovate, remodel, rebuild, or move or add on to a structure.

(C) REGULATED BUILDINGS, STRUCTURES AND PROPERTIES

The provisions of this Section 3400 Article III shall apply only to the following buildings, structures or properties: (1) a building, structure or property listed on the National Register of Historic Places, or the subject of a pending application for listing on either of said Registers; or (2) a building, structure or property located within 200 feet of the boundary line of any federal, state or local historic district; or (3) a building, structure or property included in the Inventory of the Historic and Prehistoric Assets of the Commonwealth, or designated by the Commission for inclusion in said Inventory. **(4) any building over seventy five years old.**

Notwithstanding the preceding sentence, the provisions of this section shall not apply to any building, structure or property located in a local historic district and subject to regulation under the provisions of Chapter 40C of the Massachusetts General Laws.

(D) PROCEDURE

(1) The Inspector shall forward a copy of each demolition permit application for a building, structure or property identified in paragraph c of this section to the Commission within seven (7) days after the filing of such application.

(2) Within thirty (30) days after its receipt of such application, the Commission shall determine whether the building, structure or property is historically significant. The applicant for the permit shall be entitled to make a presentation to the Commission if he or she makes a timely request in writing to the Commission.

(A) The Inspector shall notify or cause the applicant to notify the Commission of any work to include: altering, renovating, remodeling, demolition, rebuilding or reconstructing of any building or structure in Norwell that is over seventy five (75) years or older.

(3) If the Commission determines that the building, structure or property is not historically significant, it shall so notify the Inspector and the applicant in writing and the Inspector may issue a demolition permit. If the Commission determines that the building, structure or property is historically significant, it shall notify the Inspector and the applicant in writing that a **building** plan review must be made prior to the issuance of a **building** permit. If the Commission fails to notify the Inspector and the applicant of its determination within thirty (30) days after its receipt of the application, then the building,

structure or property shall be deemed not historically significant and the Inspector may issue a **building** permit.

(4) Within sixty (60) days after the applicant is notified that the Commission has determined that a building, structure or property is historically significant, the applicant for the permit shall submit to the Commission ten (10) copies of a **building** plan which will include the following information: (a) map showing the location of the building, structure or property to be **worked on** with reference to lot lines and to neighboring buildings and structures; (b) photographs of all street façade elevations; (c) a description of the building structure or property, or part thereof, to be demolished; (d) the reason for the proposed demolition and data supporting said reason, including, where applicable, data sufficient to establish any economic justification for demolition; and (e) a brief description of the proposed reuse of the parcel on which the building, structure or property to be **permitted** is located.

(5) The Commission shall hold a public hearing with respect to the application for a **building** permit and shall give public notice of the time, place, and purposes thereof at least fourteen (14) days before said hearing in such a manner as it may determine, and by mailing, postage prepaid a copy of said notice to the to the applicant, to the owners of all adjoining property and other property deemed by the Commission to be materially affected thereby as they appear on the most recent real estate tax list of the Board of Assessors, to the Planning Board, to any person filing written request for notice hearings, such request to be renewed yearly in December, and to such other persons as the Commission shall deem entitled to notice. Within sixty (60) days after its receipt of the **building** plan, the Commission shall file a written report with the Inspector on the **building** plan which shall include the following: (a) a description of the age, architectural style, historic association and importance of the building or structure; (b) a determination as to whether or not the building, structure or property should preferably be preserved.

The Commission shall determine that a building, structure or property should preferably be preserved only if it finds that the building, structure or property is a historically significant building, structure or property which, because of the important contribution made by such building, structure or property to the Town's historical and/or architectural resources, it is in the public interest to preserve, rehabilitate or restore.

(6) If, following the **building** plan review, the Commission does not determine that the building, structure or property should preferably be preserved, or if the Commission fails to file a report with the Inspector within the time limit set out in subparagraph (5) next above, then the Inspector may issue a **building** permit.

(7) If, following the **building** plan review, the Commission determines that the building, structure or property should preferably be preserved, then the Inspector shall not issue a **building** permit for a period of six (6) months from the date of the filing of the Commission's report unless the Commission informs the Inspector prior to the expiration of such six (6) month period that it is satisfied that the applicant for the **building** permit has made a bona fide, reasonable and unsuccessful effort to locate a purchaser for the

building, structure or property who is willing to preserve, rehabilitate or restore the building, structure or property, or has agreed to accept a **building** permit on specified conditions approved by the Commission.

(E) EMERGENCY DEMOLITION

If the condition of a building, structure or property poses a serious and imminent threat to public health or safety due to its deteriorated condition, the owner of such building, structure or property may request the issuance of an emergency demolition permit from the Inspector. As soon as practicable after the receipt of such a request, the Inspector shall arrange to have the property inspected by a Board consisting of the Inspector, the Chairman of the Commission and the Board of Health, and the Chief of the Fire Department , or their respective designees. After inspection of the building, structure or property and consultation with this Board, the Inspector shall determine whether the condition of the building, structure or property represents a serious and imminent threat to public health or safety and whether there is any reasonable alternative to the immediate demolition of the building, structure or property which would protect the public health or safety.

If the Inspector finds that the condition of the building, structure or property poses a serious and imminent threat to public health or safety, and that there is no reasonable alternative to the immediate demolition permit under the provisions of this paragraph (E), the Inspector shall prepare a written report describing the condition of the building, structure or property and the basis for the decision to issue an emergency demolition permit with the Commission. Nothing in this paragraph (E) shall be inconsistent with the procedures for the demolition and/or securing of the building and structures established by Chapter 143, Sections 6-10, of the Massachusetts General Laws. In the event that a Board of Survey is convened under the provisions of Section 8 of said Chapter 143 with regard to any building, structure or property identified in paragraph (c) of this section , the Inspector shall request the Chairman of the Commission or the Chairman's designee to accompany the Board of Survey during its inspection. A copy of the written report prepared as a result of such inspection shall be filed with the Commission.

(F) NON COMPLIANCE

Anyone who demolishes a building, structure or property **or portion thereof** identified in paragraph © of this section without first obtaining , and complying fully with the provisions of a **building** permit, shall be subject to a fine of not less than one thousand ($1,000) dollars or not more than twenty-five thousand ($25,000) dollars. In addition, unless a **building** permit was obtained for such demolition, and unless such permit was fully complied with the Inspector shall not issue a building permit pertaining to any parcel on which a building, structure or property identified in paragraph (c) of this section has been demolished for a period of three (3) years after the date of demolition.

(G) APPEALS TO SUPERIOR COURT

Any person aggrieved by a determination of the Commission may, within twenty (20) days after the filing of the notice of such determination with the Inspector, appeal to the Superior Court for Plymouth County. The court shall hear all pertinent evidence and shall annul the determination of the Commission if it finds the decision of the Commission to be unsupported by the evidence or to exceed the authority of the Commission or may remand the case for further action by the Commission or make such other decree as justice and equity shall require.

(H) SEVERABILITY

In case any section, paragraph or part of this bylaw is declared invalid or unconstitutional by any court of competent jurisdiction, every other section, paragraph, and part of this bylaw shall continue in full force and effect.

(I) NOTIFICATION

The Commission shall be required to present a written Annual Report by January first of each calendar year to the Inspector, the Planning Board and the Highway Department. This report shall include but is not limited to the following: (1) an inventory of any and all buildings, structures and properties that have been designated and registered as being covered by this bylaw; (2) a list of any and all buildings, structures and properties covered by this bylaw that are under consideration and study by the Commission or the Massachusetts Historical Commission; (3) a copy of this report shall be available to the Selectmen, Town Public Library and the Massachusetts Historical Commission.

Or act on anything relative thereto.

Requested by the Historic Commission

The Advisory Board understands that this Article will be indefinitely postponed and accordingly expresses no opinion.

ARTICLE 40 - To see if the Town will vote to raise and appropriate, borrow or transfer from available funds or otherwise provide the sum of $5,000 to be expended under the direction of the Norwell Veterans Memorial Committee for the renovation and repair of the WWII, Korean and Vietnam Memorial on Norwell's Veterans Memorial Common in the center of town or act on anything relative thereto.

Requested by Citizens Petition

It is the Advisory Board's understanding that this Article will be indefinitely postponed as sufficient funds have been raised for this project through the generosity of the Townspeople.

ARTICLE 41 - To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide the sum of $100,000 to be expended under the direction of the Permanent Drainage Study Committee and the Highway Surveyor for engineering, reclamation, excavation of road and town drainage on Samuel Woodworth Road, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board does not recommend this Article. Hopefully, Chapter 90 money will be applied to this situation.

ARTICLE 42 - To see if the Town will vote to designate First Parish Road, Pine Street and River Street as Scenic Roads pursuant to the Massachusetts Scenic Roads Act (MGL Chapter 40, Section 15C), or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board does not recommend this Article. Massachusetts General Law Chapter 40, Section 15C requires that this request originate with *"...the planning board, conservation commission or historical commission..,"* Before such a measure is adopted, the Advisory Board recommends (while not required by law) that each resident of the road in question be informed of the intention to designate their road a "Scenic Road" and that a public informational hearing be held so that residents would know the requirements and regulations associated with this designation.

ARTICLE 43 - To see if the Town will vote to raise and appropriate or transfer from available funds, the sum of $4,000 to contract with South Shore Women's Center for domestic violence intervention and prevention services to its residents, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board recommends this Article in the amount of $2,000. This article provides a portion of funding to the South Shore Women's Center. The services of this center are available to the residents of Norwell.

ARTICLE 44 – To see if the Town will vote to raise and appropriate or transfer from available funds, the sum of $2,000 to contract with the Womansplace Crisis Center for services provided to victims/survivors of sexual assault, or act on anything relative thereto.

Requested by Citizens Petition.

The Advisory Board recommends this Article in the amount of $2,000. This article provides a portion of funding for the Womansplace Crisis Center. The services of this center are available for the residents of Norwell.

ARTICLE 45 – To see if the Town will vote to transfer from available funds or otherwise provide a certain sum of money to be added to the Stabilization Fund as established in accordance with the provisions of Massachusetts General Law, Chapter 40, Section 5B, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends no action on this Article.

ARTICLE 46 – To see if the Town will appropriate a sum of money from available funds and authorize the Assessors to use this sum to decrease the tax Rate for FY 2005, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends no action on this Article.

INSTRUCTIONS TO ELECTED OFFICIALS

SALE OF FISH RIGHTS

You are directed to serve this Warrant by posting a copy thereof attested to by you in writing in each of five public places in the Town fourteen days at least before the time for holding and meeting called for in the Warrant. Hereof, fail not and make due return of the Warrant with your doings thereon to the Town Clerk of said Town on or before the twenty-sixth day of April, 2004.

Given under our hands at Norwell this _____day of April in the year of our Lord, 2004.

BOARD OF SELECTMEN:
Norwell, MA

_____

Capital Budget Requests for FY 2005

	Requested	*Status*	*Cap. Budget Cmtg. Rec.*	Comments
Council On Aging				
Outside Door Replacement (5)	$8,250.00	failing	$5,500.00	**The Capital Budget Committee recommends this request.** Necessary for weatherizing. Helpful for handicap access.
Fire Department				
Generator Replacement	$22,000.00	failed	$21,000.00	**The Capital Budget Committee recommends this request.** Has bad head gasket. Needs 3k in repairs. May come apart and be unrepairable
Chief's Vehicle Replacement	$30,000.00	failed	$29,000.00	**The Capital Budget Committee recommends this request.** 107,000 mile vehicle with broken 4WD transfer case
Highway Department				
Trackless Sidewalk Plow/Mower Purchase	$92,000.00	replacement	$92,000.00	**The Capital Budget Committee recommends this request.** Replaces 30 year old sidewalk plow with multi-purpose all season vehicle.
Backhoe Replacement	$96,400.00	replacement		**The Capital Budget Committee does not recommend this request.**
Library				
Replace all PC's	$20,000.00	obsolete	$12,000.00	**The Capital Budget Committee recommends a portion of this request.** CPU's are old and need replacement and are no longer compatible with enhanced capacity of the Old Colony Library Network. The monitors do not need to be replaced and therefore, we do not recommend that portion of the funding. Finally, with the rapidly decreasing cost of electronics, it is the Committee's opinion that most c the requested equipment can be aquired for the amount recommended

Police Department				
Roof Repair or Replacement	$35,000.00	failed		**The Capital Budget Committee does not recommend this request** With the future use of this building uncertain, the roof should be repair until the final disposition of the building is decided.
Town Hall				
Roof Repair or Replacement	$35,000.00	failed	$67,000.00	**The Capital Budget Committee recommends this request.** The roo needs to be replaced with a new roof with a 25 year warranty rather th the patching of the old roof as proposed.
Door Repair	$1,000.00	failed		**The Capital Budget Committee does not recommend this request** Repairs should be made from the regular operating budget.
Tree & Grounds				
Hydraulic Seeder Purchase	$8,500.00	improved replacement		**The Capital Budget Committee does not recommend this request**
Wide Area Mower Replacement	$65,000.00	replacement		**The Capital Budget Committee does not recommend this request.** The new multi-purpose vehicle purchased by the Highway Department should fill this need.
Tractor with Flail Mower	$65,000.00	replacement		**The Capital Budget Committee does not recommend this request.** The new multi-purpose vehicle purchased by the Highway Department will include a flail attachment.
Total - Article 3	**$478,150.00**		**$226,500.00**	

MINUTES OF SPECIAL/ANNUAL TOWN MEETING, MONDAY, MAY 10, 2004

ATTENDANCE: (No Quorum Required.)

Precinct One:	**67**
Precinct Two:	**85**
Precinct Three:	**103**
TOTAL:	**255**

Promptly at 7:30 pm, Moderator Roger E. Hughes, Jr. called the meeting, held at the Henry E. Goldman Gymnasium, Norwell Middle School, to order.

Service of the Warrant by the Constable of the Special/Annual Town Meeting was read by Town Clerk Janice M. Lawson.

Rev. Twila Broadway, pastor of the Church Hill Methodist Church, offered the Invocation. Richard A. Caldwell, Veterans Agent, lead the "Pledge of Allegiance to the Flag".

The following introductions were made by Moderator Hughes:

BOARD OF SELECTMEN:
Richard A. Merritt, Chair
John G. Mariano, Vice Chair
Paul D. Gaynor, Clerk

TOWN COUNSEL: Robert W. Galvin, Esq.
TOWN ADMINISTRATOR: James M. Boudreau

ADVISORY BOARD:
Brian S. Noble, Chair
Chester Flynn, Vice Chair
Mary L. Cole
Spencer A. Joseph
Jason Brown
Charles R. Dirk
Patrick J. Haraden
J. Richard Hartigan
Jasmine Heffernan, Secretary

TOWN CLERK: Janice M. Lawson
ASS'T TOWN CLERK: Patricia M. Anderson

TOWN ACCOUNTANT: Carol Ann Amado
ASS'T TOWN ACCOUNTANT: Rita Turco

Moderator Hughes explained the rules of the meeting:

1. **The procedure to be followed will be "Roberts Rules of Order" and the Bylaws of the Town.**

2. **Please come toward the microphone to save time, before you plan to speak.**

3. **After being recognized by the Moderator, identify yourself and give your address.**

4. **Speak only to the issues and not to personalities.**

5. **The main motion may be slightly different than what is printed in the Warrant.**

6. **Anyone can amend an article, but he/she must do so in writing and present a copy to the Moderator and Town Clerk.**

7. **An amendment will be discussed and voted on before any other amendment will be allowed. Then, we will turn to the main motion and vote.**

8. Reconsideration: Traditionally, reconsideration may occur the same night an article is voted, or the following night.

Moderator Hughes explained that if a hand count is necessary, the "lime green" card which you received when you checked in is to be held up, if necessary, for the articles of the Special Town Meeting; for the Annual Town Meeting, the card to held up, if necessary, is "bright pink".

The voters had also received two Secret Ballot cards: A gold YES/NO slip for Article No. 10; A pink YES/NO slip for Article No. 11. These are borrowing articles which require a "Secret Ballot" vote for monies borrowed over $200,000.00. When the time comes, Moderator Hughes will instruct the voters as to how and where they will insert their ballots.

At this time, Moderator Hughes made a motion, which was seconded, and UNANIMOUSLY VOTED, to suspend the Annual Town Meeting, to take up the business of the Special Town Meeting.

ARTICLE NO. 1: (Majority Vote Required) UNANIMOUSLY VOTED to TRANSFER the sum of $6,000.00 from Line Item No. 1-104-132-5110, Call Fire Payroll, to Line Item No. 1-103-130-5110, Permanent Firefighters' Payroll.

ARTICLE NO. 2: (Majority Vote Required) UNANIMOUSLY VOTED to TRANSFER the balance of Article No. 3, Item 531-299-5790 in the amount of $3,037.00 to a separate article to supplement a FY 2005 Capital request for new exterior doors and hardware and to repair/replace the chimney at the Council on Aging Center.

ARTICLE NO. 3: (Majority Vote Required) UNANIMOUSLY VOTED to INDEFINITELY POSTPONE this article. (To transfer a sum of money for Open Space purposes, pursuant to Mass. General Law, Chapter 44B, from the Community Preservation Fund, to purchase a parcel of land in the Town of Norwell, and to authorize the Selectmen to execute a purchase and sale agreement.

ARTICLE NO. 4: (Majority Vote Required) MAJORITY VOTED to TRANSFER the sum of $188,500.00 for recreational purposes, pursuant to Mass. General Laws, Chapter 44B, from the Community Preservation Fund, to provide irrigation and improvements to the High School and Middle School athletic fields. Said funds are to be expended under the direction of the Director of Lands and Natural Resources upon the recommendation of the Athletic Fields Committee. Any amounts appropriated to this article and not expended by June 30, 2005 shall be transferred to the Community Preservation Fund.

ARTICLE NO. 5: (Majority Vote Required) UNANIMOUSLY VOTED to TRANSFER the sum of $75,000.00 from FREE CASH to be added to line item 01-300-268-5532, Snow Removal and Sanding.

ARTICLE NO. 6: (9/10 Vote Required) UNANIMOUSLY VOTED to TRANSFER the sum of $3,900.00 from

MINUTES OF SPECIAL/ANNUAL TOWN MEETING, MONDAY, MAY 10, 2004

FREE CASH for the payment of the following unpaid bills from a prior fiscal year:

Commonwealth of Mass: $3,900.00

A motion was made, seconded, and UNANIMOUSLY VOTED, to dissolve the Special Town Meeting, at 8:15 pm.

Before taking up the Articles of the Annual Town Meeting, Richard Merritt, Chairman of the Board of Selectmen, reviewed the finances of the Town with the voters assembled. Advisory Board Chair, Brian Noble, also made a brief financial presentation.

Article No. 1: (Majority Vote Required) UNANIMOUSLY VOTED to accept the reports of its Officers, Boards, Departments, Committees, and Commissions, as printed in the 2003 Annual Town Report.

Article No. 2: MAJORITY VOTED to RAISE AND APPROPRIATE and TRANSFER from available funds, sums of money set forth in the "ADVISORY BOARD RECOMMENDS" column under Article No. 2 in the Transcript of Articles in the Warrant for the FY 2005 ANNUAL TOWN MEETING, except for those line items in Article No. 2 which were "Held" and voted on individually; to defray the charges, expenses and salary obligations of the Town, including debt and interest, for the ensuing year; to provide for a Reserve Fund, and to fix salaries and compensation for all Elected Officers of the Town; and to meet said appropriations, TRANSFER from WATER GRANT the sum of $114,667.00; from WATER SURPLUS, the sum of $240,704.49; from WATER REVENUES, the sum of $772,644.51, to be applied to the WATER OPERATING BUDGET, and TRANSFER from FREE CASH, THE SUM OF $700,000.00; and TRANSFER from OVERLAY SURPLUS, the sum of $432,000.00. TRANSFER from STABILIZATION, $200,000.00 for the RESERVE FUND. TRANSFER the sum of $447,424.90 from SERIAL PREMIUM; TRANSFER the sum of $1,047,429.00 from the SCHOOL BUILDING ASSISTANCE. Also, TRANSFER THE SUM OF $27,011.00 from COMMUNITY PRESERVATION REVENUE to Dept. 5-237, Salaries, and 5-305, Expenses, for the COMMUNITY PRESERVATION OPERATING BUDGET.

A 2/3 VOTE was required to TRANSFER $200,000.00 from STABILIZATION to the RESERVE FUND. The Moderator declared a 2/3 Vote for this transfer.

The following line items of Article 2, "ADVISORY BOARD RECOMMENDS" column were "HELD", and after an explanation of the salary increases, the "Hold" was withdrawn.

UNANIMOUSLY VOTED each of these salary "Held" items below as printed, as follows:

Line Item No.	Amount Voted
115-Acc't. Salaries	$164,279.00
102- Town Admin.	$ 91,000.00
120-Planning Admin.	$ 45,160.00
110-Asses. Clerical	$107,452.00
112-Treas./C. Cleric.	$146,197.00
113-Town Clerk Sal.	$ 58,829.00
114-T.C. Clerical	$ 45,235.00

Article No. 2 "Held" Items, Continued

Line Item No.	Amount Voted
129-Fire Chief Sal.	$ 96,155.00
138-Bldg/Zon. Cler.	$ 69,390.00
139-Bldg./Zon. ADA	$ 61,483.00
144-Animal Contr.	$ 14,542.00
147-High. Dept. Pay.	$220,444.00
150-Water Tr. Mgr	$58,013.00
153-Water Payrolls	$208,350.00
155-Conserva. Agent	$ 37,864.00
160-C-O-A Payroll	$130,182.00
165-Library Payroll	$250,397.00
167-Recreation Pay.	$ 67,572.00

The following two items were "held," discussed, and voted as follows:

230-Group Insur. $2,297,000.00
Maj. Vote
268-Snow Remov. $ 122,600.00
Unan. Vote

Article No. 3: (Majority Vote Required.) UNANIMOUSLY VOTED to RAISE AND APPROPRIATE the sum of $226,500.00 for CAPITAL OUTLAY, as printed in the Warrant on Page 20 under "CAPITAL BUDGET RECOMMENDATION," as follows:

Dept.	Amount Voted
65-TOWN HALL	
Roof Repair/Replace.	$67,000.00
Door Repair	$ 0.00
101-POLICE DEPT.	
Roof Repair/Replace.	$ 0.00
103-FIRE DEPT.	
Generator Replacement	$21,000.00
Chief's Vehicle Replace.	$29,000.00
109-TREE AND GROUND	
Hydraulic Seeder	$ 0.00
Wide Area Mower Replace.	$ 0.00
Tractor with Flail Mower	$ 0.00
300-HIGHWAY DEPT.	
Trackless Sidew. Plow/Mow.	$92,000.00*
Backhoe Replacement	0.00*
531-COUNCIL ON AGING	
Outside Door Replacement	$ 5,500.00
601-LIBRARY	
Replace all PC's	$12,000.00

*An Amendment made by Highway Surveyor/Director Paul Foulsham to amend the "Capital Budget Recommends" column for Trackless Sidewalk Plow/Mower to $0.00 and increase the Backhoe Replacement to $92,000.00 FAILED TO CARRY.

Article No. 4: (Majority Vote Required) MAJORITY VOTED to RAISE AND APPROPRIATE the sum of $30,000.00 to meet obligations for the compensation schedule under the Personnel Plan for Fiscal Year 2005; said sum to be apportioned by the Town Accountant to the applicable line items in Article 2.

Article No. 5: (Majority Vote Required) MAJORITY VOTED to RAISE AND APPROPRIATE the sum of $8,000.00 to meet obligations for Union and Personal contracts for Fiscal Year 2005; said sum to be apportioned by the Town

Accountant to the applicable line items in Article 2.

Article No. 6: (2/3 Vote Required)

Moderator declared this article FAILED TO CARRY. (To authorize the Board of Selectmen to take all necessary steps to file in the Massachusetts Legislature a Home Rule Petition relative to a use of a portion of the Wampatuck State Park for the purpose of the Town providing needed Affordable Housing.)

Article No. 7: (Majority Vote Required) UNANIMOUSLY VOTED to authorize the Board of Selectmen to make available certain parcels of Town-owned land on Wildcat Lane, identified on the Town of Norwell Assessors' Maps as parcel 65-24-24A, consisting of three (3) acres, more or less, and parcel 65-25-24A, consisting of 2.93 acres, more or less, for affordable housing.

Article No. 8: (Majority Vote Required) UNANIMOUSLY VOTED to TRANSFER from Capital Project Fund 31 voted on April 24, 1995, the sum of $65,512.97, and TRANSFER from Capital Project Fund 34 voted on May 12, 1992, the sum of $36,585.77 for the renovation and reconstruction of the Sparrell School Building.

Article No. 9: (Majority Vote Required) MAJORITY VOTED to INDEFINITELY POSTPONE this Article. (...To amend the Town of Norwell Bylaws, Article VI, Advisory Board, by deleting Section 8 contained therein and replacing it with the following: "A majority of the members appointed and sworn of said Board shall constitute a quorum....")

A motion was made, seconded and it was UNANIMOUSLY VOTED to discuss Articles 10 and 11 together.

These are borrowing Articles and will require a "Secret Ballot" vote.

A discussion ensued regarding both of these articles which concern road repairs.

A motion was made, seconded, and the MAJORITY VOTED to take Article No. 11 out of order.

A motion to lay Article No. 10 on the table until the results of Article No. 11 could be determined was seconded and the MAJORITY VOTED to do so.

Article No. 11: 2/3 Secret Vote Required FAILED TO CARRY: YES: 126; NO: 90 To appropriate the sum of $2,000,000 for road repair during Fiscal 2005, and further authorize the Treasurer, with the approval of the Board of Selectmen, to BORROW said sum of money under Mass. General Laws, Chapter 44, as amended and authorize the Board of Selectmen and its agents on behalf of the Town to apply for and receive any available grants, aid, reimbursements or any other funding therein from State of Federal Governments; said funds to be expended under the direction of the Highway Surveyor and the Board of Selectmen. Provided, however, that this vote shall not take effect until the Town votes to exempt from the limitation on total taxes imposed by Massachusetts General Laws, Chapter 59, Section 21C (Proposition 2-1/2) amounts required to

pay the principal and interest on the borrowing authorized by this vote.

An amendment by Richard P. Barry, 194 Old Oaken Bucket Road, to add the following between "road repair" and during Fiscal 2005", line 2, Article 11: "To include wherever feasible the installation of sidewalks and/or bikeways as a part of the road repair/resurfacing work" FAILED TO CARRY.

A motion to take Article No. 10 off the table was seconded and the Majority Voted to do so.

Article No. 10: (2/3 Secret Ballot Required) YES: 146; NO: 27
It was VOTED to appropriate the sum of $1,000,000 for ROAD REPAIR during Fiscal 2005, and further, authorize the Treasurer, with the approval of the Board of Selectmen to BORROW said sum of money under Mass. General Laws, Chapter 44, as amended, and authorize the Board of Selectmen, and its agents on behalf of the Town, to apply for and receive any available grants, aid, reimbursements, or any other funding therein from State of Federal Governments; said funds to be expended under the direction of the Highway Surveyor and the Board of Selectmen.

Article No. 12: (Majority Vote Required)
UNANIMOUSLY VOTED to amend the Town of Norwell Personnel Classification and Compensation Plan as written in the Warrant, as follows:

Section 6. Compensation Plan

Subsection (f), Longevity Pay, by striking the current longevity rates and replacing them with the following:

Length of Serv. Compl.	Yearly Am't
5 years	$250
10 years	$350
15 years	$450
20 years	$550
25 years	$650

Section 8. Fringe Benefits
Section © Sick Leave, by striking in the fifth paragraph the text "fifty (50)" and replacing it with the following: "forty-five (45)".

Article No. 13: (Majority Vote Required)
MAJORITY VOTED to amend the Town of Norwell Personnel Plan by adding at the end thereof the new section as written in the Warrant, as follows:

Small Necessities Leave Act

Section 1. Employees who are eligible for twenty-four (24) hours leave pursuant to the Small Necessities Leave Act (G.L. Chapter 149, Section 52D) must substitute any accrued paid vacation leave, personal leave, for any of the leave provided under the Act.

Section 2. To be entitled to leave employees must provide notice to the Town Administrator as follows:

(i) If the need for leave is foreseeable, the employee must request the leave not later than seven (7) days in advance;

(ii) If the need is not foreseeable the employee must notify the

employer as soon as practicable under the particular circumstances of the individual case;

(iii) Employees must complete the attached certificate form.

SMALL NECESSITIES LEAVE ACT CERTIFICATE

Employee's Certification:

I certify that on_____ I will/did take _____hours of leave for the following purpose:

___ To participate in school activities directly related to the education advancement of a son or daughter;

____ To accompany the son or daughter of the employee to routine medical or dental appointments such as check-ups or vaccinations;

____ To accompany an elderly relative to routine medical or dental appointments or appointments for other professional services related to the elder's care.

Employee's Name:_____

Date:_____

Article No. 14: (Majority Vote Required) UNAMIMOUSLY VOTED to INDEFINITELY POSTPONE this Article. (...To continue (reauthorize) the revolving fund approved in Article No. 10 of the May 12, 2003 Annual Town Meeting for the purpose of receiving fees and making disbursements in connection with the duties of the School Department in the provision of Student Transportation....)

Article No. 15: (Majority Vote Required) UNANIMOUSLY VOTED to TRANSFER from available funds (Article No. 8, Special Town Meeting, November 13, 1995, $1,716.43, School Tennis Court and Track; Article No. 11, Special Town Meeting, December 8, 1997, $17,656.76, High School Football Field Lights, et al; Article No. 14, Annual Town Meeting, May 4, 1998, $17,964.87, Construction of Handicapped Restrooms at the High School Athletic Field); the sum of $37,338.06 to be expended under the direction of the Norwell School Committee for repairs, maintenance and improvements of outdoor athletic facilities at the High School.

Article No. 16: (2/3 Vote Required) UNANIMOUSLY VOTED to TRANSFER the sum of $250,000.00 from the STABILIZATION FUND, to be expended under the direction of the Highway Surveyor for resurfacing sections of Town Ways.

Article No. 17: (Majority Vote Required) UNANIMOUSLY VOTED to RAISE AND APPROPRIATE the sum of $15,000.00 to be expended under the direction of the Highway Surveyor/Director of Lands and Natural Resources, to bring both the Highway/Tree Department facilities into EPA Compliance.

Article No. 18: (Majority Vote Required) UNANIMOUSLY VOTED to TRANSFER the sum of $58,000.00 from the FY03 Overlay Surplus Account to be expended under the direction of the

Board of Assessors for professional and contracted services in order to perform a triennial revaluation of real and personal property in the Town as of January 1, 2005, including any defense of said value.

Article No. 19: (Majority Vote Required) UNANIMOUSLY VOTED to TRANSFER the sum of $35,000.00 from the FY03 Overlay Surplus Account, for the purpose of providing a Senior Real Estate Tax Work-Off Program for older citizens in the Town, funded directly by the Town. This program will be established pursuant to an agreement between the Council on Aging, the Board of Selectmen and the Board of Assessors and that the Town revoke its acceptance of Section 5K of Mass. General Laws Chapter 59, the Senior Citizen Property Tax Work-Off Abatement Program, pursuant to MGL, Chapter 4, Section 4B.

Article No. 20: (Majority Vote Required) UNANIMOUSLY VOTED to RAISE AND APPROPRIATE the sum of $20,000.00 to conduct a Space Needs Assessment for the Norwell Police Department.

Article No. 21: (Majority Vote Required) UNANIMOUSLY VOTED to authorize the Board of Selectmen to enter into an agreement with another town or towns pursuant to G.L. c. 40, sec. 4A, to share the cost of purchasing, equipping, and maintaining an unmanned ambulance for a period not to exceed twenty-five (25) years, and upon such other terms and conditions as the parties may agree.

Article No. 22: (2/3 Vote Required) UNANIMOUSLY VOTED to TRANSFER the sum of $50,000.00 from the Stabilization Fund to be expended under the direction of the Permanent Drainage Study Committee and the Highway Surveyor for engineering, installation, and/or maintenance of Town drainage.

Article No. 23: (2/3 Vote Required) UNANIMOUSLY VOTED to amend the Norwell Zoning Bylaws by deleting Section 1100 in its entirety and by substituting a new Section 1100 as written in the Warrant as follows:

ARTICLE I

Administration and Procedure

1100. Purpose and Authority

These regulations are enacted to promote the general welfare of the Town of Norwell, to protect the health and safety of its inhabitants, to encourage the most appropriate use of land throughout the Town, and to increase the amenities of the Town, all as authorized by, but not limited to, the provisions of the Zoning Act, G.L. c. 40A, as amended, and Section 2A of 1975 Mass. Acts 808. This Zoning Bylaw is enacted in accordance with the provisions of the General Laws, Chapter 40A, any and all amendments thereto, and by Article 89 of the Amendments to the Constitution of the Commonwealth of Massachusetts.

Article No. 24: (2/3 Vote Required) UNANIMOUSLY VOTED to amend the Norwell Zoning Bylaws by amending Section 1230, Paragraph 7, by deleting it, and adding the following new Paragraph 7:

ARTICLE I

1200. Administration

1230. Complaints and Fines

7. Failure of the party named in the complaint to eliminate the violation within the time defined in paragraph six shall result in the imposition of fines running from $50.00 to $300.00 per day for each such day or portion thereof which the violation continues to exist as defined in paragraph six, in accordance with the following schedule: Day No. 1: $50.00; Day No. 2: $100.00; Day No. 3: $200.00; Day No. 4 and each day thereafter: $300.00.

Article No. 25: (2/3 Vote Required) UNANIMOUSLY VOTED to amend the Norwell Zoning Bylaws, Section 1230, by adding Paragraph 10, as follows:

ARTICLE I

Administration and Procedure

1200. Administration

1230. Complaints and Fines

10. Non-Criminal Disposition of Violations of Zoning Bylaw. The Inspector of Buildings/Zoning Officer shall have the duty to enforce the Town's Zoning Bylaw and may institute appropriate civil or criminal proceedings or both in the fulfillment of such duty. In addition, and as an alternative to such methods of enforcement, the Inspector of Buildings/Zoning Officer may, at his discretion, enforce the provisions of this bylaw in the manner provided in Mass. General Laws, Chapter 40, section 21D.

Article No. 26: (2/3 Vote Required) UNANIMOUSLY VOTED to amend the Norwell Zoning Bylaws by amending Section 1322 by adding the *italicized* language as follows:

ARTICLE I

Administration and Purpose

1300. Board of Appeals

1322. To hear and decide appeals or petitions for variances from the terms of this Bylaw with respect to particular land or structures *but not uses.* Such variance shall be granted only in cases where the Board of Appeals finds all of the following:

a) A literal enforcement of the provisions of this Bylaw would involve a substantial hardship, financial or otherwise, to the petitioner or appellant.

b) The hardship is owing to circumstances relating to the soil conditions, shape or topography of such land or structures and especially affecting such land or structures but not affecting generally the zoning district in which it is located.

c) Desirable relief may be granted without either: (1) substantial detriment to the public good; or (2) nullifying or substantially derogating from the intent or purpose of this Bylaw.

Article No. 27: (Majority Vote Required) MAJORITY VOTED to INDEFINITELY POSTPONE this article. (To see if the Town will vote to amend the Norwell Zoning Bylaws by deleting Section 1420 in its entirety and by substituting a new section 1420...).

Article No. 28: (2/3 Vote Required) UNANIMOUSLY VOTED to amend Norwell Zoning Bylaw paragraph 1530 by deleting the first sentence thereof and substituting therefore the following new language:

ARTICLE I

Administration and Purpose

1500. Site Plan Review

1530. Procedure. Any person desiring approval of a site plan under this paragraph shall submit said site plan to the Board of Appeals for action and, either simultaneously or forthwith thereafter, shall submit said plan (together with seven (7) copies) to the Planning Board. The Planning Board shall review the plan and, as appropriate, obtain technical review of the plan at the applicant's sole cost. The Planning Board shall prepare its report and recommendations regarding said plan and submit same to the Board of Appeals. The Board of Appeals shall not approve said plan unless and until it either has reviewed the Planning Board's report and recommendations, or the applicant has provided evidence that forty-five (45) days have lapsed from the date that the plan first was submitted to the Planning Board without issuance of a report and recommendations. No building permit shall issue until the Board of Appeals has approved the plan. Furthermore, no building permit shall issue if the Planning Board has not provided the Board of Appeals with the Planning Board's report and recommendations and fewer than forty-five (45) days have elapsed after the plan was first submitted to the Planning Board.

Article No. 29: (2/3 Vote Required) UNANIMOUSLY VOTED to amend the Norwell Zoning Bylaws by adding the italicized language to Section 1550 and by adding a new Section 1570, as follows:

ARTICLE I

Administration and Purpose

1500. Site Plan Review

1550. Implementation and Expiration. Within fifteen (15) days after approval of any site plan, the Board of Appeals shall file an endorsed copy of said plan in the office of the Town Clerk. Within one (1) year of the date of site plan approval, the applicant shall have completed the work described on the plans as *approved and substantial use thereof shall have commenced* unless the Board of Appeals grants an extension of the time as it shall deem necessary to carry the site plan into effect. In each such instance where an extension is granted, the Board of Appeals shall certify to the Town Clerk that it has granted an extension of time and the date on which the extension is to lapse.

1570. Regulations; Fees. The Zoning Board may adopt and from time to time amend reasonable regulations, including reasonable administrative fees and technical review fees, for the administration of site plan review.

Article No. 30: (2/3 Vote Required) UNANIMOUSLY VOTED to amend the Norwell Zoning Bylaws by deleting Section 1642 in its entirety and by substituting therefore the following:

SPECIAL/ANNUAL TOWN MEETING
MONDAY, MAY 10, 2004

ARTICLE I

Administration and Purpose

1600. Applicability.

1642. Alteration, Reconstruction, Extension or Structural Changes to Lawfully Pre-Existing Nonconforming Structures and Uses.

A. Single or Two-Family Residential Structures.

The Inspector of Buildings, in accordance with G.L. c.40A, paragraph 6, section 1, may issue a building permit to allow an alteration, reconstruction, extension or structural change to a lawfully pre-existing, nonconforming single or two-family residential structure, provided that:

(1) The alteration, reconstruction, extension or structural change shall not increase the nonconforming nature of the lawfully pre-existing nonconforming structure; and

(2) Said alteration, reconstruction, extension or structural change shall itself comply with all current setback, yard, building coverage, and building height requirements.

In any instance in which the Inspector of Buildings determines that a proposed alteration, reconstruction, extension or structural change to a lawfully pre-existing nonconforming single or two-family residential structure would increase the nonconforming nature of the structure, the Inspector shall refuse to issue a building permit therefore and shall refer the applicant to the Board of Appeals for a special permit determination as to whether the proposed alteration, reconstruction, extension or structural change would be substantially more detrimental than the lawfully pre-existing nonconformity.

B. Other Structures and Uses.

Lawfully pre-existing, nonconforming structures and uses (other than single or two-family residential structures) may be extended, altered or changed, but only upon issuance of a special permit determination by the Board of Appeals that the structure or use at issue has been proven to the Board's satisfaction to be lawfully pre-existing nonconforming and that the proposed extension, alteration or change shall not be substantially more detrimental than the existing nonconformity.

C. Cessation of Nonconformity.

Once a nonconforming structure or use is changed so as to become conforming, it shall not be permitted to revert so as to become nonconforming again.

Article No. 31: (2/3 Vote Required) UNANIMOUSLY VOTED to amend the Norwell Zoning Bylaws by changing the heading to Section 1730 and by substituting therefore the following heading:

ARTICLE I

Administration and Purpose

1700. General

1730: Severability. In the event....

SPECIAL/ANNUAL TOWN MEETING, MONDAY, MAY 10, 2004

Article No. 32: (2/3 Vote Required) UNANIMOUSLY VOTED to amend the Norwell Zoning Bylaws by deleting the word "operatives" and adding the *italicized* language to Section 2313 a), as follows:

ARTICLE II

District Regulations

2300. District Use Regulations

2313. Permitted Accessory Uses.

a) An office of either a doctor, or a dentist, or a lawyer, provided that the principle use is residential and the business is conducted in the dwelling by the person residing on the premises and involves not more than two (2) *agents, servants or employees, excluding the resident doctor, dentist or lawyer.*

Article No. 33: (Majority Vote Required) UNANIMOUSLY VOTED to amend the Town of Norwell Bylaws, Article XV, General Regulations, by adding the words "commercial or industrial" after the word "residential" in the first line of Section 6.

Article No. 34: (Majority Vote Required) UNANIMOUSLY VOTED to amend the Town of Norwell Bylaws, Article XV, General Regulations, Section 6, by adding at the end thereof the following new text:

"Each day of any violation shall be considered a separate offense punishable by a fine of not more than $50.00."

Article No. 35: (Majority Vote Required) UNANIMOUSLY VOTED to TRANSFER from WATER DEPARTMENT SURPLUS REVENUE the sum of $200,000.00 to be expended under the direction of the Board of Water Commissioners for the purpose of laying/relaying and mechanically cleaning water mains of not less than six inches in diameter but not more than sixteen inches in diameter.

Article No. 36: (Majority Vote Required) UNANIMOUSLY VOTED to set aside certain sums of money raised through the Community Preservation Act, Mass. General Laws, Chapter 44B, Section 3-7, from the main Community Preservation Fund into the three (3) Community Preservation Fund Reserve Accounts. The three (3) Reserve Accounts are to be allocated additional funds as follows: $100,000.00 into the Open Space Reserve Account; $100,000.00 into the Affordable Housing Reserve Account; and $100,000.00 into the Historic Preservation Reserve Account.

Article No. 37: (Majority Vote Required) UNANIMOUSLY VOTED to INDEFINITELY POSTPONE this article. (To provide $200,000 for irrigation and improvements to the Vinal, Cole, Middle or High School fields.....)

Article No. 38: (Majority Vote Required) MAJORITY VOTED to amend the Town of Norwell Bylaws, Article XV, General Regulations, Section 11, by adding the following new section:

"Section 11 (m): No domestic animals shall be permitted on any Athletic Field within the Town of Norwell at anytime. Any person in violation of this bylaw shall be liable to the Town in the amount of $25.00 for the first offense, and each subsequent violation, in the amount of $50.00. The Board of Selectmen shall have the authority to dispose of said

violations in accordance with the procedures and provisions of General Laws, Chapter 40, Section 21D."

Article No. 39: (Majority Vote Required) UNANIMOUSLY VOTED to INDEFINITELY POSTPONE this article. (To see if the Town will vote to amend the Town of Norwell Zoning Bylaws, Article III, section 3400, Demolition of Historically Significant Buildings, Structures and Properties...)

Article No. 40: (Majority Vote Required) UNANIMOUSLY VOTED to INDEFINITELY POSTPONE this article. (...To provide the sum of $5000 to be expended under the direction of the Norwell Veterans Memorial Committee for the renovation and repair of the WWII, Korean and Vietnam Memorial on Norwell's Veterans Memorial Common in the center of Town....)

Article No. 41: (Majority Vote Required) MAJORITY VOTED to INDEFINITELY POSTPONE this article. (...For engineering, reclamation, excavation of road and town drainage on Samuel Woodworth Road.....)

Article No. 42: (Majority Vote Required) UNANIMOUSLY VOTED to INDEFINITELY POSTPONE this article. (To designate First Parish Road, Pine Street and River Street as Scenic Roads...)

Article No. 43: (Majority Vote Required) UNANIMOUSLY VOTED to RAISE AND APPROPRIATE the sum of $2,000.00 to contract with South Shore Women's Center for domestic violence intervention and prevention services to its residents.

Article No. 44: (Majority Vote Required) UNANIMOUSLY VOTED to RAISE AND APPROPRIATE the sum of $2,000.00 to contract with Womansplace Crisis Center for services provided to victims/survivors or sexual assault.

Article No. 45: (Majority Vote Required) UNANIMOUSLY VOTED to INDEFINTELY POSTPONE this article. (To transfer from available funds a sum of money to be added to the Stabilization Fund...)

Article No. 46: (Majority Vote Required) UNANIMOUSLY VOTED to INDEFINITELY POSTPONE this article. (To appropriate a sum from available funds and authorize the Assessors to use this sum to decrease the tax rate of FY 2005...)

There were no INSTRUCTIONS TO ELECTED OFFICIALS.

The first FISH RIGHT was purchased by Frances S. Molla, 82 Prospect Street, for $100.00. The second FISH RIGHT was purchased by Margaret C. O'Connor, One Pheasant Run, for $90.00.

There being no further business to discuss, a motion was made, seconded and it was UNANIMOUSLY VOTED to dissolve the Annual Town Meeting at 11:05 pm on Monday evening, May 10, 2004.

Respectfully submitted,

Janice M. Lawson, CMMC, TOWN CLERK

Special Annual Town Meeting 51004/Microsoft Word disk

RECORD OF STATE PRIMARY **SEPTEMBER 14, 2004**

Pursuant to the Warrant, all eligible voters from Precinct One, Two and Three met at one centralized polling place, the Norwell Middle School, located at 328 Main Street to cast their votes for candidates for the listed offices.

The following election workers were present:

In Precinct I, Ann Valair, WARDEN; Amy Locke, CLERK; Frank Nagle, Jeanne Scully, Ellen Torrey and Lois Arnold, TELLERS.

In Precinct II, Eleanor Bailey, WARDEN; Jean Valicenti, CLERK; Annette Sexton, Beatrice Griffiths, Joan Shea and Peter Kates, TELLERS.

In Precinct III, Bruce Burgess, WARDEN; B. Jean Snow, CLERK; Jeanette Simmons, Gertrude Daneau, Tilda Baldwin and Lynne Rose, TELLERS.

CONSTABLES on duty were Theodore Baldwin and Kevin Bullock.

CHIEF WARDEN over all was Town Clerk, Janice M. Lawson.

Polls opened for all precincts at 7:00 A.M. After 8:00 P.M. closing, tallies compiled in each of the three precincts were brought to the Town Clerk where the final tally of all precincts was made and publicly announced. Breakdown of the number of votes cast in each precinct is as follows:

In Precinct I, there were 126 Democratic votes cast including 14 absentee; 56 Republican votes including 2 absentee, no Libertarian or Green-Rainbow party votes were cast.

In Precinct II, there were 94 Democratic votes cast including 6 absentee; 62 Republican votes including 3 absentee and no Libertarian or Green-Rainbow party votes were cast.

In Precinct III, there were 108 Democratic votes cast including 8 absentee; 63 Republican including 6 absentee and no Libertarian or Green-Rainbow party votes were cast.

Total number of votes cast in all precincts was 509 including 39 absentee.

As of September 14, 2004 there were a total of 6857 registered voter in Norwell. Those participating in the Primary represented 7% of the electorate.

Tallying in open meeting at Town Clerk's office resulted in the following count of votes cast:

A TRUE COPY ATTEST

RECORD OF STATE ELECTION
Tuesday, November 2, 2004

Promptly at 7:00 am on Tuesday, November 2, 2004, the polls opened at the Norwell Middle School, Henry E. Goldman Gymnasium, 328 Main Street, for all eligible voters to cast their votes for their candidates from the seven offices listed on the ballot.

This was the second time that voters had come to one polling location to vote. The State Primary, September 14, 2004, was the first time. Post cards were sent on September 1, 2004 to every household in Norwell apprising voters of the change in two of the Polling Places, commencing with the State Primary and the State Election. This was necessary because the parking at the Vinal School, (Precinct 3) and the Cole School (Precinct 1) is very limited, especially when school is in session.

As a huge turnout was expected for the State Election, the School Department made available to the voters the "Teachers' parking lot" at the rear of the Middle School adjacent to the gymnasium entrance. There are 75 parking spaces there. Two police officers were present during the polling hours: one, to direct traffic in and out of the polling place, and the second officer, to direct the voters to their parking place toward the rear of the school.

A training session for all of the Election Workers was held on October 21, 2004 in the Osborn Room of Town Offices. Michelle Tassinari, Legal Counsel for the Secretary of State's office, discussed the requirements for the Federal HAVA (Help America Vote Act) which requires an ID for all voters registering to vote by mail after January 1, 2003. She also discussed the procedure for "Provisional Ballots" which were first used in the State Primary in September, 2004.

There were ten (10) Election Workers in each of the three precincts. Large numerals on the gym wall and on the divider between each precinct depicted which precinct was which. There were two extra people at a table at the entrance of the gym directing voters to their proper precinct.

Several of the Election Workers set up their precincts the night before election so that when the polls opened at 7 am they were all prepared for the line of voters. Many voters remarked that they liked the setup of the gym and having one polling place, as many other Towns have done for a number of years. This makes an election more efficient and saves money on constables, police officers, cafeteria and maintenance staff.

The following election workers were present:

In Precinct I: Ann Valair, Warden, Amy Locke, Clerk; Jeanne Scully, Pauline Kernan, Eleanore McCann, Anne Fridgen, Ellen Torrey, Eleanor Larson, Dianne Sylvester, and Cheryl Cecchini

RECORD OF STATE ELECTION
Tuesday, November 2, 2004

In Precinct II: Eleanor Bailey, Warden, Jean Valicenti, Clerk; Elvoid Mayers, Margaret Dixon, Lois Arnold, Arcely French-Nummelin, Beatrice Griffiths, Susan Springer, Mary Ellen Wetzel and Susan Schacter

In Precinct III: Bruce Burgess, Warden, B. Jean Snow, Clerk; Gertrude Daneau, Priscilla Burgess, Annette Sexton, Jeanette Simmons, Lynne Rose, Paula Young, Tilda Baldwin and Anne Bussiere.

Robert and Roberta Kates were stationed at the desk near the entrance to the gym to direct the voters to their proper precinct. Constables were Theodore A. Baldwin and Kevin Bullock. Town Clerk, Janice M. Lawson, was Chief Warden and Elections Administrator.

Polls opened in all precincts at 7 am and closed at 8 pm. Tallies compiled in each of the three precincts were brought to the office of the Town Clerk where the final tally was made and publicly announced.

The number of votes cast in each precinct is as follows:

Precinct I, 1872 votes were cast, including 185 Absentee ballots.
Precinct II, 2070 votes were cast, including 200 Absentee ballots.
Precinct III, 2046 votes were cast, including 206 Absentee ballots.

Total votes cast in all precincts was 5988, including a total of 591 Absentee Ballots.
Out of a population of 10,338, 7134 are registered voters, and of those, 84% participated in the election process.

Tallying during an open meeting at the Town Clerk's office resulted in the following count:

ELECTORS OF PRESIDENT AND VICE PRESIDENT

TOWN OF NORWELL

Transcript of Articles in the Warrant

for the

SPECIAL TOWN MEETING

Monday, November 15, 2004

At 7:30 p.m.

Please bring this report to the meeting for use in the proceedings at the

Norwell Middle School, Henry E. Goldman Gymnasium

328 Main Street

TOWN OF NORWELL

WARRANT

Special Town Meeting

Monday, November 15, 2004

At 7:30 o'clock in the evening at Norwell Middle School
Henry E. Goldman Gymnasium

Plymouth, ss

To one of the Constables of the Town of Norwell, in said County of Plymouth, Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Norwell Middle School, Henry E. Goldman Gymnasium, 328 Main Street, in said Norwell, on Monday, the fifteenth of November 2004 at 7:30 p.m.; then and there to act upon the enclosed articles, to wit:

In case all articles in the foregoing Warrant shall not be acted upon at the Meeting called for on Monday, November 15, 2004, to meet in Adjourned Sessions at such time and place as the meeting shall determine.

This building is accessible to the handicapped and designated parking is provided. If requested, at least one week before the meeting, warrants with large print can be available. Anyone requiring a Sign Language Interpreter should call the Town Clerk's office at least two weeks before the Special Town Meeting at 781-659-8072.

Town of Norwell
Report of the Advisory Board
October 15, 2004

Fellow Taxpayers:

The purpose of this Special Town Meeting is to consider and vote on several articles put forth by the Community Preservation Committee and to transact the business of the Town that is of an emergency or immediate nature and cannot be postponed until the Town Meeting in the Spring.

The Articles that have precipitated the Special Town Meeting are those relative to the Sparrell Building. In four previous Town Meetings, we have voted to save the Sparrell Building and we set aside $729,297.74 for its repair. There are two additional funding articles in this Special Town Meeting that would complete all the repairs to the exterior of the building and replace all of the windows.

As noted in the newspapers, there has been much discussion as to the best manner to perform this work and how to fund it.

Your Advisory Board has investigated, documented, read, and listened to the proponents and opponents for the plans to be brought forward for the Sparrell Building. The building is "Historically Significant." The Sparrell has served as the Town's High School, Junior High School, Middle School, and Elementary School and now houses the School Administration.

The recommendations of the Advisory Board on these as well as the other Articles in the Warrant are well considered and appear below each Article.

Sincerely,

THE NORWELL ADVISORY BOARD

Brian S. Noble, *Chairman*
Patrick J. Haraden
Charles R. Dirk
Jason Brown

Chester Flynn, *Vice-Chairman*
J. Richard Hartigan
Spencer A. Joseph

Jasmine Heffernan, *Secretary*

TOWN BUDGET

Glossary of Terms

Appropriation: An authorization to make expenditures and to incur obligations for specific purposes. An appropriation is granted by Town Meeting and is usually limited in time and amount as to when it may be expended. Any part of the general appropriation not spent or encumbered by June 30 automatically reverts to surplus. A specific appropriation is carried forward from year to year until spent for the designated purpose or transferred by Town Meeting vote to another account.

Assessed Valuation: A valuation set upon real or personal property by the Board of Assessors as a basis for levying taxes.

Budget: A plan of financial operation consisting of an estimate of proposed expenditures for a given period and the means of financing them. The budget is voted in the Spring at Town Meeting for the fiscal year that begins the following July 1st.

Capital Budget: A plan of proposed capital outlays and the means of financing them for the current year.

Cherry Sheet: An annual statement received from the Massachusetts Department of Revenue detailing estimated receipts for the next fiscal year and the estimated state and county government charges payable. These amounts are used by the Assessors in setting the tax rate. The actual receipts and charges may vary from the estimates.

Community Preservation Act (CPA): The Town adopted the Community Preservation Act (CPA) in 2002. This Act allows the town to collect a 3% surcharge on property tax bills (the funds can be matched up to 100% by the state when funds are available), which creates the Community Preservation Fund, to be used for Community Preservation purposes. Each year the town must appropriate or reserve (but not necessarily spend) 10% of the funds for each of the three Community Preservation purposes: Open Space, Historic Resources, and Community Housing. The remaining 70% of the funds can be appropriated or reserved, used for any of the three purposes and for Recreation and for Administration.

Debt Service: Payment of interest and repayment of principal to holders of the Town's debt instruments.

Fiscal Year: A 12 month period, commencing July 1 and ending June 30, to which the annual budget applies. Fiscal years are often denoted FYXX with the last two numbers representing the calendar year in which it ends, for example FY04 is the fiscal year ended June 30, 2004.

Free Cash: Free cash is the portion of unreserved fund balance available for appropriation. It is not cash but rather is approximately the total of cash and receivables less current liabilities and earmarked reserves reduced also by reserves for uncollected taxes. This is also referred to as "available cash". The amount is certified annually by the Massachusetts Department of Revenue.

General Fund: The major town owned fund which is created with town receipts and which is charged with expenditures payable from revenues.

Grant: A contribution of assets by one governmental unit or other organization to another. Typically, these contributions are made to local governments from the State and Federal Governments. Grants are usually made for specific purposes.

Line-Item Budget: A format of budgeting which organizes costs by type of expenditure such as expenses, equipment, and salaries.

Overlay: The amount set aside to allow for uncollected property taxes. An amount for overlay is added to the appropriations and other charges. The "Overlay Surplus" is the portion of each year's Overlay Account no longer required to cover property tax abatements.

Overlay Surplus: The unused amount of the overlay from prior years which may be transferred, by vote of the Town, to the Reserve Account or used for extraordinary items.

Property Tax Levy: The amount produced by multiplying the assessed valuation of property by the tax rate. The tax rate is expressed "per thousand dollars" of assessed valuation.

Reserve Fund: Money set aside by Town Meeting to be allocated by the Advisory Board for extraordinary or unforeseen expenditures.

Stabilization Fund: A special reserve funded by Town Meeting for future expenditures.

Terms associated with Proposition 2 1/2;

Debt or Capital Exclusion: The Town can assess taxes in excess of the levy limit by voting a debt exclusion or capital outlay exclusion. This amount does not become a permanent part of the levy limit base, but does allow the Town to assess taxes for a specific period of time in excess of the limit for payment of debt service costs or for payment of capital expenditures.

Excess Levy Capacity: The difference between the Town's tax levy limit and its actual tax levy for the current year. It is the additional tax levy that could be raised without asking for an override.

New Growth: The amount of property tax revenue that the Town can add to its allowable tax levy as a result of new construction, alterations, subdivisions or change of use which increases the value of a parcel of land by more than certain amounts.

Override: An amount, voted by the Town, which is permanently added to the levy limit. A majority vote of the Selectmen allows an override question to be put on the ballot. Override questions must be presented in dollar terms and must specify the purpose of the override. Overrides require a majority vote of approval by the Town.

Tax Levy Limit: The maximum amount of the tax levy for a period under the restrictions of Proposition 2 1/2. It is calculated as the prior year limit plus new growth plus 2 1/2 of the prior year levy limit.

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT FOR SPECIAL TOWN MEETING

Monday, November, 15, 2004

At Seven-Thirty O'clock in the Evening
At the Norwell Middle School, Henry E. Goldman Gymnasium, 328 Main Street

ARTICLE 1: To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for union and personal contracts for Fiscal Year 2005, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting. The contract(s) in question were not completed prior to the Warrant going to press.

ARTICLE 2: To see if the Town will raise and appropriate, or appropriate from available funds the following amounts for the payment of unpaid bills from a prior fiscal year:

Or act on anything relative thereto.

Requested by the Town Accountant

The Advisory Board will make its recommendation at Town Meeting. No unpaid bills had been presented prior to the Warrant going to press.

ARTICLE 3: To see if the Town will vote to appropriate the sum of up to $220,000 for the repair and/or replacement of wooden windows as necessary on the Sparrell School Building, pursuant to Massachusetts General Law, Chapter 44B, from the Community Preservation FY2005 revenues for the purpose of preserving the integrity of a historically significant building. These funds will be expended under the direction of the Permanent Building and Maintenance Committee in consultation with the Norwell

Historical Commission subject to the approval of the Community Preservation Committee, or act on anything relative thereto.

Requested by the Community Preservation Act Committee

The Advisory Board recommends this Article.

ARTICLE 4: To see if the Town will vote to raise and appropriate, or appropriate from available funds the sum of $53,371 for the renovation and reconstruction of the Sparrell School Building, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this Article.

ARTICLE 5: To see if the Town will vote to appropriate the sum of $40,000, for the cataloguing and listing of up to 250 historic structures, buildings, monuments, statues and cemeteries situated within the Town of Norwell, pursuant to Massachusetts General Law, Chapter 44B, from the Community Preservation FY2005 revenues for the purpose of historic preservation. These funds will be expended under the direction of the Norwell Historical Commission subject to the approval of the Community Preservation Committee, or act on anything relative thereto.

Requested by the Community Preservation Act Committee

The Advisory Board recommends this Article.

ARTICLE 6: To see if the Town will vote to appropriate the sum of up to $250,000 for the restoration and preservation of Cushing Memorial Hall, pursuant to Massachusetts General Law Chapter 44B, from the Community Preservation FY2005 revenues for the purpose of historic preservation. These funds will be expended under the direction of the Board of Directors of the Cushing Memorial Hall in consultation with the Norwell Historical Commission subject to the approval of the Community Preservation Committee, or act on anything relative thereto.

Requested by the Community Preservation Act Committee

The Advisory Board recommends this Article.

ARTICLE 7: To see if the Town will appropriate $277,743 in anticipation of full (100%) reimbursement by the Commonwealth of Massachusetts of Chapter 291, Acts of 2004, one apportionment, for State and Highway purposes under the provisions of General Laws Chapter 90, Section 34, Clause 2(A), work on highways, to be expended under the direction of the Highway Surveyor, or meet the appropriation by taxation, by transfer or by borrowing, or any combination of the foregoing, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this Article. This is a procedural article, which requires that the Town appropriate money for the highway work before the state can reimburse us 100%.

ARTICLE 8: To see if the Town will vote to amend Article 5 of the Special Town Meeting of May 12, 2003, by striking the following words "on Wildcat Lane", or act on anything relative thereto.

Requested by the Norwell Cemetery Committee

The Advisory Board recommends this Article.

ARTICLE 9: To see if the Town will vote to amend Article 2 of the Special Town Meeting held on January 24, 1999, by striking out section 1 and replacing it therein with the following new text: "Section 1. The Selectmen shall appoint a School Building Committee to be known as the School Building Committee for the construction Phase of NORWELL 2001 consisting of seven (7) voting members to include representation from the School Building Committee for the Planning Phase of NORWELL 2001, three (3) members from the Permanent Building and Maintenance Committee, and the NORWELL School Committee; and the Superintendent of Schools and the Director of Administrative Services as ex-officio, non-voting members." Or act on anything relative thereto.

Requested by the Norwell School Building Committee

The Advisory Board recommends this Article.

You are directed to serve this Warrant by posting a copy thereof attested to by you in writing in each of five public places in the Town at least fourteen days before the time for holding and meeting called for in the Warrant. Hereof, fail not and make due return of the Warrant with your doings thereon to the Town Clerk of said Town on or before the 31st day of October, 2004.

Given under our hands at Norwell this _____ day of October in the year of our Lord, 2004.

BOARD OF SELECTMEN
Norwell, Massachusetts

_____
Richard A. Merritt, Chairman

_____
John G. Mariano, Vice Chairman

_____
Paul D. Gaynor, Clerk

A TRUE COPY ATTEST:_____

Constable_____ Date_____

MINUTES OF SPECIAL TOWN MEETING, MONDAY, NOVEMBER 15, 2004

ATTENDANCE: (No Quorum Required)
Precinct 1: 25
Precinct 2: 44
Precinct 3: 47
TOTAL: 116

On Monday evening, promptly at 7:30 pm, at the Norwell Middle School, Henry E. Gymnasium, 328 Main Street, the Special Town Meeting was called to order by Moderator Roger E. Hughes, Jr.

Town Clerk Janice M. Lawson read the "Constables' Service of the Warrant" for this meeting and Veterans' Agent Richard Caldwell led the assembly in the "Pledge of Allegiance to the Flag".

As none of the clergy was available, Moderator Hughes requested a few moments of silence.

The following Town Officials participating in the meeting were introduced by Moderator Hughes.

They are as follows:

BOARD OF SELECTMEN:
Richard A. Merritt, Chair
John G. Mariano, Vice Chair
Paul D. Gaynor, Clerk

TOWN ADMINISTRATOR:
James M. Boudreau

TOWN COUNSEL:
Robert E. Galvin, Esquire

ADVISORY BOARD:
Brian S. Noble, Chair
Chester Flynn, Vice Chair
Patrick J. Haraden
Charles R. Dirk
Jason Brown
J. Richard Hartigan
Spencer A. Joseph
Jasmine Heffernan, Secretary

TOWN CLERK:
Janice M. Lawson

ASSISTANT TOWN CLERK:
Patricia M. Anderson

Moderator Hughes explained the Rules of the Meeting to all:

1. **If you wish to speak, come forward to the microphone.**
2. **After being recognized by the Moderator, kindly give your full name and address.**
3. **Speak only to the *issues* and not *personalities.***
4. **The main motion may be different than what is printed in the warrant.**
5. **Any voter can amend an article, but he/she must do so in writing and present a copy to the Moderator and the Town Clerk.**
6. **One amendment will be discussed and voted on before any other amendment will be allowed. Then, we will turn to the main motion and vote.**
7. **Traditionally, reconsideration may occur the same night an article is voted, or the following night.**
8. **Moderator Hughes explained that if a hand count were necessary, the orange colored authority card, which all voters received when they checked in, would be held up and counted.**

MINUTES OF SPECIAL TOWN MEETING, MONDAY, NOVEMBER 15, 2004

Boy scout Troop 44 and their leader Richard R. Cunio were welcomed to the meeting.

ARTICLE NO. 1: Richard Merritt, Chairman of the Board of Selectmen, moved to INDEFINITELY POSTPONE this article as the contracts have not yet been settled. It was seconded and UNANIMOUSLY VOTED.

ARTICLE NO. 2: Paul Gaynor, Clerk, of the Board of Selectmen, moved to INDEFINITELY POSTPONE this article because there were no unpaid bills. This was seconded and the MAJORITY VOTED to do so.

ARTICLE NO. 3: Charles Markham, Vice Chair of the Community Preservation Committee, moved to appropriate the sum of up to $220,000 from the Community Preservation FY2005 revenues for the repair and/or replacement of wooden windows as necessary on the Sparrell School building, pursuant to Massachusetts General Laws, Chapter 44B. These funds will be expended under the direction of the Permanent Building and Maintenance Committee in consultation with the Norwell Historical Commission subject to the approval of the Community Preservation Committee. It was seconded.

Vice Chair of the Board of Selectmen, John Mariano gave an explanation and a presentation on what they were planning to do at the Sparrell School. All voters received two colored handouts of the Sparrell School, and other historical buildings in other Towns that had replaced their windows with the type of window that was proposed, vinyl over wood on the exterior.

An actual proposed window was at the meeting for all to see and check out.

A lively discussion ensued giving the *pros* as well as *cons*; the MAJORITY VOTED for this article.

ARTICLE NO. 4: Richard A. Merritt, Board of Selectmen Chair, moved to raise the sum of $53,371.00 from available funds, consisting of one-time monies, non-recurring Municipal Relief Aid received from the Commonwealth of Massachusetts, for the renovation and reconstruction of the Sparrell School Building. This was seconded and UNANIMOUSLY VOTED.

ARTICLE NO. 5: Joseph Carty, Chair of the Historical Commission, and a member of the Community Preservation Committee, moved to appropriate the sum of $40,000 from Community Preservation FY2005 revenues for the cataloguing and listing of up to 250 historic structures, buildings, monuments, statues and cemeteries situated within the Town of Norwell, pursuant to Massachusetts General Laws, Chapter 44B, for the purpose of historic preservation. These funds will be expended under the direction of the Norwell Historical Commission subject to the approval of

MINUTES OF SPECIAL TOWN MEETING, MONDAY, NOVEMBER 15, 2004

The Community Preservation Committee. This motion was seconded and the MAJORITY VOTED for it.

ARTICLE NO. 6: James Ianiri, Chairman of the Community Preservation Committee, moved to raise and appropriate the sum of $250,000.00 from the Community Preservation FY2005 revenues for the restoration and preservation of the Cushing Memorial Hall, pursuant to Massachusetts General Laws, Chapter 44B, for the purpose of historic preservation. These funds will be expended under the direction of the Historical Commission subject to the approval of the Community Preservation Committee.

Jeff Fitzgerald, Chairman of the Cushing Memorial Directors stated that the Cushing Center has a new roof and is fully handicapped accessible.

The existing windows need repair and because of their length there are safety considerations involved when these windows are opened wide for ventilation. The committee looked into replacing these windows but could not find a company to do so. The final solution is to add fixed storm windows to the existing windows and add air conditioning to the building so that the windows will not have to be opened.

This motion was seconded and UNANIMOUSLY VOTED.

ARTICLE NO. 7: Highway Surveyor/Director Paul Foulsham moved to raise and appropriate the sum of $277,743 in anticipation of full (100%) reimbursement by the Commonwealth of Massachusetts of Chapter 291, Acts of 2004, one apportionment, for State and Highway purposes under the provisions of General Laws Chapter 90, Section 34, Clause 2(A), Work on Highways, to be expended under the direction of the Highway Surveyor, or meet the appropriation by taxation, by transfer or borrowing, or any combination of the foregoing. This article was seconded and it was UNANIMOUSLY VOTED.

ARTICLE NO 8. Gertrude Daneau, Chair of the Cemetery Committee, moved to amend Article No. 5 of the Special Town Meeting of May 12, 2003, by striking the following words: "on Wildcat Lane". This motion was seconded; several voters asked questions, and the MAJORITY VOTED this article.

This May 12, 2003 article would now read as follows:

"UNANIMOUSLY VOTED to TRANSFER from the Cemetery Committee Funds the sum of $27,000.00 for the Norwell Town Cemetery (~~*on Wildcat Lane)*~~ to be used for the purpose of providing professional engineering and land surveying services including but not limited to wetland, topographic and detail survey, existing condition plan and site planning."

MINUTES OF SPECIAL TOWN MEETING, MONDAY, NOVEMBER 15, 2004

ARTICLE NO. 9: John Mariano, Vice Chair of the Board of Selectmen, moved to amend Article No. 2 of the Special Town Meeting held on January 25, 1999, by striking out Section No. 1 and replacing it therein with the following new text:

"Section No. 1: The Selectmen shall appoint a School Building Committee to be known as the School Building Committee for the Construction Phase of NORWELL 2001, of *seven (7)* voting members to include representation from the School Building Committee for the Planning Phase of NORWELL 2001, three (3) members from the Permanent Building and Maintenance Committee, and the Norwell School Committee; and the Superintendent of Schools and the Director of Administrative Services as ex-officio, non-voting members.

This amendment changed the number of voting members from *nine (9) to seven (7),* for quorum purposes.

This was seconded and it was UNANIMOUSLY VOTED.

As there was no further business to discuss, a motion was made by the Moderator, seconded, and it was UNANIMOUSLY VOTED to dissolve this meeting at 8:40 PM.

Respectfully submitted,
Janice M. Lawson, CMMC
NORWELL TOWN CLERK
(MinutesofSpecialTownMeeting1104)

REPORT OF THE BOARD OF REGISTRARS
2004

This was another busy year for the Board of Registrars especially because this was a Presidential Election year.

On November 2, 2004, the population of Norwell was 10,338. The number of residents and voters fluctuates from month to month. As of October 26, 2004 the breakdown of voters was:

Democrats	**1792**
Republicans	**1593**
Unenrolled	**3845**
Libertarian	**37**
Green-Rainbow	**9**
Interdependent 3rd Party	**2**
TOTAL	**7278**

Special Voter Registration hours were held twenty (20) days before the Presidential Primary, Annual Town Election, State Primary, and State Election. At those times the Town Clerk's Office was open from 8 am until 8 pm.

Special Voter Registration hours were also held for each Special Town Meeting ten (10) days before, and the Annual Town Meeting, twenty (20) days before the meeting. Again the Town Clerk's office was open on those days from 8 am until 8 pm.

Many petitions and nomination papers were received and certified for the State and Town elections.

There were 938 new voters who registered in 2004. For many years many younger people did not register to vote until they were in their late twenties. This year there were a large number of eighteen year olds who registered and voted. The Board would like to thank Steve Mahoney, Principal, the Guidance Department and teachers for keeping the students informed of voting requirements and having all those interested in voting fill out a voter registration affidavit.

The requirements for registering to vote in Massachusetts are: one must be a citizen of the United States of America, a resident of the Town, and at least eighteen (18) years of age on or before the next election.

One may register to voter or change one's party affiliation at the Registry of Motor Vehicles or any other State agency. Mail-In registration forms can also be obtained at the Norwell Post Office and the Norwell Public Library, and of course, the Town Clerk's office.

REPORT OF THE BOARD OF REGISTRARS

The Board of Registrars and the Town Clerk can always use more people to work at the polls. If you are interested, kindly call the Town Clerk's Office at 781-659-8072/8073. Not only will you be paid an hourly wage of $9.95/hour for Wardens and Clerks and $9.18/hour for Checkers/Tellers, you will receive hot/cold beverages and a snack in the morning, lunch, provided by the School Lunch program, and if it is a State election, supper as well. In the afternoon, cold drinks and ice cream are usually available. It is a long day but the workers enjoy meeting all their friends and neighbors.

Respectfully submitted,

BOARD OF REGISTRARS
Regina T. Giordani, Chair
George P. Kelley
Janice M. Lawson, Clerk
David A. Mayers, Jr.

REPORT OF THE BURIAL AGENT

The issuing of Burial Permits is one of the responsibilities of the Town Clerk, who is appointed annually as Burial Agent, by the Board of Selectmen.

A Funeral Director may not bury or make any other disposition of a decedent without a Burial Permit. Therefore it is a necessity for the Burial Agent to be accessible. The Town Clerk's office is open Monday and Tuesday from 8 am until 4:15 pm; Wednesday, 8 am until 7:30 pm; Thursday, 8 am until 4 pm; and Friday, 8 am until NOON.

The cost of a Burial Permit is $10.00 and a certified copy of a death certificate is $6.00.

Arrangements have been made with the Communications Center at the Norwell Police Station, 40 River Street, for a Funeral Director to obtain a Burial Permit on a holiday or a weekend, or after Town Offices close on weekdays, if a satisfactory Death Certificate is received and retained.

Respectfully submitted,
Janice M. Lawson
BURIAL AGENT

JURY LIST INFORMATION

Since 1986, Plymouth County towns have been included in the "ONE DAY/ONE TRIAL" jury system.

Selectmen no longer draw the names of prospective jurors. The Jury names and addresses of ALL residents (not just voters) of the Town who are seventeen years of age and older are provided to the Jury Commissioner from the office of the Secretary of State, with the prior permission of the Town or City Clerk, before June 1 of each year. (Chapter 234A, MGL)

From this list, which includes dates of births and occupations of all those names included, the Jury Commissioner prepares a randomly selected list of jurors. A copy of this list is mailed to the Town Clerk's office where it is posted for inspection during the latter part of the year. Names on this list are subject to call for jury duty after January 1st of the succeeding year.

Respectfully submitted,
Janice M. Lawson
TOWN CLERK

REPORT OF THE SUPERINTENDENT

185-96. A lopsided basketball score? Geographic coordinates? A high blood pressure reading? No. Those figures represent the number of students in this year's kindergarten class compared to the number of graduates just seven years ago. With some students attending all day, private kindergartens and move-ins, our schools typically enroll an additional 20-25 students in the first grade, which means Norwell will soon see its first class of 200 or more students in at least 25 years. Whereas, as recently as 1997, we had our smallest graduating class in many years.

Clearly, the anticipated leveling off of what had been a steady growth in enrollments during the past few years, especially at the elementary level, has not occurred in 2004. To the contrary, it appears to be accelerating. Coupled with this increase in the number of students is an equally impressive increase in academic expectations. The class of 1997, for example, had to pass 4 years of English, and only 3 years each of mathematics, science, and social studies in order to graduate. Moreover, there was no foreign language requirement. The graduation requirements for the class of 2004 have increased markedly: 4 years each of English, mathematics, science and social studies, as well as a foreign language through the 3rd year.

So both in terms of the number of students and academic expectations, 2004 is a high watermark for Norwell Public Schools. Interestingly, with nearly 2,200 students, our enrollment is now at its highest level since 1981 and the enactment of Proposition 2 ½. Throughout the 1980s and much of the 1990s, school districts like Norwell were generally able to manage the effects of Proposition 2 ½ through declining enrollments and concomitant staff reductions. However, steady enrollment growth over the past ten years combined with the higher expectations of both the Massachusetts Education Reform Act and the federal No Child Left Behind Act are putting more pressure on schools and straining our budgets.

Nonetheless, Norwell Public Schools is more than meeting the challenge, with our students achieving at exceedingly high levels. A full 95% of the aforementioned class of 2004 are pursuing post secondary education, with 91% attending four year colleges and 88% of the class attending colleges rated as "Competitive" to "Most Competitive" by the *Barron's Profile of American Colleges*. On the grade 10 MCAS tests administered last spring, 93% of the Class of 2006 scored at the "Advanced" or "Proficient" level in language arts and 90% scored at similar levels in mathematics. Those results are the highest in the region and among the very highest in the commonwealth.

Yes, despite growing enrollments, greater academic demands, and financial pressures, our students continue to flourish. This is due in no small part to talented and dedicated teachers, specialists, support staff, and administrators; very engaged and involved parents; and an extremely supportive community. Thank you to one and all for making 2004 such an outstanding year for our students. Working together, Norwell Public Schools continues to provide *Pathways to Success* for all our students.

Respectfully submitted,
Donald J. Beaudette, Ed.D.
Superintendent of Schools

SOUTH SHORE REGIONAL VOCATIONAL TECHNICAL SCHOOL DISTRICT

Continued Growth, Beginning Financial Recovery

As the heading might suggest, the South Shore Regional School District optimistically reports on a very positive year completed, and looks forward equally to better times yet to come. Two plus years of budget cuts and restrictions, experienced not only by school districts but also by nearly all phases of municipal operation, might be viewed as a completely negative scenario, but not at South Shore Vo-Tech. While the loss of instructional and support positions, cuts to supplies and critically important equipment budgets, and the scaling back of sports and student activity positions have certainly had an impact, the school district feels it has weathered the storm as best as could be expected and anticipates future successes and even better delivery of educational services to the students and communities it serves.

School year 2004-2005 has opened with the largest enrollment to date at South Shore. Continued popularity and heightened interest in career and technical education opportunities in general, combined with a local awareness of the many avenues to success available via South Shore has resulted in a candidate pool of applications which could never have been anticipated over forty years ago at the school's inception. Virtually the entire Class of 2008 is made up of students residing within the eight-town district, with over one hundred given waiting list status, mostly students from communities outside the district's membership.

Headlining the many potential reasons for the upswing in interest by students and parents is South Shore's commitment to academic preparedness along with the dynamic advantage gained through instruction in one of the school's fourteen vocational technical pathways. Continued outstanding performance in the state's MCAS assessment program includes one hundred (100%) percent of South Shore's Class of 2005 having reached the mandated competency determination criteria necessary for graduation. Members of the Class of 2006 have done nearly as well, with remediation efforts by the school and staff preparing those who have not yet achieved the required thresholds through the standard retesting process. In addition, over a dozen seniors qualified for the Commonwealth's first John and Abigail Adams scholarship, providing for four years of free tuition to any UMASS campus, state or community college. This merit-based award reflects positively on both these students and the school.

Heightened focus is being placed on all Massachusetts public school students demonstrating even more challenging levels of achievement in upcoming years, with the target of proficiency in all areas raising the testing bar higher. South Shore is well into the planning stages aimed at providing broader academic instruction in Science and Social Studies, the next content areas coming on board for MCAS inclusion. Shifting and adding instructional staffing resources will most definitely trigger some financial realities in future district budgets.

Spring of 2004 also produced South Shore's much anticipated New England Association of Schools and Colleges (NEASC) report. While the school and district did extremely well, realizing a continuation of accreditation with many commendations, there are, of course, multiple recommendations that are not only valid but also worthy of strong consideration. The administration and the school committee will be devoting energy and available resources, hopefully in the near future, to addressing some of the recommendations that carry financial impacts.

South Shore Viking athletics had another history making calendar year, led by the MIAA tournament qualifying basketball teams for both the boys and girls squads. The girl's team, with several underclassmen contributors, accomplished the first state tournament victory in the school's history. The football team followed up its two Super Bowl winning seasons with another successful campaign, finishing 9-3 and winning the first ever State Vocational Small Schools Championship, defeating Blackstone Valley Tech of Upton.

On the technical front, Vo-Tech has experienced a two-year phase out of the Industrial Technology (Manufacturing) program in favor of a Computer Information Technology concept aimed at meeting the

growing career interests in the computer industry. Also meeting a demand, this time on the Department of Education front, South Shore has expanded to a full half-year the freshman Exploratory experience, providing incoming students an even broader experiential foundation from which to make longer term technical field decisions.

Currently, twenty of the total enrollment of five hundred and seventy two are from Norwell. June of 2004 celebrated the graduation of the following students from the town: Keithe Loomis and Daniel Melanson.

South Shore Vocational Technical High School strives to continue it's strong regional educational partnership with our area town communities. We look forward to serving the needs of the communities whenever possible and to providing the best possible career and technical education to our students, your citizens. When all constituencies work together, the outcomes are reflected in an improved product for all.

Respectfully submitted,
Robert L. Molla, Jr.

NORWELL PUBLIC LIBRARY

The vision statement below inspired staff, The Board of Library Trustees, and Friends of the Library to examine our mission today and goals for the future:

> *"Norwell Public Library is committed to maintaining a strong professional staff, a high quality collection of materials and an attractive functional building. It is a center for lifelong learning and a community meeting place that proposes to maintain a refuge for contemplation, intellectual stimulation and friendly discourse."*

Norwell Public Library circulated 128,280 items this year. Every day an average of 330 people enter the facility, for an average of 1,773 visitors per week. For many years, we have declared that we are one of the busiest departments in town, and our numbers prove this true. This year 4,375 children, teens, and adults attended our diverse, educational and entertaining programs.

We understand the need in the community to create a "Commons" or meeting place in town and we have done our part to address this concern as best we can, given the constraints of an outmoded building. We have begun in earnest to start the process of creating a library that is welcoming and conducive to study. Recently, in an effort to provide a place for our teens we have repositioned furniture to create a young adult area.

Over the years, shelving has replaced open space, which makes the library a virtual warehouse of books and nonprint items such as audio books, DVDs, and CDs. Unfortunately, books litter the floor, and quiet study spaces have disappeared.

The director developed a Long Range Plan using community forums, surveys, and a task force to determine service priorities and space needs for the next 20 years. She worked with a consultant to develop a Library Program that was used as a basis for a feasibility study. A Letter of Intent was filed in the fall of 2004 with the intention of applying for a state grant with the Massachusetts Board of Library Commissioners in February 2005. Town officials and The Permanent Building Maintenance Committee have provided their expertise in examining the many issues involved with a building project. The feasibility study resulted in determining that the current library site would be the best location for an expansion allowing for the room required for a 20-year projection.

This year, a Futures Grant allowed collaboration with Norwell Schools that resulted in the library presenting many informative programs dedicated to Future's issues to students and residents in the community. Topics included The Scanning Electron Microscope, Crime Scene Services, Robotics, Ethics, Underwater Investigation, Aging, Wind Power, Business Trends, U.S. Canadian Relations, Weather Trends, the Environment and Stargazing.

The Friends of the NPL purchased a software program called Library Insight where users are able to reserve museum passes and register for library programs online. Because of the Futures Grant, we offer an online newsletter called *Voyages*. Access to the library is available online at www.norwellpubliclibrary.org. Materials can be ordered or renewed, and databases featuring magazine and newspaper resources for example, are available from your home or business computer.

The NPL received a Capital Outlay to purchase many computers and printers that were necessary to replace seven-year-old models. The new computers were needed to comply with SIRSI system upgrades in the Old Colony Library Network. When the upgrade is complete in FY06 all library computers will be compliant and will offer standardized access to technology with graphic interface. Our completed

program will provide a standard set of applications on each computer terminal that will include a variety of software packages.

Representatives from the NPL, The James Library and Center for the Arts, Norwell High School, the Council on Aging, and the Historical Society met this year to plan a town-wide project where as many residents as possible will read the same book. Organizers hope everyone will read the same book...and talk about it. The title chosen for our first annual event will be *Our Town* by Thornton Wilder.

We welcomed children's librarian Nancy Perry to our staff. One of Ms. Perry's accomplishments this year was engaging 404 youngsters in a lively and fun summer reading program. This was one of the most ambitious programs offered on the South Shore this year. Visit the library to see each child's special banner hanging from the rafters!

In addition to our wonderful, dedicated and hard working staff, our volunteers worked over 700 hours this year. Adult and teen volunteers donate many hours per week on various tasks to make the library function in an efficient and productive manner.
Our outreach projects include the homebound program, "Books to Go," with resident Kathy Narkiewicz. Dale Fenno visits the Norwell Knolls Nursing Home once a month.

Respectfully submitted,
Rebecca Consolo Freer
Library Director

NORWELL POLICE DEPARTMENT

I herby submit my fifth annual report to the town as Chief of Police. The year 2004 was one of significant change for the Norwell Police Department.

Patrol Officer John R. Melvin retired in August. John joined the department in 1979 transferring to Norwell from the Rockland Police Department. John served exclusively as a patrol officer until 1998 when he became the department's D.A.R.E. officer. During his tenure working with the Norwell Schools John had a profound effect on the lives of hundreds of children delivering the positive message of the D.A.R.E. curriculum. Additionally, John was instrumental in bringing the Skate Park to Norwell. We wish John a long, happy and productive retirement.

In September, Officer Jay McDevitt was chosen to replace Officer Melvin as the "LifeSkills" Officer. Officer McDevitt has done a tremendous job and continues to take advantage of training opportunities to improve his teaching skills. Officer Tim O'Brien successfully completed a National Highway Safety Association Occupant safety program. Officer O'Brien is now certified to instruct motorists in the proper installation of child safety seats.

In the fall, the Board of Selectmen voted to hire Norwell resident Sean Sutton as a patrol officer for the department. Sean will enter the 26-week Municipal Police Training Committee Academy in Plymouth during January. We hope to have Sean on the street in June 2005.

The Board of Selectmen voted on my recommendation to study the possible renovation or replacement of the police station. The current facility was built in 1971 designed to support an entirely different town and police department. In May, Town Meeting approved an article funding a needs assessment for the police department. An architect will study the town, the police department and population projections to make

recommendations for the space needs of the department for the next 30 years. A determination will be made as to whether the current police station can be expanded or if a new facility will be required. The results of the study will be presented to a subsequent town meeting.

I wish to thank the members of the police department, the Dispatchers in Emergency Communications and the members of the Norwell Fire Department for their dedication to the residents and the town of Norwell.

Respectfully submitted,
Robert M. Galvin
Chief of Police

FIRE & AMBULANCE REPORT

I would like to start my annual report by thanking all of the residents and businesses in town for their continued support of the Norwell Fire Department during the year 2004.

The year was very productive and we achieved the goals set in our long range-planning schedule. Once again we saw an increased demand for emergency medical services. Our ambulance responded to 1,011 emergency medical calls with 770 patients transported to local area hospitals. The paramedic unit from the South Shore Hospital was phased out in January of 2004 after ten plus years of service. Two patients required Med Flight and were flown to a Boston Hospital Trauma Center due to the severity of their injuries.

Norwell's Paramedic program, which came on line in December of 2003, has recently completed its first year of service. This is the highest level of Advanced Life Support available. Presently we have six paramedics on staff and three of the current firefighters have volunteered to become paramedics. This will allow for two paramedics to be assigned to the ambulance at all times. We are a community based service of cross- trained Firefighters / EMS personnel who are providing the best service possible in the most safe, effective, and efficient manner. This service has proven to directly affect the quality of life to several patients over the past year.

Once again we applied for, and received, our tenth S.A.F.E. grant from the Commonwealth. These funds allow our personnel to spend time in the schools instructing our youth about fire safety and with our elderly on fire prevention and safety in the home. In October we hosted our eighth annual open house, which brought over three hundred residents to the station to view our apparatus and receive fire safety literature.

The department was very fortunate to replace the administrative vehicle and upgrade the emergency generator at the Main St. station with the assistance of the Capital Budget Committee.

As in the past the men and women of the Norwell Fire Department have risen to every challenge and situation presented. They are a credit to the community and have gone above and beyond what has been expected of them on several occasions. In closing I would like to thank all of our personnel, Mrs. Davis our Administrative Secretary, the Emergency Communications Center Dispatchers, who are the lifeline between the residents and the fire service, the Norwell Police Department, and all other Town Departments for their quality service, support, and assistance throughout the year.

The following is an overview of our responses in 2004

Structure Fires	15
Cooking / Stove	12
Vehicle Fires	12
Brush Fires / Outside Fires	39
Motor Vehicle Accidents	364
Emergency Medical Responses	935
Medical Assists	15
Hazard Material Incidents	33
Power Lines Down	32
Electrical Problems	54
Lock Outs	151
Assist Police Dept.	7
Smoke Removals	101
System Malfunctions	212
Public Service	62
Mutual Aid / Fire	17
Mutual Aid / Ambulance	258

Respectively Submitted,
Paul W. Rosebach
Chief of Department

ANIMAL CONTROL DEPARTMENT

Animal Control is a part-time town service designed to assist residents that are experiencing problems or have questions about domestic pets and/or wildlife. This Department is allowed only 15 hours per week due to budgetary restrictions, but every effort is made to assist and resolve most problems that homeowners might encounter.

In the year 2004, the Department received 848 incoming telephone calls from residents requesting service or problem resolution. The Department received 247 service requests from the Police Department. Twenty-eight complaint applications from residents were received and investigated.

The Animal Control office is located at Norwell Town Hall on the third floor. Appointments must be made to see the Animal Control Officer. The Department telephone number is 781-659-8012. All calls are returned within a reasonable period of time.

The biggest concern that was expressed during 2004 was the vast number of coyote sightings. Coyotes are abundant on the South Shore, and Norwell residents have close encounters with these animals on a daily basis. Please call for the Department's Standard Operating Procedure concerning coyotes if you feel threatened. The Standard Operating Procedure was issued by the Massachusetts Department of Fish and Wildlife Services.

As Inspector of Animals, following state mandated procedures, I have located and inspected 55 sites within the town that house and maintain horses and other farm animals. All facilities passed the required standards set by the Department of Agriculture, Division of Animal Health. The number of animals has increased over the past years with horses numbering over 125, followed by sheep,

goats, cattle, llamas, alpachs and numerous species of birds and waterfowl. I appreciate the cooperation extended to me by the animal owners and compliment them on the high standards of animal care I observed and the excellent facilities I inspected.

Please contact the Animal Control Officer if you have concerns or questions, or a sensitive neighborhood issue with domestic pets, barnyard livestock, or wildlife. I will assist you in every way possible within the guidelines of the federal, state, county and town law.

Respectfully Submitted,
Paul W. Murphy

HIGHWAY DEPARTMENT ANNUAL TOWN REPORT

The winter of 2003-2004 proved to be an average one with eight (8) plow able snowstorms and fifty-five (55) sanding runs, with a total snowfall of 62" for the season. Between storms the crew was busy with the ever-present pothole repairs and constant maintenance to our aging fleet in order to be ready for the next storm.

When the weather finally breaks in the Spring, cleanup and repairs begin in earnest regarding sod damaged by plows, which includes along our sidewalks and through the schools or cleaning up broken asphalt and curbing, repairing, replacing street signs & posts as needed.

Beginning April 20, 2004, the Highway department assisted the Tree Department with work at Gaffield Park, disassembling and removing the playground structures. Removing tree stumps in order to re-grade the area for a completely new play area designed by the Friends of Gaffield Park. The parking area at the park was repaired and a handicapped parking spot was installed. All this work was completed on April 28, 2004.

Beginning in May the Walnut Road resurfacing project was completed by adding approximately 6" of processed gravel behind the berm with 2" of loam on top of that, which was then hydro-seeded to stabilize the shoulder area.

The Town owned catch basin cleaner began its annual job May 12th cleaning the silt and debris from our drainage system to ensure the system continues to work properly plus comply with the federally mandated Storm Water Phase II act that outlines proper maintenance procedures to keep our water bodies cleaner and pollutants to a minimum.

During May, June, & July, along with street sweeping and catch basin cleaning, the remainder of the crew began working on collapsing catch basins & manholes around town. Structures were rebuilt on Till Rock Lane, May Elm, Simon Hill Road, Satuit Meadow, Main St., Bowsprit, Masthead, West St., River St., & Hall Dr. all the while working on citizens requests, assisting the Men's Club with setting up for the fireworks, patching water service repairs, roadside mowing, etc.

In August preparations began for drainage & resurfacing work to several roads in town. The following breakdown outlines drainage installation lengths and asphalt tonnage:
Samuel Woodworth - 1,314 ft. of 6" slot perf. HDPE pipe installed & 1,026.77 tons of asphalt was applied. Captain Vinal Way – 2,222 ft of 6" slot perf. HDPE pipe installed & 896.77 tons of asphalt was applied. Black Pond Hill – 1,583 ft of 6" slot perf. HDPE pipe installed & 943 tons of asphalt was applied. Common Street – 65 ft of 12" reinforced concrete pipe installed & 457.98 tons of asphalt was

applied. Pine St – 383 ft of 12" reinforced concrete pipe installed. Barque Hill – 1,021.16 tons of asphalt was applied. Brigantine Circle – 1,681.54 tons of asphalt was applied. Till Rock Lane – 834 ft of 6" slot perf. HDPE pipe & 913.17 tons of asphalt was applied. Riverside Dr. – 3,134.03 tons of asphalt was applied. Grove St. – 679.38 tons of asphalt was applied.

This work was completed on November 10, 2004, which brings us back full circle to get ready for the winter months going through the snow & ice equipment and vehicles, making necessary repairs, stocking up on supplies such as sand & salt, plow cutting edges, etc., clearing leaves and debris from our open trench drainage system so they may work correctly during the winter months.

In December a new Articulating Sidewalk Plow unit was delivered to the department with a snow blower attachment to assist us in snow removal from the towns sidewalks to make for a safer walking surface for children to walk to school and pedestrians.

In closing I would like to thank the Highway Department personnel: Chris Cowden (Foreman) Steve MacInnis, Mark Allegra, Mark Walther, James Murphy, Linda Murphy, William Gunderway, Harold Tuttle (Recycling Center employee's). I would also like to thank the contractors that helped plow the Town's roads to make them as safe as possible for the traveling public and to the many Boards, Commissions and Department Heads for their assistance and cooperation during this year.

Respectfully submitted,
Paul M. Foulsham, Highway Surveyor
Christopher Cowden, Foreman

TOWN REPORT OF THE DEPARTMENT OF LANDS & NATURAL RESOURCES

The year 2004 started off well enough. We had a full crew of 5 with over 40 years experience. The weather proved to be the coldest in memory.

January was split between indoor maintenance of equipment, building repair, re-building benches, painting barrels, and outdoor field maintenance to the High School fields where brush and encroaching trees were cut and chipped hauled down to the Recycling Center where two weeks were spent splitting the wood in between calls to sand or plow.

February we continued repairing equipment about half of the 30 benches were repaired & painted. Trees and brush along the perimeter of the Junior Varsity Softball & Varsity Baseball fields had been trimmed, chipped, and the Junior Varsity Baseball field tree line was trimmed.

During March we finished up the repairing of the equipment and benches. Spring cleanup began at the Washington Street Cemetery. The department had five (5) interments and we began re-building the Varsity Baseball field by edging out the out- field, roto-tilling in 20 yards of clay, and top dressing with turf-face. The pitchers mound and batters box were re-built.

April began the start of spring cleanup around Town picking up branches and sod damage for most of the month along with painting and prepping athletic fields for games.

May brought constant mowing, marking and fertilizing along with four (4) more interments.

June saw spring sports slow & come to and end but field repair, fertilizing, & watering were second to mowing with three (3) more interments.

July was a good growing month with half of the crew mowing and the other half clearing street signs and corners. Unfortunately, the roadside flail mower was un-repairable after 12 seasons. The department was able to fit in one week of tree removal work and two (2) more interments.

August the mowers were out constantly. Fields were treated for broad leaf weed and clover, aerating and over seeded. Practice fields were laid out and marked for fall sporting activities and five (5) more interments.

September brought more mowing, fertilizing, game preparation, line marking, and one (1) more interment.

The mowing & fertilizing continued in October along with planting fifty (50) Red Maple sapling trees at the Osborne Field and five (5) more interments.

November came and fall cleanup began on all public property. Fields were marked for soccer playoff games and the Thanksgiving football game. The department had three (3) more interments.

December barrels and benches were brought in and snow stakes were put up for the start of another winter.

To sum it all up this department had put down 17 ½ tons of fertilizer, 4 tons of lime and gypsum on the 80 acres of public property that we maintain. We performed 31 interments, planted over 200 tree's & saplings, picked up trash barrels around town every week and maintained all public grounds, attended pesticide and safety seminars throughout the year, removed 75 hazardous trees, cut back brush along roadside, and kept the majority of equipment up & running.

I would like to thank the Tree & Grounds Department personnel: Mark Smith (Foreman), William Lavery, George Brazil, Eugene Fasoli, and Linda Murphy. My appreciation goes out to all the Boards, Committees, and Commissions, for their continued assistance and cooperation throughout the year.

Respectfully submitted,
Paul M. Foulsham, Director of Lands & Natural Resources
Mark E. Smith, Foreman

NORWELL CEMETERY COMMITTEE

During the calendar year 2004, 35 burials were recorded at the Washington Street Cemetery and a total of 36 burial lots were sold. The sum of $29,063.00 was turned in to the Treasurer/Collector.

Due to a work-related injury, our cemetery employee was unable to perform his duties for approximately one-half of the growing season. Thankfully, the Tree and Grounds Department stepped in during our hour of need and helped by cutting grass as well as digging graves. However, no other work was accomplished at the cemetery, such as trimming or removing overgrown shrubs, repairing and propping up gravestone foundations, removing dead tree branches, and evaluating the status of a large tree.

Only residents of Norwell can purchase cemetery lots and they are available for $500.00 each. For further information about purchasing a lot or lots or for any other questions relating to the cemetery, please call the Town Clerk's office. You will then be referred to the Chairman of the Cemetery Committee.

Please help us in our efforts to keep our cemetery clean and free from litter by removing flowers and/or shrubs that are overgrown or have passed their blooming season. We would also remind you that dogs are not allowed on cemetery grounds.

At this time, the Cemetery Committee wishes to thank Paul Foulsham, Director of Lands and Natural Resources, and his secretary, Linda Murphy, for their assistance this year. Also, thanks are extended to the following Tree and Grounds personnel: Mark Smith, Eugene Fasoli, and George Brazil.

Respectfully submitted,
Gertrude H. Daneau, Chairman
Mary C. Lizotte, Secretary
Theodore H. Baldwin
Joanne Molla Goldman
Francis J. Nagle

PERMANENT BUILDING AND MAINTENANCE COMMITTEE

The PBMC committee has been proceeding with three significant projects this past year.
The first involved Architect supervision and selection of a contractor to provide exterior repairs to the Sparrell building. These repairs include replacing the roof, replacement of windows and repair or replacement of exterior wood sections. Concurrent with this project was the installation of central air conditioning on the second floor now occupied by the school administration.

The committee also provided assistance to the library administration in selection of an Architect to study its future expansion requirements and the best location to accommodate these requirements. Expansion of the existing facility or utilization of the Sparrell building was considered as options for application of a grant.

In the most recent assignment, the committee is assisting police Chief Robert Galvin in selection of an Architect to study police department needs and space options.

In the coming year, the PBMC will be contracting repairs to a leaking section of the police station roof, the roof of the town hall and assisting the Norwell Cemetery Committee with the Wildcat Lane cemetery project

Respectfully submitted,
Glenn Ferguson, Acting Chairman
Ralph Gordon
Fred Hays
Eileen Kelley
Lee McKenney
Don Messinger
George Williams

ANNUAL REPORT OF THE BOARD OF WATER COMMISSIONERS

The Norwell Water Department (The Department) was pleased to serve 3,424 residential, commercial, municipal and industrial accounts during calendar 2004, an increase of 33 accounts (1%) from 2003. The total volume of water pumped from our ten groundwater sources was 364 million gallons with an average daily withdrawal of 0.99 million gallons. Our maximum day withdrawal occurred on July 23, 2004 and totaled 2.2 million gallons.

In 2004, the Department continued to make improvements to the water distribution network by extending water mains on Green Street and Jacobs Lane. On Green Street, approximately 1,500 feet of 10 inch ductile iron (DI) water main was installed, connecting the previously dead-ended main on Green Street to an existing 10 inch main on River Street. This additional water main resulted in improved fire flow and water quality for the residents of Green Street and the surrounding area. The Jacobs Lane improvement consisted of laying approximately 1,600 feet of 10 inch DI water main from the intersection of Prospect Street, down Jacobs Lane and into Laura's Lane. Prior to construction, the residents of this portion of Jacobs lane and the residents of Laura's Lane relied solely on well water. This new water main provides access to town water and increased fire protection for these residents. The Department intends to complete the Jacobs Lane water main from Laura's Lane to Main Street in the spring of 2005. These improvements were accomplished utilizing Department personnel and equipment. A substantial cost savings resulted by avoiding the general practice of outsourcing projects of this nature and scope.

Additional cost savings occurred in 2004 when the Department joined the Eastern Massachusetts Chemical Cooperative, a regional multi-community water treatment chemical procurement group. The Department benefits from the purchase power of the cooperative and continues to receive high quality water treatment chemicals.

The Department sought and was approved additional funding in our customer water meter replacement budget line. This increase will allow a 15% changeover per year and will result in a total changeover in 5 years. As you may recall from last year's report, these new meters use a radio technology that ensures data security and provides improved meter reading accuracy.

The Department is continuing to move forward with system improvements to the South Street Well Field. These improvements include the construction of an 800 gallon per minute well (Well 11), a new water treatment facility, and a 4,000 foot cross-country water main. As you may recall from previous reports of the Department, a $7.2 million, 2% interest loan was secured from the Massachusetts Drinking Water State Revolving Fund (DWSRF) to finance these improvements. Permitting and other issues have caused some unanticipated delays in advancing this project, however, we are pleased to report that these issues have or will soon be resolved and that construction of the treatment plant is scheduled to begin in late summer of 2005.

As part of the Public Health Security and Bioterrorism Preparedness and Response Act of 2002, the Department completed an Emergency Response Plan (ERP) that incorporated the findings of our 2003 Vulnerability Assessment (VA). The ERP includes plans, procedures, and identification of equipment that can be utilized in the event of a terrorist or other intentional attack on our water system.

In 2004, the Department partnered with the North and South Rivers Watershed Association's (NSRWA) water conservation "GreenScapes" program. This program informs homeowners of various landscaping techniques that minimize the use of water and lawn chemicals. The Department will soon be distributing to all water customers GreenScapes bill stuffers that will provide landscaping and water conservation tips.

In addition to the water main projects on Green Street and Jacobs Lane, the Department conducted over 500 service calls during the year. This included the installation of new metering equipment and service valves; marking underground utilities and responding to customer inquires regarding water quality and

water pressure. Road excavations required a major commitment of Department resources with 68 road openings. These road openings were required to renew 26 existing water services, replace 7 hydrants and repair 2 water main breaks in addition to installing 33 new water services.

We would like to take this opportunity to thank Water Superintendent John McInnis, Facilities Manager Neal Merritt, Foreman Steven Gatanti, Treatment Plant Operator Marc Spinella, and Water System Mechanics Scott O'Keefe and William Lavery for their fine dedication to task and for their superb ability to communicate and address issues with water customers, contractors, consultants, and Town officials.

We would also like to thank all the other Town of Norwell boards, commissions, and committees who have offered their cooperation, guidance and support during the past year.

Water Commissioners
Steve Ivas
Fred St. Ours
Peter Dillon

BOARD OF HEALTH

Disruption of flu vaccine delivery caused a great deal of confusion and made the job of administering and scheduling flu clinics very difficult. Despite CDC and Public Health guidelines, which had to be strictly adhered to, a substantial number of flu shots were administered in 2004. The Board would like to express its appreciation for another great year of nursing service provided by the VNA and looks forward to a healthy 2005.

Norwell is also active as a member of Emergency Preparedness Region 4B. Currently a Local Public Health Emergency Operations Plan is being developed to respond to emergency events. Regional mass vaccine dispensing sites are to be established, a volunteer medical reserve corps will be formed and emergency-planning exercises will be practiced. All Region 4B members will be participating in the Public Health Ready Certification Program established by the Columbia University School of Public Health.

While South Shore Tobacco Collaborative funding has been significantly reduced, compliance checks targeting merchant sales to minors are still conducted and the Board is pleased that the majority of Norwell merchants are strictly adhering to the local and state laws regarding sales to minors. The Board would like to commend Collaborative Director Jim Wells for a job well done with limited means.

On July 5, 2004 the state of Massachusetts enacted a statewide smoking ban for all restaurants, bars and workplaces.

This is the last year in a five (5) year contract for curbside rubbish and recycling. A new contract will be in place for July 1, 2005.

Board Chairman George Cavanagh retired from the Board of Health after 10 ½ years. The Town of Norwell is a better place as a result of his years of dedicated service to the town and we are grateful for his contributions.

Dr. Arthur J. Bowman offered his services to fill in the unexpired term of George Cavanagh. As a medical doctor and previous board member, he is a very important addition to the board.

In addition to the VNA and Tobacco Control, the Board would like to extend its appreciation to its hard working full time staff consisting of Health Agent Brian Flynn, a Registered Sanitarian and Administrative Assistant Pat Cummings. Also, special thanks go out to long time alternate Health Agent Jim Jenkins, a Registered Professional Engineer, Food Inspector Bob Griffin, a Certified Health Officer and Ralph Cole a Registered Professional Land Surveyor for another year of excellent service.

Thanks go out to all Boards, Commissions, Department Heads and the citizens of the Town of Norwell.

CUSHING CENTER BOARD OF DIRECTORS

The Board of Directors of the Cushing Center are pleased to submit our annual report of activities for 2004 to the residents of Norwell for review and consideration.

It has been a very busy year at the Cushing Center and the future looks to bring more challenges and rewards. The Staff, and the Directors of the Cushing Center have spent much of our available additional time developing a plan to address some major capitol issues including repairing the exterior windows and improving the ventilation and air conditioning systems. We researched several different options and with input and discussion from several town boards were able to come up with a proposal to bring to the floor during the fall special town meeting.
It is our hope that during the summer of 2005 we will be able to implement the improvements including restoring the existing exterior windows and installing a new ventilation and air conditioning system in the main function hall. With the completion of these improvements your Cushing Center will become an even greater asset to Norwell.

The office space on the first floor continues to be fully rented and our function hall rental remains strong. Once again the Cushing Center was able to return profit to the Town as follows:

Cushing Center Salaries and Expenses		$44,362.48
Income received		
Office space rental	$26,800.00	
Function hall rental	$19,497.89	
Sub total income	$46,297.89	$46,297.89

RETURNED PROFIT TO NORWELL $ 1,935.41

For the Board of Directors
Jef Fitzgerald

COUNCIL ON AGING

The Council on Aging has existed as a town department, by way of unanimous vote, since the 1964 Annual Town Meeting. Its main function remains the same today as it did 41 years ago. This is to provide **information, advocacy and resources to the older adults of Norwell.** It continues to be the community focal point for services and programs that can assist, support and supplement the concerns and needs of our residents, their families and friends.

The primary responsibilities of the Council on Aging focus on five pertinent areas; Information and referral, advocacy, outreach, transportation and education. During 2004, the Council on Aging met these responsibilities by the development and implementation of programs and services both at the COA Center and in cooperation with numerous community agencies and organizations. At the end of the 2004 fiscal year, we provided services and/or programs to over 506 individuals with 36,775 units of service given via the aging network and support system. In addition, a new part-time Administrative Aide position was

added to provide office and computer technical support. This will help us to automate and streamline the flow of information to the community. This is necessary given that the population of individuals aged 60 and over is expected to increase by 89% within the next ten years. Based on census information from September 30, 2004, the current population of individuals aged 60 and over is 1,959 and those aged 50 to 59 is 1,763. The Council on Aging will need to redefine its goals to ensure the appropriate programs and services are provided to these individuals.

The **Outreach Program** continues to be one of our top priority programs. Outreach works with those older adults who may need support with fuel assistance, transportation, housing concerns, telephone reassurance or may be in an "at-risk" situation. The Outreach Coordinator works with families, caregivers, agencies and local resources to insure all is being done to assist and support the older individual within their home.

In 2004, a new support group was formed in response to community input, to assist individuals experiencing loss of a loved one or independence. Another successful program was "Ten Weeks between Generations," co-sponsored with the Plymouth County Sheriff's Department, to promote intergenerational communication between high school students and Norwell elders.

Volunteers continue to be the backbone of our department. In 2004, we were fortunate to receive over 6,220 hours in volunteer service from over 84 different individuals. Examples of this dedication and commitment include; providing medical transportation; program instruction and support; assisting in the office; and delivering meals to home-bound elders. This dedication from so many has saved the community over $95,000 this year.

Transportation is another responsibility and necessary asset to our operation. In 2004, one part-time back-up driver was added to the staff. With the expertise of these drivers, we provide over 30 hours of transportation services weekly, encompassing over 7,036 trips during the year. Special transportation services are also available for medical appointments that cannot be served through the Council on Aging van. This includes a network of volunteer drivers, as well as a transportation grant program that allows us to provide appropriate transportation into Boston and other medical facilities outside the South Shore area. This is funded via competitive grants through the Older Americans' Act, the Executive Office of Elder Affairs and South Shore Elder Services.

In addition to the above core services, the Council has developed special programs such as the Senior Work program. Now in its 6th year, the program allows eligible residents to volunteer their time and efforts within a municipal department for a property tax credit up to $750. The program not only helps the older resident, but the participating department with their workload. In 2004, 29 residents and over 13 departments worked together on the program for a total of 3,222 hours and estimated saving to the community of $10,472. The Council thanks all those involved with this successful program

We would like to take this opportunity to express our appreciation to the volunteers who are the mainstay of operations; the "Friends of the Norwell Council on Aging" for their program and financial support; the support and dedication of our staff; other Town Departments and the residents of Norwell.

Diane M. McCarthy, Outreach Coordinator

METROPOLITAN AREA PLANNING COUNCIL

The Metropolitan Area Planning Council is the regional planning and economic development district representing 101 cities and towns in metropolitan Boston. In addition, the Council shares oversight responsibility for the region's federally funded transportation program as one of 14 members of the Boston Metropolitan Planning Organization. The Council's legislative mandate is to provide technical and professional resources to improve the physical, social and economic condition of its district, and to develop sound responses to issues of regional significance. The Council provides research, studies, publications, facilitation and technical assistance in the areas of land use and the environment, housing, transportation, water resources management, economic development, demographic and socioeconomic data, legislative policy and interlocal partnerships that strengthen the operation of local governments.

The Council is governed by 101 municipal government representatives, 21 gubernatorial appointees, and 10 state and 3 city of Boston officials. An Executive Committee composed of 25 members oversees agency operations and appoints an executive director. The agency employs approximately 30 professional and administrative staff. Funding for Council activities is derived from contracts with government agencies and private entities, foundation grants, and a per-capita assessment charged to municipalities within the district.

In the past year, the Council has focused on initiatives that respond to regional challenges, some of which include:

- **Municipal planning:** working with more than 25 communities under the Executive Order 418 program. EO 418 provides communities with up to $30,000 in state funding to undertake overall visioning on local planning issues, including housing, economic development, natural resources, and transportation.
- **Bringing advanced technology to cities and towns in the region:** a contract with Pictometry International will provide aerial photographic images that municipal departments, including police and fire, can utilize to improve service delivery.
- **Adoption of smart growth principles:** MAPC developed and adopted principles of good planning practice that will encourage sustainable patterns of growth to benefit people living throughout the metro Boston region. MAPC is also a founding member of the Massachusetts Smart Growth Alliance.
- **Metro Data Center:** The Center is an official US Census affiliate, helping to distribute demographic data throughout the region, including demographic, economic, and housing profiles for all 101 communities in metro Boston.
- **Transportation planning:** as vice chair of the Boston Metropolitan Planning Organization, MAPC worked to develop the 25-year Regional Transportation Plan as well as the annual Transportation Improvement Program, including transportation spending priorities for the region. We also spearheaded development of transportation spending criteria, taking into account environmental, economic, and equity considerations.
- **Metropolitan Highway System Advisory Board**: MAPC staffs this board, established in 1997 by the Commonwealth to advise the Massachusetts Turnpike Authority on issues relative to land use, air rights, zoning, and environmental impacts associated with development of land owned by the authority.

- **Regional Services Consortiums:** The four regional consortiums established by MAPC collectively purchased $18 million in office supplies and highway maintenance services for its 31 member municipalities. The project also facilitates collegial forums among members' chief administrative officers focused on collaborative problem solving and resource sharing. MAPC recently became the purchasing and administrative agent for the Greater Boston Police Council, which assists over 300 units of local government in the purchase of police vehicles and other public safety supplies.
- **Metro Mayors Coalition:** Working with the mayors and city managers of 10 municipalities in the urban core on issues such as group purchasing, employee health insurance, security and emergency coordination, and municipal relief legislation.
- **Homeland security:** addressing homeland security issues by facilitating cross-municipal partnerships between police, fire, and emergency management departments to acquire and share equipment, and more generally to plan for emergencies involving multiple municipalities; fiduciary agent for state/ federal grant funding through the Massachusetts Executive Office of Public Safety.
- **Hazard mitigation:** initiating a federally-funded partnership to produce a hazard mitigation plan to protect nine coastal communities in the event of natural disasters, including flood, winter storm, wind, fire, and geologic hazards.

Please visit our website, www.mapc.org, for more details about these and other activities.

Metrofuture: Making A Greater Boston Region

MAPC has launched a new civic process, called MetroFuture, to create an updated regional vision and growth strategy for metropolitan Boston. MetroFuture engages city and town governments, state agencies, non-profits, business, labor and academic groups in this planning process. The outcome will be a vision and growth strategy that puts the region on a sustainable path in terms of land use, economic, environmental and social issues. MAPC will need the support of a broad range of organizations in the region to help plan, fund and implement this new framework for addressing the challenges facing metropolitan Boston.

The effort to create this new strategy was launched on October 29, 2003 at a Boston College Citizens Seminar. More than 400 citizens from a wide range of local and regional groups attended the event, and expressed their opinions on the region's resources and challenges as well as their own visions for the future. This input will be critical as we move to the next phase of this exciting multi-year project. Please visit the project web site, www.metrofuture.org, for more information.

South Shore Coalition

In 2004, the South Shore Coalition (SSC), one of the eight subregions of MAPC, met on a monthly basis to discuss issues of mutual interest from drinking water supply, Pre-Disaster Mitiagtion planning, and transportation issues. SSC is comprised of the communities of Cohasset, Duxbury, Hanover, Hingham, Hull, Marshfield, Norwell, Pembroke, Rockland, Scituate, and Weymouth.

During the year, SSC heard presentations regarding and provided input to MAPC's actions relating to the following regional transportation issues: Suburban Mobility program, 2005 Transportation Improvement Program, and the 2005 Unified Planning Work Program. SSC participated on the Regional Transportation Advisory Committee (RTAC), developed a set of subregional legislative priority issues to help guide MAPC's priorities, and reviewed the ongoing efforts of redevelopment taking place at the now closed South Weymouth Naval Air Station. The subregion was briefed periodically on the MetroFuture

project, the on-going review of the subregions that is taking place in conjunction with the MAPC strategic planning process, and other activities of MAPC.

MAPC completed an Open Space Plan under Executive Order 418 for the Town of Rockland. MAPC also assisted several communities by administering their planning contracts with private planning consultants under EO418. As a follow-up to Executive Order 418, MAPC presented information on three state initiatives; the Commonwealth Capital Fund, the Priority Development Fund and the 40R Smart Growth Zoning initiative. MAPC also assisted Pembroke completing the Commonwealth Capital Fund application.

MAPC Annual Report prepared and submitted by Marc D. Draisen, Executive Director, Metropolitan Area Planning Council.

PLYMOUTH COUNTY COOPERATIVE EXTENSION

The role of Plymouth County Cooperative Extension is to deliver research-based information to Plymouth County residents through non-formal methods. The Plymouth County Extension staff work in concert with UMass Amherst Faculty and Extension staff on behalf of the United States Department of Agriculture, to provide valuable information in Extension's four major program areas: Agriculture and Landscape; 4-H Youth and Family Development; Nutrition Education; and Natural Resources & Environmental Conservation. The Extension System is supported by County, Federal and State funds, and operates under Federal and State laws and agreements. Local citizens, appointed by the Plymouth County Commissioners, serve as Plymouth County Cooperative Extension Trustees, directing the overall program. Volunteer advisory groups work with Extension staff on developing programs.
Cooperative Extension resources and programs for Plymouth County include: garden lectures, fruit pruning demonstrations; pesticide applicator training & licensing exams; the annual UMass Extension Garden Calendar; educational resource materials; training and resources for green industry professionals and youth service agencies; accredited overnight 4-H summer camps; and teacher workshops and resources. New research findings are translated into practical applications and shared with people and communities through workshops, conferences, field demonstrations, radio and television, local libraries, technical assistance, and newspaper articles. Publications such as newsletters, booklets, and fact sheets bring information directly to those who need it. Additional information is delivered through office visits, phone calls, and UMass-Amherst Extension web access – www.umassextension.org .

The Plymouth County Extension office is located at P.O. Box 658, High St. Hanson MA 02341 (781-293-3541; 781-447-5946) plyctyext@mindspring.com. Regional Extension programs are often conducted in Southeastern Massachusetts. UMass Extension also operates the Cranberry Experiment Research Station, located in Wareham.

Members of the Plymouth County Staff:

Michael D. Koski, 4-H Youth and Family Development Program
Amy McCune, 4-H Youth and Family Development Program
Deborah C. Swanson, Landscape, Nursery and Urban Forestry Program
Debra L. Corrow, Executive Assistant

Board of Trustees:

Michael Connor, Chairman - Halifax
Joseph Freitas - Plympton
Marjorie Mahoney - Hingham
John Peterson - Halifax
Janice Strojny - Middleboro
Chris Wicks - Middleboro

Dominic Marini - E.Bridgewater Philip Wyman - Hanson
Plymouth County Commissioner Timothy McMullen – Pembroke

UMass Extension staff funded by Federal/State Program Grants: UMass Nutrition Education Program, 34 School St., Brockton 508-513-3475:

Andrea B. Gulezian, Supervisor Tammy Short, Nutrition Educator
Maria Pique, Nutrition Educator Jennifer Anderson, Nutrition Ed.
Joyce Rose, Nutrition Educator Anita Sprague, Senior Clerk

REPORT OF PLYMOUTH COUNTY MOSQUITO CONTROL PROJECT

The Commissioners of the Plymouth County Mosquito Control Project are pleased to submit the following report of our activities during 2004.

The Project is a special district created by the State Legislature in 1957, and is now composed of all Plymouth County towns, the City of Brockton, and the Town of Cohasset in Norfolk County. The Project is a regional response to a regional problem, and provides a way of organizing specialized equipment, specially trained employees, and mosquito control professionals into a single agency with a broad geographical area of responsibility.

The 2004 season began with a normal water table until record April precipitation produced large numbers of spring and summer brood mosquitoes throughout the County. Efforts were directed at larval mosquitoes starting with the spring brood. Ground and aerial larviciding was accomplished using B.t.i., an environmentally selective bacterial agent. Upon emergence of the spring brood of mosquitoes, ultra-low volume adulticiding began. The Project responded to 9,420 requests for service from residents.

In response to the elevated threat of virus in the district, we increased our trapping, aerial and ground larviciding, and adult spray in areas of concern to protect public health.

Eastern Equine Encephalitis virus was first isolated from *Culex* species, a human biting species, by the Massachusetts Department of Public Health from Project collections in Middleboro on August 3, 2004. Of the season's total of thirty nine EEE isolates, fifteen were from Plymouth County as follows: Halifax (8/4, 8/11, 8/18, 9/13 (2), and 9/20), Kingston (8/18, and 8/19), Middleboro (8/3, 8/24 and 8/25), Pembroke (8/31 and 9/8), Plymouth (9/8), Rockland (9/4). Four human cases of EEE were confirmed including two fatalities (Brockton and Holbrook). These cases came from four towns in two counties (Plymouth County: Brockton and Middleboro), (Norfolk County: Holbrook and Foxboro). Seven horses tested positive for EEE in Massachusetts with three in Plymouth County: Middleboro (2) 9/2 and 9/15 and East Bridgewater (1) 10/2. We normally end our spray season on Labor Day. This year, because of increased virus isolations, we extended our residential spray program three weeks into September. Municipality based requests for area wide spray continued throughout the district through October 4, 2004. Based on guidelines defined by the "Vector Control Plan to Prevent EEE" in Massachusetts, Southeastern Massachusetts will be at a "high level of EEE risk" beginning the 2005 season.

We are pleased to report that in 2004 there were no human West Nile Virus cases in Plymouth County. No horse cases occurred during the season and two birds tested positive for WNV(one in East Bridgewater and one in Marshfield). The recurring problem of EEE and WNV continues to ensure cooperation between this Project and the Department of Public Health. In an effort to keep the public informed, EEE and WNV activity updates are regularly posted on our web site, www.plymouthmosquito.com and Massachusetts Department of Public Heath at *www.state.ma.us/dph/wnv/wnv1.htm.*

The figures specific to the Town of Norwell are given below. While mosquitoes do not respect town lines the information given below does provide a tally of the activities which have had the greatest impact on the health and comfort of Norwell residents.

Insecticide Application. 4,192 acres were treated using truck mounted sprayers for control of adult mosquitoes. More than one application was made to the same site if mosquitoes reinvaded the area. The first treatments were made in June and the last in September.

Aerial Application. Larviciding woodland swamps by helicopter before the leaves come out on the trees continues to be very effective. In Norwell this year we aerially larvicided 800 acres.

Our greatest effort has been targeted at mosquitoes in the larval stage, which can be found in woodland pools, swamps, marshes and other standing water areas. Inspectors
continually gather data on these sites and treat with highly specific larvicides when immature mosquitoes are present.

Water Management. During 2004 crews removed blockages, brush and other obstructions from 2,350 linear feet of ditches and streams to prevent overflows or stagnation that can result in mosquito breeding. This work, together with machine reclamation, is most often carried out in the fall and winter.

Finally, we have been tracking response time, which is the time between notice of a mosquito problem and response by one of our inspectors. The complaint response time in the Town of Norwell was less than two days with more than 279 complaints answered.

Mosquito Survey. A systematic sampling for the mosquitoes in Norwell indicates that *Culiseta melanura* was the most abundant species. Other important species collected include *Aedes vexans* and *Culex species.*

We encourage citizens or municipal officials to call our office for information about mosquitoes, mosquito-borne diseases, control practices, or any other matters of concern.

Raymond D. Zucker, Superintendent
Commissioners:
Carolyn Brennan, Chairman
Michael J. Pieroni, Vice-Chairman
Leighton F. Peck, Secretary
William J. Mara
Kenneth W. Ludlam, Ph.D.

NORWELL RECREATION COMMISSION

Norwell Recreation offered over 230 program opportunities to all ages and interests in 2004. There were over 12,191 program participants, which was slight decrease from 2003 – fewer adult field trip participants.

New programs this past year included summer art: cartooning and animated characters, cycling for fitness, digital photography, field trips to new venues, hip hop, lacrosse for girls and rocket blastoff. New programs always meet with varying degrees of success and these were no exception -- some were hits and some were not.

Other programs with a longer history continue. For youth we offered playgroups for toddlers and preschoolers, youth basketball, ski and snowboard lessons, gymnastics, afterschool arts, theater, fun activities, fitness programs, a variety of sports programs such as archery, basketball, baseball, cheerleading, fencing, field hockey, golf, lacrosse, tennis, the Egg Hunt, April Vacation Baseball/Softball, field trips, summer recreation playground programs for ages 3-grade 8, crafts, watercolors, golf, tennis, kayaking and lots of field trips. Some programs are cooperative efforts with local organizations or businesses like the baby sitting and parent's helper courses provided by the Friends of Norwell Visiting Nurses Association, Sunday Open Gym with South Shore ARC, fitness opportunities at Webb's Pro Fitness Center, the Women's Club Bunny Breakfast, the youth dances brought to the town by the Women's Club, the Fishing Derby cosponsored by Village Green Real Estate. For adults and teens we offer many activities such as workreation - a teen volunteer program, beading, cooking, C.P.R., first aid, quilting, watercolor and oil painting, archery, fencing, golf, volleyball, basketball, field trips, skiing trips, yoga, and a variety of workshops and seminars. The Job Bank provides a list of teens willing to child sit,

do yard work, and odd jobs, which gives residents a valuable resource. We will look into any program suggestion because others may like your ideas! You can see our imaginations (and resources) only limit the variety. So keep those ideas and suggestions coming.

The value and quality we offer seems supported by our high participant numbers. Budget moneys cover the administrative costs of providing recreation services and the staffing for the three general summer playground programs. In 2004, $16,725 was deposited into the general fund, which offsets our budget request of $130,149 so the bottom line for recreation was $113,424. In addition, more than $160, 000 was spent on activities totally supported by participant fees. All other activities and services (95% of the programs) have continued because the participants pay all costs with fees. It is our hope that Norwell voters continue to recognize the importance of recreation through public support and not just by one's ability to pay!

Program scholarships are available for families needing assistance and we welcome contributions to cover those costs. The Workreation program is where teens volunteer to assist in various capacities in exchange for credit toward recreation activities. We had 28 teens volunteer 749 hours which was a threefold increase over the previous summer! There were more than 2100 hours that adults volunteered with coaching, teaching, supervising field trips, conducting special events, program assistants, commission members, etc. The equivalent cost value is over $20,000 if paid at minimum wage! That certainly deserves a huge thank you!

Norwell is fortunate to have commission members dedicated to public recreation programs and facilities. Chair, Pat Richardson, members Ginny Maree, David Barcomb and new members John Rice and Jerry Kehoe contributed time, energy, and various areas of expertise. Ginny served on the Athletic Field Committee, which oversees the very vital task of improving our town's athletic fields. Pat is our representative on the Community Preservation Act Committee. We wish to thank all members for their interest, their support and their time!

Leadership quality is perhaps our best asset. Through recreation director, Dale Connor; program-coordinator, Judy Volpe, and the many excellent program instructors' and leaders' efforts, knowledge, dedication, concern, and enthusiasm, Norwell is provided with recreational services for the entire population. We extend our appreciation for all their exceptional efforts.

The Recreation Commission thanks the School Department for their support through the usage of facilities -- gyms and fields, and also recognizes Paul Foulsham and the Tree and Grounds Department for their field maintenance and improvements. Without these cooperative efforts, our programs would be more limited and/or costly. Each year the Town relies heavily upon other organizations within town such as Little League, Girls Softball, Youth Soccer, and Youth Lacrosse to help with the maintenance expenses of the facilities they use. 2004 saw on-going improvements of fields through the efforts of the Athletic Field Committee.

We mail our seasonal brochure four times a year to every Norwell postal customer. Our challenge continues to be funding support and improved recreational facilities. Participant feedback and numbers show support for services with continual requests for more. We take pride in our response to your interests and needs and hope to hear your ideas! We have programs for all ages and all interest levels. Take a look at one and join us in a future program! *This is your recreation department!*

Submitted by Dale Connor, Director and the Recreation Commission: Chair : Ginny Maree, David Barcomb, Pat Richardson, Jerry Kehoe, John Rice.

RECYCLING COMMITTEE

Can you think of anything more important for your future and your children's future than the environment? How do you preserve our threatened environment - and keep your taxes in line at the same time? Simple! Recycle.

Curbside recycling comes to each house in this town every other week. The town has made it so convenient for homeowners to dispose of their paper, cardboard, plastics, glass and cans. Some towns aren't so lucky and homeowners there have to lug their bins to a recycling center.

Green plastic recycling bins are free and you can get yours - and extras - at the Recycling Center, 310 Main St., in the Highway Department yard behind the Middle School, on Wednesdays from noon to 3 p.m. and Saturdays from 9 a.m. to 3 p.m. Recycling stickers are also free and are required to ensure that only Norwell residents use the Recycling Center. The stickers are available at the Board of Health in the Town Office Building, 345 Main St.

Oil-based paint, varnish, stains and used motor oil are accepted at the Recycling Center the first Saturday of each month, from April to November only. Motor oil and paint exclusively is collected at the Center on those first Saturdays between 1 and 4 p.m. and, during those hours, other materials will not be accepted. Each resident may bring 10 gallons of paint and 5 gallons (or 12 containers) of motor oil for these special Saturday collections.

Latex paint is not hazardous and may be disposed of in the trash after being dried with kitty litter.
Other items accepted at the Recycling Center include metals (such as swing sets, auto parts, lawn and office furniture, bikes, lawn mowers, gas grilles, propane tanks, etc.), grass clippings, leaves and brush. Items accepted for a $10 fee include (which is the amount it costs the town to dispose of them) are white goods (refrigerators, freezers, air conditioners and microwaves), televisions and computer monitors.
In 2004, residents recycled at curbside a total of 769.26 tons of newsprint and cardboard and 225.29 tons of plastics, cans and glass. Residents also dropped off 272 propane tanks and 431 tires were collected on a special tire collection day. In addition, 187,789 pounds of scrap metal was collected.

A total of 136 residents participated in a hazardous waste collection program.

The committee continues to apply for recycling grants and has been notified that Norwell was awarded a Municipal Recycling Grant - valued at $669 - by the Executive Office of Environmental Affairs and Department of Environmental Protection and will be receiving 20 home composting bins and 20 kitchen scrap buckets. Since 1990, the Executive Office of Environmental Affairs and Department of Environmental Protection have granted more than $41 million in recycling equipment, household hazardous waste equipment, educational materials and technical assistance and we are delighted that Norwell is one of those chosen to receive this grant.

In addition to the town's own recycling program, Norwell belongs to the South Shore Recycling Cooperative (SSRC), a group of 15 towns that work together to maximize their solid waste programs. The SSRC cooperatively contracts for solid waste-related services, such as household hazardous waste collections. More than 100 residents participated in the collection here last year and more than a dozen were able to take their hazardous materials to other town's collection sites thanks to an SSRC arrangement. The South Shore Recycling Cooperative also contracted for brush grinding. As a member of SSRC, Norwell enjoys better pricing thanks to economy of scale and reduced administrative time in bidding and servicing contracts.

The Recycling Committee also participates in the town's senior work program. Two seniors help out at the Recycling Center Wednesdays from noon to 3 p.m. and Saturdays from 9 a.m. to 3 p.m. for the duration of the work program.

Recycling not only saves the environment but also saves the town money. It is important to take recycling seriously. Norwell's trash is driven to SEMASS in Rochester, MA, and the town is charged $34.52 for

every ton dumped. So, you can see that everything you make an effort to recycle saves you (and the town) money.

More committee members are needed to continue and expand this most successful and worthwhile town program. If you have an hour or two a month for town service, please consider an appointment to the Recycling Committee. Contact the selectmen's office at 781-659-8000 for more information.

Respectfully submitted,
Recycling Committee
Joanne M. Dirk, Chair
Judy Enright
Marilyn McCourt

Anne Fridgen-Traft

SOUTH SHORE RECYCLING COOPERATIVE

Norwell is a member of the South Shore Recycling Cooperative, a voluntary association of 15 South Shore towns established by Intermunicipal Agreement (IMA) and Special Legislation in 1998. Members of the SSRC are: Abington, Cohasset, Duxbury, Hanover, Hingham, Holbrook, Hull, Kingston, Marshfield, Norwell, Plymouth, Rockland, Scituate, Weymouth, and Whitman.

Each member town is represented by two town associates appointed by the Selectmen. Norwell is represented by Joanne Dirk.

According to the IMA, the mission of the SSRC is: "to provide a forum of cooperative management of solid waste by members, to assist each member Town to improve the cost-effectiveness of their recycling efforts by providing economy of scale while maintaining full control over solid waste management; to assist members to improve programs to divert waste materials from the waste stream and to reduce the amount and toxicity of wastes; and to provide such assistance on an individual basis to each member Town and cooperatively in joint programs with other Towns."

Each member town pays an annual membership fee of $4,000. In 2004 the raised a total of $60,000 through these fees, which the SSRC supplemented with various state and private grants. Those funds pay for the services of an Executive Director and support various solid waste and recycling activities during the year to benefit member towns. The SSRC estimates that in 2004 these activities saved member towns a total of $84,000, and provided over 250 hours of direct services to the towns.

HOUSEHOLD HAZARDOUS PRODUCT COLLECTIONS: By using the regional contract negotiated by the SSRC with Clean Harbors for the collection and disposal of household hazardous products, Member Towns saved about 25% plus the $700 setup fee required in the State contract, and avoided the administrative time to bid it out and publicize them. At 2004's ten collections, which were attended by 1725 residents, savings were approximately $26,000 for this service. The contract also enabled 136 residents and businesses to attend other towns' collections in the region that year using the reciprocal arrangement, which is administered by the Executive Director (ED). The SSRC publicized the events with several thousand flyers delivered to the town halls and libraries and ongoing press releases in all local papers, on cable TV and the radio. The ED attended and helped run nine of the collections, handed out paint stirrers with cost saving instructions on latex paint disposal, provided signs and calculated the proper billing for the vendor to ensure that discounts and allowances were credited and visitors billed properly.

CONSTRUCTION AND BULKY WASTE. By using the arrangement negotiated by the SSRC with the Bourne ISWMF, Member Towns enjoyed a disposal rate of $70/ton for construction and bulky waste. The gate fee is $75/ton. With a generation of 8,095 tons, Member Towns saved $40,475 in CY04 with this arrangement. The ED also spent 25 hours conducting an RFP for future construction & bulky waste processing, as the Bourne Facility may no longer be able to accept this material at some unknown time in the near future. Four companies responded to the RFP, and a contract was awarded to Waste Management, but has not been signed yet.

MATTRESSES. The SSRC conducted an RFQ for mattress processing when the surcharge at Bourne increased from $10 to $15 each plus the tip fee and transportation, coupled with the elimination of the 10 mattress/load allowance. Three companies responded, and the SSRC accepted an offer by Miller Recycling in Plainville to transport and process mattresses for $14/each, including container rental. This arrangement saved the three participating towns approximately $3,000 in the 3-4 months the agreement has been in place, with the potential of $16,000/year savings if all eight eligible towns use the agreement for management of the 3,000+ mattresses/year their residents dispose.

WASTE OIL. The SSRC negotiated a 10¢/gal rebate from Cyn Environmental for waste oil. Towns had previously received nothing from either Clean Harbors or Cyn. This should generate $3,000 for Member Towns for the six months it was in effect in 2004.

COMPOST AND BRUSH PROCESSING. The SSRC extended its contracts for brush grinding and compost screening for the processing of compost, which were used by several of our towns in CY04.

THERMOMETER SWAPS. The SSRC assisted the thirteen member towns that have long term contracts with SEMASS to maximize their benefits from the Material Separation Plan (MSP), including the provision by SEMASS of hundreds of digital thermometers for exchange, Dunkin Donuts coupons as incentive for residents and contractors to turn in mercury thermostats, reimbursement for mercury disposal costs, and outreach assistance (HHP flyers, radio ads, and signs) valued at approximately $11,000. These programs removed over 45 lbs. of mercury from the waste stream in 2004.

RADIO ADS. The SSRC produced five one-minute radio ads promoting recycling and waste reduction, which were broadcast 68 times on WATD 95.9 fm (Marshfield), and WJDA 1300 am (Quincy) in November. The SSRC obtained sponsorship from American Ref Fuel at SEMASS to cover half of the airtime cost. Holbrook Selectman and SSRC Board Member Jeff Lowe, a radio professional, co-wrote and recorded the ads. Total cost was $1,200.

EVENT RECYCLING. Through a grant from the Mass. DEP, the SSRC worked with event organizers to establish event recycling programs at the South Shore Arts Festival, the Sustainable South Shore Climate InfoFest, and the Marshfield Fair. While public education was the main benefit, five tons of material was also diverted from the trash for recycling. Recycling containers were included in the grant, and are available for loan to all Member Town events.

LEGISLATIVE BREAKFAST. The SSRC held a Legislative Breakfast in May at which Rep. Mark Carron (D- Southbridge) was recognized with our "Environmental Hero" award for his sponsorship and support of a bill requiring computer manufacturers to take financial responsibility for proper recycling of used electronics.

ADVOCACY. The ED orchestrated municipal advocacy for State budget items that benefit municipal solid waste programs. Legislators seek her advice on solid waste matters. She also attended policy meetings, forums and conferences hosted by the DEP, Solid Waste Association of North America, the

Council of SEMASS Communities, the Mass. Recycling Coalition, and the Northeast Resource Recovery Association, and attends most Mass. DEP Solid Waste Advisory Committee meetings. She shares what she learns with the Managers, and relays the Managers' concerns to the professional and State organizations and regulators.

WEBSITE. With help from Norwell volunteer John Garvey, the SSRC went online at ssrc.info. The site includes town-specific recycling information, household hazardous product collection information, press releases, Business Partnership information, links to other sites, annual reports and the newsletter.

ADVICE AND ASSISTANCE. The ED's help is frequently sought by the solid waste managers, both on site and over the phone, on such issues as curbside contracting, disposal of special wastes, alternative vendors for different materials, regulations and accessing grants. She met with the solid waste managers from each town to discuss how to maximize their SSRC benefits, improve their bottom lines, and any other specific needs each town had. She spent extra time consulting with and making presentations to Hull officials and residents about implementing a new curbside collection program, spoke to the Holbrook Selectmen about implementing PAYT, met with Whitman officials to discuss a proposed PAYT program, gave guidance to the Norwell Board of Health on abandoned waste management, and assisted Marshfield in preparing to hire a Recycling Coordinator.

QUARTERLY NEWSLETTER. The SSRC publishes a newsletter filled with information of immediate interest to the South Shore solid waste community, including local solid waste news, regulatory and legislative proposals, meetings and seminars. The newsletter is circulated to over 300 town officials, legislators, regulators and volunteers, and is posted online at ssrc.info.

PUBLIC OUTREACH. The SSRC releases articles and provides information to the local press about waste reduction and recycling, and the proper disposal of hazardous waste. The ED also fielded 94 calls from Member Towns' residents in CY04 to answer questions, mostly about HHP and CRT disposal.

MONTHLY MEETINGS. The SSRC provides valuable networking opportunities and information sharing at our well-attended Solid Waste Manager meetings, at which solid waste collection, disposal and recycling service, pricing and proposed laws and regulations are discussed among member towns. Guest speakers provide information on subjects of interest to the local MSW community, including special waste disposal, regulatory compliance, legislative and budget issues, and grant assistance.

The SSRC exists to serve its member towns by facilitating their solid waste disposal and recycling functions. It always welcomes suggestions on how it can better serve its Members.

Respectfully submitted,
Joanne Dirk

NORWELL'S VETERANS' MEMORIAL COMMITTEE

The Norwell Veterans' Memorial Committee was re-established March 2002 and has been very active meeting every month and at other times, when needed. Its present members are Ted Baldwin, Richard Buell, Richard Caldwell (Chairman), Herb Fredrickson (deceased), George Kelley, Mary Knapp, Harry Merritt, Fran Molla (Secretary), David Turner. The committee expresses sadness for the passing of its member, Herb Fredrickson.

The committee, in total, has been and is committed to the project of re-doing the WWII, Korean and Vietnam Memorial.

Hours of research went into creating a new list of Norwell Veterans to be carved into a large enough Memorial to accommodate all of the names on the front of the Memorial.

The work was complete by the end of 2003 and the new Memorial was sent out to bid. Monti Granite of Quincy was awarded the project and completed the Memorial for dedication on Memorial Day 2004. At the same time the small, un-named street separating the two commons was named Veterans' Way and a street sign erected. Several months later Monti Granite placed a large stone, donated by Landers Construction, with the name of our "Norwell Veterans Memorial Common" printed in plain view from Main Street. The beautification Committee added two granite benches to the Main Common.
None of this work could have been accomplished without the support of the Town of Norwell, its residents, its organizations and Town Officials. Our Committee thanks them all.

Respectfully Submitted;
R. Caldwell, Chairman

DEPARTMENT OF VETERANS' SERVICES

The Office of Veterans' Services survived more budget cutbacks and is operating with no reduced hours or service. Mr. Caldwell's office hours are Tuesday and Wednesday afternoon and he is available at other times by appointment.

This past year, the office operated within its allotted budget in all areas. What is not generally known is that the majority of budget expenditures are reimbursed, to the Town of Norwell's General Fund, by the State Department of Veterans' Services at a rate of seventy five percent. Therefore, most of my line items cost our town 25% of what is shown.

This was a very good year for my office and veterans in our town. Several veterans and their families were, additionally, supported by donations. Two families received almost new automobiles donated by veterans from Walliston and Marshfield. A Norwell Veteran who also gave very sizable gift certificates' to veteran's children for clothes gave one WWII Veteran a very expensive reclining wheel chair. In addition we were able to qualify severely disabled veterans for annuities from the State. We were also able to bring into the Town of Norwell $848,304.00 from the Federal Government Office of Veterans' Administration, (VA).

As the vast majority of Massachusetts's seniors are either veterans or survivors of veterans and may be unaware of their possible eligibility for either state of federal benefits it may be useful for them to drop in to the Veteran's office in the Town Hall and receive updated information. There may be a group of young veterans returning to our community from conflicts around the world. They were given excellent information during mustering out procedures, but they to may want to drop by to determine if any new benefits have surfaced.

Respectfully Submitted:
Richard Caldwell, VSO

REPORT OF THE BEAUTIFICATION COMMITTEE

The Beautification Committee sponsors and supports several programs and projects to improve and to further beautify our town.

An additional Saucer magnolia was planted at the entrance to the Town Library. Mr. and Mrs. William Mildrum donated this tree in memory of their daughter, Kathleen. The committee members also conducted their spring and fall library grounds cleanup. Students from Norwell High School have helped with this work and we are grateful for their support. Each year we plan further improvements to the library grounds.

Many hard working and dedicated volunteers plant and maintain the triangles, monuments and town buildings with beautiful arrays of flowers, plants, shrubs and trees thus transforming Norwell into a gorgeous community. We have several locations in need of additional volunteers!

Our Adopt-A-Street program continues. However, only about 24% of the town's streets are being patrolled by volunteers regularly picking up and disposing of roadside litter in their neighborhoods. This is an extremely important program as we all benefit from a clean appearance of our town. Here again, we need additional town people to step forward and become members of the Adopt-A-Street Program!

Each holiday season we provide Poinsettias to the Town Hall offices, the Norwell Library, the Council on Aging, Fire Department Headquarters and to the Police Station. We also light the Town Offices tree. We completed the installation of two granite benches on the Veterans Memorial Town) Common.

We continue to sponsor the Annual Beautification Awards Program recognizing outstanding individuals, organizations and businesses who have contributed their time and energy toward the beautification of Norwell over the previous year. This is always a well-received and well-publicized affair and we are very fortunate that our Selectmen allow time on their very busy agenda for the ceremony. 2004 marked the 16th consecutive year of the Norwell Beautification Awards. Award recipients were Elizabeth Raymond for the Main and Lincoln Street triangle, B.J.'s Auto Repair and the Brite Way Car Wash each received business awards, the home award went to 483 Washington Street and the Myrtle McKay Award went to the F. A. Bartlett Tree Expert Company.

In 2005, we will sponsor the repair/restoration of the Civil War (Soldiers) Monument on the Veterans Memorial (Town) Common. We will also conduct a Beautification Survey of residents seeking input on the projects we presently sponsor and asking for suggestions on other projects residents would like us to pursue.

We wish to give a very special "thank you" to all our volunteers. We know how hard you work and the importance of each of you to the success of the Norwell Beautification Programs. We do seek additional volunteers for the Triangle Program, the Adopt-A-Street Program and for the Beautification Committee. Any townspeople interested in becoming a part of the Norwell Beautification Program should not hesitate! Please call 781-659-7463!

REPORT OF THE CONSERVATION COMMISSION

In 2004, the Conservation Commission continued to be busy with permit applications, resulting in 106 public hearings under the Wetlands Protection Act and the Town of Norwell Wetlands Protection Bylaw. One new 40B application (Autumn Woods) was filed, and two previously filed 40B projects (Silverbrook and Washington Place) were under review or development. In addition to her many administrative tasks, the Conservation Agent went on over 460 site visits to ensure that projects were in compliance with wetlands protection laws. The agent's position is funded on a part-time basis, but we clearly need her professional skills full time. Because of the extent of development near wetlands, as well as the state requirement for the town to develop and enforce a storm water management bylaw in the near future, the need for a full-time agent is greater than ever. While we are fortunate to have a superb agent, we need her skills on a full-time basis and we will work toward this goal in the coming year.

The Commission has stewardship over 1,500 acres of conservation land. We are fortunate to have a dedicated group of volunteers who assist in the maintenance of these lands for the enjoyment of the public. Volunteers in the Senior Tax Program, including Charles Dirk, Stephen Young, Alfred Svelnis, Charles "Ron" Mesheau, and Ralph Knowles, were instrumental in maintaining the trails at Jacobs Pond, Stetson Meadows, Fogg Forest, Miller Woods, and the Hatch lots, among other conservation lands. They also repaired the dock at Jacobs Pond, restored a historical view shed to the North River at Stetson Meadows, and cleared vegetation from stonewalls at Jacobs Farm. Thank you to all of them for their hard work.

We have also been lucky to have young people interested in pursuing Eagle Scout projects on conservation land. Andrew Ewing improved the Fogg Forest conservation land by installing a picnic area enhanced with native plantings, marking the trails more clearly, and creating trail maps. Tate Donovan also worked in Fogg Forest, installing benches, pruning the trails, and coordinating with Andrew on trail signs and markers. Thank you to both of them as well.

Unfortunately, vandalism was a significant problem on conservation lands in 2004, particularly at Jacobs Pond, where the bridge was damaged, turtle eggs were destroyed, trees were cut or girdled, and people engaged in target practice with glass bottles. The police are aware of these incidents and are monitoring the area, but please inform the Commission of any of these or other illegal activities if you become aware of them.

Finally, recognition should be given to the Open Space and Recreation Committee for nearing completion of the Norwell Open Space and Recreation Plan for 2005-2010. Led by Chair Deb Lenahan, members of the Planning Board, Recreation Department, Water Department, Beautification Committee, Conservation Commission (our agent and two members), and the community at large, prepared a 5-year plan for the protection and use of the town's natural resources. It is anticipated that the plan will be completed and ready for review in early 2005, representing two years of work by a dedicated group of volunteers.

The Conservation Commission meets on the first and third Tuesday of the month at 7:30 p.m. Meetings are open to the public.

Respectfully submitted, Norwell Conservation Commission.

NORWELL HISTORICAL COMMISSION 2004

The purpose of the Norwell Historical Commission in accordance with Massachusetts General Law, Chapter40, Section 8d and the Norwell Bylaws, is to accept responsibility for preserving and protecting irreplaceable historic antiquities and resources throughout Norwell as an acting official agent of the municipal government.

This has been a very busy year for the Historical Commission.

Projects:

The Norwell Grange preservation has been completed and paid for with CPA funds. The Commission, after due consideration of the bids sent to the town, has accepted the firm of Turk Tracey and Larry Architects, LLC to do the survey of the antique homes and resources in Norwell. They will begin in January of 2005. Their plan is to complete 250 homes in the first phase of the survey. It is a mandate from the Massachusetts Historical Commission that a survey of historic homes and resources of the town be done,

Community Preservation Act:

A minimum of ten percent of CPA funds must be used for Historic Preservation. The Community Preservation Act Committee has sought the advice of the Norwell Historical Commission in regard to the awarding of the monies set aside for historic preservation. The Directors of the Cushing Center requested $59,420 to repair and preserve the windows at the Center. The Commission agreed with this expenditure. The Commission also approved $200,000 for air conditioning for the Cushing Center to preserve the internal integrity of the windows and building. The PBMC requested $220,000 to replace the windows at the Sparrell Building. The Commission did not approve this request. It was, in the Commission opinion, modernization not historic preservation. The request, for the funds for the Sparrell Building, was approved at the Town Meeting on November 15, 2004 as were the funds for the Cushing Center project and the $40,000 for the second phase of the survey of antique homes and resources.

Date Boards

The Commission is pleased with the progress of the placing of Date Boards on the antique homes in Norwell. We continue to use the services of New England Historic Markings. This firm makes and mounts the signboards for a fee. The Commission's historians Robert Babcock and Pam Bower-Basso have been busy informing the town's people about this service. They are willing to assist anyone who would like to research their historic homes.

Jacob's Farmhouse on Main Street

The Farmhouse is in very good condition. It has been roofed and painted. Repairs inside have been done both with regard to plumbing and painting. The grounds have been maintained and the driveway repaired. Four new custom made windows were made to replace the deteriorating windows in the carriage house. The property has been examined by Historic New England (formally The Society for the

Preservation of New England Antiquities) and the representative of the organization was pleased with its condition.

Stetson-Ford House off Stetson Road

The furnace was replaced this fall. The new lease has been signed with a rent increase.
Jon Haskins continues to take excellent care of this property.

Master Plan

We continue to work with the Master Planners and back the plan for the naming of future scenic roads in Norwell in order to protect its rural character.

Members

We have lost two members this year, Patricia Rice, who has served the Commission faithfully for six years, has retired and Paula Gosule has resigned due to family considerations. The Commission thanks them both for their excellent service. Kimberly Zayotti has been named by the Selectmen to replace Patricia Rice and the Commission welcomes her.

We are grateful for the assistance and cooperation of the Highway Department, the Assessors Office, Tim FitzGerald and the Ladies of the Selectman's Office. We would also like to thank James Boudreau for his interest and advice and Robert Babcock and Pam Bower-Basso for their unceasing work on behalf of our mandate to locate and date our historic treasures.

We, of the Commission, will continue to be faithful to our duty to do all in our power to preserve the history and historic character of this lovely town of Norwell and request the aid of our fellow town's people in this endeavor...

Respectfully submitted.
Joseph Carty, Chairman
Robert Babcock, Historian
Pam Bower-Basso, Historian
Robert Sayrs
Joan Vermette, Secretary
Kimberly Zayotti

2004 REPORT OF THE PLANNING BOARD

The calendar year 2004 was a busy and productive one for the Planning Board. The Board met 42 times, holding 30 regular sessions, to review applications for proposed subdivisions, ANR plans and site plans, and 12 special sessions, to: i) develop revisions to the Board's Subdivision Rules and Regulations; ii) review proposed zoning by-law changes; iii) conduct site walks of land proposed for development; iv) conduct preconstruction meetings for approved subdivisions; and v) conduct a town-wide subdivision tour, to view the progress of approved projects.

I. Subdivision Public Hearings.

During 2004, the Planning Board conducted public hearings for eight proposed subdivision projects. Combined, the eight projects would create 91 residential lots, 11 surface drainage basins, 2 subsurface

drainage systems and @ 10,000 linear feet of roadway. The Board collected $45,300.00 in application fees for this activity.

Barrel Lane (Off Circuit Street) (15 lots on 28.3 acres)

This project proposes 15 lots (including 4 ANR lots) on 28.3 acres, with 16 acres of upland. It also proposes 1 surface drainage basin and 1 dead-end street with linear 1,180 feet. On April 5, 2004, the applicant sought preliminary subdivision approval. On May 5, 2004, the Board issued the preliminary approval.

On November 10, 2004, the applicant sought definitive subdivision approval. On January 5, 2005, the public hearing began and was continued, at the applicant's request, to March 2, 2005, to allow the applicant time to revise the plans.

Holly Berry Trail (Off Grove Street) Approved April 2004. (6 lots on 7.1 acres)

This project created 6 residential lots (4 new lots and 2 reconfigured lots to support 2 existing dwellings) on 7.1 acres of land. It includes 1 subsurface drainage system and 1 dead-end street with linear 592 feet.

The public hearing began on September 22, 2003 and, at the applicant's request, was continued 12 times (to October 20, 2003, November 4, 2003, November 17, 2003, December 22, 2003, January 5, 2004, February 9, 2004, February 23, 2004, March 8, 2004, March 15, 2004, March 22, 2004, April 5, 2004 and April 12, 2004) to allow the applicant time to prepare revised plans. The applicant submitted 9 revised plan sets on: September 15, 2003, November 14, 2003, December 16, 2003, January 5, 2004, January 28, 2004, February 23, 2004, March 1, 2004, March 8, 2004 and March 24, 2004. The hearing closed on April 12, 2004 and the Board approved the project, with conditions, on April 13, 2004.

John Neil Drive Extension (Off John Neil Drive) (4 Lots on 6.85 acres)

This project proposes 4 residential lots (3 new lots and 1 reconfigured lot to support an existing dwelling) on 6.85 acres of land, with 4.12 acres of upland. The land is located between Circuit Street and John Neil Drive. The project also proposes 1 surface drainage basin and would add 476 linear feet to John Neil Drive, increasing its dead-end length from 300 to 776 linear feet.

The public hearing began on April 7, 2003 and was continued, at the applicants' request, on April 28, 2003, June 30, 2003, September 8, 2003, November 24, 2003, January 26, 2004, March 8, 2004, April 26, 2004, May 24, 2004, June 21, 2004, September 1, 2004, September 8, 2004, September 15, 2004, September 29, 2004, November 22, 2004 and March 2, 2005 to allow the applicants time to revise the plans. The applicants have revised the plan set three times; and, as of February 2005, the Board was awaiting receipt of further revised plans.

Joshua's Landing (Off Norwell Avenue) (8 lots on 19.4 acres)

This project proposes 8 residential lots (6 new lots and 2 reconfigured lots to support 2 existing dwellings) on 19.4 acres of land, with unspecified upland. It also proposes 3 surface drainage basins and 1 dead-end street with 850 linear feet. On April 5, 2004, the applicant requested preliminary subdivision approval for this project. On May 5, 2004, the Board issued the preliminary approval.

On November 10, 2004, the applicant applied for definitive subdivision approval for this project. The public hearing began on January 5, 2005 and was continued, at the applicant's request, to January 19, 2005 and March 30, 2005, to allow the applicant to revise the plans.

Taylor's Way (Off Parker Street) (3 lots on 11.8 acres)

This project proposes 3 residential lots on 11.8 acres, with 3.1 acres of upland. It also proposes 1 subsurface drainage structure and 1 dead-end street with 215 linear feet. On April 5, 2004, the applicant applied for preliminary subdivision approval. The preliminary approval was issued on May 5, 2004.

On October 27, 2004, the applicant applied for definitive approval. The public hearing began on December 22, 2004 and was continued, at the applicant's request, to February 16, 2005 to allow the applicant time to revise the plans.

Turner's Way Subdivision Modification (6 Lots on 32.7 acres)

This project proposes 6 residential lots on 32.7 acres, with 8.2 acres of upland, at the end of Turner's Way. The project would divide an existing lot into 5 new lots and 1 reconfigured lot to support an existing dwelling. The project would not create a drainage basin and would reduce the previously approved dead-end street length of Turner's Way from 1506 to 1448 linear feet.

On October 13, 2004, the applicant requested modification of the approvals granted for the land during the 1980's. On December 22, 2004, the public hearing opened and was continued, at the applicant's request, to February 2, 2005.

Wildcat Hill (Off Wildcat Lane) (44 lots on 72 acres.)

This project proposes 44 residential lots on 72 acres, with 49 acres of upland. The project would include 4 surface drainage basins and a private wastewater treatment plant. The roadway system would consist of 1 looped roadway with 4,244 linear feet and 1 dead-end street with 424 linear feet. On April 5, 2004, the applicant applied for preliminary subdivision approval. The preliminary approval was issued on May 5, 2004.

On October 13, 2004, the applicant applied for definitive subdivision approval. The public hearing opened on November 22, 2005 and, as the applicant's request, was continued on December 22, 2004, January 19, 2005 and February 16, 2005, to allow the applicant to prepare revisions to the plans to include a wastewater treatment plant and change the roadway entrance configuration.

Winslow Commons (Off Tiffany Hill Road) (5 Lots on 16.7 acres.)

The project proposes 6 residential lots on 16.7 acres of land, with 9.8 acres of upland. It also proposes 2 surface drainage basins and 1 dead-end street with 1,114 linear feet. On April 5, 2004, the applicant applied for preliminary subdivision approval. The preliminary approval was issued on May 5, 2004.

On November 10, 2004, the applicant applied for definitive subdivision approval. The public hearing opened on January 5, 2005 and was continued, at the applicant's request, to March 16, 2005.

II. Subdivision Construction and Surety Oversight

During 2004, the Planning Board provided construction and surety oversight for sixteen subdivisions and one subdivision modification. By state law, the Board is required to impose surety to ensure completion of subdivision projects. At the developer's election, the surety may be money-based or in the form of a restrictive covenant prohibiting the sale of or construction on individual lots. The Board and Town Treasurer are holding money-based surety totaling approximately $2.1 million.

The 16 projects for which the Board provided active oversight during 2004 are noted below. The projects were approved between 1995 and 2004 are in various stages of construction. Combined, the projects consist of over 100 residential lots, 22 drainage basins and 11,000 linear feet of roadway.

No application fees were collected for this activity.

Birchwood (Off Grove Street) Approved June 2001. (11 lots)

This project was approved on June 8, 2001. It created 11 residential lots on 18 acres, with 16 acres of upland. The project includes 3 surface drainage basins and 2 roadways: 1 dead-end street with 1,160 linear feet (Birchwood) and 1 dead-end street with 480 linear feet (Fieldstone). The applicant posted surety and the plans were endorsed on August 6, 2001.

During 2004, the applicant sought and received construction and surety-related inspections and reviews.

Black Pond Estates (Off Central Street) Approved January 1999. (5 lots)

This project was approved on January 28, 1999. It created 5 residential lots on 17 acres of land, with 7.2 acres of upland and 1 dead-end street (Clapp Brook Road) with 760 linear feet. The applicant posted surety and the plans were endorsed on November 1, 1999.

During 2004, the applicant requested and received surety-related inspections.

Bramblewood Estates (Off Grove Street) Approved February 1999. (5 lots)

This project was approved on February 25, 1999. It created 5 residential lots (4 new lots and 1 reconfigured lot to support an existing dwelling). The project includes 1 surface drainage basin and 1 dead-end street (Brattle Street) with 750 linear feet. The applicant posted surety and the plans were endorsed in May 1999.

During 2004, the applicant received surety-related inspections and reviews.

Cedar Point Subdivision Modification Approved October 2003. (15 lots)

This project was approved on October 7, 2003. It modified the 1970 approval of a 15-lot subdivision by amending the roadway improvements required for development of the final lot. The Board opened the public hearing on September 8, 2003 and continued it, at the applicant's request, on September 15, 2003. On December 4, 2003, at the applicant's request, a preconstruction meeting was held. The applicant posted surety and the plans were endorsed on November 17, 2003.

During 2004, the roadway improvements began and the applicant requested and received construction and surety-related inspections and review.

Edgewood Park (Off Loring Drive) Approved June 1997. (9 lots)

This project was approved on June 5, 1997. It created 9 residential lots on 16 acres, with an unspecified amount of upland. The project includes 3 surface drainage basins and 1 dead-end street with 1550 linear feet. The applicant posted surety and the plans were endorsed on February 9, 1998.

During 2004, the applicant requested and received surety-related inspections.

Forest Ridge (Off Summer Street) Approved May 2002. (7 lots).

This project was approved on May 23, 2002. It created 7 residential lots on 9.1 acres, with 8.6 acres of upland. The project includes 1 surface drainage basin and 1 dead-end street (Forest Ridge) with 500 linear feet. The applicant posted surety and the plans were endorsed on September 23, 2002.

On November 19, 2004, at the applicant's request, a preconstruction meeting was held. Construction is expected to begin in the Spring of 2005.

Hawthorne Park (Off Grove Street) Approved March 2000. (10 lots)

This project was approved on March 16, 2000. It created 10 residential lots on 21.4 acres, with 13.7 acres of upland. The project includes 2 surface drainage basins, 1 dead-end street (Hawthorne Lane) with 1,075 linear feet and a parcel that is to be donated to conservation. The applicant posted surety and the plans were endorsed on April 3, 2000.

During 2004, the applicant sought and received construction inspections.

Heritage Estates (Off River Street) Approved December 2000. (3 lots)

This project was approved on December 14, 2000. It created 3 residential lots on 8.2 acres, with 5.8 acres of upland. The project includes 2 drainage basins and 1 dead-end street (Heritage Lane) with 450 linear feet. The applicant posted surety and the plans were endorsed on January 24, 2001.

During 2004, the project received construction inspections, related to drainage problems and paving of the roadway.

Holly Berry (Off Grove Street (Approved April 2004). (6 lots)

The project was approved on April 13, 2004. (See description above.) The applicant posted surety and the plans were endorsed on September 1, 2004.

At the applicant's request, a preconstruction meeting was held on September 9, 2004. During the Summer and Fall of 2004, the Board held multiple meetings to review surety and endorsement issues and address the applicant's multiple field change requests to correct construction and surveying errors.

Laurelwood Drive (Off First Parish Road) Approved February 1998. (24 lots)

This project was approved on February 9, 1998. It created 24 residential lots on 77 acres, with 42 acres of upland. Of the 24 lots, 2 are located in Scituate and 6 are located partly in Scituate. The project includes 3 surface drainage basins and a dead-end street with 1329 linear feet. The applicant posted surety and the plans were endorsed on October 29, 1998.

During 2004, the applicant received surety-based inspections and review and enforcement attention.

Trunnel Estates (Off Main St.) Approved September 2003. (3 lots)

This project was approved on September 17, 2003. It created 3 residential lots (2 new lots and 1 reconfigured lot to support an existing dwelling), on 3.4 acres of land. The project includes 1 drainage basin and 1 dead-end street with 390 linear feet. The applicant posted surety and the plans were endorsed on February 23, 2004.

At the applicant's request, a preconstruction meeting was held on May 26, 2004. During 2004, the Board held multiple meetings to review surety issues and enforcement issues created by construction errors.

Parson's Walk (Off Circuit Street) Approved June 1997. (3 lots)

This project was approved on June 16, 1997. It created 3 residential lots on 11.5 acres, with 5.7 acres of upland. The project includes 1 surface drainage basin and 1 dead-end street with 420 linear feet. The applicant posted surety and the plans were endorsed on July 21, 1997.

During 2004, the applicant sought surety review. The Board awaits as-built plans.

Pinson Lane (Off Parker Street) Approved June 1999. (3 lots)

This project was approved on June 25, 1999. It created 3 residential lots on 4.96 acres, all upland. The project includes 1 surface drainage basin and 1 dead-end street with 470 linear feet. The applicant posted surety and the plans were endorsed on August 23, 1999.

During 2004, the Board reviewed the project's surety status and final release is expected to be sought in 2005.

Prarie Farm (Off High Street) Approved March 2002. (3 lots)

This project was approved on March 29, 2002. It created 4 residential lots (2 new lots and 2 reconfigured lots to support 2 existing dwellings). The project includes 1 surface drainage basin and 1 dead-end street (Bates Lane) with 400 linear feet. The applicant posted surety and the plans were endorsed on September 9, 2002.

During 2004, the roadway was paved and the project received construction and surety-related inspections and reviews.

Walnut Tree Hill Estates (Off Cross Street) Approved May 1999. (5 lots)

This project was approved on May 27, 1999. It created 58 lots; however, only 4 lots are located entirely in Norwell and 1 is located partially in Norwell. The project includes 1 surface drainage basin, partly located in Norwell, and 1 street (Greenbriar Lane), with 500 linear feet. The applicant posted surety and the plans were endorsed on August 23, 1999.

During 2004, the project received construction inspections and review.

Wildwood Lane (Off Circuit Street) Approved November 1995. (4 lots)

This project was approved on November 3, 1995. It created 4 residential lots on 10.9 acres, with 6.5 acres of upland. The project includes 1 surface drainage basin and 1 dead-end street with 470 linear feet. The applicant posted surety and the plans were endorsed on November 27, 1995.

During 2004, no inspection activity was requested; however, the Board contacted the developer to encourage him to finish the project.

III. Approval Not Required Plans

During 2004, the Planning Board processed 12 Approval Not Required (ANR) plan applications. An ANR plan is a proposal to create a lot that already has sufficient frontage to support it. Two ANR applications were denied and one was withdrawn. The endorsed ANR plans created a total of 13 new residential lots. The Board collected $2,900 in application fees for this activity.

Barrel Lane (Off Circuit St.).	5 lots.	Endorsement denied on November 12, 2004.
25 Barstow Avenue.	2 lots.	Endorsed on February 9, 2004.
Birchwood Lane.	1 lot.	Endorsed on June 21, 2004.
55 Bowker Street.	3 lots.	Endorsed on December 8, 2004.
285 Grove Street.	1 lot.	Endorsed on February 2, 2004.
1081 Main Street.	3 lots.	Withdrawn on December 8, 2004.
96 Meadowbrook Road.	1 lot.	Endorsed on November 22, 2004.
Mt. Blue Street.	5 lots.	Endorsement denied on April 12, 2004.
Pine Street.	3 lots.	Endorsed on April 5, 2004.
93 South Street.	2 lots.	Endorsed on November 10, 2004.
25 Stetson Shrine.	2 lots.	Endorsed on August 4, 2004.
Tara Drive.	3 lots.	Endorsed on April 26, 2004.

IV. ZBA Site Plan Approval - Technical Review.

The Planning Board provides technical review assistance to the Board of Appeals for site plan applications under Zoning By-law §1530. The Planning Board reviewed the site plans listed below during 2004. The Board collected no application fees for this activity.

109 Accord Park (Coastal Nissan) (Auto Dealership)
22 Pond Street (Shaw Saub)
Longwater Drive (Bright Horizons)
10 Washington Street (Cingular Wireless)
75 Washington Street (South Shore Medical Center)

V. 40B Projects.

The Planning Board reviewed and commented on the project eligibility applications and comprehensive permit projects listed below. The Board collected no application fees for this activity.

Autumn Woods (Off Summer Street)
Damon Farm (Washington and Pond Streets) Project eligibility application)
Tiffany Hill (Off Tiffany Road)

VI. Village Overlay District Special Permits.

During 2004, the Planning Board devoted substantial resources to overseeing the implementation of and modification to the village overlay district special permit issued for Donovan Farm. The public hearing for the modification application took place over 11 meetings to review multiple plan and drainage calculation revisions provided by the applicant to redesign of the drainage for the project, which had failed twice previously. The special permit modification was approved on December 8, 2004. The Board collected an application fee of $10,000.00 for processing the special permit modification and holds money-based surety in the amount of $325,000.00 to guarantee completion of the remaining work.

VII. Master Plan Development.

The Master Plan Steering Committee continued its work to complete the Town's Master Plan and it is expected that the Master Plan will be finalized by June 2005 and forwarded to the Planning Board for review and acceptance.

VIII. Subdivision Rules and Regulations.

On April 5, 2004, the Planning Board adopted comprehensive revisions to the Board's Subdivision Regulations, which had not been substantively updated since June of 1986.

IX. Zoning By-law Amendments.

During 2004, the Planning Board reviewed amendments proposed by the By-law Review Committee, which were adopted by Town Meeting during the Spring of 2004. The Board is working on a common driveway zoning by-law provision for the 2005 Annual Town Meeting and on stormwater drainage and other potential topics for a later town meeting.

Respectfully submitted,
Karen A. Joseph, Chair
Bruce W. Graham, Vice Chair
James. M. Ianiri, Clerk

Richard Parnell Barry, Alternate Clerk
Sally I. Turner

REPORT FROM THE COMMUNITY PRESERVATION COMMITTEE

In its second full year since the Community Preservation Act (CPA, M.G.L.c.40B) was passed in 2002, the Community Preservation Committee raised $534,732.00, which was matched by the Commonwealth in October, for the three-pronged purpose of assisting communities in protecting open space, preserving historic buildings and creating affordable housing. In 2004, under the steady and seasoned chairmanship of Becky Freed, the CPC continued to plant the seeds for the long term acquisition of open space and the creation of affordable housing by raising public awareness of the Committee's mandate and financial potential and by working with other town boards and committees including the Board of Selectmen and the Open Space Committee. The Committee's efforts promise to bare welcomed fruit in the near future. The CPC also received several applications for funding of projects that were more immediate in nature, which, after thorough review, were submitted for approval at the town's Annual and Special Town Meetings.

The CPC supported and the town agreed at the Special Town Meeting in November to provide $220,000.00 in historic preservation funds to assist in the renovation of the Sparrell School, specifically for the replacement of the windows pursuant to bid specifications.

The CPC also brought to the Fall Meeting, and the town approved, a request to provide the Cushing Center $250,000.00 for the installation of storm windows and an air conditioning system, making the historic building more energy efficient in the winter and useful during the summer months.

Also supported by the CPC and voted on by the town this year at its Spring Special Town Meeting was a request by the Athletic Fields Committee for $188,500.00 in recreational funds for irrigation and improvements to the High and Middle School athletic fields.

The town also voted to fund, in the amount of $40,000.00, the completion of a survey and inventory of all homes constructed prior to 1925, a request submitted by the Historic Commission and supported by the CPC. Initial funding in the amount of $37,500.00 was approved in 2003.

The town also approved at the Annual Town Meeting the CPC's request for the transfer of $100,000.00 for each of the three reserve accounts established for Open Space, Historic Preservation and Affordable Housing. (The CPA is required to set aside a minimum of 10% of the total amount collected from the town and the Commonwealth during each fiscal year.)

The CPC began accepting applications for the 2005 round of funding on January 15th. The Committee accepts proposals for Open Space on an ongoing basis due to time sensitive nature of land purchases. The Committee encourages all citizens to attend meetings and submit proposals that fall within the guidelines of the Community Preservation Act. The CPC meets on the 2nd and 4th Thursday of every month in the Norwell Town Hall.

Respectfully Submitted,
James M. Ianiri, Chair

FENCE VIEWER

The year 2004 produced a small number queries and minor fencing controversies. There was one important issue, however, where a new fence, capable of causing bodily injury has been erected. The Fence-viewer was able to stimulate the clear thinking and goodwill of the citizens involved, and to them belongs the credit for a happy outcome.

In several places, there have appeared a row of boulders very close to the paved surface of a street. This is a dangerous obstruction to the shoulder where a driver might expect to pull off if disabled, or park if visiting, or take evasive maneuver to avoid an accident. The town owns the shoulder! It is not an extension of your front lawn. The Way-Line (the boundary of the road) is variable and may be 25 feet from the middle of the road. Please leave room enough for a car to get off the traveled surface, or consult the highway surveyor if in doubt.

The fence of the year may be seen at 257 South Street. It has a graceful arched gateway.

Respectfully,
Arthur Garceau

BOARD OF ASSESSORS

The Board of Assessors reports the following vales for taxable property established as of January 1,2004. (Fiscal Year 2005):

CLASS	VALUES	PERCENTAGE
Residential	1,864,053,284	86.60
Commercial	211,973,516	9.90
Industrial	51,813,300	2.40
Personal	24,480,260	1.10
Total	2,152,320,360	100.00

In September 2004, the Massachusetts Department of Revenue (DOR) issued a directive to the effect that all cities and towns are required to issue an Interim Year Adjustment Report. This directive required that we perform an analysis of all property sales occurring in calendar year 2003 through early January 2004 and revalue all properties in Norwell based on the percentile changes as determined. This analysis resulted in an average residential property tax increase of almost 28% with some areas of the Town higher than others, a small increase in commercial properties, a small decrease in industrial properties and a decrease in personal property values. These changes resulted in a reduction in the Tax Rate from $13.18 in fiscal year 2004 to $10.60 in the current year. This sales analysis is required to be accomplished in future years except in a year in which the more comprehensive three year revaluation is accomplished.

In our report to the Town, issued as part of the Annual Town Report for 2003, we noted that a new State Law requires that the Board issue "preliminary assessments" on a new construction. In the past, Towns only assessed properties as of January I si of the prior fiscal year. This allowed some new construction to not be assessed for up to 18 months. The new law now establishes the date the Certificate of Occupancy as the "trigger date: for the computation of a revised assessment. This revised assessment results in the issuance of a supplemental bill: in addition to the initial bill. Essentially taxpayers are being assessed for the increase in valuation due to the new construction for the period of time since the Certificate of Occupancy and the end of the fiscal year. The new valuation process was first implemented in the latter part of fiscal year 2004. There is no change in value if the new construction does not increase the value of the property by at least 50% over the prior property value.

Several years back the DOR mandated that a comprehensive interior inspection be accomplished of all properties (residential, commercial and industrial) at least once over a nine-year period. The inspection process also includes measuring the exterior of each building. Any changes are recorded and may result in increases or decreases in the value of a property. This process is on going.

We are about to begin the process of revaluing all of the Real Estate in Norwell. This is the three-year Revaluation cycle that we are required to accomplish by the DOR and will result in adjusted values for the next year (2006). This is a more comprehensive review than that accomplished under the Interim Year Adjustment program described above. As we did in 2003, we plan to perform the review of residential properties in house resulting in a significant saving to the Town. We anticipate increases in property values in light of increasing sale prices of properties throughout the Town.

The Board wishes to thank our assessing staff for fostering a cooperative, professional and pleasant work environment that strives to serve our customers, the taxpayers of Norwell.

Respectfully Submitted,
Edward J. Dunford, Chairman
Rosemary T. Durica
Charles R. Markham

REPORT OF THE BOARD OF SELECTMEN

The continuing challenges of maintaining services within the parameters of Proposition 2 1/2 rose to a climax in 2005. Exponential increases in health insurance costs, continued decline in State aid for the third straight year and the pressing need to address our deteriorating roadways left few, if any, options to address staffing and other needs both on the general side of government and in our school system.

At the annual Town Meeting the Town followed the Selectmen's and Advisory Board's recommendations to approve a balanced budget dependent upon the passage of a $2.2 million Proposition 2 ½ override question. The override would have maintained service levels in many departments while increasing our ability to provide services in others. The override was defeated at the polls and a reconvened Town Meeting reduced the School budget by $1 million and made cuts across all Town budgets of more than $1 million. It is increasingly more difficult to balance the residents desire to maintain service levels against the rising cost of providing those services. Many of our more senior residents, often life long residents, are at their limit of what they can pay in property taxes and as a result are finding it harder and harder to stay in their homes. All that said, Norwell continues to outperform many of our neighboring communities in both fiscal stability and property value levels.

The senior citizen work program continues to be a great success. This program allows seniors 65 and over to work in our Town offices a fixed number of hours, in exchange for $750 in property tax relief. Many of our seniors have been of great assistance to various Town departments doing jobs that our full time staff is having difficulty getting to. To compliment the senior work program, the Selectmen formed a Senior Tax Relief Committee to look at other ways that the Town can help seniors with rising property taxes. The Committee was working diligently as the year ended and will make recommendations for changes at the Town Meeting in May, 2006.

In the March Town elections Richard Merritt was reelected to a fourth term on the Board without opposition. After the election, the Board reorganized and John Mariano was elected to serve as Chairman of the Board. Following the May override vote, Selectmen Paul Gaynor resigned from the Board as he and his family were relocating from Norwell. Paul's extensive service to the Town was greatly appreciated and he will be missed.

The Special Election to fill Paul's seat was held on September 10, 2005. Advisory Board Chairman Brian Noble, former Advisory Board member Donald Mauch and Christopher Pellegrino battled for the rare open seat on the Board. After a summer of campaigning, Don Mauch emerged victorious and took his place on the Board.

2005 saw the retirement from the Selectmen's Office of long time Assistant Town Administrator Margaret Renaud-Cantwell. Her dedicated service to the Town and the residents of Norwell will be greatly missed. After the failed override, the position of Assistant Town Administrator was not filled. As we face both today's challenges and the challenges that lie ahead, we are fortunate to have the services of veteran Administrative Assistant Lynda Allen. Her hard work and dedication makes the office run smoothly for the Selectmen and for our customers. Also, much credit and praise is due Town Administrator Jim Boudreau who continues to be a great asset to both the Board and to the Town. Finally, we thank you the residents for your support and for the trust and confidence you place in us everyday.

Respectfully Submitted,

John G. Mariano, Chairman
Donald Mauch, Vice-Chairman
Richard A. Merritt, Clerk

REPORT OF THE TOWN ADMINISTRATOR

2005 turned out to be the busiest and most challenging year in the Office of the Board of Selectmen and Town Administrator that I have had in my seven years as Town Administrator. The full impacts' of the state's fiscal crisis hit home and had a major impact on the Town. Through it all, the staff continues to discharge the policies and directives of the Board of Selectmen, Town Meeting and the Town of Norwell By-laws.

For the fourth time in as many years, the incumbent member of the Board of Selectmen was re-elected to the Board without opposition. Richard Merritt was re-elected to his third (fourth) three-year term on the Board. Rick brings an invaluable set of knowledge and insight to the Board and his intimate knowledge of the Town will be invaluable in the years ahead.

The Annual Town Meeting convened on May 9, 2005 to consider 46 Articles and an annual budget more than $30 million. The difference at this Town Meeting is that the budget recommended by the Advisory Board and the Selectmen called for a $2.2 million override to fund. Once again Town Meeting members did an excellent job of preparing for Town Meeting and the budget and entire warrant were dispensed with-in two nights. The budget passed after much debate and controversy and the Advisory Board did an outstanding job of presenting the budget to Town Meeting after working closely with all of the Town Departments, Boards, Committees and Commissions to prioritize the spending. On May 14, 2005, the $2.2 million override failed at the ballot box by a 60-40 margin. Town meeting reconvened the following Monday evening and reduced the planned spending for FY2006 by the required $2.2 million. The School Department requested budget was reduced by $1 million, leaving a total increase of $39,000 for the School budget. The Town side of the government eliminated nine (9) positions, some through attrition and four (4) by actual lay-offs. Among the positions eliminated were the Assistant Town Administrator, a police officers position, and positions in Tree & Grounds; Accounting, Building, Assessors, Town Clerk the Treasurer/Collectors Office and the Norwell Public Library. The impact of this reduced staffing is being felt throughout the Town Hall as Departments struggle to meet the requirements of their positions with reduced staff and staffing hours. The staff has done a tremendous job meeting this challenge, but the strain was obvious as the year closed.

Shortly after the failure of the override, on June 6, 2005. Selectmen Paul Gaynor announced his resignation from the Board. Paul and his family had sold their home in Norwell and were relocating. Paul's more than seven (7) years of service to the Town as an Advisory Board member and Selectmen were eventful ones in the life of the Town and I would like to take this opportunity to thank him for his service.

The Selectmen set September 10, 2005 as the date for the Special Election to fill the unexpired term of Mr. Gaynor. Advisory Board Chairman Brian Noble, former Advisory Member Donald Mauch and newcomer Christopher Pellegrino all filed papers for the vacant seat. After a spirited and hard fought campaign, Mr. Mauch emerged victorious and was sworn in as the newest Selectmen. In his short tenure on the Board Don, has brought a unique prospective to the affairs of the Town. I look forward to working with him in the New Year.

Norwell 2001 was, for all intents and purposes, wrapped up. The $54 million project was brought in on budget and resulted in a brand new middle school, two renovated and expanded elementary schools and a renovated high school. These new facilities will serve students well in the years ahead. Under the new School Building Assistance program, the Town received payment for the state's up front share of the cost of the Cole, Vinal and High Schools. With this in hand the Board issued what they hoped would be the final permanent debt for the project. As 2005 closed, the Town was awaiting the final reimbursements from the state after the completion of the required audit of each project. The School Building Committee under the capable Chairmanship of Ralph Gordon is owed a debt of gratitude and thanks from the Town for keeping Norwell 2001 on budget. While other Towns have been forced to return to the voters on

numerous occasions for additional funding, Norwell 2001 will be completed within the $54 million budget approved by the voters in 1999. This is an amazing accomplishment.

Town Hall continues to bustle in 2005 as new groups and activities take advantage of the facilities. Along with the normal business of the Town, Town Hall continues to play host to the popular Middle School dances, the Norwell food pantry, Boy and Girl Scout meetings and a yoga class. This activity is on top of the numerous Boards, Committees and Commissions that use the Town Hall for their meetings. It is a rare week when there is a night that someone is not meeting in the Town Hall. The task of keeping the building clean and running falls to our capable and dedicated custodian staff of William Gunderway and Bryan Melanson, who keep the building sparkling clean and cheerful in spite of the more than 80 hours per week of use. Without their efforts the building would not be able to be as available as it is.

Thanks once again go out to our dedicated cable television broadcast team of Rollin Bailey, Ray Henderson and Ed Henderson. Each week they take time out of their lives to set up the cable equipment and televise the Selectmen's meeting to the Town. Without them this vitally important conduit to the public would be closed.

No office can run without hard-working and dedicated employees. The Board is fortunate to have the services of Administrative Assistant Lynda Allen. Lynda has taken on a tremendous amount of additional responsibility with the elimination of the Assistant Town Administrator's position. She makes every thing work on a daily basis and provides invaluable assistant to anyone and everyone who requests it. I am eternally grateful for her hard work and dedication. Peg Renaud-Cantwell began her well-deserved retirement in July at the close of the fiscal year after more than 17 years of service to the Town. I want thank Peg for her service and wish her well in her retirement.

Finally, I would be remiss if I did not thank the Board of Selectmen for their support over the past year, as well as the Advisory Board, the Department Heads, Boards, Committees and Commissions who make this Town what it is.

Respectfully submitted,
James M. Boudreau
Town Administrator

REPORT OF TOWN COUNSEL

I am pleased to submit this annual report to the residents of the Town of Norwell and the officials who serve on Norwell boards, commissions and departments.

The Office of Norwell Town Counsel is staffed by myself and associate Town Counsel Robert W. Galvin. It's my express objective each year to provide the Town of Norwell, its boards, commissions and officials the highest quality municipal legal advice in a cost-effective manner. As a result, the Town of Norwell's legal expenditures during 2005 continue to be amongst the lowest on the entire South Shore despite the fact that the Norwell faces the same increasing complex issues as these other communities.

The most important facet of efficient municipal government is the experience and dedication of the administration, boards and commissions and their staffs. Unlike many other communities, Norwell has a wealth of well-educated and seasoned administrators, officials and employees, which allows it to perform more efficiently than all of its counterparts and at a lower cost than all of its abutting communities. As I have said in the past, the tradition of thoughtful decision-making and careful application of recognized principles of law by Norwell's administration, boards, commissions and departments averts many of the common problems which lead to expensive and time-consuming litigation in other communities.

In 2005, the Town was faced with several new lawsuits largely involving land use issues. The most time consuming and public of which has been in the area of affordable housing. One case was resolved and another other will be tried at the Housing Appeals Committee in 2006. The Town also successfully defended against a suit involving municipal drainage and received a determination confirming its drainage rights. The Town also litigated during 2005 a number of cases involving decisions of the local land use boards and anticipates continued success in such matters. A number of other cases were dismissed by the claimants or otherwise successfully resolved through negotiation.

In addition to land use litigation, frequently I am asked to render advisory opinions and respond to inquiries on a variety of other municipal issues including property rights, open meeting issues, ethics, and other municipal issues. I am also called to draft, review and approve municipal contracts and have done so on many occasions during 2005.

In 2006, I expect to able to continue to provide these legal services in a timely and professional manner.

I wish to conclude by thanking the various town officials, boards, commissions and departments for their support and cooperation. It is a privilege to be of assistance with your legal matters.

Respectfully Submitted,
Robert E. Galvin, Town Counsel
Robert W. Galvin, Asst. Town Counsel

REPORT OF THE INSPECTOR OF BUILDING/ZONING OFFICER

The Inspections Department underwent significant changes over the past year. John Moore, the Electrical Inspector, retired and Charles Palmieri is the new Inspector. Charles was the alternate under Mr. Moore.
John Moore served the Town of Norwell for over 30 years. He deserves much credit for his unselfish dedication to the Call Fire Dept and the Inspection Dept. The Inspection Department lost a secretary due to the Town Hall budget cut backs at the turn of the fiscal year.
The next year will have several 40B projects and several large developments start construction.

BUILDING INSPECTOR ASSIST	7

The Inspector of Wires wishes to thank the Building Department as well as the other offices of the Town of Norwell for their continued assistance throughout the past year. The Inspector, and Alternate Inspector also wish to express our sincere gratitude to Mr. John Moore (Inspector of Wires, Retired) for his service to this office, his personal guidance, professional expertise, and extended service to the Town of Norwell.

Respectfully submitted,

Charles J. Palmieri, Inspector of Wires
John Lunn, Alternate Inspector of Wires.

BOARD OF APPEALS

During calendar year 2005, the Board scheduled public hearings on twenty-eight meeting nights to review and act upon some seventy (70) applications, the highest number of applications in the Town's history.

Appeal of Action by Building Inspector	1
Site Plan/Special Permit	5
Site Plan modification	5
Special Permit - withdrawn	1
Special Permit – In-law	1
Special Permit – Nonconforming lots	31
Special Permit – Business Dist. C	5
Special Permit – Dock	3
Special Permit – Shed	1
Variance (including 2 denied and 1 withdrawn)	4
Sign Variance	7
Telecommunications	1
Comprehensive Permits (Chapter 40B) opened	1
Comprehensive Permits (Chapter 40B) closed	1
Comprehensive Permit Modification	1
Remand	2
Informal hearings	7

The Board of Appeals continues to fulfill its role as the permitting authority under M.G.L. c. 40B, the so-called "anti-snob zoning" law that affords a developer the opportunity to bypass Town zoning and planning regulations in order to build 25% affordable housing in developments with increased density over that normally allowed.

Much meeting time has been devoted to public hearings on the Board's open Comprehensive Permit (40B) application for the proposed Damon Farm project located at Queen Anne's Corner with eight ownership units proposed in Hingham and twenty-four ownership units proposed in Norwell. This application is still under review.

At least seven scheduled informal hearings have been conducted with the developer, since litigation was settled early in 2005, to monitor the progress of the 239 Washington Street Comprehensive Permit, a process that will continue until the project is completed. The Board utilizes the services of technical review consultants including an environmental monitor, acting as its agents in cooperation with the Norwell Conservation Commission. The developer is required to provide funding for these services with the escrow account managed by the Board.

The Board is hopeful that its responsibilities for the Silver Brook 40B project located off South Street, originally permitted in 1999, will finally be discharged by a settlement agreement that, hopefully, will be resolved in early 2006.

The Tiffany Road Comprehensive Permit has been appealed to the Housing Appeals Committee, where it remains in litigation, while the Summer Street Comprehensive Permit is currently stalled in a Scituate land dispute.

The Town has received notice of at least two possible project eligibility applications, which could ultimately lead to Comprehensive Permit applications. Others are rumored to be forthcoming. Dealing with 40B projects, both proposed and those under construction, has placed extraordinary volunteer time demands on all members of the Board of Appeals. The Board has requested part-time professional support staff to assist in its efforts to protect the interests of the Town as well as maintain its character and the neighborhoods its residents enjoy.

The Board's application filing fees, set at current levels in 2002, netted some $12,250. during 2005, which were added directly to the Town's general funds to help off-set application review costs.

The Board of Appeals continues to maintain webpages at *www.townofnorwell.net*, the official Town website. Residents will find the latest version of the Town's zoning bylaw, applications forms, and the schedule of application filing fees at the Board's webpages. Meeting agenda, recent decisions of the Board, and other pertinent information are also available on line. Paper copies of all applications forms, as well as the Board's Rules, are available in the Building Office, while copies of the Zoning Bylaw may be purchased at the Office of the Town Clerk in both paper and CD formats.

The Board extends a warm welcome to Michael E. Kiernan, who was appointed in May 2005. His professional expertise and good judgment are a welcome addition to the Board.

The Board wishes to extend its sincere thanks to James E. Roche, who resigned in November 2005 to focus on family and business commitments. Jim was a loyal and conscientious member of the Board, serving since 2001. His contributions are sorely missed.

The Board has been impacted by budget cutbacks, as have other departments, resulting in a reduction in personnel at Town Hall. Since July 1, 2005, the one remaining Building/Zoning secretary is shared with the Building Inspector, Our thanks and appreciation are extended to Joanne LaRoche for her valiant efforts to juggle both zoning and building office responsibilities.

The Board of Appeals wishes to acknowledge the cooperation and assistance provided by all Town Boards, Commissions, and Departments during the past year, especially the Town Planner and Town Administrator.

It is especially grateful that the responsibility for affordable housing has been actively recognized by the Board of Selectmen in its appointment of an Affordable Housing Partnership Committee last spring. The Board of Appeals sincerely appreciates the efforts of this newly revitalized committee toward implementation of a workable Affordable Housing Plan, which may provide some needed relief in dealing with the impact of 40B on the planning abilities of the Town, which directly impacts the character of its neighborhoods.

Respectfully submitted,

Lois S. Barbour, Chair
Philip Y. Brown
David L. Turner
Ralph J. Rivkind, Associate
Michael E. Kiernan, Associate

SEALER OF WEIGHTS AND MEASURES

This is an update of work done from January 2005 through December 2005.

Tests of all gas station motor fuel and diesel fuel dispensers in Norwell have been completed [92 dispensers]. Dispensers were adjusted as needed and sealed. Revenue received $1206.00.

Testing of scales [apothecary, delicatessen, coffee shop, food shop, supermarket, propane tanks, school equipment] was completed. Revenue received $1016.00.

Testing of reverse vending and scanners was completed and sealed as necessary. Revenue received $130.00. Total revenue received $2532.00.

All town owned sealer equipment has been tested and sealed by the Commonwealth of Massachusetts Weights and Measures Laboratory and found to be correct.

Massachusetts State Division of Sealer Certification credits have been completed. Monthly classes continue to keep all sealers up to date with the latest changes and requirements as mandated by the state.

The annual report, as required by state law, will be filed before January 31, 2006. A copy of this report will be on file at the town hall.

The Commonwealth of Massachusetts General Law Chapter 98 sections 41 and 42, covering annual public notice to all persons having or using weighing or measuring devices in Norwell, has been legally posted.

Respectfully submitted,
Harold Tuttle
Sealer of Weights and Measures

RECORD OF ANNUAL TOWN ELECTION March 12, 2005

Pursuant to the Warrant, eligible voters met at the Norwell Middle School, 328 Main Street in the Town of Norwell to cast their votes for the candidates for town offices.

In Precinct I the following workers present were: WARDEN, Jeanne Scully; CLERK, Amy Locke; TELLERS, Anne Fridgen, Ellen Torrey, Eleanor Larson and Dianne Sylvester.

In Precinct II were WARDEN; Lynne Rose; CLERK; Jean Valicenti; TELLERS, Beatrice Griffiths, Susan Springer, Mary Ellen Wetzel, and Mary Lizotte.

In Precinct III: WARDEN, Bruce Burgess; CLERK, B. Jean Snow; TELLERS were Matilda Baldwin, Gertrude Daneau, Joan Shea and Lois Arnold.

CHIEF WARDEN over all was Town Clerk, Janice M. Lawson. Theodore Baldwin served as Constable .

Total votes cast in Precinct I were 215, 20 of which were Absentee ballots; in Precinct II, 368, 26 of which were Absentee ballots; and in Precinct III, 414, 39 of which were Absentee ballots. Total votes cast, all precincts, was 997. Total number of registered voters in Norwell eligible for this election numbered 6940 which means that 14% of the voters participated.

Tallying the results in an open meeting at Town Clerk's office resulted in the following count of votes cast:

	PREC. I	PREC.II	PREC. III	TOTAL
BOARD OF ASSESSORS – Three Years - Vote for One				
Edward J. Dunford	155	254	307	716

TOWN OF NORWELL

WARRANT

Special Town Meeting and Annual Town Meeting

Monday, May 9, 2005

At 7:30 o'clock in the evening at Norwell Middle School
Henry E. Goldman Gymnasium

Plymouth, ss

To one of the Constables of the Town of Norwell, in said County of Plymouth, Commonwealth of Massachusetts.

GREETINGS:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Norwell, qualified to vote in elections and Town affairs to meet at the Norwell Middle School, Henry E. Goldman Gymnasium, 328 Main Street, in said Norwell, on Monday, the ninth day of May, 2005 at 7:30 p.m.; then and there to act upon the enclosed articles, to wit:

In case all articles in the foregoing Warrant shall not be acted upon at the Meeting called for on Monday, May 9, 2005, to meet in Adjourned Sessions at such time and place as the meeting shall determine.

This building is accessible to the handicapped and designated parking is provided. If requested, at least one week before the meeting, warrants with large print can be available. Anyone requiring a Sign Language Interpreter should call the Town Clerk's office at least two weeks before the Special Town Meeting at 781-659-8072.

Town of Norwell
Report of the Advisory Board
April 9, 2005

Fellow Taxpayers:

On Monday, May 9, 2005, at 7:30 P.M., the Town will hold its Annual Town Meeting, preceded by a Special Town Meeting, at the Norwell Middle School. Your attendance is encouraged and appreciated as the Town has fiscal challenges this year that require the Town to make important decisions about the Fiscal Year 2006 and our future.

Since January, the Advisory Board has held hearings and meetings to discuss the entire Town Budget and all of the Articles presented in this Town Meeting Warrant. The Advisory Board has developed recommendations included in this Warrant based on the testimony and discussion at those meetings and the overall priorities of the Town.

The impact of several years of decreasing state aid combined with increasing health insurance premiums and pension costs, have created a need to propose an override of Proposition 2 ½ to operate the Town effectively. In past years, we have used money from the Town's stabilization fund to help balance the budget, and lessen the magnitude of these costly items. This year, as the full effect of the school construction borrowing is realized, the Advisory Board will be recommending the use of the stabilization fund balance to lower the tax rate impact of the school construction borrowing as promised at previous Town Meetings.

This Town Meeting Warrant does not include a separate "Proposition 2 ½ Override Article." The budget the Advisory Board has prepared and recommended in Article 2 requires an override. The Townspeople will be asked to approve an Override Ballot Question at an election on Saturday, May 14, 2005. The Advisory Board considers itself fiscally conservative and the decision to recommend and seek approval for an override was taken very seriously.

The Town Meeting is a forum for the Townspeople to allocate their resources as it sees fit. It is important to note that some of the Articles and Appropriation requests are unique. For example, Community Preservation Committee and Water Department Articles are funded through dedicated funding sources and Town Meeting action on these Articles will not directly affect the budget article (Article 2) or other Articles in the Warrant.

The Advisory Board would like to thank all Town Departments, Officials and Employees for their cooperation in the budgeting and Town Meeting preparation process.

Sincerely,

THE NORWELL ADVISORY BOARD

Brian S. Noble, *Chairman*
Patrick J. Haraden
Charles R. Dirk
Jason Brown

Chester Flynn, *Vice-Chairman*
J. Richard Hartigan
Spencer A. Joseph
Caroline Hughes

Jasmine Heffernan, *Secretary*

TOWN BUDGET

Glossary of Terms

Appropriation: An authorization to make expenditures and to incur obligations for specific purposes. An appropriation is granted by Town Meeting and is usually limited in time and amount as to when it may be expended. Any part of the general appropriation not spent or encumbered by June 30 automatically reverts to surplus. A specific appropriation is carried forward from year to year until spent for the designated purpose or transferred by Town Meeting vote to another account.

Assessed Valuation: A valuation set upon real or personal property by the Board of Assessors as a basis for levying taxes.

Budget: A plan of financial operation consisting of an estimate of proposed expenditures for a given period and the means of financing them. The budget is voted in the spring at Town Meeting for the fiscal year that begins the following July 1st.

Capital Budget: A plan of proposed capital outlays and the means of financing them for the current year.

Cherry Sheet: An annual statement received from the Massachusetts Department of Revenue detailing estimated receipts for the next fiscal year and the estimated state and county government charges payable. These amounts are used by the assessors in setting the tax rate. The actual receipts and charges may vary from the estimates.

Community Preservation Act (CPA): The Town adopted the Community Preservation Act (CPA) in 2002. This Act allows the town to collect a 3% surcharge on property tax bills (the funds can be matched up to 100% by the state when funds are available), which creates the Community Preservation Fund, to used for Community Preservation purposes. Each year, the town must appropriate, or reserve (but not necessarily spend), 10% of the funds for each of the three Community Preservation purposes: Open Space, Historic Resources, and Community Housing. The remaining 70% of the funds can be appropriated or reserved used for any of the three purposes and for Recreation and for administration.

Debt Service: Payment of interest and repayment of principal to holders of the Town's debt instruments.

Fiscal Year: A 12 month period, commencing July 1 and ending June 30, to which the annual budget applies. Fiscal years are often denoted FYXX with the last two numbers representing the calendar year in which it ends, for example FY04 is the fiscal year ended June 30, 2004.

Free Cash: Free cash is the portion of unreserved fund balance available for appropriation. It is not cash but rather is approximately the total of cash and receivables less current liabilities and earmarked reserves reduced also by reserves for uncollected taxes. This is also referred to as "available cash". The amount is certified annually by the Massachusetts Department of Revenue.

General Fund: The major town owned fund which is created with town receipts and which is charged with expenditures payable from revenues.

Grant: A contribution of assets by one governmental unit or other organization to another. Typically, these contributions are made to local governments from the state and federal governments. Grants are usually made for specific purposes.

Line-Item Budget: A format of budgeting which organizes costs by type of expenditure such as expenses, equipment, and salaries.

Overlay: The amount set aside to allow for uncollected property taxes. An amount for overlay is added to the appropriations and other charges. The "Overlay Surplus" is the portion of each year's overlay account no longer required to cover property tax abatements.

Overlay Surplus: The unused amount of the overlay for prior years which may be transferred, by vote of the Town, to the reserve account or used for extraordinary items.

Property Tax Levy: The amount produced by multiplying the assessed valuation of property by the tax rate. The tax rate is expressed "per thousand dollars" of assessed valuation.

Reserve Fund: Money set aside by Town Meeting to be allocated by the Advisory Board for extraordinary or unforeseen expenditures.

Stabilization Fund: A special reserve funded by Town Meeting for future expenditures.

Terms associated with Proposition 2½;

Debt or Capital Exclusion: The Town can assess taxes in excess of the levy limit by voting a debt exclusion or capital outlay exclusion. This amount does not become a permanent part of the levy limit base, but does allow the Town to assess taxes for a specific period of time in excess of the limit for payment of debt service costs or for payment of capital expenditures.

Excess Levy Capacity: The difference between the Town's tax levy limit and its actual tax levy for the current year. It is the additional tax levy that could be raised without asking for an override.

New Growth: The amount of property tax revenue that the Town can add to its allowable tax levy as a result of new construction, alterations, subdivisions or change of use which increases the value of a parcel of land by more than certain amounts.

Override: An amount, voted by the Town, which is permanently added to the levy limit. A majority vote of the Selectmen allows an override question to be put on the ballot. Override questions must be presented in dollar terms and must specify the purpose of the override. Overrides require a majority vote of approval by the Town.

Tax Levy Limit: The maximum amount of the tax levy for a period under the restrictions of Proposition 2½. It is calculated as the prior year limit plus new growth plus 2.5% of the prior year levy limit.

TOWN OF NORWELL

Commonwealth of Massachusetts

WARRANT FOR SPECIAL TOWN MEETING

Monday, May 9, 2005

At Seven-Thirty O'clock in the Evening
At the Norwell Middle School, Henry E. Goldman Gymnasium, 328 Main Street

ARTICLE 1: To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for union and personal contracts for Fiscal Year 2005, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will therefore make its recommendation at Town Meeting. At the time that this Warrant went to press not all of the Union and Personal Contracts had been approved.

ARTICLE 2: To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide a sum of money to be added to line item 1-3-102-5110 Selectmen Clerical Salaries, to provide for a sick leave buy-back, or take any action relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this Article in the amount of $17,200.

ARTICLE 3: To see if the Town will vote to transfer a certain sum of money from line item 1-104-132-5110, Call Fire Payroll to line-item 1-103-130-5110, Permanent Firefighters' Payroll, or act on anything relative thereto.

Requested by the Fire Chief

The Advisory Board recommends this Article.

ARTICLE 4: To see if the Town will vote to raise and appropriate, or appropriate from available funds a certain sum of money to be added to line item 01-300-268-5532, Snow Removal and Sanding, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board will make its recommendation at Town Meeting. At the time that this Warrant went to press not all of the bills/or pending state assistance had been accounted for.

ARTICLE 5: To see if the Town will vote to raise and appropriate, transfer from available funds or otherwise provide a sum of money to be added to line item 1-77-230-5175, Group Insurance, or act on anything relative thereto.

Requested by the Treasurer/Collector

The Advisory Board recommends this Article in the amount of $338,000. Health insurance costs continue to be the fastest rising expense to Town Government.

ARTICLE 6: To see if the Town will raise and appropriate, or appropriate from available funds the following amounts for the payment of unpaid bills from a prior fiscal year:

Edwards & Kelsey	$2,607.77

Or act on anything relative thereto.

Requested by the Town Accountant

The Advisory Board recommends this Article in the amount of $2,607.77. This amount is due to technical consultants who worked with the Town on a proposed 40B project. The project proponents did not properly reimburse the Zoning Board of Appeals. The Town will reimburse the consultants and pursue the proponents.

ARTICLE 7: To see if the Town will vote to transfer a sum of money ($150,000), for affordable housing purposes, pursuant to Massachusetts General Law, Chapter 44B from the Community Preservation Fund for the purpose of moving 6 single family dwellings to town owned property and to authorize the Community Preservation Committee and Board of Selectmen to oversee this transaction, or act on anything relative thereto.

Requested by the Community Preservation Act Committee

The Advisory Board recommends this Article. This Article would allow the Town to move up to six donated single-family dwellings for use as affordable housing if suitable land is identified.

ARTICLE 8: To see if the Town will vote to transfer the sum of $425,000, for Open Space purposes, pursuant to Massachusetts General Law, Chapter 44B from the Community Preservation Fund for the purpose of purchasing and preserving Open Space. And to see if the Town will authorize the Community Preservation Committee

and the Board of Selectmen to purchase said piece of property and designate it conservation land, or act on anything relative thereto.

Requested by the Community Preservation Act Committee

The Advisory Board recommends this Article.

ARTICLE 9: To see if the Town will appropriate $274,999 in anticipation of full (100%) reimbursement by the Commonwealth of Massachusetts of Chapter 291B, Acts of 2004, one apportionment, for State and Highway purposes under the provisions of General Laws Chapter 90, Section 34, Clause 2(A), work on highways, to be expended under the direction of the Highway Surveyor, or meet the appropriation by taxation, by transfer or by borrowing, or any combination of the foregoing, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this Article. This is a procedural article, which requires that the Town appropriate money for the highway work before the state can reimburse us 100%.

WARRANT FOR ANNUAL TOWN MEETING

Monday, May 9, 2005

At Seven-Thirty O'clock in the Evening
At the Norwell Middle School, Henry E. Goldman Gymnasium, 328 Main Street

ARTICLE 1: To see if the Town will accept the reports of its Officers, Boards, Departments, Committees and Commissions, as printed in the 2004 Annual Report, or act on anything relative thereto.

The Advisory Board recommends this Article.

ARTICLE 2: To see if the Town will raise and appropriate, or appropriate from available funds, sums of money to defray the charges, expenses and salary obligations of the Town, including debt and interest, and out of state travel for the ensuing year, to provide for a Reserve Fund and to fix salaries and compensation for all Elected Officers of the Town, or act on anything relative thereto.

The Advisory Board recommends this Article in the amounts printed in the "Advisory Board Recommends" column.

601	Library:			
	Microfiche Reader	$7,000	-0-	
	Computers	$8,266	$6,500	Cash
401	Water Department:			
	Service Vehicle	$26,650	$29,950	Cash
	Compact SUV	$21,450	$22,500	Cash
Total		***$1,042,366***	***$522,050***	

The Advisory Board recommends this Article in the amount of $522,050. The Advisory Board agrees with the Capital Budget Committee that the Town's capital needs must be funded annually in order to maintain our vehicles and equipment and to provide for the safety of all Norwell residents and employees.

ARTICLE 4: To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for the compensation schedule under the Personnel Plan for Fiscal Year 2006, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, or act on anything relative thereto.

Requested by the Personnel Board

The Advisory Board recommends this Article in the amount of $23,000.

ARTICLE 5: To see if the Town will raise and appropriate, or appropriate from available funds a sum of money to meet obligations for union and personal contracts for Fiscal Year 2006, said sum to be apportioned by the Town Accountant to the applicable line items in Article 2, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting. At the time that this Warrant went to press the contract(s) in question were not complete.

ARTICLE 6: To see if the Town will vote to authorize the Board of Selectmen to sell the old fire station located at 81 Washington Street, being shown on the Assessor's Map as Block 12, Lot 23. Said sale shall comply with Massachusetts General Laws for the sale of real estate, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this Article.

ARTICLE 7: To see if the Town will vote to raise and appropriate, or appropriate from available funds the sum of $100,000 to be expended under the direction of the Highway Surveyor for the purpose of repair and other related work to the Bridge Street/Union Street bridge, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board will make its recommendation at Town Meeting. As of the printing of the Warrant the Advisory Board expects this Article to be indefinitely postponed.

ARTICLE 8: To see if the Town will raise and appropriate, or appropriate from available funds, the sum of $300,000, or any other sum, to be expended under the direction of the Highway Surveyor for Geographic Information System (GIS) Mapping and Storm Water Management planning; to determine whether this appropriation shall be raised by applying for and borrowing from the Massachusetts Water Pollution Abatement Trust or otherwise; or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this Article.

ARTICLE 9: To see if the Town will raise and appropriate, or appropriate from available funds, $300,000, or any other sum, to be expended under the direction of the Highway Surveyor for resurfacing sections of Town Ways, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this Article in the amount of $200,000.

ARTICLE 10: To see if the Town will raise and appropriate, or appropriate from available funds, $10,000, or any other sum, to be expended under the direction of the Highway Surveyor for reprocessing stockpiled construction debris at the highway department yard, or act on anything relative thereto.

Requested by the Highway Surveyor

The Advisory Board recommends this Article.

ARTICLE 11: To see of the Town will vote to appropriate from available funds (Water Department Surplus Revenue or Water Department Revenue) the sum of $50,000 or any other sum to be expended under the direction of the Board of Water Commissioners for the purpose of laying/relaying and mechanically cleaning water mains of not less than six inches in diameter but not more than sixteen inches in diameter, or act on anything relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board recommends this article. These funds will allow the Norwell Water Department to continue to clean and maintain water mains that have accumulated natural mineral deposits over time. These mineral deposits reduce the town's water delivery capacity. The cleaning of the water mains will maintain the integrity of Norwell's water delivery system.

ARTICLE 12: To see if the Town will vote to appropriate from available funds (Water Department Surplus revenue or Water Department Revenue) the sum of $377,000.00 or any other sum to be expended under the direction of the Board of Water Commissioners for the purposes of designing and permitting a new municipal well pumping station, new municipal water treatment facility and associated water main, or act on anything relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board recommends this article. These funds will allow the Norwell Water Department to continue to work toward the completion and modernization of a new pumping station, water treatment facility, and water main. These facilities are designed to meet the Town's current water needs, as well as, prepare for future demands on the Town's water resources.

ARTICLE 13: To see if the Town will vote to appropriate from available funds (Water Department Surplus revenue or Water Department Revenue) the sum of 743,000.00 or any other sum for the purpose of replacing existing municipal wells; reconstructing municipal pumping facilities and upgrading the instrumentation and controls of existing sources of water supply; that to meet this appropriation, the Treasurer, with the approval of the Board of Selectmen, is authorized to borrow the appropriated sum under MGL, Chapter 44, Paragraph 8, to be spent under the direction of the Board of Water Commissioners, or act on anything relative thereto.

Requested by the Board of Water Commissioners

The Advisory Board recommends this article. The approval of these funds will allow the Norwell Water Department to repair existing well fields that have lost pumping capacity due to age and deterioration.

ARTICLE 14: To see if the Town will vote to transfer the sum of $35,000, or any other sum, from the FY04 Overlay Surplus Account to Article 19 of the 2004 Annual Town Meeting for the purpose of continuing to provide a Senior Real Estate Tax Work-Off Program for older citizens in the Town funded directly by the Town. This Program is to be established pursuant to an agreement by the Council on Aging, the Board of Selectmen and the Board of Assessors or act on anything relative thereto.

Requested by the Board of Assessors

The Advisory Board recommends this Article. Passage of this Article enables Senior Citizens to participate in work programs in various Town Departments and to accrue Real Estate Tax Credits in the amount of $750.

ARTICLE 15: To see if the Town will authorize the Norwell Board of Library Trustees and the Permanent Building and Maintenance Committee to apply for state funds which might be available to defray all or part of the cost of the design, construction and equipping of the library project and to authorize the Library Trustees and the Permanent Building and Maintenance Committee to accept and expend any such funds when received without further appropriation, and to see if the Town will vote to accept the preliminary design for the Norwell Library Building, or act on anything relative thereto.

Requested by the Board of Library Trustees

The Advisory Board recommends this Article.

ARTICLE 16: To see if the Town will vote to raise and appropriate $10,000 for the Planning Board to expend on technical services for the purpose of reviewing and proposing changes to the Planning Board's subdivision regulations and/or the Town's Zoning By-Laws, or take any other action relative thereto.

A. Common Driveway:

A Common Driveway shall mean a driveway that is designed to serve a minimum of two residential lots or a maximum of three residential lots and for which one of the permits provided for below has issued and taken final effect.

Requested by the Planning Board

The Advisory Board will make its recommendation at Town Meeting. As of the printing of the Warrant the Advisory Board expects this Article to be indefinitely postponed.

ARTICLE 17: To see if the Town will vote to amend Zoning By-law Article II District Regulations, §2300 District Use Regulations by adding the following new section thereto:

Section 2318. COMMON DRIVEWAYS.

I. PURPOSE:

To minimize curb cuts onto public ways and minimize paved surface area, while maintaining safe access to residential lots for year-round residential traffic and emergency vehicle access.

II. DEFINITIONS:

B. Private Way:

A Private Way shall mean any way that is not a Common Driveway or a Public Way.

C. Public Way:

A Public Way shall mean a way duly accepted by Town Meeting pursuant to G.L. c. 82.

III. TYPES OF PERMITS.

A. Building Permit Common Driveway: Up to 100 Feet in Length.

The Building Inspector may issue a Building Permit Common Driveway permit to allow a common driveway, as of right, provided that the Building Inspector is satisfied that all of the requirements set forth below are satisfied:

i) The common portion of the driveway shall not exceed 100 feet in length;
ii) The common driveway shall not serve more than 2 residential lots;
iii) The common driveway application and plan shall conform to all of the requirements set forth below under §IV. Standards and Criteria, subsections i-x; and
iv) A fee of $100.00 was duly paid with the application.

B. Special Permit Common Driveway: 100 Feet to 300 Feet or for 3 Lots.

A Common Driveway Special Permit may be issued by the Planning Board to allow a common driveway of between 100 Feet to 300 Feet or to serve up to 3 residential lots, with a common driveway length of not more than 300 Feet, provided that the Planning Board is satisfied that all of the requirements set forth below are satisfied.

i) The common portion of the driveway shall not exceed 300 feet in length;
ii) The common driveway shall not serve more than 3 residential lots;
iii) The common driveway application and plan shall conform to all of the requirements set forth below under §IV. Standards and Criteria; and
iv) A fee of $500 was duly paid with the application, plus the applicant(s) shall pay for the cost of legal notices and mailings and shall pay for the cost of technical engineering review of the plan and drainage calculations by the Planning Board's engineering consultant.

IV. STANDARDS AND CRITERIA FOR COMMON DRIVEWAYS:

i) Application Form.

The applicant(s) for a common driveway shall execute an application form supplied by the Building Inspector or the Planning Board, as appropriate.

ii) Assent of All Owners to the Application.

The application form shall be signed by all of the owners of record for all of the residential lots to be served by the proposed common driveway.

iii) Minimum Setback From Property Lines.

All portions of the common driveway shall be set back a minimum of 25 feet from any adjoining property line, other than one property line for each of the residential lots to be served by the driveway.

iv) Minimum Setback From Other Ways.

The common driveway shall be located a minimum of 50 feet from any existing driveway or public or private way (except for an existing driveway that is to be eliminated and revegetated).

v) Zoning Compliance Requirement.

All of the residential lots to be served by the common driveway shall conform to all applicable zoning requirements, including minimum frontage and area requirements, and the common driveway shall access over the legal frontage of the lots to be served by the

driveway. The common portion of the common driveway shall not be used to calculate lot area for any of the lots served by it.

vi) Sole Means of Access.

The lots to be served by the common driveway shall each use the common driveway as the sole means of access.

vii) Minimum Design and Construction Requirements.

The common portion of the common driveway shall satisfy all of the following requirements:

a) It shall intersect with a public way.
b) It shall have corner radii of 25 feet at the point of intersection with the public way.
c) It shall satisfy the minimum required stopping distance. The minimum required stopping sight distance shall be calculated under the Stopping Sight Distance of the American Association of State Highway and Transportation Officials, "A Policy On Geometric Design of Highways and Streets 2001," 4th edition, based on the 85th-percentile speed of the major roadway. The 85th- percentile speed shall be determined from an acceptable engineering speed study with a minimum of 20 speed observations in each direction.
d) It shall satisfy the minimum required intersection sight distance. The minimum required intersection sight distance shall be measured a minimum of 15 feet from the edge of pavement along the centerline of the proposed roadway. For all calculations, the height of the driver's eye shall be considered to be 3.75 feet above the road surface and the height of the object shall be considered to be 0.50 feet above the road surface in accordance with AASHTO policy.
e) It shall have a minimum grade of 1% and a maximum grade of 7%.
f) It shall have a minimum paved width of 16 feet and a maximum paved width of 18 feet.
g) It shall be constructed with an initial minimum 6-inch gravel borrow base course, with M.030.1 Type B gravel and 95% compaction; that shall be followed by a minimum 6-inch processed gravel base course, M1.03.1, 95% compaction; and shall be topped by two courses of Mass D.P.W. Type 2-1 bituminous concrete, which shall have a total minimum thickness of 3 inches and have a ¼ inch per foot crown.
h) It shall have a 2-foot wide gravel shoulder on each side, consisting of the same 12-inch gravel base as the driveway.
i) The 2-foot wide shoulders shall be free of any aboveground structures, buildings and other obstructions, including, but not limited to trees, shrubs, plantings and utility poles. If vegetated, then the shoulders shall be mowed a minimum of three times per growing season.
j) A Common Driveway shall have permanent signage, which shall satisfy all of the requirements of the Highway Surveyor as to size, materials and siting, at the intersection of the common driveway with the public way and the signage shall state the name of the public way and the numbers of the houses that are served by the common driveway. In addition, the common driveway shall be provided with signage, at each point where it branches off to an individual driveway. The signage shall list the individual addresses of all of the properties served by the individual driveway, together with an arrow indicating the direction of the individual driveway.
k) The Common Driveway shall be provided with an easement area of sufficient size to allow for adequate snow storage to serve the common portion of the driveway. This easement area shall be clearly marked and kept free of obstructions during snow season and shall be constructed with a 6-inch gravel base, which may be loamed and seeded, provided that the area shall be mowed at least three times per growing

season. The required size of the easement area shall be determined by the Building Inspector under §III.A and by the Planning Board under §§III.B and III.C.

l) The Common Driveway and all necessary appurtenances, including utilities, shoulders, signage, turnouts, turnarounds and snow storage areas, shall be clearly delineated on the engineered plan and shall be within the easements to be conveyed between and among the owners of the lots that are to be served by the Common Driveway.

viii) Engineered Plan Requirements.

The applicant(s) shall provide an engineered plan, together with the application, that shall satisfy all of the following criteria and contain all of the following information:

a) The plan shall be based upon a ground survey.
b) The plan shall be signed and stamped by a Registered Land Surveyor and a Registered Professional Engineer.
c) The plan shall include a north point.
d) The plan shall include a title block that lists the names and addresses of all owners of record of the residential lots to be served by the common driveway and the name, address and telephone number of the Surveyor and Engineer.
e) The Assessing Map reference for the residential lots to be served by the common driveway.
f) Existing and proposed boundary lines, dimensions and areas of the residential lots to be served by the common driveway, with all bounds keyed into the Massachusetts grid system and at least two boundary points coordinated with the Massachusetts grid system shown on the plan, with at least one of the boundary points corresponding to a physical permanent monument placed on the ground.
g) Existing lines of streets, ways, driveways and easements on the subject property, with labels as to whether the ways are private or public and the purpose of the easements.
h) The zoning classification for the property and the location of any zoning district boundary that may lie within the locus.
i) The plan shall show the proposed location of the common driveway, the proposed locations of the private driveways off of the common driveway and the locations of the respective dwellings and all accessory structures that are to be afforded access via the common driveway.
j) The plan shall provide cross-section detail that shows the required gravel and paving specifications.
k) The plan shall show the location of and provide details for the required signage.
l) The plan shall show the location, size and type of mailboxes, if any, that shall be used to serve the residential lots and they shall be sited together on the left-hand side of the common driveway, upon entering from the adjacent way, to avoid interfering with turns into the driveway and shall in all respects conform to the requirements of the United States Postal Department, which shall control in the event of a conflict with this by-law.
m) The plan shall show the location of any pole, wall, fence, significant tree or other obstruction.
n) The plan shall show the location of any existing structure or building located on the residential lots to be served and the side, rear and front yard setback dimensions, including building envelopes, for each.
o) The plan shall include a certification by the designing engineer that all structures and buildings conform to applicable zoning requirements.
p) The plan shall show the location of any structure, or building, including driveways, walls, and poles within 100 feet on each side of the layout of the common driveway, at the point at which it intersects with the public way.

q) The plan shall include a certification by the designing engineer that the location of the common driveway provides for adequate sight distances, using the most recent standards published by the American Association of State Highway and Transportation Officials, both for stopping distance and the applicable intersection.

viii. Required Documentation.

The applicant(s) also shall provide the following documentation, together with the application:

a) Easements.

Proper draft easements shall be delivered with the application, which provide a permanent right of access to, from and over the common driveway for all of the owners of the residential lots to be served by the common driveway. All owners of record and mortgagees of record shall assent to each such easement and the easements shall be recorded before any building permit or occupancy permit issues.

b) Homeowners Association Trust Requirement.

A Homeowners Association Trust draft document shall be delivered with the application that provides for:

(i) Mandatory membership by all owners of the residential lots to be served by the common driveway;
(ii) Operation and maintenance of the common portion of the common driveway, including snow and ice removal, regular and extraordinary maintenance and repairs; and maintenance and replacement of signage and maintenance of the shoulders and sight distances;
(iii) Jointly and several liability for all owners for the cost of the required maintenance and repairs; and
(iv) A mechanism for dispute resolution.

c) Restrictive Covenant Running to the Town.

A restrictive covenant, running in favor of the Town of Norwell, shall be recorded against all lots to be served by the common driveway, providing that:
(i) Access to and use of the common driveway shall be limited to the specific residential lots shown on the plan;
(ii) The common driveway shall not be offered for acceptance as a public way;
(iii) Further Division Prohibited.
The lots served by the common driveway shall not be further divided so as to create any additional building lots.

ix. Building Permit Requirements.

No building permit for a dwelling to be served by the common driveway shall issue until:

a) Common Driveway Plan Approved.

The required common driveway plan has been approved by the Building Inspector and, in the case of a special permit driveway, until after the Planning Board has approved the plan and until the after applicable appeal period has

expired without an appeal having been taken, or, in the case of an appeal, until after the appeal has been terminated in the applicants' favor;

b) Easements Recorded.

The required easements have been properly executed by all owners and mortgagees of record and then duly recorded and that evidence of recording has been provided to the Building Inspector and, in the case of a special permit driveway, to the Planning Board; and

c) Homeowners Association Executed and Recorded.

The required Homeowners Association Trust document, duly executed by the necessary parties, including all owners and mortgagees of record, has been duly recorded and evidence of recording has been provided to the Building Inspector and, in the case of a special permit driveway, to the Planning Board. The required proof that the necessary parties have executed the document shall include a letter from a licensed attorney, indicating the attorney has researched the title for the affected land and that identifies and certifies the identity of all owners and mortgagees of record for the affected land that is to be served by the common driveway and that is to be burdened by the requirements set forth under the Homeowners Association Trust document and further certifies that all of said owners and mortgagees of record have duly assented to the Homeowners Association Trust document.

d) Adequate Surety for a Driveway that exceeds 100 Feet.

Adequate surety shall be posted by the applicant(s) to guarantee completion of the common portion of the driveway, for any driveway for which the common portion exceeds 100 Feet.

x. Occupancy Permit Requirements.

No occupancy permit for any dwelling to be served by the common driveway shall issue until the common driveway has been fully constructed in accordance with the engineered plan to the satisfaction of the Building Inspector.

xi. Drainage Calculations Required for A Driveway that Exceeds 100 Feet.

No plan for a driveway that has a common length that exceeds 100 feet shall be approved, unless engineered drainage calculations are provided to the Planning Board and unless the Planning Board is satisfied that the plan, based upon peer review, provides sufficient drainage control measures that will result in no increase in runoff onto property other than onto one of the lots to be served by the common driveway. The required surety shall ensure that the drainage plan be installed.

xii. Snow Storage Required for A Driveway that Exceeds 100 Feet.

No plan for a driveway, which has a common length that exceeds 100 feet, shall be approved, unless the Planning Board determines that the plan provides for adequate storage areas for snow.

xiii. Turn Out Areas Required for A Driveway that Exceeds 100 Feet.

No plan for a driveway that has a common length that exceeds 100 feet shall be approved, unless the Planning Board, after consulting with the Fire Chief, determines that

sufficient turn out areas are provided for every 50 feet or a great number of feet to be determined by the Planning Board in its discretion, but not to exceed 75 feet, to allow an oversized pick up truck to pull off the driveway and allow an emergency vehicle to pass. Such turn out areas shall be paved and shall be kept clear of vegetation, snow, parked vehicles and other obstructions at all times and shall have signage approved by the Highway Surveyor that indicates: "No Parking" and "This area shall be kept free of snow, vehicles and all obstructions."

xiv. Turn Around Area Required for A Driveway that Exceeds 100 Feet.

No plan for a driveway that has a common length that exceeds 100 feet shall be approved unless the Planning Board, after consulting with the Fire Department, determines that a sufficient turn around area is provided at the end of the common driveway to allow emergency vehicles to turn around. The turn around shall be an integral part of the common driveway and constructed and paved accordingly.

xv. Adequate Surety Required for A Driveway that Exceeds 100 Feet.

The Planning Board shall require that adequate surety be posted to guarantee satisfactory completion of the common driveway, if the common portion of the driveway exceeds 100 feet, before the special permit issues.

xvi. The Common Driveway Shall Have Signage that Sets forth the Street Numbers.

A common driveway shall have a street sign at the intersection of the common driveway with the public way. The sign shall state the name of the public way and shall set forth the street numbers of the dwellings served by the common driveway. All of the dwellings served shall use the same public way as its legal address and conform to all 911 requirements. The signage shall be designed and erected in accordance with the requirements of the Highway Surveyor.

V. PROCEDURES:

1. An application for a common driveway permit under §III.A shall be filed with the Building Inspector, together with 10 copies of the application and the proposed plan and the required filing fee, which shall be in the amount of $100.00. A copy of the application and the plan shall be distributed to: (1) the Board of Health; (2) Conservation Commission; (3) Fire Chief; (4) the Highway Surveyor; (5) the Planning Board; (6) the Police Chief; and (7) the Water Department. The Building Inspector shall act on the application within 30 days of determining that the application is complete. The Building Inspector shall notify the applicants, in writing, if he determines that the application is not complete.

2. An application for a common driveway special permit under §III.B shall be filed with the Planning Board, together with 12 copies of the application and the proposed plan, the required filing fee of $500.00 and the required review fee established by the Planning Board. A copy of the application shall be distributed to: (1) the Board of Health; (2) Building Inspector; (3) Conservation Commission; (4) the Fire Chief; (5) the Highway Surveyor; (6) the Police Chief; and (7) the Water Department. The Planning Board shall notice and hold a public hearing and render its decision in accordance with the requirements set forth under G.L. c.40A, §§9 and 11. The Planning Board shall notify the applicants in writing if the application is incomplete and, if the application is determined to still be incomplete 30 days after it is filed, it shall be denied without prejudice.

Requested by the Planning Board

The Advisory Board recommends this Article. This Article makes it easier for landowners to subdivide and create otherwise buildable lots while minimizing the environmental impact of multiple driveways or new roads.

ARTICLE 18: To see if the Town will vote to set aside certain sums of money raised through the Community Preservation Act, Massachusetts General Laws Chapter 44B, Section 3-7 from the main Community Preservation Fund into Three Community Preservation Fund Reserve Accounts. The three Reserve Accounts are to be allocated as follows: $100,000 or any other sum, in the Open Space Reserve Account, $100,000 or any other sum, in the Affordable Housing Reserve Account, and $100,000, or any other sum, into the Historic Preservation Reserve Account, or act on anything relative thereto.

Requested by the Community
Preservation Committee

The Advisory Board recommends this article in the amounts specified. This Article designates these amounts for the specified purposes as required by the Community Preservation Act.

ARTICLE 19: To see if the Town will vote to extend the deadline for Article 11 of the Special Town Meeting of December, 2003 for the design and construction of a Skate Board Park from June 30, 2005, to June 30, 2006, or act on anything relative thereto.

Requested by the Community
Preservation Committee

The Advisory Board recommends this Article. Due to delays, the Skate Board Park has yet to be constructed in the previously allotted time frame.

ARTICLE 20: To see if the Town will vote to extend the deadline for Article 37 of the Annual Town Meeting of May 10, 2004, for irrigation and improvements to the Middle and High School playing fields, to June 30, 2006, or act on anything relative thereto.

Requested by the Community
Preservation Committee

The Advisory Board recommends this Article. The irrigation and improvements to the Middle and High School playing fields have yet to be fully completed.

ARTICLE 21: To see if the Town will vote to set aside the amount of $100,000 and transfer to the Norwell Conservation Fund, pursuant to Massachusetts General Law, Chapter 44B from the Community Preservation Fund.

Requested by the Community
Preservation Committee

The Advisory Board recommends this Article. This transfer will be used, when necessary, for the costs associated with land acquisitions.

ARTICLE 22: To see if the Town will vote to set aside the amount of $15,000 for the purpose of historic preservation, pursuant to Massachusetts General Law, Chapter 44B from the Community Preservation Fund for the purpose of preservation and renovation of the Civil War Monument in Norwell Center or act on anything relative thereto. Said expenditure will be under the direction of the Beautification Committee, in cooperation with the Veterans Memorial Committee and Historic Commission. Any funds not expended by June 30, 2006, shall revert back to the Community Preservation Fund.

Requested by the Community
Preservation Committee

The Advisory Board will make its recommendation at Town Meeting. As of the printing of the Warrant the Advisory Board expects this Article to be indefinitely postponed.

ARTICLE 23: To see if the town will vote to raise and appropriate, or appropriate from available funds a sum of money to be expended under the direction of the Veterans Memorial Committee, for the repair and restoration of the Civil War Memorial on the Veterans Common, or act on anything relative thereto.

Requested by the Veterans Memorial
Committee

The Advisory Board will make its recommendation at Town Meeting. As of the printing of the Warrant the Advisory Board expects this Article to be indefinitely postponed.

ARTICLE 24: To see if the Town will raise and appropriate or appropriate from available funds $50,000, or any other sum to be expended under the direction of the Permanent Drainage Study Committee and the Highway Surveyor for engineering, installation and or maintenance of Town drainage.

Requested by the Permanent Drainage Study
Committee

The Advisory Board recommends this Article in the amount of $20,000.

ARTICLE 25: To see if the Town will vote to rescind $5,000 of the borrowing authorization voted under Article 11 in the Warrant for the May 24, 1999 Annual Town Meeting, or act on anything relative thereto.

Requested by the Treasurer/Collector

The Advisory Board recommends this Article.

ARTICLE 26: To see if the Town will vote to accept the provisions of Massachusetts General Laws Chapter 41, Section 108P relative to the compensation of the Treasurer and, in order to meet the obligations of said Section 108P, vote to raise and appropriate, transfer from available funds, or otherwise provide the sum of $1,000 to be added to line item 1-35-111-5110, Treasurer/Collector, or act on anything relative thereto.

Requested by the Treasurer/Collector
and the Personnel Board

The Advisory Board recommends this Article in the amount of $1,000. The Town Treasurer has earned certification under this program and it is appropriate to compensate her for achieving this standard.

ARTICLE 27: To see if the Town will vote to raise and appropriate, or appropriate from available funds the sum of $14,000 to be expended under the direction of the Director of Tree and Grounds for the care and maintenance of the brush pile located at the Recycling Center, or act on anything relative thereto.

Requested by the Recycling Committee

The Advisory Board recommends this Article in the amount of $14,000. This is a popular program initiated by the Recycling Committee.

ARTICLE 28: To see if the Town will vote to amend the Town of Norwell Zoning By-Laws, section 3400, Building Demolition, subsection (c), Regulated Buildings, Structures and Properties, by adding at the end of the first paragraph of said subsection (c) the following new text: or (4) any building, structure or property in excess of 75 years of age", or act on anything relative thereto

Requested by the Historical
Commission

The Advisory Board recommends this Article if amended to "1930" instead of "75 years of age." It was the opinion of the Planning Board and the Advisory Board that a definitive date rather than a rolling date was more advisable.

ARTICLE 29: To see if the Town will vote to designate First Parish Road, High Street, Old Oaken Bucket Road, Central Street, Prospect Street and River Street as Scenic Roads pursuant to the Massachusetts Scenic Roads Act (MGL Chapter 40, Section 15C), or act on anything relative thereto.

Requested by the Historical Commission

The Advisory Board will render its recommendation at Town Meeting. At the time that the Warrant went to press the public hearings by the Historical Commission had not been completed.

ARTICLE 30: To see if the Town will vote to amend the Town of Norwell Personnel By-Law, Section 4, Personnel Board, as amended by Article 6 of the Annual Town Meeting on April 22, 1996, by striking out the first paragraph and replacing in therein with the following new text: "This Personnel By-Law shall be administered by a Personnel Board, consisting of three appointed members appointed by the Board of Selectmen, who shall have the power to fill all vacancies. Members are appointed for a term of three years. Members shall continue to hold office until their successors have been appointed and qualified." Or act on anything relative thereto.

Requested by the Personnel Board

The Advisory Board recommends this Article. This change will remove the requirement, but not the option, that the Town Administrator be one of the three appointed members.

ARTICLE 31: To see if the Town will vote to amend the Town of Norwell Personnel By-Law, Section 6, Compensation Plan, subsection c, Increases Within the Rate Range, paragraph (2) by striking the word "Salaried" and replacing therein with the word "Exempt", or act on anything relative thereto.

Requested by the Personnel Board

The Advisory Board recommends this Article. This change brings the Town's Personnel By-Law into compliance with Federal labor law.

ARTICLE 32: To see if the Town will vote to amend the Town of Norwell Personnel By-Law, Section 8, Fringe Benefits, subsection a, Vacation Leave, by adding

the following new paragraph: "E) Upon completion of years twenty and higher employee will receive five (5) weeks vacation" or act on anything relative thereto.

Requested by the Personnel Board.

The Advisory Board recommends this Article. This change brings the Personnel By-Law to parity with the Union contracts previously adopted by Town Meeting.

ARTICLE 33: To see if the Town will vote to amend the Town of Norwell Personnel By-Law, Section 8, Fringe Benefits, subsection j, Insurance, striking the first sentence and inserting in the place thereof the following: "Employees shall pay the same percentage of the monthly premiums for health and life insurance as paid by the members of the Town Hall Clerical Union employees." Or act on anything relative thereto.

Requested by the Personnel Board

The Advisory Board recommends this Article. This change brings the Personnel By-Law to parity with the Union contracts previously adopted by Town Meeting.

ARTICLE 34: To see if the Town will vote to amend the section 1650 (Isolated Lots) of the Town's Zoning Bylaw so as to strike subsection (2) which, as now appearing expands upon the statutory standard for the protection of isolated lots for single or two family development, and to substitute therefore, the following, thereby confirming the said section 1650, subsection (2) protection standard to the MA General Laws Chapter 40A, section 6, clause 4 protection standard for isolated lots:

"(2) and said lot was not held in common ownership with any adjoining land"

or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board recommends this Article. This change brings Norwell to the state standard zoning language.

ARTICLE 35: To see if the Town will change the current zoning designation of the property located at 483 Washington Street Norwell, Massachusetts, presently designated as Residence B to Business B, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board will make its recommendation at Town Meeting. As of the printing of the Warrant the Advisory Board expects this Article to be indefinitely postponed.

ARTICLE 36: To see if the Town will vote to raise and appropriate or transfer from available funds, the sum of $4,000 to contract with South Shore Women's Center for domestic violence intervention and prevention services to its residents, or act on anything relative thereto.

Requested by Citizens Petition

The Advisory Board recommends this Article in the amount of $2,000.

ARTICLE 37: To see if the Town will vote to raise and appropriate or transfer from available funds, the sum of $3,500 to contract with the Womansplace Crisis Center in Fiscal Year 2006 for services provided to victims/survivors of sexual assault and their families, or act on anything relative thereto.

Requested by Citizens Petition.

The Advisory Board recommends this Article in the amount of $2,000.

ARTICLE 38: To see if the Town will vote to transfer from available funds or otherwise provide a certain sum of money to be added to the Stabilization Fund as established in accordance with the provisions of Massachusetts General Law, Chapter 40, Section 5B, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board will make its recommendation at Town Meeting. As of the printing of the Warrant the Advisory Board expects this Article to be indefinitely postponed.

ARTICLE 39: To see if the Town will appropriate a sum of money from available funds and authorize the Assessors to use this sum to decrease the tax Rate for FY 2006, or act on anything relative thereto.

Requested by the Board of Selectmen

The Advisory Board recommends this Article in the amount of $400,000 from the Stabilization Fund. This is an appropriate and the best use of this fund.

You are directed to serve this Warrant by posting a copy thereof attested to by you in writing in each of five public places in the Town at least fourteen days before the time for holding and meeting called for in the Warrant. Hereof, fail not and make due return of the Warrant with your doings thereon to the Town Clerk of said Town on or before the 25th day of April, 2005.

Given under our hands at Norwell this _____ day of April in the year of our Lord, 2005.

A TRUE COPY ATTEST:_____

Constable_____ Date_____

Capital Budget Requests for FY 2006

Dept/Request	*Requested*	*Status*	*Capital Budget Committee Recommendation*	*Comments*
Fire Department:				
Ambulance	$130,000	End of Useful Life	$130,000	**The Capital Budget Committee Recommends this Request.** Replacing the Ambulance is our highest priority for public safety.
Fire Engine	$290,000	Approaching the End of Useful Life	-0-	**The Capital Budget does not recommend this Request.** While approaching the end of its useful life the Fire Engine can be postponed one year.
Roof for Pine Street Fire Station	$35,000	End of Useful Life	$25,000	**The Capital Budget Committee Recommends this Request in the amount of $25,000.** After consultation with the PBMC and investigating costs associated the Capital Budget Committee recommends this project at $25,000.
Paint for Pine Street Fire Station	$35,000	End of Useful Life	$28,500	**The Capital Budget Committee Recommends this Request in the amount of $28,500.** Rather than continue to paint this building and after consulting with the PBMC we recommend vinyl siding as a more permanent solution.
Town Hall:				
Heating System Repairs	$30,000	Obsolete	$30,000	**The Capital Budget Committee Recommends this Request.** The Town Hall heating system is very old and inefficient requiring ancillary heating in one end of the building while the other end is opening windows to bring down the temperature. The repairs include re-balancing the system.
General Building Repairs	$30,000	High Need	$30,000	**The Capital Budget Committee Recommends this Request.** Repairs to the building include window, ceiling, wall and patching leaks.

Dept/Request	*Requested*	*Status*	*Capital Budget Committee Recommendation*	*Comments*
Council on Aging:				
Handicap Ramp	$10,000	Failing	$10,000	**The Capital Budget Committee Recommends this Request.** The current handicap ramp is failing and needs to be replaced before someone gets injured.
Highway Department:				
Large Dump Truck	$100,000	Failed	$100,000	**The Capital Budget Committee Recommends this Request.** This will replace a failed large dump truck that is no longer road worthy.
¾ Ton Pick-Up Truck	$30,000	End of Useful Life	$30,000	**The Capital Budget Committee Recommends this Request.** This truck is used by the Highway Surveyor and is also used for plowing. The current vehicle is beyond its useful life and may no longer be safe.
Backhoe/Loader	$96,400	Replacement	$96,400	**The Capital Budget does not recommend this Request.** Repairs have been made to the current backhoe/loader and should extend its life.
Tree & Grounds:				
Small Dump Truck/Plow	$50,000	Replacement	$50,000	**The Capital Budget Committee Recommends this Request.** This vehicle will replace a failed truck. This truck is used by Tree & Grounds and for Snow Plowing.
Bucket Truck	$118,000	New	$118,000	**The Capital Budget does not recommend this Request.** The Capital Budget Committee was not convinced of the compelling need of this equipment.
Mower Deck	$20,000	Replacement	$20,000	**The Capital Budget Committee Recommends this Request.** This attachment will be fitted to the trackless vehicle purchased last year (Sidewalk Plow)
Hydro Seeder	$4,600	Improvement	$4,600	**The Capital Budget Committee Recommends this Request.** Heavily used athletic fields require replanting with a more efficient seeder.

Dept/Request	*Requested*	*Status*	*Capital Budget Committee Recommendation*	*Comments*
Library:				
Microfiche Reader	$7,000	Replacement	$7,000	**The Capital Budget does not recommend this Request.** The Capital Budget Committee was not convinced of the compelling need of this equipment.
Computers	$8,266	Replacement	$6,500	**The Capital Budget Committee Recommends this Request.** In consultation with the Computer Study Committee, the Capital Budget Committee believes that a more careful purchase will provide greater capacity for the users of the library.
Water Department:				
Service Vehicle	$26,650	Replacement	$29,950	**The Capital Budget Committee Recommends this Request.** The Capital Budget Committee actually increased the amount of money for this purchase to encourage the Water Department to look at a diesel vehicle as being more economical to operate.
Compact SUV	$21,450	Replacement	$22,500	**The Capital Budget Committee Recommends this Request.** The Capital Budget Committee actually increased the amount of money for this purchase to encourage the Water Department to look hybrid technology for the meter reader's vehicle.

Norwell, MA 02061
Permit No. 5

RESIDENTIAL POSTAL CUSTOMER

AND/OR RESIDENTIAL BOX HOLDER

NORWELL, MA 02061

MINUTES OF SPECIAL/ANNUAL TOWN MEETING, MONDAY, MAY 9, 2005 AND TUESDAY, MAY 10, 2005

Attendance: (No Quorum Required since 1992)
Monday, May 9, 2005:

Precinct One: 159
Precinct Two: 283
Precinct 3: 269
TOTAL. 711

Tuesday, May 10, 2005:

Precinct One: 81
Precinct Two: 162
Precinct Three: 162
TOTAL. 405

At 7:35 pm on Monday, May 9, 2005 in the Henry E. Goldman Gymnasium of the Norwell Middle School, the Moderator Roger E. Hughes, Jr., called the meeting to order.

Town Clerk Janice M. Lawson read the "Constable's Service of the Warrant". Father Thomas Maguire led the assembly in the Invocation. The "Pledge of Allegiance of the Flag" was led by Veteran's Agent Richard Caldwell.

Moderator Hughes introduced himself and the following participants:

Board of Selectmen:
John G. Mariano, Chair
Paul D. Gaynor, Vice Chair
Richard A. Merritt, Clerk

Town Administrator:
James. M. Boudreau

Town Counsel:
Robert E. Galvin, Esquire

Precinct Three:
B. Jean Snow
Jeanette Simmons
Constable: Theodore A. Baldwin

Moderator Hughes reviewed the rules of the Meeting which follow "Roberts Rules of Order" and the Bylaws of the Town.

Authority Cards for the Special Town Meeting were ORANGE; those for the Annual, were TURQUOISE (blue).

MINUTES OF THE SPECIAL/ANNUAL TOWN MEETING, MONDAY, MAY 9, 2005 AND TUESDAY, MAY 10, 2005

As there will be two (2) borrowing articles for more than $200,000, it will be necessary to vote by "Secret Ballot". In order to accomplish this each voter will be given two (2) "YES/NO" slips. A White one will be used for Article No. 8 and a Lavender one for Article No. 13.

The Moderator will instruct the voters in more detail when these Articles come up.

A motion was made, seconded, and UNANIMOUSLY VOTED to suspend the Annual Town Meeting to take up the Articles of the Special Town Meeting.

SPECIAL TOWN MEETING:
Monday, May 9, 2005

Article No. 1: (Majority Vote Required)
UNANIMOUSLY VOTED to appropriate the sum of $40,000 to meet obligations for Union and Personal contracts for Fiscal Year 2005, said sum to be apportioned by the Town Accountant to the applicable line items in Article No. 2, and to meet said appropriation, the sum of $40,000 be transferred from Line Item No. 1-101-169-5110, Police Department Clerical.

Article No. 2: (Majority Vote required)
UNANIMOUSLY VOTED to transfer the sum of $17,200 from Line Item No. 1-2-115-5110 to Line Item No. 1-3-102-5110 Selectmen Clerical Salaries, to provide a sick leave buy-back.

Article No. 3: (Majority Vote Required)
UNANIMOUSLY VOTED to transfer the sum of $9,000 from Line Item No. 1-104-132-5110, Call Fire Payroll, to Line Item No. 1-103-130-5110, Permanent Firefighters' Payroll.

Article No. 4: (Majority Vote Required)
UNANIMOUSLY VOTED to transfer from Free Cash the sum of $337,282.99 to be added to Line Item No. 1-300-268-5532, Snow Removal and Sanding.

Article No. 5: (Majority Vote Required)
MAJORITY VOTED to transfer from Free Cash the sum of $338,000 to be added to Line Item No. 1-77-230-5175, Group Insurance.

Article No. 6: (9/10 Vote Required)
Moderator declared 9/10 vote as there were several loud dissenters. VOTED to transfer from Free Cash the following amount for the payment of unpaid bills from a prior fiscal year:

Edwards & Kelsey $2,607.77

Article No. 7: (Majority Vote Required)
Hand Count Necessary: YES: 382; NO 151
MAJORITY VOTED to transfer the sum of $150,000 for affordable housing purposes, pursuant to Mass. General Laws, Chapter 44B, from the Community Preservation Fund for the purpose of moving up to (six) single family dwellings within the Town of Norwell and to authorize the Community Preservation Committee and Board of Selectmen to oversee this transaction. Any funds not expended by June 30, 2007, shall revert back to the Community Preservation Fund.

Article No. 8: (Majority Vote Required)
MAJORITY VOTED to transfer the sum of $425,000 for Open Space purposes, pursuant to M.G.L. Chapter 44B from the Community Preservation Fund for the purpose of purchasing and preserving Open Space. And to see if the Town will authorize the Community Preservation Committee and the Board of Selectmen to purchase said piece of property and designate it "Conservation" land. Any funds not expended by June 30, 2007 shall revert back to the Community Preservation Fund.

Article No. 9: (Majority Vote Required)
UNANIMOUSLY VOTED to raise and appropriate the sum of $274,999 in anticipation of full (100%) reimbursement by the Commonwealth of Massachusetts of Chapter 291B, Acts of 2004, one apportionment, for

MINUTES OF SPECIAL/ANNUAL TOWN MEETING, MONDAY, MAY 9, 2005 AND TUESDAY, MAY 10, 2005

State and Highway purposes under the provisions of General Laws Chapter 90, Section 34, Clause 2(A), Work on Highways, to be expended under the direction of the Highway Surveyor, or meet the appropriation by taxation, by transfer or by borrowing, or any combination of the foregoing.

A motion was made, seconded, and it was UNANIMOUSLY VOTED to dissolve the Special Town Meeting at 8:35 pm.

MINUTES OF ANNUAL TOWN MEETING, MONDAY, MAY 9, 2005

Article No. 1: (Majority Vote Required) UNANIMOUSLY VOTED to accept the reports of its Officers, Boards, Departments, Committees and Commissions, as printed in the 2004 Annual Report.

At this time, Moderator Hughes stated that he would allow a ten to 15 minute presentation from John Mariano, Chair of the Board of Selectmen, the Advisory Board Chairman, Brian Noble, and Chairperson of the School Committee Elaine Reardon.

Each one would discuss how the figures for the $2.2 million override have been determined. Article No. 2 of the Warrant has the "Advisory Board Recommends" figures as "Override figures". In order for an Override to pass it must be voted at a Town Meeting and again at a Town Election.

If these figures are voted at Town Meeting and not at the Town Election they would have to be re-voted at an Adjourned session of Town Meeting which will be held on Monday, May 23, 2005. Also any articles that have not yet been voted on will also be taken up.

Moderator Hughes stated that he would not allow "Reconsideration" to take place on any article until after the Town Election to be held on May 14, 2005. Reconsideration would be considered at the Adjourned Town Meeting on Monday 23, 2005.

Article No. 2: (Majority Vote Required) UNANIMOUSLY VOTED to raise and appropriate and transfer from available funds, the sums of money set forth in the "ADVISORY BOARD RECOMMENDS" column under Article No. 2 in the "transcript of Articles in the Warrant for the FY 2006 Budget Annual Town Meeting (EXCEPT "HELD" items which will be discussed and voted separately), to defray the charges, expenses and salary obligations of the Town, including debt and interest, for the ensuing year, to provide for a Reserve Fund and to fix salaries and compensation for all Elected Officers of the Town, and to meet said appropriations, from Water Grant, the sum of $114,000; from Water Surplus, the sum of $201,447; from Water Revenues, the sum of $1,107,423 to be applied to the Water Operating budget, and transfer from Free Cash the sum of $350,000. Also, transfer the sum of $27,011 from Community Preservation Revenue to Department 5-237 Salaries, and 5-305 Expenses for the Community Preservation operating budget.

The following item of Article 2 were held: 2-2-115, 2-101*, 2-102*, 2,103*, 2-109*, 2-222, 2-227, 2-230*,2-125* 2-127*, 2-301*, 2-264, 2-276**, 2-131*, ,2-241**, 2-151*, 2-156*, 2-165**.

All "Held" items were voted as printed in "Advisory Board Recommends" column of the Warrant, except for Article 2-165 which was corrected to read $263,794.02; Article 2-133 which was corrected to read $41,695, and 2-276 which was corrected to read $136,000.

**MINUTES OF ANNUAL TOWN MEETING,
MONDAY, MAY 10, 2005
And TUESDAY, MAY 10, 2005**

*Amendment discussed but failed to carry.
**Figure corrected by Advisory Board Chair.

An amendment to see if the town will raise and appropriate, or appropriate from available funds, sums of money equal to or less than the amounts stated in either the "2005 Appropriation" column or the "2006 Advisory Board Recommends" column, whichever is less, and further reducing this amount by a factor of 2.2%, to defray the charges, expenses and salary obligations of the Town, and out of state travel for the ensuing year, to provide for a Reserve Fund, and to fix salaries and compensation for all elected Officers of the Town, provided, however, that no such limitations shall apply to the Town's debt and interest, group insurance, South Shore Regional assessment, unfounded Special Education mandates and collective bargain contractual obligations FAILED TO CARRY.

An amendment to vote $0.00 for the Board of Assessors' Salary, Board or Selectmen's Salary, Board of Health's salary and Board of Water Commissioners FAILED TO CARRY.

An amendment to vote the Town Administrator's salary at $65,000 FAILED TO CARRY.

An amendment to the Board of Selectmen's Clerical Salaries to delete the salary for three floaters ($45,000) FAILED TO CARRY.
YES: 227 NO: 243

An amendment to reduce the Police Chief's salary to $100,956.37, the 05 appropriation, FAILED TO CARRY.

An amendment to level fund the school budget from $17,030,544.93 to last year's appropriation of $15,991,122, a savings of $1,039,422.93 FAILED TO CARRY.

An amendment to change 2-127 and 1-131 (Deputy Chiefs) to $0.00 FAILED TO CARRY.

An amendment to change the amount of Group Insurance to the "05 appropriation" FAILED TO CARRY.

At 11:00 pm on Monday, May 9, 2005 after discussing and voting on Item No. 2-131, the lights in the gym automatically dimmed. A motion was made, seconded, and it was UNANIMOUSLY VOTED TO ADJOURN UNTIL TUESDAY, MAY 10, 2005, same time, same place.

TUESDAY, ANNUAL TOWN MEETING, MAY 10, 2005:

Promptly at 7:30 pm, Moderator Roger E. Hughes, Jr., called the Adjourned session of the Annual Town Meeting to order. This meeting was held in the gymnasium of the Norwell Middle School.

Moderator Hughes related to the voters that last evening the meeting was adjourned after discussion and vote of the Police and Fire "Deputy Chiefs".

Article No. 3: (Majority Vote Required) UNANIMOUSLY VOTED to transfer from Overlay Surplus the sum of $445,000, and from Water Revenues, the sum of $52,450, and raise and appropriate the sum of $24,600, as set forth in the schedule of "Capital Budget Recommendations".

Article No. 4: (Majority Vote Required) UNANIMOUSLY VOTED to raise and appropriate the sum of $27,500 to meet obligations for the Compensation Schedule under the Personnel Plan for Fiscal Year 2006; said sum to be apportioned by the Town Accountant to the applicable line items in Article 2.

Article No. 5: (Majority Vote Required) UNANIMOUSLY VOTED to raise and appropriate the sum of $150,000 to meet obligations for Union and Personal contracts for Fiscal Year 2006; said sum to be apportioned by the Town Accountant to the applicable line items in Article 2.

Article No. 6: (Majority Vote Required) UNANIMOUSLY VOTED to authorize the Board of Selectmen to sell the old fire station located at 81 Washington Street, Norwell, MA, being shown on the Assessors' Map as Block 12, Lot 23. Said sale shall comply with M.G.L. for the sale of real estate.

Article No. 7: (Majority Vote Required) UNANIMOUSLY VOTED to INDEFINITELY POSTPONE Article No. 7. (...$100,000 to be expended under the direction of the Highway Surveyor for the purpose of repair and other related work to the Bridge Street/Union Street bridge,...)

Article No. 8: Secret Ballot 2/3 Vote Required YES: 147; NO: 87 (2/3 = 156) FAILED TO CARRY. (...To borrow from available funds the sum of $300,000 to be expended under the direction of the Highway Surveyor for Geographic Information System (GIS) Mapping and Storm Water Management planning; to determine whether this appropriation shall be raised by applying for and borrowing from the Mass. Water Pollution Abatement Trust, and to meet this appropriation, the Treasurer with the approval of the Board of Selectmen is authorized to borrow the appropriated sum under MGL Chapter 44, Paragraph 8 to be spent under the direction of the Highway Surveyor. Scope of services of the GIS Mapping Project shall be completed in conjunction with the Town of Norwell Mapping Commission.

At this time in order to finish all the budget articles before the Special Election on Saturday, May 14, 2005, a motion was made, seconded, and it was UNANIMOUSLY VOTED to take the following articles out or order: 9, 10, 14, 24, 26, 27, 36, 37, and 39.

Article No. 9: (Majority Vote Required) UNANIMOUSLY VOTED to transfer from free cash the sum of $200,000 to be expended

under the direction of the Highway Surveyor for resurfacing sections of Town Ways.

Article No. 10: (Majority Vote Required) UNANIMOUSLY VOTED to raise and appropriate the sum of $10,000 to be expended under the direction of the Highway Surveyor for reprocessing stockpiled construction debris at the Highway Department yard.

Article No. 14: (Majority Vote Required) UNANIMOUSLY VOTED TO TRANSFER THE SUM OF $35,000 from the FY 2004 Overlay Surplus Account to Article 19 of the 2004 Annual Town Meeting for the purpose of continuing to provide a Senior Real Estate Tax Work-Off Program for older citizens in the Town funded directly by the Town. This program is to be established pursuant to an agreement by the Council on Aging, the Board of Selectmen and the Board of Assessors.

Article No. 15: (Majority Vote Required) UNANIMOUSLY VOTED to authorize the Norwell Board of Library Trustees and the Permanent Building and Maintenance Committee to apply for State Funds which might be available to defray all or part of the cost of the design, construction and equipping of the Library project and to authorize the Library Trustees and the Permanent Building and Maintenance Committee to accept and expend any such funds when received without further appropriation, and to see if the Town will vote to accept the preliminary design for the Norwell Library Building.

Article No. 24: (Majority Vote Required) MAJORITY VOTED to raise and appropriate the sum of $20,000 to be expended under the direction of the Permanent Drainage Study Committee and the Highway Surveyor for engineering, installation and/or maintenance of Town drainage.

Article No. 26: (Majority Vote Required) UNANIMOUSLY VOTED to accept the provisions of M.G.L. Chapter 41, Section 108P relative to the compensation of the Treasurer, and in order to meet the obligations of said Section 108P, vote to raise and appropriate the sum of $1,000.

Article No. 27: (Majority Vote Required) UNANIMOUSLY VOTED to raise and appropriate the sum of $14,000 to be expended under the direction of the Director of Tree and Grounds, for the care and maintenance of the brush pile, located at the Recycling Center.

Article No. 36: (Majority Vote Required) UNANIMOUSLY VOTED to raise and appropriate the sum of $2,000 to contract with South Shore Women's Center for domestic violence intervention and prevention services to its residents.

Article No. 37: (Majority Vote Required) UNANIMOUSLY VOTED to raise and appropriate the sum of $2,000 to contract with the Womansplace Crisis Center in Fiscal Year 2006 for services provided to victims/survivors of sexual assault and their families.

Article No. 38: (Majority Vote Required) VOTED to INDEFINITELY POSTPONE Article No. 38. (...To transfer from available funds the sum of $_____ to be added to the Stabilization Fund as established in accordance with the provisions of MGL, Chapter 40, Section 5B...)

Article No. 39: (2/3 Vote Required) UNANIMOUSLY VOTED to transfer from the Stabilization Fund the sum of $400,000 to use this sum to decrease the Tax Rate for FY 2006.

Article No. 11: (Majority Vote Required) UNANIMOUSLY VOTED to transfer from Water Surplus the sum of $50,000 to be expended under the direction of the Board of

Water Commissioners for the purpose of laying/relaying and mechanically cleaning water mains of not less than six (6) inches in diameter but not more than sixteen (16) inches in diameter.

Article No. 12: (Majority Vote Required) UNANIMOUSLY VOTED to transfer from Water Surplus the sum of $377,000 to be expended under the direction of the Board of Water Commissioners for the purposes of designing and permitting a new municipal well pumping station, new municipal water treatment facility and associated water main.

Article No. 13: (Secret Ballot 2/3 Vote Required) YES: 170; NO: 15 VOTED to BORROW the sum of $743,000 for the purpose of replacing existing municipal wells, reconstructing municipal pumping facilities and upgrading the instrumentation and controls of existing sources of water supply; that to meet this appropriation, the Treasurer, with the approval of the Board of Selectmen, is authorized to borrow the appropriated sum under MGL, Chapter 44, Paragraph 8, to be spent under the direction of the Board of Water Commissioners.

Article No. 16: (Majority Vote Required) UNANIMOUSLY VOTED to INDEFINITELY POSTPONE Article No. 16. (....$10,000 for the Planning Board to expend on technical services for the purpose of reviewing and proposing changes to the Planning Board's subdivision regulations and/or Town's Zoning Bylaws....)

Article No. 17: (2/3 Vote Required) Moderator declared 2/3 vote as there were several loud dissenters. It was VOTED to amend Zoning Bylaw Article II District Regulations, paragraph 2300 District Use Regulations, by adding the following new section thereto:

Section 2318: COMMON DRIVEWAYS
As printed in the "Transcript of Articles in the Warrant on pages 28 through 35.

Article No. 18 (Majority Vote Required) UNANIMOUSLY VOTED to set aside certain sums of money raised through the Community Preservation Act, MGL Chapter 44B, sections 3-7, from the main Community Preservation Fund into three (3) Community Preservation Fund Reserve Accounts.

The three (3) Reserve Accounts are to be allocated as follows: $100,000 into the Open Space Reserve Account; $100,000 into the Affordable Housing Reserve Account and $100,000 into the Historic Preservation Reserve Account.

Article No. 19: (Majority Vote Required) MAJORITY VOTED to extend the deadline for Article 11 of the Special Town Meeting of December, 2003, for the design and construction of a Skate Board Park from June 30, 2005 to June 30, 2006.

Article No. 20: (Majority Vote Required) UNANIMOUSLY VOTED to extend the deadline for Article No. 4 of the Special Town Meeting of May 10, 2004, for irrigation and improvements to the Middle and High School playing fields to June 30, 2006.

Article No. 21: (Majority Vote Required) MAJORITY VOTED to transfer the sum of $100,000 from the Community Preservation Fund to the Norwell Conservation Fund, pursuant to M.G.L. Chapter 44B.

MINUTES OF THE ANNUAL TOWN MEETING ADJOURNED SESSION, TUESDAY, MAY 10, 2005

Article No 22: (Majority Vote Required) UNANIMOUSLY VOTED to transfer the sum of $15,000 for the purpose of historic preservation, pursuant to MGL, Chapter 44B, from the Community Preservation Fund for the purpose of preservation and renovation of the Civil War Monument in Norwell Center. Said expenditure will be under the direction of the Beautification Committee, in cooperation with the Veterans Memorial Committee and Historic Commission. Any funds not expended by June 30, 2006 shall revert back to the Community Preservation Fund.

Article No. 23: (Majority Vote Required) UNANIMOUSLY VOTED to INDEFINITELY POSTPONE Article No. 23. (...a sum of money to be expended under the direction of the Veterans Memorial Committee for the repair and restoration of the Civil War Memorial on the Veterans Common....)

Article No. 25: (Majority Vote Required) UNANIMOUSLY VOTED to rescind $5,000 of the borrowing authorization voted under Article 11 in the Warrant for the May 24, 1999 Annual Town Meeting.

At this time a motion was made by the Moderator, seconded, and it was UNANIMOUSLY VOTED, AT 10:40 PM, to ADJOURN THIS TOWN MEETING UNTIL MONDAY EVENING, MAY 23, 2005, 7:30 PM, at the Norwell Middle School, Henry E. Goldman Gymnasium.

Respectfully submitted,
Janice M. Lawson, CMMC
TOWN CLERK

MINUTES OF ADJOURNED SESSION OF ANNUAL TOWN MEETING, MONDAY, MAY 23, 2005

Promptly at 7:30 pm, Moderator Roger E. Hughes, Jr., called the Adjourned Annual Town Meeting, which was held at the Norwell Middle School, Henry E. Goldman Gymnasium, to order.

Moderator Hughes explained that the Town Meeting had been adjourned until Monday, May 23, 2005 because of an Override Election which was held on Saturday, May 14, 2005.

The Override Budget had been voted at the Annual Town Meeting held on Monday, and Tuesday, May 9 and 10, 2005. It was necessary to adjourn until Monday, May 23, 2005 to finish any articles not already voted and to review Article 2 and the other money Articles if the Override did not pass.

The Special Town Election, Override question failed to pass on Saturday, May 14, 2005: YES: 1142; NO: 1719.

Veterans Agent Richard Caldwell invited everyone to the Memorial Day Parade and speakers on the Common. The parade will start at 10:30 am at the corner of Lincoln Street and Main Street.

A pink handout was given to each voter with amended figures for Article 2 and a green sheet was given to each voter for Article 3 with new amended figures.

Chairman of the Board of Selectmen, John G. Mariano, spoke regarding how it was necessary for the Selectmen, the Advisory Board, and the School Committee to lower the budget articles by $2.2 million.

The figures on the pink handout for Article 2, "Amended 2006 Advisory Board Recommends" are those figures.

MINUTES OF ADJOURNED ANNUAL TOWN MEETING, MONDAY, MONDAY, MAY 23, 2005

Article No. 2:

Brian Noble, Chairman of the Advisory Board moved to reconsider the Line Items in Article No. 2 as presented in the pink colored handout in the "Amended Advisory Board Recommended Figures" column.
This was seconded and the Moderator read each line item and its total and any voter who wished to hold an item should say "hold". The following line items were held: 2-115, 2-103, 2-294, 2-108, 2-110, 2-112, 2-222, 2-229, 2-230,2-126, 2-169, 2-236, 2-132, 2-136, 2-138, 2-188, 2-144, 2-301, 2-147, 2-155, 2-165. Each of these line items will be discussed and voted on separately.

Those line items not held: 2-214, 2-225, 2-231, 2-127, 2-131, 2-238, 2-254, 2-255 and 2-281 were UNANIMOUSLY VOTED as printed.

Many of the original "Holds" on the reconsidered line items were withdrawn as each article was discussed.

Only one line item, 2-230, Group Insurance, was amended. The Majority voted to amend this figure to $2,861,000.

A motion to reconsider line item 2-268,Snow Removal and Sanding of the May 9, and May 10, 2005 Article 2 vote failed to carry.

A motion was made to move Article 2 in the "Advisory Board Recommends Column", as amended, and further to fund the budget by transferring an additional $200,000 from FREE CASH, and further transfer $144,600 from OVERLAY SURPLUS. This was seconded and UNANIMOUSLY VOTED.

An motion to reconsider Article 2, Line Items 101, 109, 151 and 156 of the May 9 and May 10, 2005 Annual Town Meeting to amend the salaries to $0.00 failed to carry. Yes 135; No: 141

After two hours of discussion and voting the Reconsidered Article 2 figures were completed.

Article No. 3:

A motion that the Town reconsider the line items in Article 3, as presented in the green colored hand out, in the "Amended advisory Board recommended Figure Column" was moved, seconded, and UNANIMOUSLY VOTED.

103, Fire Dept., Roof Pine St. F.S.	$0.00
Siding Pine St. Fire St.	$0.00
65, Town Hall Heating System	$0.00
General Bldg. Repairs	$0.00
109, Tree & Grounds Mower Deck	$0.00
Hydro Seeder	$0.00
601, Library, Computers	$0.00

Chester Flynn, Capital Budget Committee moved Article 3, in the "Advisory Board Recommends Column, as amended", and vote to transfer from Overlay Surplus, the sum of $300,400, and from Water Revenues, the sum of $52,450, and raise and appropriate the sum of $24,600, as set forth in the schedule of "Capital Budget Recommendations, as amended". This was seconded and UNANIMOUSLY VOTED.

A motion was made, seconded, and the MAJORITY VOTED to RECONSIDER Articles 8, 9, 10, 24, 26, 27, 36, and 37.

Article No. 8: (Reconsidered) 2/3 Secret Ballot Vote YES: 217; NO: 29
It was VOTED to BORROW from available funds the sum of $300,000 to be expended under the direction of the Highway Surveyor for Geographic Information System (GIS) Mapping and Storm Water Management planning; to determine whether this appropriation shall be raised by applying for and borrowing from the

MINUTES OF ADJOURNED ANNUAL TOWN MEETING, MONDAY, MAY 23, 2005

Massachusetts Water Pollution Abatement Trust and to meet this appropriation, the Treasurer, with the approval of the Board of Selectmen, is authorized to borrow the appropriated sum under MGL Chapter 44, Paragraph 8, to be spent under the direction of the Highway Surveyor. Scope of services of the GIS Mapping Project shall be completed in conjunction with the Town of Norwell Mapping Commission.

Article No. 9: (Reconsidered) Majority Vote Required MAJORITY VOTED to INDEFINITELY POSTPONE Article No. 9. (…$200,000 to be expended under the direction of the Highway Surveyor for resurfacing sections of Town ways…)

Article No. 10: (Reconsidered) Majority Vote Required UNANIMOUSLY VOTED to raise and appropriate the sum of $4,600 to be expended under the direction of the Highway Surveyor for reprocessing stockpiled construction debris at the Highway Department yard.

Article No. 24: (Reconsidered) Majority Vote Required UNANIMOUSLY VOTED To INDEFINITELY POSTPONE Article No. 24. (….$20,000 to be expended under the direction of the Permanent Drainage Study Committee and the Highway Surveyor for engineering, installation and/or maintenance of Town drainage.)

Article No. 26: (Reconsidered) Majority Vote Required MAJORITY VOTED to INDEFINITELY POSTPONE Article No. 26. (…accept provision of MGL Chapter 41, Section 108P relative to the compensation of the Treasurer and, in order to meet the obligations of said Section 108P, vote to raise and appropriate the sum of $1,000…)

Article No. 27: (Reconsidered) Majority Vote Required MAJORITY VOTED to INDEFINITELY POSTPONE Article No. 27. (…$14,000 to be expended under the direction of the Director of Tree and Grounds for the care and maintenance of the brush pile located at the Recycling Center…)

Article No. 36: (Reconsidered) Majority Vote Required UNANIMOUSLY VOTED to raise and appropriate the sum of $1,000 to contract with the South Shore women's Center for domestic violence intervention and prevention services to its residents.

Article 37: (Reconsidered) Majority Vote Required - UNANIMOUSLY VOTED to raise and appropriate the sum of $1,000 to contract with the Womensplace Crisis Center in Fiscal Year 2006 for services provided to victims/survivors of sexual assault and their families.

At 10:40 pm, a motion was made by the Moderator to adjourn until Tuesday evening, May 24, 2005, same time, same place. It was seconded and UNANIMOUSLY VOTED.

Respectfully submitted,
Janice M. Lawson, CMMC
Town Clerk

MINUTES OF ADJOURNED ANNUAL TOWN MEETING, TUESDAY, MAY 24, 2005

The fourth session of the 2005 Annual Town Meeting commenced promptly at 7:30 pm in the gymnasium of the Norwell Middle School, with Moderator Roger E. Hughes, Jr. presiding.

A motion to reconsider Article No. 39 was made and seconded. The Moderator explained that the tradition of Town Meeting was to allow "reconsideration" the night of the vote of an article, or the next night, only. The original vote on Article 39 had been taken on May 10, 2005

MINUTES OF ADJOURNED ANNUAL

and "reconsideration" would have had to be done by Monday, May 23, 2005.

Article No. 28: A motion was made, seconded, and the MAJORITY VOTED TO INDEFINITELY POSTPONE Article No. 28. (....To amend the Town of Norwell Zoning Bylaws, section 3400, Building Demolition, subsection ©, Regulated Buildings, Structures and Properties, by adding at the end of the first paragraph of said subsection © the following new text: "or (4) any building, structure or property in existing prior to 1930"....)

Article No. 29: (Majority Vote Required) MAJORITY VOTED to designate FIRST PARISH ROAD, HIGH STREET, OLD OAKEN BUCKET ROAD, CENTRAL STREET, PROSPECT STREET, and RIVER STREET as Scenic Roads, pursuant to the Massachusetts Scenic Roads Act (MGL Chapter 40, Section 15C).

Article No. 30: (Majority Vote Required) MAJORITY VOTED to amend the Town of Norwell Personnel Bylaw, Section 4, Personnel Board, as amended by Article 6 of the Annual Town Meeting on April 22, 1996, by striking out the first paragraph and replacing therein with the following new text: "This Personnel Bylaw shall be administered by a Personnel Board, consisting of three (3) members appointed by the Board of Selectmen, who shall have the power to fill all vacancies. Members are appointed for a term of three (3) years. Members shall continue to hold office until their successors have been appointed and qualified."

Article No. 31: (Majority Vote Required) UNANIMOUSLY VOTED to INDEFINITELY POSTPONE Article No. 31.

(...To amend the Town of Norwell Personnel Bylaw, Section 6, Compensation Plan, subsection "c", Increases within the Rate Range, paragraph (2) by striking the word "salaried" and replacing therein with the word "Exempt"...)

Article No. 32: (Majority Vote Required) UNANIMOUSLY VOTED to amend the Town of Norwell Personnel Bylaw, Section 8, Fringe Benefits, subsection "a", Vacation Leave, by adding the following new paragraph: "E) Upon completion of years twenty (20) and higher, employee will receive five (5) weeks vacation".

Article No. 33: (Majority Vote Required) UNANIMOUSLY VOTED to amend the Town of Norwell Personnel Bylaw, Section 8, Fringe Benefits, subsection "j", Insurancee, striking the first sentence and inserting in the place thereof the following: "Employees shall pay the same percentage of the monthly premiums for health and life insurance as paid by the members of the Town Hall Clerical Union employees."

Article No. 34: (2/3 Vote Required) UNANIMOUSLY VOTED to amend Section 1650, Isolated Lots, of the Town of Norwell Zoning Bylaw so as to strike subsection (2) which, as now appearing, expands upon the statutory standard for the protection of isolated lots for single or two-family development, and to substitute therefore, the following, thereby confirming the said Section 1650, subsection (2) protection standard to the Massachusetts General Laws Chapter 40A, Section 6, clause 4, protection standard for isolated lots: "(2) and said lot was not held in common ownership with any adjoining land".

Article No. 35: (2/3 Vote Required for Zoning Articles) UNANIMOUSLY VOTED to INDEFINITELY POSTPONE Article No. 35. (.....To change the current zoning designation of the property located at 483 Washington Street, Norwell, MA, presently designated as "Residence B" t0 "Business B"...)

MINUTES OF ADJOURNED ANNUAL TOWN MEETING, TUESDAY, MAY 24, 2005

INSTRUCTIONS TO TOWN OFFICIALS:
A motion to Reconsider Article 39, suspending the Rules of Town Meeting, was made and seconded but it FAILED TO CARRY.

(See Minutes of May 10, 2005 Article 39 It was unanimously voted to transfer from the Stabilization Fund the sum of $400,000, to use this sum to decrease the tax rate for FY 2006.)

The Moderator requested that after each of the presenters read their Instructions that they present it in writing to the Moderator who will in turn give it to the Town Clerk for her records.

1. J. Richard Hartigan, 412 River Street, moved to instruct the Board of Selectmen to investigate the possibility of the Town of Norwell's withdrawing from the "Community Preservation Act of 2002", and to report their progress at the next Annual Town Meeting. This instruction was seconded but it FAILED TO CARRY.

2. Ernest Butler, 254 South Street, moved to instruct the Board of Selectmen to spend more than $40,000 or 1/10 of 1% for the improvement of the education of the children of Norwell. This instruction was seconded but it FAILED TO CARRY.

3. Robert Hynes, 31 Chittenden Lane, moved to instruct the Board of Selectmen to look into alternatives regarding property tax relief for the Senior Citizens of Norwell, including but not limited to the amortization of tax increases imposed as a result of Town Meeting. This was seconded and it was UNANIMOUSLY VOTED.

4. Stacey Schacter, 82 Satuit Meadow, moved to instruct the School Committee to obtain and provide for open review to all Town residents actual expense figures relating to the School Budget on a line item basis and that such information be provided within thirty (30) days

5. for the prior thirty day period. This was seconded, and the MAJORITY VOTED it.

6. Arthur J. Garceau, 17 Wanton Shipyard, moved to instruct the Board of Selectmen and the Advisory Board to bring back override limited to schools for next year. This was seconded but it FAILED TO CARRY. YES: 43; NO: 53.

FISH RIGHTS:

1. Spencer A. Joseph, 128 Parker Street: $155.00
2. Frances Molla, 82 Prospect Street: $200.00

(This money will go directly to the General Fund of the Town of Norwell.)

There being no further business to discuss, a motion was made, seconded, and it was UNANIMOUSLY VOTED to dissolve the Annual Town Meeting, at 9:00 pm.

Respectfully submitted,
Janice M. Lawson, CMMC
Norwell Town Clerk
